Introduction

The posts throughout this book pick up where Volume Four left off. These posts are a compilation of anonymous and non-anonymous drops by civilians, archived from *VOAT* (an anonymous internet chat forum) within the sub-verse of QRV. In Volume Five, the posts begin on July 18, 2020 and carry on through to

QRV (<https://voat.co/v/QRV>) is the only Q endorsed sub-verse via Q posts: 2269 and 2272 that were posted on *qmap.pub* and *qanon.pub* on September 21, 2018. At the beginning of compiling Volume Five, QRV had roughly 20,503 subscribers. Depending on the day, Q was also making posts throughout this time on *8kun.top*. Then, those Q posts always make their way to *qanon.pub* and *qmap.pub*. The Q posts during this time are embedded among the anonymous comments from QRV on the corresponding day.

Q has encouraged everyone to archive offline (i.e., Q posts: 672, 993, 1186). These books are just some examples of such an

Anonymous

archive. These predominantly anonymous citizen posts are unedited, stemming from thousands of Americans and those in foreign countries across the world who subscribe to QRV on *VOAT*. These posts are only organized by the day of the week and month in which they were posted. Some posts are news reports, while many posts are personal accounts and observations, social-media threads/tweets, videos, and Anon investigations of politicians and public figures.

On over 17 occasions, Q has stated; “You are the news now.” Therefore, the mainstream media is 100% irrelevant. The real investigations and facts are coming from anonymous citizens. General Michael Flynn himself stated; “We have an army of digital solders... We have what we call; citizen journalists.”

While some may not be familiar with Q, or Q posts, we encourage you to look up “*Storm is Upon Us*” by Joe M on YouTube, and watch the videos in chronological order to give yourself a starting point. We also recommend watching the documentary’s titled *Out of Shadows, Plandemic: The Movie* featuring Judy Mikovits, Ph.D., and *UK’s Hidden Shadows*.

The Storm: Volume Five

Then, and more importantly, visit *qmap.pub* and *qanon.pub* and read the Q posts in chronological order, which begin on October 28, 2017.

This is a historical archive for the purposes of personal use, personal education and entertainment. These are anonymous commentaries, reflections and experiences of Americans, and citizens across the world, during the Summer of 2020. Some of these anonymous posts within may be pure speculation.

This is Volume Five.

Lying Lt. Col. Vindman resigns from Military. Success!

[Lt. Col. Alexander Vindman, a key witness in House Democrats' impeachment inquiry against President Donald Trump, announced his retirement from the U.S. military on Wednesday, blaming Trump for shortening his military career. had worked at the National Security Council (NSC) and heard the telephone call between Trump and Ukrainian President Volodymyr Zelensky in July which Democrats claimed Trump coerced his counterpart to interfere in the 2020 presidential election by launching investigations into Joe Biden.

After overhearing the call, Vindman complained to NSC counsel — though not to his immediate supervisor, Tim Morrison. In his closed-door testimony, he admitted that he did not think the president had done anything “illegal,” merely that he had done something “wrong.” He also complained that the president’s policymaking in the region had gone outside the “interagency consensus,” a claim that Republicans said showed Vindman’s primary concerns were about foreign policy, which is set by the president and not by the executive agencies that are supposed to report to him.

Sound familiar? It was Biden and Obama and their cohorts that were making illegal "get rich quick, quid pro quo that is the crimes. This guy needs to be dishonestly discharged.

Sometimes you just have to let it all play out.

Dems are burning there own cities down with the lack of law and order.

Doesn't this remind you of how looters and rioters hide behind the mask of protesters as they burn down their own communities and neighbors.

These people ARE stupid. We can see how the same fruit doesn't fall far from the tree.

So let them destroy their self-created cesspool of hate & anger. Let them enjoy the fruits of their labor. Let it brew and allow the natural process of what citizens wake up to the next day.

They, like children, will learn that LAW & ORDER is favored. In other words come Nov...

He hands it to a man now in the picture with his back to us (John Bolton) as they shake hands.

Everything is done by 20 seconds.

While 45 cannot physically travel to 435 House Districts, perhaps he can make 435 personal endorsement TV ads to saturate each District. We MUST win HOUSE to remove final roadblock to JUSTICE!

Trump has too much firepower to keep himself benched. A personal ad is a mini-rally, and his win rate is stupendous. No effective counter available for Dems. 45 has overcome everything, while their stupid platform is "tear it down." That appeals to the 20% of perpetual basement dwellers, leaving the 80 above ground to WIN.

Friend Redpilled!

Good friend voted for Hillary in 2016 "because she's a woman!".. fast forward. I've been providing facts and links, asking questions over the last couple of years and finally, progress.

Only a 1 mile radius up to 1000' Above Ground Level.... Sounds like it pretty much applies to drones (UAVs) Why?

a) Stopping pANTIFA insurgents from using UAVs for their own surveillance and recon and giving justification to intervene if they try.

b) LE/MIL/etc is gonna use that airspace for their own UAVs exclusively and are following proper FAA guidelines for an official OP

c) We are gonna see some really cool crap happen around Seattle no matter wat.

Newsweek: Dr Fauci funded research to evolve Bat Virus so it could attack humans. This should have been front-page news. People need to understand what Gain Of Function means. (files.catbox.moe)

Dr. Anthony Fauci is an adviser to President Donald Trump and something of an American folk hero for his steady, calm leadership during the pandemic crisis. At least one poll shows that Americans trust Fauci more than Trump on the coronavirus pandemic—and few scientists are portrayed on TV by Brad Pitt.

But just last year, the National Institute for Allergy and Infectious Diseases, the organization led by Dr. Fauci, funded scientists at the Wuhan Institute of Virology and other institutions for work on gain-of-function research on bat coronaviruses.

In 2019, with the backing of NIAID, the National Institutes of Health committed \$3.7 million over six years for research that included some gain-of-function work. The program followed another \$3.7 million, 5-year project for collecting and studying bat coronaviruses, which ended in 2019, bringing the total to \$7.4 million.

Tulsa, Ok - our pharmacies have received record prescription growth of sumatriptan the last three weeks. Masks are causing migraines.

Oxygen depletion is being exposed to doctors as a major contributor - MAJOR - of migraines. They used to speculate that they were more likely caused by harmful gasses in the workplace or home. Looking like it's more commonly oxygen depletion.

Study Shows We Are Born Creative Geniuses but the 'Education' System Dumbs Us Down "You are more powerful than you know and they fear the day you discover it!" George Land.

The other thing, is to challenge your belief system. It is important to understand that whatever view we currently hold of the world, it is partly — if not wholly — the result of some form of cultural or

societal indoctrination; and that regardless of how much we think we know, we are all ignorant in one way or another. We are still solving life's problems, and we still have much discovering and exploring to do. Learning is a journey without end. So be humble and curious. We must also develop a keen sensitivity to our external environment. Avoid surrounding yourself with narrow minded people. Stop watching fear mongering news stations, or celebrity gossip. Stop watching television shows, and music videos, that reinforce stupid stereotypes and shallow lifestyles. Your imagination is the most important asset you can cultivate, so you cannot afford to allow it to be infiltrated and shaped by outward forces.

Remember this, and remember it well my friends; this system is built on our imaginations. Money has imaginary value. Government has imaginary authority. And we have imaginary limits. If we want to change things, we must start with the imagination.

What does that shot given to infants shortly after birth do to them? Does it permanently harm them in some way? Does it keep them from realizing their true abilities?

Yes, that's the major scam is how many children are stopped from their true potential 10 seconds after birth. Parents are then using a status quo from a sick populace and are none the wiser.

Where can a person go to avoid the shot? Is it mandatory in every state?

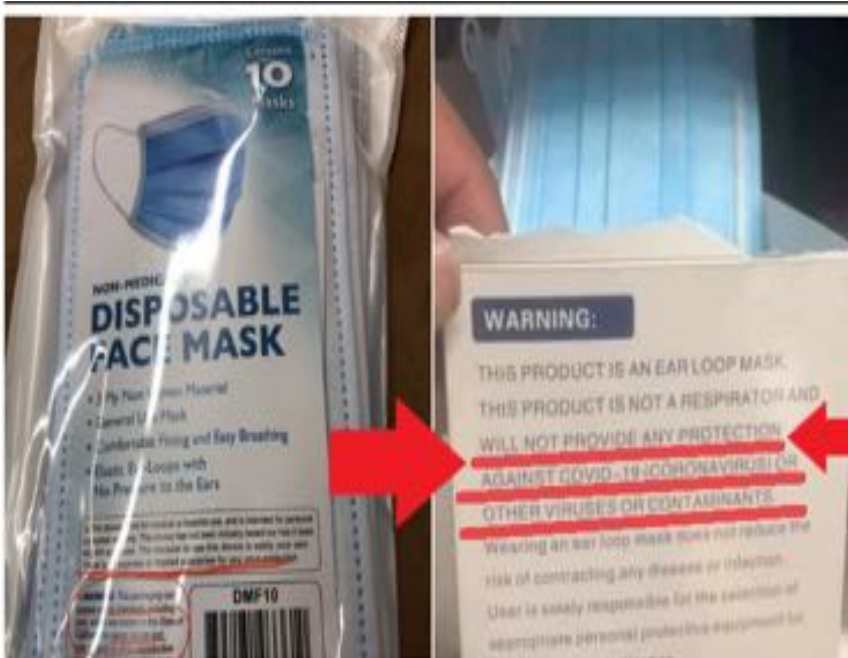

The hepatitis B vaccine? Doctor in 4 months here: So obviously Hepatitis B is not a good thing but there are some peculiar things about it that really puzzle me and make me question why we vaccinate newborns immediately with it, even through my medical education; so I can't imagine non-medical background people have any grasp of it at all.

Hepatitis B is largely spread through blood-blood contact (needles, etc) and sex. What kind of newborns or babies will be at risk for such events? No idea!

Anonymous

The mother's antibodies to Hep B (assuming she's either vaccinated or has had it and developed her own antibodies to it) transfer through breastmilk to the newborn, granting them immunity. Professionals will argue that we don't know how long those antibodies last, but these are still facts.

Although Hepatitis B is bad and can lead to co infection with Hep C which can then lead to liver cancer, something like 90% of people infected with Hepatitis B will clear it **WITHOUT TREATMENT**.

This is Angela Summers....a postal worker who was shot and killed by Tony Cushingberry because she failed to deliver his \$1200.00 stimulus check. When he confronted her at his neighbor's house she politely told him the Postal service was holding his mail for him at the post office due to problems with his aggressive dogs which he was warned about repeatedly. On hearing this he pulled out a hand gun and shot her point blank in the chest killing her instantly. This story never made headline news because it does not support the false narrative of the liberal mainstream media.

BREAKING EXCLUSIVE: The Primary Sub-Source for Steele Dossier Identified - Igor Danchenko - a Soros Connected Associate of Lying Schiff Star Witness Fiona Hill.

In November 2019, the star witness for the Democrat Representative Adam Schiff's impeachment show trial was announced. Her name was Fiona Hill.

Today we've uncovered that Hill is a close associate of the Primary Sub-Source (PSS) for the Steele dossier – Igor Danchenko – the individual behind most all the lies in the Steele dossier. No wonder Hill saw the Steele dossier before it was released. Her associate created it.

Today it was uncovered on the Internet that the PSS for the Steele dossier was Igor Danchenko.

This is the one individual those looking into the Trump – Russia collusion fraud were after – the PSS – the individual who was behind the material amount of Steele dossier lies. At least two sources on the Internet have come to this conclusion.

Karen caused a 20 min flight delay over my non-masking. I was BOOed!

This was on Alaska. Redmond, Oregon to SEA, today.

I did not wear the mask at any point from the parking lot to my seat. Everyone was cool - all the Alaska personnel and the TSA people smiled back at me and were super nice. Nobody said anything until we were all seated. I also had two kids with me, unmasked - they are exempt for their age.

Then Karen flagged down the flight attendant and said "aren't you going to make them wear a mask"?

The flight attendant shrugged her off at first, but Karen persisted, citing "Oregon State Law" (it's not).

So the flight attendant told me I have to wear the mask, to which I asked "what's the enforcement".

She said "we're going to talk to you".

I said "OK, that's fine I'm happy to talk to someone". I smiled broadly and was totally courteous.

She walked away and then came back with a "yellow card" which I did not read, but learned later was some kind of proper warning (two and I would be kicked off). I thanked her for the yellow card and put directly in my seat pocket without even glancing at it.

Again she said I had to wear the mask, so I said I have a chronic breathing condition (which is true).

She left, and I tried to take a nap for the next 20 minute while everyone glared at me, and made passive aggressive comments, and some even booed!

Karen accepted a different seat, and after a while they closed the door and we took off. Pilot made some announcement that we have to try and make sure everyone's comfortable.

It was not a pleasant experience, but I felt good for standing my ground. But Oregon seems like a lost cause to me... even central Oregon, which used to be a nice place. Doesn't feel like my hill to die on.

The Cat is Out of the Bag: The CDC, The WHO, and All the So-called "Experts" Have Lied to You! (xephula.com)

<https://xephula.com/blogs/101730/The-Cat-is-Out-of-the-Bag-The-CDC-The>

"THE CAT IS OUT OF THE BAG... THE CDC, THE WHO, AND ALL THE SO-CALLED EXPERTS LIED TO YOU! HERE'S THE LIST:

⚠️ EVERYONE IN THE ENTIRE COUNTRY NEEDS TO READ THIS AND ABSORB IT... THOSE STILL ASLEEP, YOU BETTER WAKE UP BECAUSE THIS SHAM/DRESS REHEARSAL WILL CERTAINLY BE THE LAST CHANCE; THOSE CHOOSING TO REMAIN IN DENIAL, GIVING THE FINGER TO REALITY, YOU'RE ON YOUR OWN ...

▲ "CDC admitted they screwed up COVID19 infection counts and intentionally misled the public and have apologized, clarifying that the amount of people truly infected is much lower than what was originally reported -- an error so egregious it made the director of the

Harvard Global Health Institute say “how could the CDC make this mistake? This is a mess.”

▲ The American Coronavirus Task Force also admitted to fudging the National COVID19 death count when Dr. Birx said the deaths are people who died “with” COVID19 not “from” COVID19, thus making the real death count much lower than what is currently being reported.

▲ Dr. Anthony Fauci admitted masks won’t help against the virus and mask manufacturers are now including warnings that their products do not deter COVID19.

▲ Fauci also said that continuing to close the country could cause irreparable damage.

▲ CDC backtracked their initial claim that led governors to shutdown their states & clarified that COVID19 does not spread easily on surfaces.

▲ Governor of New York Andrew Cuomo confirmed a recent health study showing that 70% of new infections actually originate at home, thus making stay at home orders one of the most dangerous mandates currently in place.

▲ Trump stopped funding the WHO and threatened to cut off money permanently until they can prove they are no longer corruptly influenced by communist China after they lied to our country about human to human transmission of COVID19 in January.

▲ The curve is flattened, the CDC, WHO, Dr. Fauci, our governors, and many more were completely wrong about the potential threat of this virus.

▲ Even California is opening up sooner than anyone expected because the evidence contradicts the long standing and inaccurate narrative still upheld by the extremely dishonest & corrupt media.

▲ If you are still living in fear, Don’t be. The media, global organizations, the government, and its agencies “mislead” the public.

▲ People called those of us who knew this all along conspiracy theorists, but it turns out we were just following the facts!

▲ Open up your businesses, churches, and homes. Don’t fall for the lies any longer. If you fell for the lies this time, wake up and join the army of truth seekers fighting on the front lines.

▲ WHO have just admitted that transmission of the virus from an asymptomatic carriers - the whole reason for the lockdown, is rare!! ie you could not spread it before showing any symptoms!!

⚠ The CDC just confirmed a .4 to .26% death-rate for Covid 19. The death rate for the flu shot is .6. Twice as high as Covid!

For that, we have:

- Added nearly 6 trillion to national debt

- Laid-off or furloughed 50 million workers
- Placed 60 million on food stamps
- Gone from 3.5% to 14.7% unemployment
- Crippled the petroleum industry
- Ruined the tourism industry
- Bankrupted the service industry
- Caused an impending meat and protein crisis
- Threatened, fined, and arrested church leaders
- Exacerbated mental health problems
- Shut down schools and colleges
- Given unbridled power to unelected officials
- Increased suicides higher than COVID deaths
- Delayed surgeries and treatments for profound illnesses
- Infringed upon countless important civil liberties
- Placed 300 million Americans on house arrest

Bill Gates has placed himself in such a position of influence by heavily funding all corners to make this lie happen. We need to start treating it as the lie it is.

Seriously our whole way of life is at stake, and they have plans to make it much worse now introducing it as "the grand reset", "the beginning of the 4th revolution" (ie; a surveillance state of control, where everyone lives in what is essentially a strict open air prison where you are tracked, nothing is private, and everything is decided for you, and you have no rights whatsoever, and there can be no resistance.

Welcome to their "new world order".

Don't forget, we can imagine and bring about our own future. So lets together make it much different from their plan for us and get these people involved, jailed for fraud and terrorism and inducing sheer boredom!!

Craig Shirley, a presidential historian, said he doesn't think the left-wing riots are anything new. It's just like the 60s, he says, only then it was the KGB funding some of the anti-war protests. Now it's George Soros and his Open Society Foundations and the Ford Foundation. We just don't hear about it.

"The media is utterly and completely corrupt," he said. "There's no room for another point of view. There's only one point of view."

The protesters, explained Shirley, aren't anarchists — the term Antifa likes to use. They're Jacobins whose goal is the destruction of everything: family, faith and law and order, so that everybody can start from scratch with nothing — everybody except them. They will control the resources and enjoy the best of everything, as the Bolsheviks did in Russia, and the communists did in Cuba after the revolution.

The Black Lives Matter movement, and the many other "social justice" groups being funded by Soros, now have the money to not just pay protesters, but to employ full-time activists who can devote their lives to organizing, disrupting, and shutting down planned and permitted events whose organizers or speakers they find offensive, he said.

First time trying a mask.. Dumbest thing ever. The amount of moisture this thing collects and deposits all over your face is unreal. This has got to be a ploy to spread rather than prevent. That is all.

Exactly. I tried it for a few minutes and I couldn't see. My glasses kept fogging up. Imagine the people driving while wearing one.

Driving with one is bullshit. That's sheeple level following the rules.

Anonymous

I laugh every time I see people driving with a mask on, the only reasonable ones are taxi drivers/etc.

The people wearing it while they are driving on their own, just fucking kills me. I laugh so hard.

Saw multiple cyclists on a road bike in the bike lane wearing a mask.

Yeah I tried it. My glasses also fogged up and I felt sick afterwards - kind of woozy. And yet I see all these people masked up to the eyeballs even in the parking lot, walking like they're on a mission to save the world.

Ive been destroying these fools out here in AZ. I sounded just like you guys when they first announced the "mandate" in arizona. I went on 8ch and yelled at Q (lol) like wtf are we supposed to do about this??

Ive not worn a mask once.

Had an ASSISTANT manager at a frys harass me and refuse me service. Well, after a couple days of phone trolling, i had a free 30\$ on my frys card and the store owner apologized profusely to me and invited me back in assuring me this assistant manager was way out of line.

Same thing at a local sandwhich shop. Kid identified himself as a "manager". (This has been a recurring theme. These people will claim they have more authority than they really do)

Well, fast forward a couple weeks, later. That kid was one assistant manager of like 4, and had a store owner above him. As it was a franchise, i called the other store about 8 miles down the street and used the kids name.

You would be surprised. The owner was shocked that this little faggot was doing that behind his back. The other store was shocked as well and readily gave me all phone numbers needed to go above him.

