Greetings Quilters, I

I'm visiting our son in Atlanta, so this will be short and sweet.

I'm looking forward to our meeting this month, as you all know, I love using the walking foot on my sewing machine to quilt. The quilts I give to members of our community. And some that I keep as well. Ann Tullos is going to present the program on using your walking foot to quilt. I know she will help us elevate our game to the next level.

Have any of you looked at the color scheme and defined it using the color wheel? We've been learning about color all year, has the way you use color in your home agreed with the principles of the color wheel?

DON'T FORGET:

THE PIZZA BOX CHALLENGE

5" PINK SQUARES.

Recycled vintage ugly fabric became perfect backing for 2008 UFO quilt.

REPEAT QUILTER'S TIP

For 5" blocks or the Pizza Box block, be sure to cut off selvage from material.

NOVEMBER MEETING--PIZZA BLOCK EXCHANGE CONCLUSION: Cindy Pannier

Plan to make time to sign your blocks using Marilyn's verified pen, Pentel Gel roller pen for fabric. It doesn't wash out. This step will let the box owner connect the blocks with the makers.

AUGUST PROGRAM: Quilt As You Go---Quilt of Valor Project by Polly Duggan & Friends (Hands-On)

Polly Duggan introduced our program by reminded group that we made a Sharon Pederson *Reversible Quilt* for our adopted Katrina Quilter using string blocks in 2007. Polly updated Ann Fox's instructions to assemble tonight's quilt.

At our July meeting, kits were distributed to take home and assemble. And as instructed, the delivered string pieced blocks are ready for assembly.

For this "hands on" project, Polly organized stations to size, verify, machine stitch blocks together with sashing, and hand stitch one side of the sashing. We had quality controllers in place to check on progress. Polly had prepared detailed instructions and a finished block diagram. By the evening's conclusion, Polly had enough blocks for a QOV quilt. Credit is due to Polly and her team of station leaders who made the assembly line project possible.

SEPTEMBER PROGRAM: Machine Quilting using your walking foot by Ann Tullos.

MEETING ADJOURNED: Cindy Pannier thanked Polly and her team for planning and coordinating tonight's very productive program which was also lots of fun! She also thanked everyone who participated.
