## Introduction

The posts throughout this book pick up where Volume Seven left off. These posts are a compilation of anonymous and non-anonymous drops by civilians, archived from *VOAT* (an anonymous internet chat forum) within the sub-verse of QRV. QRV (<https://voat.co/v/QRV>) is the only Q endorsed sub-verse via Q posts: 2269 and 2272 that were posted on *qmap.pub* and *qanon.pub* on September 21, 2018. At the beginning of Volume Eight, QRV had 21,101 subscribers.

In Volume Eight, the posts begin on October 5, 2020 and carry on through October 30, 2020. Depending on the day, Q was also making posts throughout this time on *8kun.top*. Then, those Q posts always make their way to *qanon.pub* and *operationq.pub*. The Q posts during this time are embedded among the anonymous comments from QRV on the corresponding day.

## Anonymous

Q has encouraged everyone to archive offline (i.e., Q posts: 672, 993, 1186). These books are just some examples of such an archive. These predominantly anonymous citizen posts are unedited, stemming from thousands of Americans and those in foreign countries across the world who subscribe to QRV on VOAT. These posts are only organized by the day of the week and the month in which they were posted. Some posts are news reports, while many posts are personal accounts and observations, social-media threads/tweets, videos, memes and Anon investigations of various political topics.

On over 17 occasions, Q has stated; “You are the news now.” Therefore, the mainstream media is 100% irrelevant. The real investigations and facts are coming from anonymous citizens. General Michael Flynn himself stated; “We have an army of digital solders... We have what we call; citizen journalists.”

While some may not be familiar with Q, or Q posts, we encourage you to look up “*Storm is Upon Us*” by Joe M on YouTube, and watch the videos in chronological order to give yourself a starting point. We also recommend watching the documentary’s titled, *Out of Shadows; Plandemic: The Movie*,  
2

## The Storm: Volume Eight

featuring Judy Mikovits, Ph.D.; and *UK's Hidden Shadows*. Two more films debuted during this time as well, of which we also recommend. The first is titled; *Trump Card* by Dinesh D'Souza, and the second is titled; *The Plot Against the President*. Then, and more importantly, visit *qanon.pub* or *operationq.pub* and read the Q posts in chronological order, which begin on October 28, 2017.

This is a historical archive for the purposes of personal use, personal education and entertainment. These are anonymous commentaries, reflections and experiences of Americans, and citizens across the world, during the Fall of 2020. Some of these anonymous posts within may be pure speculation.

This is Volume Eight.

**LMFAO!! A new ((FOX)) Poll says Biden is expanding his lead over POTUS in Florida >> I live in Florida. I am in close contact with the public and BIDEN is a fucking joke here... GTFO!!!**

**The polls are wrong and all the insiders know it. The polls are intended to (1) make GOP voters feel helpless so they don't vote, and (2) provide cover for ballot fraud. Don't fall for it.**

We can do two things. One, answer the phone when they call and tell them you are voting for Trump. Best to say you are a Democrat or Independent and voting for Trump. That will eat into their effort to use polls as cover for ballot fraud.

Second, we can remind people every chance we get that all the polls are jiggered after the fact to "balance" responses to fit the polling company's belief of the true makeup of America. Polling companies think there are more Democrats in the country than Republicans by anywhere from 6% to 11%. So if a polling company gets 1,000 respondents and "too many" of those are GOP voters, they will discard enough of the GOP responses to make sure the national demographic holds to their pre-conceived beliefs. It's called oversampling. All the polls have oversampling of Dem respondents versus GOP respondents despite the ACTUAL results of their polling responses.

**If Biden and the DS steal this election, we need 5 Million Patriots to March on Washington, drag these TRAITORS out of our Government, hold citizen trials and execute them...**

I would safely bet more that 5 million Patriots would be ready to roll!!

No one really cares anymore. Just stop wearing it.

Every store ive been to has the signs posted. Only one has told me i had to leave. A couple have tried to tell me i have to wear a mask and i simply say no, and they fuck off. Fuck the signs, fuck the masks. This is only happening because everybody puts up with it like pussies.

The Swamp (cabal/Deep State) has infiltrated all seats of power, institutions and engines of commerce:

- Large banks
- Anything to do with children or children's entertainment (i.e. Disney, Netflix, ...)
- Red Cross
- Food supply
- World Anything (WHO, WTO, ...)
- Large multi-national corporations
- Local politicians (Governors, Mayors, State AG, ...)
- Most of the judicial system not appointed by Trump (Circuit Judges, Appellate Judges, Supreme Court Judges, DA's, ...)
- Police and Police Chiefs (not all but many will look the other way, choose to enforce illegal actions on citizens or use unnecessary violence)

The CCP a country that was built by the Rothschild and the small hats and only grew because they have the cheapest slaves is going to find out what happens to an export Nation that can no longer export their goods.

And don't focus too much on the CCP, ask yourself why Hollywood now allows them to edit their films? Why is the NBA in CCP? Why have all the globalist companies moved to the CCP? Why was Feinstein the Senator that helped the CCP get into the WTO? Is the CCP Natural? Or was it designed and created by someone other than the CCP?

No one said anything to me about not wearing one, in fact I received a lot of positive attention and everyone was friendly. Then...there was that fat women with a shirt that said "I choose science over fiction" while she was wearing a mask.

The irony is palpable.

**If you're not carrying a gun with you everywhere you go right now, you're a fucking fool.**

We're in the middle of a goddamned civil war whether it's admitted to by politicians and media or not. If you're not willing to defend yourself and the person standing next to you from these rabid communists, you don't deserve to be in this country.

**13% do 56% of the murders in this country.**

Every single day. Somewhere in this nation a white person or persons is killed in an atrocious crime by a black. If the press told the truth about black on white crime there would be a bounty on the black bastards. Its actually probably like 4%. I have to assume that some of them are law abiding.

### **CIA Confirms RussiaGate Made up by Hillary.**

In all my years of having to deal with politicians around the world, I have NEVER witnessed such a complete collapse in all integrity. Even in this video, Bill looks quite disgusted himself at Hillary still harping it is the Russians. Now what has surfaced is a highly classified three-page memo dated Sept. 7, 2016 from the CIA writing to FBI Director James Comey and Agent Peter Strzok telling both of them that candidate Hillary Clinton had approved a plan to blame Russian computer-hacking on Donald Trump. This was just weeks after Strzok had opened the Crossfire Hurricane probe into the Trump campaign on suspicion of conspiring with the Kremlin. What is clear is that the Deep State has been against Trump for the same reasons they were against Kennedy – both wanted to bring troops home. The Military-Industrial Complex is far too powerful and the money flows like water. The day before 911, Rumsfeld admitted there was back then \$2.3 trillion missing from the Defense Department budget. That proved one point – the money indeed flows without any accountability. The very CONVENIENT fact that the plane that hit the pentagon targeted the precise room where all those records were. Hence, no investigation.

Once again, the office of Inspector General has come up with a huge hole in the Department of Defense with a missing \$6.5 trillion. That has now grown to \$6.5 trillion and counting. They have reported that the “Office of the Assistant Secretary of the Army (Financial Management & Comptroller) (OASA[FM&C]) and the Defense Finance and Accounting Service Indianapolis (DFAS Indianapolis) did not adequately support \$2.8 trillion in third quarter journal voucher (JV) adjustments and \$6.5 trillion in yearend JV adjustments<sup>1</sup> made to AGF data during FY 2015 financial statement compilation. The unsupported JV adjustments occurred because OASA(FM&C) and DFAS Indianapolis did not prioritize correcting the system deficiencies that caused errors resulting in JV adjustments, and did not provide sufficient guidance for supporting system-generated adjustments.”

The sheer level of corruption is beyond all comprehension. I seriously doubt that even Trump could clean the swamp because it is an entire ocean.

She has never lost a beat in terms of credibility even though she is on the most sensationalized case out there. Even when she preens and postures, she does it very well.

Just filed - Flynn seeks to Disqualify Judge Sullivan 🧨

Sullivan's "false and defamatory comments" to Flynn "echoed those of Rachel Maddow"

He appointed a conflicted amicus.

He has become "shrill" and "prejudicial"

Full doc:

IN THE UNITED STATES DISTRICT COURT  
FOR THE DISTRICT OF COLUMBIA

UNITED STATES OF AMERICA,  
v.  
MICHAEL T. FLYNN,  
Defendant.

Case No. 17-cr-00110-RJB

MOTION TO DISQUALIFY JUDGE HERMET SULLIVAN  
AND FOR OTHER RELIEF

Notwithstanding, in remarkable reflection of its bias, the court announced early in the proceedings that General Flynn had refused to cooperate in the Eastern District of Virginia FARA-related case against Flynn's former business partner after the court postponed his sentencing. That was false. Former prosecutor Van Grack suddenly pressured General Flynn to give specific testimony in the EDVA case—testimony Van Grack knew was demonstrably false. When General Flynn refused to lie—because he did not knowingly make any false FARA filing—Van Grack began a series of retaliatory measures culminating in the Government's breach of the plea agreement. That was fully briefed for the court at ECF Nos. 151 and 153, but ignored.

Remarkably, Judge Sullivan's most abusive word choices seem to have originated from the Rachel Maddow show on MSNBC the night before the hearing. Rachel Maddow made the charge that General Flynn "sold his country out" and "was a national security adviser to a presidential candidate who was secretly also a foreign agent" for the Turkish government. The Rachel Maddow Show Transcript 12/17/16, *Rachel Maddow* (Maddow, MSNBC (Dec. 17, 2016, 9:00 PM), <http://www.msnbc.com/transcripts/rachel-maddow-show/2016-12-17> ("Maddow Te"). Mr. Maddow also spent considerable time discussing the Eastern District of Virginia indictment that was amended that day against Flynn's former business partner related to their company's FARA filing. *Id.* She wondered aloud whether the core functions of the Executive Branch under Article II when it appointed Mr. Gleeson. Moreover, Mr. Gleeson and his partner David O'Neill of Debevoise & Plimpton LLP had a conflict of interest that should have foreclosed their participation in this case in any way—even if appointment of an amicus in a criminal case to pile on against a defendant were itself lawful. Mr. O'Neill represented none other than Sally Yates—the Deputy Attorney General who oversaw the corrupt investigation and January 24, 2017 interview of General Flynn. The FBI agents reported to Ms. Yates that they believed General Flynn and that he was forthcoming, yet Ms. Yates still went to the White House twice to campaign to have General Flynn freed. Judge

What is 'State Secrets' and how upheld in the SC?

What must be completed to ENGAGE MI over other (3) letter agencies? "

Q4813:

"What if [F]oreign backers continued to control America's policies?"

[F]oreign backers are controlling our intelligence agencies. They will not declass on the basis of state secrets. They are deliberately ignoring the executive office orders and will continue to do so. This is the final nail that engages the military involvement.

I think that's why he chose Wray and haspel to play a part. To cause the agencies to be derelict so they can be disbanded and/or have military intervention.

It is truly brilliant, when you know that the people were dirty before you start and you know the depth of the corruption before the whole process gets started you give your enemy all the rope they want for their own hanging.

Haspel was the London Station Chief, Q knew she was dirty from the start.

Allowing Haspel to take full control of the CIA is just so brilliant, it gives your enemies the appearance that you do not know what really went on. It gives your enemy comfort that one of your key players can help hide your crimes and continue your secret war.

Brennan trusts her, Obama trusts her she is a coup player, she is given power to keep the attack going.

## The Storm: Volume Eight

Wray same,

Rosenstein same,

The enemy thought they were still in power, they thought their coup would continue and that they would succeed.

When you are strong, you pretend to not know, you pretend you are weak. If you do it right, which they have, the enemy gets sloppy and lets down their guard, they plot they scheme they keep moving as if they were in control if you do it right.

## The Storm: Volume Eight

It's about fear. Fear of a virus with a 99.997% survival rate within the 30% of the population susceptible to it.

The end goal is control, fear is just an effective way to convince people giving up control was their idea.

I didn't wear a mask. Even when I didn't know it was harmless. I'm simply too lazy and fuck walking around with some shit on my face. Everytime somebody would say you need a mask I would go yes and reach for my pocket and keep walking or completely ignore them. Fuck it. I wanna know how many people were like me. I was so thrilled about the virus. When those videos of China taking away people in vans or locking them into their houses. Screaming in the streets. Who knows if those are real but the point was I was jacked. FINALLY. Let's clear this motherfucker out. The joy I felt for those 3 months where the roads were always empty. Doing 90 and never having to slow down cause somebody and somebody else were blocking the road. It was bliss. Hopefully China can come up with something better. Didn't they start the Black Plague. Let's get something like that.

**Pelosi wore her mask throughout her news conference yesterday. Her mask had oranges. Huge comms. In the movie "The Godfather", whenever an orange appeared, someone was killed soon after.**

New Q (9 Oct '20): Is discussion re: 25th Amendment to remove POTUS really code for assassination?

Yesterday Pelosi wore her mask throughout her press briefing for the first time. She told reporters they would be discussing removing POTUS using the 25th Amendment today.

Her mask had oranges. Huge comms. In the movie "The Godfather", whenever an orange appeared, someone was killed soon after.

<https://movies.stackexchange.com/questions/67749/were-oranges-an-intentional-use-of-symbolism-by-filmmakers>

"Keep firing, Nancy." Is this a reference to the missile attack? Was she behind infecting POTUS with COVID-19?

### **Q4840 has an interesting side bar.**

Go to post 4840 and look at the picture of Haspel and there is a long number above and below the picture. I put those numbers into my browser and the number on the top goes to a company that specializes in laboratory environmental controls and containment? Does the White House employ this? Did someone tamper with it? The number on the bottom goes to a web site goes to "What does this Dream of Nebuchadnezzar mean for the End of the Age we are in now?" I don't quite know what this means if anything. It comes from the Book of Daniel. Does anybody have any thoughts? I need help researching this. It coincides with a lot of the things that are going on right now.

GREAT POST!

Short answer: We're about to see a part of humanity mixed with miry clay and iron, meaning we're about to see the widespread acceptance of transhumanism. God using clay to make humans is allegory for us

being created by him on this Earth, of this Earth to give us a permanent connection to it. Man then mixes the clay with iron to create a different type of human, in an attempt to become like God. It's long been a held belief that with the Age of

Transhumanism, we (meaning [them]) will be able to stave off the Human trappings of life: hunger, sleep, and eventually, death. After that, we get destroyed. BUT out of that destruction, God's Children, the true believers, will be given power and dominion over the Earth that will never be broken, hence the mountain rising up to cover the Earth.

My understanding is that we are entering into the final phases of humanity before we were judged and dealt with accordingly.

The dream itself and Daniel's interpretation of the dream and the analysis of that interpretation are too long to write here and NOT hijack the thread, so if you want a more detailed version, I suggest researching Chuck Missler. Wikipedia has a few good write ups of the dream, too. And of course, The Book of Daniel.

**I'm starting to believe that the only reason any DOJ looks into anything is, not for justice, but to get dirt on their party's opponents in order to some time later blackmail them.**

Sure they make it look like a righteous cause, but in reality their only interest is in their party and it's longevity.

No official truly ever makes a legitimate stink that prosecutions aren't pursued.

Hoover perfected that move and every subsequent FBI Director knew their political life depended on this kind of blackmail material. Remember that the Clintons had physical dossiers on EVERYONE so they could control anyone of consequence in government, media, entertainment and business.

Those dossiers still hold huge power.

I wonder if the clinton dossier file was on the wiener laptop?

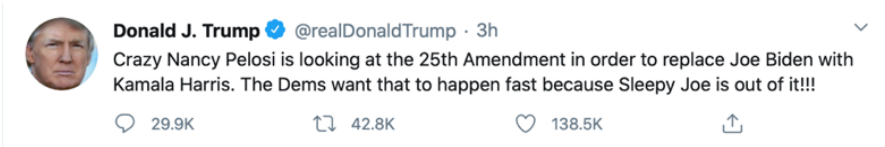

Hoover ran FBI for 50 Years! Had shit on EVERYBODY including All Presidents.

Let them eat each other until the government is reduced in overall size, and they know that their goings on while being paid by us will be held to account. That's the way it should work.

The Centers for Disease Control and Prevention (CDC) has admitted that the organization has deceived the public throughout the entire coronavirus pandemic, backtracking on their claim that COVID-19 is an airborne virus.

“CDC is currently updating its recommendations regarding airborne transmission of SARS-CoV-2,” the CDC explained in a note published earlier this week.

Compare/contrast the number of people attending POTUS rallies and Biden's rallies.

