

She Can Do It Toolkit

On International Women's Day, Days for Girls is launching our annual She Can Do It spring campaign. Now more than ever, the health and wellbeing of vulnerable women, girls, and people with periods is under threat. That's why we're dedicating this year's campaign to the expansion of our global humanitarian efforts. Our aim is to raise \$250,000 to reach an additional 30,000 displaced people in 2022. Check out how you can help below!
