*This text is dedicated to all of those who have lost their families,  
friends, livelihoods, health and lives while fighting for the truth.*

*In the end, God wins.*

*For though we walk in the flesh, we do not war after the flesh. For the weapons of our warfare are not carnal, but mighty through God to the pulling down of strong holds.*

-2 Corinthians 10:3-4 (KJV)

*A commander who advances without any thought of winning personal fame and withdraws in spite of certain punishment, whose only concern is to protect his people and promote the interests of his ruler, is the nation's treasure.*

## Introduction

The posts throughout this book pick up where Volume Nine left off. These posts are a compilation of anonymous and non-anonymous drops by civilians, archived from *VOAT* (an anonymous internet chat forum) within the sub-verse of QRV. QRV (<https://voat.co/v/QRV>) is the only Q endorsed sub-verse via Q posts: 2269 and 2272 that were posted on *qmap.pub* and *qanon.pub* on September 21, 2018. At the beginning of Volume Ten, QRV had 21,262 subscribers. This text is in nature an ethnographic examination, as it's an analysis of content from specified places, along with personal commentary during a specified time.

In Volume Ten, the posts begin on November 16, 2020 and carry on through December 6, 2020. Depending on the day, Q was also making posts throughout this time on *8kun.top*. Then, those Q posts always make their way to *qanon.pub* and *operationq.pub*. The

## Anonymous

Q posts during this time are embedded among the anonymous comments from QRV on the corresponding day.

Q has encouraged everyone to archive offline (i.e., Q posts: 672, 993, 1186). These books are just some examples of such an archive. These predominantly anonymous citizen posts are unedited, stemming from thousands of Americans and those in foreign countries across the world who subscribe to QRV on *VOAT*. These posts are only organized by the day of the week and the month in which they were posted. Some posts are news reports, while many posts are personal accounts and observations, social-media threads/tweets, videos, memes and Anon investigations of various political topics.

On over 17 occasions, Q has stated; “You are the news now.” Therefore, the mainstream media is 100% irrelevant. The real investigations and facts are coming from anonymous citizens. General Michael Flynn himself stated; “We have an army of digital soldiers... We have what we call; citizen journalists.”

While some may not be familiar with Q, or Q posts, we encourage you to look up “*Storm is Upon Us*” by Joe M on YouTube, and watch the videos in chronological order to give

yourself a starting point. We also recommend watching the documentary's titled, *Out of Shadows; Plandemic: The Movie*, featuring Judy Mikovits, Ph.D.; and *UK's Hidden Shadows*. Two more films debuted during this time as well, of which we also recommend. The first is titled; *Trump Card* by Dinesh D'Souza, and the second is titled; *The Plot Against the President*. We also recommend a small book by James Perloff titled; *COVID-19 Red-Pilled and the agenda to come*. Then, and more importantly, visit *qanon.pub* or *operationq.pub* and read the Q posts in chronological order, which begin on October 28, 2017.

This is a historical archive for the purposes of personal use, personal education and entertainment. These are anonymous commentaries, reflections and experiences of Americans, and citizens across the world, during the Fall of 2020. Some of these anonymous posts within may be pure speculation.

This is Volume Ten.

**Multiple Reversals and Proportional Vote Entries In Virginia on Election Night after 11 PM Indicate Election Fraud Occurred in This State Too ([thegatewaypundit.com](https://www.thegatewaypundit.com))**

**It's a wonderful evening. Tonight My MIL told me THANK YOU....**

...and that SHE GETS IT, Get's Trump, SHE WOKE UP. It took me over 2 years to do it. I was polite, I was gentle, but I told her I was going to change her thinking.

2 years ago she said about Trump: ..."I detest him, he's a conman, he's in the White House to rape our country for every dollar he can get, for the betterment of himself first, and then his family. He's a narcissist, a racist, xenophobic, etc, he's in line with Russia, he has sexually assaulted women!, how could you EVER vote for him?..." Me, ..."well, we'll just have to agree to disagree on that, but Trump is not what you think he is, and I am going to try to change your mind..."

Her: SHE LAUGHED.

NOW? She thanked me, profusely, with emotion! She also said she is afraid to talk to anyone because she's just "sitting in the new awake-ness" and wants to let it sink in. Settle. She's afraid it will go away.

Anonymous

I told her to STOP watching their “programming” on news. STOP, that I will send her 3-4 good truth-filled articles a day. For once she said OKAY, and ...just tell me what to do because I don't want to go back to that place I left!

She also said that for 2 mornings in a row now, she wakes up and plays that “Our Movement” speech by Trump to start her day. This one: <https://youtu.be/IQGypMSONxQYouTube>

=====

I asked her what it was that tipped it, what did I say or do that made her Wake Up and see it...

She said it was later after we had been out to lunch, and she was thinking about what I had told her that day - and like a light switch, she came out of a fog and it all made sense, she had a new awareness. I had explained globalism to her, that if you lift the curtain the Dems and Reps are all mixed up (and have a joint agenda we don't know about), ...and that what we see is theater.

After she Thanked Me tonight, I told her...

WELCOME TO THE GREAT AWAKENING!!

Are people freaked about this Durham nonsense today? This man, of which I can only find 3 photos, is an enigma. He doesn't even need to exist. The investigation into #Spygate has been going on since the crooks conceived it. Not a single leak. EVERYTHING will resolve, and the truth will come out, precisely when the time is right. The one constant is that you will get the justice you crave. Don't drive yourself crazy trying to interpret political theater. Durham, or whatever it is he is supposed to represent, IS COMING, and nothing - I mean NOTHING - will stop it.

### **Stop Getting Pissed Off and Start Smiling.**

How many times must I explain that we've already won?

Start loving again. There is nothing you can do but be the love you want in the world.

Be happy and joyful, the Creator is retuning. Nothing can stop what has already happened.

Scary times are ahead, put on the Armor and do not remove it until you feel secure.

God is back, things are changing fast. I need you to love each other, as neighbors...unity is what he wants for humanity...we are unstoppable United.

Smile, God is really coming back, and you all have him available to you via this platform.

You really aren't going to believe who has been talking to you on here, your heart will inform your mind, your heart remembers.

Love is everything. Please listen and start acting as the children of a really great Father.

Do not let anger rule over you.

Presidential seal

Office of the president elect

**CREST:** Behind and above the eagle a radiating glory Or, on which appears an arc of thirteen cloud puffs proper, and a constellation of thirteen mullets argent.

The whole surrounded by white stars arranged in the form of an annulet with one point of each star outward on the imaginary radiating center lines, the number of stars conforming to the number of stars in the union of the Flag of the United States as established by chapter 1 of title 4 of the United States Code.

**No federal law establishes 'the Office of the President Elect' as a formal section of government but at the same time federal agencies accept such office as an informal title for teams working on behalf of presidents-elect.**

**On this seal the Crest as well as the Banner: E Pluribus Unum " Out of many, one " Have been removed.**

**Why would it not be included?**

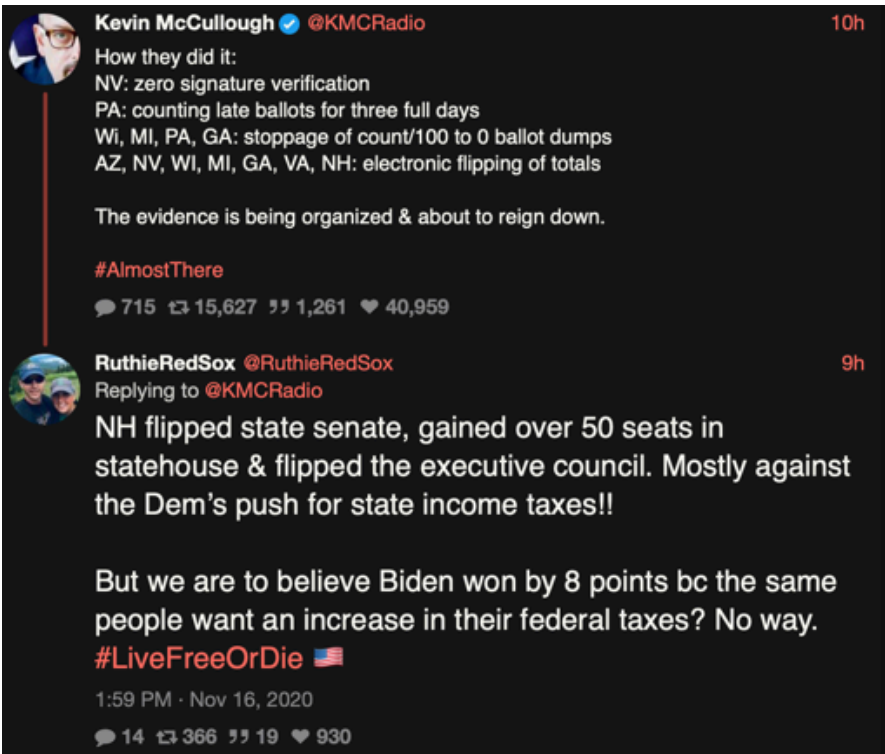

A section of the social media users started claiming on Tuesday that Biden, in a nefarious move to convince Americans that Trump would definitely lose this year's election, created 'the Office of the President Elect' even before the vote counting was over. One of the first people to make the claims was Sebastian Gorka, a former adviser to Trump who hosts a conservative talk show.

**If the dems get away with this election fraud. Then the dems will double down on their cheating in the next election.**

Vote counting stoppages and mystery 4:00 an ballot drops will be the norm. Poll watchers will be a thing of the past as all vote counting will now be done in secret. Free elections, if there ever were any will be a thing of the past. Ballot factories will become common place. It is obvious that that the DOJ and the FBI have no appetite to investigate or prosecute election fraud. Therefore, election fraud is essentially a free crime. So if we are ever going to win another election we need to fight fire with fire and create our own fraud organizations. It is obvious anyone can commit as much voter as they want and the corrupt press will claim there is no evidence and fraud.

**They burned our cities burned our forests and tried to steal our election.**

I don't think it's going to end too well for them.

**Sooo, is this is why nothing was happening. The media apparatus had to be destroyed first?**

Who is public enemy #1? Trump tells us everyday. The media. How do you take them down? Catch them in a crime, a big crime. How do you force them to commit a crime? Be a President that supports the people, and force election fraud.

And then invoke your EO. Seize all assets. Raze the heads of this hydra to rubble.

With that out of the way, the rest of the draining of the swamp can proceed with minimal resistance.

The real "vaccine" will be removing this cancerous virus from power.

If true, it is going to be biblical

**AWESOME!!! Portuguese Court Rules that Covid Test is Unreliable and Government Cannot "Diagnose" Anything.**

This is from a Portuguese court, but the court is on point, and their statements should become household knowledge, worldwide. Bravo!

- A medical diagnosis is a medical act that only a physician is legally qualified to undertake ... No other person or institution, including government agencies or the courts, has such an authority ... No one can be declared ill or a health hazard by decree or law, nor as the automatic, administrative consequence of the outcome of a laboratory test, no matter which.
- “if carried out with no prior medical observation of the patient, with no participation of a physician certified ... any act of diagnosis, or any act of public health vigilance ... will violate [a number of laws and regulations] and may configure a crime of ... [unlawful practice of a profession] ...”

- ... the Azores Health Authority ... failed to provide evidence [of] ... informed consent ...by the PCR-tested persons who had complained against the forced quarantine measures imposed on them.
- no evidentiary proof or even indication existed that the four persons in question had been seen by a doctor, either before or after undertaking the test.
- “Based on the currently available scientific evidence this test [the RT-PCR test] is in and of itself unable to determine beyond reasonable doubt that positivity in fact corresponds to infection by the SARS-CoV-2 virus, for several reasons, among which two are paramount (to which one would need to add the issue of the gold standard, which, due to that issue’s specificity, will not be considered here): the test’s reliability depends on the number of cycles used; the test’s reliability depends on the viral load present.”
- “if someone is tested by PCR as positive when a threshold of 35 cycles or higher is used (as is the rule in most laboratories in Europe and the US), the probability that said person is infected is <3%, and the probability that said result is a false positive is 97%.”
- “Given how much scientific doubt exists — as voiced by experts, i.e., those who matter — about the reliability of the PCR tests, given the lack of information concerning the tests’ analytical parameters, and in the absence of a physician’s diagnosis supporting the existence of infection or risk, there is no way this court would ever be able to determine whether C was indeed a carrier of the SARS-CoV-2 virus, or whether A, B and D had been at a high risk of exposure to it.”

