## Introduction

The posts throughout this book pick up where Volume One left off. These posts are a compilation of anonymous and non-anonymous drops by civilians archived from *VOAT* (an anonymous internet chat forum) within the sub-verse of QRV. In Volume Two, these posts begin on Monday April 13, 2020, and continue through the month of May, 2020.

QRV (<https://voat.co/v/QRV>) is the only Q endorsed sub-verse via Q posts: 2269 and 2272 that were posted on *qmap.pub* and *qanon.pub* on September 21, 2018. At the beginning of compiling Volume Two, QRV had roughly 19,907 subscribers, and that number was growing by the day. Depending on the day, Q was also making posts throughout this time on *8kun.top*. Then, those Q posts always make their way to *qanon.pub* and *qmap.pub*. The Q posts during this

## Anonymous

time are embedded among the anonymous comments from QRV on the corresponding day.

Q has encouraged everyone to archive offline (i.e., Q posts: 672, 993, 1186). These texts (Volume One and Volume Two) are just two examples of such an archive. These predominantly anonymous citizen posts are unedited, stemming from thousands of Americans and those in foreign countries across the world who subscribe to QRV on *VOAT*. These posts are only organized by the day of the week and month in which they were posted. Some posts are news reports, while many posts are personal accounts and observations, social-media threads, videos, and Anon investigations of politicians and public figures.

On over 16 occasions, Q has stated; “You are the news now.” Therefore, the mainstream media is 100% irrelevant. The real investigations and facts are coming from anonymous citizens. General Michael Flynn himself stated; “We have an army of digital soldiers... We have what we call; citizen journalists.”

While some may not be familiar with Q, or Q posts, we encourage you to look up “*Storm is Upon Us*” by Joe M on YouTube, and watch the videos in chronological order to give yourself a starting point. We also recommend watching the documentary titled *Out of*

## The Storm: Volume Two

*Shadows*, on YouTube, which was published while this archive of online posts was being put together.

More recently, the short documentary titled, *Plandemic: The Movie*, featuring Judy Mikovits, Ph.D. (also author of the book *Plague of Corruption*) became available during this time throughout Volume Two. This short documentary was being scrubbed from most mainstream video platforms once it made its way to the internet. It's available on Bitchute and some places on YouTube, and it's highly recommended.

Then, and more importantly, visit *qmap.pub* and *qanon.pub* and read the Q posts in chronological order, which begin on October 28, 2017.

These archives are for the purposes of personal use, personal education, and a documented history of the lives of Americans and citizens across the world during the Spring of 2020. Some of these posts below from *VOAT* may be pure speculation. However, with individual thought, recall, and a growing ability to connect the dots, you will soon arrive at the conclusion that you may not live in the world you think you do—and there are many digital soldiers who are attempting to

The list of CP websites on the surface web have never been taken down. I was part of an Anonymous group called Delete the Elite who documented them all. We called it Operation Heart Attack. The twitter page we put it on has been long taken down. The websites are still up even though we took them down several times.

The whole population is cowering inside because mysterious health officials with no power told them to. And we just accepted this without any argument whatsoever.

Millions have lost their independent livelihoods and are now reliant on the state.

Our movements are being tracked and punished by the state.

Concerned citizens are informing on those breaking rules to the state.

Why? Because of a virus with a negligible death rate.

Quarantine is what you do to the sick and vulnerable. You don't quarantine the healthy. And the most shocking part is the general population are facilitating and enforcing it.

**State Dept. Releases Phone Transcript Of Hillary Admitting She Knew Benghazi Was Planned Attack.**

Secretary of State Hillary Clinton blamed an “awful” internet video for the deaths of four Americans in Benghazi.

Hillary made the comments just three days after the assault on the compound.

The State Department released a phone transcript this week that proves Hillary Clinton knew the Benghazi massacre was a planned attack and not a protest.

Judicial Watch announced today it has obtained new documents from the Department of State containing the telephone transcripts from the evening of September 12, 2012, in which then-Secretary of State Hillary Clinton informs then-Egyptian Prime Minister Hisham Kandil that the deadly terrorist attack on the compound in Benghazi “had nothing to do

with the film.” The documents include previously unreleased telephone transcripts with world leaders about the Benghazi attack.

Clinton’s admission to Kandil was first produced to the Select Committee on Benghazi on and publicized on the day of Mrs. Clinton’s testimony, October 22, but court filings in Judicial Watch litigation show that the record was only produced after two federal court judges ordered the State Dept to produce more Benghazi-related records to Judicial Watch. Similarly, Judicial Watch litigation also forced the release of the September 11, 2012 email in which Hillary Clinton informed her daughter by email that the attack had been staged by an “Al Qaeda-like group,” rather than as the result of “inflammatory material posted on the Internet.”

But the State Department then produced this information last month to Judicial Watch. The records, the State Department told the Court, were found among thousands of new Clinton State Department records supposedly only discovered in December, 2015 – again, two months after the key Kandil document was first produced to the Benghazi Committee.

The State Department released 11 documents responsive to the Judicial Watch request with large blocks of information redacted. The documents also include phone conversations between Clinton and other foreign dignitaries and heads of state during the period of the deadly terrorist attack on the Benghazi consulate.

On September 11, Mrs. Clinton issued an official State Department press statement, approved by the White House, placing the blame for the attack on an Internet video:

Some have sought to justify this vicious behavior as a response to inflammatory material posted on the Internet. The United States deplors any intentional effort to denigrate the religious beliefs of others. Our commitment to religious tolerance goes back to the very beginning of our nation. But let me be clear: There is never any justification for violent acts of this kind.

Yet the next day, in her 3:04 PM September 12 conversation with Kandil, Clinton said, “We know the attack in Libya had nothing to do with the film. It was a planned attack – not a protest.” Clinton went on to add, “You’re not kidding. Based on the information we saw today we believe that group that claimed responsibility for this is affiliated with al-Qaeda.”

On September 15, in a telephone call with then-Egyptian Foreign Minister Mohamed Amr, Clinton emphatically portrayed the “stupid,

## Anonymous

very offensive film” as the root cause of the Benghazi violence. Clinton told Amr, “I have repeatedly, as has the President and other officials in our government, deplored not only the content of this stupid, very offensive film... But we have to exercise more self-discipline... otherwise we’ll be in a vicious downward circle against everyone who has ever felt offended, particularly on the internet...”

Clinton’s telephone call with Amr also contained a curious reference to what the former secretary referred to as a “very successful investment visit led by my deputy Tom Nides, and on the very day they left this series of incidents began to unfold.” Nides, who was deputy secretary for management and resources at the State Department, was at the same time responsible for “communications with donors” to the Clinton Foundation. Nides was also involved in the scandal involving Clinton’s efforts to provide special access to State Department officials for hedge fund clients of her son-in-law, Marc Mezinsky.

In a September 12 call with the Afghan President Hamid Kharzi, Clinton says at some point they need to talk about “about religious feelings and insults and defamation.” Islamists seeks to criminalize criticism (“defamation”) of Islam. The Obama administration worked closely with advocates for restrictions on free speech as part of their Benghazi video pr campaign.

The documents also show that Clinton referenced the “actions of a mob” to Tunisian Prime Minister Jebali on September 14. Jebali responded that he condemned “these terrorist actions.”

Gov. Northam signs legislation that repeals Virginia vote ID law, makes Election Day state holiday

Gov. Ralph Northam signed landmark new laws that repeal Virginia's voter ID law, make Election Day a state holiday in Virginia, and expand access to early voting, a news release said.

"Voting is a fundamental right, and these new laws strengthen our democracy by making it easier to cast a ballot, not harder," Gov. Northam said in the news release.

"No matter who you are or where you live in Virginia, your voice deserves to be heard. I'm proud to sign these bills into law."

Northam signed these bills:

House Bill 1 and Senate Bill 111, sponsored by House Majority Leader Charniele Herring and Senator Janet Howell, respectively, allow early voting 45 days prior to an election without a stated excuse. Virginia currently requires voters who wish to vote absentee to provide the state with a reason, from an approved list, why they are unable to vote on Election Day.

House Bill 19 and Senate Bill 65, sponsored by Delegate Joe Lindsey and Senator Mamie Locke, respectively, remove the requirement that voters show a photo ID prior to casting a ballot. Voter ID laws disenfranchise individuals who may not have access to photo identification and disproportionately impact low-income individuals, racial and ethnic minorities, the elderly, and individuals with disabilities.

## The Storm: Volume Two

House Bill 108 and Senate Bill 601, sponsored by Delegate Joe Lindsey and Senator Louise Lucas, respectively, make Election Day a state holiday, which will help ensure every Virginian has the time and opportunity to cast their ballot. In order to maintain the same number of state holidays, this measure repeals the current Lee-Jackson Day holiday, established over 100 years ago to honor Confederate generals Robert E. Lee and Stonewall Jackson.

House Bill 235 and Senate Bill 219, sponsored by Delegate Joshua Cole and Senator David Marsden, respectively, implement automatic voter registration for individuals accessing service at a Department of Motor Vehicles (DMV) office or the DMV website.

House Bill 238 and House Bill 239, sponsored by Delegate Mark Sickles, and Senate Bill 455, sponsored by Senator Bryce Reeves, expand absentee voting timelines to ensure access to the polls.

House Bill 1678, sponsored by Delegate Joe Lindsey, extends in-person polling hours from 7 p.m. to 8 p.m.

### **Video: An ICU Nurse Speaks out: COVID-19 and cause of death and more.**

<https://youtu.be/FCgea5o3ALU>YouTube

An ICU nurse speaks anonymously about how COVID-19 "care" is compromising the health of people and the doctors and nurses know it. Lack of preventative care & organ donors leading to more death, inconsistent testing, deaths incorrectly being attributed to COVID-19. And fear and stress straining immune systems instead of promoting healthier eating, sunshine, education about how the immune system works.

If anything, this shows us how we have too much gov't and other oversight into our medical care, especially during a pandemic and few ways to get information about what's really going on (HIPPA, few of losing medical license if you speak out, public relations covering things up, etc.)

The death rate is going down in all varieties of US life, from the largest most densely populated, to the most rural.

I suspect that directly (suicide) and indirectly (poor health, socialization, exercise) the antics of the Cabal will still cause hundreds of thousands, maybe up over 1 million deaths. We will see that in the data, but I doubt that CDC will continue to publish the data. CDC needs to be scrapped, they aren't doing shit, with over a \$10B budget.

But don't be shocked at them causing 1 Million "extra" deaths due to over sheltering and financial harm. They would kill 50 Million if that was what was required to maintain their power, wealth, privilege. No quarter, no mercy.

So, I had some time, and wanted to slap back at the DC Mayor saying their peak would be in early July.....She went on TV on Easter Sunday and lied her ass off, with a total disservice to her constituents and the country overall. And she totally throws in several race baiting episodes also.

And a lot less than the 55,000 that have already died from the SEASONAL FLU that NO ONE is talking about in the MSM. Back in March POTUS noted at one of his pressers that there were already 50,000 that died from the SEASONAL FLU. Last year about 66,000 Americans died from the SEASONAL FLU. There is really no vaccine for Seasonal Flu since its always a guessing game as to which Flu strains will be the most prevalent. Maybe we should try Hydroxychloroquine sulphate, zinc gluconate and Azythromycin for the seasonal flu as well, after all, flus infect the respiratory tract like coronaviruses.

**From Anonymous in Germany:**

Dear Ladies and Gentlemen,

In Germany advocate, Ms. Beate Bahner went to the Supreme Court to question the denial of fundamental ground rights in the course of the coronavirus scam. Under the chair of judge Stephan Harbarth the lawsuit was refused to be disputed. Judge Stephan Harbarth is a member of CDU of chancellor Merkel, was until 2018 a member of the

## Anonymous

Bundestag, and is known to be well linked to various industries in his home region of Baden-Württemberg. He wants to become President of the supreme court.

The story continued. Ms. Bahner gave her license as a lawyer back and declared that the constitutional state is dead, so there is no need for lawyers anymore. She asked people to stand up to make a stand, participate in demonstrations and civil disobedience.

Then her homepage was shut down by her provider. The following day Ms. Bahner registered a dark car entering her garage with two men sitting inside looking for her. She went for the street. There she asked people to help her, but nobody did drive her away or anything.

Meanwhile, the police arrived. Ms. Bahner, a thin lady, was thrown to the ground and arrested with the hands behind her back, a treatment in Germany reserved for dangerous people. Then police did not mention the reason for this.

She was then transferred to the psychiatry of her hometown of Heidelberg and isolated in pitiful conditions like no toilet etc. The caretakers used force against her when she asked for basic care. Then she was informed, that she must stay there for at least 6 weeks because she is a danger not wearing a face mask. She was asked if she wants to stay there by free will. She denied this and asked for a hospitalization decision by an appointed judge. This decision was denied. But she got better treatment in a station with many real depressive patients etc., got a cellphone and could inform her sister who loaded this up to the internet.

In the press, many journalists are cheering this treatment (outstanding idiots, really), also many commentators are laughing about the “crazy lawyer”. Only a few have realized, what this could mean to themselves in the future.

Ms. Bahner said in the phone call, at least she feels safe in psychiatry, which I as an experienced MD can deny for sure. It is not sure to stay in the middle of the really crazy and dangerous people. So anything can happen anytime, as experienced Martin as well.

It makes me cry, if I think of my children. What world will this be? Can we hope that the politicians and Gates overstretch this and it collapses under the siege of civil unrest, war, and the end of civilization 2032?

I would prefer dying in the war than living in a society like this forever.

### **Flash: Just now from Justice Department.**

<https://www.justice.gov/opa/pr/attorney-general-william-p-barr-issues-statement-religious-practice-and-social-distancing-0>

But even in times of emergency, when reasonable and temporary restrictions are placed on rights, the First Amendment and federal statutory law prohibit discrimination against religious institutions and religious believers. Thus, government may not impose special restrictions on religious activity that do not also apply to similar nonreligious activity. For example, if a government allows movie theaters, restaurants, concert halls, and other comparable places of assembly to remain open and unrestricted, it may not order houses of worship to close, limit their congregation size, or otherwise impede religious gatherings. Religious institutions must not be singled out for special burdens.

Today, the Department filed a Statement of Interest in support of a church in Mississippi that allegedly sought to hold parking lot worship services, in which congregants listened to their pastor preach over their

## Anonymous

car radios, while sitting in their cars in the church parking lot with their windows rolled up. The City of Greenville fined congregants \$500 per person for attending these parking lot services – while permitting citizens to attend nearby drive-in restaurants, even with their windows open.[1] The City appears to have thereby singled churches out as the only essential service (as designated by the state of Mississippi) that may not operate despite following all CDC and state recommendations regarding social distancing.

As we explain in the Statement of Interest, where a state has not acted evenhandedly, it must have a compelling reason to impose restrictions on places of worship and must ensure that those restrictions are narrowly tailored to advance its compelling interest. While we believe that during this period there is a sufficient basis for the social distancing rules that have been put in place, the scope and justification of restrictions beyond that will have to be assessed based on the circumstances as they evolve.

The DOJ...picking the EASY FRUIT off the tree. The Church had to FILE A CLAIM and then DOJ acted. Should have been the other way around. DOJ is asleep at the wheel. There are HUNDREDS of examples of the states violating citizens rights during this virus outbreak. I'm not impressed.

[1] The City has since stated it will drop the fines, but will continue to enforce the order.

That tells you all you need to know.

It has to do with this

Also recently the user gamepwn was threatened with death after also reporting on Racine Wisconsin corruption:

<https://voat.co/v/pizzagate/3766641>

Anyone else finds this very suspicious?

I think Voat should release the IP addresses of everyone that is/was involved with this and a thorough investigation made.

As we are all witnessing, the days of the wicked are numbered, their tranches infiltrated.

The root of the problem is already identified and isolated, they are acting like a herd without a shepherd, each going berserk trying to save their own skin.

They fight for power between themselves and end up destroying each other, but in their blood lust for power and control we are all affected, especially the children, and this is unacceptable.

Justice will come sooner or later, time will make sure of that, but why not do everything we can too accelerate the process?

We are all obviously suffering and at the same time thirsting for justice and truth.

Everyone can start with themselves to eradicate corruption, then extend to their family and friends.

Don't lie and don't tolerate lies. It will hurt you at first but eventually the pain will go to the ones doing the lying and deceiving, the ones that are corrupt to the core, that are being protected by each and every one of us through the lies we tell ourselves and others, and by all the lies we tolerate inside our families and group of friends.

Once the good people stop lying it will become obvious who the corrupt and wicked are, so that the good people will stop fighting their wars for them and the only blood being spilled will be their own, and the source

of all suffering that will exist on Earth right now will be isolated inside of them.

There are several issues:

- 1) due to cancellation of all elective surgeries people are dying at home. Not all elective surgeries are 'cosmetic'.
  - 2) inappropriate usage of ventilators causes irreversible trauma
  - 3) NY hospitals get \$39,000 per each covid-classified patient from the emergency funds.
  - 4) people with severe conditions are afraid to go to the hospitals for fear of getting the virus.
- Fear and dishonesty rule the land.

As we look at events surrounding the "COVID-19 pandemic," various questions remain unanswered. On Oct. 18th of 2019, only weeks prior to ground zero being declared in Wuhan, China, two major events took place. One is "Event 201," the other is the "Military World Games," held in none other than Wuhan. Since then a worldwide push for vaccines & biometric tracking has been initiated.

At the forefront of this is Bill Gates, who has publicly stated his interest in "reducing population growth" by 10-15%, by means of vaccination. Gates, UNICEF & WHO have already been credibly accused of intentionally sterilizing Kenyan children through the use of a hidden HCG antigen in tetanus vaccines.

Congress & all other governing bodies are derelict in duty until a thorough and public inquiry is complete.

US Attorney General Bill Barr appointed US Attorney from Connecticut John Durham last May to investigate the origins of Spycgate.

Award-winning investigative reporter John Solomon told Sean Hannity on Friday's podcast that he knows of a few witnesses who have appeared before a DC grand jury.

John Solomon told Hannity he believes that Durham's charges will start with Kevin Clinesmith, the lawyer who fraudulently changed a document to deceive the FISA court.

Hospitals especially in New York are automatically assuming that anyone that has died within the last couple of months died of the virus despite being admitted for another health problem

Seeing that the hospitals are getting 13 thou for each virus patient and 39 thou for each one that they put on a ventilator, there is a definite incentive for them to pad the Corona virus roles as far as deaths are concerned.

President Trump needs to have Barr tell them that there will be an audit and those doctors or administrators that attributed deaths to the virus with the patient never even being tested for it will face felony charges for medicare fraud and lose their license to practice medicine.

Activated on March 16, Joint Task Force National Capital Region (JTF-NCR) is chartered to "defend" Washington on land, in the air, and even on its waterfronts. "

"[Behind] the scenes, JTF-NCR is responsible for what the military calls "homeland defense": what to do in the face of an armed attack on the United States, everything from guarding Washington's skies to preparing for the civil unrest that could occur if a nuclear weapon were detonated in the capital. But most immediate, JTF-NCR is charged with facilitating continuity of government, particularly moving civil and military leaders to secret locations were the order given to evacuate the city."

