Thanks to **Randy, Dave, Rich and Sam**, for supporting the jayhawk model Masters flying yesterday. It was hot, lots of good fun, very good food and very little damage to aircraft. It always helps our club when we support other clubs. Between **Sam and myself** we managed to gather 4 third place ribbons.

The field looks great. All the dead spots have filled in and the Bermuda is loving this weather. Thanks to **Mike** for riding herd on the field and all who helped make this happen.

Please check that the trailer hitch is secured to your vehicle. Apparently the trailer came loose from the towing vehicle. The safety chains worked and we didn't lose the trailer. The result of this is that the spare was ground down as it is the lowest part of the trailer. Thanks to **Mike S** for supplying us with a new tire and **Randy** for noticing this situation and fixing the spare.

The poster features a background image of a model seaplane with "MARINES" written on its side, floating on a body of water. In the top left corner is the Jayhawk Model Masters logo, which includes a stylized orange and white biplane and the text "JAYHAWK MODEL MASTERS" and "Come Fly With Us!!!". Below the logo, the text "presents the" is written in a small, italicized font. The main title "JAYHAWK FLOAT FLY!" is in large, bold, white letters with a blue outline. Below the title, the date "Saturday, August 23, 2025" is written in large, bold, yellow letters. In the bottom left corner, there is a small inset image of a DHC-2 Beaver model airplane on a float, with the text "RAFFLE PRIZE!" above it and "DHC-2 Beaver 59" PNP With FLOATS!" below it. To the right of the inset image, the event details are listed: "Bloomington East Campground, Boatramp #7, Clinton Lake", "Pilot Registration 8:00a. Floating Fee \$10.", and "Flying from 9:00a to 3:00p.". At the bottom of the poster, there is a contact line: "Contest Director: Mike Randel, (785) 766-3297, mikerandel@gmail.com, AMA #17982".

Thanks all who donated time or money to keeping our field in beautiful shape FAE Mower Fuel SOP, please fill mower and gas can after mowing.

The club's mower needs **ethanol free fuel** to avoid issues with car. **Casey's, 2133 N. Kansas Ave has premium 91 ethanol free**

Note: any pump that has a single hose for the pump will have up to ½ gallon of whatever was pumped last in the hose. please select the ethanol free gas, then put at least ½ gallon in your vehicle before filling gas can. For safety, have the gas can sitting on the ground, not the trailer when filling.