Most of this has been known to QR V ers for months. This is the first court that I am aware of -- anywhere in the world -- where these issues have been directly addressed.

Keep these points in mind, if ever challenged.

If you're not aware, Col. Douglas Macgregor has been a regular guest on Tucker Carlson's show.

A new senior adviser at the Pentagon repeatedly said the United States' support for Israel was the result of "Israeli lobby" money and

accused prominent officials, including Secretary of State Mike Pompeo, of becoming "very very rich," from their support for Israel. Retired Army Col. Douglas Macgregor, who was appointed as senior adviser to newly installed acting Defense Secretary Christopher Miller this week, made the comments in two media appearances in 2012 and 2019.

KFile reviewed additional comments from Macgregor in which he said that US involvement in World War II was a "disaster," and incorrectly said there was no desire in the US to go to war with Nazi Germany. In 2012, he claimed there was evidence that conflict with Japan was engineered to end the Great Depression.

Douglas Macgregor, a top adviser to President Donald Trump's new acting defense secretary, routinely blames "the Israeli lobby" and "neocons" for pushing the United States into wars.

Whether Trump stays in office, or starts a news network (or buys Newsmax / OAN), it'll be great if the new Trump is solidly anti-Israel, anti-AIPAC.

14. Smartmatic's electoral technology was called "Sistema de Gestión Electoral" (the "Electoral Management System"). Smartmatic was a pioneer in this area of computing systems. Their system provided for transmission of voting data over the internet to a computerized central tabulating center. The voting machines themselves had a digital display, fingerprint recognition feature to identify the voter, and printed out the voter's ballot. The voter's thumbprint was linked to a computerized record of that voter's identity. Smartmatic created and operated the entire system.
15. Chavez was most insistent that Smartmatic design the system in a way that the system could change the vote of each voter without being detected. He wanted the software itself to function in such a manner that if the voter were to place their thumb print or fingerprint on a scanner, then the thumbprint would be tied to a record of the voter's name and identity as having voted, but that voter would not tracked to the changed vote. He made it clear that the system would have to be setup to not leave any evidence of the changed vote for a specific voter and that there would be no evidence to show and nothing to contradict that the name or the fingerprint or thumb print was going with a changed vote. Smartmatic agreed to create such a system and produced the software and hardware that accomplished that result for President Chavez.
16. After the Smartmatic Electoral Management System was put in place, I closely observed several elections where the results were manipulated using Smartmatic software. One such election was in December 2006 when Chavez was running against Rosales. Chavez won with a landslide over Manuel Rosales - a margin of nearly 6 million votes for Chavez versus 3.7 million for Rosales.
17. On April 14, 2013, I witnessed another Venezuelan national election in which the Smartmatic Electoral Management System was used to manipulate and change the results for the person to succeed Hugo Chávez

## The Storm: Volume Ten

company that could guarantee results in Venezuelan elections for the party in power.

21. I want to point out that the software and fundamental design of the electronic electoral system and software of Dominion and other election tabulating companies relies upon software that is a descendant of the Smartmatic Electoral Management System. In short, the Smartmatic software is in the DNA of every vote tabulating company's software and system.
22. Dominion is one of three major companies that tabulates votes in the United States. Dominion uses the same methods and fundamentally same software design for the storage, transfer and computation of voter identification data and voting data. Dominion and Smartmatic did business together. The software, hardware and system have the same fundamental flaws which allow multiple opportunities to corrupt the data and mask the process in a way that the average person cannot detect any fraud or manipulation. The fact that the voting machine displays a voting result that the voter intends and then prints out a paper ballot which reflects that change does not matter. It is the software that counts the digitized vote and reports the results. The software itself is the one that changes the information electronically to the result that the operator of the software and vote counting system intends to produce that counts. That's how it is done. So the software, the software itself configures the vote and voting result -- changing the selection made by the voter. The software decides the result regardless of what the voter votes.
23. All of the computer controlled voting tabulation is done in a closed environment so that the voter and any observer cannot detect what is taking place unless there is a malfunction or other event which causes the observer to question the process. I saw first-hand that the manipulation and changing of votes can be done in real-time at the secret counting center which existed in Caracas, Venezuela. For me it was something very surprising and disturbing. I was in awe because I had never been present to actually see it occur and I saw it happen. So, I learned first-hand that it doesn't matter what the voter decides or what the paper ballot says. It's the software operator and the software that decides what counts -- not the voter.

## THE MAN IN THE ARENA

It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat.

**The CIA apparatus has penetrated every key organization, including think tanks, universities, non-governmental organizations and Foundations.**

The Tavistock- and Reesian method- that the class war should be waged with “weapons that affect morale more than they take life”- has become, in the post-war period, the primary weapon system of the Rockefeller forces, including their own covert arm, the Central Intelligence Agency.

The CIA apparatus has penetrated every key organization, including think tanks, universities, non-governmental organizations and Foundations. For example, most major universities are either entirely or substantially branches of the CIA.... Through control of governmental and major foundations, the CIA has been able to have a say “not only in what programs are funded, but to control the selection of instructors who move into controlling positions” as honest academicians are weeded out and hounded into retirement. .... The situation is extremely grave. We are fighting a combined effort of some of the most brilliant people in history who scheme against us for the purposes of possessing us. But the human will is immortal. Tyrants have killed millions and yet people fought and eventually won their freedom.... Immortality has its moral basis in truth and incorruptibility. It deserves to be given all the support that it can get. It deserves to be fought and died for.

Adam Laxalt, former Nevada Attorney General, made an appearance on Fox News and blew the whole ballot fraud discussion wide open. He had a frank interview with Shannon Bream about the matter and it is a great watch. Finally, someone is willing to tell like it is about the election. We have been forced to watch so many people claim that these vote counts are the result of “glitches”.

Of course, it doesn't take a rocket scientist to see that all of these glitches seem to favor the Democrats. Laxalt is not about to allow the state that he once served get swept up in all of this nonsense. That's why he decided to set the record straight and we are grateful that he did so. It gets annoying to watch the mainstream media do everything in their power to act like these claims are silly.

What we are witnessing is a historic, international sting operation. Election fraud is big business, worldwide. They (Trump and the military) needed to handle this issue very carefully to avoid civil war, not just in the US but around the world. Russians and the Chinese know that their elections are rigged – they are prisoners of their system (However, this is about to change!). In contrast, Brits, Germans, French, Italians, Australians, etc. believe (falsely) that their system is more-or-less honest. When everyone learns that their “elected” leaders, prominent business executives, media organizations sold them out, many will be confused and may resort to vigilante justice/violence. The slow roll-out is designed to help avoid the carnage, as people wake-up. We are witnessing the conclusion of decades of planning. As we were told, it had to be this way!

Obama was president in 2016.

Their rigging/cheating was not enough.

The military/good people were able to prevent some of the cheating.

## The Storm: Volume Ten

In 2016, while they thought of Trump as a threat, they did not realize or know how much of one he was.

They figured they would use him and try to destroy him to their own advantage. Like making Trump out to be a sexist so they can further push their me too movements and further divide people.

Trump over the years has managed to fool them.

He was polite and generous to them, people like Oprah.

Ivanka was friends with Chelsea Clinton.

The Clintons attended Trump's wedding.

As Trump started his presidency, and began to undo all the damage these assholes have caused over the years. It slowly dawned on them.

Then Q came onto the scene, and they knew they were really fucked.

They realized what was really going on,

the end of all of them and their corrupt schemes against humanity.

Trump knew they would be so incredibly desperate and foaming at the mouth to get rid of him and that they would do anything and everything to stop him.

He knew they would be doing everything they could to rig and cheat the elections.

Trump is a very brilliant man and so are the people behind Q, the US military and other patriots.

They set up the biggest trap in history with the most tempting delicious bait the cabal ever saw.

The difference in 2020.

Trump is president, not Obama.

The bad corrupt people know they must stop Trump at any cost.

( 2016 when Trump won, they thought of it as a Temporary inconvenience that they could overcome and use to their advantage)

They let them do what they knew they would do(CHEAT). While collecting even more evidence against them and allowing for the traitors/sleepers to expose themselves( like Fox news and everyone else who have jumped onto the Biden won train)

To clean up this corrupt system, it needed to be exposed in the full light.

Chairmen of Covid19 test producer CONFIRMS it's a hoax

"There is utterly unfounded public hysteria driven by the media and politicians. This is the biggest hoax ever perpetrated on an unsuspecting public. There is absolutely nothing that can be done to contain this virus. This is nothing more than a bad flu season. It's politics playing medicine and that's a very dangerous game.

There is no action needed....Masks are utterly useless. There is no evidence whatsoever they are even effective. It is utterly ridiculous seeing these unfortunate, uneducated people walking around like lemmings obeying without any evidence. Social distancing is also useless.....

Positive testing results do NOT indicate clinical infection. It is simply driving public hysteria and ALL testing should STOP immediately....using the province's own statistics the risk of death under 65 is 1 in 300,000. The scale of the response is utterly ridiculous...all kinds of business closures, suicides .... you're being led down the garden path."

**I was thinking the other day.... was Trump the first incumbent president in fifty years that did not attack a foreign country in the year before the election hoping it would help them win?**

Obama attacked Libya, Bush attacked Iraq, Clinton attacked Yugoslavia, Reagan attacked Grenada, Carter attacked Iran...

**Am I the only one thinking recent astronomical Covid spikes are made-up BS to "justify" insane actions, including lockdowns and permanent vote by mail? 'Hey, it might snow, let's vote in July.'**

The Congress may determine the Time of chusing the Electors, and the Day on which they shall give their Votes; WHICH DAY SHALL BE THE SAME THROUGHOUT THE UNITED STATES. (Art II §

All teachers, students, etc are getting tested to prepare for school re-entry. Since the test is bullshit anyway, you have a decent chance of testing positive, and a ton more people testing. That's all. Another bullshit statistic that means zero.

Tonight, the Wayne County Board of Canvassers initially failed to certify the election; 2 GOPers voted No.

After hours of public comment and pressure (& the hard work of BoC Vice Chair Kinloch), they finally decided to certify.

The will of the people eventually wins. #detroit

All these little skirmishes are secondary. They could go either way. They serve to give people a sense that there was a grander conspiracy at play by the China-backed Democratic establishment to steal the election. #Dominion is the real story. The #Kraken cannot be stopped. Biden WILL NEVER be president.

Wayne County election officials spectacularly caved under political pressure.

In a matter of hours, Wayne County went from "We unable to certify because more people voted than were signed into to vote" to "Eh, looks good enough for government work."

One of our monitors discovered a 9,626 vote error in the DeKalb County hand count. One batch was labeled 10,707 for Biden and 13 for Trump - an improbable margin even by DeKalb standards. The actual count for the batch was 1,081 for Biden and 13 for Trump.

**The Coup d'etat perpetrated by the Deep State, the MSM and the radical Left led by Joe Biden, Kamala Harris, Soros, Obama, HRC and many others WILL FAIL. The whole world knows that Trump won!!**

- When the MSM clowns say "there is no evidence of widespread election fraud", they are KNOWINGLY lying to the public. They are co-conspirators of the coup against the POTUS. Treason - trying effect an illegal overthrow of the government.
- The MSM, Big Tech and the DS can no longer hide the growing tide tsunami of evidence that the coup was planned and coordinated to steal the election by both electronic vote switching (Dominion/Smartmatic) and conventional fraud techniques (dead people, ineligible out-of-state, duplicate voters, ballot harvesting, illegal curing, destroying opposition ballots, falsifying recounts/certifications, etc ...)

## The Storm: Volume Ten

- The elections in PA, MI, WI, GA, NV and AZ that cannot be certified will produce an electoral stalemate. That is, neither candidate will have 270 electoral votes.
- The constitutional remedy is that the next POTUS (Trump) will be selected by the House of Representatives as per the 12th Amendment and the VP (Pence) will be selected by the Senate.
- All of the down ballot races affected by the uncertified states will have to be re-run as special elections in January and this will produce Republican majorities in both the Senate and House.

The perpetrators of the coup will all be prosecuted to the fullest extent of the Law.

