Hand Stitched Thread on Commercial Textile
****Sold on Commission****
Budget: \$20,000

This commission piece utilizes 329 different fabrics in the construction of the central pinwheel design. Hand stitching accentuates the pinwheels and provides a secondary design that is only seen on closer inspection. The clients and I started discussing the project in 2014 and I did preliminary design work. The project was approved and began in May of 2015. Original intention was for this piece to be the central artwork in the guest room, displayed on the large bed. When the artwork was delivered in November of 2016, the clients were more leaning towards displaying it on a wall in a horizontal orientation.