"JTF-NCR is not only real and operating, reporting directly to the Secretary of Defense for some of its mission, but some of its units are already on 24/7 alert, specially sequestered on military bases and kept out of coronavirus support duties to ensure their readiness."

#### **What BIG thing happened on 4/10/20? Did you miss it?**

It was the day Donald J. Trump became the most powerful president in U.S. history.

Thread 🙌 h/t Susan Holmes

Last Friday, 4/10/20 (Good Friday), Wyoming became the 50th and last state to issue a State of Emergency declaration due to the Chinese virus. (The first state to do so was Washington State, on Monday March 2.)

This is the first time in American history that EVERY U.S. State... and Territory has been under a State of Emergency declaration simultaneously.

What does this mean?

During this unique National Emergency, the authority of the President of the U.S. is unquestionably plenary, meaning that his authority is expanded beyond normal boundaries.

What does the President now have control over?

- (1) He can regulate all commerce and business transactions (National Defense Production Act), e.g. — he can order GM to make ventilators
  - (2) He can regulate ALL finances in the U.S., including all international transactions (Trading with the Enemy Act of 1917)
  - (3) He can take control of ALL MEDIA IN THE U.S. (Communications Act of 1934). He can establish the Office of Telecommunications Management which... oversees all media and telecommunications. President Kennedy did this through Executive Order 10995 in 1962
  - (4) He can capture ALL manpower and resources (Kennedy Executive Orders 10997, 10999, 11000, 11001, 11002, 11003, 11004, and 11005)
  - (5) He can deploy the U.S. Military within the U.S.
  - (6) He can suspend the U.S. government
- Sometimes people ask, “Why is President Trump waiting and waiting

## The Storm: Volume Two

and waiting to drain the swamp?" The reason is that he needed all 50 states under emergency powers to have full control.

Now he can even bypass Congress.

The President's hands are no longer tied and he now has full authority to complete the enormous task of draining the swamp!!

Boom!

## The Storm: Volume Two

What a brilliant move by leaving it up to the states to determine how and when they are going to resume business as usual, president Trump knows it will highlight the aggressive moves by many governors on the left to continue to deny their citizens their rights under the Bill of Rights, which will turn more and more of them against the Democrat party before the next election.

Trump also knows that if he were to set the deadline that the left and their complicit media would scream like scalded dogs no matter what it entailed.

The Chinese Communist Party, the World Health Organization, Bill Gates and his bio-medical eugenists have pursued virus research in laboratories around the world for decades. Bill Gates alone has poured billions of his Foundation dollars into this research in the hope that some day the world would "need" and accept his vaccine. COVID-19 was created by a coalition of virus research scientists and released by the CCP Wuhan lab on purpose to create fear and demand for the Gates vaccine. The DS has long yearned for a way to damage the Trump economy and to create the "need" for a Gates vaccine that would contain RFID chip and nanobot technology. While their plan has had devastating effects on life around the world, the facts are going to come out that this virus was created, unleashed and allowed to spread for the nefarious reasons outlined above. When people come to understand this more fully they will not be able to walk down the street.

**AIDS inside COVID-19 according to Pr Luc Montagnier (Nobel prize for his research on AIDS).**

Pr Luc Montagnier who got a Nobel prize for "the discovery of AIDS" in 1983 (he got the Nobel prize in 2008) just dropped a bomb on a French radio show saying that he found out HIV inside COVID-19 thanks to the help of a mathematician colleague of him, Mr. Perez. He also stated that an Indian research had been done before, that they came to the same conclusion and that the research was censured. He added that there is no way that it comes from a natural mutation and that this virus was man made very probably in Wuhan lab for the purpose of finding an AIDS vaccine. He added that this lab is also funded by the US.

Last but not least, according to him, nature doesn't like man made virus so the virus will mutate in order to get rid of its AIDS part. still according to him that is already happening... In the US which was one of the last countries to get it especially on the west coast, he specifically mentioned Seattle.

To him China has to come with an apology.

He's a very respected doctor here in France, not the kind who goes on TV shows to talk about himself. This truly is a Boom although it seems to be ignored by our local MSM... I don't see this man making such a statement and therefore taking that much risk if he was not 100% sure of what he says.

**Hospital Anon Here, Quick Update, its Not Good. All the Media Lies Has Had a Negative Impact on Hospital Census, People are Getting Laid Off.**

## Anonymous

The health care system I work for has recently laid off 500 people. Thankfully the lay offs have not affected my department yet however they have cut our daily staffing levels by 30%. Typically we have 10 people in my department for each shift, they want us to go down to 6 people. They are currently asking 3-4 people each shift if they want to take vacation time, letting them stay home. So currently it is on a voluntary basis, that will change soon. I assume once we use all of our vacation time they will force people to stay home without pay. My ex-wife works for another medical system, they are cutting staff hours by 30%. If you work 3 - 12 hour shifts per week, you stay home one day per week.

They have canceled all elective surgeries. Only emergency surgeries are being performed right now. We typically do 1-2 cardiac surgeries each day. We have not had any cardiac surgeries in a few weeks. All the fear mongering by the media, the people are afraid to come in to the hospital for fear they will get covid19. Our hospital census is at extremely low levels.

I can see this dragging out for the next 4-5 months, after flu season it always gets slow during the summer months. So we thought we had job security, nope this is affecting the medical industry in dramatic fashion. We may be standing in the unemployment line along with everyone else soon.

HusbandAnon here,

WifeAnon also works medical, but as a therapist (no not mental therapy), and the hospital system she works(worked) for told all the Therapists to cancel their patients. The following week, since nobody had any patients, they decided to furlough the vast majority of them. Granted there were patients who did not want to come to Therapy because of COVID, IT WAS NOT ALL OF THEM. The hospital shot itself in the foot on this one, so I'm of the belief that they are intentionally doing some of this to themselves.

Thanks for posting this, HospitalAnon. Sorry to hear about work, I understand the frustration.

<https://twitter.com/nytimes/status/1251098099243679744>

Be careful when NYT is telling you anything. Head 180 degrees in the opposite and you will be fine. Bill Gates is the Grim Reaper. Everywhere his "vaccines" have been are a trail of death, destruction and litigation. BEWARE. Don't let MSM lie to you. Gates is a madman.

**Shit hits! Gateway Pundit uncovers plot to create bioweapon and then create vaccine, making billions and controlling the world population. And who are the conspirators?**

<https://www.thegatewaypundit.com/2020/04/tying-together-china-dr-fauci-french-company-sanofi-pasteur-george-soros-gates-foundation/>

No surprises here: the dictatorship of China, Dr. Fauci (much of the research into the bioweapon was FUNDED by the NIH, i.e., by us: <https://dailycaller.com/2020/04/14/matt-gaetz-us-taxpayers-funding-chinese-research-wuhan/>), French company Sanofi Pasteur, George Soros, and Bill Gates.

It is pretty well established now that the germ spread was from sloppy procedures in the lab. The lab was not doing high-level containment. But maybe we were actually....lucky?

It looks like a screw-up during bioweapon research, with the bioweapon getting out too early.

Because there was possibly a bigger plot afoot. These five entities have been working collaboratively to develop viruses and then the cures and

vaccines to solve them. This can lead to billions in sales, and a complete control over the population (Be subservient or you don't get your shot!) This would explain why the Chinese government and Fake News Media would, at first, deny the danger of the virus, then, after seeing that the thing was out and about, take advantage of the situation to establish a world dictatorship, which was the goal the whole time.

Tidbits from the article:

Links between Dr. Tony Fauci, China, French company Sanofi Pasteur, George Soros and the Gates Foundation are old and deep. The China coronavirus ties them all together...

On January 15th, China would only report 41 cases publicly. Based on this information, President Trump in Davos claimed that the US had the situation under control, no doubt based on what his health advisors had told him. The media now claims the President missed the significance of the situation but only a week before Trump's statement in Davos, China had confirmed only 41 cases of the coronavirus. By January 31st, the WHO would label the China coronavirus a public health crisis. By February 2nd, China would report more than 17,000 cases...

In 2006 there was an H5N1 outbreak in Asia and by June, human to human transmission was confirmed but no one in the US was infected at that time. In response, the New York Department of Health concocted a response to this "pandemic." In a complete 180 from what is being done today, Dr. Anthony Fauci who has served as the director of the National Institute of Allergy and Infectious Diseases (NIAID) since 1984, and New York City Mayor Bloomberg, recommended against a mandatory quarantine.

Soon after, in 2007, Dr. Fauci personally licensed and saw to the performance of clinical trials to create a vaccine for the H5N1 pandemic that was previously declared by Fauci. The company that Fauci worked with to create and stockpile a vaccine for the avian flu was Sanofi Pasteur:

The FDA has licensed Sanofi Pasteur's H5N1 vaccine, the first avian flu vaccine for humans. Sanofi Pasteur, in collaboration with the National Institutes of Health, submitted a BLA to the FDA for the vaccine. The licensure is the first step in achieving the government's goal of stockpiling vaccine to protect those who are at increased risk of exposure to the H5N1 flu virus contained in the vaccine during the early stages of a pandemic.

Fast forward to February 18, 2020, as America was preparing for the China coronavirus, the HHS engaged Sanofi Pasteur to help develop a

## The Storm: Volume Two

coronavirus vaccine. At the same time and through April, Dr. Fauci was arguing against the use of hydroxychloroquine as a cure for the China coronavirus [Wonder why? No money in it? No control?]:

Peter Navaro reportedly was very angry with Fauci and supplied folders of studies showing how the anti-malaria drug worked against the coronavirus. Navaro also reminded all in the room that it was Dr. Fauci who argued against President Trump's travel ban with China in January...

Sanofi Pasteur and George Soros

Sanofi Pasteur is related to one of the very first western labs located in the Republic of China. One of it's investors is George Soros.

Soros also invests in a company in Wuhan, China, where the Coronavirus outbreak began. That company is called Wuxi AppTech, which just so happens, they develop vaccines too. This company is also related to the former Head of the China Communist Party, Jiang Zemin. One of the Vice Presidents of French company Sanofi quit his job, and went to Wuxi AppTech. Raymond J. Fitch, also known as RJ, left Sanofi Pasteur, to serve as Vice President of manufacturing at Wuxi AppTech.

The Gates Foundation

The Gates Foundation, the foundation created by American billionaire Bill Gates, hired Sanofi Pasteur to explore the technical and regulatory feasibility of Micropellet technology for the development of cost-effective novel combination vaccines that are thermal stable. The Foundation also worked with Sanofi on a polio vaccine. Then in March 2020 Sanofi announced that the Gates Foundation was working again with them, this time on the coronavirus.

So, damn, this is what has been cookin'.

What did Q say about people ending up in the hospital? And this was bigger than you could imagine?

### **New-found Respect for Julian Assange.**

On Sunday, it will be a month since my office was officially closed and all personnel had to vacate and work from home. That was followed by a gubernatorial stay home order.

Since then, I've gone to the grocery store on a couple occasions, have been out in the late afternoons on my motorcycle, have visited a park on the weekends and have driven to visit family about 120 miles away. So for about 93% of the time, I've been staying at home and I'm going friggin' stir crazy as is most of America that's in this boat, I think.

Knowing that Julian Assange was locked inside the Ecuadorian embassy for about 7 years gives me a whole new perspective on what has been done to this guy and I have a new-found admiration for his ability to maintain his principles regarding his old organization and their sources. **The cure is here.**

This. Chloroquine was invented as a synthetic anti-malarial drug in 1934.

HCQ was invented in WWII as a cheaper, safer variant of CQ.

It was given to protect Marines and other fighting in the Pacific theatre. It is safely taken, as prophylaxis (preventative) by travellers to malaria-prone areas all the time. You take it before you go to the malaria-prone area and while you are there.

Cheap, effective HCQ taken in the minimal doses prophylaxis would mean:

-no vaccine necessary

-no large scale, invasive testing necessary

-no masks necessary

-no lockdown necessary

No wonder the MSM is flipping out and so many are rushing to discredit HCQ.

Also, for lyme and other bioweapon retroviruses.

I have Lyme, it's such a fuckin' bitch. I should probably add this to my list of things to try.

### **Corruption on MEGA Scale: [Global Fund, Clinton Foundation, Bill Gates]**

Here is a twitter link to Financial Bounty Hunters / Clinton Foundation Whistleblowers with memos from Government Accountability Project (GAP) alleging corruption within the State Department under Hillary Clinton and its relationship with Global Fund. The State Department was supposed to provide oversight over the Global Fund. It seems the Global Fund fired its Inspector General after he raised concerns over misuse of funding. They claim Parsons was fired for unsatisfactory performance, actually he was doing his job and they didn't like it.

Here is the full letter from the Government Accountability Project (dated April 22, 2016) and sent to then Global Fund board chair Norbert Hauser. Please especially focus on page 2 point 5: "tantamount to fraud"

<https://mobile.twitter.com/LWDoyleUSA/status/1250774274610278400>

Here is the Wiki page for Global Fund. The Global Fund claims to Fight AIDS, Tuberculosis and Malaria, working under directives of the United Nations. Microsoft founder [Bill Gates] was one of the first

The Global Fund has a long history of corruption and misuse of funds. GAP raises questions about \$130 Million in grants given to World Fund but if you look at the Wiki page it seems the American tax payers has donated a portion of some \$50 Billion given to World Fund. In reading the function of World Fund it seems that they provide vaccines and HIV meds to third world nations. These medications for HIV are a lifelong commitment and any stoppage would create a resistance to the medication. They use this excuse to pressure countries to provide funding on a continuing basis. Sounds like a deep state scam to provide funding for their illegal activities.

There are several Global Funds:

[https://en.wikipedia.org/wiki/Global\\_Fund\\_for\\_Women](https://en.wikipedia.org/wiki/Global_Fund_for_Women) (for the women)

It seems the Global Fund for women have a connection to the Clinton Global Initiative. They claim: Global Fund for Children uses a venture philanthropy approach [15] to address issues affecting extremely vulnerable populations of children, including trafficked children, refugees, and child laborers.

**Farmers/Food supply chain, weigh in here. Food supply concerns, farms are regulated and being shut down. Tons of food going to waste, possibly damaging future food supply.**

Below was a post from a group I'm in. What is the impact on food supply short and long term due to this extended shutdown and govt regulation? I've seen many stories of dairy farmers dumping milk into

## Anonymous

fields that is going sour. Meat plants are being shut down left and right. The entire YUUUUGE food distribution chain shutdown that supplies restaurants and hotels etc.... They cannot convert a lot of that food over to "retail" packaging fast enough for grocery stores.

FYI, I buy high quality beef and pork direct from local farmers, better and cheaper. We are going to see a huge increase in demand for local commerce like that.

Does anyone worry about what "they" are doing to our food supply? We own a small family dairy farm. We got a letter in the mail at the beginning of this telling us to be prepared to dump our milk. They said we should cut back on production by culling some cows, drying some up early and cutting back their feed so they wouldn't produce as much. Local farmers have been dumping millions and millions of gallons of milk. The milk price is almost the lowest we've seen it...it had been looking good for this year, after many years of low prices.

The same is happening in the egg industry, and also the beef industry, and vegetables- piles of rotting veggies in the fields, smashing eggs.... It's criminal!

But, the crazy part is that the stores are limiting what can be purchased, and the prices are jacked way up.

My theory is that they are trying to feed the panic by creating the illusion that there is a food shortage.

All the talking heads say that this is bc the restaurants and schools are closed, so the demand is way less. BUT people didn't stop eating- if anything they're eating more {dairy products} than ever (comfort food/home cooking). Part of my theory is that they need to get rid of small farms like ours bc we can supply local people with food. A large factory farm is much easier to control, and when they control the food supply they control the people. Something just doesn't add up.

I read the same article and agree with you 100%. I think the fact that surprised me most is that 60% of the food supply is consumed outside of the grocery store supply chain, which would include restaurants, school cafeterias, etc. That means only 40% is consumed by those who cook food at home. It is imperative that our economy be reopened and that restaurants, etc. get back to business as usual ASAP. There is no short term solution nor is it practical to increase retail packaging capacity for some of these foods.

**Peyton Bobo @ShitPeytonSaya:**

Long thread re: HYDROXYCHLOROQUINE. A few years ago I discovered google scholar. It didn't take long to figure out that this is where they hide older studies they don't want us to know about. (Try to find this stuff on google) Disclaimer: I am not an M.D.

These are conditions I found that are treated, studied, etc. with hydroxychloroquine as a therapeutic. (By itself and in combination with other drugs.) This list is by no means exhaustive as I stopped after approx. 25 pages.

More has to be out there. I'm going to start with the biggest impact diseases. Keep in mind the potential HIT big pharma will take if this info is well known!!!!

Let's start with the big ones: \*systemic erythematous lupus (BIG!) \* malaria \*rheumatoid arthritis (BIG!) \*juvenile rheumatoid arthritis \*sjogren's syndrome \*connective tissue disease (BIG!) \*HIV type 1 (BIG!) \*dermatomyositis

\*cancer therapy-shown to mediate substantial antineoplastic effects in preclinical models (FNG BIG!) \*dementia in Alzheimer's (OMG BIG!) \*melanoma (BIG) \* breast cancer (OMG BIG!!) \*schizophrenia - significant ameliorating effect (BIG!!)

\*B-chronic lymphocytic leukaemic cells (BIG) \*severe chronic asthma-steroid sparing effect (BIG) \*advanced non-small cell lung cancer (BIG) \*improves insulin sensitivity in obese non-diabetics \*Q fever (LOL!) \*cutaneous sarcoidal granulomas

\*cholesterol lowering effects- reversal of deleterious effects of steroids on lipids (BIG) \*prevention of post-op deep vein thrombosis (BIG) \*decompensated treatment for refractory non-insulin dependent diabetes mellitus \*oral lichen planus

\*urticarial vasculitis syndrome \*Kikuch-fujimotos \*sarcoidosis \*discoid lupus profundus in children \*lupus panniculitis \*antiphospholipid syndrome \*severe multicentric reticulohistiocytosis \*chronic urticaris \*relapsed/refractory myeloma \*glioblastoma

\*immunomodulatory properties for bone marrow transplants \*psoriatic arthritis \*lichen planopilaris (frontal alopecia) \*porphyria cutanea tarda \*hypercalcemia \*surfactant protein c deficiency and finally: \*cancer in dogs

So finally patriots, we have to take advantage of this moment in time... big pharma must go down!!! Tell your family, tell your friends.. "Ask your doctor if hydroxychloroquine is right for you?"

**Always Remember We Do This For Free.**

This is the key to our power. We dedicate so much time, energy and thought into protecting humanity and we do it for free. No one recognizes our accomplishments or gives us credit or praise. But, we literally create reality by giving away all of our ideas for free. If we want something to be real, we simply present it to the chans and if the idea is good it will get the credit and recognition it deserves and will be promoted until some rich kike sees it and decides to steal it and make millions of dollars. So, he gets the money. But, we made it happen. How many millions of dollars and how many man hours have been wasted to infiltrate and shill this forum? To keep us from discovering the truth. To keep us from sharing it with each other. To keep us from reaching our full potential. Because, they know we are gods. Immortal souls with iron wills that will rise up and slaughter every single one of them for their treason against mankind. Amen and Godbless you anons!