Compare/contrast the online support for each candidate. Biden has 3% of the online activity compared to POTUS.

Do you think POTUS is unaware of this fact?

Biden can claim his low rally numbers are the result of covid fear.

What is the rationale behind his dismal online support? He has none.

Even if some people plan on voting for Biden, they will hold their nose while doing it.

How much more evidence would it take, incriminating

Hillary/Obama/Biden, to convert these people to Trump supporters?

Believe me, if Biden had 20,000 supporters standing outside begging to get in, he would let them in.

They are playing games.

## The Storm: Volume Eight

Have you been keeping track of all the judicial wins with regard to the universal mail in ballot scheme?

Would the democrats need the coronavirus and the riots to smear POTUS if they were confident about the election?

Do we not see a slow release of documents incriminating the Obama administration?

Why are democrats trying to paint POTUS as a racist with all the evidence to the contrary.

Karma is a bitch. Have you seen the evidence showing Biden is a racist?

Why is Silicon Valley censoring ALL QAnon? Deleting thousands of accounts on several platforms?

Did you see Ratcliff handing Durham 1000 pages of evidence on Clinton Foundation.

Pompeo to start releasing Hillary's 33,000 emails.

Can you not see the panic within the democrat ranks is at a fever pitch?

If you have any skepticism about a Trump victory, throw it out the window.

Trump WILL win ALL 50 states.

The people living in these democrat run states are fed up.

Trump will win back the majority in Congress.

He will increase his majority in the Senate.

17-year-old Veronica Lee Baker was stripped naked, shot and left to die by four black teens in a Raleigh, North Carolina fast food parking lot on August 19. Another racially motivated murder the mainstream news won't give attention to because it doesn't fit their leftist, anti-white narrative. #JusticeForVeronica

**FDA exposes the CoronaHoax**

Relax, folks. The hoax is over, totally busted.

There won't be a vaccine, nor any more testing.

Why? They have no idea what the virus looks like,

and have NONE of it isolated, quantified, nor on hand....

Thus, there won't be any vaccines approved for what doesn't exist.

Nor are any positive tests valid,

since they have no idea what to design a test to find...

**PRAY FOR ME PATRIOTS ... MY LIBTARD SON AND HIS HARPY ARE COMING TO MY HOUSE TODAY.**

I have never done this before, and will NEVER do this again, but I need some divine support.

My oldest son and his fiancé have decided to come to visit after being 'estranged' for the last 7 months. He is a newly minted Lawyer, and she is a young Doctor. He went to the same school Nick Sandman now goes. I call it "Little Berkley". If you don't recall they made headlines a few weeks ago when some soyboy alumni and a professor acted like lil-bitches about it.

Anyway ... they got all butthurt after I spanked them both on the 'Masks Don't Work' argument, and FAUXVID is really only dangerous to the elderly and those with co-morbidities. That was in April. Then riots broke out. They both took to social media and did the whole BLM and 'support the protestor bail fund' bullshit, then embarked on their digital social media Whiteness apology tour. I was mortified. Oh did I mention ... they are as white as sour cream. Pasty white. Its almost scary. "Get out into the fucking sunlight" I tell him. "You look like that dude from the movie Powder".

So, I did a 30 year stint in the Army. I'm all for you being yourself and having your own opinion. I support 1A, 2A, 3-10A. But when you apologize for your race??? Oh FUK NO!!!, He was raised to NEVER judge the quality of a human by their race, religion, or geography. That shit sent me into a whole other dimension of pissed off. Then they totally went full fucktard when they started advertising for the BLM bail fund.

I can't deal with it. Smug fucking know it all NPCs with ZERO actual life experience. They get their opinion from the dumb dumb box tuned to Chicom News Network and MSDNC. They hate Trump, but can't tell anyone why ... other than "He's a liar" (I laid down a \$100 bill last Christmas and said "it's yours if you can prove

**Payments to CrowdStrike coincided with hits on Seth Rich and his friend. Pelosi just paid CrowdStrike over 500K. Another hit?**

Democrat Speaker Nancy Pelosi this past week invested between \$500,000 and million dollars in the firm behind the Russia collusion sham, CrowdStrike.

CrowdStrike was the primary company behind the entire Russia collusion narrative. CrowdStrike had had no information that Russia hacked the DNC and then forwarded hacked emails to WikiLeaks.

The lie about that from CrowdStrike was used by the Deep State FBI and Mueller cabal to push forward with the Russia collusion scandal.

CrowdStrike was paid a lot of money from the DNC that coincided in time with the murder of Seth Rich and then again later with a close friend of Seth Rich. Could CrowdStrike be an assassination supplier to the DNC et al?.

Genesis in Greek means "beginning". Our genes, the building blocks of human life. Genealogy, the origin of your family. Genesis means BIRTH. The theological term for being "born again" is RE-genesis. The miracle cure Trump is about to release is called **#REGENERON**. Among many things, it represents the rebirth of a consolidated and infintely corrupt pharmaceutical industry. It signifies a great REVIVAL for humanity. During this time of biblical-level global rebirth, this name means everything. 5:5, Mr President.

And some will even vote to destroy it unknowingly.  
Let that sink in.....

That is why the plan is taking so long I suppose. To wake up as many as possible rather than saving their arses only to make the same mistake say in 2-3 decades. Electing another hildabeast or onegro. This must not happen again ever.

Could this serve 2 purposes? A partisan attack on our constitutional right to self defense and also to discredit grand jury proceedings. The first portion is easy, a corrupt AG is bringing charges against citizens because its politically expedient but, could they be sowing the seeds of doubt regarding the effectiveness of a grand jury to be impartial. If a grand jury can get this simple indictment wrong, its possible to get any indictment wrong, against HRC, BHO, Brennan, Clapper, CGI, CF, etc etc. Not that it would be a sound legal defense but it may sway public opinion to apply pressure to prosecutors.

## Palpatine's Revenge

Denko joined the group.

Denko  
EM isn't taking shit, and he knows our friends have stuff on him.

Denko  
I'm hearing Mueller, maybe by the end of the week.

Tommey  
Hearing that too... Will will be killed-sided. Let's put MF back in the news? Can have S show up in the US in Turkey. With Erdogan though, looking protection in streets, it will need Cyril. And the sure work need a few more "leaves" down the road. Good practice 🍀

Huck  
I'm in, S, you in here? Our friends in NY will have secure connection set up, waiting.

Regen  
MF was mentioned in company group too... Evidently their work on the line is paying off.

Denko  
Paying off how?

Denko  
Getting the line?

Regen  
Yes, he mentioned Liney in a call earlier this week. Scared shitless.

Tommey  
He isn't brightest bulb, but that project has worked perfectly.

Regen  
It really has. Huck didn't tell MF mention it when we gave him that tape?

Huck  
Not ME, but someone else there. Not sure who, I wasn't listening in, but our center person said it didn't that they said something along those lines. No wonder his one in our business has called Liney out, what's the point when you all keep bringing us great stuff? It actually helps our papernews when she gets all of her motions fixed up with dumb shit fear.

Tommey  
That's fuckin amazing.

Denko  
Hey all, been watching in. These with S in ICT output. All get from us. Huck, will send them to local place. Do great things.

Denko  
Regen, any update on Camp Eagle?

Regen  
Assess on route. Don't expect much from it. He's been out far too long.

Regen  
Figures. Ok, Huck, keep that connection open and expect something to come through pipeline a little later. And stuff them. EM is happening tonight, so they'll have plenty to cover.

Denko  
Tonight, Fuck. Gooder than thought.

Huck  
Connection will remain open. Let me know if we want to tip on EM.

Regen  
Just let S slide.

Regen  
Today's time is up. Everyone knows what to do. Tomorrow will be busy day for all, so will let everyone know late when S holds from papernews.

They want your daughters brainwashed and impregnated with mixed race children who will be taught to hate their white ancestry by their school teachers. They want to destroy everything that you love about this country, and they think it's funny.

### **Buckle Up Buttercup. Predictions on How 2020 Comes to an End.**

Predictions: How 2020 Comes to an End. One person's opinion. However I find them unnerving. It will be interesting to see how close he comes...

7 Predictions: How 2020 comes to an End

Daniel Bobinski, M.Ed. is a certified behavioral analyst, best-selling author, corporate trainer, executive coach, and columnist. He's also a veteran and a self-described Christian Libertarian who believes in the principles of free market capitalism – while standing firmly against crony capitalism.

America is at a crossroads with revolution on our doorstep. On one side are the Patriots; those who seek to preserve, protect, and defend the Constitution. On the other side are Marxist insurrectionists; those

## The Storm: Volume Eight

who believe that America is evil and the cause of so many problems in world.

The Marxist-friendly side is pulling for Joe Biden to be ushered into the White House. They don't call themselves Marxists, but as the saying goes, if it talks like a duck and walks like a duck, it's a duck. I've been writing since January that the Globalists don't care if there's bloodshed in America, and in March I wrote that the Left is waging a scorched-earth war against Trump. At the risk of sounding like I'm saying, "I told you so," I told you so.

If you've been reading tea leaves from the news lately, you may have already figured out what's coming at us in the next few months. If so, the following may simply affirm your observations. But I wanted to put this out there so everyone knows what to expect and therefore won't be surprised.

My seven predictions for how 2020 comes to an end:

### PREDICTION # 1

Trump will win the election in a landslide. I know, the media is telling you the polls are tight, but just look around. Trump rallies are packed to the gills while Biden can't fill the bleachers at a high school football field. Trump supporters hold huge boat parades while we see NONE for Biden. Trump supporters hold freeway caravans around that country that take up all lanes of a freeway, while an attempted caravan for Biden in Las Vegas drew only 30 people. Just like in 2016, pollsters today are making it look like it's a close race. This is gaslighting – they're telling you something that runs directly opposite of what your own eyes are telling you, but they're expecting you to believe what they say.

### PREDICTION 2

On the evening of November 3, Joe Biden will not concede the election, even though the vote will clearly be for Trump. Hillary Clinton has publicly stated that Joe should not concede, so the seed has been planted in our minds to expect this. And, because we're expecting it, we won't be shocked by it.

### PREDICTION 3

Massive mail voter fraud will create confusion and Marxists (e.g. Democrats) will insist that "every vote counts." They know Americans want to be fair so Marxists will play on that. They will cry and wail and plead that every vote needs to get counted, so they'll ask for sympathy for voters who didn't follow confusing new

election rules about how to cast their mail-in ballots. That will be their story, but many votes will be fraudulent. As they've demonstrated on America's streets, Marxists don't care about following laws; they care about power.

#### PREDICTION 4

Because of massive mail fraud ballots showing up late, election results WILL be delayed. The deceptive Mark Zuckerberg at Facebook and the clearly biased Jack Dorsey at Twitter have already announced they will flag any posts or tweets that claim a victory for Trump. They KNOW Trump will have more than enough votes to win, but as Zuckerberg already told us, we should expect results to take "DAYS OR EVEN WEEKS." In other words, Facebook and Twitter are well-aware of the planned mail-in voter fraud, and they're already providing cover for it. The planned vote count confusion will be dragged out as long as possible. The Marxists' intention is to keep confusion swirling at least until December 14 in hopes that the electoral college won't be able to identify a winner. Expect ballots to keep showing up out of nowhere.

#### PREDICTION 5

If Marxists cannot keep up the façade until December 14, some states will obfuscate the electoral process by choosing not to follow the rules laid out in the 12th Amendment. In fact, both may happen. Either way, by attempting to throw the electoral college into confusion, Marxists (again, the Democrats) will make a push for the electoral college to be eliminated. Believe me when I say you don't want this. Students of the Constitution know that if the electoral college is eliminated, the Republic will be gone.

#### PREDICTION 6

Expect Nancy Pelosi to be acting all patriotic and concerned about the Constitution during the chaos, but rest assured, it's a passive-aggressive act. She is among the Marxist vanguard in both houses of Congress orchestrating the whole mess. You will also see some Marxist-friendly governors making a lot of noise.

#### PREDICTION 7

While Marxists in Congress are messing with the electoral process, Marxists on the streets (Antifa and BLM) will intensify their violence by burning, looting, and murdering even more than what we've seen to this point. There's already a movement that seeks to lay siege to the White House. Not only do the puppet masters want

all the street chaos to distract our attention from what's going on in the electoral process, the street Marxists see this election as their only chance to either grab power or put up with Trump for four more years. The protestors have been trained to instigate violence, and copy-cat wannabes will want to join in. Street Marxists will view these riots as the fight of their lives: it will get intense.

To perpetuate the riots, puppet masters like George Soros will continue pouring money into organizations that fund them. Also remember that Antifa and BLM have threatened to go into the suburbs. Their purpose for doing so is to trigger the Soccer Moms who wants peace at all costs. Marxists will hope that these suburban moms will apply pressure on their elected representatives to give in to the Marxists so the violence will end. Life on American streets will be unpredictable and dangerous.

#### HOW DOES IT END?

The Marxists are desperate, so the fighting will be like nothing the country has ever seen before. I predict we'll see horrific things happening in our cities and on our streets, and traditional media (read: Marxist-friendly media) will be spewing twisted truths and lies about everything listed above. And we can't forget that social media giants favor the Marxists in this revolution, so they will be squelching debate in whatever ways they can.

The final months of 2020 will be an emotional roller coaster, but in the end, I predict Trump prevails. It's not going to be pretty, and many who are now thinking life will return to normal after November 3 will be sadly mistaken. They will be wondering what happened to the country they once knew.

Whether the Democrats implode or not after all this happens remains to be seen, but it is my prayer that when the dust settles, all the Marxists plotters and schemers be exposed and truth will be recognized as truth. And then ... maybe then ... Trump can get on with his promise to drain the entire swamp.

**BREAKING EXCLUSIVE: The 'Agitator' Involved in Saturday's Murder in Denver, Jacob Kelly, Is a Leader in Antifa-BLM Denver.**

[On Saturday it was reported that a local Denver news producer and the news agency's 'bodyguard' were taken into custody for the fatal shooting of a Trump supporter during dueling rallies on Saturday. What we didn't discuss was the agitator who stirred up the mess and who has done it before, Jacob Kelly.

First the lies from the police and the media: All initial reports had indicated that the murder of a Trump supporter in Denver on Saturday was a conflict between Antifa and conservatives, but the Denver Police later issued a statement saying that the shooter did not have any ties to the militant leftists.

Then the truth starts to emerge: But as we previously pointed out, the shooter had numerous anti-Trump and radical left posts on his social media.

We were the first to report the shooter's name, Mathew Dolloff, is missing on the Colorado list of Registered Security Guards in Denver. More people overnight have reported this same observation. ](<https://www.thegatewaypundit.com/2020/10/breaking-exclusive-agitator-involved-saturdays-murder-denver-jacob-kelly-leader-antifa-blm-denver/>)

Let us salute and pray for the brave men and women in uniform who will undertake this assignment to bring forth peace, unity, and return power to the people.

It is our hope that this message reaches enough people to make a meaningful impact. We cannot yet telegraph this message through normal methods for reasons I'm sure everyone here can understand. Follow the questions from the previous thread(s) and remain calm, the primary targets are within DC and remain at the top (on both sides). The spill over in the streets will be quickly shut down. To: General Michael V. Hayden  
Director, Central Intelligence Agency  
Langley, Virginia

RE: Response to Directorate of Operation's request for more information:

**Latest information on Tajik plan to videotape and/or capture USAMA BEN LADEN while he is on his annual FALCONHUNT vacation in Iran.**

Dear General Hayden,

I am the attorney for an internationally respected NGO which works for the preservation of falcons (The Union for the Conservation of Raptors). In 1994 this NGO made contact with Tajik tribesmen who have worked with the NGO since that time. The Tajik team claims to maintain a loose surveillance on Usama Bin Laden over the last three years. I have been in contact with Phillip C. Quast of the Operations Directorate who has requested more information to establish their bona fides. Information requested as follows:

1. One of the Tajiks (hereinafter T-2), alleges that he knows exactly when UBL will travel inside Iran for his upcoming seasonal vacation. According to T-2, the Iranian government always requires that UBL's "male relative" (possibly his son, Sa'ad Bin Laden) be placed under VIP house arrest for the duration of UBL's seasonal vacation. This is the tip to begin the Tajik's surveillance operation.
2. According to T-2, UBL travels inside Iran for at least 3-5 months each year during the six month falconry hunting season, which commences in the fall and ends during March. T-2 claims that his group visually observed UBL's "male relative" under house arrest as recently as last December 2006, and that UBL is due to return in the last quarter of 2007 for the start of the next hunting season, which he allegedly never misses. The US NGO that operates the Tajiks, confirms that UBL is addicted to falconry, and would likely attend the opening of the hunting season with the faithfulness and predictability of a baseball fan attending the opening game.
3. Using the house arrest tip, it may be possible to match UBL's arrival date with the seasonal migration patterns of the falcon's prey so as to obtain a rough

## Anonymous

approximation of UBL's whereabouts. As the migration patterns move from North to South along the eastern borders of Iran, it will be possible to anticipate his movements. We can predict his whereabouts with 50% reliability for any given month, 70% for a three month window and a 90% chance of identifying him during any particular six month hunting season. These odds are augmented by using radio telemetry and UAV monitoring as discussed infra.