The following will be going down:

- Joe Biden, Kamala Harris, Soros, Obama, HRC, Rothschilds and many people you've never heard of.
- International leaders that conspired to overthrow POTUS (most notably Trudeau, Boris Johnson, Macron, Merkel, Ardern and many others)
- Owners, directors, executives, producers, editors, anchors, reporters and contributors at all major MSM corporations (for example Anderson Cooper, Don Lemon, Rachel Maddow, Joe & Mika and 100's of others)
- Conspirators at the FBI, CIA, DOJ, State and elsewhere in Federal, State and Local government (most notably Brennan, Clapper, Rice, Lynch, Comey, McCabe, Rosenstein, Yates, Wray, Haspel and many others)
- All the elite involved in human trafficking, child abuse, satanic ritual sacrifice and harvesting adrenochrome (Pope, British monarchy, corrupt politicians, most of Hollywood, Music, CEOs of major corporations, Academia, three-letter sports and many others)

Joe Biden is not the leader. A good puppeteer is never seen by the audience.

[Thank God the Creator for Patriots that will stand up and fight for what is right.

"President Trump won by a landslide, we are going to prove it, and we are gonna reclaim the United States of America for the people who vote for freedom."

Trump campaign lawyer Sidney Powell had some powerful moments during Thursday's press conference regarding election integrity and investigations into voter fraud, stating "We are not going to be intimidated, we are not going to back down. We are going to clean this mess up now."

"This is stunning, heartbreaking, infuriating, and the most unpatriotic acts I can even imagine for people in this country to have participated in any way, shape, or form," Powell said, becoming

visibly emotional over the depravity of the Democrat behavior discussed during the press conference.

“And I want the American public to know right now that we will not be intimidated,” Powell continued. “American patriots are fed up with the corruption from the local level, to the highest level of our government, and we are going to take this country back, we are not going to be intimidated, we are not going to back down. We are going to clean this mess up now.”

Powell added that “President Trump won by a landslide, we are going to prove it, and we are gonna reclaim the United States of America for the people who vote for freedom.”

### **In Massive Blow To Democrats, Republicans Won Almost Every House Race That's Key To Redistricting.**

[While everyone is talking about the presidential election, one aspect of the 2020 race is being overlooked even though it's huge.

Not only did Republicans make considerable gains in the House, that no one expected, they won most of the races that will entail redistricting.

This is like a double loss for Democrats.

Every 10 years, after the census, congressional and state legislature districts are redrawn to account for population changes. This gives whoever is drawing the maps the power to maximize the number of districts that favor their party — a tactic known as gerrymandering. And as we wrote last month, the 2020 election represented the last chance for voters to weigh in on who would draw those maps.

Both parties went into the election with a chance to draw more congressional districts than the other, but the end result was just about the best-case scenario for Republicans. As the map below shows, Republicans are set to control the redistricting of 188 congressional seats — or 43 percent of the entire House of Representatives. By contrast, Democrats will control the redistricting of, at most, 73 seats, or 17 percent.

Anonymous

Okay. This study shows very little change in the chance of a person's infection whether or not they wear a mask. The reason the government is pushing people to wear masks is to reduce infected people's chances of infecting others. While I don't think masks are all that great at doing so, this study isn't considering that theory.

I would like to see a study as to whether wearing a face shield provides significant protection. Reports from China (which are suspect but ought to be verified) said most of the people infected did not wear eyeglasses.

## CNN on Dominion/Smartmatic. They expect you to not have basic pattern recognition.(files.catbox.moe)

### Dominion Voting Systems and Venezuela

Powell claimed that widely used voting machines from the election technology company Dominion Voting Systems featured software created "at the direction" of former Venezuelan President Hugo Chavez to swing his own election results, and that the company has ties to the Clinton Foundation and Soros.

**Facts first:** None of this is true. Dominion has no corporate ties with Venezuela, the Clinton Foundation or Soros.

Powell and other Trump allies have tried to tie Dominion, which sells election technology that was used in more than two dozen states, to another voting company called Smartmatic. During the 2020 election, Smartmatic's technology was used only in Los Angeles County, and not in any swing states, a spokesperson for the company told CNN.

Smartmatic was founded in Florida by two Venezuelans, and did provide election technology to the Venezuelan government. Powell has posted on social media a purported affidavit from an unnamed Venezuelan official claiming Smartmatic software was used to change votes in the country. But those claims have no evidence, and there's no reason to believe the company's software was created to make sure Chavez "never lost an election," as Powell claimed. The company actually spoke out to accuse the Venezuelan government of voter fraud in 2017.

The bigger issue with this claim is that there is no evidence that Dominion machines used Smartmatic software, as Powell suggested -- and thus zero connection between Venezuela and the company whose voting machines were actually used in the swing states Trump is focusing on. Both Dominion and Smartmatic have said that they are competitors with no corporate links.

The origin of the claim linking the companies seems to be a convoluted corporate transfer: In 2005, Smartmatic acquired a company called Sequoia Voting Systems, but sold it in 2007 after questions from members of Congress over the acquisition by a company linked to Venezuela. Three years later, Dominion, which was founded as a Canadian company but is now majority owned by Americans, acquired Sequoia. In addition, Smartmatic licensed Dominion machines for use in the Philippines in 2009, but the contract ended in a lawsuit, Dominion said in its statement.

Neither Dominion nor Smartmatic have corporate ties to the Clintons or Soros, a major Democratic donor. While Dominion did agree to donate its technology to "emerging democracies" as part of a program run by the Clinton Foundation in 2014, according to the foundation's website, Dominion said in its statement that it has "no company ownership relationships" with the foundation. And while the chairman of the board of Smartmatic's parent company is also on the board of a foundation run by Soros, Open Society Foundations, Soros himself is not involved in either company.

## HOW TO LEGALLY DECLINE A VACCINE

**STEP 1.** Do not 'refuse' a vaccine otherwise you'll be considered belligerent. Instead you can politely decline their services by doing the following.

**STEP 2.** Ask the doctor if the vaccine has MRC-5 in it (they all do, these are aborted fetal cells and other DNA). If it does, you have the right to decline.

**STEP 3.** Also ask if there is a possibility of a "iatrogenic reaction" (an adverse reaction caused by multiple compounds or drugs interacting with each other) from the vaccine (they all do). When the doctor says, "Yes it does", that's your "Get Out of Vaccine Jail Free Card". Thank the doctor for their offer and walk away.

Remember, doctors have sworn the Hippocratic Oath (which is to do no harm) and they MUST honour it. This is how we can legally (and respectfully) decline their offered mandated services and there is absolutely NOTHING they can do about it! Now you know!

**NO JOKE: A few hours ago, Biden tweeted asking for more money "to help fund the Biden-Harris transition". Big red flag! He says they have to fund it themselves...<sarcasm>sounds like they REALLY legitimately won! </sarcasm>**

## The Storm: Volume Ten

To my understanding, funds are allocated for transitioning by the government (if the elector is actually certified the victor, which hasn't happened). Plus, didn't he get over a billion in donations while running? His sparse campaign "events" were hardly pricey enough to drain all that...not to mention the family money & billionaire buddies.

& I gotta recall the Executive order put in place a while back: <https://www.whitehouse.gov/presidential-actions/executive-order-imposing-certain-sanctions-event-foreign-interference-united-states-election/>

Has this already been put into effect & have the assets been frozen? Is he trying to get enough money to attempt to run and hide?

& also gotta point out how awful it is to be asking for money when the American people are hurting & in need financially themselves, plus he keeps throwing out "promises" of all sorts of financial relief at the same time he's asking...

comments are pretty good...some seem to be waking & questioning... Those that are mindlessly continuing to comply with something so blatantly wrong...I almost feel bad/sad for them...I'm sure it'll be crap to realize they are being played for "useful idiots", but I'm not sure if they're capable of ever realizing that at all at this point...

He asks "This is good right?" and gives hashtag #obama, on the picture we likely see Obama sitting, similarity is very high. And other guy standing resembles Pete Buttigieg but it's hard to tell because it's little bit blurred.

So we have James Alefantis sitting with head of the United States around elections time. Would be also good to identify location of that building ...

If you post "Alefantis Obama" in voat search engine you get some interesting results:

Also pay attention to some of the people who liked those pictures like brownisgood or pandaheadmorgan. There would be reason why pandaheadmorgan organization knows about James Alefantis connections to White House officials as they themselves are connected to them:

Not gonna Q this thread. Insider says there will be a phone call released that flips everything to Trump. He will stay in office and the Left will be more rabid than ever, but the attempted steal will be revealed.

Wait for breaking news about a phone call. That will be the sign everything starts going Trumps way.

Have one friend at NSA. He is not saying anything to me, but he is calm and told me to be 100% confident. Trump is going to get through this.

I can't say where I have the additional info. Ignore me or take it with a grain of salt, but a recorded phone call of a major figure will be released. This will basically prove everything Sidney Powell is presenting. Trump will win the election but it will be messy. In the end, even most Democrats will realize the steal is too obvious and stop fighting. Look for the phone call.

[»>29191238](#)

I have nothing else but the phone call. Trump made a quip about not betting against him.

Look at the data. Everyone, even Fox are lined up behind Biden. The prima facie evidence of fraud is overwhelming. The ballot dump in the night wasn't done with physical ballots; it was all done from a set of consoles that logged into the machines and made some very obvious adjustments.

My sense is top Democrats are now desperate to satisfy promises they made before 2016. They already got paid off, but didn't get elected to make policy changes they assured they would.

The money is all that matters. Permanent political control is not the goal. Why not steal some GOP Senate seats? Why do Biden-only ballots during the steal?

Biden must be placed to finish doing deals that HRC and Obama set up. I can't say anything about my source. Wait for a phone call - that's the tip off that the core Q stuff is all true. When it hits the news, all this waiting will be worth it.

---

I guess all I can leave you with is that when the call information breaks in the news, everything will make sense. It will be damaging to Dems for a while but not long.

If there is no news about a phone call linking top Dems to the fraud, then Trump was cornered and he will concede. He'll have to.

I wish I had more. I love this forum. I'm over 50 and share the info here with some connected people. You have no idea how very close you've come to guessing some huge events in the background over the last four years.

**MSM is digging their own grave with "there is no evidence of election fraud". The whole world saw Trump comfortably ahead in 6 swing states at midnight only to see Biden only ballots dumped at 4 AM.**

They stopped counting votes in 6 states at precisely the same time (coincidence or planned?) so they could truck in fraudulent Biden only ballots (with no down ballot choices) at 4 AM (pretty much as Q said they would). Miraculously, the fraudulent ballots were just the right amount to swing the 6 states from Trump to Biden so that the MSM could declare Biden the winner.

The MSM is calling him "President-elect" and he stands in front of a banner that says "Office of the President-Elect" like it is some official office. It is just some conference room where they have setup this banner to project their deceptive propaganda to the sheeple. Now, as evidence of fraud is emerging everywhere, the MSM lies and Big Tech censorship are trying desperately to put their fingers in the dike that is bursting everywhere with more and more evidence

**It's been the better part of a year now and people still believe there is a pandemic, despite there being absolutely zero evidence.**

The fact that people are still running around out there with masks on blows my mind. The media is a hell of a drug.

Lol...there is no more seasonal flu now

'Magine that.

Common cold too. And just about any fatal medical condition it seems.

Can someone explain why the numbers that Q shared in post 4842 are incorrect, regarding CDC mortality rate?

Kids walking to and from middle school pass by my house (I live in AZ) and it is gut wrenching to see them all wearing masks.

Each child walks alone with 6 feet or more between them and the next child. They don't talk or run around, no yelling or laughing.

Why are these children wearing masks outdoors? Who is telling them they must be masked while walking to and from school? Their parents? Their teachers? How many hours per day are these kids wearing masks?

They are being deprived of their God given right to breathe fresh air. The fact that they don't immediately remove their masks once off of school property and revert back to being highly energetic kids is very disturbing to me.

They believe the virus is real.

This has to end. These kids are being abused. How will this not cause them long term damage?

The abuse of children through masks has been the absolute worst for me to witness through all this. Everything else is secondary compared to forcing kids as young as six to wear masks all day, both in school and to and from school. This to me is proof that the status quo is going to get much more severe than what we've already gone through. The widespread psychological and physiological abuse of children gives me zero confidence that things will get better any time soon.

The NWO is here, this is it. The enslavement of humanity has begun and it starts by destroying what gives us humanity; our faces. Conditioning has started among the youth to prep them for the years to come. FEAR is the mantra, and COMPLIANCE is the requirement. We have always known (((they))) see us as cattle, well now the harvest has begun. Mark my words, this will not end without bloodshed, the years of the past 50 years are gone. If you wish to judge a society, look to how it treats it's women and children.