**When will things get back to normal? Never. That's the point!**

Like the slow inland advance of a tsunami POTUS and his partners have successfully been destroying the old systems put in place to control us; OPEC has been neutralized  
The Federal Reserve has been neutralized  
Corporate executive resignations have removed power brokers and others have been turned  
Political cronies and elites have been removed or rendered helpless  
Many Congressmen and Sr officials in the three letter agencies have resigned or been fired  
Soon the banking, monetary and debt systems that have enslaved us will be destroyed  
Soon justice will be served on those not already captured or neutered.  
Instead of concerning yourself with when things will get back to normal you should be asking what life will be like when we are truly free. Then it will be time to choose whether you are good or bad.

The suggestion with Fauci is that he controls the grant money for research, so if you don't agree with his theories and don't research to confirm them, you don't get any money.  
And now we find he has a chunk of \$32 Bn.

**245 Years Ago TODAY > 'THE SHOT HEARD ROUND THE WORLD' // Revolutionary War Begins!! 'Give Me Liberty or Give Me Death!!'**

The American Revolutionary War began on April 19, 1775, with a battle between British soldiers and American revolutionaries at Concord and Lexington in Massachusetts. The first shot of the war - the so-called "shot heard 'round the world" is not actually known to history. The term comes from a poem, "Concord Hymn", by Ralph Waldo Emerson:

"By the rude bridge that arched the flood,  
Their flag to April's breeze unfurled,  
Here once the embattled farmers stood,  
And fired the shot heard round the world."

245= two terms for 45!

Both are well connected to WHO, Bill Gates, the Clintons (and their Foundation) and the Democratic party.

Both of these "medical experts" have hyped this pandemic hoax and sought to create scientific legitimacy.

Both have promoted "scientific" models that were WILDLY inaccurate in order to create fear and uncertainty.

**Things that make you go Hmmmmmm - California Mayor Who Compared Trump Supporters to KKK Dies in Plane Crash.**

From Neon Nettle (I have been told NeonNettle articles sometimes don't ring true. I thought this article was important enough to share.)

The mayor of a northern California city, who recently stepped down after comparing supporters of President Donald Trump to members of the Ku Klux Klan, has been killed in a plane crash, reports say. Neon Nettle reported last week that Auburn Mayor William Kirby had compared the president and his supporters to the KKK, triggering a backlash online which prompted him to step down. Kirby was identified after a small plane went down near Auburn Airport just after 11 a.m. local time, according to FOX 40 Sacramento. His fellow passenger reportedly survived, but their identity is not yet known. Kirby faced a backlash from Auburn residents last week during a video city council meeting due to the coronavirus outbreak. One of the mayor's social media posts was of a Ku Klux Klan hood, with the caption, "Good news for Trump supporters is that most of them already have masks," FOX 40 reported.

So if you saw the Twatter reaction to the announcement that the beaches are opening in Florida, you would have thought that the Florida

Governor was ordering all people to be exposed by lining up and entering a virus chamber. 'Florida Morons' was immediately trending after the announcement, probably from some fucking liberal know-it-all in a landlocked state that wasn't affected by the order in the first place. When you live at or near the beach, the one thing other than sand and rust that you always have plenty of is sunlight. According to this article, the virus lives for only 2-3 minutes after exposure to bright sunlight. According to studies, the Wuhan virus lives 3 hours in the air and 3 days on surfaces...except at the beach apparently where it has 3 minutes to hunt you down and infect you or it's dead. Fuck you to all those chicken-littles on Twitter and the media who without any real knowledge mocked the decision to open beaches in Florida. If it is a nice sunny day, it might be the safest place to be.

**Pelosi Tells Chris Wallace that Trump is Weak Leader and Gives him an F on Coronavirus.**

The drunken hag has some nerve. She's on a bender until May 4 while Trump has been at work each and every day. The country is suffering because she won't bring the House back to pass much needed stimulus for small business and our workers displaced by the China WuFlu. Trump should use his authority under the emergency power he has to send a 1000 troops in hazmat suits to San Francisco to get rid of the homeless problem. Take a few hundred FEMA trailers and move them to a site outside the city and put them there with drug rehab specialists, social workers, job trainers. Then clean up her district to the joy of locals who have put up with the filth and decay due to true lack of her leadership.

Trump should order the place be sanitized and looking great then explain to the voters that leadership comes from action not words. If the city lets it devolve into a shithole again he will remove ALL Federal funding to SF. I'm sure there are plenty of environmental and other laws their leaders including Pelosi could be arrested for. Either they get voted out and replaced by responsible people or they get thrown in jail. Pelosi and the rest are a disgrace and the voters everywhere should take notice of how the Dems have acted during this crisis.

And leave it to Chris Wallace to give the bitch a microphone and a platform to spew her lies. His bias is always on full display now. Tucker

**IS THIS WHAT FORCED THE HAND OF THE CABAL?**

In September 2019, Trump signed an EO regarding vaccines. In it we see that, under the Secretary of Defense, it is ordered that the efficacy of vaccines be evaluated. (This is what Robert F. Kennedy has been pushing). Section below:

(ii) direct, in coordination with the VA, CDC, and other components of HHS, the conduct of epidemiological studies of vaccine effectiveness to improve knowledge of the clinical effect of the currently licensed influenza vaccines;

This evaluation of vaccines under the Secretary of Defense essentially pulls it away from Fauci, who has been the point man on all things vaccines for decades in this Nation.

The timing of this EO followed by the subsequent coronavirus outbreak is interesting. Coincidence?

New FISAgate releases confirm Schiff was in on it. Schiff can't be trusted, abused his office to take and public private phone records, is a leaker, lied six ways to Sunday about

\*FCC investigation

Rep. Adam Schiff spent months launching secret impeachment hearings, never thinking his conduct would be called into question. He is now caught in the crosshairs of a formidable government agent, Mr. Brendan Carr, Federal Communication Commissioner. The

impeachment may be over, but Mr. Carr is formally investigating Rep. Schiff for violating privacy laws -- more like obliterating ethical boundaries -- by setting up his own surveillance state to target the president's allies.

Carr is currently uncovering the diabolical nature of the congressman's "surveillance state." At the time, Schiff resorted to such desperate measures because he didn't have much of an impeachment case:

Therefore, he issued secret subpoenas to phone carriers hoping to mine the private data of his political opponents, or in effect ransacking their private lives.

The objective was to obtain and publish the calls of Trump's allies. None of this has escaped the notice of the top gun at the FCC. Carr is proposing a \$200 million fine against the phone carriers for failing to protect their customers who have a legitimate expectation of privacy. The FCC commissioner, in reviewing the nearly 4,000 pages, had a very pointed question to ask as part of his investigative letter to the House Intelligence Committee (where Schiff serves as chairman). "Is Rep. Schiff continuing to issue secret subpoenas?"

Before the FCC stepped in, Schiff had already performed much of his cloak-and-dagger work targeting some of the president's most ardent supporters. Schiff's committee took additional clandestine measures in issuing the subpoenas, even slapping a gag order on Republican leaders. Undoubtedly, those targeted by the congressman were blindsided by the process because they were deprived of their legal right to fight the surveillance requests. They included Rudy Giuliani, attorney for the president, Rep. Devin Nunes, ranking Republican on the Intelligence Committee, John Solomon, conservative journalist, and others.

As part of the FCC investigation, Carr dropped a major bombshell, which most likely won't make the news cycle on CNN or other leftist outlets. Carr lambasted Schiff for "exceeding his authority" by publishing call records that lack "any apparent nexus to the Committee's legitimate work."

I can't imagine having to go back to normal traffic after this.

It's been so nice having empty roads.

I wonder what type of changes are going to happen after this things is over?

Are people going to go back to work, go back to endless traffic and suddenly realize maybe life can be simpler? Maybe I don't need all these "things", maybe more family time and less work would be good.

So what if we will have to sacrifice some luxuries, maybe we can make do on one income in the family, and have one of us stay home with the kids... etc. etc....

Maybe some will re-evaluate their priorities in life. I don't know. Just thinking out loud.

### **40 Days...its going to be BIBLICAL**

Saw this from one of my FB friends. Very interesting.

The official lockdown started March 23 and will likely end May 1st.

That is EXACTLY 40 days.

The Latin root of the word "quarantine" is "forty".

So what does the Bible say about 40?

The flood lasted 40 days.

40 years Moses fled Egypt.

40 days Moses stayed on Mount Sinai to receive the Commandments.

Exodus lasted 40 years.

Jesus fasted for 40 days.

40 days for a woman to rest after giving birth.

Optimum number of weeks for human gestation is 40.

A group of theologians thinks the number 40 represents "change". It is the time of preparing a person, or people, to make a fundamental change.

Something will happen after these 40 days. Just believe and pray.

Remember, whenever the number 40 appears in the Bible, there is a "change".

Please know that during this "quarantine" rivers are cleaning up, vegetation is growing, the air is becoming cleaner because of less pollution, there is less theft and murder, healing is happening, and most importantly, people are turning to Christ. The Earth is at rest for the first time in many years and hearts are truly transforming.

Remember we are in the year 2020, and  $20 + 20 = 40$ .

Also, 2020 is the year of the United States Census. Jesus Christ, the savior of the world, was born during a census.

Lastly, 2020 is perfect vision. May our sight focus on the Lord and living according to His perfect vision for us knowing He holds us in the palm of His hand.

May these days of "quarantine" bring spiritual liberation to our souls, our nation, and our world.

Key tell in the article -

Daily NK said Kim had been admitted to hospital on April 12, just hours before the cardiovascular procedure, as his health had deteriorated since August due to heavy smoking, obesity and overwork.

Overwork, of course, being the time spent with the harem. (; No mention of all the Johny Walker Red being consumed. Remember Trump's visit to the border, Lil Kim barely survived that. <https://www.foxnews.com/politics/trump-kim-north-korea-dominated-wheezing-dmz-tucker-carlson>

The last Q drop references the sea, previous q drops related to "Watch the Water" all tied back into NK and one had a picture of Bill Clinton posing with NK leaders. Now close this out with the hints of "retaliation against China."

### **REXXURECTION @rexxurrection:**

1. The key to understanding how the Obama/Clinton crooks worked is to remember that information, much like money, can be laundered.

'Dirty' gossip

(launder)becomes 'clean, legitimate intelligence'. All you need is leverage, power and money to get it done.

2. And you must remember that Obama & Clinton never thought Crooked would lose. That was their grave miscalculation. Drunk on power, they assumed they were untouchable. They controlled every imaginable lever of power. They also controlled the media. Just one problem.

3. They had lost touch with the PEOPLE. When you are in a hall of glittering mirrors 24/7 for YEARS, all you see is your own reflection. It's clear no-one was telling Obama and Clinton that they might lose. There was no back-up plan. At least not one that was pre-planned.

4. Many observers of SpyGate assume that the Aug 15, 2016 'insurance policy' text by 'the unfortunate Peter Strzok' was in case Clinton LOST. No. I think the 'insurance policy' was for when Clinton WON. Let me explain.

5. Trump-Russia' story was for later use. POTUS Clinton would have called for an investigation into what happened. Her apparatchiks would have concluded Trump was in bed with Putin and that the investigation was 100% legit. Trump & his family? DESTROYED.

6. In Aug 2016, these people were NOT thinking that a defeat was possible. The texts prove that. There's no way they were planning an insurance policy for DEFEAT. It was for the inevitable VICTORY. And then, Clinton got burned. By the people they forgot. Well, well, well.

7. As POTUS Trump said yesterday, it's time to investigate the investigators. Has been since Jan 2017, in my opinion. The crooks have all been played. BIGLY. Trump and his team are way too smart for the likes of Obama & Clinton, who are career politicians. Child's play.

**Does this look coordinated? (files.catbox.moe)**

<https://files.catbox.moe/173rmy.jpg>

They CANNOT have hydrochloroquine work. Because if a \$10 a treatment, not even dose, but \$10 for full course of a generic drug can CURE this virus, then nobody is going to need the \$1000 a dose patented, licensed vaccine they are trying to create. And like they care if a bunch of plebs die between now and when they can roll out of a vaccine that is set to make \$8-10 trillion in revenues when its given to every human on earth...well #pleb lives don't matter.

See part of this, out have to understand that much like Captain America, a vaccine is IP, Its a patent, and like any IP its LICENSED. That would mean no matter who makes it, a biotech, a government, a doctor in the back room of a hospital they have to PAY the holder of the IP money to use it or risk being sued for lost licensing fees.

This is all about not curing people, but sitting on the patent for a vaccine they can stir enough panic that everybody is going to clamor to buy no matter the price.

And guess who is funding this? Gate, Soros, Fauci...the CCP... There is much money to be made. Its all about money. People are dying so rich men can get richer still. Which is honestly par the course for rich men. And since Q-fans seem to like their Bible...

Mathew 19:24

"And again I say to you, it is easier for a camel to go through the eye of a needle than for a rich man to enter the kingdom of God."

## The Storm: Volume Two

Contemplate that quote in context of the men scheming for vaccines. Basically Mathew is saying that most Rich men are going to hell. Money is not evil, I can never believe a THING can be evil, it has no will, but the things some men do to become unnaturally richer than 99.999% of the rest of us honest folk, corrupt their souls and sends them to damnation.

And its been the case for much of history. Most super-wealthy men are such because they will do anything to obtain more wealth. This nothing that is off limits to them. And for that corruption they will receive damnation.

Is not the wicked schemes of the vaccine pushers not evidence enough that Mathew was wise when he spoke?

Now consider the rest of the wealthy, the ones who have more wealth than entire nations, more wealth than kings, more wealth the hundreds of millions of people combined. Are they truly good?

Then lets layer more upon it. Once you have wealth, you have power, the power to change the world for the better. If you are gifted that power and use it for more ruthless schemes that hurt people, do you not compound your sin?

No not all wealthy are evil. Somebody like our President Trump, made their wreath by building something and selling it in a fair deal. And he even walked away from in his elderly years to take up Power and fight evil.

Then consider Soros, who earned his wealth, 60 times what Trump earned, who made is wealth by disrupting nations causing death, hardship, and hunger in the process.

**Schiff had evidence President Trump was innocent but instructed Dan Coats to not give the information to the President or any of his lawyers.**

Schiff had information President Trump was innocent. Schiff shared with Dan Coats, but told Coats not to give the information to President

Trump or POTUS' lawyers. Schiff also did not inform the Republicans members of his committee. This seems like treason.

From News Thud:

Not long after the 2018 mid-term election after the House was lost to the Democrat, Schiff took over the House Permanent Select Committee on Intelligence (HPSCI), in early 2019 he sent a letter to then-Director of National Intelligence Dan Coats.

The letter was obtained by conservative reporter John Solomon's website "Just The News" and it revealed that Schiff ordered witness transcripts – some that showed President Trump's team was not guilty of collusion – not be shared with White House staff.

"Under no circumstances shall ODNI, or any other element of the Intelligence Community (IC), share any HPSCI transcripts with the White House, President Trump or any persons associated with the White House or the President," Schiff wrote in a March 26, 2019 letter to then-Director of National Intelligence Dan Coats.

"Such transcripts remain the sole property of HPSCI, and were transmitted to ODNI for the limited purpose of enabling a classification review by IC elements and the Department of Justice," Schiff added.

US intelligence official claim that it was Schiff's request that prevented them from declassifying 10 transcripts blocking them from the President.

However, 43 of the transcripts were declassified, cleared for public release, and given to Schiff's team however, they were never made public despite the committee voting to release them.

If Schiff did receive the transcripts he never told the Republicans on the committee. Republicans on the committee have just learned of this letter and said that they were never altered by the ODNI that the review was completed.

Schiff's letter to the DNI to keep transcripts from Trump or his lawyer occurred at the same time Special Counsel Robert Mueller announced that there was no evidence of collusion between Russia and the President. If those transcripts were released it would have furthered destroyed the Democrats narrative that the President colluded with Russian.

In the letter Schiff claims he's interested in releasing the transcripts however, he never did.

"I hope our staff can reach agreement soon on a schedule for returning the transcripts to the Committee for ultimate public release," he wrote.

We need to win back the House and Rep. Adam Schiff needs to be investigated for ethics violations.

### **Trump Drops Hammer On Ilhan Omar, Backs Call For Investigation Into Spending.**

From News Thud:

President Trump dropped the hammer on Ilhan Omar and backed calls for an investigation into her spendthrift ways.

Trump retweeted a political ally, Charlie Kirk's call to investigate Omar. Kirk said:

“Did you know: Ilhan Omar's campaign is on track to pay her husband's consulting firm \$1.16 MILLION in 2020. Last year, while she was having an affair with her now-husband she paid his firm \$523K.”

“How is this legal? She's funneling money back into her own pockets. Investigate!”

From The New York Post:

Rep. Ilhan Omar is on track to pay the political firm founded by her new husband more than \$1 million by the end of the year, campaign finance filings show.

In the first three months of this year, the Minnesota Democrat's campaign paid the E Street Group \$292,000 for advertising, fundraising, travel and other services, according to a federal campaign finance report filed Wednesday and obtained by the Star Tribune.

At that rate, the company would get \$1.16 million from Omar's campaign in 2020 — more than double the \$523,000 it received for the whole of last year.

The firm was founded by Omar's longtime consultant Tim Mynett, allegedly a former lover whom she married last month. The congresswoman announced their nuptials on Instagram.

Their relationship attracted scrutiny in August, when The Post was first to report that Mynett's then-wife, Beth, alleged in court papers that he walked out on their marriage after admitting to having an affair with Omar and declaring his love for her.

## Anonymous

Both Omar, 38, and Mynett, 39 — who were each married to other people at the time — denied the affair.

The claim prompted a conservative watchdog group to file a complaint against Omar with the Federal Election Commission. The FEC has taken no public action in regard to the complaint.

Cut it off. Permanently.

Then let's see how smart Harvard looks for keeping \$9 million they not only didn't need but aren't using for keeping employees paid who otherwise would be laid off.

Even if it's a billion per year being cut off, they can cover that shortfall for the next 40 years out of what they already have. Or if they can't, we'll hardly suffer if there is no more Harvard.

THE PLAN IS REVEALED: The Greatest Magic Trick Of All Time ... The Pledge (Defeat the Silent Enemy), The Turn (Virus -v- Economy), The Prestige (BOOMS)

Please allow me to qualify myself before I present my idea ... I am a retired military officer (30 years). The first half my career was a combination of Combat Arms and Service Support. My later half was as a Research Scientist and forecast modeler (dynamic systems models to forecast outcomes based on a basket of possible decisions). There's more, but totally irrelevant to this conversation.

For weeks I have been analyzing what we as a species are going through at this incredible moment in history. I have been attempting to weigh

## The Storm: Volume Two

the behavior dynamics of our current Human Drama. I believe it basically boils down to information and programming. There is what we know for sure, what we think we know but cannot be absolutely certain of, and the many outcomes that could manifest into our reality, based on what we think we know, believe, narratives, and social programming. I have been trying to fit all of the 'whoseits' and 'whatsits' into Game Theory, and I am 100% certain most of it has been, but last night I woke up from a dead sleep and had what I can only describe as a 'moment of clarity'. It feels EXACTLY like what magicians call the 3 Elements to an illusion. The Pledge, The Turn, and finally The Prestige.

