

VICTORIOUS WARRIOR

APRIL 2025 NEWSLETTER

Dear Prayer Partner and Supporter,

We give thanks to the Lord for the incredible work He has done in the lives of young people this April.

Through your prayers and generous support, we were able to reach approximately 171 young people across several regions. Out of these, 10 made the life-changing decision to give their lives to Christ—hallelujah!

We also celebrated a special milestone as students successfully graduated from our Victorious Warrior classes, now equipped and empowered to face the world with boldness and live victoriously in Christ.

We are deeply grateful for your continued partnership. Together, we are transforming lives and raising a generation of warriors for Jesus.

TESTIMONIES

JOHN

My spiritual life has changed through the Victorious Warrior book. I was physically fit, but spiritually I was down because I didn't have the sword, the belt of truth, and the shoes that represent the gospel of peace.

I read the book, and now I have them. Now I'm a warrior of Christ. I have the sword that will help me fight all my battles.

I realized I was lost—in fact, I was nowhere to be found. But through this book, I have returned to Christ. I now have the sword, which is Jesus Christ, and I can fight both my spiritual and physical battles.

This book can challenge your attitude—and in that moment, you will be FREE.

I want to confess that the Victorious Warrior book has helped me personally and truly changed my life. The story of Brianna in the book deeply shaped me. I was in high school, and I was a bright student. But as time went on, I suddenly started failing, and my performance dropped. I didn't know the root cause of my failure.

Then I read the chapter "What About When You Fail—What Should You Do?" I read the story of Jonah, and then re-read it. I also read about letting Jesus be your strength—and that when you fail in battle, you should go back and examine the root cause of your failure. I took time to reflect on my life, including my academic performance, and I discovered what was holding me back. Just like Brianna, I went back, confessed, and surrendered it to God. From that moment on, I began to see change—and my results improved. Now, I'm a law student, and I'm getting better results. All of this is because of Victorious Warrior.