**QAnon has become a powerful force in Germany, helping to drive Europe's biggest anti-lockdown movement.**

Keep up the good fight.

Since the start of the coronavirus pandemic, Germany has seen a growing anti-lockdown movement which has become one of the largest in Europe.

The protesters are an eclectic mix of people, including conspiracy theorists, far-right extremists, coronavirus skeptics, and anti-vaxxers.

Many of the protests have been organized by the controversial "Querdenken 711" group, which has been backed by President John F. Kennedy's nephew and anti-vaxxer Robert F. Kennedy Jr.

Experts worry that the protests are becoming increasingly radical as more demonstrators openly identify with the conspiracy movement, QAnon.

Photos show how Germany became the epicenter of Europe's anti-lockdown movement.

This measure will also serve us in another way, namely, to sow discord in all parties, to dislocate all collective forces which are still unwilling to submit to us, and to discourage any kind of personal initiative which might in any degree hinder our affair. *There is nothing more dangerous than personal initiative; if it has genius behind it, such initiative can do more than can be done by millions of people among whom we have sown discord.* We must so direct the education of the *goyim* communities that whenever they come upon a matter requiring initiative they may drop their hands in despairing impotence. The strain which results from freedom of action saps the forces when it meets with the freedom of another. From this collision arise grave moral shocks, disenchantments, failures. *By all these means we shall so wear down the goyim that they will be compelled to offer us international power of a nature that by its position will enable us without any violence gradually to absorb all the State forces of the world and to form a Super-Government.* In place of the rulers of today we shall set up a bogey which will be called the Super-Government Administration. That is an unlawful ruling. Affidavits are testimony under oath. And unless testimony under oath is rebutted, then they stand as the facts of the case. Since nobody attempted to rebut, they are the facts of the case. No judge has any authority to claim they don't like the facts. They get away with it a lot, but it is unlawful when they do. That is the law, and the judge is required to rule in favor of the party presenting the only evidence. Well either that, or have an actual trial and not just a rubber stamp. It's not R vs D, it's good vs evil. I view the Republicans as scummier because they pretend to be patriots. The Dems are more open about what they're up to. Green New Deal anyone?

Exactly, always kill the traitors first.

### **Sidney Powell**

For all you nancy boys getting your panties in a twist over the tweet about Sidney, I wrote this in a shill's thread so it probably won't get read. I'll make a new thread for anyone who wants to discuss it in one spot.

This is my summary:

TLDR: This is not a big deal.

(1) In any civil lawsuit, there must be parties to the lawsuit, and they are called "parties in interest." This means they have to have an interest in the lawsuit. The Plaintiff(s) must allege that a duty was breached by the Defendant(s). The Defendant(s) have to be served legal notice. This is what constitutes a "case" in court.

(2) The Plaintiff(s) must have "standing" (legal right) to sue. Since I do not live in Georgia, I could not file a case in Georgia regarding voter fraud or election fraud because I would not have standing. But someone in Georgia could. That is what Lin Wood did. He lives in Georgia. He is in the process of appealing the lower court's ruling against him.

(3) Trump has legal standing because, even though he does not live in Georgia, he was a candidate on the ballot there, and if there was election fraud that cost him votes, he has standing to sue.

(4) Trump's legal team represents HIM in court, regarding any case having to do with the election for which he was on the ballot.

(5) There are also OTHER parties who might bring lawsuits (in Georgia and elsewhere) that were NOT candidates on the ballot, but they DO live in Georgia and have been wronged in some way.

(6) These other people are likely who Powell will be representing. She can still coordinate with Trump's legal team, even if she is not officially part of that team.

(7) It would be a good idea, given the circumstances, for Trump's legal team to make a public statement that Powell is not officially part of their team, and any statements she makes are not part of their cases on behalf of Trump. That way, the opposition (or corrupt judges) can't bring Powell's statements into their cases. Powell is likely to be attacking from a different direction than Trump's team.

“And how we burned in the camps later, thinking: What would things have been like if every Security operative, when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say good-bye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling with terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand?... The Organs would very quickly have suffered a shortage of officers and transport and, notwithstanding all of Stalin's thirst, the cursed machine would have ground to a halt! If...if...We didn't love freedom enough. And even more – we had no awareness of the real situation.... We purely and simply deserved everything that happened afterward.”

The MSM is losing it because no one is complying and are traveling for Thanksgiving. They will not blame Biden for anything. So the deaths will be blamed on the public. They will attempt to paint this selfish public as conservatives.

What "COVYID" deaths?

Even the CDC admits they don't have samples of the virus.. BECAUSE IT DOESN'T EXIST. Nobody has samples of the virus strain.. BECAUSE IT DOESN'T EXIST.

(GOVERNMENT WEBSITE .PDF FILE WARNING. LINK

<https://www.fda.gov/media/134922/download>

The CDC document is titled, “CDC 2019-Novel Coronavirus (2019-nCoV) Real-Time RT-PCR Diagnostic Panel.” It is dated July 13, 2020.

Buried deep in the document, on page 39, in a section titled, “Performance Characteristics,” we have this: “Since no quantified virus isolates of the 2019-nCoV are currently available, assays [diagnostic tests] designed for detection of the 2019-nCoV RNA were tested with characterized stocks of in vitro transcribed full length RNA...”

The key phrase there is: “Since no quantified virus isolates of the 2019-nCoV are currently available...”

Every object that exists can be quantified, which is to say, measured. The use of the term “quantified” in that phrase means: the CDC has no measurable amount of the virus, because it is unavailable. THE CDC HAS NO VIRUS.

A further tip-off is the use of the word ‘isolates.’ This means NO ISOLATED VIRUS IS AVAILABLE.

Another way to put it: NO ONE HAS AN ISOLATED SPECIMEN OF THE COVID-19 VIRUS.

NO ONE HAS ISOLATED THE COVID-19 VIRUS.

THEREFORE, NO ONE HAS PROVED THAT IT EXISTS.

## STATEMENT FROM SIDNEY POWELL TO "WE THE PEOPLE"

I agree with the campaign's statement that I am not part of the campaign's legal team. I never signed a retainer agreement or sent the President or the campaign a bill for my expenses or fees.

My intent has always been to expose all the fraud I could find and let the chips fall where they may—whether it be upon Republicans or Democrats.

The evidence I'm compiling is overwhelming that this software tool was used to shift millions of votes from President Trump and other Republican candidates to Biden and other Democrat candidates. We are proceeding to prepare our lawsuit and plan to file it this week. It will be epic.

We will not allow this great Republic to be stolen by communists from without and within or our votes altered or manipulated by foreign actors in Hong Kong, Iran, Venezuela, or Serbia, for example, who have neither regard for human life nor the people who are the engine of this exceptional country.

#WeThePeople elected Donald Trump and other Republican candidates to restore the vision of America as a place of life, liberty and the pursuit of happiness.

You may assist this effort by making a non tax-deductible contribution to [www.DefendingTheRepublic.org](http://www.DefendingTheRepublic.org).

**WATCH CA. - CALI BACK IN PLAY - California Conducted Fatally Flawed Election In 53 of 58 Counties - (We) Are The News (wearethene.ws)**

Post 11752379 2 hours ago • View on 8kun

**CALI BACK IN PLAY — California Conducted Fatally Flawed Election In 53 of 58 Counties**

**CALIFORNIA CONDUCTED A FATALLY FLAWED ELECTION IN AT LEAST 53 COUNTIES OF ITS 58 COUNTIES**

by Markham Robinson, November 18, 2020

The Constitution of the United States gives the power and responsibility of appointing Electors for President and Vice President to each State Legislature as shown in the Constitutional text below:

ARTICLE TWO Section 1.

2. Each State shall appoint, in such manner as the legislature thereof may direct, a number of electors, equal to the whole number of Senators and Representatives to which the State may be entitled in the Congress: but no Senator or Representative, or person holding an office of trust or profit under the United States, shall be appointed an elector. [Emphasis added]

California, as have the other States, has chosen to grant this power of appointment to the voters of the State by means of an election by ballot. California has very particular, high standards for these ballots, some of which it deemed so vital that it decreed that ballots not printed in accordance with them “shall not be cast nor counted at any election.” [Emphasis added].

Moreover, the State Legislature largely decentralized responsibility for determination of the format of said ballots to the County Elections Officials of its 58 Counties making the role of the California Secretary of State’s Elections Division in this matter mostly advisory. The Secretary of State embodies his advice in what are called CCROV (County Clerks & Registrars of Voters) advisories. CCROV’s—no matter how expert they might be and worthy of respect—do not command obedience. Regulations issued by the Secretary of State, by contrast, governing electoral matters do require compliance by the County Registrars of Voters. However, individual Registrars of Voters have the power and responsibility of deciding whether a State or Federal law or the State or Federal Constitutions override them. Below find the link to the CCROV Advisories:

<https://www.sos.ca.gov/elections/advisories-county-elections-officials> .

The particular provisions to which we beg to draw the Court’s attention are the following:

Elections Code DIVISION 13. BALLOTS, SAMPLE BALLOTS, AND VOTER PAMPHLETS [13000 - 13502] ( Division 13 enacted by Stats. 1994, Ch. 920, Sec. 2. )CHAPTER 3. Ballot Printing Specifications [13200 - 13282] ( Chapter 3 enacted by Stats. 1994, Ch. 920, Sec. 2. ) ARTICLE 1. General Provisions [13200 - 13220] ( Article 1 enacted by Stats. 1994, Ch. 920, Sec. 2. )

Or, more tersely put, to some parts of Elections Code Chapter 3 Ballot Printing Specifications [13200 – 13282] which we will cite below.

**One assumption the globalists counted on was that we would look the other way because Republicans are complicit. Patriots don't give a fuck about the Republican party either.**

Title pretty much says it. I remember when a CNN anchor thought she was so clever when she asked a Trump supporter something to the effect "Are you also in favor of auditing states that Trump won?", hoping to catch her in a partisan take. She promptly put her in her place because:

- a) We know the Dems cheat way more than Repubs. Shine the light anywhere and we know Trump won and
- b) Fuck any Repub that cheated too. Fuck all yall motherfuckers. Fuck you too.

I don't care if you're a Republican gov of Georgia, a congressman, or media C\_A agent. If you are into tyranny or tyranny by deception, GTFO.

If there are Republicans involved in vote rigging, I want them hanged first so the Democrats can watch before their turn doing a jig.

Rudy and the legal team, along with the digital warriors are being used to raise public awareness. The thunderbolt that takes them down will be the Military Intelligence investigation, and the real results that were intercepted. If the military has gathered the evidence and monitored the election results. The reason we don't have this is the investigation is classified.

Gives whole new meaning to declass brings down the house.

Coincidentally the software used by Dominion was version 5.5 enjoy the show.

**Trump' case is constitutional!**

He's going to beat them with the constitution that magnificent son of a bitch! And Powell is going to put them all in jail. That is why you haven't heard from Barr. It's the Supreme Court and he is citing the constitution. He is not challenging the constitution. It's a lock case. Brilliant!

## The Storm: Volume Ten

Powell is representing the people. It's our case. This way, the enemy can never say that POTUS is using the DOJ to investigate his political opponents. They will have no excuses. This is why there will also be no deals!

Edit: and Trump's transition team is sending the Biden clan all the evidence Sydney Powell has. They are done after that. Suicide weekend!!!

That's why you keep hearing the "Equal Protection Clause" being thrown around from Rudy Giuliani. From looking at the allegations from complementary lawsuits, that's just one of many avenues from many different people in the grand scheme. Lin Wood and Sidney are going to take Georgia down it seems. The Wisconsin patriots are calling bs on everything and making each ballot be inspected so I'm interested to hear any news from there. Crickets on Wisconsin on the MsM. The Dominion CEO flat out lied in his interview, their own manual and CSO (on video) both state votes can easily be changed "corrected". They are fucked if we have law and order in this election. Time will tell, Dec14 is a big day and so is Jan20

Giuliani is arguing equal protection violation because Pennsylvania had a two-tier voting system. Some ballots/voters were counted one way, and a different set of ballots/voters were counted a different way. One set of ballots/voters had superior position over the other by virtue of this two-tier system.