THE PLEDGE: "Hey Rocky, watch me pull a rabbit out of my hat", or for this trick "We Will Defeat the Silent Enemy" (or some derivation thereof). As Anons have figured out, this slogan is a double entendre. For us it's about the statements from Q, and the Trump team.

THE TURN: "Let me tell you all about this hat, Look at the hat, discuss it, analyze it, focus on it, see if you can find my secret about this 'hat'". For several weeks we have been fed a non-stop barrage of information and FEAR-PORN about SARS-Vov-2 (Fauxvid19). Every news network, every segment, 24 hours a day, 7 days a week. Right now, it is pretty much the only thing anyone is talking about. It is what the producers of Out Of Shadows brilliantly exposed as mass programming. Message ... message ... message: Death Rates, New Cases, Social Distancing, CHINA-CHINA-CHINA, Economic Doom and Gloom, Mass Graves (total fuking misinformation by the way), Face Masks, Dismantling of Civil Rights ... all of it, and more.

THIS is where we are now ... and I believe I know where it's going. As we 'reopen' the U.S. economy (it was Never closed, just placed on house arrest) we are dividing into TWO, mostly non-partisan factions (The MSM are trying to make it partisan). The Shelter in Place (SnP) crowd, and the Back to Work (B2W) crowd. The SnP people have been guzzling down the bitter beer from the giant Keg of Fear-Porn IPA (Ignorance, Propaganda, and Acceptance). The idea of giving the boogie man another shot at Grandma sends them into orbit. By and large they are good people, but right now, they are scared shitless. I think these are the ones that don't understand the complexity of how our dynamic economy works. They believe 100% in the trash they are told by the MSM. They question nothing ... even when presented with evidence of another possible truth. These are the same people that would go back to the haunted house as kids, every day for a week, and genuinely get piss the pants scared every time. The B2W folks by and large don't doubt

the virus is real, but most know it's nothing like what the propogandists are feeding the masses. They are the willing to take the risk of catching the virus above financial ruin. They know that the virus is not a deadly as we are being told.

In the weeks to come the rhetoric between these two factions is going to escalate. Once normally rational adults are going to become militant. To the point of violent aggression. But I don't believe it will hit 'critical mass'. EVERYONE WILL BE ENGAGED IN THE DEBATE – IT WILL BE PRETTY MUCH THE ONLY THING ANYBODY AND EVERYBODY WILL BE TALKING ABOUT. EVERYONE, AND THEN ....

THE PRESTIGE: "BOOM!!! BOOM!!! BOOM!!! the White Rabbit". I visualize this as something akin one of those western movie saloon brawls, where everyone is smashing tables and chairs, throwing punches and breaking glass. THEN ... In walks the town Marshall with a street howitzer and fires off a shot into the ceiling. Everyone stops all at once. You can hear a pin drop ... total fixation on the man with shotgun and badge. In reality this is going to have to be something so off the charts shocking and incredible that hundreds of millions of people stop in their tracks, the debate and rhetoric instantly stops, jaws on the floor, no one is talking and no one is moving. The Magician(s) reveal the truth. The White Rabbit will be out of the hat. We can only speculate on what we think those MASSIVE paradigm shifting shotgun blasts might be (but I will not at this time). I believe it will be several shocking (to most people) revelations in very close succession. Each one more shocking than the last. So much so that when the smoke clears, the two angry sides will realize that our animosity was engineered. Our fears and suffering were totally manufactured. Then, all at once, we will converge into one massive angry mob, and will demand that the criminals be brought to justice. "These people will not be able to walk down the street".

### **Anthony Fauci: Want to see what a SCUM this guy is?**

Anthony Fauci is a con man. A fraud. A snake oil salesman. He has lied to the American people, and to the world, his entire professional career. He has been in charge of the funding for HIV/AIDS for 40 years, and he has NEVER HAD ANY EVIDENCE that HIV causes AIDS. NO EVIDENCE. And you know what else?

After BILLIONS of dollars in "research funding" from taxpayers and donations from charitable people ... he has NEVER PRODUCED ANY RESULTS.

This documentary was done 12 years ago. It explored the issue of why some biologists, virologists, and other scientists question the link between HIV and AIDS. Why has there NEVER been produced a single paper to PROVE that HIV causes AIDS? Why do people diagnosed with HIV and who do NOT take any drugs for it fare better than people who do take drugs (and usually die from the drugs)?

Anthony Fauci (he does not deserve the title of "doctor") is interviewed several times in this documentary. If you pay close attention, you will see him use the classic techniques of propaganda, by answering a question as if his answer is the final authority and to question his answer

## Anonymous

is absurd without further discussion. He never really answers questions directly because he has no answers. He is a FRAUD.

The bottom line is that there is NO PROOF that anyone has ever died of HIV or AIDS. People have died of various illnesses ... that have been ATTRIBUTED TO AIDS, BUT WITHOUT ANY PROOF THAT AIDS OR HIV WERE THE CAUSE.

Sound familiar?

This documentary is 90 minutes, and it is very important to get through it, because once you do, you will see the EXACT SAME propaganda techniques being done for COVID-19 that has been done for HIV/AIDS over the past 4 decades.

Anthony Fauci should be in prison.

I asked this question a couple of weeks ago and it didn't get traction. A lot of unknown puzzle pieces in this plot line.

If you assume that this was a deep state planned bio weapon than it was supposed to be much deadlier. The media and elite have been running the plague script from the start. Remember the original "smuggled" videos of people dropping dead in the street, and cell videos from whistle blowers, the 15 million cell phones cancelled etc.

Now I would assume that the good guys had surveillance of the Harvard prof. and the 2 Chinese Canadians at the level 4 bio lab in Winnipeg that were arrested after the virus was released. Then it would be reasonable to assume the virus was switched out for something much milder. But it was too late to change the media and globalist political response.

The media and "health experts" are all acting like we are dealing with the plague. Yet in the US only about 220 people per 100,000 YTD have been "infected" 110/100,000 if you account for the 50% that have recovered, and 12.18 deaths per 100,000 people. (Automobile fatalities were 12.4/100,000 last year.) Assuming that most of the dead were intubated before death, then they were "killed by ventilators" How many times has POTUS said " we don't want the cure to be worse than the disease." We also know the death rate is a hugely inflated number. And the Dem governors were screaming for ventilators, coincidence? In Canada, which is 10% of US population the current infected rate after allowing for recovered is 40/100,000 the death rate is 4.5/100,000. In Ontario if you take out the retirement home deaths it drops deaths to

## The Storm: Volume Two

1.6/100,000. Canada never cut off flights and airport screening was nonexistent until days ago. US numbers should be 10 times Canadian numbers or less considering the travel bans. My guess is the Dems are heavily involved and "knowingly" participated. Trudeau knowingly participated as well as other globalist cucks but doesn't have the support of most provincial leaders and can't fudge numbers so easily. ( but they are still inflated, as the first Canadian announced death was never tested)

The very sick people are actually dying from an over response of the immune system, leading to hypoxia. Yet 86% of positive cases from what i have read have a very mild cold. Is that because of false positives? Or is that the virus? The idea that asymptomatic people are unwittingly killing their loved ones is needed to push the panic. My guess is, by the time the black hats knew the the wrong virus was released, it was too late. I think the vent protocol was set up to add to the death toll. I watched a video put out by a respiratory therapist yesterday, he was showing all the equipment he has available, but said they weren't allowed to use the cpap machines, and were told to go direct to intubation. Doctors that have noticed the hyper immune response say it does not act like a virus. So is it something different causing this? Maybe to do with this years vaccine? I know everyone in a nursing home gets the flu shot, as do the health care workers. My daughter works in a hospital lab and is required to get it each year or lose her job.

So back to treatment protocol, it probably came from the WHO, goes to show how many doctors lack the ability to observe and think for themselves.

A lot of puzzle pieces missing but i have a feeling, the curtain is about to be peeled back. The bogus Hydroxychloroquine study by the NIH is not going unnoticed and was probably under surveillance. We could start there.

Clinically, gastrointestinal intolerance, retinopathy, cutaneous

Among these, the risk of retinopathy with a specific type of irreversible pigmentary change is the most noticeable adverse effect and a major limiting factor for chronic use of HCQ

COVID bullshit aside...

Dr. Paul Bryne will explain that Brain Death is a lie.

Apnea test = suffocation test

That poor girl probably had her organs harvested and if so, she felt it all.

Thanks for posting this. I just listened to Paul Byrne and he has enlightened me.

check this out

Organ harvesting is (((Jewish))) Human Sacrifice

Here is the thing about organ harvesting, your heart must still be beating with the help of a respirator, with no pain killer but with a paralyzing agent so the nurses don't get upset when the harvest victim starts convulsing on the table. In other words you must still be alive, heart beating, when they harvest the organs. Once heart stops, the organs are no longer viable. That's a fact and that is why Harvard professors invented "brain death"; to procure viable organs from a living victim.

... say you have a son, he gets in to a car accident, you go to the hospital and they already have called the organ procurement team and they gently coax you with, "I'm sorry but your son is 'brain dead' , would you like to donate his organs so he can live on in somebody else ?" Rhetoric.

The mother being totally distraught that her son is 'brain dead' she is coerced into donating her sons organs, never knowing he must still be alive while harvesting his organs. The sadistic doctors know he feels excruciating pain because the victims blood pressure is going up dramatically as he is slowly being tortured to death. Any means to scream is impeded by paralyzing agents and tubes down the throat. Its the ultimate horror show.

Its the ultimate prolonged torture session, and most people think they harvest when you are dead. Nope. Id take water boarding any day. The poor parents really never know what they did to their child.

Organ harvesting live gentiles is a multi-billion dollar industry, that way they satisfy their blood lust for (((Jewish))) human ritual sacrifice, legally, because they are virtually identical in scope of extreme torture, or "blood libel" while keeping the victim alive as long as possible. Ill bet they even collect and drink the adrenalated blood as they procure organs for dinner.

Picture you, the victim hooked up to needles and tubes shoved down your throat to suppress any screams or sounds that may arise. Heart still beating as each specialists filet and plucks the organs carefully, while pinching off the blood supply for the next organ to be harvested. Laying on whatever gurney or cutting board they use, the chest cracked open very much like someone having open heart surgery, but probably more so for egress around the organs. Heart still beating. Blood pressure

## Anonymous

skyrocketing. No painkillers. Just paralyzing agents. After almost the organs are removed, excepting for the heart, artificially, constantly nourishes the body and organs, the last to go are the heart but not before the eyes and the skin removed. Though eyes and skin have a longer window opportunity, when the heart ceases, Im sure they are plucking the eyes out while skinning whats left of the carcass. Being skinned alive, with your heart still beating, doesnt sound like much fun. Then they pluck the heart out, probably still beating splashing blood all over the ice cooler . . .

This is your modern day (((ewish))) human ritual sacrifice. They are not clear where the blood and the flesh on the bone goes to, but I would wager that they end up in the cannibal Club in LA. And they are doing it right under your noses.

Dr Paul Byrne is telling the truth.

**UV light is indeed used to disinfect blood in a well known medical procedure.**

discharge of UV. When oxygen is passed over the crystal, it adds a third healing molecule (-O3). When blood is drawn from the body and then exposed directly to UVC light or mixed with ozone, it damages the DNA of viruses and stops them from replicating. When this blood is reintroduced back into the body, it revitalizes the immune system.

Countless diseases are still treated this way mostly in Russia, Cuba, and in the private clinics of German-speaking countries.

Take some blood out of the body, make a 'disinfectant' using UV light, reintroduce it into the body (injection), healing process starts. How many diseases can be successfully treated by that method? Did Trump just announce another cure? Is that why Dr. Birx's reaction was what it was? She knows they are going to introduce the cure to many things?

Here is the bombshell. 20% of the population may already have COVID. So if you die in the hospital for something totally unrelated, but they test you and you have COVID, then you are considered a COVID death. But it gets worse. Even if they don't test you, but you are "assumed" to have COVID based on some of your symptoms (which we haven't even nailed down yet as they vary so much), then you are also a COVID death. COVID-19 mortality rates are NO WORSE than the FLU, and they are actually less than the FLU for people under 65.

So, to me, the appeal of this drug is not that you get a real high from it which you do, but it seems like you can live longer.

That's why the celebrities LOOK OLDER, that's why lockdown Ellen looks so much older than before, maybe it is because her fix is closed off.

Just ask yourself what you would pay millions for. Everyone, I mean everyone wants youth. A fact.

In IPOTs vid he suggests that Adrenochrome may be difficult to keep fresh and he makes some stark observations about quality too.

Since quality of the drug is important, not only does the young (kids) provide a good calibre, it seems like black and asian people provide a better "taste" for a lack of a better word.

Then I just wondered about the missing kids in the US and around the world. Especially in Asia.

Then I also wondered why so many black women have abortions.

I know they live in poor conditions and on purpose pushed by the democrats but were they dumbed down simply so that "my body my choice" was simply a way of life for many of them to fuel a market where the fetuses were taken away sold for parts, and also to grow the black kids up and farmed, and when ripe harvested.

It gives a new understanding on why the dems keep pushing that a 9 month old can be aborted and is only a petri dish of cells.

From patent description:

The chlorine dioxide compositions are administered (preferably, by injection) directly into the cancerous tumor and the resulting tumor is effectively eliminated from the patient or subject over a period of one to several days to a few weeks, often after a single injection or multiple injections at one time into the tumor. Often, an initial injection or multiple injections at one time are sufficient to dissolve the cancerous tumor. Often the cancer is eliminated (as evidenced by remission) in a period of no more than several days to about two-three months and does not recur.

I had either heard or read Mark Taylor say, a few years ago, say that that the reason "God allowed Obama to steal his second term," was because God wanted to stir up righteous anger in the country.

Essentially, He was allowing more time for people to wake up and ask for intervention.

I think that is one of the many multi-layered things Trump team is implementing in their plan. By assigning state sovereignty, each population gets to look to their governors with interrogating eyes. We are looking to Newsom to "open the state" back up. And he isn't. He has no plan. He's never mentioned a plan. Every day he just posts the same thing. People. are. furious.

**2015 Study reveals that any vaccine for the coronavirus would actually create more viruses inside people's bodies, making the situation worse. Psychopath Gates calls for mass vaccinations. Stone him!**

<https://www.naturalnews.com/2020-04-24-study-coronavirus-vaccine-never-work.html>

Study - <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4369385/>  
Bill Gates, Andrew Cuomo, and others are calling for mass vaccinations against the Wuhan coronavirus (COVID-19), even though a vaccine for the novel virus doesn't yet exist, as a condition for release from lockdown. But a 2015 study reveals that any vaccine for the Wuhan coronavirus (COVID-19) would actually create more viruses inside people's bodies, making the situation worse than it already is.

An honest perusal of this study will more than likely lead you to one conclusion: That there's never actually going to be a vaccine released for the Wuhan coronavirus (COVID-19) because making a truly effective one would never work. Of course, one could still be released that's claimed to be effective, but any genuine look at it by regulators would surely reveal that it's bogus, resulting in its rejection.

What this all means for the release of Americans from lockdown remains to be seen, and certainly doesn't look promising. But the more we can get the following information out to the general public, the better our chances of blowing the lid on the vaccine charade that's now quite literally keeping people as prisoners inside their own homes. If you read through this paper, which was actually published in a journal called *Coronaviruses*, you'll notice that one of the stated requirements for an effective coronavirus vaccine is to make it live attenuated, meaning it would have to contain live, yet weakened, bits of the actual virus. As you may recall, they already tried this with the so-called swine flu vaccine, which caused horrific side effects in those who received it. Seasonal flu vaccines are also generally live attenuated, which explains why so many of the people who receive them end up still getting sick from the flu. Whenever you're dealing with live viruses, weakened or otherwise, in other words, you're playing with fire, which is exactly what the coronavirus vaccine mafia is doing under the threat of indefinite containment of Americans under government-imposed house arrest.

What you really need to know about live attenuated viruses is that they have the potential to recombine in human hosts, meaning they can create more novel viruses. This is a serious problem because it means that a coronavirus vaccine could spread new coronaviruses, sparking more outbreaks and possible pandemics.

"... coronaviruses are also known for their ability to recombine using both homologous and nonhomologous recombination," the study explains. "The ability of these viruses to recombine is tied to the strand switching ability of the RdRp."

"Only limited options are available to prevent coronavirus infections," it further adds. "Vaccines have only been approved for IBV, TGEV, and Canine CoV, but these vaccines are not always used because they are either not very effective, or in some cases have been reported to be involved in the selection of novel pathogenic CoVs via recombination of circulating strains."

In other words, trying to vaccinate against any type of coronavirus, including the Wuhan coronavirus (COVID-19) is risky business, to say the least. It runs the risk of generating new coronaviruses that will then have to be addressed, presumably with more vaccines, and on and on it goes forever.

It's worth noting that developing a vaccine for coronavirus was already tried with the SARS variety. According to this study, multiple vaccines

## The Storm: Volume Two

for SARS were, in fact developed, but none of them were ever approved because of the serious risks involved.

“These vaccines include recombinant attenuated viruses, live virus vectors, or individual viral proteins expressed from DNA plasmids,” the study reads, noting that live attenuated vaccines “would be the most efficacious in targeting coronaviruses.”

The problem, once again, is that recombination threatens to make an already bad situation even worse by “rendering the vaccine useless and potentially increasing the evolution and diversity of the virus in the wild.” Such vaccines, because of the ingredients they contain, can also “enhance disease,” the study reveals.

Science is attempting to come up with new strategies to reduce the likelihood of recombination, but this has not yet been achieved. It is thus a foolish endeavor to attempt to create a vaccine using the old methods and try to force it on the public, which is what billionaire eugenicist Bill Gates, as one prominent example, is now attempting to do

I need to edit my video, but will post it asap. Wanted to let you all know that there were at least 1000 people at the Capitol...lining the streets and in their vehicles protesting the continued destruction that this bullshit lock down is doing to the Battle Born State.

While I am not a bit surprised at the total lack of MSM during the height of the rally, only one television station (I will not bother to give them any credit by naming them) showed up 2 1/2 hours AFTER the rally started and most of the Protestors/Patriots had already gone home.

The "Fake News" reporter interviewed a friend of ours (can't wait to see how they edited his words) and when asked by him why they were not there to cover the huge crowd that was there when the rally started, he had no answer.

The PEOPLE showed up like I've never seen here in Carson City and there were 3 other rallies scheduled at the same time in Vegas, Elko and Reno. Haven't seen any coverage yet of those either but I would lay odds that they get no coverage in the MSM either.

If you don't already know the Constitution find it online and read it. Memorize it. Know it.

There are "pocket Constitutions" available. Buy some. Give them to people.

Teach people that there are 7 billion people on the planet that don't have the privilege of living under the US Constitution but we lucky 340 million are the lucky few. People fought and died for each of the rights that we have. As soon as we give a single one up the others will fall easily.

The Constitution was written to be vague with the understanding that it means what it says and nothing more. The Constitution and "Constitutional Law" are not the same thing. Freedom of speech means just that. Freedom of speech. The right to assemble means just that and neither Congress or any other body can make a law that violates your right to do so.

The politicians will not tell you your rights. They will not protect your rights. They are the ones most likely to violate your rights. In fact, they may challenge you when you tell them your rights. They may sound

convincing. They may be intimidating. They need you to bend to their agenda.