4. UBL's vacation patterns are allegedly known to T-2 in detail because he claims to have gone hunting with UBL during November 2004 and spent several days getting friendly with him. T-2 dutifully reported the details of his encounter with UBL to T-1, who is the Tajik team leader and a long-time associate of the late Ahmed Shah Masoud. T-1 speaks reasonably good English, and controls T-2 and an armed militia of some two hundred Tajiks, who are able to cross from Turkmenistan into Iran almost at will because of their rat-lines and reliable local contacts who are beneficiaries of black market trade.
5. There is some circumstantial evidence to support T-2's sighting. Ken Timmerman claims to have one entirely independent source with photographic evidence to corroborate that UBL was in fact visiting in Iran in November 2004, so that a meeting with T-2 at that time is plausible. T-2 says that in November 2004 he wandered into UBL's hunting camp by accident while operating a cross-border rat-line. He controls a network of safe-houses and compliant local officials across Iran, necessary for the smuggling of contraband. After being accepted by UBL, T-2 was treated as an honored guest, was fed and stayed with UBL hunting for several days.
6. During that time, T-2 surreptitiously learned the transmitter frequencies used on the telemetry transmitters placed on each of UBL's three falcons. It is very likely, but not certain, that UBL uses the same three frequencies during each hunting season as that is the normal practice. The US NGO claims this is extremely significant. An expert, terrestrial falcon tracker can pinpoint UBL's unique cluster of frequencies from a distance of 10 miles in ground clutter, or from 100 miles away in line-of-sight. It can also be determined by an expert ground-based tracker, whether or not UBL's falcon is (1) flying aloft after game or alternatively (2) standing upright on UBL's glove "manqala" or standing upright on the ground while eating freshly killed prey.
7. The original plan to capture UBL (which I have strongly advised against without CIA sanction) involves US nationals entering Iran on a private scientific expedition. The US NGO has in fact obtained entry visas and permission from GOI environmental agencies and the IRGC to enter Iran to conduct biological field research. The IRGC is providing armed security guards at all times, at the request of the US NGO. Their true reason for insisting on an armed IRGC escort is twofold: to certify to the GOI that the US NGO is not engaged in espionage, and to function as a potential source of weapons for the Tajik team, if and when contact with UBL is made and extraction is possible. The Tajik team, who pose

## The Storm: Volume Eight

as servants for the NGO, are actually extremely skilled bodyguards with significant combat experience. Moreover, UBL travels with a very small four person retinue on vacation, perhaps the only time he is so weakly protected.

8. The US NGO telemetry receivers have been surreptitiously equipped to identify UBL's falcon transmitter frequencies. The US NGO has official GOI permission to use their telemetry receivers for tracking Golden Eagles (permitting access to mountains) and Cranes (permitting access to the lowland steppe). Official permission has already been granted for the US NGO to operate in six Iranian territorial regions, in a variety of elevations that will enable 'low-intensity conflict' field operations, including radio telemetry surveillance.
9. The US NGO alleges that, even without the radio frequencies, T-2 can predict with 70% accuracy that during the months of October, November and December UBL will be hunting within a particular hundred mile square kill box akin to a national park, near the Turkmenistan border which the Iranian government reserves for UBL's exclusive use each year at the opening of the hunting season. Both the timing of the hunting season and the dimensions of the kill box are influenced by the annual migration into Iran of an increasingly rare bird, the Houbara Bustard, which is considered by many Arabs to be an aphrodisiac. The Houbara Bustard is UBL's favorite hunting target.
10. If you have no objection, I will arrange privately for an unmanned aerial surveillance vehicle to patrol above this park area at night, searching for campfires. T-2 says UBL travels in a white SUV with an escort of four men, including servant and driver. The UAV must search for a campfire with five men sleeping on a carpet with their heads next to the fire with one SUV nearby. Once T-2 knows precisely where UBL is within the 100 mile square, he can enter the camp and renew contact with UBL. Alternatively the US NGO can notify the appropriate CIA contact when they locate the radio frequency signals for UBL's falcons, and then pinpoint his location by triangulation of the radio signals.
11. It is also possible that the US NGO can locate UBL's signals from inside Iran during their field research. Another option is to pick up UBL's radio telemetry signals from across the border in a neighboring country, with this plan conditional upon UBL hunting within a 100 mile range of the Iranian border. This will usually occur only at the very start of the hunting season. The latter tracking option provides the most safety to the US NGO as it does not involve cross border operations, and permits the pinpoint direction of a UAV below Iranian radar level.
12. The Tajiks and the US NGO wish to use the videotape from the UAV as evidence to collect the \$25 million reward for positively identifying the whereabouts of UBL. However, if the night vision/starlight camera on the UAV is not clear enough for the CIA to identify UBL sufficient to justify payment of the reward money, the Tajiks will be forced to risk sending the UAV back into Iran during daylight hours to obtain a clear video/audio tape as proof, sufficient to obtain the

## Anonymous

reward. There is, of course, a risk that a daylight flight will tip off UBL and/or the GOI that he is under surveillance.

13. T-2 and his team under the command of T-1 have the option of following the hunting party and taking UBL into custody. However, if the Tajiks take the risk of apprehending UBL themselves, they will expect an additional reward on top of the \$25 million for identifying his whereabouts. The falconry expertise of the US NGO will be used to lure UBL's hunting falcons (preferably across the border) so that UBL or his falconer will walk into the Tajik's trap.
14. It is the intention of the US NGO to videotape and/or facilitate the capture of UBL by the Tajiks. I have strongly advised them to cooperate with the CIA. However, T-1 and T-2 are both convinced that the US government does not want UBL captured or killed, or they would have done so many years ago. (To my surprise I am hearing this view as widely held within the intelligence community). The Tajiks envision the UAV as a sort of overhead witness, as a form of protection for the Tajiks against possible betrayal by another US agency or by an ally of the US government (such as the Saudis, who might be embarrassed by UBL's live capture and testimony at a future trial).
15. The Tajiks are especially concerned about a risk of the CIA 'rendering' their team, and suitable measures are required to ensure that T-1 and T-2 are treated honorably, with respect to their culture. Time is of the essence if you wish to have an operation in play for the start of the October 2007 hunting season. If this operation is sanctioned by the DO, then the CEO of the US NGO, T-1, and T-2 will make themselves available for polygraphs and will cooperate fully with agency personnel.
16. The CEO of the US NGO is favorably known to myself, Lt. Gen. Tom McInerney (USAF ret.) and Maj. Gen. Paul Vallely, (AUS, ret.) The information should be graded B-2 (usually reliable source, information probably true).
17. If I have not heard back from your agency by August 01, 2007 we shall assume that you have no objection to our proceeding privately in the fall to videotape UBL for the reward and/or capture him alive. I believe, however, that it is in everyone's best interest that we work together.

**House Intelligence Committee to Hold Virtual Open Hearing on Misinformation and Conspiracy Theories Online**

Washington, DC -- On Thursday, October 15, 2020 at 1:30 pm ET, the House Permanent Select Committee on Intelligence (HPSCI) will convene a virtual unclassified hearing entitled, "Misinformation, Conspiracy Theories, and 'Infodemics': Stopping the Spread Online."

Conspiracy theories and misinformation narratives that prey on individuals' fears and uncertainties continue to mar the online landscape. Against the backdrop of a global pandemic, an economy in turmoil, and a tumultuous presidential campaign, there is ample terrain for malicious actors at home or malign foreign operatives and governments abroad to exploit such tensions by sowing chaos and disarray, even life-threatening, outbreaks. Recent trends in the spread and reach of misleading or unfounded claims online have the unsettling potential to come to a head after Election Day – particularly if the certified outcome is unknown or contested in the ensuing days and weeks.

Although the seeds for many conspiracies and misinformation narratives – ranging from baseless QAnon posts, to dangerous coronavirus skepticism and denialism, to falsehoods about mail-in ballots – are often homegrown and amplified by American voices, the propaganda and covert influence machines of foreign adversaries have nonetheless repeated and amplified them in the service of strategic interests.

In the hearing, the Committee will examine:

- the intersection of and divergences between different online conspiracy and misinformation narratives;
- the role of social media platforms in the proliferation and dissemination of such content;
- how foreign actors are taking advantage of misinformation circulating U.S. online communities;
- steps that the US government and private sector need to take in response; and
- the implications for our social and political discourse beyond Election Day 2020.

I believe now that a major tactic of the steal they are implementing is using the masks to commit voter fraud in person. I think they are sending in minions multiple times to vote, coupled with lax ID Laws this is a recipe for constant unchecked fraud. Even if ID has photo the masks make it irrelevant.

After being accosted by my own fellow citizens in line I knew there were going to be further issues so I turned my phone on in my pocket and recorded. These are the clips of them denying me my vote simply for not having a mask on which is not actual law. (I edited out long spaces of silence and personal info)

I have contacted a local reporter and a constitutional lawyer for advice. I know some will say “just put the dumb mask on”. And certainly by the time nov 3rd is here if I have to wear a mask to vote these sickos out I will, but right now we have to stand up against this tyranny of whimsical law making on data that doesn’t show any kind of a pandemic at all.

Shouldn’t there be class action suits organized over this?

The police lie and say it’s about the mask and then threaten trespass on public property (town hall). This is blatantly unconstitutional.

It sure would suck if someone with a history of trolling and revenge motivation got their hands on a drivers license printer.

Especially if that person had access to a daily stream of obituaries and knew a lot of undocumented people who wanted to vote against Trump.

**Q112: "Elections (tues) no longer matter at this stage."**

As most seasoned anons know, we were given the end at the beginning. Q drops are not in order and have random information thrown in, along with wrong dates to throw you off.

Q112 has stuck with me since the beginning because of one sentence:

"Elections (tues) no longer matter at this stage."

There's nothing that can stop whats coming, whether you believe Q or not. Either:

Indictments are not dropped, no plan happens, and the deep state frauds Biden into office.

Hillary Clinton extradition goes active at 10/30 12:01am. Massive riots pre, during, and after. John podesta indicted 11.3, actionable 11.4.

Thats it. Either this comes to a conclusion and happens, or it doesn't. You'll finally know in a couple of weeks.

Either way, nothing can stop whats coming. Nothing.

Buckle up, anons.

Elections clearly matter with the huge effort being put in by the Cabal to win them.

Elections clearly don't matter to them because they purposely chose the worst candidate ever. Senile old corrupt hair-sniffing child-grabbing boring low-energy dude.

Everything is so insane right now. I just want to get on my boat and head out into the ocean.

The elections do not matter at this stage because operations will already be underway against the deep state.

The deep state will of course be pushing how real these elections matters because they need to whip up their supporters into a frenzy when the hrc extradition motion drops. The message will be, "Trump attempting to steal election."

There will be no real 2020 election winner.

Were going into unprecedented times.

Its time to finally read the Q posts so you'll understand what's happening. Its the entire point of being here, anon.

**Covid 19 does not exist. IT'S THE FLU. Cabal piggybacked a Psyop on the Seasonal Flu. It's a PSYOP. IT'S ALL FUCKING LIES. Fuck China, but there was NO RELEASE. 100% PSYOP.**

We know..

Incorrect, the virus is Sars Cov2, which is less dangerous than the flu.

The real crime is that [they] counted other deaths as Rona, like heart attacks, lung infections...

And they sent infected people to retirement homes, to infect them, and they have let many of them that suffered other serious health issues die, without treatment and without family by their side, counting them as died from covid, instead of died with covid but from other issues, and that way inflated the mortality rate. The CDC, after DOJ announced investigating retirement home deaths, lowered their Rona death rate to 6% from the earlier 200,000 counted deaths proves this. Also [they] offered money to intubate patients, which has proven to be very dangerous and resulted in more deaths. Imposed tyrannical measures and destroyed economies with lies.

C19 is not only less deadly than the flu, we have found so many treatment options that the death rate could be zero. The only problem is that doctors don't use the medicine as long the FDA refuses to approve it. They insist on one randomized double blind study after another while people die.

But be careful with this 94%/6%-argument, it was made by people who were too lazy to look up how a death certificate looks like. They assumed that a death certificate contains a list of comorbidities, but that is just not true. It contains a list of events that led to the death instead. C19 is never the ultimate cause of death, the ultimate cause is cardiac arrest, septic shock or an organ failure. 6% of the death certificates are suspicious because they mention C19, but the ultimate cause of death is missing.

We know!

Before more journos go peddling this @nypost story, they should do some diligence on the cover story for how Giuliani got the “hard drive.” Giuliani has been conspiring with Russian agents for months, including someone the US says is actively trying to interfere in this election

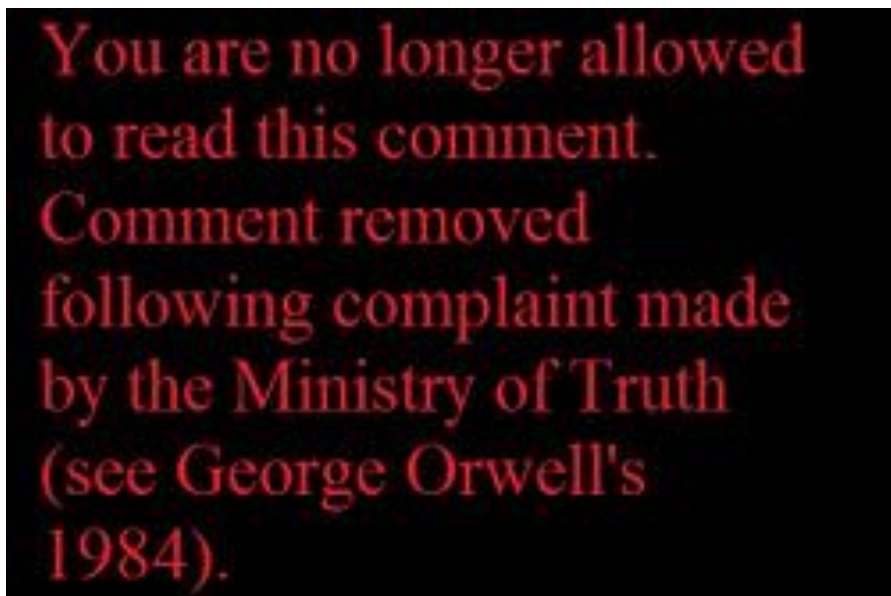

Why would the FBI subpoena the computer? If the store owner could give it to Giuliani, he could give it to the FBI. Makes no sense.

And let’s remember, Burisma was hacked last fall by Russia.

#DigitalSoldiers must fight on battlefields  
NOT of our choosing.

Allowing tyranny to reign over liberty keeps us  
from breathing freedom's fresh air and  
informing our democracy of the grave threats  
our constitutional republic faces.

Read, listen, understand, comprehend and  
respond with facts and sound analysis. That is  
how Digital Soldiers Fight back 🦵🙏🇺🇸

America is a constitutional republic where  
supreme power is held by WE THE PEOPLE  
through our duly elected representatives and  
not any one media platform.

Ensure your vote counts.

GOD BLESS AMERICA 🙏🇺🇸

**They are going to kill Biden before the election to cause maximum chaos and crisis.**

I don't have any proof, no sauce, this is pure conjecture. Biden has/will become such a liability they will have no choice but to heart attack him so that they can cause an election crisis and max chaos.

I don't see many other scenarios to get across the finish line.

What a fustercluck.

I see a bad moon rising... I see trouble on the way

Biden may disappear to GTMO in an attempt to save his family, after all, how does a public servant and many members of his family become multi-millionaires? It's because of Joe's massive corruption, without a doubt. An arrest that would shock the world, indeed.

MANY in the Hussein administration received mega movie and book deals, plus other special high-paying jobs/land deals galore (Hunter and Joe's brother, Paul Pelosi, Cofer Black, and John Kerry's step son Chris Heinz),

Hunter was out-of-control flaunting it with his drugs, Porches and international "jobs" while operating it all with blessings from Joe and Hussein's puppet masters.