That is a violation of equal protection, per the US Constitution. That is what they argued in the Pennsylvania court, but the corrupt judge stated in his opinion that he didn't think that's what they really meant, and he ruled on a completely different issue that is not what they were arguing. That is why his dismissal order will be overturned. It's like you take your car to the shop for an oil change. They tell you it will be \$50 and come back in an hour. Fine. You come back in an hour and they tell you, "Well, we don't think you really wanted an oil change, we think you wanted a new transmission, so you owe us \$3,000." That is what the judge did. Will be overturned in a heartbeat.

Biden now has an office and 9 million \$, nothing more. President Trump controls his access to all other agencies and intel products. In short, Biden just walked into another trap. The USA hates White people.

Why should we stay? Why should we contribute? Why should we care what happens to the USA, a country that hates us?

If the USA cared about us at all, they could easily arrest everyone involved in these acts to harm us, the Federal courts could throw the book at them, put them on trial as a conspiratorial group and make sure they never get out of prison. They're all breaking one law or another, but the USA does nothing because it doesn't care about us. The USA could go to war with the countries that back them, Israel, China, the UK. But it hasn't.

Does the USA care about you or me?

November 23, 2020

The Honorable Joseph R. Biden, Jr.  
1401 Constitution Avenue, N.W.  
Washington, D.C. 20230

Dear Mr. Biden:

As the Administrator of the U.S. General Services Administration, I have the ability under the Presidential Transition Act of 1963, as amended, to make certain post-election resources and services available to assist in the event of a presidential transition. See 3 U.S.C. § 102 note (the "Act"). I take this role seriously and, because of recent developments involving legal challenges and certifications of election results, am transmitting this letter today to make those resources and services available to you.

I have dedicated much of my adult life to public service, and I have always strived to do what is right. Please know that I came to my decision independently, based on the law and available facts. I was never directly or indirectly pressured by any Executive Branch official—including those who work at the White House or GSA—with regard to the substance or timing of my decision. To be clear, I did not receive any direction to delay my determination. I did, however, receive threats online, by phone, and by mail directed at my safety, my family, my staff, and even my pets in an effort to coerce me into making this determination prematurely. Even in the face of thousands of threats, I always remained committed to upholding the law.

Contrary to media reports and insinuations, my decision was not made out of fear or favoritism. Instead, I strongly believe that the statute requires that the GSA Administrator ascertain, not impose, the apparent president-elect. Unfortunately, the statute provides no procedures or standards for this process, so I looked to precedent from prior elections involving legal challenges and incomplete counts. GSA does not dictate the outcome of legal disputes and recounts, nor does it determine whether such proceedings are reasonable or justified. These are issues that the Constitution, federal laws, and state laws leave to the election certification process and decisions by courts of competent jurisdiction. I do not think that an agency charged with improving federal procurement and property management should place itself above the constitutionally-based election process. I strongly urge Congress to consider amendments to the Act.

**Evil plan exposed 1. Create & spread CV19 2. Crash USA economy and kill small business 3. Install Biden by fraud 4. Use MSM to lie and Big Tech to censor truth 5. Great Reset 6. One World Government.**

This was the DS plan all along. Fauci gave \$3.7 M to Wuhan Lab for "gain-of-function" virus research. The lab-created virus, CV-19 was released in Wuhan and allowed to spread throughout Europe and the rest of the world so that lockdowns could be "sold" to the people around the world as a means to stay safe from this "pandemic health threat". The lockdowns were designed/pre-planned to destroy small business and the economy ahead of Trump's election and to provide an environment for increased mail-in voting (to stay safe from the deadly virus (that you don't know you have unless you get tested)). Mail-in ballot fraud and Dominion Voting Systems/Smartmatic vote switching software was the pre-planned way they had in place to get Sleepy Joe "elected" against a wildly popular incumbent POTUS. Biden didn't campaign, he couldn't complete a sentence, he didn't know what day of the week it was and no one attended the few events that he held. He also bragged about creating "the most extensive and inclusive VOTER FRAUD organization in the history of American politics".

The creation of CV-19, its release & spread, the MSM fear-mongering is a hoax, the CV19 death statistics are a lie (only 6% are ACTUAL CV19 deaths, all others have multiple co-morbidities), government lockdowns, mask mandates and election fraud have all been designed and planned to usher in the Great Reset as part of the NWO agenda.

It seeks to control you, trace where you go, what you do, what you purchase and who you associate with.

**You know why I know Biden will not be sworn in?**

The skills are still here...more than ever

The skills are on all the boards...reddit, 8kun, 4 chan ...in greater numbers than before

The MSM...watch their faces...they can barely choke down on their own lies.

Watch their eyes...many are filled with fear...watch when they are NOT talking..when they are listening to their colleagues lie and lie and lie. Watch them..I am serious...eyes glazed over, their faces fall into droppy sadness...then its their time to parrot again...off they go...babbling the latest mocking bird talking points.

We know that they know...and once you know this...all you have to do is watch people...the slips are everywhere, telltale slips that are natural to humans. Most of them are still human.

And then there are those very ANGRY ones...pissed because Trump wont concede. The latest fear porn is saying that there will be more and more deaths because he wont transition with Joe. The angry ones make up a new fearporn headline everyday now.

LOL ..but yet they all go out to large dinner parties without masks...so far we've seen Gov Murphy, Gov Newsom and no masks..none of them. Arent they afraid of catching this DEADLY COVID? Yeah we know the answer to that.

One guest reporter...who doesnt seem to be anywhere these days...cant say his name..hes here, hes everywhere. But he knows who he is...he is NOT on the talking head shows anymore since the day he said out loud "why the f#ck aren't we just taking over?" I had to rewind ten times...i couldnt believe it. But Ive seen alot of slips on tv..Rudy slipped when interviewed by the beautiful Maria B. "...that since Lindsay Graham wasn't a senator anymore" Oops...Maria looks at her director, Rudy stops he knows he messed up...and then they just quickly went on with the show ...thinking no one will notice. . Kaish saying Noname had been executed. That was priceless. Andy Pooper calling out Q ...on Dec 31 2017...full of vile and anger...THAT is the exact the moment I became convinced Q was 100% real. They are SCARED of Q..and Andy was drunk and he let his guard down.

Yep...some of “them” feel this country/world is really theirs. They believe this and think Christians stand in the way and we should be bulldozed over.

Very very evil people out there...we haven't seen anything yet.

Im still waiting for the reporter...who said on the boards last year...that he had a prime time show...and he was waiting for the right time to come out and take them all down. Could be a larp...but I wonder how many talking heads just want to blow them off...because these LIES and THIS LOCKDOWN LIFE...wasn't 'exactly' what they bargained for.

These are the ones I pray for...those few who still have a conscience and a chance at heaven. I pray everyday that they would turn on their masters and join us WWG1WGA .

Yeh Biden ain't ever gonna be sworn in. Count on it. Too many years in the planning to misstep at the 11th hour. Trump has been through hell for us ... he will not fail at the 11th hour either.

### **What People are Missing About "The Plan"**

The criminal cabal is a threat to national security, both for the USA and for other countries around the world.

This takes the investigation and prosecution out of the hands of the DOJ/FBI, and places it into the hands of the Department of Defense. This is an act of war, as well as an act of treason.

AG Sessions brought Ezra Cohen-Watnick into the DOJ. My guess is that he was put there to coordinate between the DOD and the DOJ. He has the security clearance and the trust of Gen. Flynn to do the job.

AG Barr was given full authority to declass by POTUS. In order for Watnick to do the proper coordination, he had to gain access to classified info that was held by the deep state infiltrators within various agencies of the civilian side of government. Barr's power to declass allowed him to get whatever Watnick needed. Watnick then coordinated intel from the civilian side with intel from the military side. There is no other explanation for why a military intel guy would be working at the DOJ.

Now, Watnick is back at the DOD.

AG Barr is keeping the mostly corrupt DOJ out of the election fraud because it is not just an election investigation. It is a national security investigation. DOJ is not in control. DOD is. That is why Trump waited until after the election rigging to change the power structure at the DOD. The criminals went ahead with their crimes, assuming they were protected on all fronts. Then, Trump dropped the EO and the changes at the DOD.

**Probably said before but Biden cannot win because of his obvious ties to China and Ukraine, hence he is classified as a "National Security Threat"**

Biden can't win because he is a national security threat for his obvious ties to China and Ukraine. That's why Mark Esper was sacked and Chris Miller was installed and Miller ordered all special forces to report directly to him last week. That's why Barr DOJ is not involved because this is a DOD matter. Not lying, all facts.

So, how is it possible for Biden to be president?

NOW, Biden HASN'T been classified yet so anything can happen but if Trump had 4 years to plan for Nov 3rd and the US military intel 2000% behind how can they all fuck this up? Also, if he lost, he is really signing his own "suicide" because you know if Biden gets in it would be a fatal revenge on Trump and his family.

You can only conclude that Trump is going to be president.

I am actually more concerned with the rest of world rather than America. Seems like the globalists are using the people in other countries and subjecting them torture with the global reset and forced mandatory vaxx and a global covid passport. The scum are literally trying to force Trump to step down via blackmail, if you don't do step away then we do this. The people are always the weakness in the white hats plan.

But this shit has to be solved and there is no more excuse anymore to keep kicking the can down the road. In a way, you need to admire Trump and co for being as gentle as possible with as less death to us as possible in trying to take out the globalist gits. I just wish it would speed up!

President Trump is in control and the battle lines are drawn. The Kraken has been released and it has everything. Sidney Powell declared that, “an algorithm was plugged in to steal votes from President Trump during the election” – which is exactly what the truth bearing media has been warning about for over a decade. (Elections have been rigged for at least the last twenty years, and probably longer...)

Fake news and the entire media cartel continues to lie to America and withhold all the overwhelming evidence of election fraud. This is nothing short of assisting in a government overthrow. Treason is the only way to describe it. However, I'm sure there are some that believe what they are told to read and others who are clueless and just go to work, do their job and collect a paycheck. The same as the grunts committing voter fraud on the front lines by following illegal procedures as though they were authentic and legal. Many just don't know and others simply don't care.

**EMERGENCY ALERT IN PENNSYLVANIA: Message broadcasted to all PA residents, contents in post.**

So earlier my phone went off with the "emergency alert" tone, typically you hear this when there is a bad storm or Amber alert. This time, here is what the message said:

Public Safety Alert

In PA, COVID-19 rates are rising & hospitals could soon be at capacity. Stay home if possible. If you must go out, maintain social distance, wear a mask, wash your hands for 20 seconds. Stay up to date on the spread of COVID in your community so you can protect your loved ones with the COVID Alert PA app."

So they used the Emergency Alert system to inform PA residents to perform basic hygiene.

Also, isn't something really important happening in PA right now? Something about election fraud, I think. If I was one of those "conspiracy theorists", I would find the timing of this scare message to be quite curious. Timing lines up with these fraud hearings and Thanksgiving. Certainly activates the ol' almonds, eh?

EDIT: Pennsylvania is known as the "Keystone State" for two primary reasons- firstly, the shape, I guess. But more importantly, Pennsylvania tends to act as a sort of "testing ground" for bullshit legislation and (((operations))). The state is a template. The climate is very wide ranging (hot summers, freezing winters) and is almost 50/50 rural/urban. It is the perfect state to test bullshit on.

PA is still under semi-lockdown. Mandatory masks everywhere. Places being closed because one employee tests positive for Covid19. Michigan is getting all this attention with Gov. Whitmer, but that's because she lacks any form of subtlety. In PA, the state government is very good at covertly fucking the citizens. PENNSYLVANIA'S "LEAD PHYSICIAN" IS A MAN NAMED (((RACHEL LEVINE))), A CHILD PSYCHOLOGIST. That's right-

a kike tranny who specializes in fucking with the minds of children is the individual responsible for the state's response to Covid19. This kike freak can't even accept the fact that there is a dick swinging between his legs.... but he's going to tackle the "deadly pandemic"? How is this shit not a constant talking point? It's always "Whitmer this, Cuomo that", what about "Wolfe this, Levine that"?

You can see the history of this. Many states, mostly on the east coast, wait to see what PA does before they follow suit, almost always.

Keep this "keystone" shit in mind when you think on my post.

EDIT #2: I should be clear that I have no "Covid Alert app"; it seems the Emergency Broadcast system is simply being used to suggest that I download it, so that I can look at a map of my local area and be horrified at all of the red dots appearing as more people test positive.

They don't want you out protesting the voter fraud.

Or having large family gatherings where a bunch of men get together and talk about how the situation they are facing is bullshit and it's time to do something about it.

