

School Board Members, Superintendent, and to all this concerns;

Given your open invitation to discuss the concerns of citizens, I'm taking this opportunity to do so.

Over the past three years, you've each engaged in the largest act of child abuse in the history of our country.

At no point did you ever question the "COVID" narrative, nor did you question the "mask mandates" that you imposed that placed everyone who wore them at risk of declining health (i.e., oxygen deprivation at the cellular level, which is the number one cause of cancer). Since the illegal "mask mandates" and "COVID Vaccine" rollout, those who wore the mask and those who took the shots, are chronically sick and "dying suddenly." The only one's surviving are the ones who never wore the mask and never took the shots. Frankly speaking, you've been lied to and you've never apologized for your actions. You've never apologized for being 100 percent wrong.

This so-called "vaccine" is in fact a categorized biological weapon by definition (as the Pfizer paperwork in Karen Kingston's articles states below: <https://karenkingston.substack.com/i/133096453/demand-immediately-stop-distribution-access-and-administration-of-covid-mrna-nanoparticle-injections-across-all-namethecounty-vaccination-facilities-and-seize-inventory>), with only one intent; to kill those who take it.

In an *EXPOSE* article below, it is proven, along with countless peer-reviewed articles referenced within, that the COVID bio-weapon shots are causing permanently compromised immune systems among all who take them; also referred to as AIDS (acquired immune-deficiency syndrome) or VAIDS (vaccine acquired, immune-deficiency syndrome), and the endless "syndromes" (i.e., illnesses) that come about as a result. The same is true for irreversible heart damage, rapid cancers and thousands more conditions including cognitive decline. These shots also contain Graphene Oxide and self-forming nanoparticle metals that are directly manipulated by EMF radiation, magnetism and 5G technology, along with wireless internet environments at high frequencies that may be inescapable.

On a personal note, ask yourself the following: Have you taken these shots? How many have you taken? How many times have you been ill or had symptoms of being ill since your first shot? Has this ever happened to you in years past? Do you think this is normal?

Your inability to understand these topics and their connections to one another at face value, is not an excuse. Your duty as elected officials and citizens of the United States of America (as per your oaths of office) is to inform yourselves about these topics and not blindly follow suggestions, recommendations or monetary contracts; when implementation of such devices and substances are harmful to you and anyone you represent.

As a result of this direct communication, are now in possession of names, articles, scientific proof, and individuals involved in combating this issue, legally speaking, as referenced below in detail.

You have also been lied to. You, too, personally, have been taken advantage of. Now, your ignorance is being counted on by those at the top to carry out their technologies to harm yourselves and others, in particular children of all ages. This has already worked, as upwards of 20 million worldwide (and counting) are dead from the COVID-19 “vaccines” and some estimates are as high as 200 million worldwide. I bet you didn’t know that.

Many more will die with each passing day. The continued implementation of 5G towers and wireless environments will only amplify these ill-effects and outcomes. The same is true for any shots/“vaccines” anyone takes going forward, regardless of the kind of shot, and this includes Flu shots or your required T-DAP shots or any that your district requires. Your ignorance on these issues is not an excuse to dismiss these statements of fact.

It is also your responsibility to move this communication and documentation to all of those within your departments who are responsible for addressing such issues. This is not my responsibility. Do not “pass the buck” or “kick the can down the road” within your departments to avoid involvement or keep people in the dark. It would be foolish to ignore this message and warning. The State has been warned. Commissioner's officious in Ohio have been warned and notified, as have our local state representatives and law enforcement.

I wouldn't dismiss this email if I was you. Sooner or later, it will become painfully obvious what you have done to yourselves and what you encouraged and told others to do. If staff and students become ill in the future, as they already have, or they drop dead “suddenly” you will know the reason. Mark my words, a time will come when you will have jab-injured or the relatives of jab-dead students and staff address you directly at your board meetings regarding your involvement. You are not prepared for this.

Nurses all over the world have gone on strike, walked off of the job, and have quit as a result of them wanting to remain safe and free to breathe, while also avoiding the “COVID-19 Vaccine,” only to be asked back to their positions by their former employer due to their staff members being sick from the mask-wearing and the shot-taking, while also being short-staffed due to their deaths. The same is true for the education profession. This has happened in every country, and countless hospitals are being sued as a result of the illegal mandates they have imposed on their patients and their employees.

Currently, Kaiser Permanente in five states and Washington D.C. is striking, which is impacting healthcare workers, including nurses, lab technicians, orderlies, therapists and pharmacists. This is be the biggest health care strike in U.S. history and involves 40 percent of Kaiser’s workforce. This is happening because the employees know what is going on. They know that the masks are useless and that the shots are killing those who take it. They see it every day.

There are endless health risks that come with wearing a mask. They contain numerous poisons (i.e., graphene oxide, among many others; as referenced in the peer-reviewed/published articles below). They also cause oxygen deprivation at the cellular level, which is the number one cause of cancer. Much has been learned over the last century and certainly over the last three years. To deny these facts and ignore them would be another violation of State law. If what was occurring inside of a mask regarding the high levels of Co2, in combination with the inhalation

of graphene oxide (which is a component of surgical masks) occurred within any room or building you were in, it would violate OSHA standards and regulations. Such a room or building would be evacuated immediately and no one would be allowed to reenter until a permanent reversal was made.

Your duties are being called upon now and certainly in the future yet again, as those who took the “COVID-19 Vaccines” and did wear or are still wearing the masks are experiencing permanently compromised immune systems (i.e., VAIDS/AIDS, as stated above) and a plethora of illness and syndromes that accompany such an irreversible condition, brought about by permanently damaged DNA that causes the former. Ignoring the below references would be negligent on your part, as you would be putting your staff and yourselves directly in the path of harm, yet again. You have no idea that documentaries have been produced that prove this to be true. You have no idea that books have been written about this from the start. You have no idea that the below links and articles, many of which have been published in medical journals, are common knowledge among many.

You have blindly believed complete strangers on these issues. These people have been on your TV and within your own government and local government/health departments. You have failed to properly inform yourselves as individuals, therefore you have failed to properly inform your staff, students and their families. You forced the masks on everyone, and suggested the deadly shots be taken by your students and staff. These egregious errors will not be forgotten.

Your review of the below documentation regarding the harms of mask-wearing and the “COVID-19 Vaccine” (which is categorized by definition as a biological weapon) is of the utmost importance, and your course correction is your legal responsibility. Endless employees within your schools and places of employment are aware of the above and below documentation, as such documentation is widely available on the internet through medical websites and peer-reviewed medical journals. Frankly, it’s common knowledge. Unfortunately for you, this will come to you as a surprise.

Many are monitoring your actions within your district, with regard to the legal steps that may be taken in the future.

History does not repeat itself, but the behaviors of unknowledgeable people certainly does. Occam’s Razor applies in this case; ‘the true answer lies in the explanation that requires the least number of assumptions.’ In the words of Gen. George S. Patton; “When everyone's thinking alike, someone’s not thinking.”

You are now in legal possession of proof to the facts as stated above. Your past actions, and the abuses and failures you have engaged in, are now your unfortunate legacy.