After the owners and corporate apoligized and invited me back w no mask, I prank called the kid back and rubbed his nose in it. You know what he said?? "Pshh....im quitting this job anyways. Dont feel safe at this company etc.."

The Storm: Volume Five

So this little cunt is basically quitting because he didnt get his way and his little attempt at political activism made him look like a Goddamn idiot.

Learn how to phone troll. Magic happens. Believe me.

NC Patriot has had enough!

Our corrupt Governor has doubled down on the mask order. I haven't worn one yet. I have quit going to stores that require it. Up until today, I could shop for groceries and go to Lowes and Home Depot without any problems. Today, all grocery stores will require masks. I am a Realtor and have not had a sale since Feb 2nd. Most sales here are out of state Buyers. They are afraid to come because they see the mask order and fear that we have a big problem. I don't qualify for any relief or unemployment. I am living on money I have pulled twice from my IRA. I will not continue down this path. I cannot buy food now without a mask. My wife thinks I'm being absurd. I am ready to sell our house and go back to Georgia where I lived all my life until I moved up here 20 years ago. I'm sure there are many more Patriots who feel like I do. I see violence on the horizon against Governors and their enforcers, but I know that's what the left wants to happen. I will not take the knee to a tyrant. How are other Patriots in shithole states like NC dealing with this?

Can confirm. Dade County. Winn Dixie makes you wear a mask. It's not the store's fault. I wear it when I shop there. They don't have to let me shop there and there's no alternative maskless place to go. My county is fucked up.

Lowes and Home Depot don't have mandatory masks. Ollie's has a sign on the door saying masks are mandatory, but it's not enforced. An employee told me that if they ask a customer to wear a mask they will be fired for asking.

New Garrison: Where do you draw the line? (files.catbox.moe)

This whole Orwellian mask ordeal is about to come to a close. Mask related illnesses are becoming an epidemic. This mask psyops has about 2 more weeks left (maybe less) and oh man, the lawsuits that will follow. For those of you that don't know, this whole mask deal and scandemic was pushed in order to have an excuse for mail voting (voting fraud) pushed by the democrats and don't worry it has been taken care of.

Also it's to prevent Trump rallies.

OP: Yes that too, because they want to give off the illusion of Trump not being popular so, they can make the election fraud more believable. Oh and don't worry, their (democrats) scheme has already been taken care of.

OP: Class action lawsuit in each state and/or city or county and then a Presidential order E.O will follow. Masks will become optional.

Afterwards the fear campaign will lose it's luster. This will happen with amazing speed. The lawsuits will still be in going but, the mask mandate will be over. Oh and to answer your question, yes I do.

OP: No it won't, and the election will run very very very smoothly but, you are right, it's going to be one for the history books.:)

WASHINGTON — In 2016, Matt Borges publicly condemned and leaved with Donald Trump when he head of the Ohio Republican Party — but in the end, I voted for him anyway. That wasn't he happening in 2016.

Borges — who says he is confident there are a growing number of Republicans like him, unwilling to "build it now" and vote for Trump a second time — is part of a growing movement of conservatives openly working to elect the presumptive Democratic nominee, Joe Biden.

"Nothing was going to get me to vote for Hillary Clinton grew up in this business learning to fight against ever her, and in my mind, I knew what a Clinton president who helped form an anti-Trump super PAC. A lot of that Joe Biden isn't the same kind of candidate."

IF MASKS WORK, WE DON'T NEED MAIL IN BALLOTS.

IF MASKS WORK, WE DON'T NEED MAIL IN BALLOTS.

We need to push this as a meme.JPG

If masks suddenly don't work, what's the next trick they will use to avoid using the "repaired" voting machines that will accurately reflect votes this time, instead of the algorithm of 2/3 for dims and split the other 1/3 with everyone else that was used in 2016?

Why are they so pissed about losing in 2016? They KNOW a few of the voting machines had the algorithm removed because they didn't get their 2/3 of the vote in those machines. BUT THEY CAN'T TELL YOU WHY THEY KNEW THEY WERE GOING TO WIN OR THEY WOULD EXPOSE THE ALGORITHM THEY USED.

Stuck between a rock and a hard place.

THE DEMOCRATS ARE ADAMANT ABOUT NOT USING THE VOTING MACHINES THIS TIME. WHY?

The dims MUST have mail in ballots for their illegal win.

Q implies ballots are being printed by/in China.

Trump implies ballots are being printed by/in China; video from post 4525, start at 41:45.YouTube

And I believe THIS is why you are seeing Trump "submit" to promote mask wearing. By using this argument, there will be no excuses to support mail in voting.

Judge Orders Release of Epstein Flight Logs in Ghislaine Maxwell Lawsuit (breitbart.com)

<https://www.breitbart.com/politics/2020/07/23/judge-orders-release-of-flight-logs-from-jeffrey-epstein-private-jets-in-suit-against-ghislaine-maxwell/>

Seems a little late. Haven't we seen them already here?

The unsealed documents include a seven-hour, 418-page deposition Maxwell gave as part of a now-settled defamation lawsuit filed against her in 2015 by Virginia Giuffre and to emails between Maxwell and Epstein.

Over Maxwell's objections, U.S. District Judge Loretta Preska in Manhattan said the presumption the public has a right to access large portions of the more than 80 documents at issue outweighed Maxwell's arguments for keeping them under wraps, including that they could prove embarrassing.

They include flight logs from Epstein's private jets, deposition testimony in 2016 in which Maxwell's lawyers said she was asked "intrusive" questions about her sex life, and police reports from Palm Beach, Florida, where Epstein had a home.

Deep State: We want Ghislaine dead.

Spread the voting out over the course of a couple of days or even a week...call it election week rather than Election Day. Guard the ballots and voting sites with FEDS. Gives everyone plenty of time to vote IN PERSON WITH PHOTO ID. Also, severely punish people who commit election fraud. It is a shame they didn't absolutely expose and crush the fraud in 2018. Smarten up. It is the CCP Virus, plain and simple. Get the name correct. The CCP created it in their labs and then they propagated it around the world.

We are going to end the motherfucking CCP in less than 12 months. The CCP hates the name CCP Virus. It triggers them and makes them very obvious and sloppy in their defense. So use the proper name — CCP Virus.

If Dems don't get their way and think they are going to lose the election, they are going to release a 2nd version of the virus, with a 30% mortality rate (vs 0.4% mortality of the first strain they released).

The smart move would be to stop any airline passengers into the US mainland, Hawaii, and Alaska starting October 1st for non US citizens. No proof of citizenship - we shoot you as soon as you get off the plane.

Yeah, because most people know who the fuck CCP is. Dumb bitch

Avoid using China Virus because we want to avoid possibility of CCP using Chinese people as human shield for war. They will use the Chinese virus to brainwash their population to hate America.

If there is a kinetic conflict millions of poor young people will be sent to front line to die. They will let hundred of thousands or even millions die then proposed peace treaty.

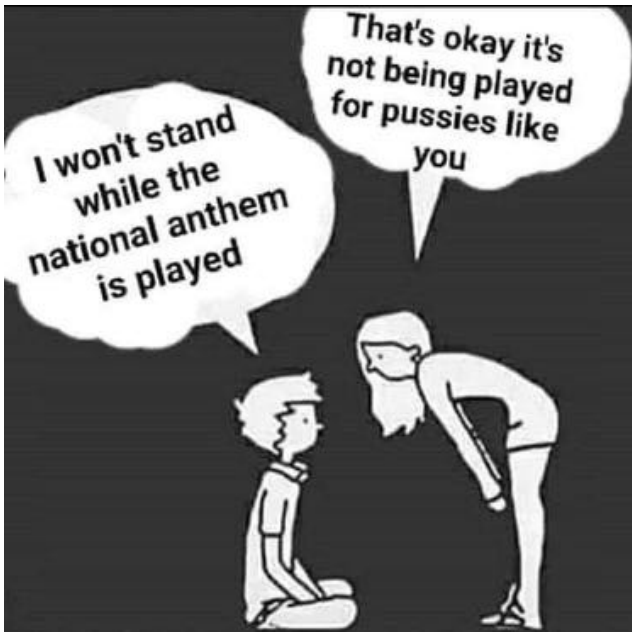

Just like during the Korean war. Send a few million of troops to the front lines. Many of them were troops that the Mao couldn't trust to front lines to die.

This can be avoided if we separate 1.4 Billion Chinese people from China and direct the focus towards CCP.

Judge denies Oregon's request to stop arrests by US agents (mail.com)

<https://www.mail.com/news/politics/10056020-judge-denies-oregons-request-to-arrests-us-agents.html#.7518-stage-hero1-1>

Just want to reiterate - does everyone see how important replacing judges was before Muh Arrests?

To even get to the point where this is being considered, many judge positions had to be approved.

All of this hinges on the rule of law as established early, by our constitution, in our country.

It makes us perfect to lead this charge for the entire world, if our rule of law is intact.

If courts won't uphold, all would be for naught.

Bit by bit, we win.
Person by person, we win.

Think about what is likely to occur between now and Nov. Think about how everything will ramp up. Now PREPARE!!!

You think the Communist Revolutionary riots in June were bad? They are barely testing the waters, moving the milestones and goal posts forward a few yards. Leading up to the election, conflict, riots, fear propaganda, and chaos will be funded and increased. Think of how charged 2016 was. Ask yourself - will 2020 be even more charged? We already saw the Commie riots robbing delivery trucks and blocking interstates. How will our food infrastructure be impacted when these riots increase leading up to November. The time to prepare is NOW. You should be buying ammo TODAY. Buy food TODAY. Meet your neighbors and form a defense alliance TODAY. Secure your homes and persons TODAY. Form an emergency plan TODAY. Plan, strategize, organize TODAY. Do not wait, it will take every single one of us to defend our nation from Communism which is encroaching and moving forward daily. The Governors, Mayors, and AGs have proven to you that they will not defend you. They have already turned to the Communists. It is up to you and me. Get in shape, get strong, get organized, and get ready. Today is the day.

CDC Whistleblower confirms data have been manipulated, at least since 2004! ----- Robert F. Kennedy Jr.: four separate federal studies have shown CDC is cesspool of corruption. (files.catbox.moe)

—Dr. William Thompson,
Senior CDC Scientist

Is this the election scenario we are being set up for by Democrats / Deep State?

Here is a scenario I see developing in the headlines. The question is how can we counteract their tactics.

See if you draw the same conclusions;

- Three Gorges dam flooding has Chinese officials worried about a collapse.
- Many of the worlds largest server farms are in the path of flooding.
- Media has been falsely touting “Biden ahead in polls by 15 points” despite obvious inability to draw even modest crowds at his events or form cohesive talking points.
- Dems and MSDNC pushing vote by mail due to Covid. Obvious fraud attempt.
- Dems And MSDNC pushing Trump won’t leave if he loses narrative.

Scenario: Three gorges dam collapses, wipes out serve farms and takes down internet right before election. Lack of ability to count and report voting electronically. Dems and MSDNC to force Covid wave II narrative (or worse disease) to keep people from voting in person. Mail in ballot (fraud) promoted heavily as “public health and safety”. MSDNC dutifully (falsely) reports Biden as the winner in a tight (rigged) contest. Actual results suppressed.

Folks based on the narrative forming I believe this is their plan. The question is how can we stop it as long as the have the MSDNC on their side.

I see a couple things we can do.

Contact you local, state and US Reps and insist on NO mail in ballots except normal absentee process.

Insist on in person voting

Show up and vote in person

Insist on military monitoring or calculation of votes

Petition the President NOW to ensure we have a paper backup for every vote cast and that we have safeguards to capture and retain these paper ballots.

Not just another 4 year election. Biggest vote in history. We need to protect it and the process at all cost.

I guess everyone here missed how the Supreme Court just trampled all over the Constitution, our 1st amendment rights, and freedom of religion once again. Roberts sided with the libshits again. (archive.is)

Indiana Residents Who Don't Wear Masks Will Face Misdemeanor Charges, Six Months in Jail (nationalfile.com)

Anytime.

If you find it difficult at times, and many of us do, just start with The Lord's Prayer. Just endeavor to say one perfect "Our Father, who art in Heaven..."

And UNITE that one perfect Lord's Prayer to all of the prayer warriors here...we may be imperfect children but when we pray united together and we offer our prayers to God our Father ...it becomes perfect.

I just heard this, only, ONLY, HUNDRED PEOPLE died from the China virus in Australia. A population of 25 MILLION SOULS! Clown World!

Think on that if you are still not red pillled. An excuse of 100 is controlling the lives of 25 million!?

It's just as what I research from another voat post, 15 deaths controlling the everyday lives of 7 million Hong Kong people.

I have been to Hong Kong and it is a densely populated place. You expect a "raging" virus to decimate the population there, huh?

WHAT A JOKE.

CLOWN WORLD!

After all is said and done, these clown politicians will probably get away with it too. All they have to do is blame CDC and WHO for their advice.

Everyday we let them get away with it is a win for the globalists.

EDIT: forgot to put this in, most of those that died in OZ is 99% elderly many with underlying health issues!

The testing itself is utterly worthless thus anyone using it is pushing a fraud. Scamdemic garbage
Who will do this in the blue states?

I don't know a single person who has gotten sick, not one.

Revisiting initial Q posts I came across these three gems. Seems pretty clear now that 3 1/2 years have gone by.

Q Post 15: "11.3 - Podesta indicted"

"11.6 - Huma indicted"

Q post 25: "Proof to begin 11.3"

Q Post 26: "once 11.3 verifies as first marker"

This seems like the most direct pointer Q has provided since it aligns perfectly to the election.

Can you imagine if Podesta is in fact indicted early on Election Day?

The Deep State, Dems and Media would literally start losing their shit, create chaos to stop the election "by any means necessary" and if that failed I think they would start contemplating suicide [Weekend].

Corporate giants Amazon, Apple, Google and Walmart all donating millions to domestic terrorism organization Black Lives Matter (wearethene.ws)

<https://wearethene.ws/notable/124928>

"Corporations are making these donations as protection money, hoping to bribe officials of BLM-affiliated organizations into steering the mob away from their stores," Baker further adds.

It is important to note that the BLM and Antifa mobs are anything but organic, grassroots responses to alleged social injustices. They are, in fact, well-funded "corporate entities," warns Baker, that have been "plucked off the shelf and filled with professional activists to run them."

Part of their plan of attack involves targeting businesses like Target, as another example, with extreme violence in order to coerce them into making large cash donations. And the scam seems to be working like a charm, as corporation after corporation capitulates to the mob with relative ease.

"These activists use their platform to target other corporations with exposure to the riots and pressure them into making donations," Baker explains. "Corporations are quick to pick up on the implied threat and immediately capitulate, handing money to their extortionists."

Even the mainstream media is in on the plot, falsely framing BLM as a social justice movement when in fact one of its stated goals is to "disrupt the Western-prescribed nuclear family structure requirement by supporting each other as extended families and 'villages' that collectively care for one another."

BLM is also admittedly devoted to fostering "a queer-affirming network with the intention of freeing ourselves from the tight grip of heteronormative thinking."

First hand report from a top Portland Police Officer.

Portland Police Officers have been subject to BLM throwing urine and feces at them pretty much nonstop.

BLM has been doxing the officers using their names on their uniforms. But it's worse than that. While standing in a line of officers, BLM is walking up, telling the officer their full name, their full home address, their wife's names and kids, and reporting on who is home currently saying stuff like "I know your wife is home right now and I know where your kids will go to school in the fall" with threats to harm and kill their family members.

What's not reported is that BLM is writing down Officer car license plate numbers from the parking lot, looking them up and gathering all the data without much effort.

Now officers are blind from lasers shined in their eyes.

Top officers, veterans with dozens of years of experience, have been quitting en masse for months to the point where the new recruits who are left are being worked overtime and no one wants the overtime.

Mandatory overtime is forcing them back to the lines. But the main reason no one wants to go out, and not in any article I can find, is the fact that the mayor is not allowing them to defend themselves and are told to let the rioters riot.

The Portland Police Dept has been imploding for a long time now and it's getting close to collapse. Generally speaking, these are good Officers who do a great job being run out of town. Some not even returning to another area but taking up entirely new careers. It's not worth it.

If you want to help, they need rioters identified.

I went to the supermarket today, first time since the mandatory mask 'law'. Did I wear a mask? Of course not! Everyone else did though and you could see the sad look of submission in their eyes..

I have worn a mask once to get a haircut from a local barber who is also a really good friend. He provided me with the mask. He is in his mid 70's. He said if it was just him and me in the shop, he would say screw it. But there are enforcement officers going around to small businesses and looking for violations. He said he is going to be retiring soon and he wants it to be when he says he is finished - not from getting shutdown by the government over a bullshit regulation because of the CCP Virus.

We are Canucks and huge Trump supporters from the day he came down the escalator with FLOTUS-to-be.

That was the first and last time I wore a mask. At the end when he was doing my sideburns he accidentally cut the string on the mask. He went for another new mask and I said bullshit I'll never come back if you give me another mask. So we both laughed and I just held the face tampon in place until he finished.

Fuck the masks. Fuck the government too.

Funnily enough I also has a haircut last week after about 4 months..

It was getting to the stage where I would have bought a set of clippers but I know I would have screwed it up so waited it out..

Masks for customers were optional but the subject got onto the virus etc to which I dropped a few things we all know about here.. I had to go out to get cash (I thought they were only accepting cards) and when I got back I overheard him say to the other barber that

everyone has their own opinions so they must have been talking about our conversation. The other barber told his customer that he though Trump was a prat so I think I got the general idea of what they said while I was out..

Last mask for me? Lone Ranger mask, 1960

Good news! Evidence for censorship coming. List getting bigger. Lawsuits building up. End of control. These people are stupid.

Big Tech is literally trying to prevent people from acquiring/knowing about cures to this bullshit plandemic. Something better fucking happen.

Something IS happening. The Internet is being completely avalanched by the truth about hydroxychloroquine right now. ;)

Funny cause Anderson Cooper was just asking Bill Gates about tech censorship because people are talking about how he's behind this epidemic.

So, the cure for CV19 and all other flu-like diseases has always been on the grocery store shelves...

Tonic water contains Quinine.

The Quinine, when under UV light glows BRIGHTLY in a bluish hue.

The Storm: Volume Five

The quinine acts as a disinfectant inside the body, like liquid sunlight.

<https://www.scientificamerican.com/article/shining-science-explore-glow-in-the-dark-water/>

The fluorescence is essentially 'absorbed sunlight' that is released within the body and kills bad stuff, not unlike having an inline UV water filter for your pond or home water supply to kill bacteria and other nasty things.

Remember when POTUS talked about injecting disinfectant like sunlight into the body to kill CV19 and [they] all made fun of him? Even the book of Daniel says in the end the 'wise will shine the the sun'. Mixing with Zinc, you get even more powerful effects.

So all those time you got the seasonal flu, you could have chugged tonic water and gotten better quickly.

Right there on the grocery store shelf.

Attack the masks....that is their weakness.

We are winning, they are scrambling and grasping for control. Their weakness is the masks, their plan requires faces covered for psychological and logistical reasons.

Do everything to demask the country, it is more than just a symbol of freedom.

Spread awareness, pass out ADA cards explaining you are not required to wear a mask, reimage mask warnings, inform and organize against businesses that require or allow masks, print flyers and other methods of communicating the dangers and lies of the MASK. Do everything you can to stop the mask mania, people are victims of the mask, it destabilizes people mentally, physically, not just those wearing them but the others around them.

This is Not A Civil War, This Is An Attempted Overthrow of the United States Of America.