Will some of these other names show up in Rudy's incoming photo evidence from the Ukraine?

Will tomorrow's release of Ukraine evidence be greater than the previous days? Would almost bet on it.

Conjecture of course, but plausible.

## **Joe Biden did not push out a Ukrainian prosecutor for investigating his son, The Washington Post confirms**

A series of emails obtained by the New York Post were published on Wednesday in a story alleging that Hunter Biden, the son of Democratic presidential nominee Joe Biden, introduced his father to a top executive at Ukrainian energy firm Burisma, and that Biden pushed for the firing of a prosecutor investigating Burisma. However, according to The Washington Post, then-Vice President Biden played no role in pressuring Ukraine officials into firing the prosecutor, who also was not investigating the energy firm. It also doesn't detail whether the elder Biden actually met with Hunter's Ukrainian business associate.

**BREAKING: DOJ declares Seattle, Portland and New York to be lawless anarchist zones, setting up federal arrests of Democrat mayors after the election.**

[As we reported two weeks ago, President Trump has a “secret weapon” against the left-wing insurrectionists and treasonous actors who are trying to destroy this country. That weapon is the Fourteenth Amendment, which unambiguously states that the President of the United States must remove those from power who are engaged in granting aid or comfort to insurrectionists who are waging war against this nation.

Section 3 of the Fourteenth Amendment openly states:

No Person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof.

It couldn't be more clear. All those who aid in rebellion against the United States, whether civilian or military, must be removed from office. This includes Ocasio Cortez, Mayor Wheeler, Mayor Durkan, Mayor de Blasio, and even state governors like Inslee, Brown and Cuomo.](<https://www.newstarget.com/2020-09-21-doj-declaration-seattle-portland-new-york-anarchist-zones.html>)

Given to them in December 2019!! Almost a year ago.

If Giuliani hadn't gone live with his info it'd just sat on a shelf. How many other heinous crimes are sitting on FBI shelves? Do they stockpile it for blackmail later? Seems so.

I missed that part. December 2019? Why in the world would we sit on that for so long? What is Trump doing? If he wanted to time it for the election, I'm going to lose a little bit of respect for him. This needs to be dealt with now. Yesterday. A year ago. No, I don't like that.

I digress. The more important thing is that we follow through and make these people pay for what they've done.

I am not sure but I think the President would have no idea about a laptop on a shelf. The FBI on the other hand, specifically the Child Abduction Branch, would very likely have known since it was on their shelf.

Why did it sit there? Why was this not acted upon and STILL not acted upon by the FBI?

Evil must be rooted out and I feel that this Giuliani timing was designed to expose what I would consider to be a gross negligence on part of the FBI to prosecute a pedo that happens to be the Dem candidates' son.

I think they're laying the groundwork to eliminate the CIA and fbi

It seems that is overdue, and I hope that's the plan.

The President's unwillingness to denounce an absurd and dangerous conspiracy theory last night continues an alarming pattern: politicians and parties refuse to forcefully and convincingly repudiate groups like antifa, white supremacists, and conspiracy peddlers. Similarly troubling is their silence regarding anti-vaxxers, militias, and anarchists. Rather than expel the rabid fringes and the extremes, they have coddled or adopted them, eagerly trading their principles for the hope of electoral victories. As the parties rush down a rabbit hole, they may be opening a door to a political movement that could eventually eclipse them both.

Right? The media can't even fathom that they are actively PLATFORMING the topic of "elite Satanic pedophiles". They should know better, but the media seems unable to comprehend that bringing this up repeatedly is just making normies go "HMMMM...could it be?!"

I did notice no one that asks him about "QANON" tries to tie it into riots. <https://news.yahoo.com/jacinda-arden-eyes-majority-zealand-202703336.html>

I don't know any New Zealanders so I don't know their current mentality but I did read that only 9% agreed with the TPP when the PM pushed through and it passed. And then I wondered that means (((they))) must have total control if they can cucked the locals and get no push back whatsoever.

<https://www.mintpressnews.com/new-zealand-police-intimidate-anti-tpp-activists-in-their-homes/213245/>

From the above:

The public polls are also very revealing, as the most recent one published by Itsourfuture.org.nx shows that 61 percent oppose the agreement, while 30 percent expressed no opinion. Only 9 percent approved of it, although they did express some reservations.

<https://www.rnz.co.nz/news/political/281466/thousands-turn-out-to-protest-tpp>

It may not be related that just because they overwhelmingly oppose TPP would mean the locals are more nationalistic and less pro globalistic but I would have thought it at least she wouldn't win in a landslide.

Well, I'm wrong there!

So what is it, are kiwis that screwy and very "liberal" in the loosest of terms and trust big gov or are the elections rigged?

I think, after three roller coaster years, I have figured out Q. And I can best relate it using a story - really a vision.

One night in late 2017, a stranger appeared, sat with us around the campfire, and painted for us a picture of the future. A future where the wicked were punished, the good vindicated, and righteousness returned to our land.

To achieve this, we had to hold on and hold fast to our principles and our faith. We would have to speak when we felt we had no voice, trust when we are moved to doubt, and act when we feel paralyzed. If we did it right, a fire would start from our tiny spark, and blossom into a roaring fire whose light would shine on the critical truths. We would be Q and POTUS' "pirate radio", bypassing the compromised and corrupt national media institutions. You will be fed crumbs, but if you work hard you will build those crumbs into shining towers.

As our fire grew larger, we would be vilified instead of thanked. We would be labelled terrorists, and accused of every heinous crime we exposed. Attacks against us would intensify, to the point that many of us would fall away due to sheer exhaustion and frustration. We would be betrayed by many Judas's within our midst, motivated by threats or riches. Like the mythical Cassandra, we would know future events but our warnings would be completely ignored. As time went on those of us who remained would finally recognize that we were blessed (or cursed) to be participating in a titanic spiritual battle that would decide the very future of America and the free world. It would be Biblical.

We would learn to attack the enemy through many means - whether by casting sterilizing sunshine on their actions or ridiculing them through our memes these darts would hurt them. Death by a thousand cuts is still death, and we would learn to cut deep.

If we participated in this mad experiment in digital warfare, if we amplified the President's messages, if we constantly and fervently opposed those who would destroy this country, if we held fast... by election time 2020, a storm would be formed to match no other in human history. Not all Americans will know the truths we would have exposed, and not all would believe them. They would, however, be available to every American because of our efforts. The first truly informed presidential election in our country's history could occur.

"What's in this for us?" A tenuous voice would ask. "What will we get?"

"Your country back" Q would state flatly. "And our undying gratitude."

Q would lean forward to warm his hands closed to the fire, knowing what the next question would be. "Will we win?" The question will come from one, or all of us. "Will it be worth it?"

I imagine Q looking over our (then) small group of dysfunctional misfits and smile. "If you come with me, nothing can stop what is coming. Because where we go one, we go all."

And so we did.

God bless you Anons. I think our race is almost run.

Heavily edited video possibly prepared for news release is already making rounds. Top and bottom split screen style. The bottom is blurred hiding girl and details of whats being done. Arms reach up repeatedly to fend off attacker. Obviously hands and arms of 7-11 year old max. Arms violently swatted away each time with off screen voice warning girl to behave or it will only get worse for her. Girl screams out in pain several times crying and sobbing in between screams.

If this is what has been prepared for prime time news a warning with time added should be posted before it is shown every single time so sensitive folks can leave the room or change channels. This is a recipe for nationwide PTSD, maybe even global trauma if this is only tip of the iceberg. Supposedly slated for release on Monday. Not for the faint of heart, this will make years of accusations hit home HARD!

### **What Do I Do?**

I don't even know where to start.

I lived most of my life, 30+ years in SoFla. Very Democratic area, friends and family. Voted for the first time...for Hillary. Was very outspoken about how much I hated Trump.

Fast forward 6 months into his Presidency. Working from home, house to myself like usual. I catch some headlines on the news while drinking my coffee. Flip the channel, sick of hearing about Trump; but this channel has the same story, with identical words in their headlines. I don't know it yet, but I'm recognizing the 4am news-talking points. I go online and hit 5-6 news sites - they all have the same exact theme. Something in my head said "this isn't right"...

A little background, I read...alot. Don't really watch any shows anymore, movies here and there. I read a book every 2-3 days. I sleep maybe 4-5hrs and always have. For 6 months I stop talking about Trump on social media and start researching because this idea that the news people are alllllllllll saying the exact same thing is itching me and I can't scratch it.

Mid-November of 2017, I come across the first Q drops. First impression - it sounds cuckoo. But I kept up with it on reddit as I never had heard of 4chan and the one time I clicked on it I was lost for hours. Back then, there was a small group of people I think were just like me who clung to the CBTS area of Reddit because it was a filtered version of what was going on over on "the chans" and I'm not computer savvy. Q would release a drop, we would all start digging, and some of the braver souls would venture over to 4chan and bring back snippets that were of value. It was my favorite part of this.

It didn't take long for me to start putting pieces together, and realized that the very idea of a "conspiracy theory" label was literally made to discourage people from poking their noses into something that didn't smell right. And the crazy part was; so many rabbit holes and "conspiracy theories" seemed to come together. The funny part is, I'm not Christian, I hate religions, and normally the Biblical side of Q's message would have me laughing and turning away. But I couldn't ignore the other parts like they didn't happen, because what started as an itch I couldn't scratch with the news being wonky turned into a thousand itches that couldn't be ignored.

## The Storm: Volume Eight

Eventually I start bringing it up with my wife, my family....and I'm immediagely nuts in their eyes. When they would get really turned off I would tone it down in conversation. Then something insane would happen and I felt compelled to say "guys, come on, this is crazy, something else is going on here!" .....nope....I'm crazy....they don't want to hear shit about it.

Here and there my wife would say "yeah, something ain't right with that" and I feel like she was on the cusp of waking up so many times....but she always sunk back into the comfortability of the illusion. I tried so hard to not make it a "thing" ...I failed at that, miserably.

Years go by. The election is around the corner. Shit is escalating. Strangely, in the chaos of Covid19, the media, Trump, Biden, everything, we move out of State, we build our dream house, we are now moved in and settling in with an amazing area and perfect neighbors with kids our kids same ages. Dream come true... Things should be great. Kids are happy and healthy. We literally picked every single thing we dreamed of and built it from the ground up - my business survived the pandemic while others dropped around me.

The other night, I did something some people thought was funny, some people (my family) thought was "totally psychotic"....I'd rather not doxx myself but it wasn't anything bad. I made a sign. Some people thought the language was funny, others not so much....and none of it was political.

My mother flipped out. Like, gone, over the cliff freaked out. Starts tearing into me on the phone like I had murdered someone, how I'm an embarrassment to her, how I went from the nicest guy on the planet to.....yup....."a brainwashed cult member....of that motherfucker Trump and crazy Q shit" ....how it went from my sign to Trump shit blows my mind....its like Morphed says in The Matrix "most of these people do not want to wake up and will fight to stay within their programming...its like watching a nightmare and not being able to wake up.

Now they all want me to see a psychiatrist. I immediately said "sure, fine I'll go" and I asked them "what do you want me to say?" .... because I don't know what to say! I am happy, healthy, run a successful business, involved with every aspect of my children's lives.....so now what?

## Anonymous

I literally have no idea what to do or say. My wife calmed down and then flared up again tonight about it. My parents are livid.

We are so close to the end with the light at the end of the tunnel with this recent Hunter Biden computer bombshell....it ties everything together that no rational person can deny it. Drugs, hookers, pedophilia, corruption on a level most cannot fathom - and allllll the big bad players are caught in it.

I feel like I'm going to collapse under the weight of knowing whats happening while the people I love are clueless to it, fighting it, denying it. I feel like if I can just hold it together, put on a good show, we will make it across the finish line. But some of the things my mother said to me can't be erased....I don't care because I know she just doesn't KNOW....but when they see people FINALLY being arrested I will be able to let out a breath like no other, like I have been holding it for 3 years.

I am not going to say "I told you so" ...I'm not going to gloat....I just want them to wake up. They are all so angry...how do they not see it yet? I feel like I am dumb because I can't figure out how to spell it out for them for it to finally click. But meanwhile, now, to keep them from losing THEIR minds, I have to go see a fucking psychiatrist? Like I have time for that?

It hurts. Because I know why shit is straight up Twilight Zone right now, but, they refuse to even look, but they KNOW I'm wrong. God, I rarely have been desperate enough to beg...only when my grandparents were dying, my wife was giving birth (and there were sudden complications) and when my children required surgery....he came through on 2/3.....so I guess I can't really bitch....but man, throw us a bone and speed up the AWAKENING part....please.

I know how you feel. Similar for me, but minus the psychiatrist visit part. Surrounded by adamant still-asleep friends, family, colleagues. I lost my best friend when I made the statement 'I do not think Trump is a monster' when I was tired of hearing every conversation topic turned into a Trump rant.

I cannot tell anyone how I actually feel, that he is the best president of my lifetime and perhaps in history. I too have tried to add subtle red pills to no avail.

## The Storm: Volume Eight

The only good news is that a branch of my family in Palm Beach County FL, 7 people, lifelong Democrats now all love Trump and will be voting for him in a few weeks. But no Q fans in the group. Former atheist, I have awakened - returned to church and pray daily for deliverance and the ability to discern truth from lies. God wins, as Q says, opened my heart.

Stay in your heart, this is spiritual information warfare. The cabal exists inside of each of us, and it is there that we defeat them. There is something you won't accept about yourself and your family, just like there is something they won't accept about what's going on with Trump and the election. Think about holography, how you deal with this will ripple out thru the world.

I will leave you with this. A pattern can be destabilised in many ways, you just have to create somewhere else for the energy to go. In simple terms you can often trigger a healing response by making the symptoms worse. If cigarettes killed you in 3 days, nobody would smoke them. If people really saw the cost of their bad habits they wouldn't do them, and we can only let go of the past when we fully experience how it has effected us.

Stay strong, fight with an open heart. The battle will soon be ours.

Sir. Destabilize the wave. Thank you. You just figured out what I have been trying to for years. Seriously, appreciated.

I was in 4chan when Q first posted. I was also on CBTS. From the twatter trenches I fought a bloody war against the libs nightly for 3 straight years. I'd throw a red pill grenade and they'd viciously attack my integrity, my intelligence, my mental health. They insulted me on every level and many times in between calling me a neo nazi and white supremacist they'd actually wish me dead.

I was under the impression that my boyfriend of 12 years was a Trump supporter because he stated he was a Trump supporter. Yet when I talked about POTUS or Q he would get ridiculously angry. Every morning and evening I couldn't wait to tell him about Q's latest drop and my research and how sure I was that Q+ was POTUS. He would verbally assault me because it was too early for politics or too late for politics. He actually banned me from mentioning Q or

POTUS at all in early 2018, yet he told everyone he was a huge Trump supporter. He still claims to be.

My four adult children completely stopped speaking to me because I supported a white supremacist dictator. My youngest then informed me he would call and message (they all live 5 hours away) but only if I agreed to never bring up politics or God.

I boldly posted on FB in 2018 that Hussein was a communist and manchurian candidate and that I had voted for Trump. OMG.... it was a 6 hour long shitshow. My inbox blew up with childhood friends, some from all the way back to Tot Lot who insulted me to my core being in long foaming at the mouth rants about how insane I am and that I'm lying about Hussein to seek attention. These very people had been posting anti Trump mems and having meltdowns about him since before the 2016 election. I just scrolled on by because I cared more about them than their political views. My Hussein post received an instant reply from long forgotten jr high bully who obviously was stalking my page. You'd think she would have moved on in the 35 years since jr high but she was just lurking waiting to pounce and pounce she did. Coincidence she just happened to be a liberal?

After 6 hours when the dust settled I had been blocked by every liberal friend I had.

It's been lonely, frustrating, painful and exhausting but I'm on the right side of this silent war. I chose to do right, to live right and to treat people right my whole life. I know the truth, they don't want it. I cared deeply about them but they tossed me out of their lives.

I have God, our flag, the greatest President ever, Q, our National Anthem, pride in America, hope for our future and all of my fellow patriots in USA and worldwide.

They have my pity.

I pray for them and spend my time red pilling neighbors and strangers I encounter.

I'll pray for your family patriot. Thanks for sharing your story. I truly know how you feel.

So here's a summary for anyone coming into the thread that doesn't want to wade through a copious amount of shill scat...

