

Angie McNeal
Registered Parliamentarian

Angie McNeal retired after more than 35 years of Federal Government Service experience in the field of Human Resources. During that time, she applied, interpreted and extrapolated rules, regulations and statute to advise the highest levels of leadership in a variety of Federal Executive Organizations. Since 2006, she has applied these skills and interest in researching parliamentary procedures to handle a variety of sorority meeting situations.

Angie is a Life Member and active chapter member of Alpha Kappa Alpha Sorority, Incorporated®. She has attended numerous parliamentary workshops including an eight-week course that offered the opportunity to take the membership exam. Upon completion of the course, Angie joined the National Association of Parliamentarians® in August 2021. She became a Registered Parliamentarian in November 2021.

Angie looks forward to advancing her knowledge of parliamentary procedures to advise leadership, instruct and provide responses to inquiries. Also, she is excited to serve in a unit to practice skills and learn from others who share the same interests.

Angie is married to Dr. G.D. McNeal, RP and enjoys spending time with her children and grandchildren.
