

Hello! My name is Rubi Archila-Acosta, and I am from Iowa. Being a first-generation American has inspired me to become an immigration lawyer. I am currently working on that pathway to become a lawyer by taking AP classes and dual credit classes. I grew up speaking Spanish at home, but as I got older, I started to speak more English. I am currently working on improving my Spanish because I know it will be most beneficial to me and my future clients. I also really enjoy reading realistic fiction books, playing tennis, and promoting eco-friendly ideas. I have always worked on improving myself, and I will continue improving myself.