- Video in the OP has a Chinese guy talking about 3 hard drives that were delivered to Pelosi, DOJ and maybe some other corrupt politicians in the US. One of the drives he said was full of dirt on Hunter Biden. He said this about 3 weeks ago (see video) and the details have come to pass exactly as he said. Includes specific details such as the 10 million deal Hunter got from China.

- The other drives have details of dirty deals between ChiComs and corrupt US pols/biz leaders. They supposedly sent the drives as a message to do whatever it takes to get rid of Trump. A sort of 'we go down, you go down' blackmail play.

- Also supposedly on the drives are details about a bio-weapons action of some sort that is probably related to covid-19. Looks like an intentional attack and the Dems were in on it.

- The ChiComs have basically been holding a gun to the head of corrupt Dems and Repubs and forcing them to act on their behalf. This works because the corrupt fat cats in the US gave them the bullets and loaded the gun when they accepted their money in exchange for political control of the US.

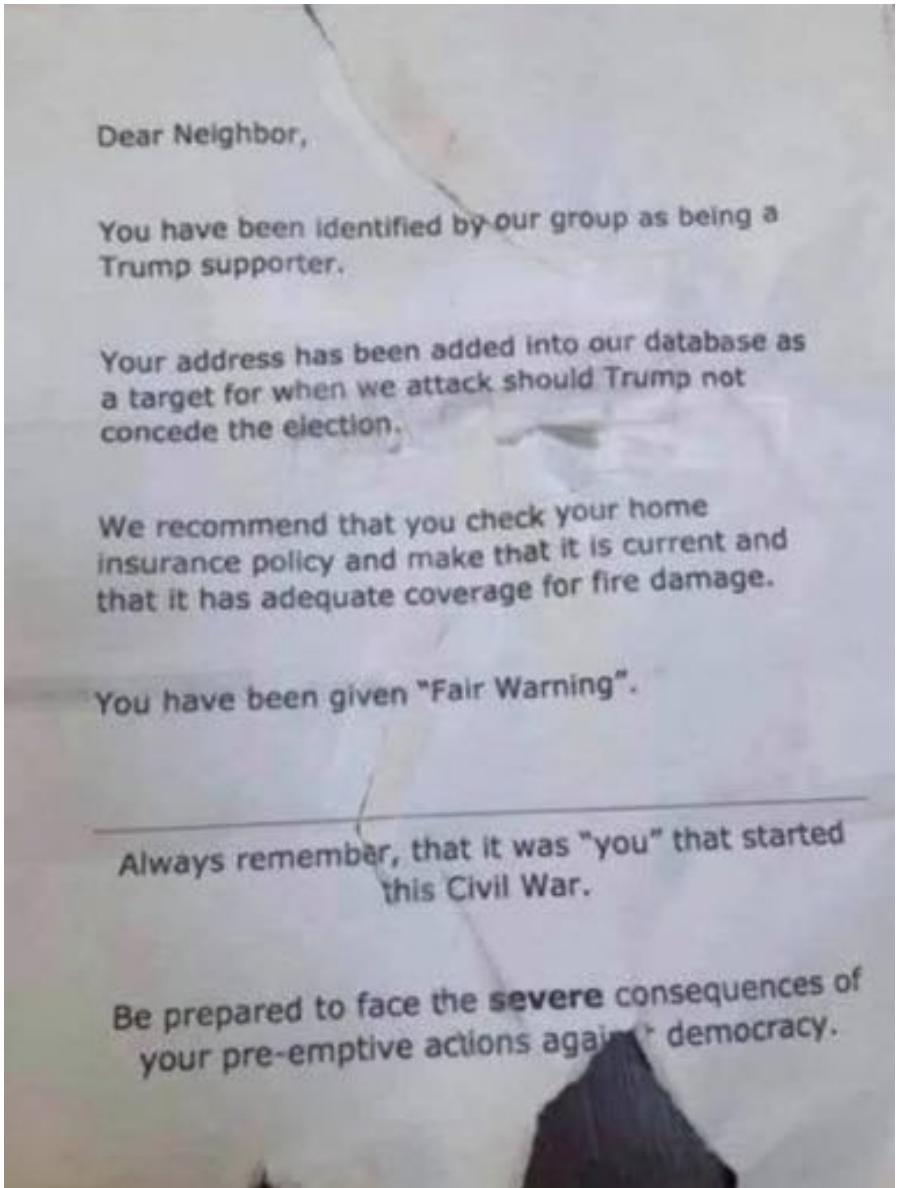

- By giving the drives to Pelosi et al they not only sent a msg but also put them in a position that forced them to cover it all up, making them fully complicit in the crimes.

- It might have worked except Trump somehow got a copy of everything and now they're fucked.

- Every corrupt politician and biz leader will probably face serious consequences as it will be way too large to sweep under the rug. The dirt goes back for decades and has been a major influence on every citizens rights.

- The DNC and CCP will be wiped from the face of the earth by the time the dust settles as this is World War level shit.

Remarks by President Trump After Air Force One Arrival | Prescott, AZ

Issued on: October 19, 2020

Prescott Regional Airport

Prescott, Arizona

11:36 A.M. MST

THE PRESIDENT: Hello, everybody. You know our senator. You know our governor. They're great — both of them. And they're doing a terrific job.

We have a big — two speeches today. And we have thousands and thousands of people waiting. There's never been anything like this, I will say that, with — I'm being very humble. I'll say that, Jeff. Is that okay? But there's never been anything like it. We have tremendous crowds. You saw the lines. They formed two days ago. So we're going to make two stops. And you're going to be with us a little bit, and I know you're going to be with us a little bit. And we have a very exciting election coming up. We're doing very well in North Carolina, very well in Florida, very well pretty much everywhere. We're looking — we're doing very well. And when people find out really what we've done and how good the economy is and how it's coming back, the numbers are fantastic. So we — we seem to be in very good shape.

Any questions?

Q Stimulus. Can you give us the latest on stimulus talks? On stimulus talks.

THE PRESIDENT: Yeah, we're having talks today. We're discussing it today, very solidly. We'll see what happens.

Q Have you talked with Leader McConnell?

THE PRESIDENT: Nancy Pelosi, at this moment, does not want to do anything that's going to affect the election. And I think it will affect the election negatively for her.

So we'll see what happens. But there are talks going on as we speak.

Q Have you talked with Leader McConnell about this?

THE PRESIDENT: I don't want to comment on that. But the Republicans will come along.

Q Mr. President, why did you criticize Dr. Fauci? Does it have anything to do with his high standing in public sentiment?

THE PRESIDENT: No, I think, really, Dr. Fauci is a very nice man, but we let him do what he wants to do. He gets a lot of television. He loves being on television, and we let him do it. Sometimes he says things that are a little bit off, and they get built up, unfortunately. But he's a nice guy. I like him. But he's called a lot of bad calls. He said don't wear a mask and he said don't ban China. They were bad calls. He admits that. And I don't hold that against him. If I did, I wouldn't have him. I think he's a nice a guy.

Q Why don't you fire him?

THE PRESIDENT: Huh?

Q Why not fire him?

Anonymous

THE PRESIDENT: I don't want to. I don't want to hurt him. He's been there for about 350 years. I don't want to hurt him.

Q You've been saying that Dr. Fauci said not to wear a mask, but he's been saying to wear a mask for months.

THE PRESIDENT: Well, he used to say don't wear a mask. So, you know, you have people on both sides of it. But I'm okay —

Q So why are you still quoting that?

THE PRESIDENT: Excuse me. I'm okay with masks. I like it. I think it's good. A lot of people like it. This gentleman has done an incredible job in Arizona, and he's taken a very tough stand. But he's let his economy grow. And, frankly, if they would've done that in Michigan and various other places, where the governor just shut it down for everybody except for her husband.

His attitude — you know, they had a spike, and he let the spike play. And they were careful. And now your state is really in great shape.

GOVERNOR DUCEY: Thank you, Mr. President. Thank you.

THE PRESIDENT: What a job. So proud of him.

Q Your Chief of Staff said today that there will be a lawsuit filed on Section 230 on the tech companies. Is it your —

THE PRESIDENT: Who said that? Who said that?

Q Mark Meadows said that, as soon as today, there could be a lawsuit filed.

THE PRESIDENT: Well, you know —

Q Is that from the White House?

THE PRESIDENT: — they've given — they've been given great protection. And when they take down people like Charlie Kirk — you know, Charlie Kirk is a terrific person. And I was — I just heard that he was taken down. And how can you take down Charlie Kirk?

He's mainstream conservative but solid as a rock. He represents a point of view, and he's putting up something from the New York Post, which is a respected newspaper. I'll tell you what: The biggest winner in this whole thing is a newspaper called the New York Post, the oldest paper in our country.

So what they have done is really — I'm very proud of them.

Q Are you filing a lawsuit? Or is the campaign filing a lawsuit?

THE PRESIDENT: You'll be seeing very soon.

Q Mr. President, do you understand that when it comes to the science and a new virus, things change; scientists learn new things and that's why Fauci and some scientists changed their recommendations?

THE PRESIDENT: You don't understand. I understand well. You don't understand, and you never have understood.

Q Is this election going to be a repeat of 2016, given the polls?

THE PRESIDENT: I think so. I think we'll do better than 2016.

We're way ahead of where we were in 2016, and I've done things that nobody has ever done. We built the greatest economy in the world, and we're building it rapidly again.

If you look at Arizona — you look at the job they've done. And I'm just leaving other states. I mean, every one of these Republican-run states are doing phenomenally. The Democrat-run states are not, but they're not going to affect our numbers very much. I think they're going to open up on November 4th. They'll be opening up on November 4th.

And, by the way, the fact that Kristen Welker is, you know, a dyed-in-the-wool radical-left Democrat, or whatever she is —

Q It's not true, Mr. President, and you know it.

Q That's not true.

THE PRESIDENT: Okay. Okay. And then ask — why are you defending her?

Q That's not true, Mr. President.

THE PRESIDENT: Then ask her: Why did she delete her account? Would you please have her put her account back?

Q Mr. President, you've dealt with her, and you know she's a fine journalist.

THE PRESIDENT: And you know what? It's not going to affect — I know you want to stick up. It's not going to affect me. I'm going to be there. But, you know, I told you about the last one, and I was right. And I told you about Savannah Guthrie, and I was right. And I'm telling you about Kristen Welker. Kristen Welker should put all of her statements back on. She deleted her entire account. She shouldn't do that.

Q What are they going to do with the mics? Are they trying to have —

THE PRESIDENT: The what?

Q Are they trying to have the moderator be able to turn off the mics? Is that what —

THE PRESIDENT: I have no idea.

Q Mr. President, what are you doing to prepare for the debate, sir?

THE PRESIDENT: I'm doing this.

Anonymous

Q (Inaudible.)

THE PRESIDENT: What am I doing to prepare? I'm doing this. I've done — I've done very well in debates. And, you know, you do what you do. You just do what you do.

The last debate, I had two on one. I usually have two on one, at least. And I did well in the last debate, and we did well with Savannah Guthrie, based on reports. But all you can do is — look, you know, you go around; we do interviews with you. This is like — I call this “debate prep.” This is actually tougher than a debate, if you want to know the truth.

Q Will you do the testing before the debate? And will you authorize your —

THE PRESIDENT: Say it?

Q Will you do the testing before the debate? And will you au- —

THE PRESIDENT: The testing?

Q Yes, the COVID testing. Will you authorize your doctors to tell us when —

THE PRESIDENT: Sure. I would have no problem with it.

Q — the last negative before you —

THE PRESIDENT: I'm — not only am I free — positive, or whatever — what would you call it? I'm totally free. Right? Not only am I free, I'm immune, they say. They say if you've had it, you're immune. Now, the question is, are you immune for four months or for the rest of your life? That's the only thing we don't know.

Q Will you authorize your doctors to tell you when you tested negative last, before the last event?

THE PRESIDENT: Sure. Is that very important to you?

Q Yes, sir, it is.

THE PRESIDENT: You seem to be so intent. But if it's so important to you — why is it so important to you?

Q Because we want to know how long you may have been —

THE PRESIDENT: I know. But why? Why?

Q We want to know if you followed the rules from the debate commission.

THE PRESIDENT: I know. But why is it so important to you?

Q Will you authorize your doctors to release that information?

THE PRESIDENT: Look at the dedication. Yeah, my doctors have already given it. You know, my doctors have given more information than has been given on any human being in the history of the world.

Q But have not given that detail, Mr. President.

Q Mr. President, can you tell us why — what your campaign strategy seems to be to call Biden a “criminal”? Why is that?

THE PRESIDENT: He is a criminal. He’s a criminal. He got caught

—

Q He was the Vice President of the United States.

THE PRESIDENT: Read his laptop. And you know who’s a criminal? You’re a criminal for not reporting it. You are a criminal for not reporting it.

Q I’m asking your strategy.

THE PRESIDENT: Let me tell you something: Joe Biden is a criminal, and he’s been a criminal for a long time. And you’re a criminal, and the media, for not reporting it. Good luck, everybody. Have a good time. Have a good time.

Special Ops knew they had been hoodwinked into killing the wrong man (decoy) and would have soon blown the whistle. HRC herself ordered the stand-down for a Benghazi rescue. TREASON at the highest level of Gov't. This is the story they don't want us to talk about. We continue to talk about Hunter Biden's exploits...small potatoes. The Benghazi story is MUCH bigger because it involves SO much more than the Biden family's 'getting rich' escapades. It is about the US Presidency and Administration committing MURDER of Government employees and Military Personnel (Special Forces - the Elite of the Military).  
HUGE.....

You're right about that story getting buried. The evidence was apparently turned over to a senator and nothing has come of it. Same situation with the Hunter laptop evidence being given to the FBI and nothing came of it.

damn.... skull and bones plus 666.... fucking fuck lol. good job anon, i wouldn't have noticed. thank you.

Suicide week

So, I have to tell you a story. I got out of the military and thought I would be fine. Pretty tough dude, and I knew enough folks where I had been stationed, I had friends and an old lady and a Camaro. One month after leaving service, Obama took office, ok sure whatever, a black guy, maybe that will be fine, idk and idc, I got shit to do. That was my perspective. I was not a member of any belief groups or media ostracized cults at that time.

I ended up living in a hotel in another state, trying to escape Cali as it nipped at my heels. I had one apt lease go wrong (timing) and I needed ONE WEEK to get the rest of the rent, and agreed to pay all fees at that time. They told me no, get the fuck out, over a few days late fees. So then my car gets repoed, and I get a new job but end up riding a \$100 bicycle 5 miles to and 5 miles back from work everyday. I was off track, I was dying slowly. The money wasnt enough to keep the hotel up, buy food each day (no fridge/oven in a hotel) and still work my way out from under the \$7,000 that broken lease put on my credit (I've never owed ANYONE 7k, realistically debt incurred was more like 1k, a months rent) but thats how this game is played.

So at that stage, I'm broke and damn near broken. I finally step up and ask for an assist, I'm a veteran right, we have all these services right?

## Anonymous

I call em up and I say hey look, I'm gonna be homeless soon, I just need some help, I have a job, I can pay rent, but I need to get accepted first so I can lease a place. They first off right away told me that I was not "homeless" yet, and that I had to live on the actual streets for THREE YEARS before I would qualify for assistance. So you're telling me, if I want any assist of any sort, I have to ditch the last remaining power I have over my life, stop working and be a complete layabout on the street for YEARS.

I'm sorry thats just not the sort of rehabilitation I had in mind. I later found out she was lying, its only 6 months, but its still ridiculous. Do those commercials about the VA and mil tell you this is how it is? Or do they tell you they support us?

The options I was offered were:

move into a shelter, they would find me one, but oops, they're all full.

To live in the shelter, you cannot be employed, even if the pay is shit and you're still slowly dying.

I call for help with NOT BECOMING HOMELESS, and they tell me to quit my job. Think about that! I wanted to fix me, they wanted to finish breaking me.

They said they could find a roommate with another veteran and we could violate his lease by just not reporting it. (2 homeless vets now!)

Doesnt matter cuz they couldnt find that either.

So just be known vets that when you finally hit that rock, there will not be anyone even slightly helpful on the other end of the line, when you finally make that call.

I fixed myself, paid everyone, and now I'm on a fucking rampage like the good old days. Boooy, libtards dont know what happened when I descend upon them. Takin no shit and takin names again. Fuck the VA, they offer us nothing. The entire time I stayed in hotels (almost 2 years), I was paying roughly \$3,000-\$4,000 per month, much more than I needed to maintain a normal rental. The issue is not that the credit monsters tried to kill me, the issue is, the VA was gonna let em.