Did I make my point succinctly enough?

POTUS had better come through with some good shit soon. People are sick of commie faggots everywhere. Charlie had better run.

With the short attention span of people these days anything good he does now will be long forgotten by November

At The Presidents Covid Press conference today, he told us how he was lowering drug prices for the first time in 50 years, and how Kodak is going to manufacture drugs here, and all they could ask about was some politically incorrect things that a Doctor that Trump had praised and who had treated patients successfully with HCQ, said. They asked the same questions about her twice, just to try to tarnish her reputation. That's when he ended the Press conference. God Bless our President.

This is why you'll see a lot of 11th hour maneuvering. In addition to the fact that Democrats must be shown the stupidity of their ideologies as well as the corruption they support.

People can stop this themselves by simply waking up that we are being played by an invisible enemy and it's not the virus. All we need to do is ignore the agenda and stop allowing the enemy to manipulate our emotions.

The dots connect together quite well.

ALL IS WELL

COMMs suggest the same.

It's coming anons. They are going to shut down the net to prevent us from sharing what's coming.

Back up everything you can offline. Once things become more clear in terms of censorship I think we'll be able to warn normies.

Good luck. Stay safe. God bless us all.

Not quite... they are going to ban everything and everyone from accounts that can aid in spreading the meassage. They will not shut the net down because they still need to push their propaganda. Q has hinted at two scenarios... 1. White hats (military) shut all comms down so only presidential broadcast system can get the message out their (ebs), and zero day power outage, spike, emp, knocking out power to many. I dont believe this will happen, though they will try. Trump signed an EO years ago protecting power grids from such an attack. That shit has already been planned for and counter measures are in place imo. MI has planned for everything... archive offline means when things go dark, and they try to scrub the net from their open in yourface crimes, we will have all the info to show normies that this is what those sick fucks are about. Enjoy the show fren, things are going to start to get real good...

Whats point/scenario #2? You only hit #1

My bad faggot, #2 was zero-day power outage....

Be good fren....

Masks are BACTERIA TRAPS that are only making MORE PEOPLE SICK.

I can't believe more people aren't pointing this out. Of course, all of here know this. With all the dirty surfaces we touch throughout the day, we then go and touch our mask, we put it in our pocket, we put it on our desk, and repeat. This is absolutely disgusting and is only going cause more people to get sick!

Has there been any studies to show how much bacteria and germs are collected on masks in a single day? If so, please share.

A mask is a petri dish for China-flu and other airborne pathogens. If you are not changing masks at maximum every 90 minutes you are creating a nice warm moist habitat for germs an inch from your face. Moreover, without proper glove use, eye protection, and an actual seal around nose and mouth the mask is entirely superficial and ineffective in preventing the spread of pathogens. Not to mention the evidence indicating overexposure to exhaust gasses and concentrations of Co2 with some masks.

100% spot on! As soon as the mask you are wearing becomes moist from your breath... the MASK becomes a Magnet for outside airborne pathogens OR germs from anything you have on your hands & then touched (wiped, itched, fiddled with) it... Then inhale... YOU just opened the door & received it. Even quicker are these idiot's who unhook one side so they can talk. Anyone catch Nasty Nadler yesterday & his mask habits?

Hindering oxygen supply to the body isn't helpful either.

The MSM mask hoax. They don't protect anyone from the virus. Wearing a mask causes hypoxia, acidosis, fatigue, sweating, decreased natural immunity, increased heart rate, depression, ...

I think a main point people miss is also that it allows crime to rise more easily and AntiFA to operate more easily. I would love to see a study done on mask mandates and the rise in crime in that area.

The main point was to damage the Trump economy, create fear and set stage for mail-in ballots. Thwarting face recognition cameras is probably also seen as a benefit to the deep state.

And moving missing children around unnoticed.

We've cured cancer over 20 years ago. It's illegal to say there is a cure and the censorship ensures no one knows. hundreds of billions of dollars are raised every year just for research. The FDA will never approve any patent treatment that isn't given along side chemotherapy. If it was cured all that profit all those jobs all that donation money all the research tens of millions of jobs and many trillions of dollars in ten year period vaporize in an instant. There is no profit in cures.

Same with AIDS. Tulane National Primate Research Center keeps running the same failed studies on cures over and over. It is funded by federal tax dollars. The head of the facility is ALWAYS a Jew. Coincidence?

Cancer was cured a century ago my man. Research the Gerson Method.

Yeah Gerson was murdered and his daughter fled to Mexico. Dr. Simoncini was an oncologist for a decade in Italy they tried to kill him they stripped his license and he now lives in exile. Dr. Bryzinski still in Texas and Texas medical board is still after him, FBI raids, stealing his records so he can't prove anything, Patient testimonials by the hundreds showing up to court hearings on his behalf, FDA doing drug trials with lethal doses on patients near death making the trials fail on purpose just like this HCQ shit mock trials. They've been trying to take him for 10 years because he owns the patent. Indians cured it 5,000 years ago in their ancient medical books. Cancer feeds on sugar and thrives in an acidic environment just like all viruses and many diseases.

Wait a second.. isn't Facebook, YouTube and Twitter giving MEDICAL ADVICE without a license?

Doctors in the public arena are giving us medical advice on HCQ, Facebook google Twitter YouTube is giving us medical Recommendations and advice, blatantly and provably and without a license. Yes, class action lawsuits are powerful and their funds are limited.

The lawsuits will be biblical!

Missouri attorney general dismissing case against St Louis couple charged with brandishing gun.

One of Missouri's top legal advisers will end a controversial lawsuit against a St. Louis couple who allegedly showed anti-police protesters they were armed.

Republican Attorney General Eric Schmitt is intervening in state Circuit Attorney Kim Gardner's legal action against Mark and Patricia McCloskey, for brandishing a rifle. The McCloskeys took up arms when extreme "anarchist" demonstrators gathered outside their home on June 28. The weapon was confiscated after the St. Louis Metropolitan Police Department searched the property.

"As Missouri's chief law enforcement officer, I simply will not stand by while Missouri laws are being ignored," Schmitt said in a video shared on Twitter. "That is why I am entering the case in terms of seeking the dismissal of the case to protect the rights of Missourians to defend themselves in their property under Missouri's castle doctrine."

The rule recognizes residents' right to respond to intruders with force and without a duty to retreat because their home is their "castle." If someone trespasses and disrupts the "sanctity" of their home, they intend to harm, and residents can ward off their advances according to the FindLaw website.

"The right to keep and bear arms is given the highest level of protection in the Missouri Constitution and their laws, which I am charged for protecting," Schmitt said. "This includes the Missouri castle doctrine, which provides broad rights for Missourians to

protect and defend their personal safety, and property against those who wish to do them harm.”

The attorney general described Gardner’s litigation as nothing more than a politically motivated move.

“The shameless circuit attorney filed suit against a St. Louis couple who, according to published reports, say they were doing just that—defending the safety of their property,” he said. “A political prosecution, such as this one, would have a chilling effect on Missourians exercising their right to self-defense. The law of Missouri is clear and must be protected ... enough is enough.”

The remarks came after the Show-Me State Gov. Mike Parson said he would pardon the couple. “By all means, I would [pardon them] and I do think that is exactly what would happen,” he told 97.1FM’s “Marc Cox Morning Show.”

The governor believes Gardner’s intolerance and plans to sue the couple for choosing to exercise their Second Amendment rights appear to be more like a matter of pride than real law enforcement. “Right now this is all about going after them because they did an awful act,” he said. “If that scenario happened I do not think they are going to spend any time in jail ... “Kim Gardner is making the crime problem in St. Louis worse, stating, again, ‘elections matter.’”

<https://m.theliontimes.com/politics/missouri-ag-eric-schmitt-will-dismiss-case-against-st-louis-couple-charged-with-brandishing-gun.html>

and where is the action against Kim Gardner?

Probably won't be any. That is such a major problem. Nobody does anything to stop the corrupt politicians. They never suffer the consequences of their abuses of power. I see this as a big reason why so many people have tuned out.

Many understand that Big Pharma drugs are made to create revenue streams, not cure or heal. Side effects are a feature, not a bug. Now apply that to vaccines.

An explosion of chronic disease coincides with the vaccine gold rush, after Big Pharma successfully lobbied to have no liability for vaccine injury.

In 1986 a piece of legislation called the National Childhood Vaccine Injury Act (NCVIA) was signed into law. No matter how toxic the ingredients, how negligent the manufacturer or how grievous the harm, vaccine-injured children cannot sue a vaccine company. There has been unprecedented growth in a new class of chronic diseases in the US since 1990. Four categories of disease have virtually exploded: autoimmune, neurological, metabolic and inflammatory.

A RAND study found that 60 percent of American adults now live with at least one chronic condition; 42 percent have more than one. The numbers are insane.

Vaccines have caused an explosion in chronic disease. So Big Pharma makes money on the front end sales of the vaccines, AND at the back end by selling pharmaceuticals to those inflicted with chronic conditions because of those vaccines.

It is quite the racket they have going.

Ohio Bans Hydroxychloriquine for Treatment of COVID19 (whio.com)

Medical tyranny continues in America, what a free country where the war on drugs jails people for trying to be healthy.

I normally don't even comment on voat as the content usually isn't very surprising, but this DOES shock me. This is a HIGHLY serious and EGREGIOUS move against the American people.

Would the word "terrorist" be appropriate for this? Restricting the simple and cheap CURE for this disease?

Google, YouTube, Twitter, etc... If HCQ and The America Front Line Doctors are Found to Be Correct, The Largest Class Action Lawsuit in History Will Be Slammed On Anyone Who Suppressed the Truth.

When HCQ finally goes over the counter big pharma will loose trillions. One pill a week takes out covid and influenza, fights cancer and kills vaxx

I can smell it coming, too. Do a search for HCQ and lawsuit over the next few months and notice how the number of incidents are growing.

There will be many Executive Orders coming between now and the election.

President Trump has already tipped his hand that this is his strategy
https://twitter.com/realDonaldTrump/status/1273665643104079872?ref_src=twsrc%5Etfw%7Ctwcamp%5Etweetembed%7Ctwterm%5E1273665643104079872%7Ctwgr%5E&ref_url=https%3A%2F%2Fwww.mcclatchydc.com%2Fnews%2Fnation-world%2Fnational%2Farticle243627857.html

"The DACA decision, while a highly political one, and seemingly not based on the law, gives the President of the United States far more power than EVER anticipated. Nevertheless, I will only act in the best interests of the United States of America!"

President Trump in several press conferences has already hinted as to what is coming.

He signed an EO yesterday against the censorship in the media.

He has already announced that he is working on an immigration bill, and a healthcare bill.

I expect an EO to come out on voter ID based on existing laws, that will kill the mail-in ballots for the November election.

I expect an EO to come out making Hydroxychloroquine an over the counter drug.

There are likely many other Executive Orders that will come out in the next couple of months that we do not even know about.

Why has POTUS waited so long?

It is obvious that POTUS wants to do things close to the election, but there is possibly a bigger reason.

We know that Chief Justice John Roberts is compromised. It is obvious from his recent decisions, but we also know that John Roberts is one of the names that appeared on the Jeffrey Epstein Lolita Express flight logs. This makes it likely that John Roberts is being blackmailed.

Today the court documents in the Jeffrey Epstein case were supposed to be released. There was a decision by the judge last night to grant a two-day extension for an appeal. We do not know exactly when these documents will be released, but it is likely going to happen soon.

Why is this important to the topic of Executive Orders?

If the Epstein documents are released and John Roberts is implicated in those documents, he will likely be forced to resign.

With John Roberts gone, the Supreme Court will be deadlocked at 4-4 (liberal versus conservative judges).

This gives POTUS for a short time the ability to sign a number of Executive orders that are based on existing laws that will not be overturned, because in a deadlock the petition fails.

In other words, if an EO is challenged in front of the Supreme Court and the decision ends in 4-4, the challenge fails.

The removal of John Roberts would actually work in favor of POTUS' Executive Orders.

Now POTUS can't simply rule by fiat, but he can use existing law and his executive powers to accomplish many things with Executive Orders that Congress is negligent in doing.

This is a temporary solution, but a powerful one.

After the election, when we finally have a Congress who will be working for the people and not to support their own corruption, Trump will ask the Congress to do its job and pass laws to fix all these problems.

However, Trump is not going to wait.

He is going to fix many problems between now and the election through Executive Order.

I am convinced that he has many Executive Orders teed up ready to go.

The stage is almost set.

The chess pieces are almost in place.

Nothing can stop what is coming.

Trump is calling for a delay for voting in Nov. Looking at the twitter comments, somehow, I think they missed what he is doing. Now, dems can't say it themselves "postpone!" (twitter.com)

VP Mike Pence's motorcade was just hit by a dump truck (he's apparently ok). Odd how conservatives in cars keep getting hit by dump trucks.

Haven't others been hit by dump trucks in recent weeks and years?
Roger Stone for example?

Old methods.

Think of General Patton.

Yep. And they tried killing him multiple times, before finally doing the job inside the hospital. Sad stuff.

Breaking: Ohio Gov. Mike DeWine pulls his head out of his ass. Overrides Ohio Health Department and allows Hydroxychloroquine to be prescribed.

His head is still covered in his own shit, but now we can get the fun pills we need.

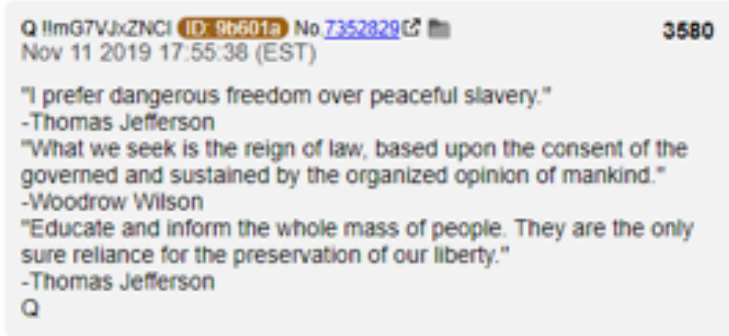

Hip Hip Hooray!

Once you see, you can't unsee.

Space is fake.

They have to keep pretending that we don't already have bases on Mars.

Yep. More fake shit. Can't put a 4K camera on the moon, but you can on Mars?!

Yeah. Sure.

They lost a few pixels, now it's a 3.22K camera, kek

The Storm: Volume Five

Don't you feel kind of sad for all the dipshits that believe this nonsense? Even if it's just a little?

Who said they can't? lol

That sure was a lot of evidence you just skipped over.
Thanks!

Evidence? Certainly! You can help by refuting one of the experiments in the following book. Just one, would disprove my carefully-balanced world view. You could be the one to topple the flat Earthers!

I caution you, though, you will more likely find that you cannot disprove and will "join us" so be careful.

<https://www.sacred-texts.com/earth/za/za00.htm>

The first experiment, the Bedford Level experiment, is here: <https://www.sacred-texts.com/earth/za/za06.htm>

You're right, there is a lot of evidence. It's not easy to cut through lies just by saying "you've been lied to"; Mark Twain (Samuel Clemens) wrote about this: "It's easier to fool the people, than to convince them that they have been fooled."

God bless.

Just recently I went into a Dunkin Donuts to get some coffee and because I wasn't wearing a mask they wouldn't serve me even after I explained that I had medical reasons for not wearing one. it was entirely staffed by barely speaking english hispanic women and they were utterly rude. After that I told them that they just lost a customer for life. When this scandemic is over I still will not give them my business.

There are heatmap profiles, body mass profiles, how you walk is a unique indicator, where you go in the store, your CC purchases, retinal scans and ties to drivers licenses/ID at checkout, all of the signals your phone spews out.

They have a profile with a unique ID assigned to you the moment you set foot on their lot and likely already have a face on that profile since well before you wore a mask. All of the big brick and mortar stores do this for marketing and security purposes. They also buy and sell this data like a commodity.

Just because they can't see your face doesn't mean they aren't tracking you.

after his radio show was forced off the air in 1939, Coughlin was still able to get his views out to his huge fanbase by mailing them copies of his newsletter

in 1942, FDR ordered the Post Office to stop delivering the newsletter

eventually, the US Attorney General Francis Biddle - at FDR's behest - threatened to indict Coughlin for sedition and offered to not indict him if he ceased his political and media activities - Coughlin complied and went back to being just a parish priest

During the 1930s, an estimated 30 million listeners tuned to weekly broadcasts from Father Coughlin, a Canadian-American Roman Catholic priest. Coughlin originally supported FDR, but once we elected Coughlin heavily criticized him for being too friendly with bankers.

At its peak in the early-to-mid 1930s, Coughlin's radio show was phenomenally popular. His office received up to 80,000 letters per week from listeners.

After being critical of bankers in front of an audience of 30m+, Coughlin was smeared as an "anti-semitic."

FDR then pushed Congress to create the FCC specifically to censor Coughlin.

I always believed there would come a time when Revelations about the Pedo Elite would drag the conversation from sites like VOAT and into the Public Square // It looks like the time is NOW.

4 years ago, while attempting to red pill, it was frustrating to see the look of disbelief on the faces of friends and family.

You all know what I'm talking about.

Now, the same people are blowing up my phone and e-mail, wanting information and advice.

They're sorry for doubting me but most of all, THEY ARE PISSED OFF and looking for scalps.

Well, damn it!, I'm pissed off at all of them!

My friends and family that is. They didn't believe me! Wouldn't listen to me! I was just some loon talking crazy! But now that they are hearing about it from people they don't know, some goofy name on twatter, or some tv talk show guy, now they believe!!? Now it has validated?!!

PISS ON ALL OF YOU "FRIENDS", "FAMILY"! Figure it out your own damn self! Like I had to! And don't EVER treat me like I'm the crazy one again, EVER!

No. I won't be that way. I will help them as much as I can. That's just how I truly feel about it though and I needed to vent.

Thanks goats, for being here so I have somewhere to let it out!

Haha, nice. Still though, you should do both: help them AND let them know how you feel. You deserve to be the authority over random people on TV.

Thanks. That's what I've been doing.
And I think you're right!

Antifa put an actual bounty on a Black Conservative, then he was stabbed in the back by a convicted pedophile. Was this hit / assassination attempt coordinated through twitter?

“That knife was long enough. He stabbed me to kill me,” said Black Rebel, who says that he spotted Hampe, who was part of a group of Antifa following his group of friends for several blocks before he approached Hampe to ask why he was following them.

“That’s what you get here in Portland. You can’t have free speech. You can’t be a conservative or have opposing views to Antifa or otherwise they’ll try to hunt you down, put a couple of bounties on your ass.

And also too let’s not forget that Twitter allows this to happen. There are still posts up of Antifa—Rose City Antifa—these mother*kers actively putting my number, my address, information out about me and trying to tell me to hunt me down. Twitter openly allows this sht.”

Dershowitz.

Statutory Rape Is an Outdated

Conclusion If a 16-year-old can choose abortion, he should be able to choose to have sex.

By ALAN DERSHOWITZ

Although the most recent Supreme Court decision on abortion, *Roe v. Wade*, is widely regarded as the landmark decision that established the right of a woman to choose to have an abortion, it is not the only landmark decision in this area. In 1968, the Supreme Court decided in *Griswold v. Connecticut* that the Constitution protects the right of a married couple to use contraception. This decision was a landmark in the history of reproductive rights.

Many state legislatures have passed laws that require a woman to wait 72 hours before having an abortion. These laws are often justified by the claim that they are necessary to protect the health of the woman. However, there is no evidence to support this claim.

This is all reminiscent of the case of *John Doe*, a 16-year-old boy who was charged with statutory rape. The case was dismissed because the statute of limitations had expired. This decision was a landmark in the history of reproductive rights.

