

Hello! My name is Clara Estan and I live in California. I enjoy learning languages and I'm hoping to learn at least five. My parents are from Romania, but I was born in the US. I'm a native speaker of English and I'm in the process of learning Spanish and mastering Romanian. Besides learning languages, I enjoy math and science. Outside of school, I enjoy traveling, reading books, baking, and when I'm feeling inspired, drawing.