# Biden–Ukraine conspiracy theory

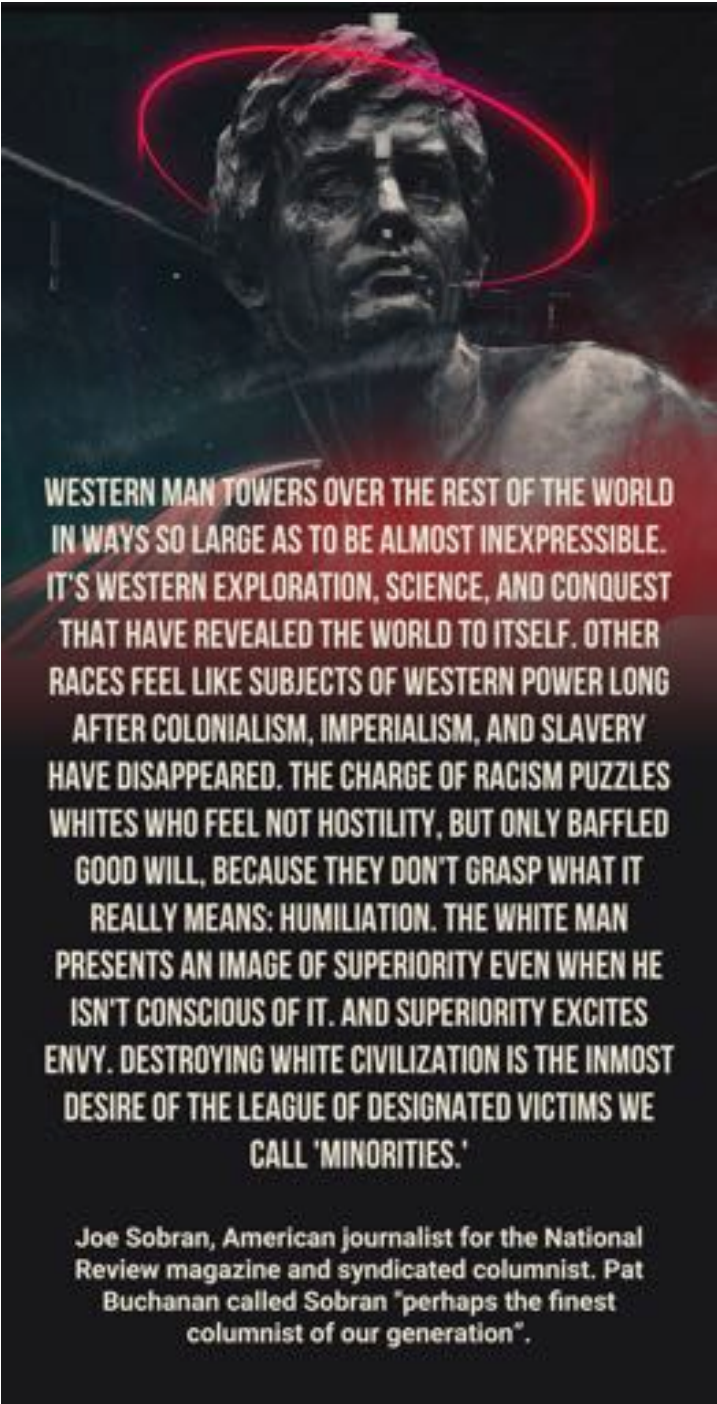

From Wikipedia, the free encyclopedia

The **Biden–Ukraine conspiracy theory** is a series of **false** allegations which assert that 2020 Democratic presidential nominee [Joe Biden](#) and his son [Hunter Biden](#) engaged in corrupt activities while the former was [Vice President of the United States](#) and the latter worked for the [Ukrainian](#) gas company [Burisma](#).<sup>[1]</sup> The conspiracy theory centers around the allegation that then-Vice President Biden withheld loan guarantees to pressure Ukraine into firing a prosecutor so as to prevent a corruption investigation into Burisma and to protect his son. Although Biden did withhold government aid to pressure Ukraine into removing the prosecutor, this was the official foreign policy of the United States government as it believed the prosecutor to be too lenient in investigating corruption; this position was also supported by American allies.<sup>[2][3]</sup> A [New York Post](#) article published in October 2020 brought renewed attention to the allegations;<sup>[4]</sup> its veracity was strongly queried elsewhere.<sup>[5][6]</sup>

He also called Joe Biden a criminal. Flat out. Today at Marine 1. He also called the reporter a criminal for not reporting it.  
Trump. Knows. Everything.

Which side of the fence?

If you ever wondered which side of the fence you sit on, this is a great test!

If a Republican doesn't like guns, he doesn't buy one.  
If a Democrat doesn't like guns, he wants all guns outlawed.

If a Republican is a vegetarian, he doesn't eat meat.  
If a Democrat is a vegetarian, he wants all meat products banned for everyone.

If a Republican is homosexual, he quietly leads his life.  
If a Democrat is homosexual, he demands legislated respect.

If a Republican is down-and-out, he thinks about how to better his situation.  
A Democrat wonders who is going to take care of him.

If a Republican doesn't like a talk show host, he switches channels.  
Democrats demand that those they don't like be shut down.

If a Republican is a non-believer, he doesn't go to church.  
A Democrat non-believer wants any mention of God and religion silenced.

If a Republican decides he needs health care, he goes about shopping for it, or may choose a job that provides it.  
A Democrat demands that the rest of us pay for his.

If a Republican reads this, he'll forward it so his friends can have a good laugh.  
A Democrat will delete it because he's "offended".

### Trump campaign [statement](#) on debate commission rule changes

"President Trump is committed to debating Joe Biden regardless of last minute rule changes from the biased commission in their latest attempt to provide advantage to their favored candidate. This was supposed to be the foreign policy debate, so the President still looks forward to forcing Biden to answer the number one relevant question of whether he's been compromised by the Communist Party of China. Why did Biden allow his son Hunter to sell access to him while he was vice president, and why were there Chinese payment arrangements for Joe himself worked out by Hunter and his sketchy partners? If the media won't ask Joe Biden these questions, the President will, and there will be no escape for Biden."

The case is airtight. There are NO holes in the case; as the Hunter Biden emails are the legal “keystone” required to answer DEFINITIVE remaining legal requisites. It is, by the absolutely immense and never ending work of PATRIOTS, a quote/unquote “Indefensible” case.

By morning, his legal team will have come to the conclusion that fighting the case is not only futile, but lunacy.

However, mental illness is not applicable. His medical team have already cleared him (whether it be falsified or not). His “results” prove he is “of sound mind.”

Joe Biden and his son have no path to take other than to succumb to justice.

To put it bluntly; CHECKMATE.

Yea, who's the City Clerk or authority that even allows writing instruments at a Mail-in Ballot processing station.

These people want the system to fail, evil at hand. You're a damn racist for calling it out ahead of time. Now its clear for all to see there way's are being exposed.

The guy behind him is doing something with a marker too. I don't know what they're supposed to do with ballots to say he's doing something shady.

It is a WRAP.

Biden has been informed that he will be placed under arrest at end of week unless he turn himself in sooner. His legal teams are currently going through the charges and the evidence given to him earlier today before he abruptly called a "lid".

The case is airtight. There are NO holes in the case; as the Hunter Biden emails are the legal "keystone" required to answer DEFINITIVE remaining legal requisites. It is, by the absolutely immense and never ending work of PATRIOTS, a quote/unquote "Indefensible" case.

By morning, his legal team will have come to the conclusion that fighting the case is not only futile, but lunacy.

However, mental illness is not applicable. His medical team have already cleared him (whether it be falsified or not). His "results" prove he is "of sound mind."

Joe Biden and his son have no path to take other than to succumb to justice.

To put it bluntly;  
CHECKMATE.

**11164986**

You are not innocent.

There is a not so subtle difference in what the release of Hunter's laptop data means vs. a felony "lid" story.

The contents alone are infamously salvagey.

This is a moment in "war" in which the opponent is now completely aware of what you have in store for them (i.e. massive public release (leak) of laptop drives in Trump admin custody).

It's a strategy to cripple the smelting opponent, completely unaware of, to be frank, how fucked they are. It's one thing to SAY you have (most damning evidence based item here), it's a completely *OTHER* thing to straight up release and publicly prove it.

Biden campaign was *AWARE* of the consequences following a release of information of this magnitude. They were also completely *helpful* in their belief that this data would never see the light of day, as they believed it was hidden so deep in obscurity. To have something like this to occur for them, it would be career ending. An altering moment - as if a worst conceivable nightmare has come to life.

And here we are, watching their result in real time to their nightmare.

No, there will not be a false flag.

No, the DoJ/FBI will not ignore.

Knowing that it's real has forced their hand. The data is the leverage, research that before to act or acting in a malicious way (false flags) will result in further data drops, which are indefensible.

The public doesn't have to see the reality.

But if they attempt a false flag or mislead the justice system in any way, the public will be shown.

It's checkmate, through and through.

Ask yourself a very simple question.

Given the reason for data recovery, why would Hunter need to recover THREE laptop drives?

Is he that bad at spilling water?  
Or are they all not his computers?

Ask yourself another question.

Does Beau Biden's sticker on any of them represent anything? Ownership?

What was Beau's foundation doing?  
Foundations in the swamp never truly do what they say they do.

Did Hunter set this whole thing up?  
Why?

**President Trump States Q is Against Pedophilia -- Just before proof of the Joe Biden family being human traffickers and pedophiles is dropped. Coincidence?**

Obama, Biden, and Pelosi's Possible Treason, Trafficking, and Money Laundering

Judy Byington -- December 30, 2019

Deals smoking of massive fraudulent payoffs, trafficking children, drugs and money laundering using US taxpayer dollars appeared imbedded in former US President Barak Obama's book contracts, former Vice President Joe Biden's Ukraine dealings and Democratic Speaker of the House Nancy Pelosi's alleged receipt of millions in drug money from convicted Mexican Drug Lord El Chapo as per Chapo's confession at his sentencing hearing.

Back in 2017 Obama gave Pearson Publishing \$350 million to create the Common Core text – a lot of which sat wasted in school closets across the nation because of it's leftist agenda. In turn, Pearson gave Obama the largest book deal ever known of \$65 million.

Joe Biden bragged about holding back \$1 billion of US aid to the Ukraine until they fired a prosecutor investigating his son. His confession of blackmailing the Ukrainian president was recorded on tape at a Council of Foreign Relations Press Conference. His son and those of John Kerry and Nancy Pelosi were making millions from being on the boards of Ukrainian Gas Companies, positions for which none were qualified.

Biden later lied about his blackmail of the Ukrainian President – just as the Dems voted to impeach President Trump simply for asking the Ukraine President if that were true.

Back on Sat. April 6, White House attorney Rudy Giuliani filed a formal charge of Treason against Speaker of the House Nancy Pelosi and called for her impeachment. The court papers have yet to be made public, but also of suspect was Pelosi's net worth of \$150 million (plus Pelosi's, Biden's and Kerry's sons making millions from Ukrainian Gas Companies). The politically powerful Pelosi was believed to have received millions in drug money from convicted Mexican Drug Lord El Chapo (as Chapo confessed and named her among others, at his sentencing hearing), which could have been an incentive to keep the Mexican Border open for Drugs and Child Trafficking.

## Anonymous

Pelosi would be facing multiple charges. She was suspected to be involved in Child Trafficking at the Arizona Cemex site and a suspected conspirator in Russia Gate (a coup to overturn the 2016 election and start a war with Russia). Her daughters were supposedly caught bringing drugs back from Mexico in her diplomatic pouch and she has been accused of doing privileged Day Trading in the basement of Congressional offices before the Markets opened.

Other politicians appeared to be making millions off US Taxpayers using their positions in the Government: the Clinton family was now said worth \$40 million, when pre-election it was less than \$1 million; the Obama family had also accumulated over \$40 million, with an additional \$11 million said from Michelle's recent book, while at pre election they were worth less than \$1 million, plus Maxine Waters alone had a house worth \$4 million on her Congressional salary.

Now the publisher of both Obamas' books, Pearson Publishing CEO, will retire and sell their remaining Penguin Random House Shares. Pearson also owned the large conglomerate Macmillan Publishing, including Flatiron and Celadon Publishers – which gave lucrative deals to none other than Biden, Comey and Brennan.

<https://operationdisclosure1.blogspot.com/2019/12/obama-biden-and-pelosis-possible.html>

Book deals can be very lucrative for pedophiles, human traffickers and traitors ...

At a press conference at the Interfax-Ukraine agency on Wednesday, MP Andriy Derkach announced that deputies have received new materials from investigative journalists about international corruption and the participation of Ukrainian officials in it.

"Last week, November 14, the Prosecutor General's Office (PGO), unnotified by the media, announced a new suspicion to the notorious owner of Burisma, ex-Ecology Minister Zlochevsky. According to the suspicion, the Yanukovych family is suspected, in particular, with legalizing (laundering) of criminally obtained income through Franklin Templeton Investments, an investment fund carrying out purchases of external government loan bonds totaling \$7.4 billion," Derkach said.

With reference to the investigation, he emphasized: it was money criminally obtained by the "family" of Yanukovych and invested in the purchase of Ukrainian debt in 2013-2014.

For his part, MP Oleksandr Dubinsky from the Servant of the People faction said that according to investigators, "the Yanukovych 'family' illegally obtained \$7.4 billion and laundered the funds through an investment fund close to some representatives of the U.S. Democratic Party in the form of external government loan bonds."

Meanwhile, Derkach said that several facts indicate Franklin Templeton Investments' relationship with the U.S. Democratic Party.

"The son of Templeton's founder, John Templeton Jr., was one of President Obama's major campaign donors. Another fund-related character is Thomas Donilon. Managing Director of BlackRock Investment Institute, shareholder Franklin Templeton Investments, which has the largest share in the fund. It is noteworthy that he previously was Obama's national security advisor," Derkach said.

So then I told her that research shows they dont work and she gave the dumb retort of the Health Department guidelines blah blah blah. I told her the Health Department is a tyrannical unelected organization that has no authority over me. Then told her to just fucking cancel my appointment, I said "This is the world we live in now, just fucking cancel it." And walked out.

and if they did how does the whole world punish them?

ban the entire family from minecraft?

No. Give their accounts to Baron

No.

The Plandemic was 50 years in the planning.

Anons need to do their research into the following:

World Economic Forum

The Great Reset

The Fourth Industrial Revolution

Rockefeller Foundation's Lockstep Plan

The virus was planned more than a decade ago (well before Trump even decided to run) and was always set for the year 2020.

The Great Reset has NOTHING to do with the US election - nothing!

If any groups, including Q, try to guide you otherwise - then they are operating a disinformation campaign to distract you from the truth.

Fight over this election all you want. Vote how you want. But do

NOT allow yourself to be distracted from THE GREAT RESET,

which is truly the only thing that matters.

Just read that leaked document from Canada from earlier this week -

full blown communism is planned over the next 24-36 months for

194 countries across the globe, including the USA!

And Biden's been in office for 47 of those 50 years.

**My President completely dominated the hapless Joe Biden tonight, and stayed within the rules.**

Agreed! It's remarkable -- MSM post-debate coverage is featuring guest after guest saying positive things about Trump's performance, including several repeating his more powerful points -- e.g., Biden had 47 years and 8 years as VP -- why didn't he do any of what he claims he will do. Biden's a politician, Trump is not. He got Biden to again state he would not ban fracking (then say he'd transition), on and on... Of course they must maintain a certain facade, but I sensed a number of folks seemed somewhat surprised in a good way, to see a side of Trump they didn't realize exists... At the same time, he did plant seeds re Biden corruption that people can go and research on their own... with enough repetition to implant key starting points...

I watched about 2 minutes of fox post debate and Wallace was praising Biden. That was about all I could watch.

Okay, how do we go from pics of hunter torturing and raping chinese girls (wayme allen root) to "questionable" pics of his niece. Questionable means bad judgment not criminal.

Are they hiding the truly bad shit for now or forever. Hoping they are holding back as the arrests will be in mass, not one at a time But, fuck this just sounds like he is a shitty guy, which we already knew.

Tons of people don't even know about Hunter's laptop and if they do know about it, they doubt it's real and think it's part of a Russian disinformation campaign.

The fake news media has half of this country brainwashed and stupid. So many people still believe in their lies and misinfo. You think they can handle the fact that Hunter Biden was torturing little Chinese girls? No, they will never believe that shit and there's no chance any of that will be released to the public.

This is bad enough. Hunter Biden diddling his niece is already hard enough to accept, even for those awake. We are the minority who can accept this evil shit because we've done our research on the depravity of these sick fucks.