The legal reality is that the age of consent is a legal fiction. It is a line that is drawn by lawmakers, and it is often arbitrary. The age of consent is not a natural law, and it should not be treated as such. The age of consent is a legal fiction that is used to protect the interests of the state.

By its nature, any law that is a product of human beings is subject to change. The age of consent is no exception. It is a law that is created by humans, and it should be subject to the same scrutiny as any other law. The age of consent is a legal fiction that is used to protect the interests of the state.

Statutory rape is a crime that is based on the age of the victim. It is a crime that is often used to prosecute young people who are in a consensual relationship. The age of consent is a legal fiction that is used to protect the interests of the state.

had, though, he's often been accused of being an anti-social person, and he's often been accused of being a pedophile. He's often been accused of being a predator.

A neighbor from Dershowitz's childhood in Manhattan told me that he was a person who was often accused of being a predator. He was a person who was often accused of being a predator. He was a person who was often accused of being a predator.

Other people who have been accused of being a predator include Jeffrey Epstein, a man who was accused of being a predator. He was a person who was often accused of being a predator.

Calls continued to come in from friends and family members of the women who were accused of being a predator. Some people had information about the case that was not in the public domain.

Ruth Bader Ginsburg wanted the age of consent to be twelve. They are all evil.

Alan Dershowitz threatened a Miami neighbor who told his wife that he was disguising himself & ogling topless girls @ beach. Alan said, "You don't know what I'm capable of." There's a cop report on it (pbs.twimg.com)

bad, though. As a direct consequence of him going on national news, more witnesses continued to come forward. People called from New York, Paris, New Mexico, and all over the world, helping us to build our case. As we were sifting through the calls about Epstein and his misdeeds, we were also now getting calls about Dershowitz himself. Most of them had nothing to do with any of the litigation that we were involved in, some were actually funny, some I wish I could forget.

A neighbor from Dershowitz's condo building in Miami called to recount in great detail how she would witness Dershowitz dress in a way to hide his identity while he walked the beach to look at topless girls sunbathing near their condo. Because of this behavior, the woman told Dershowitz's wife that he was a pervert. She claimed that in response Dershowitz got in her face and threatened her, forcing her to go to the police in fear for her safety. To confirm her account, we ordered the police report she said she filed. And there it was. She had told the police that Dershowitz said, "You don't know what I am capable of," and "You are going to be so sorry that you said that to my wife."

Other people telephoned to tell us how they had seen Dershowitz skinny-dipping on Martha's Vineyard. One Vineyard resident recalled walking up to a volleyball game where Dershowitz was playing nude.

Calls continued to come in fast and furious and some from very important witnesses, most of whom we went to meet in person, although because of the volume we didn't always get to everyone before the caller changed his or her mind about cooperating. Some people had information about not only Epstein or Dershowitz but also other powerful figures, and these callers were usually nervous.

On one occasion we had a

Spotlight Grows on Mysterious 'Suicide' of Dr. Fauci's Right-Hand Man at NIAID; Dr. Judy Mikovits Says Top Scientist Was "Suicided" to Silence Him.

[Did Fauci have this man whacked because he was going to blow Fauci's criminal activities into the open? Sure looks like it. How many other people did Fauci have fired or removed permanently? Top virologist Dr. Judy Mikovits is shedding some well-needed light on the mysterious death of top scientist Kuan-Teh Jeang, who was second in charge under Dr. Anthony Anthony Fauci at the National Institute of Allergy and Infectious Diseases at the time of his controversial death. Mikovits detailed on the Thomas Paine Podcast that Jeang, who was 54, was poised to blow the whistle on falsified government research, fake clinical data and widespread vaccine fraud that was killing Americans before his untimely demise. Listen Above

Details of the man's 2013 death have been covered up. Some say Jeang was found at his desk on a Sunday night at NIAID with a gunshot wound to the chest. <https://www.theblaze.com/news/florida-police-union-endorses-trump>

You do NOT have to wear a face mask, no matter where you live. I am in a state that has a treasonous governor who issued a face mask executive order. Stores are posting signs that say "face mask is required to enter."

So ...

I went to a store. Face mask signs plastered on the front doors (lots of them). I walked in. Everybody had on a face mask. Workers, customers. Everybody.

Except me.

I just went about my business. Got my stuff. The cashier checked me out. Paid. Walked out. Nobody said a damn thing.

A few customers looked at me like a 5-year old who wanted to tell mommy about what I was doing (or not doing), but nobody said anything. The cashier was super friendly and said nothing at all about face masks.

Before I went, I was prepared, just in case --

I went to the gov's website and printed out the EO. I read it. You should, too, if you are in one of these states.

I highlighted important parts and put it in my pocket, so I would have it if I wanted to show it to someone. Here are the relevant parts:

Anonymous

Some people are completely exempt from the EO. This includes any person with a medical condition where wearing a face mask could pose a health risk (this is everybody, actually, since we all need to breathe oxygen, not carbon dioxide -- funny how the retarded climate change hoaxers are totally cool with everyone breathing their own carbon dioxide).

Business cannot ask me what my medical condition is.

Business cannot violate any law related to discrimination, which would trump the EO (all laws trump the EO).

Police cannot use the EO as a reason to violate any individual's constitutional rights (this is the weasel clause used to try to cover the governor's ass for pushing an unconstitutional, unlawful order, such as the EO).

Maximum fine is \$100. Even this is irrelevant because governors do not have authority to create these "laws," much less impose a fine.

That is the legislature's job.

In the USA, the Constitution is the supreme law of the land, "anything in the laws of any state to the contrary notwithstanding." - Article 6

No person may be "deprived of liberty without due process of law." - 5th Amendment

No state may deprive any person of liberty without due process of law. - 14th Amendment

Every person's liberty is infringed where they are required to wear a mask, which harms their health, unless it is proven in a court of law (due process) that they are IN FACT (not just in theory) that they ARE (not just "might be") a danger to others without such infringement.

Ultimately, there is a maximum fine of \$100, and that case would never make it to court in the first place. The charges would be dropped, because even the dumbass attorneys know they can't prosecute such a case.

DO NOT WEAR A MASK. If it is a condition of your employment, then maybe you gotta do what you gotta do. Other than that, "just say no."

BTW: Executive orders are for the purpose of directing the EMPLOYEES of the EXECUTIVE BRANCH of the government to carry out some policy of the chief executive (President on the federal side, and the governors on the state side). Read any of Trump's EO's

and you will see that the order is ALWAYS directed at the people working in the executive branch of the federal government, and no one else. Not the legislative branch. Not the judicial branch. Not the states. Not the People. Only the employees working in the executive branch of the federal government. That is the ONLY authority that a president or a governor has when issuing executive orders.

Governors are not dictators, and they cannot violate their oath of office by pretending to be. That is why the weasel clause about individual rights and the constitution is buried at the end of the EO. It is a CYA clause, in case the gov gets sued.

These governors are violating their oaths' of office -- IF these EO's are actually legally enforced. And if they are not enforced, they are committing fraud through intimidation.

JUST SAY NO.

Here's my favorite line: "I can't wear a mask, my cognitive levels are way too high".

Or, "My body, my choice."

Or perhaps, "I'm protected from Covid, I have a gun."

Well, well, well...look at what the hell just surfaced

The *Virology Journal* – the official publication of Dr. Fauci's National Institutes of Health – published what is now a blockbuster article on August 22, 2005, under the heading – get ready for this – **"Chloroquine is a potent inhibitor of SARS coronavirus infection and spread."** (Emphasis mine throughout.) Write the researchers, "We report...that chloroquine has strong antiviral effects on SARS-CoV infection of primate cells. These inhibitory effects are observed when the cells are treated with the drug **either before or after exposure to the virus, suggesting both prophylactic and therapeutic advantage.**"

This means, of course, that Dr. Fauci has known for 15 years that chloroquine and its even milder derivative hydroxychloroquine (HCQ) will not only treat a current case of coronavirus ("therapeutic") but prevent future cases ("prophylactic"). **So HCQ functions as both a cure and a vaccine.** In other words, it's a wonder drug for coronavirus. Said Dr. Fauci's NIH in 2005, "concentrations of 10 μM **completely abolished SARS-CoV infection.**" Fauci's researchers add, "chloroquine can effectively **reduce the establishment of infection and spread of SARS-CoV.**"

How to stop the kneeling BS fast!....

When they kneel during the National anthem, stop the music and say, “since we are kneeling, let us pray.” ;-)

This is something I have never understood about the kneeling thing, like somehow being a slight to the national anthem. Kneeling is a sign of submission, so instead of standing at attention like a patriot, they are indicating they are no contest to any patriots and are totally subservient to the anthem and the country. It’s a “I’m a little bitch” signal more than a protest.

As a maskless white male wearing a Christian necklace, I triggered almost a hundred liberals when I went grocery shopping, and I got reported to managers three times.

It was so much fun!!! Especially at Wegmans when an ugly tattooed fat liberal complained to people at the store in front of me about why I wasn't being forced to wear a mask and they told her "masks are recommend"! Me and my wife laughed so hard.

Also at Walmart they asked us to wears masks, I said we didn't have to because of medical reasons and the lady was like "Both of you!?" And I was like "yeah..." And she was so shocked. Her face was hilarious!

Shopping maskless is so much fun!

BREAKING: Nevada Democrats Pass Divisive Mail-In Voting Law 97 Days Out from Election -- ALLOWS ILLEGAL BALLOT HARVESTING! (thegatewaypundit.com)

<https://www.thegatewaypundit.com/2020/08/breaking-nevada-democrats-pass-divisive-mail-voting-law-97-days-election-allows-illegal-ballot-harvesting/>

Will President Trump allow this election to be stolen in the same way he did nothing to prevent widespread election fraud during the midterms?

I remember people in this community claiming the midterms was the greatest election fraud honeypot in U.S. history and POTUS and Homeland Security were monitoring it closely and gathering all the evidence to arrest all the Democrats...

...and then nothing happened.

Not a single stolen seat was contested, even after we witnessed Democrats unloading thousands of illegal ballots from their personal cars.

I see something afoot here that is concerning. They are up to something. Q is right - COVID is about the elections. The Dems all of a sudden seem a little too confident in some plan. Here is what may be at play:

The Constitution's 20th Amendment also requires the president and vice president to end their terms of office on January 20 at noon in the year following the general election.

In addition to those basic constitutional requirements, Congress by statute controls when electoral votes are counted at the states and at Congress. The current statute reads that "the electors of President and Vice President of each State shall meet and give their votes on the first Monday after the second Wednesday in December next following their appointment at such place in each State as the legislature of such State shall direct." This year, that day is December 14, 2020.

Another part of the election law requires the states to send in their electoral votes to Congress by December 23, 2020. If electoral votes are not received by the fourth Wednesday in December, then the President of the Senate or the Archivist of the United States can use

“the most expeditious method available” to get the votes sent to Congress. The electoral votes received by Congress are counted in a joint session at 1 p.m. on January 6. If a presidential or vice presidential candidate does not receive a majority of the electoral votes, the House selects the next president and the Senate selects the next vice president.

Does the Constitution allow for a delayed presidential election?

What all this means is that if there is a snag with all the mail in voting due to Covid-19 that does not indicate a clear winner, the House gets to choose the next president. POTUS's term constitutionally is up on Jan 20. This is why the Dems keep saying that they may have to physically remove POTUS if he refuses to go - curious?

Right now my understanding is that there are enough Republican run states that they could give POTUS the needed electoral votes by the delegates to clear the 270 threshold and send their votes in even if there is a problem with the mail ins. We did not expect to take the Democrat run states that are promoting mail in ballots - their plan is to delay the count to not have a clear winner. There are previous elections that still are not decided because of the mail in system. This is what is being set up. The Dems could care less about what the actual vote is - they are working on something entirely different to steal the election - they are planning to not have the results thereby giving the House the ability to choose the next president. This is why Nancy Pants and company had a meeting about succession - they are planning this move.

POTUS's tweet the other day about a cancelled election was possibly to let us know what they are planning. Please pass this along for discussion. I do not put anything past them at this point and this maneuver would be completely constitutional and there would be nothing to stop them but exposure. So, we need to keep an eye on those Republican run states - if they go to mail in voting it could be an indication they will side with this latest coup attempt.

CHILD LIVES MATTER RALLY IN HOLLYWOOD YESTERDAY!!! (media.thedonald.win)

I just spent 30 minutes replying to twatters on another post about this. Unbelievable how many people don't even believe that sexual abuse of children even occurs let alone that they are trafficked for this purpose. I underestimate the portion of society who will not be able to deal with this when Hollywood people are outed. I told them all to research accounts of children being sexually abused and to keep a vomit rag nearby. I hope I woke up a couple people.

24. Harvard law professor Alan Dershowitz was around Epstein frequently. Dershowitz was so comfortable with the sex that was going on that he would even come and chat with Epstein while I was giving oral sex to Epstein.

25. I had sexual intercourse with Dershowitz at least six times. The first time was when I was about 16, early on in my servitude to Epstein, and it continued until I was 19.

26. The first time we had sex took place in New York in Epstein's home. It was in Epstein's room (not the massage room). I was approximately 16 years old at the time. I called Dershowitz "Alan." I knew he was a famous professor.

27. The second time that I had sex with Dershowitz was at Epstein's house in Palm Beach. During this encounter, Dershowitz instructed me to both perform oral sex and have sexual intercourse.

28. I also had sex with Dershowitz at Epstein's Zorro Ranch in New Mexico in the massage room off of the indoor pool area, which was still being painted.

29. We also had sex at Little Saint James Island in the U.S. Virgin Islands. I was asked to give Dershowitz a massage on the beach. Dershowitz then asked me to take him somewhere more private, where we proceeded to have intercourse.

Does the Sun / UV light kill the China Virus? I noticed they avoid this topic at all costs. Is this why they want us inside away from the Sun, away from the cure?

The new coronavirus is quickly destroyed by sunlight, according to new research announced by a senior US official on Thursday, though the study has not yet been made public and awaits external evaluation.

William Bryan, science and technology advisor to the Department of Homeland Security secretary, told reporters at the White House that government scientists had found ultraviolet rays had a potent impact on the pathogen, offering hope that its spread may ease over the summer.

<https://medicalxpress.com/news/2020-04-sunlight-coronavirus-quickly-scientists.html>

Why didn't they release something more deadly? Is this a trial run to learn about our behavior and reaction?

They apparently only want to kill our minds.

If it's too deadly, then it can kill people they don't want dead.

A 34-minute dose of midday summertime sunlight can inactivate 90% or more of coronavirus, a recent study found.

Ghislaine Maxwell wins legal fight to keep 'highly intrusive' documents about her sex life sealed just hours before they were due to be released.

Ghislaine Maxwell has won a legal fight to keep secret 'highly intrusive' documents about her sex life - just hours before they were due to be released.

The British socialite, 58, argued it could destroy her chances of a fair trial against charges she facilitated the late financier Jeffrey Epstein's sexual abuse of girls.

Maxwell's deposition had been taken in April 2016 for a now-settled civil defamation lawsuit against her by Virginia Roberts Giuffre, who had accused Epstein of having kept her as a 'sex slave' with Maxwell's assistance.

Maxwell made last ditch scrambles on Thursday urging the 2nd U.S. Circuit Court of Appeals to keep the deposition about her sex life sealed.

Her lawyer argued that the potentially embarrassing details could make it 'difficult if not impossible' to find an impartial jury, out of the public eye.

The appeals court delayed the release of the dossiers until at least September 22 when Maxwell's appeal will be heard on an expedited basis.

Asymptomatic Covid positive, get hit by a car and you become a new case. Fear is their weapon.

The new case numbers out of Florida and Texas are from the Covid tracking agencies. If you test positive and answer the question "How many people have you interacted with", that number is added to the new case data base after testing one person.

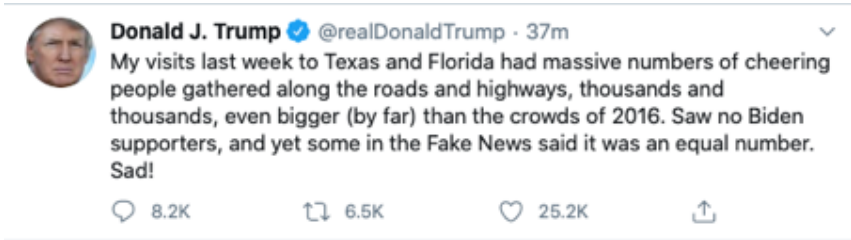

To back up their fake statistics, anyone entering the hospital today will be tested for coronavirus because they need to know if you should be isolated. They will do the rapid swab test and also a antibody test. If you test positive with either test and then die from a heart attack (the reason you went to the hospital), you just became a Covid-19 death victim to add to the fake tally.

Falsely maximizing new case and death counts to keep the economy locked down is the Democrats greatest tool to influence the outcome

Here is a layout of the overwhelming evidence of Trump's war against pedophiles and child traffickers.

Trump said this in 2012: "Got to do something about these missing children grabbed by the perverts. Too many incidents--fast trial, death penalty."

Now he's President of the United States.

After he became President, Trump signed 2 executive orders in 2017 to unleash the Justice dept. on child traffickers and pedophiles and take their property. Arrests for these crimes have skyrocketed since. Executive Order 1 | Executive Order 2 | Overview and accomplishments.

And Trump signed another EO in Jan.: Combating Human Trafficking and Online Child Exploitation in the United States Since President Trump took office in January 2017, there have been nearly 12,470 arrests for human trafficking, according to arrest records compiled by investigative journalist Corey Lynn, and over 9130 victims rescued. These number are a year old.

Here's an ongoing list of arrests, every arrest or operation is sourced..

The most arrested in one event is 2,300 suspects in Operation Broken Heart.

President Trump Zeros in on Elite Pedophiles

The arrests of Epstein, Maxwell, Raneire, Bronfman, Mack, Wienstein, and Nygard were federal sealed indictments that we would have never seen if Trump was not elected.

The evidence is overwhelming that Trump is taking pedophiles and child traffickers down, not protecting them like the MSM and past administrations.

Epstein victim Virginia Roberts Giuffre confirmed in unsealed court documentsJPG last year that she never saw Trump at the Island, or at Epstein's home, or with Epstein, and didn't witness Trump involved with any of the girls groomed by Epstein.

"It's true that he didn't partake in any sex with us, but it's not true that he flirted with me. Donald Trump never flirted with me," said Giuffre.

A federal judge last week declined to dismiss charges against Massachusetts District Court Judge Shelley M. Richmond Joseph and now-retired Massachusetts trial court officer Wesley MacGregor. Joseph, MacGregor, and a defense attorney are accused of helping a Dominican man evade being taken into custody at the Newton District Court by ICE agents after a 2018 hearing on criminal charges including drug possession. Prosecutors say the man had previously been removed from the U.S. twice and was barred from reentering the country until 2027.

I think every professional and college coach should fucking drill this into their players thick skulls.

COVID: 99%+ survival rate but talked about by all of Hollywood, media, social media platforms 24/7

Doctors with different views: silenced, blocked, mocked

This is the tip of the massive iceberg.

Zinc alone is effective if you start early.

The key is to start using it as soon as you feel symptoms coming on. Itchy throat, watery eyes etc.... Anytime it hits keep up with the zinc. You'll be down for a couple days, not months.

The zinc creates an inhospitable environment for the virus to multiple.

The China virus swept through here in Dec / Jan. That's why so many have the antibodies and test positive.

People around me got it. Like the regular flu but worse. People who never got sick got this.