If an officer of the law tells you that they have a right to place you under arrest just for doing something that the Constitution allows you to do you need to remind them that "just following orders" does not grant them the right to violate your Constitutional rights just because they are receiving a paycheck to do so.

Some things they tell you to do may even be a good idea but practical doesn't mean legal and, like when the stoplight turns green, legal doesn't always mean safe.

It should not be seen as a revolutionary act to demand that your Constitutional rights be respected.

It is your responsibility, your duty, as an American citizen to know the Constitution. Here's a link for the lazy. Get to it!

**Trump and Putin Issue Rare Joint Statement Promoting Cooperation.**

April 26, 2020 from The Epoch Times

see also: <https://www.whitehouse.gov/briefings-statements/joint-statement-president-donald-j-trump-president-vladimir-putin-russia-commemorating-75th-anniversary-meeting-elbe/>

WASHINGTON—U.S. President Donald Trump and his Russian counterpart Vladimir Putin issued a rare joint statement on Saturday commemorating a 1945 World War Two link-up of U.S. and Soviet troops on their way to defeat Nazi Germany as an example of how their countries can cooperate.

The Wall Street Journal reported that the decision to issue the statement sparked debate within the Trump administration, with some officials worried it could undercut stern U.S. messages to Moscow on arms control and Russia’s intervention in Ukraine and Syria, among other issues.

The joint statement marked the anniversary of the April 25, 1945, meeting on a bridge over the Elbe River in Germany of Soviet soldiers advancing from the east and American troops moving from the West. “This event heralded the decisive defeat of the Nazi regime,” the statement said.

“The meeting on the Elbe represented a culmination of tremendous efforts by the many countries and peoples that joined forces under the framework of the United Nations Declaration of 1942. This common struggle required enormous sacrifice by millions of soldiers, sailors, and citizens in multiple theaters of war.

“We also recognize the contributions from millions of men and women on the home front, who forged vast quantities of war materials for use

around the world. Workers and manufacturers played a crucial role in supplying the allied forces with the tools necessary for victory.

“The ‘Spirit of the Elbe’ is an example of how our countries can put aside differences, build trust, and cooperate in pursuit of a greater cause,” the statement continued.

The Journal said the last joint statement marking the Elbe River bridge link-up was issued in 2010, when the Obama administration was seeking improved relations with Moscow.

Trump had hoped to travel to Moscow to mark the anniversary. He has been complimentary of Putin, promoted cooperation with Moscow, and denied collusion with the Trump campaign to interfere in the 2016 U.S. presidential election.

Some senior administration officials and lawmakers, in contrast, have been fiercely critical of Russia.

Salon owner Breann Curtis said they need to let us work or the state's hair salons will go out of business.

Two hair salons opened in Auburn, California this week breaking the state quarantine.

The owners said they had to open their shops to pay their bills and not go bankrupt.

After more than a month without income, two business owners in Auburn have decided to defy that order and reopen their doors to customers anyway.

For Clip Cage owner Breann Curtis, it was either defy the state's stay-at-home order or face collections.

"I have to do what I have to do. I'm fighting to provide for my children and myself and my family right now," explained Curtis.

After losing thousands of dollars, Curtis told FOX40 that it was time to take a chance and reopen.

Likewise in Texas a Dallas salon opened for business this week despite the Lone Star State's quarantine.

Barr bringing in more US Attys likely indicate more grand juries. He's bringing in department heads that specialize in Organized crime and that indicates to me he wants the best to present matters before grand juries.

He wouldn't be bringing in heavy hitters to present a case to a grand jury that they have questions about the solidity of their case or if the cases were shaky, you don't burn that kind of manpower for nothing.

Using grand juries to get subpoenas for witnesses and documents so it can be both expanding investigations increases the likelihood of multiple indictments. This thing smells solid of a RICO case.

My opinion is that this is one of the reasons they are letting the Flynn case drag out because it's a distraction. That and the best outcome for Flynn is the case is dismissed with prejudice which is better than an acquittal when he goes to bring his damages lawsuit

Barr isn't grabbing these US Attys at random. They have specific specialties and this is likely the biggest scandal in the history of the US.

This net is so huge it's going to be unbelievable when it unfolds.

Barr oversees Durham. Barr sees a legitimate need for Durham to appropriate more DOJ people , including prosecutors, you can be damned sure he wouldn't do that unless it's absolutely necessary.

There's a lot going on daily away from all this that still takes resources

Barr has to allocate resources across the entire DOJ. He doesn't seem to be the type of to indulge in vanity projects for optics.

All these declassified docs suddenly coming out now to fill in the blanks is no accident.

They burn the cane fields to drive out the snakes

And all those that have DM'd this asinine theory that Barr is part of the coverup make sure to keep your crow eating utensils handy because I will be serving it up hot.

Covid spawned a bunch of tyrants. Amazing how power hungry some are. Doesn't it seem like different areas must be on different frequencies that each can't hear? There are states and even countries (I forget which ones, so, no 'sauce', sorry, I read a lot but don't document every morsel) that haven't even shut down and are doing well. We need to learn from each other, use the good ideas from one area to the other, but, it's like they have their own ideas (and bad ones, to boot) and nobody else can tell them anything. Doctors from when I was growing up even told us we have to be exposed to bacterias and viruses to build up immunity. If we sterilize our surroundings, that only makes the germs stronger against us. Democrats — to ask them about Tara Reade's allegations that Biden sexually assaulted her in 1993 when she worked for him in his U.S. Senate office.

Not a single Democratic senator, or their office, responded to requests for comment. They were given 24 hours to respond, more than enough time in the fast-moving world of politics.

Their silence comes despite mounting evidence that lends credibility to Reade's claims.

On Friday, Reade told a journalist that her mother called into CNN's "Larry King Live" in 1993 to ask where she could report that her daughter had problems with a "prominent senator."

Hours later, the Media Research Center unearthed the old video.

Reade then confirmed that the caller in the video was her mother.

"I just heard audio, my mother died and hearing her voice made me cry. She was such a good mom and always watching out for me even now," she told the Daily Caller, explaining the video proves "that I was forced out and wanted to come forward in 1993."

The hypocritical silence by Senate Democrats has reached deafening levels, considering they were the loudest voices decrying Brett Kavanaugh during his Supreme Court confirmation.

Why was the FBI dragged into a murder of a couple that would normally be handled by the local police who are very very very very used to murders almost every day. Apparently one of the couple, who were both attorneys had discovered that two of the policemen he had previously investigated were running a trafficking operation. At this point it is unclear if it is people or drugs. The lean is towards people because one of the policemen only spends time with escorts brought in from other countries.

Sandy Hook on STEROIDS:

Sandy Hook was not about taking guns. That part was the cover story. Sandy Hook was about using social media and 5th Column traitors in Governments ( including Obama ), Fortune 500 and the MSM to push a coordinated and false narrative on Americans.

Sandy Hook ( and successive FF's ) was practice for the Big Lie > A FAKE PANDEMIC saddled to the seasonal flu, used as an instrument to strip away all our Constitutional Rights, except the 2nd Amendment. They don't want our guns, just yet. They will come for our guns LAST and that is by design: After we're labeled 'terrorists', our permits, receipts and gun collections confirm the premise.

PROVE ME WRONG

Remember: Hillary was supposed to be President right now. Imagine how all this would be going, Deplorables. We would be in a 2 year lockdown and suffocation of the economy, and the American people. All the 'powerful women' & 'diversity inclusions', carefully placed throughout government and media you see today? That was part of the plan, too. Those were her soldiers. People around me thought I was exaggerating when I said EVERYTHING but over time it turns out to be...true.

I agree that something doesn't feel right about the tiktok videos of dancing nurses. They were believable, at first, but then they KEPT being released. The blow back from the first couple of videos would have stopped any legit nurses from making their own followup videos - yet they are seemingly still being produced/released.

Furthermore we have no idea when these dancing nurse videos were made. As this pandemic was all planned, these videos could have been produced many months ago and are just being released now. The people acting in them, if they were shot before the pandemic, would have had no idea what they were hired for - they could have told them it was for a commercial or some shit.

Oh, I know we've been told for years that the depletion of the ozone layer decreases our atmosphere's natural protection from the sun's supposedly "harmful" ultraviolet (UV) rays.

We've been told that these rays damage the skin's cellular DNA which then produce genetic mutations that can lead to skin cancer.

## The Storm: Volume Two

And of course the US Department of Health and Human Services and the World Health Organization both have identified UV light as a proven human carcinogen.

**This is very cool. The Colonial Steakhouse in Pine Bluff , Arkansas received entire \$1,200 Stimulus Check from a customer as Tip for Struggling Staff.**

<https://themindunleashed.com/2020/04/restaurant-stunned-after-customer-gives-entire-1200-stimulus-check-as-tip-for-struggling-staff.html>

Small family-owned businesses have struggled mightily to remain open as the coronavirus pandemic rips across the country, with many struggling to pay employees' sick pay or even continuing operating at limited capacity.

Such has been the case for one steakhouse in Arkansas which found itself receiving a tip its owners and staff will never forget.

The Colonial Steakhouse in Pine Bluff had been weathering the storm of the COVID-19 pandemic and state efforts to curb the deadly disease by maintaining a skeleton crew of four employees to offer curbside pickup for three days out fo the week.

General manager Allison Hall, whose parents own the steakhouse, told KARK:

“Things have been barely getting by but we are making it, though.”

But one day, some regulars stopped by to pick up a to-go order and tearfully made one of the kindest gestures imaginable for the restaurant staff—a massive tip of \$1,200, equivalent to the customer’s entire

## The Storm: Volume Two

stimulus check issued by the federal government to offer limited relief to qualifying taxpayers.

“She was just sobbing and saying it was their whole stimulus.”

Hall added:

“We just started crying and thanking God because it came at a time that most of our staff really needed it.”

According to Gateley, the tip was enough to distribute \$100 to every employee, including those who aren't working.

Like many restaurants across the U.S. forced to offer only delivery and pick-up service, Colonial Steakhouse has been forced to cut its staff from 12 to only four people.

However, Hall has no intention of letting the restaurant become the latest victim of the spiraling economic crisis that has come in the wake of the COVID-19 outbreak. Hall said:

“We've been open for a very long time, nearly 50 years, so we're stubborn and we aren't giving up. We are not going to give up.”

According to KATV, many Arkansas restaurants have struggled to remain afloat since Gov. Asa Hutchinson announced strict measures ordering all non-essential operations to shut down, including dine-in at restaurants and bars.

While some restaurants and bars have been able to stay afloat through carryout, curbside pick-up, and delivery, others have had to rethink their entire business model

Some restaurants have even turned their dining rooms into makeshift boutique grocery spaces and even miniature farmer's markets where locally-grown foods are sold, reports KTHV.

Other less fortunate restaurants and bars have temporarily closed, with some feeling that it is more important for their employees to file for unemployment amid the unprecedented health crisis than to stay open. However, on Monday Gov. Hutchinson signaled that some restrictions put in place during the outbreak would begin being lifted beginning May 4. The lifting of restrictions should offer some relief to small businesses and restaurants in the region, but the governor signaled that any worsening of conditions would lead to the return of restrictions. Hall and the crew at the Colonial Steakhouse are rearing to welcome their customers back. Until then, however, they are more than happy to have been graced by their regular customers with such a warm and heartfelt gesture

### **Social Distancing is the Propaganda.**

"What I find terribly disturbing is how everyone seems to be in on the propaganda assuming that all people are just stupid. Here we have Stanford University stating that the entire reason and the benefits of "flattening the curve" were to stay below a fixed healthcare capacity! Yet hospitals are empty. I personally drove to one to look near my house and there was nobody there. This [propaganda that we had to destroy the world economy all because the "peak of the epidemic so that healthcare capacity can be expanded to support patients" is total nonsense. First of all, the definition of an "epidemic" is when more than 7.7% of the population is sick.

"We don't want to squash a flea with a sledgehammer and bring the house down," says Auckland University epidemiologist Dr. Simon Thornley, has come out as many doctors are now criticizing this entire debacle. He said: "Lockdown was appropriate when there was so little data...but the data is now clear, this is not the disaster we feared and prepared for. Elimination of this virus is likely not achievable and is not necessary," Thornley says.

These people justifying the destruction of people's livelihoods and creating food lines because they can no longer feed their families taking society back to the days of the Great Depression is absolutely criminal. What are they doing? Are they this cold-hearted that they only care about their own narrative? In Florida, three times as many people die in

car accidents each year than have died of this coronavirus. New Jersey figures have shown the 40% of the death takes place in nursing homes." <https://www.armstrongeconomics.com/international-news/disease/social-distancing-the-propaganda/>

This mail in voting being pushed by the George Soros backed Democrat party is the only means they have to win in 2020 and they know it.

The Supreme court needs to make a ruling on same day voter registration (which allows no time to verify citizenship) and motor voter laws that automatically register illegal aliens to vote and then leaves it up to them whether or not they want to break the law by casting a vote. President Trump should pass an EO that requires a picture ID in order to vote in federal elections and let it go through the courts until the Supreme court rules on it.

### **Flynn's Role in "The Plan".**

My speculation --

Flynn "going down" was part of "The Plan." Trump and his team knew that DS was illegally spying on Trump, Flynn, and others. They also knew that DS had lots of corrupt prosecutors and judges installed, which would have made prosecutions impossible early on.

They needed a way to make the DS think Trump was a bumbling fool to buy time to set the stage: remove dirty prosecutors, replace them with clean prosecutors, and install new, clean judges.

Flynn was director of DIA. He knows where the bodies are buried. He has the intel. This is why Flynn is a serious threat to the DS. Trump brought Flynn into the administration early on.

Flynn set up the DS. He knew the DS had info about his interactions with Kislyak, but that they did not obtain that info legally. So, he put out the word through TV interviews by lying about it (on TV), directly

## Anonymous

and indirectly through Pence and Spicer (who might or might not have known it was a lie). This prompted the DS to try and get him to lie to the FBI so they could prosecute him and get him out of the administration.

But when FBI interviewed him, he didn't lie. That's a problem for the DS because it is not illegal to lie on TV, and he did not lie to FBI. So, the corrupt leadership in the FBI did what they always have done -- they made up charges, falsified 302's and charged him, anyway.

Then, Flynn surprised them by pleading guilty to something they knew he didn't really do. DS has had to hide the info all this time because they cannot prosecute Flynn, since they knew he didn't really lie to FBI (which is what he was charged with).

Although Flynn had the intel, it was classified. That is why Ezra Watnick-Cohen became involved.

Cohen was Flynn's protege at DIA. Flynn brought Cohen into the White House with him. Cohen is the one who alerted Devin Nunes in the early days about the illegal unmasking by Samantha Powers, and started Congress on their investigation of the Witch Hunt.

McMasters (DS stooge) tried to get Cohen out of the White House, remember? Eventually, Cohen left the White House, and was hired by AG Sessions at the DOJ. A military intel guy at the Department of Justice? Why?

Cohen has top secret (or above) security clearance. He was Flynn's protege at the DIA, after all. At the DOJ, he acted as the secret liason between Flynn and the DOJ. This is how Flynn got his classified DIA intel about various crimes to the DOJ.

The intel was classified, so it had to be relayed through classified channels. At some point, though, it had to be declassified so prosecutors and grand juries could analyze and hear the evidence. This is when Trump gave AG Barr declas authorization, which allowed Cohen to relay the intel to Durham (and possibly other prosecutors who are still working in secret). It was Barr's job to work with Cohen and Durham on this, leaving Trump out of it.

Once the lid is blown off the frame job that McCabe did on Flynn, the FISA declas will be made public, which will expose the entire illegal spy op against Flynn (and Trump, who was the real target).

Strozk ran the illegal spy op, and he was also the FBI/CIA liason (a special position created by Congress).

That brings John Brennan into the picture, which then brings Christopher Steele into the picture, which then brings the DNC into the

picture, which then brings Hillary Clinton into the picture, which then brings Barrack Obama into the picture.

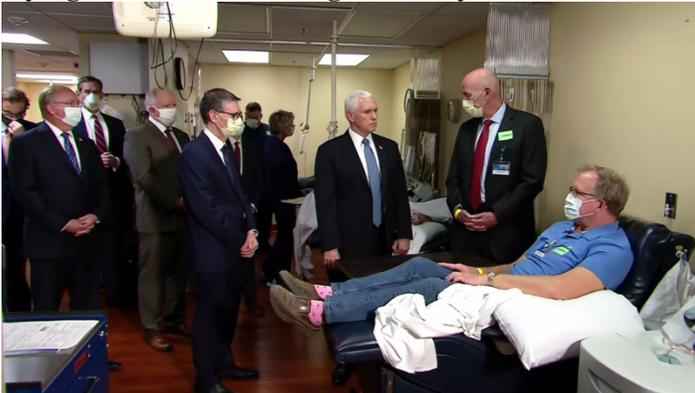

FISA brings down the house. The Obama White House.

She showed (as did many before her) that vaccines in the 30s were contaminated with mouse and monkey viruses. CFS was first reported in the mid 30s and the sufferers of this were doctor's and nurses who had been injected with an experimental polio vaccine that had been passed through mouse brain tissue. Then they go on to use monkey kidney cells in the 60s in the polio vaccine again spreading an SV-40 virus that causes cancer. Anybody ever wonder why the boomers are all coming down with different types of cancer??? Thank the monkey kidney polio vaccine that infected millions of americans.

>Irregular warfare is far more varied than conventional conflict: hence the importance of an intellectual framework that is coherent enough to provide guidance, and flexible enough to adapt to circumstances.

>American counterinsurgency practice rests on a number of assumptions: that the decisive effort is rarely military (although security is the essential prerequisite for success); that our efforts must be directed to the creation of local and national governmental structures that will serve their populations, and, over time, replace the efforts of foreign partners; that superior knowledge, and in particular, understanding of the 'human terrain' is essential; and that we must have the patience to persevere in what will necessarily prove long struggles.

>Insurgency, however, can and will flourish in the modern environment. The strains created by globalization, by the collapse of weak state structures, by demographic, environmental, and economic pressures, by the ease of cooperation among insurgent groups and criminals, and by the appearance of destructive radical ideologies, all augur a period in which free and moderate governance is at risk.

**[Insurgency is the organized use of subversion and violence to seize, nullify or challenge political control of a region. As such, it is primarily a political struggle, in which both sides use armed force to create space for their political, economic and influence activities**

**to be effective. Insurgency is not always conducted by a single group with a centralized, military-style command structure, but may involve a complex matrix of different actors with various aims, loosely connected in dynamic and non-hierarchical networks. To be successful, insurgencies require charismatic leadership, supporters, recruits, supplies, safe havens and funding (often from illicit activities). They only need the active support of a few enabling individuals, but the passive acquiescence of a large proportion of the contested population will give a higher probability of success. This is best achieved when the political cause of the insurgency has strong appeal, manipulating religious, tribal or local identity to exploit common societal grievances or needs. Insurgents seek to gain control of populations through a combination of persuasion, subversion and coercion while using guerrilla tactics to offset the strengths of government security forces. Their intent is usually to protract the struggle, exhaust the government and win sufficient popular support to force capitulation or political accommodation. Consequently, insurgencies evolve through a series of stages, though the progression and outcome will be different in almost every case.]**

**Psychopath Bill Gates paralyzed half a million children with polio vaccines - do we really want him vaccinating the world for coronavirus? Arrest him.**

<https://www.naturalnews.com/2020-04-29-bill-gates-paralyzed-children-polio-vaccines-coronavirus.html>

It is difficult to understand how a man whose vaccine initiatives have injured and killed untold thousands of innocent children all around the world is now being given a platform to push for mandatory Wuhan coronavirus (COVID-19) vaccination as a condition for ending the lockdowns.