They definitely don't want the more enlightened ones informing the ones who are zombies due to being spoon fed information that is filtered via MSM, social media, and other tech. Gotta keep them dumbed down.

This is our last stand as a country!! Make your voice heard. Otherwise the "Great Reset" will usher in the New World Order and you will get:

Mandatory vaccinations with implanted RFID chips that will use AI to interface with your brain and influence your thought process

More Big Brother tracking you through phone apps under the guise of "contact tracing"

Elimination of cash and implementation of digital currency where they (not you) control your flow of liquidity

Another Affiant testified about the use of different paper for ballots,  
that would constitute fraud stating:

I noticed that almost all of the ballots I reviewed were for Biden. Many batches went 100% for Biden. I also observed that the watermark on at least 3 ballots were solid gray instead of transparent, leading me to believe the ballot was counterfeit. I challenged this and the Elections Director said it was a legitimate ballot and was due to the use of different printers. Many ballots had markings for Biden only, and no markings on the rest of the ballot.

election 2020. Printing was done at a printing factory in Guangdong Province in southern China.

This underground factory usually prints specializing in both "invoice counterfeiting and account counterfeiting".

They can print 500,000 copies per month.

Most orders come from 'Beijing' China.

Finished products are shipped to Canada and Mexico via Zhuhai port in southern China.

**It's over - Trump won in a landslide! The whole world knows it. Only a tiny % of people (mostly MSM, the DS and some deranged Left-tards) are clinging to the "There is no evidence of fraud" lie.**

We all saw Trump win on election night. He was leading in all 6 states then they had to stop the ballot counting to inject more Biden only ballots at 4 AM to offset the Trump tsunami. In the morning (and the days that followed), Biden miraculously "flipped" all 6 states. The MSM immediately crowned him President-Elect.

We all know that Trump had an enormous win and as the evidence comes out, we can all see the massive amount of fraud that was necessary to overcome that lead across the country:

- Governors implemented the Dominion Voting System with Smartmatic software in their state so election workers could do drag-and-drop vote-switching, ballot over-rides, ballot

invalidations, fractional allocations by candidate, ballot curing, duplicate counting, invalid name assignments from voter registration list, outsourcing Trump ballots for destruction, etc

- Secretaries of State unilaterally changing election rules at the last minute to prolong the counting process to open the door to fraud in their state.
- Election workers denying opposition poll watchers access to visually check the counting process "due to COVID-19".
- Trucking in 100,000's of Biden only ballots (with no down ballot choices, no envelopes, invalid/duplicate signatures) at 4 AM
- Police officers not following court orders to allow access
- Lower courts in Dem cities rendering verdicts totally inconsistent with Election law and the Constitution.

Trump won in a landslide. MSM, DS and the lawless Left lost. Military justice is coming!!

I gave a long news conference today after wishing the military a Happy Thanksgiving, & realized once again that the Fake News Media coordinates so that the real message of such a conference never gets out. Primary point made was that the 2020 Election was RIGGED, and that I WON!

**IT'S STILL KRAKENING !!! Sworn affidavit election worker told to back date ballots -- when informing the supervisor the table actually yelled at her.. (files.catbox.moe)**

2. When I approached the poll worker, she stated to me that she was being told to change the date on ballots to reflect that the ballots were received on an earlier date. I went to inform a supervisor of this, and I was asked to get the poll worker's name. When I went back to the poll worker's table, I was yelled at by the other poll workers working at her table, who told me that I needed to go away and that I was not allowed to talk to the poll worker with whom I spoke earlier. The poll worker slipped me a note that read "entered receive date as 11/2/20 on 11/4/20." I have attached a photograph I took of this note as Exhibit 1.

3. Based upon what I was told by this poll worker, I believe that poll workers working at the adjudication table were changing the dates ballots were received.

EXHIBIT 2

4. I was told to obtain a photo of the poll worker and upon returning to see if the poll worker was still at her location, I noticed the poll worker was moved up on to the adjudication stage where we were not able to communicate with her.

I declare under penalty of perjury that the foregoing is true and correct. Executed this 4th day of November, 2020.

1. Will Trump win the 2020 election?

WRONG QUESTION.

Trump has already won the election.

Correct question : HOW does he subjugate the enemy's will to resist?

Follow-up qs - how does he do it, with the least possible damage to The Republic?

Thoughts.

REX @REX@social.quodverum.com

2. Everyone is focussing on the PUBLIC drama playing out 24/7, across America.

In particular, the various legal actions being taken by Team Trump and others in different State and Federal courts.

Fair enough. However, the analysis is wrong. It assumes the outcome is in doubt, when it is not.

Readers of my threads already understand my position.

REX @REX@social.quodverum.com

4d

3. Trump has known about the Democrats vote fraud schemes for YEARS. There are tweets as far back as 2012.

Ergo, he would have known he was target #1 in 2016, 2018 and of course in 2020.

And he was prepared. Trump's 2018 EOs, CISA trap and infiltration into vote count centers is good evidence of that.

## The Storm: Volume Ten

 **REX** @REX@social.quodverum.com 4d

4. In my opinion, the Dems were lured onto their own killing field. Arrogant, drunk on power and poorly led, no one appears to have considered that Trump was onto them.

On Nov 3, the one thing that they hadn't considered happened.

**A MASSIVE RED TSUNAMI.**

The Dems panicked. The mail in ballots exposed them. And revealed to everything else they were up to, including the horrendous digital fraud.

 **REX** @REX@social.quodverum.com 4d

5. This narrative of a desperate Trump, losing legal cases while he sits in the Oval Office in denial, is exactly the opposite of what's happening.

Think of a desperate and divided Democratic Party machine, TRAPPED. While Trump looks on in FURY.

The Dems are in a terrible position. All they can do is to gaslight Biden to inauguration. But given Trump has them dead to rights, everything they do makes it worse for them.

 **REX** @REX@social.quodverum.com 4d

6. Which takes us back to the original two questions (see toot 1).

Again, I doubt that Trump wants to plunge America into yet more division.

I think he wants to put a final end to this assault on the Presidency, Constitution & people as quickly as possible.

The question is 'HOW?'

7. Sure, a SCOTUS vindication may be the answer.

We are seeing Obama judges blocking each Trump case. Doesn't matter.

Sooner or later one of those cases will likely go to SCOTUS.

SCOTUS will rule one way or the other.

If they decide in Trump's favor, great. If not, that sucks.

But it doesn't change the outcome.

REX @REX@social.quodverum.com

4d

8. If Trump wants SCOTUS to be the vehicle, I think he will want to make sure that any decision will be easy for the judges.

He wants to PROTECT SCOTUS, not make it a target.

That means that the criminals will have to be exposed and Biden may even concede, BEFORE any SCOTUS hearing.

How does that happen?

REX @REX@social.quodverum.com

4d

9. Again, let's not be distracted by the public drama. Trump has a very powerful PRIVATE option that everyone seems to have forgotten about.

What would that be?

Our old friend, the Title 1 FISA warrant.

Consider.

10. If what Sidney Powell is alleging is credible, this is one of the most serious national security situations America has ever faced.

Foreign actors, working with American citizens, are trying to steal an American Presidential election.

Unlike the Obama/Clinton Trump/Russia hoax, this one is REAL.

 1  

---

 **REX** @REX@social.quodverum.com 4d

11. It is therefore logical that each agent implicated in what's gone on has been flagged with a '2 hop' T1 FISA, for a long time.

Or some other form of surveillance.

There is nothing controversial about that conclusion, BTW. In fact, that is EXACTLY what the FISC and National Security Letters are for.

 1  

---

 **REX** @REX@social.quodverum.com 4d

12. I would find it very difficult to believe that MULTIPLE T1 FISAs have not been issued against the crooks, for ages.

If that's happened and the allegations are true, evidence implicating everyone involved has almost certainly been hoovered up.

I note Powell has been referring to comms (eg a DoD officer instructing hundreds of Dem ops to sabotage their offices) that to me can only have come from surveillance.

Trump is POTUS. The most powerful person on the planet. And he has ALL his ducks in a row.

REX @REX@social.quodverum.com

14. I think Trump's ideal solution would be for Biden to concede and then slither away (likely after selling out everyone else).

That means that someone is going to knock on Biden's door soon, to give him a dose of REALITY.

One that makes it very clear that he and hundreds of others have been caught dead to rights. And that he MUST CONCEDE.

Further, as shown by data collected by Matt Braynard, there exists clear evidence of 20,311 absentee or early voters in Georgia that voted while registered as having moved out of state. Huge! Patrick Byrne, former CEO of Overstock.com just went public yesterday and revealed who was behind the sting operation to setup Hillary Clinton, Trump, Rubio and Cruz in 2016 -- Illegal surveillance and bribery blackmail operations. Patrick was approached by Peter Stzrok in 2015 to assist the FBI in setting up these candidates (he thought it was legit). He wrote about the Hillary Clinton sting on his website DeepCapture.com -- blog entry dated October 6, 2020.

Patrick now goes on to reveal many things in this radio show interview yesterday:

<https://m.youtube.com/watch?v=6PsbDwoCNTU&t=1800s> YouTube

The Sting Ops in 2016 against the presidential candidates was ordered by Comey, Brennan and Obama

The Sting Ops involved Patrick bribing candidates and getting the evidence on video/audio tape in order to blackmail them -- he specifically was told that Obama wanted blackmail on Hillary to ensure Obamacare and other policies remained in place

Patrick figured out the scam and then tried to sting them too -- said he falsely told the FBI that he raped and was planning to kill Russian agent Maria Butina to see if Comey, Brennan and Obama would stop the sting operation. Nope -- Comey, Brennan and Obama ignored the info and greenlit the blackmail operation anyway.

Patrick says a yet to be revealed 3rd party 'electronically' intervened in the 2016 election to prevent Dominion from flipping votes from Trump to Hillary. Patrick says he knows these people

## The Storm: Volume Ten

Patrick says that the stories of Hillary breaking glass and plates after her 2016 loss is because she had been promised the election rigging was in place and would happen

Patrick is working with internet white hats to uncover the 2020 election rigging and has provided detailed evidence to Sidney Powell-- says he knew of the plot before Nov 3rd and took the info to the Depart of Homeland Security to see if they would intervene. He said Chris Krebs from CISA prevented them from intervening.

Patrick reveals recently fired Chris Krebs (CISA) is a deep stater -- he's an attorney who formerly worked for Microsoft

Patrick says he will likely be killed for his revelations and actions if Trump is not re-elected

Large Study From 160 Countries Over 8 Months: Lockdowns NOT Linked With Lower COVID Death Rates

The researchers found that the criteria most associated with a high death rate was life expectancy, though higher COVID death rates were also observed in certain geographic regions.

Many US states and countries around the world are imposing another round of economic lockdowns in an effort to combat the coronavirus. The actions are certain to come with a series of devastating unintended consequences — economic destruction, surging poverty, and mental health deterioration among them — but a new study suggests the lockdowns may not do what they are designed to do: save lives.

A new study published by *Frontiers in Public Health* concluded that neither lockdowns nor lockdown stringency were correlated with lower death rates.

Researchers analyzed data from 160 countries over the first 8 months of the pandemic, testing several factors — including demographics, public health, economy, politics, and environment — to determine how they are correlated with COVID-19 mortality.

“Stringency of the measures settled to fight pandemics, including lockdown, did not appear to be linked with death rate,” the researchers said.

The researchers found that the criteria most associated with a high death rate was life expectancy, though higher COVID death rates were also observed in certain geographic regions.

“Inherent factors have predetermined the COVID mortality: understanding them may improve prevention strategies by increasing population resilience through better physical fitness and immunity,” the authors said.

On one hand, the findings are astonishing. After all, the lockdowns have resulted in mass collateral damage: a global recession, millions of businesses ravaged, tens of millions of jobs lost, widespread mental health deterioration, a resurgence in global poverty, and surges in suicide.

To look at the destruction lockdowns have wrought only to learn they have failed to effectively slow the spread of the virus is maddening and, frankly, nauseating.

On the other hand, the findings shouldn't be terribly surprising. Months ago researchers had compiled enough empirical evidence to determine how effective lockdowns were in taming COVID-19.

"...there's little correlation between the severity of a nation's restrictions and whether it managed to curb excess fatalities — a measure that looks at the overall number of deaths compared with normal trends," Bloomberg's data columnist Elaine He noted back in May.

Since then the evidence has only grown stronger. Sweden, for example, which opted to not lockdown in March, has seen its mortality ranking steadily fall throughout 2020.