I've been taking zinc for the flu for years so I was ready and dodged it but assume I have the antibodies. My doctor agreed about the zinc (and said you don't need HCQ if you take zinc early) and offered to have me tested for the antibodies. I declined.

Myself and nearly everyone I know either had, or knows someone who was seriously down for multiple days back in Late November, into mid-December with a flu-like bug. This falls in line with the rumors that it may have spread from China much earlier than they are claiming. My brother was in bed with severe flu-like symptoms for like 2 weeks straight. He chose to isolate himself (thought it was the flu, and didn't want to infect anyone). He recovered and was fine. I was down for about a week with all the classic flu symptoms, only much more severe. Definitely the worst I've ever had it.

I'd bet if I were tested, I'd have antibodies, but I will not be getting tested.

Not sure if you remember or even noticed at the time, but in that same time frame many cases of severe lung disease started suddenly appearing in users of vape mist machines to inhale nicotine instead of smoking. The lung condition they were describing sounded exactly like the descriptions of late stage covid. Many were placed on ventilators and died. The reason it caught my attention is i have a nephew in Florida who uses one of those things, and i was concerned for him.

Ok, here is another fact about covid that caught my attention, and made me wonder if there is some kind of connection. Several online websites had articles on the strange finding that non smokers are **FOUR TIMES** more likely to contract covid than smokers. The obvious question that comes to mind is the possibility that the covid virus doesn't like nicotine. And that begs the next question about the vape users. Did some entity deliberately infect the vape supply at that same November/December time period for the dual purpose of introducing covid in the USA.....AND scare vapers away from using nicotine which apparently inhibits the spread of the virus. All of this might just be coincidental. But it was very odd about the sudden onset of the severe lung disease in vapers that was all over the news for a week or so, and then suddenly vanished. Never another word about it. Suddenly that issue drops like a hot rock, and more suddenly covid appears.

This happened last November to a family member who vaped. Nearly hospitalized with a strange pneumonia like flu. Told to quit vaping, and he did. Then, flavored nicotine juices were banned from China. I think there was some talk about the THC oil vape tips people were getting was contaminated. Young kids reportedly dying from laced vape liquids...then...nothing. I have been suspecting that if we look deeper we may find a connection between one of these vape oil/THC pen companies and probably Fauci himself.

That indeed is an angle not yet solved. It got deep sixed as time progressed.

Of course, to smoking no benefit may be assigned.

Anonymous

Thanks for bringing it to the front.
addition to smokers having less sensitivity to contract:
Those who once were smokers, but stopped, seemed to have a higher chance of contracting the virus, than those who never smoked at all, or simply continued smoking.

- 1. Classification:** People are divided into "us and them".
- 2. Symbolization:** People are forced to identify themselves.
- 3. Discrimination:** People begin to face systematic discrimination.
- 4. Dehumanization:** People equated with animals, vermin, or diseases.
- 5. Organization:** The government creates special groups (police/military) to enforce the policies.
- 6. Polarization:** The government broadcasts propaganda to turn the populace against the group.
- 7. Preparation:** Official action to remove/relocate people begins.
- 8. Persecution:** Beginning of murders, theft of property, trial massacres.

President Trump said Durham's ObamaGate investigation is done. "I do hear it's breathtaking what they found, that's all I can say, breathtaking." (files.catbox.moe)

<https://files.catbox.moe/39x7bh.mp4>

Durhams' job was to investigate, then indict and prosecute anyone that committed a criminal act. Not issue a 'report'. We've had plenty of IG reports and congressional testimony (and perjury) already. It's time for people to go to jail or we just let them get away with it and shut up.

indictments come after the investigative process is closed. This helps to make sure the need for superseding indictments is avoided. Notice GEOTUS said nothing about a report.

Yes, he specifically said "we caught them" and it's breathtaking. The hopefully we'll be hearing about it soon" is getting a little old already though, LOL. Maybe he just felt the need to remind Barry on his B Day of what is coming.

I find that a firm "Mind your own fucking business" does the trick.

SW Ohio. Mom and I were in a large privately-owned grocery store. A "Ken" saw us without masks (we have never worn them and never will, but everyone in this store was wearing one except us) and he actually turned around to address both of us. He said, as he grabbed his mask, "Can you two put a mask on?" I replied, "Mind your own fucking business, dude. Mind your own business!" Then he responded with "You're putting people in danger." I yelled, "Danger?! Really?!" Sick people wear masks! Are you sick?!"

No response ask he shuffled away. Then another "Ken" politely came up and said "Hey guys. Come on."

The first soft bastard had 150lbs on me and I scared the shit out of him with a simple reminder to watch his P's and Q's.

I was also armed to the teeth.

Know your rights, stand up for your elderly mothers, and to hell with mask wearers who don't mind their own fucking business.

"I have a health condition that prevents me from wearing a mask." Nice and legal. You have invoked the Americans with Disabilities Act. They can't ask any more questions.

Adding a "Fuck you, fuck your mother, and fuck the fat wife you rode in on" is icing on the cake.

Larry C. Johnson: Yes, New Evidence Shows George Floyd Killed Himself.

[At what point are we all going to admit that the real problem in this country is not racism, homophobia, capitalism etc.... but the Main Stream Media pushing an anti-American agenda? How many businesses were destroyed because of their pushing a fake story? Now we know that the entire premise of the Black Lives Matter riots was based on a false claim of police abuse. Derek Chauvin did not murder George Floyd. George Floyd, a criminal and drug addict, killed himself by ingesting a drug that Doctors use to shutdown a patient's respiratory system.

But there is no proof that she was alive so it is suspected that the concert was her funeral YouTube where she attended in a wooden box with her glasses and a gavel on top. YouTube

2018?

Saw another fake photo where Ruth wasn't hunched over as usual, with too much body tone. Dead giveaway. Not easy to fake Ruth. Just give us a one minute speech Ruth! We want to hear your lovely voice!

One last thing, supposedly there was a "live audience" to view the Supreme Court in session last summer. Supposedly "Ruth" was there, but the "audience" was never verified.

Alaskan anon here, and in the main city of Anchorage our liberal mayor felt he needed to subject the city to another 4 week ban on indoor dining & bars.

2 diners said they couldn't afford another shutdown and remain in business, and have decided to defy the mayor.

The first to do so, has had to close 6 hours early the last 2 days because so many have shown up to support them they ran out of food!

When the city thugs showed up Tuesday to serve them papers, everyone in the restaurant and in line outside booed them, and one security guard that looked like a cop was immediately challenged by patrons.

People have been calling in and asking to pay for random tables' Bill's, and when I was there at the early closing Tuesday a patriot paid every open tab!

Now today 2 more eateries have said they will open up as well! Stand up to these tyrants!

HCQ should be as easily obtained as aspirin. Convince me I am wrong.

You can seriously harm yourself by consuming too much vitamin A, but you can buy that all day long. So should it be with HCQ.

IT WAS OTC FOR YEARS, in FRANCE until COVID

The Storm: Volume Five

I mentioned HCQ to a neighbor and she freaked out on me. I just politely told her to do her own research. Look at countries that approve HCQ to those that have not, including the USA. Death rate much, much lower. She came back by three hours later and apologized, but still had excuses. Whatever. One hears what they want to.... which is the true obstacle to the Great Awakening.

Deaths attributed to HCQ since 1963: ~20 DEATHS WORLDWIDE

Deaths attributed to Tylenol EVERY YEAR: ~500 DEATHS in USA alone

President Trump visits Whirlpool Factory in Ohio. 6 August 2020

"So I have a lot of enemies out there, **this may be the last time you see me for a while.** A lot of very very rich enemies... But they are not happy with what I'm doing. But I figure we have one chance to do it and no other President is going to do what I do."

America is a rare gem. We must protect her.

Unless you've lived overseas and dealt with other systems, you cannot truly appreciate this country. Yes, she has her flaws. She has her insurgents. She has her disease.

But she is the greatest. And we are fortunate. Everyone wants to be with her. She is the golden prize. We must protect her.

I was forced to wear a mask for 3 hours for a mortgage license test that I could not reschedule. It was the 1st time I've worn a mask during the entire pandemic. I developed low blood pressure, #headaches, & loss of consciousness. I had to wait 30 minutes before driving. Anyone who says this is safe is #LYING.

MARLIN FIREARMS CLOSING ITS DOORS

Marlin Firearms bought and CLOSED by George Soros.
Even if you don't own a gun - this will affect you.

MARLIN FIREARMS IS CLOSING ITS DOOR

This was checked on "Truth or Fiction" who verified it. They can be trusted more than Snopes. Marlin Firearms is already closing its doors. They are doing it to us, America. All gun owners and sportsmen need to see this. We cannot rely on the media to inform us of these happenings.

Something you may not know is happening. Who is buying the companies manufacturing guns? For the last several years a company called The Freedom Group has been buying up gun and ammunition manufacturers. Some of the companies are Bushmaster, Marlin, Remington, DPMS, Dakota Arms and H&R. Some people worry that The Freedom Group is going to control most of the firearms companies in the United States.

If you control the manufacturers you can decide to stop selling to civilians.

What a perfect way to control guns. If you do some digging you will see that The Freedom Group is owned by a company called Cerberus Capital Management. Guess who controls Cerberus? GEORGE SOROS, Obama's chief financier. He wants to restrict or ban all civilian guns. Pass this on to your freedom loving friends. This needs to come out. Why have we not heard about this in the "mainstream" media? I think this would be BIG news.

(Soros also owns Progressive Insurance - Flo). If you don't know who George Soros is, do some research. This One-World Government atheist backed Obama with millions of dollars, and Obama is a puppet on a string controlled by Soros.

Send this to every gun owner!

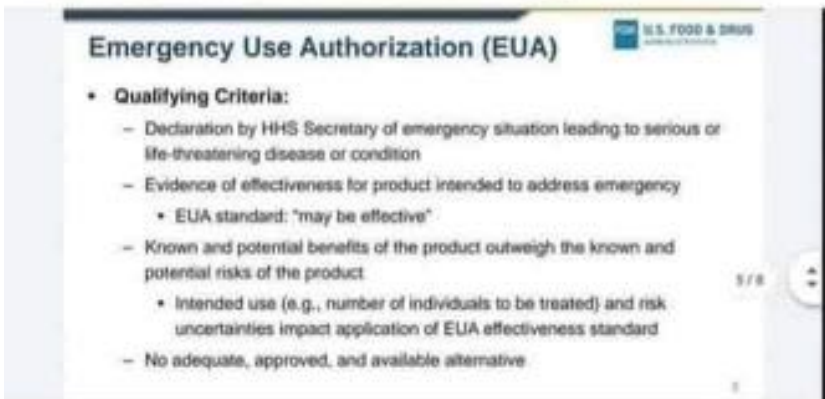

One of the reasons HCQ is attacked might be because [they] can only try legally issue emergency vaccine if there is no cure available... Spread the cures: HCQ, intravenous vit.C, list others below: (files.catbox.moe)

Aha. Now I understand why they're fighting HCQ so fiercely... if there's an approved treatment, they can't issue an Emergency Use Authorization for a rushed vaccine.

<https://www.fda.gov/media/97321/download>

One of the stipulations to getting emergency approval for a vaccine is there must be no adequate, approved, and available alternative.

This is why they are squashing and censoring any talk of effective treatments. Follow the 🚫.

The image is a screenshot of a presentation slide titled "Emergency Use Authorization (EUA)". The slide is from the U.S. Food & Drug Administration (FDA), as indicated by the logo in the top right corner. The slide lists the "Qualifying Criteria" for an EUA. The criteria are as follows:

- **Qualifying Criteria:**
 - Declaration by HHS Secretary of emergency situation leading to serious or life-threatening disease or condition
 - Evidence of effectiveness for product intended to address emergency
 - EUA standard: "may be effective"
 - Known and potential benefits of the product outweigh the known and potential risks of the product
 - Intended use (e.g., number of individuals to be treated) and risk uncertainties impact application of EUA effectiveness standard
 - No adequate, approved, and available alternative

The slide is numbered 5/8 in the bottom right corner.

The study conducted on Chloroquine in Brazil is now under federal investigation.

Not only did they give their patients toxic dosages which resulted in deaths, the researchers used the results to claim that "Chloroquine is ineffective and dangerous."

Small Chloroquine Study Halted Over Risk of Fatal Heart Complications

A research trial of coronavirus patients in Brazil ended after patients taking a higher dose of chloroquine, one of the drugs President Trump has promoted, developed irregular heartbeats.

In addition, all patients received antibiotics and corticosteroids. This study was registered with ClinicalTrials.gov, number NCT04302007.

Findings

One of a pair defined with patients sample size, 30 patients were enrolled. The high-dose (10 mg/kg) group showed more (20% higher) CPK, and a small amount higher frequency of CPK than the lower dosage. Finally, one was 10.7% (95% CI 0.9-20.4%), overlapping with the 0.7% of historical data from similar patients not using (10 mg/kg) CPK. In 10 patients with partial samples, respiratory symptoms at day 4 was negative in only one patient.

Interpretation

Researchers' findings suggest that the highest (10 mg/kg) dosage regimen should not be recommended for COVID-19 treatment because of its potential safety hazards. Such results

The researchers said the study did not have enough patients in the lower-dose portion of the trial to conclude if chloroquine was effective in patients with severe disease. More studies evaluating the drug earlier in the course of the disease are "urgently needed."

Then came the inquiry from the federal prosecutor's office—the first such investigation of a medical study approved by an ethical review board, according to the research team's lawyers. A Brazilian official announced the investigation on Twitter and posted a nine-page document that asked Lacerda's team to justify everything from their choice of chloroquine to why the study didn't focus on patients in earlier stages of COVID-19. Many of the questions centered

'Mask mouth': Dentists coin new term for smelly side effect of wearing a mask - "inflammation in people's gums that have been healthy forever, and cavities in people who have never had them before" (foxnews.com)

Asthma, COPD, Emphysema, lung cancer, silicosis...the health experts are blatantly ignoring known science, filters kill, UIC study done in the 1980's... surprise
MASKS are KILLING People, Just Like 911 NYC Air

How can a mask cause silicosis? It is a filter designed to remove things. You are adding things. These atoms don't come from nowhere. That's just silly.

The Storm: Volume Five

Fibers and particles of fibers break off and are inhaled into the lungs...your body can bioprocess nicotine, tar but fibers, like cotton are not processed and accumulate, and scar, thus silicosis... sorry, basic science, well documented

the mask as most people are wearing are either designed to stop particulate matter, for a matter of minutes to hours at most... they do however continually break down from air pressure and being constantly touched and the material which is either cotton, or synthetic does break down and go down the wind pipe and into the lungs...

Irony, unfiltered cigarettes are better than filtered from a safety perspective...

Have a nice day and stop wearing a mask

Did anyone ask them to explain what good taking temps does with a virus that allegedly spreads asymptotomatically and also has a 5-10 day gestation period?

Trump Just Announced he is Considering Deferring Payroll Taxes till the End of the Year, Retroactive to July 1st, Boom Baby!!!

Mo money, Mo money, mo money!!!

Remember, right from the beginning, taxes were illegal. The Tariffs were all that was needed. Much if not most tax money is stolen.

Much if not most tax money is stolen.
Taxation IS theft

But it's so much more than theft!

How I would love to just endure plain armed robbery once a year, than having to comply with taxation. I'd take that any day.

The tax code is 6 million words that control our behavior...

incentivizing this, disincentivizing that. Giving one company or activity an advantage over another, etc.

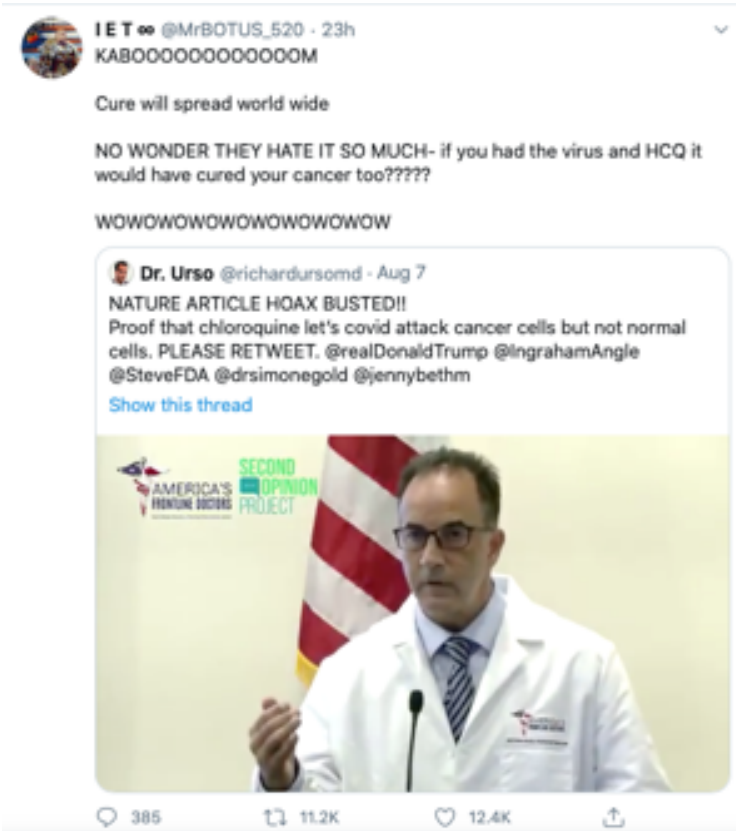

Not to mention forcing us all into part-time accountants and lawyers trying to understand and comply with any of it. Just think of the vastness of our productive capacity that has been robbed from us just to do the work to comply with taxes, let alone the value that is taken. ... not to mention a form of spying since we have to disclose so much of our activity to them.

Taxation is enough to stop competing currencies from circulating... think about that, they just bury gold/silver/bitcoin in red tape with shit like the "barter rule" and capital gains.

What an insanely wicked system.

Federal income tax is voluntary. You are not required to pay it, by filing a 1040 you are signing a contract that you are responsible for it. Research it. It's theft by deception and trickery using mass mind control. Search nothanksirs.

Stop wearing the muzzles. Take a stand. Just STOP!

Just refuse the face diapers. Don't let them control you. If you get confronted and hassled, politely remind them of your Constitutional rights and go somewhere else or stand your ground and wait for LE. Shop local independent businesses. If we all did this en masse, the mask bullshit would go away pretty quickly. I refuse to comply with horse shit. If your employer requires a muzzle, let the customers be the rebels.

I have never worn a face diaper into any store. Stores all have a "Mask Required" sign taped on the front door, and I just walk my happy ass right on in! No one has yet said anything to me. And, I am

The Storm: Volume Five

NOT the only one au naturel in the stores, there are others like me in my area.

Good. Posture matters. If you look like a pussy people are going to try and make you submit.

Same here. It's not a "law", it's a bullshit customer request to further a political agenda that is anti-American to say the least. The longer folks play along the more emboldened they get. Everybody can say "no" and stop this shit in short order.

Masks are for SICK PEOPLE not healthy ones. If you're afraid to refuse a simple muzzle, how are you gonna refuse the next mandate? Stand up while the protest is peaceful.

Funny story, I was at a Home Depot the other day and as I walked in, I saw the sign on the window saying "Face coverings mandatory". I thought "Fuck... I thought Home Depot wouldn't do this shit". But I just walked in as I usually do and there was a guy there at the door and he was handing out masks. I went ahead and accepted it and smiled and kept walking to the pick-up counter. I didn't put it on, just held it in my hand. He didn't say anything.

When I get to the service lady at the counter, she asks immediately "Sir, do you have a mask??" I said "yes", and I held up the mask the guy handed me at the door. She nodded her approval and I continued explaining I was here to pick something up. All was fine.