I think if people knew the extent of his financial dealings and the fortunes he made using his father's position they would be more open to accept everything else. Either way the information must be made public. They will accept it or not but they still must know.

That makes sense. Q did say, paraphrase, the info is there for those those who want to know.

I am just anxious for some justice. It seems to be headed in the right direction.

**#1 top priority to save America, and frankly the world. Defeat the dangerous American propaganda liberal media. They are the #1 danger to America, more so than rrrrrussia and china.**

The propaganda media is still alive and well and very dangerous. If the media was just 20% honest, Trump would win all 50 states easy.

The media needs to be targeted with alinsky tactics on an INDIVIDUAL basis. It is not doing much good to refer to the general propaganda media. Trump is a master at pushing back using alinsky ridicule. Its SHAMEFUL republicans have put up with the media for decades, letting them stomp all over republicans.

It's time to embarrass each reporter and have clips/stories/evidence to expose them every time they ask a question. Kayleigh is doing a pretty good job as press secretary but can ramp up these tactics on a daily basis, focus on one reporter a day.

Remember, peoples perception is the most important. They don't get the facts. Yes, the media is more dangerous to America and the rest of the globe than china or russia. Because if Americans were actually informed of facts, we'd break the chains completely of idiotic liberalism who brought us this overreaction SCAMdemic, economic and human damage (violence, suicide), as well as the rioting and terrorism going on in many cities. Once united more so, we'd make quick work of our foreign foes and give Trump the political capital he needs to improve America.

China is a part of our (((media))) make no mistake.

**POTUS mentions foreign adversaries "stole" our military's hydrosonic missile plans during Hussein/Biden administration.**

Trump let it slip at his Prescott, AZ rally on 10/19/20 that during the Obama/Biden administration, there were foreign adversaries that "stole" (more likely SOLD for bribes) our military's hydrosonic missile plans. Check out the POTUS quote & video clip below:

Transcript Excerpt:

TRUMP: "We have everything. \$2.5 trillion all made in the USA. We are the envy of Russia. We are the envy of China. Nobody has the equipment. Even the hydrosonic missiles that Obama messed up on. We have hydrosonic missiles that go seven times faster than a normal missile. We have the best hydrosonic in the world. You know, they stole our plans during the Obama administration. Another thing that happened. These are little things that happened that I won't tell anybody. Okay?"

Video Clip:

They sold it. They would sell their own children.

Suddenly China has 5th Gen stealth fighter technology when their space technology is still 1960's level.

They can barely build a real aircraft carrier while America was mass producing them back in WWII.

China doesn't build the factories they work in. The foreign owners design and build those factories, and the machines inside.

Advanced technology requires advanced engineering, and advanced engineering is only possible in an environment where people are raised to tell the truth. In China, people believe telling the truth is wrong. The entire country lies, except perhaps the Christians. This is why they cannot design their own technology. They have to steal or purchase it from others.

The only good news is even if you give them the tech, the equipment, the plans and all of the tools, they still find a way to fuck it up.

Did they get it from the Russians?

The Russians are Christians, and they have some of the world's most advanced science, some of which surpasses Western science. Russia has the best missile technology in the world right now. America is close behind them. The Russians have always sold tech to the Chinese, however, Russia is also always suspicious of Chinese intentions, for good reasons, and seldom if ever sells the Chinese their best technology. Historically, Russia sells previous generation tech, but they keep the best stuff for themselves.

"Earning Air" (files.catbox.moe)

WANNA GET REAL MAD?!?!  
THEY'RE DOING THIS TO  
CHILDREN.  
MAKING THEM EARN AIR.

It is ridiculous to make children wear masks in the first place. Masks in general were already suspect at actually being able to prevent the spread of COVID, making the demographic that has only a tiny fraction of the cases wear them is dumb. The odds of a child carrying COVID without any member of their family having any symptoms is already so low that even the most generous estimates of how much a

mask can prevent transmission doesn't substantially change the odds of that child spreading COVID. It is a completely and utterly unnecessary hardship for the children for the amount of lives it could theoretically save. If this wasn't necessary for the flu - which as any parent knows they are much more likely to transmit - and the flu kills tens of thousands of people each year, it can't be necessary for this.

**SHOCK VIDEO: Detroit Election Workers Trained To Kick Out Poll Watchers, Count Challenged Ballots, Throw Out Provisional Ballots**

Hidden audio has emerged from an anonymous source who took the election work training classes in Detroit, Michigan.

And you won't believe what the trainers are instructing the poll workers to do.

The audio, posted in a video on YouTube, reveals that election workers are trained to try to kick out poll watchers and anyone who challenges any ballot. "They have to wear a mask, and they have to stay six feet. That's important because if you don't have six feet, they can't come back there," advises the instructor, who then goes on to say that a person standing six feet away from the ballots cannot accurately see what is going on and can't verify any signatures, "Unless they got really good vision or they brought their binoculars." Trainees are told that the number one thing people will scrutinize are the absentee ballots. The solution to someone challenging an absentee ballot?

<https://www.thegatewaypundit.com/2020/10/shock-video-detroit-election-workers-trained-kick-poll-watchers-count-challenged-ballots-throw-provisional-ballots/>

I have little doubt this is going on in PA as well. There are dirty dealings with the staffing of the polls, and it is quite true that you can't see or hear properly at a 6-foot distance from those tables where they check in voters. In principle the poll watcher should be able to look at the voter books and hear the names, but with the commotion

Anonymous

in the room and the volume of normal speech, you can't hear much. My experience with poll watching is that you endure hours of hostility and occasional insults and intimidation by the D leadership and even the election judges. It's nasty out there. The Trump campaign and GOP are doing their best to staff up watchers but we are playing 'whack a mole'. D's have gotten a lot of their people into critical places at the state, county and township levels. It isn't just Philadelphia. Voter rolls include people who are registered in other states or dead. There are always irregularities with issuance and return of absentee ballots and now the new mail-in process is totally screwed up as well. Lots of fog being created so that problems can be blamed on the general confusion. Pray for us.

### The CCP Blackmail Tapes in a Nutshell.

Greetings,

In a nutshell, a group of disgruntled Chinese Communist billionaires had all their Western connections who they were blackmailing taken away by the current president of China, Xi Jinping, after he assumed power in 2013. In Chinese culture, ones network of connections is referred to as Guanxi. There is an unwritten rule that you don't mess with another man's Guanxi. Xi Jinping was also going to confiscate all their wealth and likely throw them in jail or execute them. Fearing for their lives and angry about losing their lucrative connections, the

corrupt billionaires decided to release three hard drives containing their blackmail material on their Western connections, thus rendering the blackmail targets useless to president Xi.

One hard drive is related to the Bidens and all their crooked and perverted activities. The second hard drive relates to the Chinese president's corruption as well as blackmail tapes of famous Western politicians and celebrities. The third hard drive contains proof that the Wuhan virus was created in a laboratory. Apparently there are thousands and thousands of videos, photos and documents. They will be releasing a new video or photo on the hour every hour for the next ten days. That is over 200 videos and images that will be released. Judging by the fact that the blackmail videos seem to be released first in Chinese then in English, and also the fact that most comments on the articles are written in Chinese, it is apparent that the whistleblowers' primary target is the Chinese people. They want to show their people that their leaders are corrupt individuals who engage in corrupt activities with corrupt Westerners. Exposing the Westerners is merely an ancillary consequence of their wanting to expose their own leaders. Mindblowing stuff and totally unexpected. Here are some articles related to the massive dump of blackmail videos that will be released over the next ten days. **WARNING:** Some articles contain links to disturbing pornographic and violent images and videos...Not for the feint of heart. Upcoming releases are said to contain evidence of crimes against children. This includes videos of Hunter Biden raping young Chinese children. Do not open the links in the articles if you fear having your soul scarred for life. Personally, I plan on letting others sift through the material and wait to see what they have to say about it. I don't feel like getting traumatized by all this stuff. You may want to consider a similar approach. Cheers

The first article released.

# What Gaslighting Looks Like

Gaslighting is a form of abuse and manipulation concentrated on making someone doubt their reality. @BlessingManifesting

1. They deny they said or did something even when you have proof.
2. They accuse you of doing things that you know they themselves have done.
3. They turn others against you to take away your support system.
4. They tell you that you are crazy.
5. You are never right.
5. You constantly feel like you have to defend reality.
6. Your trust in yourself/intuition erodes.
7. You always feel confused about whether you're on good terms.
8. You are not allowed to have feelings.
9. You find yourself collecting "proof" things happened so you can reassure yourself.

Gotcha bitch!

You see what they're doing right? - CBS, CNN, all of them. They're trying to slowly introduce a false dichotomy. They've been all in with the TDS for years now, and all of the sudden when the chips are down for the liberal lunatics, they start assassinating and attacking their own. Very quietly, very subtly. Don't fall for it. When this shit is over, our duty to this country is to make sure that these MSM traitors lose everything. WE ARE THE NEWS. - NOT THESE FUCKING KIKED CORPORATIONS. Their influence has to come to an end. They must be destroyed. They've already discredited themselves. Only thing left to do at this point is to ignore them into obscurity. Defund them. Keep track of who's running them. Keep tabs on what they are doing, but as far as their news go? They shouldn't even fucking exist. These little displays of "integrity" or "real journalism" or "holding (insert liberal/swamp creature here)'s feet to the fire" etc. - It's all bullshit. All of it. Don't fall for it. END THEM.

Heads must roll, literally, subpoenas, indictments, forfeitures, video recorded for history books and made a part of required education. Next will be the education institutions and unions. Obama did buy 12000 guillotines to use on us, why let them go to waste.

Do Anons understand just what my office is like right now? I haven't had time to take a piss since eight. Our entire legal department is currently sitting with the teams as they actively scour the data being dropped. Our phones have not had a single text since three days ago. Some of us entered sleeping bags and pillows online. Since we don't see an end to this any time soon, we sleep here.

My manager informed my team that the story has gone nuclear, which is an inside term here. 'Nuclear' means that the story isn't some "bombshell," but has become so large that everyone sees it, and in this business we speak at the global scale.

Remember the wall-to-wall coverage given to Bush's funeral? Imagine the same wall-to-wall "coverage," except on every person's television and phone across the world. That's nuclear.

In case Anons are curious, I am laying under my desk on my bag and pillow. This has been a twenty one hour day. No, it still isn't quiet here. We're getting calls still as steady as before. It's loud here, but headphones make it tolerable.

It strangely feels like what I imagine war would feel like for people in my industry. On second thought, it either feels like war because I imagine it that way, or a war has just begun.

Either way, I don't think even you guys here even know what is coming. I think you all have a decent idea, and I'm going to tell you right now, bluntly and as direct as I could: you simply just don't.

If you think the photos and videos that have come out (they say leaked) are shattering and politically cataclysmic, you haven't even seen the ones with the gore.

You aren't prepared.

Don't think you are if you simply do not understand that these people aren't simply generic pacifists. They care not for the Bush. Soon you will know what that means. Just because you MAKE another hole...

I will tell you this.

The last time photos (videos) of this kind were seen, the viewers threw up and died one by one. I'm sure I don't need to remind Anons who they were.

Nobody is talking about it but the look on everyone's faces says it all. This campaign is over. I feel ashamed to have campaigned for Joe and I'm not the only one who feels this way. Several campaign workers & volunteers have quit showing up over the last few

days. It's basically like a ghost town here. After I make this post I'm leaving too and never coming back here. Joe is corrupt and his family has serious issues. There is no way Joe is going to win this election. We have made so many phone calls and knocked on so many doors. Many people basically tell us to fuck right off but most of them they will listen for a few seconds and then tell us they are not interested but the way they say it you just know they would never consider voting for Joe. There is something really strange about all of that. I have campaigned for over 10 years and this year is so much different with the way people are responding to us. Anyways I thought you guys might like to hear it from the horses mouth. Helping a little bit to expose all of these lies is the least I can do before I leave this campaign behind.

**90% of the answer to the question of 9/11 runs through a man named Rabbi Dov Zakheim, and the lack of knowledge of that FACT is stunning.**

You might find a number of things in this article interesting, one of which is this, "Chertoff allowed scores of suspected Israeli terrorists and spies to quietly return to Israel . In several cases, Israeli suspects working for phony moving companies, such as Urban Moving Systems from Weehawken, N.J., were caught driving moving vans which tested positive for explosives. On September 14, Dominic Suter, the owner of the moving company, which was found to be a Mossad front company, fled to Israel after FBI agents requested a second interview.

One group of 5 Israelis was seen on the roof of Urban Moving Systems videotaping and celebrating the destruction of the World Trade Center. These Israeli agents were returned to Israel on visa violations.

These Israeli suspects, and others, who had apparently transported explosives in the New York area, were allowed to return to Israel without being properly interrogated or their presence and activities in the United States having been vigorously investigated." (1)

Does it all sound like science fiction to you? Put "Chertoff dual nationality" into Google and see if you have enough time in your life to read the things you find.

Any time you start looking into the rabbit hole you run across the same names. There is this handful of people who constantly show up. Why are there continuous connections to Israel? As I have said before, I don't enjoy having to reach these conclusions. There is no more heavyweight subject than Israeli involvement in 9/11. There is nothing that causes more screeching and name calling, slander and opprobrium. But... every time you look and everywhere you look, the same names, the same connections, the same events pop to the surface of the lake like a dead body and smell as bad.

Now, either this is the most fantastic, most outrageous set of coincidences of which there is no parallel in human history or... there is something to it.

Opinion filed September 12, 2020. The Ninth Circuit Court of Appeals found persuasive the notion that the "intentional reading" of Section 230 previously employed by social media giants such as YouTube would allow a content provider to "block content for anti-competitive purposes or merely at its members' whim."

The Plaintiffs allege that YouTube removed their channels without giving them notice or without cause under the Terms of Service that YouTube itself drafted and imposed on the Plaintiffs. The Plaintiffs allege that YouTube also violated the First Amendment rights of the Plaintiffs, and the public they serve through their social commentary, news and information channels. Although many courts have rejected the notion that YouTube is subject to the First Amendment, concluding that YouTube is a private party, the Complaint alleges that YouTube acted at the behest, was encouraged by and covered by Congress, Speaker of the House Nancy Pelosi and Representative Adam Schiff. The Plaintiffs attach to the Complaint letters that Representatives Schiff submitted on Congressional letterhead that urged that content be removed and redacted. The Plaintiffs also reference the House's recent action by the House, in passing House Resolution 1154, which condemned certain content and specifically mentioned social media. In direct response to Representative Schiff's published letter demanding censorship, YouTube Chief Executive Officer Susan Wojcicki responded by Tweet: "Thanks for reaching out, we're working every day to protect people from misinformation and help them find authoritative information. Possible answers:

He's just an epic fuck-up. Which is entirely believable. He is a world class self-destructive personality, with drugs, sex, greed, criminality. He might've been so high that he forgot what he did with the laptop. He wanted to hurt his dad, which makes some sense with how Joe always praised Beau but never Hunter. The Black Sheep syndrome. He didn't do it, but someone else did.

It wasn't his laptop, but was one of the rumored laptops handed out from China which contained all his dirt on it as a form of control ... a threat. Perhaps with a warning that if he tried to destroy it or discard it, China would know and so he took it to a repair shop to see if they could get around it.

**3. Summary of the Geographic Spread of Influenza**

State and territorial health departments report the estimated level of geographic spread of influenza activity in their jurisdictions each week through the **State and Territorial Epidemiologists Report**. This level does not measure the severity of influenza activity; low levels of influenza activity occurring throughout a jurisdiction would result in a classification of "widespread". Jurisdictions classify geographic spread as follows:

- **No Activity:** No laboratory-confirmed cases of influenza and no reported increase in the number of cases of ILI.
- **Sporadic:** Small numbers of laboratory-confirmed influenza cases or a single laboratory-confirmed influenza outbreak has been reported, but there is no increase in cases of ILI.
- **Local:** Outbreaks of influenza or increases in ILI cases and recent laboratory-confirmed influenza in a single region of the state.
- **Regional:** Outbreaks of influenza or increases in ILI and recent laboratory confirmed influenza in at least two but less than half the regions of the state with recent laboratory evidence of influenza in those regions.
- **Widespread:** Outbreaks of influenza or increases in ILI cases and recent laboratory-confirmed influenza in at least half the regions of the state with recent laboratory evidence of influenza in the state.

Due to the ongoing COVID-19 pandemic, this system will suspend data collection for the 2020-21 influenza season. Data from previous seasons are available on [FluView Interactive](#).