In September, as it passed the US, Sweden saw its COVID mortality rate fall to 11th highest in the world.

Its rate of 577 COVID deaths per million people was far better than many of its European neighbors who implemented strict lockdowns, such as the United Kingdom, Spain, Belgium, and Italy.

Since then, Sweden has fallen further down the list, currently standing at 23rd in the world.

While critics of Sweden's "lighter touch" strategy point out that its mortality rate is well above that of its Nordic counterparts Norway and Finland, many fail to realize that Norway and Finland have had less restrictive government policies than Sweden for the majority of the pandemic.

The reality is that lockdowns come with incredible collateral damage but appear to do little if anything to actually slow down the coronavirus. This is precisely why the World Health Organization reversed course in October and began advising nations to refrain from using them.

"Lockdowns just have one consequence that you must never ever belittle, and that is making poor people an awful lot poorer," Dr. David Nabarro, the WHO's Special Envoy on COVID-19, observed. Dr. Michael Ryan, Director of the WHO's Health Emergencies Programme, offered a similar sentiment.

"What we want to try to avoid ... is these massive lockdowns that are so punishing to communities, to society and to everything else,"

Ryan said at a briefing in Geneva in October, adding that sometimes they are “unavoidable.”

Despite mounting evidence that lockdowns don’t work and are incredibly harmful, government officials around the world continue to push them. Why? Because lockdowns are designed to save lives and experts are unwilling to admit they are powerless to control the virus.

In doing so, they’re falling victim to a dangerous deception: the good intentions fallacy.

“One of the great mistakes is to judge policies and programs by their intentions rather than their results,” the famed economist Milton Friedman once warned.

This was adopted by the founders/framers of our country, using the "Law of Nations or Principles of Natural Law, Vol.1 Chapter 19 Section 212, Emer de Vattel, 1758-1797"

Be born in the USA

**There is only one reason that the MSM and Big Tech are lying to us & suppressing information about MASSIVE election fraud and that is their complicity in the TREASON to overthrow our Government.**

They have promoted the COVID-19 hoax to create a "demand" for mail-in voting - a form of voting much more conducive to fraud.

They told us to wear masks to protect ourselves, when really they wanted to protect the identities of their Antifa and BLM gangsters.

They told us to "socially distance" to prevent the spread of the deadly virus when really they wanted to prevent poll watchers from getting too close to their fraudulent election activities in the counting rooms. They said, "stand back so I don't get CV19". What they meant was, "stand back so you can't see what I'm doing".

They told us that the count had to be stopped because of a burst water main. They had to stop the count to prepare and inject 100,000's of fraudulent ballots in 6 swing state cities (Philadelphia, Phoenix, Milwaukee, Detroit, Las Vegas and Atlanta) controlled by Democrats for decades and well-known for election fraud in the past. They told us "there was no fraud", then "there was no widespread fraud", then "the fraud was not sufficient to flip the state" and finally "the fraud was not proven in court". Lie after lie after lie.

They told us "Trump will not leave the White House - he will have to be dragged out". They know they LOST this election and are already trying to set the stage for civil unrest when the tide turns against them.

These people hate this country and are actively working to install a communist puppet to usher in the World Reset and the New World Order.

They will stop at nothing to pursue their evil goals

Stay strong, pray, let your voice be heard, support Trump, stop communist Tyranny now!!

General McInerny stated several times in his interview following General Flynn's first interview (watch it here) that the American people cannot let President Trump leave the presidency while there is still a question of voter fraud and election interference. He said there is treason involved and a coup d'etat has been underway.

Assuming he's correct, what would be the various ways that the people of the US can rise up and insist that President Trump stay in office while the investigation is underway, other than by contacting our senators and congressmen? (I for one have a RINO senator who has already engaged in funny business just to get appointed. I'm fairly sure I can't trust my 'elected' representatives.)

Did you catch what this man said about the operation to capture the equipment in Germany? It was not a peaceful surrender. He said that operators lost their lives.

17. I conclude with high confidence that the election 2020 data were altered in all battleground states, resulting in a hundreds of thousands of votes that were cast for President Trump to be transferred to Vice President Biden. These alterations were the result of systemic and widespread exploitable vulnerabilities in DVS, Scyll/SOE Software and Smartmatic systems that enabled operators to achieve the desired results. In my view, the evidence is overwhelming and incontrovertible.

LPC Strategic Committee Leak

LPC leaker <[LPC\\_Leaker@protonmail.com](mailto:LPC_Leaker@protonmail.com)>

Original Message --On Saturday, October 10, 2020 1:38 PM

Dear \*\*\*\*\*,

I want to provide you some very important information. I'm a committee member within the Liberal Party of Canada. I sit within several committee groups but the information I am providing is originating from the Strategic Planning committee (which is steered by the PMO). I need to start off by saying that I'm not happy doing this but I have to.

As a Canadian and more importantly as a parent who wants a better future not only for my children but for other children as well. The other reason I am doing this is because roughly 30% of the committee members are not pleased with the direction this will take Canada, but our opinions have been ignored and they plan on moving forward toward their goals. They have also made it very clear that nothing will stop the planned outcomes.

The road map and aim was set out by the PMO and is as follows:

- Phase in secondary lock down restrictions on a rolling basis, starting with major metropolitan areas first and expanding outward. Expected by November 2020.
- Rush the acquisition of (or construction of) isolation facilities across every province and territory. Expected by December 2020.
- Daily new cases of COVID-19 will surge beyond capacity of testing, including increases in COVID related deaths following the same growth curves. Expected by end of November 2020.

growth curves. Expected by end of November 2020.

- Complete and total secondary lock down (much stricter than the first and second rolling phase restrictions). Expected by end of December 2020 - early January 2021
- Reform and expansion of the unemployment program to be transitioned into the universal basic income program. Expected by Q1 2021.
- Projected COVID-19 mutation and/or co-infection with secondary virus (referred to as COVID-21) leading to a third wave with much higher mortality rate and higher rate of infection. Expected by February 2021.
- Daily new cases of COVID-21 hospitalizations and COVID-19 and COVID-21 related deaths will exceed medical care facilities capacity. Expected Q1 - Q2 2021.
- Enhanced lock down restrictions (referred to as Third Lock Down) will be implemented. Full travel restrictions will be imposed (including inter-province and inter-city). Expected Q2 2021.
- Transitioning of individuals into the universal basic income program. Expected mid Q2 2021.
- Projected supply chain break downs, inventory shortages, large economic instability. Expected late Q2 2021.
- Deployment of military personnel into major metropolitan areas as well as all major roadways to establish travel checkpoints. Restrict travel and movement. Provide logistical support to the area. Expected by Q3 2021.

Along with that provided road map the Strategic Planning committee was asked to design an effective way of transitioning Canadians to meet a unprecedented economic endeavor. One that would change the face of Canada and forever alter the lives of Canadians.

## The Storm: Volume Ten

What we were told was that in order to offset what was essentially an economic collapse on an international scale, that the federal government was going to offer Canadians a total debt relief.

This is how it works: the federal government will offer to eliminate all personal debts (mortgages, loans, credit cards, etc) which all funding will be provided to Canada by the IMF under what will become known as the World Debt Reset program.

In exchange for acceptance of this total debt forgiveness the individual would forfeit ownership of any and all property and assets forever.

The individual would also have to agree to partake in the COVID-19 and COVID-21 vaccination schedule, which would provide the individual with unrestricted travel and unrestricted living even under a full lock down (through the use of photo identification referred to as Canada's HealthPass) .

Committee members asked who would become the owner of the forfeited property and assets in that scenario and what would happen to lenders or financial institutions, we were simply told "the World Debt Reset program will handle all of the details".

Several committee members also questioned what would happen to individuals if they refused to participate in the World Debt Reset program, or the HealthPass, or the vaccination schedule, and the answer we got was very troubling. Essentially we were told it was our duty to make sure we came up with a plan to ensure that would never happen. We were told it was in the individuals best interest to participate.

## Anonymous

When several committee members pushed relentlessly to get an answer we were told that those who refused would first live under the lock down restrictions indefinitely.

And that over a short period of time as more Canadians transitioned into the debt forgiveness program, the ones who refused to participate would be deemed a public safety risk and would be relocated into isolation facilities. Once in those facilities they would be given two options, participate in the debt forgiveness program and be released, or stay indefinitely in the isolation facility under the classification of a serious public health risk and have all their assets seized.

So as you can imagine after hearing all of this it turned into quite the heated discussion and escalated beyond anything I've ever witnessed before.

In the end it was implied by the PMO that the whole agenda will move forward no matter who agrees with it or not.

That it wont just be Canada but in fact all nations will have similar roadmaps and agendas. That we need to take advantage of the situations before us to promote change on a grander scale for the betterment of everyone. The members who were opposed and ones who brought up key issues that would arise from such a thing were completely ignored. Our opinions and concerns were ignored. We were simply told to just do it.

All I know is that I don't like it and I think its going to place Canadians into a dark future.

**AMERICA MUST SEE THE CORRUPTION AND DEPRAVITY OF THE DEEPSTATE.**

This is the only way. God knows Humanity will not change unless something causes the change.

God's plan is being carried out. If you think that God isn't as smart as you are, please remember who created you.

America and the world must suffer greatly before anyone will be willing to change. We are too fat and happy to change right now.

Patriots, that's your job. Showing your neighbor love is the most important piece to this puzzle.

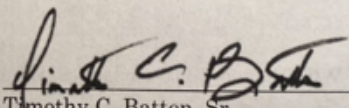

You are the chosen, you were called here to mentally fight Evil. Do not laugh it off.

**"These People Were Vicious - I Saw All Kinds of Illegal Behavior" - Michigan Election Witness Who Saw 4 AM Illegal Ballot Drop for Biden Speaks Out (wearethene.ws)**

<https://wearethene.ws/notable/174440>

Also Saw Multiple Late Night Ballot Dumps!

Andrew Sitto, Republican poll challenger at the TCF Center in Detroit, saw poll workers filling out votes for the Democrats on election night!

Official Detroit poll workers stole votes by marking non-Biden votes for Biden, Sitto says.

“I saw all types of illegal behavior.”

**SITTO ALSO SAW THE 4AM BIDEN BALLOT DROP!**

He describes 4am ballots being brought to the counting tables and spread out.

They would run the same ballots through the tabulators multiple times, “we were told to look for this” Sitto says. When they went through a second time, they were committing voter fraud according to Sitto.

Other witnesses have described the ballot duplication process, and thousands of spare ballots laying around with an official duplication process at the TCF Center.

Explosively, Sitto says: “I didn’t see any ballots with legitimate reasons to be duplicated. Every ballot was normal” when it came in. “The whole thing is illegal. The whole night was illegal.”

Sitto believes he and another poll challenger saw blatant voter fraud at one of the duplication tables, where poll workers are supposed to copy votes precisely from damaged ballots onto new ones. He saw the poll workers duplicating a mixed-ticket ballot while a group of

Democrat operatives distracted and forced the Republican poll challenger away from the table. “The moment [the Republican poll challenger] looked away, they filled in the Democrat ticket.”

Sitto personally saw voter fraud in favor of Joe Biden in Detroit. Sitto also described seeing poll workers running the same stacks of ballots multiple times through a tabulator. He also said poll workers grabbed handfuls of empty ballots and hid them at their tables. All poll workers had pens, which he believes could have been used to illegally fill out the blank ballots.

“I saw them taking empty ballots that should only be used for duplicates, stashing them and probably voting them later straight-ticket for Joe Biden.”

Sitto described pens at most tables, and poll workers regularly grabbing duplicate ballots for no valid reason. The pens would be necessary if they were manually filling out ballots at the counting tables.

“These people were vicious.”

“I’ve made reports about this” Sitto says, though there’s no indication if any official has pursued Sitto’s claims of witnessed voter fraud.

Voter fraud is the “illegal interference with the process of an election” and Sitto is in a long line of other witnesses who have said they personally witnessed illegal interference in the process of Detroit’s elections.

Describing the official Detroit officials conspiring with left-wing poll workers to fraud the vote: “It was a collective attack.”

## ARREST UPDATE 11-29-20 CIA DIRECTOR GINA HASPLE ARRESTED FOR TREASON

November 29, 2020 8:27 AM | Anonymous

CIA Director Gina Haspel was arrested after she was injured in the Frankfurt Germany CIA building raid to secure the servers.