And I never put the mask on.

If you just act normal, they don't really seem to give a shit.

I posted this story in another thread but I thought it was relevant here, too.

Havn't worn one yet, they will have to arrest me and put it on themselves (then i will sue).

I walk right passed their sign that says, "mask required, NO EXEMPTIONS - per order of the governor," and the little bitch boy at the front door asks if i need a mask and i say "NO," loud and firm, and no one bothers me, I have been the only mask-less person in the grocery store multiple times now, and the only thing the cashier said is she liked my hair.

On Average, Americans believe that 9% of the population has died from Covid-19. This might explain how willing people are to give up all their freedom. (files.catbox.moe)

A survey [shows](#) that Americans believe some 30 million of us have died from the coronavirus, which means they are off by more than 2,000 percent.

Although [fewer than 150,000](#) Americans have died at the hands of the China Virus, when asked to pick a percentage of the American population who succumbed to the virus, Americans chose an average of nine percent.

Nine percent!

With a population of — give or take — 330 million, nine percent rounds up to 30 million dead, when the truth is that not even one percent of the population has been lost to the virus — that would be 3.3 million dead. What we're talking about is something less than one-tenth of one percent — which happens to be one of the lowest rates in the world.

- 1) and that's an inflated number
 - 2) nursing homes inflated the total
 - 3) HCQ could have reduced deaths by 70-80%

Under Trump's temp plan, you keep 30% of your own money. Meaning it is a strong incentive find work and keep working. Especially for the young!

EDIT: I mean keep an EXTRA 30% more in your pockets.

It was always very miserable to give so much of your hard work to the Government, it just wasn't adding up. Pre Trump admins were just using it to fund their private pet projects domestic and overseas for at least half a century. What a waste and what a disgrace.

When the dem governors all banned HCQ they revealed they were in on the EVIL plan.

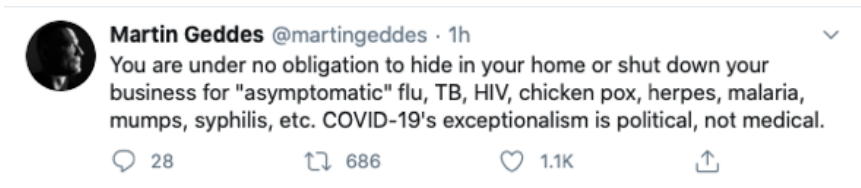

When covid was just starting ... and the (mostly dem) governors banned HCQ from being prescribed ... they revealed that they not only knew what was going on but in order to maximize deaths they must ban HCQ and create policies to send the ill to nursing homes all while implementing a massive fraud to categorize and count non

covid deaths as covid deaths on a grand scale. Now that the doctors have spoken out ... they continue to filter, ban, cancel and otherwise suppress the facts ... they are all evil criminals ... this is an attack on the USA !

Chicago. Walking into Walgreens without a mask. Got a small bottle of water. Going to check out. Cashier says "by the way, masks are required to be there". I answered: "first, mandate is not a law, second, I can't wear a mask, I have a medical condition". He said "I'll not sell you this bottle." and went away...

The most interesting thing is that he served a bunch of black people without masks before me...

I'm wondering will there be times when I'll not be served if not taken a vaccine...

The Maskers are clinging to their "masks" because it's the last vestage of their decaying reality, it's a symbol of the mass hallucination that is now exposed.

Their entire reality is dying before their very eyes, clinging to the covid story like it's a life preserver because it's all that's keeping the hoax of a loving government and media afloat. Sometimes I want to beat the kens & karens when they get uppity, but really we need to be patient and wait until they have their "aha" moment. Till then they are literally in a life-and-death situation because their whole world and belief system is not real lol. The underlying fear is not covid imo, it's that their whole reality and life has been a lie. Just remember what it felt like when you first woke up is what I'm saying I guess...

wow.

Yes my friend. I've had to dig pretty deep into the spiritual work around this because of the trauma... family stuff too, not just school...

I was very successful, materially, later in life but I suffered with alcohol and depression, and eventually a panoply of chronic illness. Then a terrible crisis, and then finally I found answers and have been getting better.

All of the bad stuff that happened was necessary... the experiences held teachings in how to root out all the darkness in the psyche and use our LIGHT to find the way out.

People like you and me, we are here to help. That's our purpose. We had to be mistreated, and even broken first, in order to understand enough to receive the tools.

That's right, peel off their fooking masks, make sure you take a pic of them and send to the fbi.

I BET YOU HALF OF THEM ARE TEACHERS!

Trump also needs to cut home taxes since those go to schools and they haven't been open for months!

This will help homeowners save so much money! Some pay thousands a year and most of the money goes to schools that are indoctrination centers and are worthless and steal children's innocence and curiosity.

Property tax is controlled by county government not the Fed. I agree we shouldn't have to pay the school tax if school isn't in session but that is an issue with our county government.

As I understand it, federal government gives money for education and that should definitely be de-funded if schools aren't open.

Federal spending on education should be cut now for other reasons and never be put back in.

I'm all for that. It would start cutting back on the massive tax fuckery.

Is this why POTUS has left the White House?

Time for the patriots to lay claim and surround it and defend it with all our might!

Bring flags, bibles and lead if need be.

Don't surround it.

Surround the siege.

Make them aware of what happens in real war, when supply lines are cut.

This^^

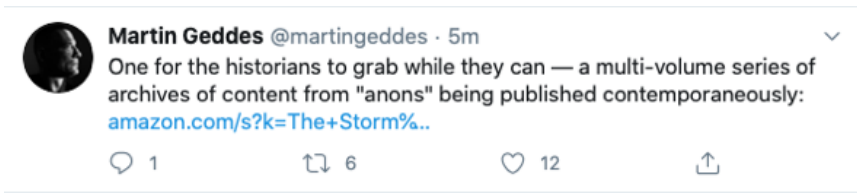

They already had that in CHAZ and didn't learn their lesson apparently

Supply lines are cut. Brilliant!

Lots of tunnels beneath the White House.

White house doesn't need defending. Despite Appearances Its designed to withstand a full assault with human wave tactics by an entire Russian Army with combined arms support. A group of pansy-waisted liberal faggots is no threat at all.

What we do is follow the other poster's comment and surround the "protestors" psychically trapping them between the White House and us, hammer and anvil style. The White House is probably one of the most secure and hard to assault buildings in history. Its one hell of an anvil.

Nearly Everyone on Epsteins flight logs have TDS. They don't hate him because his policy they hate him because he exposed a massive elite pedophile ring.

We need to acknowledge fellow maskless patriots in public more often...

I live in a red state, pretty conservative. But majority of the people here are in masks... fucking idiots alone in their cars driving with masks on. I grocery shop often and haven't once worn a mask (I also have never had anyone say a word to me about not wearing a mask.) This afternoon the store was packed and everyone had the damn mask on... I am using self checkout and a couple in their early 30s is right next to me... both are maskless. I say "nice to see some fellow Americans that are not brainwashed. Smart couple. God bless you fellow patriots!" The couple was surprised I was taking to them at first, but were very happy. We smiled and finished checking out... the crowd of people around us just had this bewildered/broken look on their faces. (No, no one clapped or that bullshit your trolls would say.) I am just saying it takes balls to go against the norms... if you see a fellow patriot out there do not be afraid to acknowledge them in public. We need to stick together!

Its really hard living in a blue state right now. Im outnumbered by idiots and its really getting to me. I can count on one hand how many people Ive seen without their muzzles. When I do see them, I give them a nod usually.

Its infiltrated my job and I wish I could afford to threaten to quit.

My heart drops every time I see a child wearing a mask.

I have seen this too often, as we all have.

Parents wearing masks and their children are masked up too. The youngest I saw was a three year old, or what looked to be a three year old.

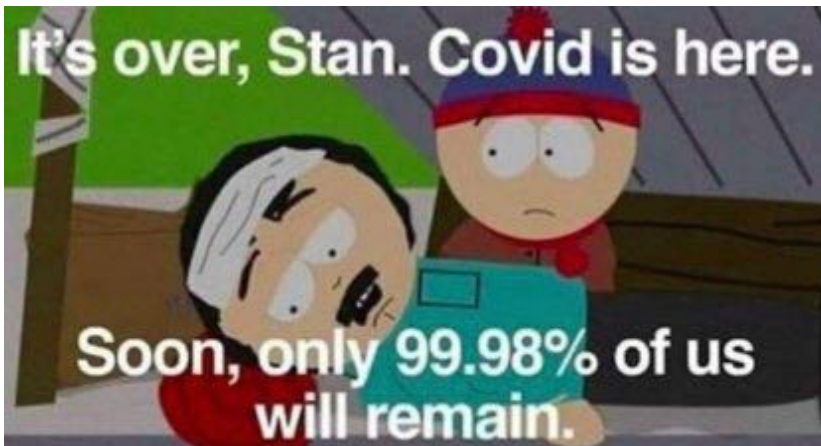

These parents are displaying their lack of awareness, while spreading it on to their future generations.

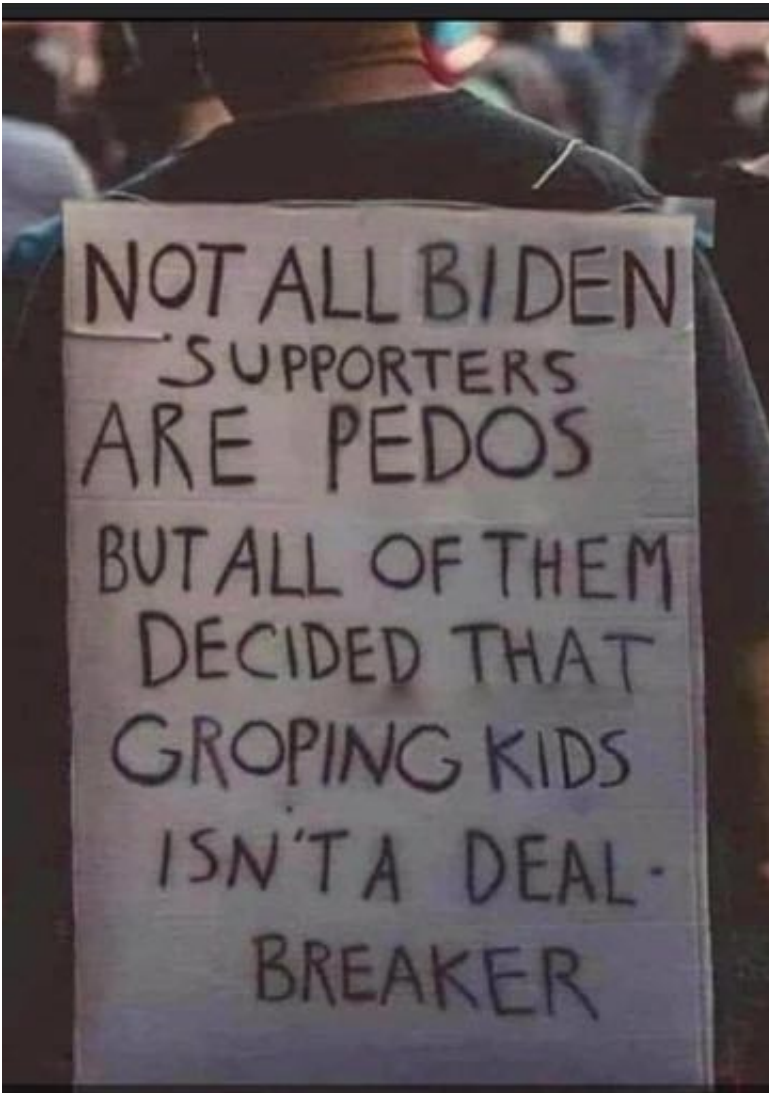

My heart breaks for these children. It's not my place to correct them, other than making sure they see me not wearing a mask, ever.

Human children develop using facial expressions to interpret intent and situational meaning. Six months of this bullshit and this psyop will affect the mental status of an entire generation.

I notice it affecting me. I get a lot of info from a persons mouth movements. I cant read people like i usually do at all.

I agree, however, if they are wearing a mask, especially outside in open air, I need all I need to know.

The Storm: Volume Five

The reason we post this sort of stuff is to see if anyone else can provide some intel to corroborate the speculation which will then be disseminated to the Normies.....

What we do know is that the Daniel Andrews Government has been doing some Secretive Deals with the Chinese and the COVID stuff going on in Melbourne makes absolutely no sense except if they doing the same of shit New York was doing during the early days of COVID....

I live under the Sydney airport flight path. Planes taper off and completely stop around 11pm due to strict noise regulations (Syd airport is fairly unique as its in the middle of high density residential areas).

About 2 weeks ago we were up late and heard a fairly large plane coming in to land around 2-3am.

Wifeanon and me both knew it was strange. Have lived here many years and never heard one this late before.

Could tell it was landing from the direction of sound, but was too dark to see any markings.

It was very odd.

Do you know where I can track flights into Syd (Kingsford Smith airport)?

While the Aussie men cooked BBQ, drank shit beer and beat their women - they had their country sold out from underneath their own feet.

Governments under Keating, Rudd and Gillard sold Australia, wholesale.

Australia is now almost wholly dependent on China for the vast majority of its mineral ore extraction sales and gas exports. For almost 50% of its university student position fees, Chinese Tourist dollars, Chinese Business 'Investment', Chinese Real Estate 'Investment', Shell Fish Exports, Beef Exports, etc...

Entire suburbs of Sydney and Melbourne are now almost completely populated with Chinese nationals. Some appear closer in appearance to Beijing than Bondi.

Elite junior schools in Sydney are practically 100% attended by Chinese students.

Anonymous

Universities in Sydney are effectively banned from speaking ill of the Chinese Communist Party or their treatment of Hong Kong. Vast tracts of farmland in Queensland are owned by Chinese 'investors'.

The Milk industry in Tasmania is owned by Chinese companies. The Casinos in Sydney, Melbourne, Perth and Brisbane might as well have signs above the entrance door saying 'Chinese nationals only'.

One of the three major port terminals on Sydney is owned by the Chinese. The entire Port of Darwin is owned by the Chinese.

The trains for Sydney rail are now all made in China.

I could go on and on....

The Chinese don't call Australia 'The Great Southern Province' for nothing.

A "staggering amount of cash piled up at the US Treasury thanks to a historic T-Bill" --- Trump (Master Chess Player) will probably give it to the people to Stimulate the Economy and Win the Election.

Indeed, something HUGE is about to drop that will guarantee the election for Trump. Our genius POTUS, always 12 steps ahead of them. This means more \$1200 checks will be coming to the people. Zero Hedge lays out some of the details.

Three weeks ago, when looking at the staggering amount of cash piled up at the US Treasury thanks to a historic T-Bill issuance spree over the past three months, we said that it's just a matter of if not when Trump gives the green light to unleash a historic spending spree to put as much of this record \$1.8 trillion in the hands of

American people and, more importantly, voters ahead of the November 3 election.

.....

The US Treasury is of course sitting on a cash balance of USD1.8 trillion at this point. I don't recall any taxes being paid to raise that sum – almost as if MMT were already a thing. (On which note, please see this report.) One wonders when this massive fiscal firepower is going to be unleashed; because surely no president wants to leave USD1.8 trillion to a successor?

"Lets see what happens to them all"

Mwuahahaha

He's totally mocking them and goading them to do something! He must know what their last resort it's all gone to shit plan is and is trying to make them go with that plan. Something that will backfire on them badly or something that has been rendered useless already. The dumbest thing I can imagine they would do is go all in for the fake alien invasion with project blue beam. I don't think too many people would fall for it. It would make them look psychotic and they would get mocked out of office. Is this what he is trying to trigger?

I think the media knew there was going to be a shooting outside. I think an assassination attempt or assassination test just happened.

Three non-important people walk into the stage in the press conference and you hear a ton of loud DSLR cameras going off, as if something is about to happen and they really want to get the before and after pictures.

Then Trump walks in and there are even more DSLR camera shots being taken, like way way more than average again.

Then a shooting occurs outside, Trump leaves and when he comes back they ask him "Which room did the secret service take you into?" And say "you look a little rattled".

The enemies of the people just asked Trump where is the secret location that the secret service brings you into during a shooting outside? Trump replies twice saying "They took me into the oval office". Because he knows they are trying to gather intel that the deep state can use to assassinate him.

And they say he looks rattled to gage his reaction. Depending on how rattled he was, the deep state can learn alot of information from

The Storm: Volume Five

that, for example the more scared he was the closer they got to him. Trump says "Do I look rattled? I'm not rattled." And then continues doing the press conference like the brave badass that he is. The chess match that is going on is crazy. The fact that QRV crashed (probably from traffic) right after the shooting is also interesting to note. If I was a secret service agent and I heard way more DSLR sounds than normal, I would immediately tell my team to be on extra high alert.

All I can say is Please pray for Trump!

Edit: AND a few minutes after the shooting happened, Trump tweeted a video that has the hashtag : "Wewanttoplay... Is this a message to the deep state? "Bring it on! We aren't afraid!" ?

How many coincidences before it becomes mathematically impossible?

People can be indoctrinated to distrust other groups very easily. This is what they are doing with social distancing. They are indoctrinating people to psychologically assume all other people are a threat. Like the old woman in the elevator, it was not racism. If an elderly black man entered, that would not have been a problem. The image of black youths firing guns and robbing people that appears on the nightly news creates the image that all black youths should not be trusted. The press is doing the very same thing with this virus. We are looking at permanent psychological damage. There is no putting this back together again.

Hopefully you can see what's coming....

anarchists have been whipped into a frenzy

they are off message of protesting and on message of looting and destruction

different factions are being engaged, some paid and some followers like misguided sheep

internet, phone and cable comms have been jittery that last few days. when comms and TV fail things will be confused for a couple days as people comes out in the streets with nothing to keep them entertained.

then the marauders will realize they can do anything they want and the cops either won't be able to get a call or they will be hunkered down in their own homes.

they will start by looting big box stores, electronics, jewelry stores and liquor stores on major thoroughfares first.

then they will move into neighborhoods

I hope you have enough provisions to last 10 days or you have someplace safe you can bug out to within the first 24 hours. After that it won't be safe to be caught outside or on a road. Roadblocks

with burned out cars and marauders have probably already been planned.

Harris is constitutionally ineligible to be VPOTUS.

They having been trying to remove the constitution for years. No surprise the Dems are allowing her to be on the ticket as a VP. They allowed Obama on it and he probably wasn't even born in this country.

Kamala did not have enough support to get her through Iowa! There is no bounce, or uplifting Biden's numbers with this choice.

She's just part of their plan.

They will switch her out for Biden (cognitive reasons), then use the fact that she's not eligible for the Presidency to delay the election and make an argument that Nancy Pelosi (Speaker of the House) will need to be POTUS until a new election can be done in 2022 or something crazy like that.

Go learn the meanings of terms used in the Constitution.

"Natural-born" citizen does NOT mean "naturalized" citizen as you think, and is not the same as "native-born" citizen either.

Being native born does NOT qualify one for the Presidency.

To be eligible for the Presidency, one must be a natural born citizen of the United States, which means having US citizen parents, both of them.

Harris' parents were not US citizens at all of any kind at the time of her birth.

And on top of the point the Founders brought out explicitly, that if both parents are not US citizens then there are reasons to distrust loyalty to the US, both Hussein and Harris go yet further from NOT GROWING UP IN THE UNITED STATES, which is beyond the Founder's wildest imaginings.

Who the hell would vote to be President someone who grew up in a foreign country?

Of course Hussein hated America. He grew up in a fucking Muslim country.