Bill Gates, in case you had not yet figured out the character in question, is pushing not just for mandatory vaccination for the Wuhan coronavirus (COVID-19), but also for “digital certificates” that prove vaccination status. This is the only way people will be allowed to return to work, assuming Gates gets his way.

But have people forgotten that Gates has spent billions of dollars over the years vaccinating children for other things, all the while inflicting them with permanent injury and even death? A single vaccine campaign that Gates launched in India for polio ended up causing non-polio acute flaccid paralysis (NPAFP), or permanent paralyzation, in nearly half a million children between the years of 2000 and 2017.

After the Indian government demanded that Gates and his cronies leave India following this epidemic of permanent injury, rates of NPAFP dropped precipitously. But this has not stopped Gates from inflicting similar damage elsewhere, with injury and death tolls that more than likely are in the tens of millions, at this point.

An outspoken eugenicist and “elite” supremacist, Gates lives to vaccinate. After conveniently ditching the board of Microsoft right as the Wuhan coronavirus (COVID-19) pandemic started to come into full swing, Gates has been doing nothing other than advocating for mass

vaccination and indefinite lockdowns until everyone on the planet is jabbed.

Listen below to The Health Ranger Report as Mike Adams, the Health Ranger, explains why the Wuhan coronavirus (COVID-19) is 56 to 100 times more deadly than seasonal influenza:

The WHO is complicit in Bill Gates' eugenics-based vaccine scheme. What many people are failing to recognize is that Gates has a long track record of deception when it comes to his so-called "medicines." His vaccines for polio were even outed by the World Health Organization (WHO) as containing the predominant strain of polio, or NPAFP as it is often disguised, that has caused immense harm not just in India, but also in the Congo, Afghanistan, and the Philippines.

The WHO did not actually come right out and blame Gates, of course, as the WHO and the Bill & Melinda Gates Foundation are organizational pals. The WHO did, however, admit that Gates' vaccines were probably responsible for all of that disease spread, which is why about 70 percent of all global polio cases as of 2018 are linked to the vaccine strain of the virus.

All of this is to say that it would be utterly foolish for any government agency to take Gates seriously when it comes to pushing for a Wuhan coronavirus (COVID-19) vaccine. Chances are the vaccine will cause substantially more harm than any virus, leaving people permanently injured or dead in the name of fighting a pandemic.

Keep in mind that Gates uses his foundation to control global health bodies like the WHO, as well as UNICEF, GAVI, PATH, and many others. Gates also owns and funds a private pharmaceutical company that he uses to manufacture his vaccines, not to mention the \$50 million he recently threw at 12 other pharmaceutical companies to speed up development of a Wuhan coronavirus (COVID-19) vaccine.

"Gates appears confident that the Covid-19 crisis will now give him the opportunity to force his dictatorial vaccine programs on all American children – and adults," warns TruthToPowerNews.com.

Head of House Intelligence Committee Adam Schiff Demands Google-YouTube-Twitter Step Up their 'Authoritative' Censorship and Silencing

On Thursday Rep. Adam Schiff, the most dishonest and compulsive liar in Congress, sent a letter to the CEOs of Google, YouTube and Twitter to urge them to use their "authoritative" powers to censor and silence voices during the coronavirus pandemic.

Last week YouTube CEO told CNN the company would silence anyone who strayed from official WHO policy.

## The Storm: Volume Two

Google is cool with that.

In fact, the company is very proud of her censorship.

Remember this in November. Democrats support this and want MORE censorship and silencing.

Schiff sent these letters off to Google, YouTube and Twitter.

America as a country is despised because it was seen as a supporter of the Shah of Iran, but individual Americans were treated well in respect to the crisis in Iran according to a former Gilman area man who left that Asian nation Feb. 6.

Peter P. Strzok, 43, son of Mr. and Mrs. Mike Strzok, now living in Eau Claire, said he hopes the government of Ayatollah Ruhollah Khomeini will stabilize the country.

"I'd like very much to go back to Iran," said Strzok, who spent two terms of military service and seven months as a civilian in the country.

On the issue of treatment of Americans in Iran, Strzok, who was a support unit manager for Bell Helicopter Inc., said, the resentment of America was because Iranians linked the

**Reince Priebus Covering Up for Pedophiles? Does Flynn Have a list if High Level List of Pedophiles and was this why FBI Took him Out?**

## Anonymous

I heard about a interview where someone said Flynn had a list of high level pedophiles and this was the reason the FBI took him down. One of the people on this list was the best friend of VP Pence. I found the interview, it took place on Alex Jones show. Yes I know, Jones is controlled opposition and at one point it seems like Jones tried to shut him down and kept steering away from the topic. The mans name is Robert Steel, a ex CIA officer and Marine. He also says Reince Priebus is covering up all the pedophilia going on in the Republican party. This interview was from a few years ago. I found it interesting, Listen to what he has to say.

<https://www.bing.com/videos/search?q=Flynn+has+a+list+of+top+level+pedophiles&refig>

Here is a article talking about the interview if you don't want to watch the video.

<https://breakingnewshouse.com/2019/08/26/ex-cia-trump-is-at-war-with-elite-pedophile-ring-the-deep-state/>

Here are the key points outlined by Mr. Steele during the interview:

- \* Donald Trump is our chance to take down the deep state
- \* “White hat” intelligence community was able to stop Hillary from rigging the vote electronically like she did to Bernie
- \* Former CIA head John Brennan committed treason by telling lies intended to overturn the Electoral College
- \* John Brennan highest paid agent of Saudi Arabia, should be under FBI investigation
- \* Reince Priebus is an enabler and cover-upper of pedophilia — Former Speaker of the House Dennis Hastert is the tip of the iceberg
- \* Wikileaks is going to take down Priebus?
- \* Pedophilia is an “elite privilege” — For the Democrats, it’s an “acquired taste” — Podesta is a “pedo-light”
- \* The Republicans and the elite in banking are the ones who have made pedophilia a “big league thing”
- \* There are Saudi Arabian and Washington DC restaurants with basements where you can order children off of the menu
- \* DC pedophilia is the Achilles heel, and Trump has figured that out
- \* Flynn didn’t get fired because he called the Russians
- \* Flynn got fired because he “had the arrogance to think” (sarcasm) that he could tell Mattis and Tillerson what to do
- \* Flynn pissed off VP Pence

## The Storm: Volume Two

\* Flynn's call that got him in trouble included a conversation about a list of high-level pedophiles inside the US, one of whom happens to be VP Mike Pence's best friend

\* Flynn did not tell Pence about the list, or that his "best friend" was on it. Pence found out about this from the deep state (probably NSA taps)

\* The NSA has been spying on all of our politicians with impunity!

\* The CIA is leaking HIGHLY classified information as part of a political coup against Trump

Here is another video of someone talking about a Roger Stone tweet talking about this high level list that Flynn has.

<https://www.bing.com/videos/search?q=Flynn+has+a+list+of+top+level+pedophiles&&view=detail&mid=26D535A039DC8CAAD49726D535A039DC8>

**How Covid-19 Exposed the BIGGEST SECRET in America.**

The biggest secret in America is that most people in many professions ... many respected, high-level professions ... in reality ... do not know what the FUCK they are doing. And the people who train them ... don't know what the FUCK they are doing, either.

Doctors who see patients, take blood samples, and look for symptoms ... have NO FUCKING CLUE what Covid-19 is, what the so-called "tests" are actually testing for, or what they mean. But they pretend like they do.

Lab technicians, who take the blood samples that the doctors give them ... have NO FUCKING CLUE why they are using the testing procedures that they use ... or if the results actually mean anything. But they pretend like they do.

Lawyers, who are supposed to know the law ... sit around and watch government tyrants violate the law day after day ... because the lawyers have NO FUCKING CLUE what the law really is, especially when it comes to understanding that the Constitution is the supreme law of the land, and EVERY law must be in conformance to it. They are not filing massive lawsuits because they really don't know what the FUCK they are doing. But they pretend like they do.

Governors all across the country ... who are almost all lawyers ... have NO FUCKING CLUE what the lawful limits on their authority are ... or if there are any limits at all. The fact that they took an oath of office is viewed as a "mere formality," with no real meaning. They don't know what the FUCK they are doing. But they pretend like they do.

Police all across the country enforce unlawful orders ... even though they have been told since Day #1 that they are NOT to obey (much less enforce) UNLAWFUL orders. They are doing it anyway because they

## Anonymous

have NO FUCKING CLUE what the law actually is. But they pretend like they do.

Media all across the country ignore obvious questions about the "facts" that are being presented by "experts" because the media have NO FUCKING CLUE how to be a real journalist or reporter. Maybe they can tweet, but they don't know how to investigate their way out of a paper bag. But they pretend like they do.

And to top all of that off, the people who train the people who have NO FUCKING CLUE ... themselves have NO FUCKING CLUE.

Everybody is shoveling bullshit at each other, each thinking they are getting a spray of fresh air.

People are walking around with masks on their faces ... in grocery stores, in Walmart, at work ... because they don't want to get or spread a disease that does not exist. It's just the flu, disguised as something horrific. And the reason they all think it is horrific ... is because the doctors and the lab technicians and the lawyers and the politicians and the police and the media ... don't know what the FUCK they are doing. The Emperor Has No Clothes. Indeed.

Amen Patriot. I figured this out sometime in my mid-50's. I was talking to a retired man in his late 80's. Still sharp as a tack. Had a lot of corporate experience under his belt and loved to sit in the park and give advice to all the young corporate wannabes who ate lunch there. So one day I asked him what the secret to success was. He told me, "None of these corporate shitheads know what they are doing. Half the time they drive home with sweating brows muttering, ' I hope no one ever figures out I don't know what I'm doing!'"

Never forgot that

### **Family Gathering with some life long libs.**

We went to my wife's parents today. They are all staunch liberals. Unfortunately my wife's uncle recently died. While talking about COVID (and I am throwing in red pills about the ICD codes and money) gramma says "yeah he (the dead uncle) had double pneumonia, they said they were treating him for double pneumonia, but when he died they tested him (bullshit) and labeled his death COVID." Sounds like a ICD U07.2 to me. Respiratory issues? Perfect! \$17k.

## The Storm: Volume Two

Gramma watches CNN all day. She hasn't taken the red pill, but she is becoming privy to the bullshit even though all of the information she consumes suggests otherwise.

And wife's sister... this was huge. I wanted to drop in the "inject Lysol" bullshit so I could show gramma the clip if necessary to prove how MSM lies. It didn't get to that point because auntie says "Yeah mom, I'm pretty sure they take everything he says out of context to make him look bad." The conversation pretty much ended there because gramma didn't want to go any further.

But gramma walked away, and auntie says "yeah these people I work with have been showing me all of the human trafficking arrests that have been made. I think Trump is doing what he said he was going to do (MAGA) and I hope he can bring all of our jobs back from China." She also said "I think they hide kids in tunnels and harvest their organs."

My response was "these mass arrests happen multiple times a week sometimes, kind of weird though we never hear about it." Auntie says "I KNOW! How could that NOT be on the news?!"

Gramma is still a democrat, but she is starting to understand that she is being lied to. Auntie has flipped from straight lib to red pill. It is happening folks. It has been a slow burn but we are quickly approaching critical mass. It is game over for the dems.

## The Storm: Volume Two

I am lobbying my MPP and my Premier, Doug Ford (here in Ontario, Canada) to remove the lockdown but so far they seem determined to keep it in effect until at least May 12th. I will NEVER vote for Doug Ford again and I most certainly NEVER voted for Justin Trudeau. We will remember what our elected politicians did to us. I pray that God will restore our ability to go to church soon. In the meantime, we still read His Word daily, watch online services and pray that He will have His way on earth as He has in heaven. **Federal and State Governments Subsidizing the Transport, Shelter, Feeding and Mosque Construction for Muslims is a DIRECT VIOLATION OF THE FIRST AMENDMENT.**

The 1st Amendment is CRYSTAL CLEAR and NOT limited to the US states and territories:

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

Furthermore:

Initially, the First Amendment applied only to laws enacted by the Congress, and many of its provisions were interpreted more narrowly than they are today. Beginning with *Gitlow v. New York* (1925), the Supreme Court applied the First Amendment to states—a process known as incorporation—through the Due Process Clause of the Fourteenth Amendment.

The Fiscal Cost of Resettling Refugees in the United States

The cost per refugee to American taxpayers just under \$79,600 in the first five years after a refugee is resettled in the U.S.;

In 2016, the State Department spent nearly \$545 million to process and resettle refugees, including \$140,389,177 on transportation costs;

Of the \$1.8 billion in resettlement costs, \$867 million was spent on welfare alone;

In their first five years, approximately 54 percent of all refugees will hold jobs that pay less than \$11 an hour;

\$71 million will be spent to educate refugees and asylum-seekers, a majority of which will be paid by state and local governments.

Over five years, an estimated 15.7 percent of all refugees will need housing assistance, which is roughly \$7,600 per household in 2014 dollars.

Intelligence has just reported to me that I was correct, and that they did NOT bring up the CoronaVirus subject matter until late into January, just prior to my banning China from the U.S. Also, they only spoke of the Virus in a very non-threatening, or matter of fact, manner...

...Fake News got it wrong again, as always, and tens of thousands of lives were saved by my EARLY BAN of China into our Country. The people that we're allowed were heavily scrutinized and tested U.S. citizens, and as such, I welcome them with open arms!

**God bless all the citizen Patriots who woke first and chose to fight.**

Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other. John Adams  
It was not my intention to doubt that, the Doctrines of the Illuminati, and principles of Jacobinism had not spread in the United States. On the contrary, no one is more truly satisfied of this fact than I am. The idea that I meant to convey, was, that I did not believe that the Lodges of

## The Storm: Volume Two

Free Masons in this Country had, as Societies, endeavoured to propagate the diabolical tenets of the first, or pernicious principles of the latter (if they are susceptible of separation). That Individuals of them may... actually had a separation of the People from their Government in view, is too evident to be questioned. George Washington, 1798

I sincerely believe, with you, that banking establishments are more dangerous than standing armies. Thomas Jefferson, 1816

A power has risen up in the government greater than the people themselves, consisting of many and various powerful interests, combined in one mass, and held together by the cohesive power of the vast surplus in banks. John C. Calhoun (VP), 1836

Behind the ostensible government sits enthroned an invisible government owing no allegiance and acknowledging no responsibility to the people. To destroy this invisible government, to befool the unholy alliance between corrupt business and corrupt politics is the first task of the statesmanship of the day. Theodore Roosevelt, 1913

Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it. Woodrow Wilson, (The New Freedom) 1913

The very word "secrecy" is repugnant in a free and open society; and we are as a people inherently and historically opposed to secret societies, to secret oaths and to secret proceedings. We decided long ago that the dangers of excessive and unwarranted concealment of pertinent facts far outweighed the dangers which are cited to justify it. Even today, there is little value in opposing the threat of a closed society by imitating its arbitrary restrictions. Even today, there is little value in insuring the survival of our nation if our traditions do not survive with it. And there is very grave danger that an announced need for increased security will be seized upon by those anxious to expand its meaning to the very limits of official censorship and concealment.

That I do not intend to permit to the extent that it is in my control. And no official of my Administration, whether his rank is high or low, civilian or military, should interpret my words here tonight as an excuse to censor the news, to stifle dissent, to cover up our mistakes or to withhold from the press and the public the facts they deserve to know. For we are opposed around the world by a monolithic and ruthless

conspiracy that relies on covert means for expanding its sphere of influence--on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. John F Kenedy Address, April 1961

The real menace of our Republic is the invisible government, which like a giant octopus sprawls its slimy legs over our cities, states and nation...

The little coterie of powerful international bankers virtually run the United States government for their own selfish purposes. They practically control both parties, ... and control the majority of the newspapers and magazines in this country. They use the columns of these papers to club into submission or drive out of office public officials who refuse to do the bidding of the powerful corrupt cliques which compose the invisible government. It operates under cover of a self-created screen [and] seizes our executive officers, legislative bodies, schools, courts, newspapers and every agency created for the public protection. John F. Hylan (NYC Mayor), 1922

The real truth of the matter is, as you and I know, that a financial element in the large centers has owned the government ever since the days of Andrew Jackson.

Franklin Delano Roosevelt, 1933

There exists a shadowy government with its own Air Force, its own Navy, its own fundraising mechanism, and the ability to pursue its own ideas of national interest, free from all checks and balances, and free from the law itself. Daniel K. Inouye, US Senator at the Iran Contra Hearings, 1986

AG William P BarrJPG

President Donald J TrumpYouTube

They have warned us of the "silent enemy" within our midst for many years now. Some have tried to do something about it, at great personal cost. But I tell you Patriots, each and every one of you have the priviledge of witnessing first hand the only President that will have dedicated his entire being, committed his entire presidency, risked his own life, spent his own resources, and put at stake EVERYTHING, to finally confront and remove this hidden evil from our world. Take pause, reflect and consider the enormity of what is under way. Look at the resources arrayed against him.

Know that you are his power. It is your support that scares [them]. Don't falter, he needs us. We need him. The battle has been joined, and I don't have to explain to you what is at stake, and what defeat would mean for all of us.

## The Storm: Volume Two

God has surely blessed this man and his mission. There has never been a more clear delineation of the forces that now face off against one another. It is, as it has always been, GOOD vs EVIL. I know we want progress to occur faster, and the way we want it to proceed. But we do not fully understand the battlespace, nor the enemy entrenchment. Sometime soldiers do not understand the strategic objective of the individual skirmish or even great battles - we must trust in our commander in chief who is appraised of the big picture and strategic imperatives. That's frustrating but at this point, we're committed. The enemy has been engaged and will be fierce and unforgiving in victory. Now is not the time for spectating and allowing others to fight. Meme warriors, Autists, spiritual warriors, social media warriors, community warriors, citizen warriors, family warriors, voters - you are all needed. You, together, are crucial to victory.

God bless you Mr President. God bless you Q, God bless those in harms way, and may God bless all the citizen Patriots who woke first and chose to fight.

Ummm normal leftism being asserted during a crisis.

The left has been preaching social justice nonsense for years. One of the biggest issues to them is how jails and prisons are over representing niggers and spics. If you ever paid attention to the screaming lefties years ago would know this.

It's about releasing as many of the brownies as possible while terrorizing and arresting whites for living normally. Flood the streets with filth, arrest law abiding whites, control the elections because you control the movement of all people.

Not saying it's gonna happen or work. But this is all leftist prison reform in action. Come up with reasons to not enforce crimes blacks commit and create fake crimes whites will commit.

The left would be very happy about a 60% white prison population, even if most of those were normal people who held a church service or operated their business, and actual crime was through the roof with blacks free to be criminals. They would consider that nightmare a raging success.