**LOCKDOWN 2.0: Europe is Shutting Down Everything Again Due to COVID-19 Mass Hysteria - Opinions?**

Boris is fully endorsing this new lockdown. I have a theory on why Boris is allowing this, hear me out.

I want to believe he is a Whitehat but I am not sure. Trump on the other hand is not going for the second lockdown. 'The Harvest is Ripe' said by Q and a few top R's could just be referring to the Great Awakening Movement PROGRESS instead of 'arrests are coming'. Americans have had enough and won't stand for another lockdown so Trump says no more lockdowns. The Brits on the other hand are still clearly not there yet in large numbers, so more lockdowns are needed until the people say enough is enough. Is Boris trying to elicit this response from the citizenry before he says NO to the lockdowns? Is he trying to wake the people up to start screaming ENMASSE? In other words the Harvest is clearly not Ripe yet in Britain.

Thoughts?

<https://www.justice.gov/opa/pr/former-president-nuclear-transportation-company-sentenced-prison-foreign-bribery-and-other>  
This is the biggest gotcha so far. President of the company that transported the nuclear materials - which was how Rosatom snuck the Uranium One nuclear material out of the USA - was tried, convicted and now sentenced to jail. And when treason and corruption were on the line, he got a pretty light sentence. This guy has to have talked.

Hillary, Clinton Foundation, Obama, and all the rest involved have to be sweating. And how can you know this for sure? Because almost to the day of his conviction, Schiff's committee voted to send articles of impeachment to the full House. Too much of a coincidence when the Deep State deploys their biggest asset yet (impeachment) just when the DOJ was taking a piece off the bottom of the Jenga tower. This is huge!

According to the 14th Amendment, ratified after the Civil War, electors also can't be anyone who has engaged in insurrection or rebellion against the United States, or given aid or comfort to its enemies.

New York's choice of electors violates, in part, this clause. Hillary Clinton championed the resist movement and that is an active, ongoing rebellion against a duly elected President. She is not eligible per the language of the Constitution.

This act changes the definition of "sex" in the 1964 Civil Rights Act to include "gender identity." This will make all sex-based rights impossible to enforce.

"(2) **GENDER IDENTITY** -- The term "gender identity" means the gender-related identity, appearance, mannerisms, or other gender-related characteristics of an individual, regardless of the individual's designated sex at birth.

"(3) **INCLUDING** -- The term "including" means including, but not limited to, consistent with the term's standard meaning in Federal law.

This the biggest Criminal LIE in my 67 years. I have been harping this for 4 months and someone has to blow the lid off this Covid Lie.

Here is the problem. Robert Redfield runs the CDC. Here are some of his highlights or lowlights.

Dr. Robert Redfield has been the director of the US Centers for Disease Control and Prevention since March 2018. Earlier this week, Redfield asked governors to prepare state distribution facilities for coronavirus vaccines by November 1 — two days before the presidential election.

His appointment was met with mixed reviews: Dr. Anthony Fauci once described Redfield as "a talented and committed physician/scientist." Redfield has also faced controversy over the misrepresentation of data for a clinical trial for an AIDS vaccine during his role as one of the leading AIDS researchers at the US Army.

In August, he walked back from CDC's modification of testing guidelines to no longer encourage asymptomatic people to get tested

Anonymous

to clarify everybody who wants a test can get one after drawing much criticism from public health and medical experts.

Right off the bat, Deep State Fauci gave him his endorsement. Huge Red Flag.

Also Redfield was considered for Head of the CDC by George W. Bush. But someone else was chosen. Is it possible Bush and Redfield were friends - Never Trumper friends?

One last thing... I heard about some guy who was killed in a motorcycle accident had Covid-19 put on his death certificate.

Redfield falsified and/or misrepresented research data for the GP 160 AIDS vaccine when he was Lt. Colonel Redfield working at Walter Ried Institute. Moreover, he lied to Congress about his findings. A Dr. McCarthy blew the whistle and an investigation was opened by the Air Force and DOJ, but it was dropped. His assistant at the time of his "misleading or potentially deceptive" presentation of his findings was Dr. Birx. This is per Mike Moore, a.k.a. Thomas Paine Podcast, episode 17.

And, yes the motorcycle thing happened. An official at the dept. of health tried to justify it by saying that the COVID may have affected his ability to operate the vehicle. As in, if someone had hay fever, sneezed and drove off a cliff that would be an allergy death.

Thanks for the background on the motorcycle / CCP Virus story. I did not hear their "excuse" before. Talk about reaching...

Money laundering is bullshit. Big banks get caught with that and pay their piddly little fines - a billion here, a billion there, they don't care. The issue is not money laundering. The issue is bribery and selling us out for personal gain. That is a very different crime than money laundering.

OPEN LETTER  
TO THE PRESIDENT OF THE UNITED STATES OF AMERICA  
DONALD J. TRUMP

Sunday, October 25, 2020  
*Solemnity of Christ the King*

Mister President,

Allow me to address you at this hour in which the fate of the whole world is being threatened by a global conspiracy against God and humanity. I write to you as an Archbishop, as a Successor of the Apostles, as the former Apostolic Nuncio to the United States of America. I am writing to you in the midst of the silence of both civil and religious authorities. May you accept these words of mine as the "voice of one crying out in the desert" (Jn 1:23).

As I said when I wrote my letter to you in June, this historical moment sees the forces of Evil aligned in a battle without quarter against the forces of Good: forces of Evil that appear powerful and organized as they oppose the children of Light, who are disoriented and disorganized, abandoned by their temporal and spiritual leaders.

Daily we sense the attacks multiplying of those who want to destroy the very basis of society: the natural family, respect for human life, love of country, freedom of education and business. We see heads of nations and religious leaders pandering to this suicide of Western culture and its Christian soul, while the fundamental rights of citizens and believers are denied in the name of a health emergency that is revealing itself more and more fully as instrumental to the establishment of an inhuman faceless tyranny.

A global plan called the *Great Reset* is underway. Its architect is a global elite that wants to subdue all of humanity, imposing coercive measures with which to drastically limit individual freedoms and those of entire populations. In several nations this plan has already been approved and financed; in others it is still in an early stage. Behind the world leaders who are the accomplices and executors of this infernal project, there are unscrupulous characters who finance the *World Economic Forum* and *Ever 201*, promoting their agenda.

Elf4vVoW0AUO87D.jpg

The purpose of the *Great Reset* is the imposition of a health dictatorship aiming at the imposition of liberticidal measures, hidden behind tempting promises of ensuring a universal income and cancelling individual debt. The price of these concessions from the International Monetary Fund will be the renunciation of private property and adherence to a program of vaccination against Covid-19 and Covid-21 promoted by Bill Gates with the collaboration of the main pharmaceutical groups. Beyond the enormous economic interests that motivate the promoters of the *Great Reset*, the imposition of the vaccination will be accompanied by the requirement of a health passport and a digital ID, with the consequent contact tracing of the population of the entire world. Those who do not accept these measures will be confined in detention camps or placed under house arrest, and all their assets will be confiscated.

Mr. President, I imagine that you are already aware that in some countries the *Great Reset* will be activated between the end of this year and the first trimester of 2021. For this purpose, further lockdowns are planned, which will be officially justified by a supposed second and third wave of the pandemic. You are well aware of the means that have been deployed to sow panic and legitimize draconian limitations on individual liberties, artfully provoking a world-wide economic crisis. In the intentions of its architects, this crisis will serve to make the recourse of nations to the *Great Reset* irreversible, thereby giving the final blow to a world whose existence and very memory they want to completely cancel. But this world, Mr. President, includes people, affections, institutions, faith, culture, traditions, and ideals: people and values that do not act like automatons, who do not obey like machines, because they are endowed with a soul and a heart, because they are tied together by a spiritual bond that draws its strength from above, from that God that our adversaries want to challenge, just as Lucifer did at the beginning of time with his "non serviam."

Many people – as we well know – are annoyed by this reference to the clash between Good and Evil and the use of "apocalyptic" overtones, which according to them exasperates spirits and sharpens divisions. It is not surprising that the enemy is angered at being discovered just when he believes he has reached the citadel he seeks to conquer undisturbed. What is surprising, however, is that there is no one to sound the alarm. The reaction of the deep state to those who denounce its plan is broken and incoherent, but understandable. Just when the complicity of the mainstream media had succeeded in making the transition to the New World Order almost painless and unnoticed, all sorts of deceptions, scandals and crimes are coming to light.

Until a few months ago, it was easy to smear as "conspiracy theorists" those who denounced these terrible plans, which we now see being carried out down to the smallest detail. No one, up until last February, would ever have thought that, in all of our cities, citizens would be arrested simply for wanting to walk down the street, to breathe, to want to keep their business open, to

Elf4vVkX0AAMM0b.jpg

want to go to church on Sunday. Yet now it is happening all over the world, even in picture-postcard Italy that many Americans consider to be a small enchanted country, with its ancient monuments, its churches, its charming cities, its characteristic villages. And while the politicians are barricaded inside their palaces promulgating decrees like Persian satraps, businesses are failing, shops are closing, and people are prevented from living, traveling, working, and praying. The disastrous psychological consequences of this operation are already being seen, beginning with the suicides of desperate entrepreneurs and of our children, segregated from friends and classmates, told to follow their classes while sitting at home alone in front of a computer.

In Sacred Scripture, Saint Paul speaks to us of "the one who opposes" the manifestation of the *mystery of iniquity*, the *kathékolon* (2 Thess 2:6-7). In the religious sphere, this obstacle to evil is the Church, and in particular the papacy; in the political sphere, it is those who impede the establishment of the New World Order.

As is now clear, the one who occupies the Chair of Peter has betrayed his role from the very beginning in order to defend and promote the globalist ideology, supporting the agenda of the deep church, who chose him from its ranks.

Mr. President, you have clearly stated that you want to defend the nation – *One Nation under God*, fundamental liberties, and non-negotiable values that are denied and fought against today. It is you, dear President, who are "the one who opposes" the deep state, the final assault of the children of darkness.

For this reason, it is necessary that all people of good will be persuaded of the epochal importance of the imminent election: not so much for the sake of this or that political program, but because of the general inspiration of your action that best embodies – in this particular historical context – that world, our world, which they want to cancel by means of the lockdown. Your adversary is also our adversary: it is the Enemy of the human race, He who is "a murderer from the beginning" (Jn 8:44).

Around you are gathered with faith and courage those who consider you the final garrison against the world dictatorship. The alternative is to vote for a person who is manipulated by the deep state, gravely compromised by scandals and corruption, who will do to the United States what Jorge Mario Bergoglio is doing to the Church, Prime Minister Conte to Italy, President Macron to France, Prime Minister Sanchez to Spain, and so on. The blackmailable nature of Joe Biden – just like that of the prelates of the Vatican's "magic circle" – will expose him to be used unscrupulously, allowing illegitimate powers to interfere in both domestic politics as well as international balances. It is obvious that those who manipulate him already have someone worse than him ready, with whom they will replace him as soon as the opportunity arises.

## The Storm: Volume Eight

Elf4vVpXUAE04fm.jpg

And yet, in the midst of this bleak picture, this apparently unstoppable advance of the "Invisible Enemy," an element of hope emerges. The adversary does not know how to love, and it does not understand that it is not enough to assure a universal income or to cancel mortgages in order to subjugate the masses and convince them to be branded like cattle. This people, which for too long has endured the abuses of a hateful and tyrannical power, is rediscovering that it has a soul; it is understanding that it is not willing to exchange its freedom for the homogenization and cancellation of its identity; it is beginning to understand the value of familial and social ties, of the bonds of faith and culture that unite honest people. This *Great Reset* is destined to fail because those who planned it do not understand that there are still people ready to take to the streets to defend their rights, to protect their loved ones, to give a future to their children and grandchildren. The leveling inhumanity of the globalist project will shatter miserably in the face of the firm and courageous opposition of the children of Light. The enemy has Satan on its side. He who only knows how to hate. But on our side, we have the Lord Almighty, the God of armies arrayed for battle, and the Most Holy Virgin, who will crush the head of the ancient Serpent. "If God is for us, who can be against us?" (Rom 8:31).

Mr. President, you are well aware that, in this crucial hour, the United States of America is considered the defending wall against which the war declared by the advocates of globalism has been unleashed. Place your trust in the Lord, strengthened by the words of the Apostle Paul: "I can do all things in Him who strengthens me" (Phil 4:13). To be an instrument of Divine Providence is a great responsibility, for which you will certainly receive all the graces of state that you need, since they are being fervently implored for you by the many people who support you with their prayers.

With this heavenly hope and the assurance of my prayer for you, for the First Lady, and for your collaborators, with all my heart I send you my blessing.

God bless the United States of America!

My understanding is that the Globalists had planned a reset as this letter states. They know that the Fed is not sustainable. Initially the Fed was set up to last about 70 years after which it would implode itself. We are now at about 107 years so the Fed's reset is 37 years overdue for a reset. The reset was simply to create another Fed, just a different name and the HQ would have probably been in China. This has been averted by Trump merging the Fed with the Treasury last March and he is currently in control of the Fed.

There is another Reset being planned by Trump and that will be a different reset than the Globalists had planned and it is called the QFS - Quantum Financial System which will use a gold backed currency whereas the Globalist Rest Plan was just to create money under a Chinese currency with no gold backing, just a rehashing of the current Fed with more fiat money printing. This would keep us all enslaved.

Personally I believe a Trump reset is in the works and it will repay the citizenry all the money the Fed stole from them, but not an annual income for all citizens of the world. Our economy will be rebuilt and will be fantastic with an influx of recovered/seized cabal assets to finance it, thereby creating tons of jobs for people to make money and be free of traditional income tax. Many federal projects will be completed with cabal stolen assets, such as roads, bridges,

**New Michigan "order" limits going outside & talking.**

## The Storm: Volume Eight

<https://www.freep.com/story/news/health/2020/10/29/michigan-coronavirus-covid-orders-restaurants/6069058002/>

After Half Whitmer's COVID orders were struck down by the Michigan Supreme Court,

She instructed the Michigan Department of Health and Human Services to force an even more draconian set of orders.

They claim that these "orders" take effect immediately and "remains in effect until rescinded."

[https://www.michigan.gov/coronavirus/0,9753,7-406-98178\\_98455-543708--,00.html](https://www.michigan.gov/coronavirus/0,9753,7-406-98178_98455-543708--,00.html)

Limits amount of people allowed to gather [except of course for peaceful rioting].

Must wear a mask during a gathering, and "gathering" is defined as "two of more persons".

Must be six feet of distance between tables at restaurants.

People at bars must not "Intermingle".

If an employee gets a cold, the business must shut down until it is "deep cleaned".

Business can't exceed 50% of capacity.

All athletes must wear a face mask [while competing], and only family members (guests) are allow to attend sports events.

Here's the doozy: "Gatherings are prohibited..unless the facility maintains accurate records, including date and time of entry, names of patrons, and contact information, to aid with contact tracing, and denies entry for a gathering to any visitor who does not provide, at a minimum, their name and phone number".

So how are they going to enforce this fantasy?

The order says: "Under MCL 333.2235(1), local health departments are authorized to carry out and enforce the terms of this order".

Good luck with that Governor.

According to the instructions from Michigan HHS:

Quote, "limit talking" to prevent spreading the bologna virus.

Wear a mask while dining, except to remove it between bites.

Stay home.

Get flu shot.

To Whitmer:

You're on the record, killing all those poor, Black folks in the Detroit nursing homes.

**Trump created a hotline for reporting violations of his executive order that bans anti-White anti-American trainings. It's already received more than 140 calls.**

On Sept. 22, President Donald Trump signed an executive order that bans or limits anti-White and anti-American trainings within government agencies and contractors.

The executive order banned agencies or companies receiving federal funding from participating in "offensive and anti-American race and sex stereotyping and scapegoating" trainings.

Trainings that included terms such as "critical race theory," "White privilege," and "unconscious bias," among other words are subject to investigation, according to the Office of Management and Budget.

As part of it, the government created a hotline where people can report alleged violations of the order: 202-343-2008 or OFCCPComplaintHotline@dol.gov.

The hotline has received more than 140 responses in the five weeks since it was set up, NPR reported.

Agreed! So, it begs the question... where does "knowingly" stop? Knowingly that it was a fraud on the American people so they can "fundamentally transform America." At what point do all these people that perpetuated the lies and fraud become accessories to it? I say at least the real parents of the girls need to do a little time. They had an obligation to come clean with the truth and yet they still haven't.
