

My name is Eleanor Gutstadt, and I am a sophomore in High School living in New York. I have been studying languages my whole life and when I was younger, I moved to the US from Israel and had to take ESL. Honestly, I didn't learn anything from it, so I think that Apendalo is such a cool tool for kids to use and something I totally wish I had. I love learning languages and currently speak 5 and am so excited to be able to use it to help others!