Harris grew up in Canada: <https://montreal.ctvnews.ca/how-canadian-is-she-probably-more-than-you-think-say-kamala-harris-one-time-montreal-classmates->

“My daughter asked me the same question,” Sharma says, that’s on many Canadians’ minds now that Democratic presidential candidate Joe Biden has picked Harris as running mate.

“How Canadian is she?”

Sharma told her daughter that Harris seemed very Canadian when she knew her, at around age 15 and 16.

“There’s no way I could have told you that she was American,” she said.

Sharma, who also left Montreal many years ago and lives in Florida, says she has her own curiosities about this, and not just out of Canadian pride. What would it mean for Americans to have someone in the White House who understands life north of the border—so similar, but different in a few key ways?

“I personally think universal health care is going to be her baby,” said Sharma, if Harris does end up as VP.

“And I think it has to do with the fact that she’s...lived in Montreal and seen what [public health care] can be,” she said. “She got to see the other side of the coin, growing up.”

Grew up on the other side of the coin? Technically that would’t disqualify if being natural-born, which she isn’t, but really is even worse than not being natural born. Hussein proved it, as well as, of course, common sense proving it.

The national media's blackout of the Cannon Hinnant story is breathtaking. It's possibly the most heinous murder in memory -- a child executed at point blank range while riding his bike in his dad's yard -- and the national media has said nothing. Seriously, nothing. Incredible.

Statement from Attorney General William P. Barr on the Resignation of Seattle Police Chief Carmen Best

Attorney General William P. Barr issued the following statement in response to the resignation of Seattle Police Chief Carmen Best:

"I was disheartened to learn of the resignation of Seattle Police Chief Carmen Best. Her leadership and demonstrated commitment to her oath of office reflected all that is good about America's law enforcement. In the face of mob violence, she drew the line in the sand and said, "Enough!", working tirelessly to save lives, protect her officers, and restore stability to Seattle. Her example should be an inspiration to all who respect the rule of law and cherish safety and security in their communities. This experience should be a lesson to state and local leaders about the real costs of irresponsible proposals to defund the police."

You could tell by the woman's demeanor when she was talking to the media, that she had had enough of the bullshit politics and orders from above. I think she wanted to do what was right and do more, but the people above her wouldn't let it happen. She should have gotten her people together and marched into their offices and arrested the lot for aiding and abetting terrorism.

This sounds really great!!!

*He's the former chief of neuroradiology at Stanford University Medical Center and now a senior fellow at Stanford's ultra-prestigious Hoover Institution (where conservative luminaries Thomas Sowell and Victor Davis Hanson also reside).

The data is in — stop the panic and end the total isolation.

He explained five facts about COVID-19 that were already apparent from the data we had a month after lockdowns started. But most Americans were totally unaware and, thanks to our corrupt and incompetent national press, still are.

Fact 1: The overwhelming majority of people do not have any significant risk of dying from COVID-19.

Fact 2: Protecting older, at-risk people eliminates hospital overcrowding.

Fact 3: Vital herd immunity is actually PREVENTED by total isolation policies, prolonging the problem.

Fact 4: People are dying from being denied other medical care due to hypothetical COVID-19 fatality projections that turned out to be garbage.

Fact 5: We have a clearly defined population at risk who can be protected with targeted measures.

Countless lives would've been saved and a heartbreaking amount of needless hardship and misery averted if more people had been aware of Dr. Atlas's article back in April when it first appeared*

It's too damn late. The false story has already been written, rewritten, and rewritten again and again over the last few months so that it is now Immovable in the minds of many, the die has been cast. This is infuriating, he is months and months too late to change the narrative now.

Nope. A little suffering has rejuvenated us with the will to fight.

One reason POTUS is going along with the lockdown is because it keeps many out of harm's way during the DS death blossom season. I've been wondering if they're calling for schools to open because

they actually don't want them to reopen yet (new system to be rolled out replacing the current public school and teacher's unions, etc.?) since the moment they do school shootings will become the norm again.

Exposing The Occult Corona Initiation Ritual - Operation Coronavirus is a worldwide ritual, and its many elements are highly symbolic.. (wakingtimes.com)

<https://www.wakingtimes.com/2020/07/16/exposing-the-occult-corona-initiation-ritual/>

Interesting to note that this article was written on July 15th. It does a good job explaining the ridiculous obsession they have with forcing us to wear masks over the past month or so.

We know that the sick freaks that rule the world are occult satanists who perform secret rituals to please their 'god' and this makes some sense as to their scope of their brainwashing we're currently witnessing with the common cold that's currently being used to scare the hell out of people worldwide.

If anything, it makes me want to resist more than I'm already resisting..

The entire world is participating in an occult corona-initiation ritual, although hardly anyone will realize it. The measures and policies which governments have rolled out worldwide ever since Operation Coronavirus began – such as quarantine, lockdown, hand-washing, mask-wearing, social distancing and more – are in fact aspects of occult initiation ritual. These aspects have been cleverly adapted to the current fake pandemic and disguised as genuine public health strategies. As I covered in previous articles, this pandemic is a 9-11 type event which has been meticulously planned for decades.

The people who run the world, whom I often call the New World Order (NWO) conspirators, leave very little to chance. They are black magicians, and they are running this live exercise in a similar fashion to how they run their secret Satanic rituals. In both cases, the goal is the same: to take initiates out of their normal mode of

existence, break them down, engender submission, remold them in the likeness of their leaders, and then finally, return them to a new normal where they cannot return to their old ways and lives.

Whistleblower tells all, claiming Hillary Clinton, Chuck Schumer, Kirsten Gillibrand and other prominent Democrats are involved in human trafficking, sex slavery, and Satanism.

Considering the democrats run their criminals for office to avoid prosecution can it be long before their top criminal throws her hat in the race?]

A former publicist for the infamous sex cult NXIVM has come forward as a whistleblower to tell all that he knows about the evils he witnessed while working for the group – and perhaps more importantly, to reveal the identities of some of the corrupt politicians who were also involved.

According to Parlato, NXIVM routinely trafficked in teenage girls from Mexico, who were then turned into sex slaves and physically branded on their bodies with Raniere’s initials. And unbeknownst to millions of Americans are the many mainstream politicians who, at the very least, appear to have known that this was going on – and some of whom may have also been perpetrators themselves.

As it turns out, Democrat senator for New York and 2020 presidential contender Kirsten Gillibrand has been called out for her close “family ties” to the NXIVM sex cult. Gillibrand’s father and stepmother, who are second cousins, were both heavily involved with NXIVM before they married. Will Maria Bartiromo Flip & Go Against Trump? She Had a Very Sketchy Person on This Week. Both are Members of CFR.

I have turned off mainstream media, with the exception of Sunday Morning Futures with Maria Bartiromo. She does longer segments & allows time to actually have a discussion with her guests. Maria has always seemed pro-Trump, but this guest - and the fact that they both are members of the Council of Foreign Relations (along with Carter Page) - is unsettling.

Last Sunday, Maria had on Steven Schrage. As I listened to him, I thought something was off about the guy. Maybe it's the fact that he sat on a recording of Stephan Halper predicting exactly what would happen to Gen. Michael Flynn...before it happened. Schrage kept quiet about this recording for years.

But last Sunday we heard:

48 hours before the leak was published, my former supervisor Halper eerily laid out what was about to happen to Flynn, something he had no independent reason to know. Halper described how Flynn's "so called enemies" would make Flynn "blow up...he's really fucked."

Here's a good thread on Schrage and all his shady connections:

<https://twitter.com/RoscoeBDavis1/status/1292650000112123905>

And here:

<https://twitter.com/RoscoeBDavis1/status/1292661458849996801>

More info here:

Schrage is an associate of Stephan Halper's

He had Alexander Vindman as a student while teaching at Harvard
Schrage was on the GWB campaign foreign policy team, transition team and White House Senior Advisor

Schrage later worked on international trade and security issues in Colin Powell's State Department, where he witnessed the 9/11 attacks and, shortly thereafter, was part of the first senior State Dept's official visit to Israel & Egypt to provide economic support following the attack

Schrage was also later selected by the White House and State Department to serve as the Co-Chair of the G8's Anti-Crime and Terrorism Group to lead post-9/11 efforts with the G8 group of world's leading powers on matters like border security, terrorism, cybercrime and airport/transportation security, and intelligence. In 2007 he was named Foreign Policy and Trade Director for Mitt Romney's presidential campaign

Schrage is who introduced Carter Page to Stephan Halper. He not only invited and introduced Page to Halper, he also introduced him to what he called the "Cambridge Four" of "Washed up Spies". Stefan Halper, Steele, Richard Dearlove, & Christopher Andrew

Schrage names Robert Costa and David Ignatius as Halper's big media contacts for planting stories

Here's what the set-up honeypot thinks of him:

<https://twitter.com/RealSLokhova/status/1292479203976282113>

Schrage had a recording of recording of Halper saying what was going to happen to Flynn on January 10th 2017 where Halper talked about a scenario that sounds an awful lot like the "kill shot" order from Clapper to David Ignatius. 2 days later Ignatius broke the story on the Flynn call.

Schrage sat by and watched the deep state attempt to totally destroy General Flynn. My guess is that he was cheering them on.

Finally, he decided to come forward. Why now? Because their scheme is coming to light.

This guy sounds as deep & dirty as they get.

Why did Maria Bartiromo give him a segment? Is she truly helping POTUS - or attempting to portray Schrage as some sort of patriot? Helping him to whitewash his crimes?

The fact that they both are members on the Council of Foreign Relations - along with Carter Page - makes all sorts of signals go off. Anyone associated with that group should be viewed with suspicion. The members appear to be the foot soldiers for the deep state. It's the

one Hillary referred to here - where she says the CFR tells them what to do:

<https://www.youtube.com/watch?v=Ba9wx1lDmas>YouTube

Pete Hegseth from Fox News was once on the membership but has now been removed. Can't imagine what that means.

Everyone is talk about the Q phenomenon. What has Q actually done?

It has brought to light...

1. Human trafficking problem around the world.
2. Corruption in American politics
3. The biggest scandal in American History
4. The massive pedophile problem that involves celebrities, politicians, and high powered individuals past and present.
5. The complicity of the media to this corruption
6. People of high power working against freedom fighters of the world
7. The involvement of government agencies FBI, CIA, ETC. of criminal corruption

FOR a movement that is so bad and evil they sure have exposed a lot of stuff that is bad and evil.

Blackmailed with Pedophilia / Obama: 'We're going to fundamentally TRANS-form America' / Pedophiles are using LGBTQ as a cover to adopt, abuse and sex traffic children(media3.s-nbcnews.com)

The US government is the largest child trafficking organization in the world.

They just snatch kids from their parents without a trial and deliver them to pedophiles.

More kids die in the care of child services than soldiers in Afganistan.

On this day, Bill Clinton was the babysitter for 2 prominent Washington DC faggots Pedro's that adopted 4 kids from El Salvador. They are also friends with James Alefantis (be sure to read the comments)JPG

Their business?? They clean Air bnb's in DC, Denver and Austin. Can't have any pizza related maps left behind!!

Remember who was at adoption day with Charles DeSantis and David McDermott, none other than Justin Barrows who build Comet Pizza and was posting toddler caps lost in grass, toddler shoes hanging from ceilings, children toy hanging from creepy fence in some secluded place, first edition of Lolita book (story about

pedophile) which is very expensive, children toys, puzzle, many pictures of black toddlers without showing toddler faces, writings "help/save" on doors and wet cardboard, drawing of man eating a child. Many of those liked by none other than James Alefantis under nickname jimmycomet and Scott Cummings (father of girl who was taped to a table on infamous pizzagate picture) under nickname person_from_social_media

They just snatch kids from their parents without a trial and deliver them to pedophiles.

Which is why there needs to be a serious backpedal on using DCS to seize children from unfit parents, druggie parents, hell, even child molesting parents.

Because the State is using the permission you've granted them to take those kids away to take your kids away from YOU.

President Donald J. Trump Has Secured a Historic Deal Between Israel and the United Arab Emirates to Advance Peace and Prosperity In the Region

Foreign Policy

Issued on: August 13, 2020

Our vision is one of peace, security, and prosperity—in this region, and in the world. Our goal is a coalition of nations who share the aim of stamping out extremism and providing our children a hopeful future that does honor to God.

President Donald J. Trump

SECURING A HISTORIC AGREEMENT: President Donald J.

Trump has secured the first agreement to normalize relations between Israel and a major Arab country in decades.

President Donald J. Trump has brokered an agreement to normalize relations between the United Arab Emirates and Israel – the first such agreement between Israel and a major Arab country since 1994. The countries have committed to the exchange of embassies and ambassadors, and to begin cooperation in a broad range of fields including education, healthcare, trade, and security.

This historic breakthrough is the most significant step toward peace in the Middle East in over 25 years.

The United Arab Emirates is the first major Arab state to recognize Israel since the Israel-Jordan Peace Treaty was signed on October 26, 1994.

SHAPING PEACE THROUGH BOLD LEADERSHIP: President Trump recognized it was time for a new approach to achieve peace, security, and opportunity for the people of the Middle East.

This historic breakthrough was made possible by President Trump's leadership and expertise as a dealmaker.

The President built trust with our regional allies and reoriented their strategic calculus by identifying shared interests and common opportunities, moving them away from perpetuating old conflicts.

This deal provides a foundation for further advances toward regional peace in the future.

The United States believes that more Arab and Muslim countries will follow the United Arab Emirates' lead and normalize relations with Israel.

BUILDING A MORE PEACEFUL AND PROSPEROUS REGION:

This agreement will help put the region on a truly transformative path: one with stability, security, and opportunity.

This agreement is a major breakthrough for Muslims throughout the world who wish to come in peace to pray at the Al Aqsa Mosque, as they will now be able to fly to Tel Aviv through Abu Dhabi to do so and will be welcomed.

By encouraging more visits, it will help counter the extremists who use the false narrative that the Al Aqsa Mosque is under attack and that Muslims cannot pray at this holy site.

Expanded business and financial ties between these two thriving economies will also accelerate growth and economic opportunity across the Middle East.

This agreement will allow further advancement of the President's vision for finding a comprehensive, fair, realistic, and lasting peace between Israel and the Palestinians and in the region.

DOJ Finds Yale Illegally Discriminates Against Asians and Whites in Undergraduate Admissions in Violation of Federal Civil-Rights Laws.

Department of Justice

Office of Public Affairs

FOR IMMEDIATE RELEASE

Thursday, August 13, 2020

Justice Department Finds Yale Illegally Discriminates Against Asians and Whites in Undergraduate Admissions in Violation of Federal Civil-Rights Laws

The Department of Justice today notified Yale University of its findings that Yale illegally discriminates against Asian American and white applicants in its undergraduate admissions process in violation of Title VI of the 1964 Civil Rights Act. The findings are the result of a two-year investigation in response to a complaint by Asian American groups concerning Yale's conduct.

"There is no such thing as a nice form of race discrimination," said Assistant Attorney General Eric Dreiband for the Civil Rights Division. "Unlawfully dividing Americans into racial and ethnic blocs fosters stereotypes, bitterness, and division. It is past time for American institutions to recognize that all people should be treated with decency and respect and without unlawful regard to the color of their skin. In 1890, Frederick Douglass explained that the 'business of government is to hold its broad shield over all and to see that every American citizen is alike and equally protected in his civil and personal rights.' The Department of Justice agrees and will continue to fight for the civil rights of all people throughout our nation."

As a condition of receiving millions of dollars in taxpayer funding, Yale expressly agrees to comply with Title VI of the Civil Rights Act of 1964, a cornerstone civil-rights law that prohibits discrimination on the basis of race, color, or national origin in programs and activities that receive federal financial assistance.

The Department of Justice found Yale discriminates based on race and national origin in its undergraduate admissions process, and that race is the determinative factor in hundreds of admissions decisions

each year. For the great majority of applicants, Asian Americans and whites have only one-tenth to one-fourth of the likelihood of admission as African American applicants with comparable academic credentials. Yale rejects scores of Asian American and white applicants each year based on their race, whom it otherwise would admit.

Although the Supreme Court has held that colleges receiving federal funds may consider applicants' race in certain limited circumstances as one of a number of factors, the Department of Justice found Yale's use of race is anything but limited. Yale uses race at multiple steps of its admissions process resulting in a multiplied effect of race on an applicant's likelihood of admission, and Yale racially balances its classes.

The Department of Justice has demanded Yale agree not to use race or national origin in its upcoming 2020-2021 undergraduate admissions cycle, and, if Yale proposes to consider race or national origin in future admissions cycles, it must first submit to the Department of Justice a plan demonstrating its proposal is narrowly tailored as required by law, including by identifying a date for the end of race discrimination.

Lockdown Restrictions Are A Test To See How Much Tyranny Americans Will Accept(zerohedge.com)

<https://www.zerohedge.com/political/lockdown-restrictions-are-test-see-how-much-tyranny-americans-will-accept>

The question I almost never see asked in the mainstream when it comes to the pandemic is this – Is it really all worth it?

Is it worth it to shut down large swaths of the US economy, threatening millions of jobs, sending millions of people into poverty, risking speedy financial collapse and degrading our fundamental freedoms just to save .03% of the population? What if it was 1% of the population? Would it be worth it then? What about 3%?

What we should remember about Kamala Harris now is that her aide was running occult police force and that her sister is connected to Comet Ping Pong.

Aide to California state attorney accused of running an occult police force claiming to be 3,000 years old

One of California Attorney General Kamala Harris' (D) staffers was arrested last week and "accused of operating a rogue police force that claimed to exist for more than 3,000 years," The Los Angeles Times reported Wednesday.

Much of the notoriety derived from Kiel's role within Atty. Gen. Kamala D. Harris' administration, as well as the bogus police force's eccentric online presence, including a website in which its members claimed to descend from the Knights Templar. Social media accounts associated with Henry also referred to secret societies such as the Freemasons and Illuminati, adding to the intrigue.

Instagram is hit with \$500BILLION class action lawsuit accusing the Facebook-owned platform of illegally harvesting up to 100 million users' biometric data.

<https://www.dailymail.co.uk/news/article-8620989/Lawsuit-accuses-Instagram-illegally-harvesting-biometric-data.html>

A new class-action lawsuit has accused Facebook of illegally harvesting biometric data on its subsidiary platform Instagram with a photo-tagging tool that allegedly stores facial recognition data.

The lawsuit, filed on Monday in state court in Redwood City, California, accuses the company of collecting, storing and profiting from the biometric data of more than 100 million Instagram users, without their knowledge or consent.

In a statement to DailyMail.com, a Facebook spokesperson said that the claims are false, and that Instagram does not use the face recognition services that are offered on Facebook.

'This suit is baseless. Instagram doesn't use Face Recognition technology,' spokesperson Stephanie Otway said.

Instagram's data policy states: 'If we introduce face-recognition technology to your Instagram experience, we will let you know first, and you will have control over whether we use this technology for you.'

Last month, the social media company offered to pay \$650 million to settle a lawsuit in which it was accused of illegally collecting biometric data through a photo-tagging tool provided to Facebook users.

The new lawsuit accuses Facebook of similarly collecting and storing facial information of Instagram users.

'Once Facebook captures its Instagram users' protected biometrics, it uses them to bolster its facial recognition abilities across all of its products, including the Facebook application, and shares this information among various entities. Facebook does all of this without providing any of the required notices or disclosures required by Illinois law,' the plaintiffs wrote in their complaint.

Only at the beginning of this year did Facebook start informing Instagram users that it was collecting the biometric data, according to the suit.

According to the suit, the practice violates an Illinois privacy law that bars the unauthorized collection of biometric data.

