By signing below, I understand, that I am committing to the seasonal subscription described above and that farmers experience their greatest expenses before the season begins, so I must make every effort to pay in advance and on time to distribute the financial resources to the farm when they are needed the most.

As a result, a seasonal share will be managed, harvested and prepared for me each scheduled week. I understand that there is no guarantee on the exact amount of produce I will receive for my share price. I further understand that if I fail to pick up my share during the pick-up hours, I forfeit that week's share. I can also cancel at anytime or transfer my subscription to another family member.

As a shareholder I agree to share in the bounty and the risks of farming with the farmers and other shareholders. I understand that each week's produce will be different and based upon seasonal availability, weather, and other forces of nature.
