Razo Entertainment  
1301 S. Highland Avenue, #110  
Fullerton, CA 93832

Dear Mr. Razo,

On behalf of our ministry and church family, I would like to extend our deepest appreciation for the amazing support your company provided through an incredibly difficult time for our people. Your staff went above and beyond in assisting our efforts to provide a warm and impacting service in honor of one of our beloved church members. Your company's ability to troubleshoot and adapt quickly provided a smooth and seamless experience throughout the service. We were especially pleased with your willingness to coordinate and communicate with the chapel and cemetery on our behalf, in order to provide the best audio and visual support. The graveside message was dear to our hearts and your team and equipment allowed that message to resonate with the more than 500 people in attendance.

Our ministry is constantly working to develop funeral services that best capture the importance and significance of the moment, while remaining sincere and personal. To that end, I believe your team's assistance will be an integral part of our future efforts. We cannot thank you enough for going above and beyond; may the Lord bless you richly.

In His Service,

Re: Jose Razo

To whom it may concern:

Jose Razo has done work for us at New Beginning Ministry. He has volunteered for sound and stage work for our major productions. We are very pleased with not only the quality of work but also the character he displayed while with us. We would look forward to working with him again soon.

Should you have any questions please feel free to contact our office at (626)-472-7144. Thank you.

Kind Regards,

Pastor David Diaz

To Whom It May Concern:

This letter is one of recommendation for Mr. Jose Razo.

I have known Jose for a little over a year. In that time he has proven to be a real professional in his line of work.

He came to our church last year to visit and after listening to our sound system, decided that he could be of assistance. Well, he went above and beyond what we expected or even asked of him. He took time from his busy schedule and spent several days giving us a total makeover for our church. He revamped our audio system, allowed us to borrow his microphones, a mixer, a base speaker and amplifier. We later decided to purchase some of those items. Our sound system now sounds very professional and we have received comments from those who speak at our church, how good our system sounds.

In June of last year, our church hosted a resource fair for the community. And we knew to call Jose so that our speakers, performers and singers need not be embarrassed. The sound and the service that Jose gave us on that day was phenomenal. And this was an outside venue, but everything was crystal clear and very professional. We as a congregation felt very proud that our program was a success and that was in large part due to Jose and his team of sound technicians. And as a sidebar, it was one of the hottest days in San Bernardino-113 degrees, but Jose and his team were very professional.

We have no hesitation in recommending Jose to anyone because he knows his craft and he's good at what he does. He has demonstrated that he's very capable in the area of sound technology and Jose has always delivered on his promise. How rare is that these days?

I can be reached at 909.923.3179 for more information.

Sincerely,

  
Elder James Flowers, Pastor  
Center of Christ Ministries

**To Whom It May Concern,**

I have had the extreme pleasure and privilege of knowing and working with Jose Razo both personally and professionally since 2009.

Professionally, he has extensive knowledge of the services he offers and of the equipment he uses. I have asked for his advice on purchases numerous times and I trust his opinion fully. He always gives his honest opinion whether or not it helped to benefit him financially or not. His generosity in working with this church has been so appreciated, even during a difficult recession and slow business. His drive to improve and stay connected in his industry is strong and inspiring. I know that if I ask him a question or hire him for an event, his knowledge will be current to today's standards and high paced development of equipment.

Personally, his desire to honor God through his job and his life is quite motivating. At the same time, he is honest and open about the difficulty of walking with Christ in this life which is refreshing. Yet his determination to pursue a life that reflects his beliefs and convictions in God is evident and real. Jose's personality is fun, engaging, lively and infectious. To work with him is always a positive experience.

I highly recommend Jose Razo for any position you have technically on your team. Please feel free to contact me at any time to speak with me personally or ask any questions.

Sincerely,

---