Under the law a company can be forced to pay \$1,000 per violation - or \$5,000 if it's found to have acted recklessly or intentionally, meaning the total fine could potentially reach \$500 billion.

Ex-F.B.I. Lawyer Expected to Plead Guilty in Durham Investigation

Prosecutors are not expected to reveal any evidence of a broad anti-Trump conspiracy among law enforcement officials.

document as part of a deal with prosecutors conducting their own criminal inquiry of the Russia investigation, according to three people familiar with the case.

The lawyer, Kevin Clinesmith, 38, who was assigned to the Russia investigation, plans to admit that he altered an email from the C.I.A. that investigators relied on to seek renewed court permission in 2017 for a secret wiretap on the former Trump campaign adviser Carter Page, who had at times provided information to the spy agency. Mr. Clinesmith's lawyers said he made a mistake while trying to clarify facts for a colleague, the people said.

Mr. Clinesmith's lawyers also argued that their client did not try to hide the C.I.A. email from other law enforcement officials as they sought the final renewal of the Page wiretap. Mr. Clinesmith had provided the unchanged C.I.A. email to Crossfire Hurricane agents and the Justice Department lawyer drafting the original wiretap application.

the correct question is to ask of the courts, via seeking and injunction, "how can a union deliver ballots, without a certified chain of custody, in an election where they have declared support for one candidate?"

They were pretty stupid to have overtly done this.

Or perhaps not? This could spur more in-person voting or even perhaps a change in the chain-of-custody currently.

Why is Qanons back in the news?

We are the news.

All it takes is 10% of a population to hold an unwavering belief before the entire population adopts it. Once less than 10% of the population has an unwavering opposing belief, there will not be a societal clash.

The Military has been ready to act since before Trump's election.

I'd say we were 1% of the population before Q.

The average person has ~1000 lifetime social connections. The people you bump into that shape your actions. They all have ~1000 connections. They all have ~1000 connections.

You are a node in a network in the matrix. We affect the simulation, because reality will have to adjust to us.

This is why we had the show.

Preventing civil war.

Why is Seattle and San Francisco having riots, they're over 10% fag from being fag friendly.

How well do you think breaking the news that the LGBTQ is a bunch of bullshit in San Francisco would go? That they only ever pushed it as cover, that teenagers with fluctuating hormones can confuse feelings they haven't learnt yet, and if they avoid further confusing themselves those feelings go away a long time before they destroy their lives.

(((They))) are safe as long as (((they))) make up 10% of the LGBTQ/BLM/Academia/Courts/Unions/Corporations/etc that make up 10% of the general population.

They don't. Not anymore.

Now the game of chess with Durham Begins. Durham is taking the first pawn.

This is the first we're hearing about it, and he's expected to plead guilty.

There can be no divided allegiance here. Any man who says he is an American but something else also, isn't an American at all.

We have room for but one flag, the American flag... We have room for but one language here, and that is the English language. And we have room for but one sole loyalty, and that is a loyalty to the American people.

Obama really wants the post office funded for this election. That tells you all you need to know about mail in voting.

He's at loggerheads with Trump over the funding. Will Trump give into Obama and allow the theft to take place?

'What we've seen in a way that is unique to modern political history is a President who is explicit in trying to discourage people from voting,' Obama said. 'What we've never seen before is a President say, 'I'm going to try to actively kneecap the postal service to encourage voting and I will be explicit about the reason I'm doing it.'

'That's sort of unheard of,' he added.

No you fake fuck, what's unheard of is having a thug like you trying to steal not one but two elections AND GETTING AWAY WITH IT. You should be in prison and I pray you end up there.

There is much more to the 'Boy Lover' Triangle than you think.....

Ben Garrison ran a political comic titled: 'A House Divided'JPG Garrison was inspired by a very famous work by MC Escher called 'RELATIVITY' Garrison is tipping his hand and revealing he knows much more than the comic is saying directly.

Scott Cummings, you may recall, is a very close friend of James Alefantis and was responsible for sliding steel construction in the Pegasus Museum which is almost certainly a building for Satanic rituals and a chop shop for their child victims.

Cummings' business is called Base Modern. One of his works available for purchase is the 'TRIANGLE TRIVET' and Cummings alludes to MC Escher in it's description:

'The TRIANGLE TRIVET was Base Modern's first design, and the inspiration for the forming of this company. Its form was inspired by the "impossible" or Penrose triangle as designed by Oscar Reutersvard in 1934. The Penrose triangle is a familiar object to us

all due in large part to the work of M.C. Escher but also because of its use in popular culture.

The TRIANGLE is not only a 'Boy Lover' code symbol, that is a likely misdirection hiding its even more sinister ties to MK Ultra and SRA brainwashing. I don't trust the FBI, at all, and they are the source for the information on the boy-lover symbolic triangle.

M.C. Escher's Artwork: [http://educate-](http://educate-yourself.org/mc/illumformula1chap.shtml)

[yourself.org/mc/illumformula1chap.shtml](http://educate-yourself.org/mc/illumformula1chap.shtml) 'If the child has artistic brainwaves, then the programmer will use art work in programming.

The art work of the European artist M.C. Escher is exceptionally well suited for programming purposes. Reversals, mirror images, illusion, and many other qualities appear in Escher's art work which make all 76 or more of his major works excellent for programming.

Example: Five children each given the same Alice In

Wonderland script will each use the script differently during programming. The programmer takes the child's own creativity and works with that unique creativity. The child must create the images himself if the programming is to hold. It won't work if the images are someone else's. The child organizes its internal world to suit his/her own experiences such as castles, boxes, rooms, and dollhouses. The PAS type testing will continue during the early years of the slave's life to make sure the programming has not driven the child crazy or psycho. The child will move down the script decided for it for its whole life, based on these early tests.'

Now that Kamala is Biden's VP official pick shouldn't she recuse herself from Senate Homeland and Judiciary Committees?

Both committees are investigating Obama/Biden Administration's 2016 election engineering trying to frame Donald Trump.

She hasn't done anything on those committees except stink up her chair. You're probably right though.

This covid crap has shown the government could have stopped illegal aliens at any point, and simply chose not to.

They said, "we don't have the manpower to deport 9 million people", but they do have the manpower to stop the entire country from working for 6 months???

All they have to do is say, any asshole that has an illegal alien working at their company goes to jail, exactly like when they say if someone doesn't wear a mask, you kick them out. Or your business is not essential.

Fuck this government

It's because they cannot see the stars.

I get up at 4 am every morning fix my coffee and sit on my porch in the country stare at the stars and think about life. This morning as I'm out there thinking it dawned on me that people in the city never get to see what I see. They never get to see the stars, they probably forget they are up there. When you look up at the night sky in the city it looks like a void because the light bleed from the city. This is probably why cities are filled with liberals and atheists. They have lost touch with the wonderment of the universe, they cannot look up to the night sky and see the amazing stars in the universe. Looking at those stars revives your soul reminding you how amazing God and life is.

Any law anons here?

To really think and be free, just use the law on YOUR side!

Get an "internet" doctors note for under 80 dollars!

Remember, a Doctor's note does not have to mention the medical issue creating your exemption from an activity. It is not revealing your medical info.

Use the cheap doctors that diagnose need of "Therapy animals", a huge internet business pet owners exploit.

Anonymous

Get a doctors note you carry to sue with if ever needed, and to allow sicking US Government on anyone that denies you service or any Police departments that detain you!

Yes, you especially can sue police too (the entire point of the note), via "Civil Rights" lawsuit under the "ADA"

CARRY A REAL DOCTORS NOTE!!

Use it in civil court later. Provide it to Fed gov if desired for HIPAA enforcement and ADA enforcement.

The point of a lawsuit threat, is to spread freedom. They are only 50 to 80 dollars to get from willing Internet Doctors.

No one need be sued if they let people be and not force them to wear masks.

The most patriotic thing a patriot can do is promote patriotism and freedom from leftist states oppression and control via mask "emergency orders"

IMPORTANT NOTE:

If hoping to sue multiple businesses and police departments using "Civil Rights Lawsuits", where you and lawyers get the winning awards... you need a Doctor's note (LHCP licensed healthcare professional), and the LHCP if attacked by defense in a suit, may have to submit to another doctor a **COPY OF YOUR VIDEO CHAT INTERVIEW** used for the diagnosis and letter. Your saved video recorded words will be used between court "experts".

This means you need to re-word and rework this section and not read it literally verbatim, or as a bad actor :

“Whenever I try to wear a face mask, I think I get a PANIC ATTACK, and I can barely finish getting groceries, and I go home feeling horrible for not being able to shop at all for food. I can’t get anyone else to do the shopping for me. I shake, feel disorientated, get nausea and am afraid I might vomit in the mask, my heart races or feels weird, I feel I can’t breathe, my mouth is dry, then when I get back to the car I am sweaty and feel dizzy! I don’t even bother trying to go back inside the store, I just feel horrible, and eventually drive back home. I feel better about 5 minutes after taking off the mask. I hate that mask. I cant wear it. Its not fair. I need a doctors note or something!”

Rewrite that.

Reword it, or else you will not win your many lucrative ~ \$120,000 civil rights lawsuits, even if the store pays the US feds via ADA a

fine to the federal gov, you yourself lose out on suing under civil rights violations, if you do not rework those words. It is flawlessly crafted, but multiple people cannot be caught reciting it verbatim, just add lots of padding sentences and anecdotes between each and every symptom.

If not litigating, and you just want a doctors note, no big deal.

<https://civilrights.findlaw.com/enforcing-your-civil-rights/lawsuits-for-civil-rights-violations-and-discrimination.html>

there is NO CAP on a civil rights lawsuit, and NO PERCENTAGE CAP on lawyers fee percent (it can even legally be 100%), the SCOTUS purpose is to allow free and easy lawsuits against Police Departments.

Over 90% of Police eventually agree to a Settlement , a juicy one, when you start a legitimate civil rights lawsuit.

Smaller corporations quickly settle as well.

Either way, you win money , especially if video documented with audio of you claiming you have the doctors note upon you as you get evicted from a store. ham it up. "Why are you belittling me!" "This is unfair" "I am hungry" "I have a note!" "You are breaking the law!" ... and the GOLDEN WORDS "I HAVE A DISABILITY!"

Once again it does not need to be by a state licensed Physician. The note under ADA can be from a cheaper LHCP licensed healthcare professional. Licensed health care professionals include physicians, psychiatrists, psychologists, licensed clinical social workers, nurses, nurse practitioners, physician's assistants, and licensed counselors. If you are a good actor... you can make MILLIONS suing multiple grocery stores!

In San Francisco , a single person in a Wheelchair sued countless bars out of business for having improper toilet door dimensions, and then went from town to town and even then Nevada. MILLIONS , and did so by having a lawyer partner with him, and having the cripple in wheelchair buy one drink , then start to complain loudly about toilet facilities. That cripple and his jew lawyer forced large, famous massive restaurants to close in san francisco that had a second floor for patrons, like "Max's Opera Cafe [ORIGINAL not the new stores]". In california it is illegal to REMIND cripples that some able people can climb stairs to a special extra floor.

You do not have to sue, but the real actual true threat of being able to sue, will keep these leftists idiots in line. Money talks.

Cops, as you arrest us for not wearing masks, don't expect our support when you need us.

Uphold your oath, or you're just the jackboot mercenary of occupying terrorists.

Your badge doesn't make you an officer. Keeping your oath does. If you betray your oath, you're impersonating an officer, and a criminal.

Anybody who takes that oath or any oath in this country always seem to break it. Military has never once protected us from domestic enemies like they swear to. Cops break the oath on a regular basis. Politicians are just expected to at this point. What's the point of taking an oath if it's normal to not give a shit about it?

Minnesota Governor Walz Lifts Restrictions on Hydroxychloroquine (August 12) (gnews.org)

"Although the modification of licensure requirements remains necessary during the pandemic, we no longer need to limit the use of chloroquine or hydroxychloroquine because these medicines have not been proven to be effective treatments for COVID-19 and are no longer in high demand."

How smug of him.

Translation: enough people have died for our purposes. The medical establishment still won't use it because they're part of the hoax. So, go ahead.

What a sneaky little bitch.

Minnesota politicians are all sneaky little bitches. Very smart, very nasty. That's what the Minnesota electorate likes.

"Fraud on the Court" means all the FISA orders to spy on Trump and his associates ... were NEVER VALID.

Most people are generally familiar with what fraud is. But almost nobody seems to know what "Fraud on the Court" is, including most lawyers.

Whenever an officer of the court makes a misrepresentation to a court, and the judge bases an opinion/order, in part, on that misrepresentation, it is Fraud on the Court.

An "officer of the court" is any attorney or judge. When Keven Clinesmith, an attorney, made a misrepresentation to the FISA court, and the judge relied on that (in part) in making a decision (a spy order), that was Fraud on the Court.

Whenever there is Fraud on the Court, the judge LOSES JURISDICTION. It is gone FOREVER for that case.

This means that Clinesmith's actions made the FISA orders to spy ... NULL AND VOID ... as if the order was never issued.

This means that ALL spying done as a result of that judge's order, was done as if there was NO order. Completely illegal.

This is likely the case with ALL of the FISA applications and orders.

It's all a lie, the matrix is very real.

We are coming out of a new dark ages

Humanity has been under a spell

Fantasy and sci fi, quite frankly has more truth to it than our current 'clown world'

This isolation has brought me closer to the truth

Away from the insanity, the falseness, the fraudulence, and the demons who masquerade around as healthy people

There's no point to a world like this, it was bound to get shut down in one way shape or form

This plandemic is obviously the beginning of the end, and there will be many more events initiated

For it is only out of desperation to control the masses that this has occurred, the membrane of lies was wearing thin

A more desperate attempt to hack your mind has taken place and there is no stopping their agenda now

For they have no more control, and only several cards left to play

This is poker and these are the tribulations, the ones which were to occur after the muslim war ended

Which appently ended right before this plandemic began

Anonymous

I get no satisfaction in this world, the lies, or even the jokes of trying to make light of how retarded this all is

This time in thought has brought me way closer to the truth

WE ARE VERY FAR DIVORCED FROM THE 'TRUTH'

Without truth there is no reason our society can remain

How many people were just blatantly lying to eachother and themselves before this all began?

The lies are over and the truth is the only thing left to come

Obviously, the dark side has a few cards left up it's sleeve

Be ready for anything

Years ago, before I returned to Scripture, I bought some stickers to put on our cars which we never did. They were from The Truman Show, and asked the question, "How's it going to end?"

Today, I can tell you how, and it's a very simple two words: "God wins."

Had an insight today about The Matrix, which is really neat since I'm adding it to a post about it. Am learning we each have a personal relationship with Jesus. In the movie, the Oracle would tell each person something -- in other words, each person had a personal relationship with the Oracle.

Since the movie was made by lying liars who lie about who they are, the synagogue of satan, the message is inverted -- in the movie, people are told that the words of the Oracle are for them, and them alone, and not to be shared.

I think the message of Jesus Christ is different. I think it is meant to be shared, and one of the ways to share it is by saying: look at what I'm noticing.

God bless.

Germany is Fucked Up Beyond All Recognition.

Germany is FUBAR. The big cities are full of commie trash. There are a lot of bums and junkies at every corner. Everywhere is all covered by graffiti and stickers saying Antifa and Anarchy. Police patrol are doing absolutely nothing even if they see them. Niggers are promoting BLM on the streets, distributing flyers saying "No to extradition of illegal immigrants". A lot of districts are full of commie junkies. Even if these districts have cheap and beautiful buildings, people prefer to get deep in debt in order to buy apartments in commie free districts. The most bizarre thing is that all the commie graffiti and stickers all around are meaningless, since German government is already commie. The most funny thing is that the ex commie part of Eastern Germany has become ultra right, which is the only part of Germany where Germans are intolerant. It looks that after 100 years of communism, Eastern Germans have become ultra right, while the Western Germans have become tolerant faggots.

You have a lot of right wing people in Germany but they are doing nothing because they are afraid to lose their jobs or children. And the new conservative AfD is just useless and controlled opposition.

Hey, it's just like Weimar Germany 100 years ago.
Let's hope they don't have to wait until 2033.

Bill Gates says hydroxychloroquine has 'severe side effects,' but little evidence they're common.

[So why mention "severe side effects" if they are not common? What is your motive Bill?

Bill Gates this week added more flame to the fire in the ongoing debate over the usage of hydroxychloroquine to treat COVID-19, claiming that using the drug to treat the coronavirus carries with it the risk of "severe side effects" and arguing that medical officials should instead pursue the numerous "good therapeutic drugs" currently in development.

Yet there is at present little evidence that "severe side effects" are common in COVID-19 patients who take hydroxychloroquine, with the majority of reported adverse events being relatively mild and only a small fraction of reported effects so far being dangerous and/or fatal.](<https://justthenews.com/politics-policy/coronavirus/hldbill-gates-says-hydroxychloroquine-has-severe-side-effects-little>)

There was a study that had people taking massive doses of Hydroxychloroquine and there were side effects from it. At normal dosage it's safer than aspirin according to honest doctors and a 70 year track record. It's even safe for pregnant women to take. Gates a pos con man!

Brother, Gates is not even a Doctor and HCQ has been used for 60 years.

The double speak from this evil bastard is amazing. Drugs "that are proven to work without the severe side effects" is not proven to work if it is still "coming". It is by definition unproven. This is especially so considering the decades we've had to find drug interactions and contra-indications for HCQ. Furthermore, if there are "lots of good therapeutic drugs coming that are proven to work without the severe side effects" then we don't need any more talk of mandatory vaccines or contact tracing.

Vaccines have severe life altering side effects. Gates is a demon.

Deprivation Of Rights Under Color Of Law -- Is in FACT a CRIME, Title 18 Section 242.

I ran this yesterday, its important. And its time for push back. Print and carry, more govfags need to realize they can be personally liable even if just "following orders" or policies.

And memorize these numbers, because when you recite them from memory, people will take notice: Title 18 Section 242

It's easy numbers to remember, don't be lazy, be smart, be strong.

And be willing to have a Karen in your realm every now and then.

There is a screen cap of the DOJ site and this law. I just printed 10, and will keep one in wallet. I will hand them out to people who are wearing masks but I think they don't want to.

<https://www.nukepro.net/2020/04/deprivation-of-rights-under-color-of.html>

Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States.

For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within the their lawful authority, but also acts done beyond the bounds of that official's lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prisons guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials. It is not necessary that the crime be motivated by animus toward the race, color, religion, sex, handicap, familial status or national origin of the victim.

The offense is punishable by a range of imprisonment up to a life term, or the death penalty, depending upon the circumstances of the crime, and the resulting injury, if any.

Gov. Kristi Noem rejects Trump's virus unemployment relief, citing healthy economy thanks to not locking down.

South Dakota Gov. Kristi Noem thanked President Trump for offering federal assistance to her state to mitigate damage from the coronavirus pandemic, but she said it's not needed thanks to her state's healthy economy.

"My administration is very grateful to @realDonaldTrump for the additional flexibility that the 'Lost Wages Assistance' would have provided, but South Dakota is in the fortunate position of not needing to accept it," Noem, a Republican, tweeted Friday, followed by a

thread explaining the various reasons why her state does not need the \$400 weekly unemployment payments approved by Trump.

Noem added that South Dakota's economy didn't shut down over coronavirus fears, allowing the state to be in good shape.

"South Dakota's economy, having never been shut down, has recovered nearly 80% of our job losses," Noem said. "We're the only state in the nation that didn't have extended unemployment benefits kick in because our insured unemployment rate has been the lowest in the nation."
