

# See you at AG-EXPO in Lethbridge this week!

## FARM FUEL IS THE NEW FERTILIZER.

Visit booth 521 at the  
Agri-food Hub & Trade Centre  
in Lethbridge  
February 27 – 29, 2024

RAPIDLY REGENERATE soil organic matter and farm profits with  
emissions from any mechanized agricultural machinery

In these times of rising costs and unpredictable commodity markets, there's never been a better time to envision a new way to farm. Your surface right as a farmer empowers you to grow abundant and healthy food and feed to build farm family resilience and new paths to revenue.

**BIO-AGTIVE™**  
EMISSIONS FARMING

Not attending the show? Join us on Zoom every Thursday at 8AM Mountain time, links to each session are found on the events page at [bioactive.com](https://www.bioactive.com)