### **Gang Of 10 US States Conspire to Corrupt the Data and Create Fear In The Public: Terrorism.**

stock here, look at the Thick Orange Trendline. This shows the reduction in deaths over the US States. Its messy as a whole, but the trendline makes it clear.

I am the OP and Data guy

<https://www.nukepro.net/2020/05/gang-of-10-us-states-conspire-to.html>

But on 04-28-20 a bunch of US Governors got together and decided to spike the heck out of their death numbers. Most "saved up deaths" from prior days, to slam them all at once. A few saved up some deaths, but then spiked so hard they had to show "negative deaths" in subsequent days to true up.

Look at the second chart, Wisconsin. No place in the world has acted like that (except Canada last week in an apparent coordinated effort with the USA governors, lets call them the Gang of 10.

This coordinated "effort" had the effect of blowing away the entire curve of the USA (3rd chart)....apparently in an effort to get people scared of opening up (restoration of constitutional rights)

Gang of 10:

- 1) DE
- 2) NV
- 3) AZ
- 4) WI
- 5) NC
- 6) VA
- 7) PA
- 8) LA
- 9) IL
- 10) NJ

Does anyone know what all these states have in common? Please ask if you don't know.

McCabe states here that the interview with Gen Flynn was normal except for one thing. On three separate occasions he calmly stated "what a beautiful black sky".

Flynn's strange statement is an acknowledgment, likely in amazement and to himself, that he is indeed involved in something huge. He knows he's being set up. Perhaps its a marker for anons in the future, perhaps not. Edit: From Costco's own website: The new requirement does not apply to children under 2 or people unable to wear a mask due to a medical condition.

<https://www.costco.com/coronavirus.html>

Tell them that due to a medical condition you are not able to wear a mask, and doing so would be against your doctor's orders. If they attempt to refuse service to you let them know that doing so would be a violation of the Americans With Disabilities Act. If they ask what your disability is, tell them that you are not required to provide your private medical information to them, and requesting it is also a violation of the Americans With Disabilities Act.

They cannot legally refuse you service.

It's time to put an end to this. They want to make up fake laws? We will fight them with the real laws. Good luck Anons.

Some of my colleagues are as wrapped up in propaganda as any normie can be.

But the one thing I'll say is that we dentists know how the game of insurance money and research works.

Insurances rape us for \$\$ (Have you seen the medical bills for coronavirus testing and treatment??). Product companies produce biased research for their products and tout inaccurate success rates.

I'm seeing a shift in opinions of two major facebook groups as dentists examine the science. In fact, these two groups currently have the

Plandemic documentary and "Out of Shadows" documentary posted and people are actually thinking critically.

Not to mention we dentists have feverishly been trying to figure out what the standards are for healthcare since this thing started, and no one can give us a fucking accurate standard. What level of masks?

Faceshields? Do we need negative pressure vacuum systems in each room? Dentists are starting to question the bullshit.

PS: I have been successful in persuading some normies from a standpoint of having read these bullshit 25 page studies etc, because the average person hasn't looked one iota into the research. Hope to see more progress.

Edit/PSA: ASK YOUR DENTIST QUESTIONS next time you see them. Use the Socratic method. "Hey what is the mode of transmission for coronavirus again?" "What's the mortality rate? Wasn't it projected to be unusually high when it started? What is it now?" "Have you seen the studies on hydroxychloroquine + azithromycin + zinc?" "I saw some studies that didn't make sense". Get them to the material and you may just wake up your dentist.

Wasn't that the objective of the 'shutdown' to be sure our medical system wasn't overwhelmed?

But now, as 'vital' hospital ships are dispatched to their home ports after treating few patients - the country is still not allowed to re-open while hospitals remain practically empty.

A 1997 Los Angeles Times article is crucial in detailing just how cozy Feinstein had become with Chinese officials at the time.

The article details how Feinstein's husband Richard C. Blum began investing in China with "one project worth less than \$500,000" in 1992 before suddenly planning on investing \$150 million two years later.

At the exact same moment that Blum's Chinese investment began to skyrocket, "Feinstein's role on U.S. policy toward China... expanded. In January 1995, she became a member of the Senate Foreign Relations Committee, giving her a prominent platform for her efforts to support China's trade privileges," the Times reported.

The 1997 article also reveals that Feinstein made three visits "since 1995" to meet with senior Chinese officials, including President Jiang Zemin, bringing her husband along each time.

This is a really dumb move.

I've read a lot on gun statistics, and what is interesting is whilst the USA has WAY higher numbers of guns, the amount of gun owners is surprisingly low. Compare to Canada where theres about 20 million guns for 30 million people, but about 10 million people are firearms owners.

This legislation is going to piss off a MASSIVE portion of the population, proportionally larger than any gun grab legislation does in the US. Especially as this is targeting old and antique firearms.

They want the shotguns locked up, because if this goes live those shotguns are getting cut down, and piggies are going to get their bacon fried facing a sawn off in confined spaces when entering peoples houses.

1 in 550 people are police officers. ~200 in 550 people are firearms owners.

FUCK THE POLICE.

Q

**Flynn guiltless. Schiff back pedalling. Q did say this week was a boom week. This predication was certain and proved correct.**

More Q proof.

(And no, Q doesn't telegraph moves but this Q post was a certainty)

The part of BOOM Week that is not in public view is the power brokers of the DNC are frantically looking for a replacement for Biden tonight. Hussein is knees deep in this stuff. We all know that. But if Hussein is knees deep - so is China Joe. But Barr has said he is not going to interfere in an election by calling nominees. So Hussein is most likely going to see a subpoena at some point, Biden will most likely not as long as he is in the race.

Here is where it gets interesting. Bernie Bros aren't voting for China Joe. 25% plus of Dems think OhPedoJoe is guilty of sexual abuse. So cross them and a big number of independents off also. Add in this new damning news and Senile Old Joe is a complete boat anchor now regardless of who he picks for Veep.

So the DNC are right this moment picking names out of the White Pages to replace him. Soon To Be Dead Joe is begging for his life to

## The Storm: Volume Two

stay on the ticket so he can't be prosecuted. Killary is grinning ear to ear. Tom Perez has a shotgun barrel in his mouth.

Oh to be hacking the top of the DNC's smartphones tonight...

**Bill 6666 -- Democrats Introduce Bill To Authorize Mobile Units To Enter Your House, Test You, Vaccinate You.**

<https://www.nukepro.net/2020/05/bill-6666-democrats-introduce-bill-to.html>

These fine folks have sponsored this bill that purports to allow government to come test you at your "private residence" using mobile units. This includes for contact tracing.....like Google reported that you were detected closer than 6' to another person passing in a hallway, and that person had 3 days prior, and therefore they may need to come into your private residence and say take a sample of your blood, or maybe "for other purposes" give you a vaccination as a preventative measure. Sponsor: Rep. Rush, Bobby L. [D-IL-1] (Introduced 05/01/2020)

They better be wearing bulletproof vests if they think they are going to come in my house and 'vaccinate' us.

**I got banned in a national news paper comment section for posting Dr. Zelenko's and Prof. Raoult's COVID-19 treatment regimen. It was voted up to top comment and then deleted. Posted it 18 times :)**

..I reposted it, and it still was climbin up and removed again. I posted it again asking the mods what the issue was.

No reply came and as my post started with that over 6000 Doctors and medical specialist have signed on that HCQ, Z-pak and Zinc really treats corona++ with 91-98.8% success, i asked the mods why they were such fascists to think they know better than these professionals.

I posted again and again and again and backed it up with the Texas nursing home success where 55 og 56 residents plus 33 staffers were treated with almost 100% success, 20 ( Q post 4009 ) clinical study conclusions

, Interview with Dr. Zelenko and why in the world vaccines are pushed to this level of extremism,

Even backed up with facts, the MSM does NOT want this info released to the public. It is insanity.

Thoughts?

Edit 1: Please copy these treatment suggestions and use them in your own discussions. SLAM IT RIGHT IN THEIR FACES.

HCQ 200mg 2X Daily - (400 2X 1st day)

Z-Pak 500mg 1X/Day

Zinc Sulphate 220mg 1X/D

plus Vit C 2Kmg, D @ 5K IU up to 60, 70K/D ( if needed ref. to medical opinion ), Copper 1-2mg/D

Key: Early diagnosis - Early treatment [sooner is better >6th day].

Recovery time = 4-6 days.

Treatment of severe symptoms and use of ventilator:

COVID-19 may cause pulmonary edema (fluid retention in the lungs). Ventilator use and used settings in the treatment may indicate incorrect use.

Reports suggest that the patient is suffering from damaged lung tissue due to the respirator's air flow setting which forces the same amount of air in while the lungs are additionally filled with liquid. The result is ruptured lung tissue (death).

If patients are hospitalized / diagnosed with pneumonia, add ceftriaxone to the treatment.

### **Forced Vaccinations? Unconstitutional?**

Both my spouse and myself are Military Veterans. 14 years for my spouse and 20 for myself.

During that time we received numerous vaccinations. We had no choice in getting those vaccines.

Now, my spouse is currently employed in a government position. It is considered an "emergency personnel" position with little interaction with the public. They primarily work out in the field to keep emergency equipment operational for public safety.

The staff in his section have been told that they will be telecommuting through the end of the year and probably until there is a vaccine at which time they will have NO CHOICE but to take the vaccine or lose their job.

No one should be FORCED to take a vaccine! And, no one should be FORCED to choose between their job and their health!

The Government has already proven that they cannot state that vaccines are safe. So why are our Military and our Government employees the guinea pigs being experimented on against their will?

If you are FORCED to choose something through threat, that is not a choice!

That is NOT FREEDOM.

That is NOT CONSTITUTIONAL!

Origin Country of COVID-19: China

Origin City of COVID-19: Wuhan

How long was Wuhan on lockdown: 76 days

How long was the remainder of China on lockdown:

CNY extend Jan 24 - Feb 9 (avg): 16 days

<https://www.china-briefing.com/news/china-extends-lunar-new-year-holiday-february-2-shanghai-february-9-contain-coronavirus-outbreak/>

How long has the US been on lockdown?

No spread of COVID-19 outside of Wuhan?

How is it possible the source Country of the virus (minus Wuhan) was on lockdown for only 16 days?

How long has the US been on lockdown?

Forecasted lockdown CA, NY, OR, MI, .....?

Reconcile.

THEY WANT YOU DEAD.

That is why they buried all the uses of HQC. The Elite drone on endlessly about "over population" and the "elderly bubble."

This means they are looking for every possibly means to held people die without having to send goons with guns to shoot people. And of course they still do that to "inconvenient peasants" who end up using their freedoms to stand in their way.

HQC is everything they hate. A cheap, non-patented wonder-drug that can be widely used in place of patented, expensive drugs to actually SAVE LIVES to help the common people live to 90 too.

You have to understand only the Elite are "allowed" to live to 100.

Much like how the nobility of old wrote laws forbidding peasants from wearing particular colors or silk so they could be that much more special, today they make sure the peasants die at 60 years old, just like in the Middle-ages, so they can be the superior group.

THE MEDIA [CONSPIRACY TV] IS DEAD.

SHADOW ARM [D].

Q

**HCQ treatment is a game changer.**

My brother has been a dermatologist for almost 30 years. He owns his own practice and has been prescribing HCQ (to treat 3 horrible forms of Lupus) for over 25 years with excellent results. The HCQ dosage he prescribes (for a lifetime) is the same or higher than the dosage used to treat Covid-19 using the combination of HCQ + antibiotic + zinc. In over 25 years, he has seen ZERO problems or complications with his patients being treated with HCQ.

A 90%-100% efficacy is what is reported from the field (so long as properly prescribed with the antibiotic and zinc). More than 60% of deaths are elderly with additional high risk factors. Generally, deaths of patients make a statement about the patient's poor health and nothing more. Right now HCQ is the most effective Corona virus treatment known to man. And is very effective.

There really is no need to wait for a vaccine when treatments using HCQ already exist and are cheap and 90%+ effective.

The MSM continues to try to paint HCQ treatment of Covid-19 as dangerous, experimental and inconclusive. This message goes against what we know to be true from the many studies Q has posted and what doctors around the world have learned. Ask yourself, why are they pushing an expensive vaccine when inexpensive HCQ is available now and used around the world with 90-100% efficacy? Why do so many attack those who post articles or comments on HCQ?

**Q post 4170. I think it is time to fight fire with fire.**

Newsome executive order to mail out ballots to every eligible voter should be countered by a Trump exec order backed by homeland security demanding proof citizenship, in person ballot pick up and drop off for early voting; witnessed by a licensed notary testifying they saw the person fill it out (not who they voted for) if it is not filled out immediately at the point of pick up witnessed by the approved election early ballot dispenser, ie; a clerk at city hall etc... Along demanding federal elective offices be on their own ballot separate from State ballots as a matter of National Security. These bastards go into nursing homes and fraudulently vote multiple times by "assisting" the elderly, vote harvesting from homeless who don't remember being harvested 30 minutes earlier by another "farmer". It is time to stop this bs. Maybe even place the federal ballots security under the national guard and cut out State dirty tactics in the federal election. Civil wars are started this way Mr. Newsome.

**Qanon does NOT lose ANY credibility by saying 99% of the CIA, DOJ, NSA and FBI are good people, here is why...**

First of all, that other post claiming Qanon lost credibility is a SHILL POST designed to destroy people's faith in Q. Please downvoat that trash.

Three scenarios exist on why Q said that:

Q is an evil psyop working with Trump who is also Illuminati and everyone is pretending to hate Trump as he builds the NWO. (This scenario is extremely unlikely because the anger towards Trump by cabal minions is very real, they aren't that good of actors.)

## The Storm: Volume Two

Q is LYING because disinformation is necessary! Maybe the Deep states thinks that most of the CIA is corrupt and on their side and Q is lying to THEM, to trick them into believing everyone has secretly turned on them. Remember that the black hats read Q posts too and Q often lies and tricks them with dates and other disinformation.

Q is telling the truth. Q isn't saying 99% of these people are saints who were never deepstate players. Q is saying, they may have been bad people or evil, but NOW< RIGHT NOW, at this time, 99% of these people are on OUR side either because they already were, or because TRUMP CAUGHT ALL THE SWAMP CREATURES and probably turned most of them to our side.

I have read EVERY SINGLE Q POST. Don't lose faith in Q because of a shill post. There is a war on for your mind. Shill posts are trying to trick us here on voat all the time, remember?

WWG1WGA!!! PRAY FOR TRUMP AND QANON!

Edit: If you are losing faith in Q, go read every single Q post starting from the first one. Read them in order. Q is on God's Side. Q is a chess match fight with evil, by using information as ammo towards the deepstate and also with truths to heal the US.

**Roy Horn (from Siegfried & Roy) who died yesterday, had been treated with REMDESIVIR. Nearly all the media omits that information!**

If it had been HCQ, they all would tell us in the headlines.

He died with the alleged "Coronavirus", not "from". He had a lot of additional illnesses and injuries. In 2003 he was attacked by one of his famous white tigers.

I found no article in English language that mentions Remdesivir.

One example with that information

missing: <https://apnews.com/bf0c463f767d9e10f9ae44caa35f677b>

But there's a German source. Here's a translation of the article where I marked red "Remdesivir":

<https://files.catbox.moe/9jmwi1.PNG>

(P.S. Behind the word "Remesdevir" the translation says "it strikes". A better translation would be "it works" or "the drug starts to work".)

The original German article link (archived: <http://archive.fo/5Qcqw>)

And a link to the automated translation

The "Bild" (translated "picture") is the German mainstream newspaper with by far the highest number of copies. They are not always reliable but have excellent information sources and had direct contact to Siegfried & Roy. There would be no reason for them to falsely claim that Remdesivir was used. Probably it was mentioned accidentally. The article is their own research, not just another copy of the news agency's prewritten articles.

I'd say: "They missed the briefing".

**Graphical Data Proof! Bombshell! 10 Governors Conspired to Spike Death Data on April 28th To Prevent Return to Normal.** stock here. I discovered this shortly at start of May. Data was starting to look weird. I created a declining exponential model which has been working wonders on data across the globe, USA as a whole and most states.

## The Storm: Volume Two

<https://www.nukepro.net/2020/05/graphical-data-proof-bombshell-10.html>

The the data just seemed weird. So I reviewed the "declining exponent" and instead found a bunch of spiking exponent. These states have something in common.

And they are not just

- 1) manipulating the data,
- 2) but plain creating Death data,
- 2) in order to continue the lockdowns,
- 4) to slow walk the return to what they
- 5) want you to think is the "new normal"

So I have been charting over a period of days, and wanted to produce a "research level" document, but the bottom line is there is no time, and we need to get this information out there. Call your local government, print some out, visit them with mask on. Email them. And let them know what we know that **THAT WE KNOW**.

Wonder if these same Governors met with the Chinese in the Fall of 2019. I know PA Gov Wolf did, as well as Pittsburgh's loser mayor.

Research it if you can, report back.

Remember Pompeos speech about governors dealing with foreign govts?

Good Job, Lots of work went in to this, We appreciate your hard work. You need to send this to the President in a email. I send him stuff all the time. Like you said, let him know that **WE KNOW**. I'm sure these spikes have everything to do with the way the plan works to open the economy back up. They said we need a 14 day decline in death and new cases before moving to the next phase of opening businesses. If there is a spike one day, it resets the 14 day period where we move to the next phase. Its all a bunch of bullshit. These people need to hang by the neck, the whole lot of them. Here is a good video detailing everyone involved in the plandemic.

When Dr Mikovits was ask what message she has for POTUS, she said: "End this lock-down. End the masks that are dangerous and activating these viruses and literally killing people, especially those with the flu vaccine. We can't breathe our own air, the people who are most susceptible are going to die.

End the lock-down, put people back to work. Stop this plague of corruption and fire Dr fauci, fire Dr birx, redfield. Completely reorganize. Close the FDA that is keeping lifesaving drugs from people. Reorganize the entire HHS and end the corrupt 'old boys network' that has literally crippled our Country for four decades, as we have the sickest Country in the world. End the vaccine program, a five year moratorium. Close it down, not another vaccine. They are killing our population. It's a plague of corruption, covid19. It's not a plague of disease."

**This is the truth about 5G. 5G using 60GHz is resonant with oxygen, so it affects living creatures. 5g does not have to use 60GHz but China wanted us to use it for nefarious reasons. Trump killed that.**

60GHz 5g is absorbed by Oxygen. Telecom companies admit this. This excitation of oxygen molecules is theorized to cause Oxygen to not bind well to blood hemoglobin causing the body to become Oxygen starved (hypoxia). This is from studies in Magnetobiology, which is a suppressed science. There is one book on Amazon: "Magnetobiology: Underlying Physical Problems" which costs \$223.

This is a good videoYouTube that discusses studies, the effect of 60GHz on Oxygen and blood hemoglobin, with a list of resources in the description.

That 60GHz is absorbed by Oxygen is a fact, so it reasonable to theorize that it affects living creatures. There should be more studies done on this for obvious reasons.

