

Contaminated Water #10: Reflections (32.75" x 43"/ 82 x 109cm)

(c) 2017-2018 Jean M. Judd/Artists Rights Society (ARS) New York

Hand Stitched Thread on Hand Dyed, Rust Pigmented Textile

****Available for Purchase - \$9,500****

Contaminated Water #10: Reflections is the latest addition to the Contaminated Water series. Rust pigmentation from copper wire and scientific iron filings creates the minimalist reflections on the blue ground. The shimmering effect of sunlight is achieved through the dye placement and tonal coloration shifts along with the use of metallic thread spread across the artwork.

Dense hand stitching and the liberal use of metallic thread in the swirling pattern, enhances the piece and provides it with visual and physical texture resulting in interesting shadowing effects in various lighting conditions. This textile artwork is designed to be displayed on a wall in either a vertical or horizontal orientation.