The thing is why does this specific 60GHz frequency have to be used for 5G, when it is known to be resonant with oxygen? Why not use a different one? President Trump seems to understand this and wants to lean to the safe side. Trump blocked Huawei, which is the bad 60GHz 5G. The GHz Trump would support is in the 37 GHz to 50GHz bands, which is still 5G but a different frequency than the 60GHz from Huawei.

I suspect that China wanted the USA to use 60GHz 5G for nefarious reasons.

Here's some on our Constitution pertaining to forced shutdowns/lockdowns:

1st Amendment: Protects several basic freedoms in the United States including FREEDOM OF RELIGION, and THE RIGHT TO ASSEMBLE. Keeping people from meeting up for worship, like going to church IS A VIOLATION OF YOUR 1ST AMENDMENT RIGHTS!

9th Amendment: The 9th Amendment was intended to provide a mode of interpretation for the Constitution, guaranteeing that federal courts would have been expressly forbidden from creating new governmental powers through clever interpretation. THIS INCLUDES GOVERNORS.

The 9th Amendment offers a constitutional safety net, intended to make it clear that Americans have other fundamental rights beyond those listed in the Bill of Rights. It protects your NATURAL RIGHTS as U.S. Citizens...I.E. FREEDOM OF MOVEMENT, and the state telling you that you CANT sell this, or that. MAKING you wear a mask, or

anything else for ANY reason. This also includes FORCED tests and, or vaccinations!

14th Amendment: The 14th Amendment of the U.S. Constitution says that anyone born in the United States is a citizen and that all states must give citizens the same rights guaranteed by the federal government in the Bill of Rights. This covers the previous two Amendments. Basically says that you have EQUAL RIGHTS UNDER THE LAW!

NOWHERE IN THE CONSTITUTION, OR BILL OF RIGHTS DOES IT SAY EXCEPT \*When there is a Pandemic. NOT. ONE. PLACE.

Trump is fully aware of that.

The Armor of God

Finally, be strong in the Lord and in his mighty power. Put on the full armor of God, so that you can take your stand against the devil's schemes. For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms. Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand. Stand firm then, with the belt of truth buckled around your waist, with the breastplate of righteousness in place, and with your feet fitted with the readiness that comes from the gospel of peace. In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one. Take the helmet of salvation and the sword of the Spirit, which is the word of God.

And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the Lord's people.

Here's the truth about #Obamagate:

40+% of the nation still hates Trump so much they'll be glad Obama illegally spied on him and tried to stop him from winning the election.

They are government sycophants and are more than happy to fall in line with whatever their overlords deem necessary. Corona proves that much.

They don't care about Flynn. They think he's a criminal.

They don't care about rule of law. They are ruled by emotions and hatred.

This barely begins to chip away at Obama's deluded support base, because they are so demoralized, so deviant, they think Trump, and his administration, and you and I, deserve death and imprisonment.

Trump needs to figure out a way to really go public with Q, because it's going to take a lot, lot more to awaken the sleeping masses.

### **Flawed studies being used to discredit HCQ + Azithromycin.**

Here's how fake news works with our 'scientists' to deliberately deceive. Yahoo published an article today that says HCQ failed to help patients as reported by two studies. For most people, that's the end of the story - fake news delivered!! (and no mention both studies were conducted in New York either).

However, looking into the first study by New England Journal of Medicine, we learn that "We compared outcomes in patients who received hydroxychloroquine with those in patients who did not, using a multivariable Cox model with inverse probability weighting according to the propensity score". More interestingly, though, Hydroxychloroquine-treated patients were more severely ill at baseline than those who did not receive hydroxychloro-quine (median ratio of partial pressure of arterial oxygen to the fraction of inspired oxygen, 223 vs. 360). So - this study proves HCQ doesn't work on the sickest people compared to those who aren't as sick - but that's not much of a study if you ask me. FAKE SCIENCE #1.

The second study from the Journal of the American Medical Association omits zinc with their HCQ + azithromycin regimen which is needed for HCQ + A to be most effective. Even without that detail, and like the study above, among 1438 hospitalized patients with a diagnosis of COVID-19 (858 [59.7%] male, median age, 63 years), those receiving hydroxychloroquine, azithromycin, or both were more likely than those not receiving either drug to have diabetes, respiratory rate >22/min, abnormal chest imaging findings, O2

## Anonymous

saturation lower than 90%, and aspartate aminotransferase greater than 40 U/L. Once again - the sicker patients got the drug (minus the needed zinc) and sure enough, results were not significant. FAKE SCIENCE #2.

No study was conducted with hydroxychloroquine + azithromycin + zinc, no double blind was used so no one knows who is getting what, and the treatment was never evenly distributed across the range of severity so as not to skew the results. Both of these medical associations are pursuing political goals, not medical goals. That's how it works folks. Don't be lazy - THINK FOR YOURSELF and don't become a victim to the FAKE SCIENCE + FAKE NEWS conspiracy!

They're terrified that the world will discover that HCQ/zinc destroys more viruses than coronavirus, including viruses that cause cancer. What WILL they do if no more cancer? So much moneys....

### **Ahahahahahahaha ... Trump abruptly ends press conference when Chinese chick won't shut up!**

Chinese female reporter asks him a nasty question about why he is talking about how well US is doing in CV19 testing. "Why is it a competition ... blah blah blah?"

POTUS responds, "People all over the world are dying ... why don't you as CHINA? But you won't because you are not honest" or something like that.

So, then Chinese chick demands to know why he said that to HER (umm ... cuz you are the one who asked the stupid question, maybe?). He points out someone else to ask a question, but she won't shut the hell up.

So,  
POTUS: "Thank you all for coming. Good bye."

Like a boss.

Work overnight and took the 27 [Virginia and DC highways connection] and just always take a quick look at the Pentagon for a second. Haven't seen this many cars since the Syria thing like a few years ago. Something very odd is going on.

The USS Ronald Reagan and many others have entered the SCS US presence has ramped up. Influx of B1b, B2's and 52's to Guam. Chinas ski ramp acft carriers are a frigging joke. The CCP navy is a poor clone of the real things. No Awaks, no electronic coutermeasure acft and under powered planes who have to choose between enough fuel or armaments. None of their planes are stealth regardless of their hype. Its one thing to copy a weapon. Its a whole other thing to make it work. And the Reagan is not even the newest and baddest carrier of the bunch and it would knock off their ski slope carrier in about 20 minutes. The rest of their navy is just as sad a joke. Airforce laffable, navy not much better. Ground troops...totally unexperienced in combat. Thus the reason for the kung flu. And they had to steal that tech. And still botched it.

My wife is ill. The shutdown has drained our bank account. She had quit her job in January. I'm a Realtor. No closing since Feb. No activity since. She went nuts yesterday with our daughters home for Mothers Day. Talking to her tds drunk mother set it off. Took it out on us. They both left. Told me I should divorce her. 31 years married. The past 10 she has been a drunk. She went from perfect mother to crazy. Quit her teaching job 2 years ago. Probably \$100k spent trying to help her and fix things she destroyed. She went crazy when I got home today. Trashed the house. I called 911. They came, good guys. Told me I should get a judge to commit her involuntarily. She's now been screaming at me for 3 more hours. Foaming at the mouth. Telling me how useless I am. That kind of stuff doesn't even hurt anymore. It's like she's possessed. It feels like Satan in the flesh. I put my hands up and prayed as she screamed, asking God for help. She ridiculed me. Tomorrow I have the first client in town since Feb needing to buy. We are supposed to see seven houses. I'm afraid to leave the house because I worry she will destroy everything that means anything to me. She rips books apart, she rips photos apart, and she throws and breaks things, family heirlooms.. I have no one to turn to. She is alienated all of our mutual friends and all of my friends tell me I'm crazy for staying with her. I thought I could save her. Patriots, I ask for your prayers tonight. Her name is Ellen. Please pray for God to cast the evil out and wake her up. Please. Praise God.

Flynn Update -

Looks like Judge Sullivan will allow for public comment.

Judge Sullivan a minute order anticipating that "individuals and organizations" will seek leave to file briefs "for the benefit of the Court."

A briefing scheduling order will follow.

05/11/2020	<a href="#">200</a>	ERRATA by USA as to MICHAEL T. FLYNN <a href="#">198</a> MOTION to Dismiss Case filed by USA (Ballantine, Jocelyn) (Entered: 05/11/2020)
05/12/2020	<a href="#">202</a>	NOTICE of Consent to Government's Motion to Dismiss by MICHAEL T. FLYNN re <a href="#">198</a> MOTION to Dismiss Case (Binnall, Jesse) (Entered: 05/12/2020)
05/12/2020		MINUTE ORDER as to MICHAEL T. FLYNN. Given the current posture of this case, the Court anticipates that individuals and organizations will seek leave of the Court to file amicus curiae briefs pursuant to Local Civil Rule 7(o). There is no analogous rule in the Local Criminal Rules, but "[the Local Civil] Rules govern all proceedings in the United States District Court for the District of Columbia." LCvR 1.1. "An amicus curiae, defined as friend of the court,... does not represent the parties but participates only for the benefit of the Court." <i>United States v. Microsoft Corp.</i> , No. 98-cv-1232(CKK), 2002 WL 319366, at *2 (D.D.C. Feb. 28, 2002) (internal quotation marks omitted). Thus, "[i]t is solely within the court's discretion to determine the fact, extent, and manner of the participation." <i>Jim v. Ministry of State Sec.</i> , 557 F. Supp. 2d 131, 136 (D.D.C. 2008) (citation and internal quotation marks omitted). "An amicus brief should normally be allowed when a party is not represented competently or is not represented at all, when the amicus has an interest in some other case that may be affected by the decision in the present case (though not enough affected to entitle the amicus to intervene and become a party in the present case), or when the amicus has unique information or perspective that can help the court beyond the help that the lawyers for the parties are able to provide. Otherwise, leave to file an amicus curiae brief should be denied." <i>Id.</i> at 137 (quoting <i>Ryan v. Commodity Futures Trading Comm'n</i> , 125 F.3d 1062, 1064 (7th Cir. 1997)); see also LCvR 7(o). Although there is no corollary in the Local Criminal Rules to Local Civil Rule 7(o), a person or entity may seek leave of the Court to file an amicus curiae brief in a criminal case. See Min. Order, <i>United States v. Simmons</i> , No. 18-cr-344 (EGS) (D.D.C. May 5, 2020); cf. <i>United States v. Fokker Servs. B.V.</i> , 818 F.3d 733, 740 (D.C. Cir. 2016) (appointing amicus curiae in a criminal case). As Judge Amy Berman Jackson has observed, "while there may be individuals with an interest in this matter, a criminal proceeding is not a free for all." Min. Order, <i>United States v. Stone</i> , No. 19-cr-18 (ABJ) (D.D.C. Feb. 28, 2019). Accordingly, at the appropriate time, the Court will enter a Scheduling Order governing the submission of any amicus curiae briefs. Signed by Judge Emmet G. Sullivan on 5/12/2020. (lcegs3) (Entered: 05/12/2020)

**United States Supreme Court just had a UNANIMOUS 9-0 vote ... 5 DAYS AGO ... on the EXACT MOVE that corrupt "Judge" Sullivan is making.**

A lot of anons misunderstood the ruling of SCOTUS on Thursday, May 7th, in United States v. Sineneng-Smith.

SCOTUS, in a 9-0 decision, overruled what the 9th Circuit did.

Many anons thought the decision had to do with the legal issue of the case (regarding illegal aliens). It did not. The decision had to do with THIRD PARTY AMICUS BRIEFS (exactly what Sullivan is now trying to do in the Flynn case).

The 9th Circuit used OUTSIDE PARTIES' OPINIONS in amicus briefs to MAKE THE COURT'S DECISION, rather than rely on the PARTIES TO THE CASE.

## Anonymous

Justice Ginsberg (of all people) wrote the decision and said: Instead of adjudicating the case presented by the parties, the appeals court named three amici and invited them to brief and argue issues framed by the panel [of circuit court judges], including a question Sineneng-Smith herself never raised ...

Lawyers for the parties to the appeal were assigned a secondary role, Ginsburg said. The three amici appointed to brief and argue were the circuit's Federal Defender Organizations (as a group), the Immigrant Defense Project, and the National Immigration Project of the National Lawyers Guild. The panel identified three issues for the briefing and gave amici 20 minutes to argue and 10 minutes to Sineneng-Smith's counsel.

The party presentation principle is supple, not ironclad," Ginsburg wrote. "There are no doubt circumstances in which a modest initiating role for a court is appropriate. But this case scarcely fits that bill." Although a court is not "hide-bound" by a party's counsel's precise arguments, Ginsburg said "the Ninth Circuit's radical transformation of this case goes well beyond the pale."

Sullivan is trying to do the EXACT SAME THING. He is inviting outsiders who are NOT PARTIES TO THE CASE to come in and give their opinion, so Sullivan can MAKE A DECISION BASED ON THEIR VIEWPOINTS, and not the parties themselves (both of whom want the case dismissed).

Sullivan called Flynn a traitor. No, Mr. Sullivan (you are now acting outside of your judicial authority, so you are not a "judge" anymore) ... YOU are the traitor to your country.

Let's see if Sydney Powell is on top of her game. She should appeal what Sullivan is doing. If she does, she will win. SCOTUS just ruled unanimously on this very issue less than a week ago!

If there is a silver lining here, maybe it is being done to establish, once and for all, that this type of shit that DS courts have been doing for years will NOT be tolerated in the upcoming prosecutions.

Let's watch what Sydney does ...

### **Q 4224 - Shows us why this is taking so long.**

Imagine if Trump/Sessions had Hillary indicted on Day 1.

She would have refused to disclose any evidence (like she's doing now with Tom Fitton's case).

Session's DOJ was infested with DS traitors, same as State Department and other agencies.

When prosecutors demanded they provide evidence for the prosecution, they would have refused and said "State Secrets! We don't gotta give you none of that!"

Corrupt judge, like Sullivan, would have agreed.

Corrupt prosecutor would have secretly been on Hillary's side and told the judge, "We just ain't got no case here, my dude!"

Judge would have said ... CASE DISMISSED ... WITH PREJUDICE (cannot bring the case again).

Scot-Free !!!

This is what the shills really want.

"ARRESTS OR GTFO" is shill-speak for "let's do this NOW so our dirty deep state overlords can cheat everybody out of justice ... Gotta git my \$15/hour from Soros."

**Of course Chelsea Clinton is on board of company that does contract tracing. Soros & Gates involved as well.**

<https://twitter.com/reallouiehuey/status/1260365480306413568>

Partners in Health was recently selected by Massachusetts governor Charlie Baker to conduct Coronavirus "contact tracing," a process that involves teams of investigators finding out who infected people have come into contact with. The group is already "training and deploying hundreds of contact tracers." Some citizens fear the potential for mass surveillance posed by contact tracing, especially in light of a Democrat-introduced bill in Congress to authorize contact tracing "at individuals' residences." Partners In Health's involvement will not assuage many fears, considering the group has received funding from George Soros and Bill Gates organizations and counts Chelsea Clinton on its board of trustees.

Partners in Health lists George Soros' Open Society Foundations as an official partner, along with the Bill and Melinda Gates

Foundation. Partners In Health lists Open Society Foundations on its 2015 annual report as a supporter to the tune of \$1 million or above,

along with the Gates Foundation. Chelsea Clinton serves on Partners in Health's Board of Trustees, according to its 2019 annual report.

More of us sleuths need to dig into every viral video so we can out any fake character shills BEFORE it goes viral. Once it goes viral, it's hard to remove it from the people's consciousness.

**Q Drop 4224: CONFIRMED: Judge Sullivan is Deep State Criminal.**

Prosecution drops case, judge no longer has JURISDICTION.  
But this FUCKING PRICK is persisting anyway, and acting with NO AUTHORITY.

The DS has tentacles everywhere. They may be thinking that Trump is delaying arrests until Flynn is totally cleared. In that case, they'd use every stratagem possible to keep Flynn tied down with legal technicalities. In their minds, all they have to do is hold on until November. Then, they expect their cheating will win the election and they can put this "Q stuff" behind them for good. They don't understand how this works. If Q fails, there is going to be a civil war.

**BOOM! 9/11 Funder Had Close Ties to Bush AND Obama.**

Interesting story came out today. Prolly not in the "news" (don't know -- I rarely ever watch).

**BREAKING NEWS:** Partially declassified FBI document ties 9/11 conspiracy directly to Saudi Embassy ... and former Ambassador Prince Bandar.

Many, many, many angles to this story. So, here goes ...

FBI "accidentally" (on purpose?) released a name of a person who is suspected of having been responsible for funding at least some of 9/11 "hijackers." It's a name that has been kept secret all these years. Name is Mussaed Ahmed al-Jarrah.

In an embarrassing legal goof-up, FBI officials mistakenly named in court documents a Saudi Arabian embassy official agents suspected of providing aid to a pair of 9/11 hijackers, a lawyer for victim's families told the Daily News.

The mistaken revelation in a lawsuit filed by relatives of 9/11 victims was first reported Tuesday by Yahoo News.

Mussaed Ahmed al-Jarrah, who was assigned to Saudi embassy in Washington in 1999 and 2000, worked with two Saudi government employees to help a pair of 9/11 hijackers then living in California, the victims' families say.

Michael Isikoff of Yahoo news is the one who first broke this story. Isikoff is DS, but he has a big following among the leftist brigade. In this case, that is a good thing. A very good thing because there is an anti-Republican angle and even an anti-Trump angle that will be red meat for them ... until they find out there is also an Obama angle.

Overall, it could be a massive red pill.

The anti-Trump angle is that both AG Barr and Acting DNI Grenell have said this info is supposed to be "state secrets" and very dangerous to national security if released. So, we can't ever, ever release it.

Ooops! Released! Psych! Were they just saying that for optics? Hmm ... So, Isikoff is presenting this as "Trump is trying to hide it! Let's get on this, lefties!!!" Coolio, bro. Let's get on this, indeed.

The thing about this al-Jarrah guy is that he was stationed at the Saudi Embassy in Washington, DC in 1999-2000. Guess who was the Ambassador at that embassy during that time? Bandar bin Sultan, long-time friend and BFF of George W. Bush. In fact, Bandar was so close to the Bush family, that he was nicknamed "Bandar Bush."

So, the funder for at least 2 of the "hijackers" who did 9/11 was operating right out of the Saudi Embassy in Washington DC, and worked for George Bush's BFF, Bandar. Rumors have been that Bandar was involved in planning/funding 9/11, but this is the first time an official, previously-classified FBI document has revealed a connection.

After the George Bush years, Bandar continued funding terrorism. He was a major funder of none other than Obama's favorite, ISIS/ISIL.

But then ... Trump came to Saudi Arabia. When Trump left, MBS became the new Crown Prince of Saudi Arabia, and he arrested Bandar Bush.

A little sumpin' sumpin' for everyone!

**I now understand why we had to go through this tyrannical shutdown. It was time for the People to choose their country over their Government. Their Constitution over illegitimate authority.**

Yeah, it's going great, too. I can count on one hand how many patriots I know in person. Meanwhile, I'm surrounded by those who are petrified with fear. One of them I have to live with. Trying to keep positive is difficult, but at least I can call to talk to the sane ones I know.

Something better happen soon. It's tough to be called stupid and an idiot to your face, but I just try to remember that Jesus went through much worse and this gives me strength.