The building had no guards and was unprotected. Haspel pulled in some private special military trained security forces to protect the building from such a suspected raid. When the raid happened Haspel was there.

5 of our special forces troops along with a CIA official were killed in the raid. Haspel was injured.

I try to get three confirmations of the soldiers being killed. I got two, but could not get a third. The CIA made up a cover story about the 5 soldiers and one CIA operative killed and said they were killed in a helicopter crash.

Haspel was air evacuated out. She was flown to GITMO where she was treated and received a tribunal for treason. She agreed to help Trump for a lighter sentence of life which can be revoked if she chooses to not cooperate. She has now turned over information on the servers, what they were for and what they did and who was involved.

There have been many flown into GITMO because that is where they are interrogating these deep state actors. GITMO is full so they can't be imprisoned there. Some may be executed at GITMO. Haspel will not be one of them because she has agreed to help Trump in testifying as to what the CIA did and when.

It is unknown how badly she was injured in the raid. She made depositions at Gitmo and a video confession. She was released for a time to help Trump. She was flown out to the US.

I have already said the arrest update format has changed to this format. The updated list is so long that it is causing problems. I also said when I get the intel I will post it. So here it is.

In order to grasp the magnitude of Fox News' betrayal of its conservative base, I decided to look back at their ratings in August of 2020 and compare the results with its current viewership as of November 23, 2020. ### **Was This Part of Their Plan? In 4 Years Obama Doubled the Number of Muslim Refugees in the US to 2.6 Million -- Many Settled in MidWest Where Housing Was Cheap - Milwaukee, Detroit, Etc.**

Here's the article that says Obama increased Muslim refugees from 1.3 million in 2008 to 2.6 million by 2012:

<https://drrichwier.com/2015/02/02/obamas-massive-resettlement-6-million-muslims-u-s/>

I've long thought that the 2008-2013 housing crisis that occurred with the explosion of subprime lending was done on purpose.....most of the concentrated fraud was in the sand states where immigration was the highest : CA, NV, AZ, TX and FL. It was also incredibly high in mid-west cities such as Milwaukee, Detroit and Chicago. In fact, after the 2008-09 banking collapse, there were thousands of properties that could be purchased for a couple of thousand dollars in those depressed cities.

So, was Obama sending refugees to those cities knowing they could easily take advantage of the depressed housing market and become imbedded in those areas? I think there is a good possibility this was done by design. Think Illhan Omar as an example.....

These same cities are at the center of the voting fraud today.....

EVERYTHING was done by design...

**Get in here anons. There's legal precedent for what's about to happen. "Election Fraud - Winning at All Costs: Election Fraud in the Third Circuit"**

(PDF) <https://digitalcommons.law.villanova.edu/cgi/viewcontent.cgi?article=2930&context=vlr>

The touchstone of a democratic nation involves the right of its citizens to vote and elect its leaders.<sup>1</sup> Throughout the history of the United States, persons have fought to secure, maintain and utilize this right. The Fifteenth, Nineteenth and Twenty-Sixth Amendments to the United States Constitution embody the result of this struggle. People who conduct an election illegally, however, invalidate an individual's freedom of choice exercised through the right to vote. If fraud occurs in the election process, the candidate declared the winner may not represent the people's choice.

What if the government, responsible for conducting the election, taints the election results?

What protection exists for the candidates and the individuals who lose the right to vote and whose right to a fair election is effectively stolen?

Allegations of state election fraud present several difficult issues which a federal court must overcome to properly decide the case. First, the federal court must confront the abstention doctrine. This doctrine requires that federal courts refrain from examining cases that state courts

should review. State and local laws prescribe how to conduct their elections and the procedures for challenging those elections.

Accordingly,

local and state governments should monitor the potential violations of these laws. Second, if the federal court hurdles abstention, the court must find a federal cause of action that provides the plaintiff standing.

If a federal cause of action exists, the plaintiff must then prove the election fraud. Finally, if the plaintiff proves election fraud under a federal cause of action, the federal court must select an appropriate remedy. Such remedies range from money damages to a new election.

The United States Court of Appeals for the Third Circuit recently addressed these issues in *Marks v. Stinson*. The Third Circuit decided that

## Anonymous

the abstention doctrine did not preclude it from examining the results of Pennsylvania's state senatorial election.

The court, upon finding fraud, adopted a new remedy. Because the winning candidate engaged in voter fraud, the Third Circuit removed him and certified the losing candidate as the winner.

Given the increasing accusations of election fraud, future losers of state elections will likely rely on Marks to remove the winner from office...

### **We Need an Executive Order Preventing Businesses from Requiring a COVID Vaccine.**

Those of us who (for whatever reason) have decided to refuse a COVID vaccine need some sort of protection to avoid being discriminated against. Otherwise we will soon not be able to travel on public transportation, shop, go to school or eat out. I own a manufacturing business in Nebraska, and last week we were approached by a public health agency that was recruiting my business to become a "Mandatory Vax Workplace." for the charge of making false statements to Federal investigators, in violation of Section 1001, Title 18, United States Code, as charged in the Information filed under docket number 1:17-cr-00132-AGS in the United States District Court for the District of Columbia, for any and all possible offenses arising from the facts set forth in the Information and Statement of Offense filed under that docket number or that might arise, or be charged, claimed, or asserted, in connection with the proceedings under that docket number, for any and all possible offenses within the investigatory authority or jurisdiction of the Special Counsel appointed on May 17, 2017, including the Initial Appointment Order No. 3913-2017 and subsequent memoranda regarding the Special Counsel's investigatory authority; and for any and all possible offenses arising out of facts and circumstances known to, identified by, or in any manner related to the investigation of the Special Counsel, including, but not limited to, any grand jury proceedings in the United States District Court for the District of Columbia or the United States District Court for the Eastern District of Virginia.

IN TESTIMONY WHEREOF, I have hereunto signed my name and caused the seal of the Department of Justice to be affixed.

**DONALD J. TRUMP**

**NOTICE OF EXECUTIVE GRANT OF CLEMENCY AND CONSENT MOTION FOR DENIAL AS MOIST**

On November 25, 2020, the President of the United States issued an executive grant of clemency to Michael T. Flynn. See Attachment. In particular, the President granted General Flynn "a full and unconditional pardon" for: (1) the charge of making false statements to Federal investigators, in violation of Section 1001, Title 18, United States Code, as charged in the Information filed in this case (Doc. 1); (2) any and all possible offenses arising from the facts set forth in the Information and Statement of Offense filed under that docket number or that might arise, or be charged, claimed, or asserted, in connection with the proceedings under that docket number; (Doc. 4); (3) any and all possible offenses within the investigatory authority or jurisdiction of the Special Counsel appointed on May 17, 2017, including the Initial Appointment Order No. 3913-2017 and subsequent memoranda regarding the Special Counsel's investigatory authority; Section 1001 charge that is the subject of the government's pending motion to dismiss (Doc. 134); but also any possible future perjury or coverage charge in connection with General Flynn's recent statements and any other possible future charge that this Court or the court-appointed amicus has suggested might consider. Keep this criminal case alive until the government's objection (e.g., a charge under the Foreign Agents Registration Act, Section 638a), Title 22, United States Code, arising out of the facts set forth in the Statement of Offense). In short, the government's prior motion to dismiss, as well as all other pending motions in this case, are moot in light of the President's full and unconditional pardon to General Flynn. No further proceedings are necessary or appropriate, so the Court must immediately dismiss the case with prejudice. See 28 U.S.C. § 1252.

According to police, Amnon Hanoh Tenenboim, 58, has declined to comment on the allegations.

Meanwhile, Ofer Menachem Leibovich, 40, denies the charges."

**POTUS has trapped the DS and the MSM. They walked right into it. No deniability, no escape. These people are stupid. Who, where and how from 2018. Now hard proof of fraud. Game, set, match!!**

- Trump, Q and the military have conducted the ultimate sting operation.
- In 2018 (and 2019) the good guys found out how the Dems conducted their election fraud, they gathered network communication info and financial transaction details concerning the acquisition of Dominion Voting Systems in several key states where election fraud took place. They allowed the Dems to take the House majority (so they would be emboldened for the 2020 election).

## The Storm: Volume Ten

- The Dems (and several RINOs), the Deep State and the MSM have all trapped themselves in TREASON and seditious conspiracy to overthrow the government of the USA.
- The proof of fraud will be irrefutable. The public will be on Trump's side. The People will DEMAND justice.
- The links (network communications, server locations, financial transactions, NSA emails & phone calls, FISA discovery) to several foreign countries (China, Iran, Germany, Venezuela, Canada) will show a concerted, international effort to fraudulently install their globalist puppet as the next POTUS.
- As the fraud evidence comes out, we now see the attempted coverup of their crimes (shredding trucks, disappearing servers, attempts to wipe servers, Dominion LinkedIn accounts closed, web pages scrubbed, judges throwing out court cases).
- The MSM continues its active participation in the treason. No reporting of the firefight in Frankfurt, Germany where Special Ops seized Dominion servers from a CIA location. Six people were killed (5 Special Ops, one CIA). Crickets from MSM. Enemy of the people.

The whole world knows that the Biden "win" was a FRAUD. Military justice is coming. Buckle up!!

The USA had several operations to keep veterans quiet and keep them from overthrowing the ZOG. It was called Operation Vigilant Eagle and I've heard nearly 2 million Americans were disappeared under this FBI program. The NSA was created to supply this and other programs with targets. Everyone involved with that program needs to hang for treason, or no government will have legitimacy. Not a single one can get away. So don't forget about the FBI that held the USA down for Zionists to rape, they are the primary group of people that made the ZOG's abuses possible.

**Head of Pfizer Research: Covid Vaccine is Female Sterilization.**

From 8kun notables today..

<https://healthandmoneynews.wordpress.com/2020/12/02/head-of-pfizer-research-covid-vaccine-is-female-sterilization/>

The vaccine contains a spike protein (see image) called syncytin-1, vital for the formation of human placenta in women. If the vaccine works so that we form an immune response AGAINST the spike protein, we are also training the female body to attack syncytin-1, which could lead to infertility in women of an unspecified duration. Dr. Wodarg and Dr. Yeadon request a stop of all corona vaccination studies and call for co-signing the petition

2020NEWS

On December 1, 2020, the ex-Pfizer head of respiratory research Dr. Michael Yeadon and the lung specialist and former head of the public health department Dr. Wolfgang Wodarg filed an application with the EMA, the European Medicine Agency responsible for EU-wide drug approval, for the immediate suspension of all SARS CoV 2 vaccine studies, in particular the BioNtech/Pfizer study on BNT162b (EudraCT number 2020-002641-42).

Dr. Wodarg and Dr. Yeadon demand that the studies – for the protection of the life and health of the volunteers – should not be continued until a study design is available that is suitable to address the significant safety concerns expressed by an increasing number of renowned scientists against the vaccine and the study design.

On the one hand, the petitioners demand that, due to the known lack of accuracy of the PCR test in a serious study, a so-called Sanger sequencing must be used. This is the only way to make reliable statements on the effectiveness of a vaccine against Covid-19. On the basis of the many different PCR tests of highly varying quality, neither the risk of disease nor a possible vaccine benefit can be determined with the necessary certainty, which is why testing the vaccine on humans is unethical per se.

Furthermore, they demand that it must be excluded, e.g. by means of animal experiments, that risks already known from previous studies, which partly originate from the nature of the corona viruses, can be realized. The concerns are directed in particular to the following points:

The formation of so-called “non-neutralizing antibodies” can lead to an exaggerated immune reaction, especially when the test person is confronted with the real, “wild” virus after vaccination. This so-called antibody-dependent amplification, ADE, has long been known from experiments with corona vaccines in cats, for example. In the course of these studies all cats that initially tolerated the vaccination well died after catching the wild virus.

The vaccinations are expected to produce antibodies against spike proteins of SARS-CoV-2. However, spike proteins also contain syncytin-homologous proteins, which are essential for the formation of the placenta in mammals such as humans. It must be absolutely ruled out that a vaccine against SARS-CoV-2 could trigger an immune reaction against syncytin-1, as otherwise infertility of indefinite duration could result in vaccinated women.

The mRNA vaccines from BioNTech/Pfizer contain polyethylene glycol (PEG). 70% of people develop antibodies against this substance – this means that many people can develop allergic, potentially fatal reactions to the vaccination.

The much too short duration of the study does not allow a realistic estimation of the late effects. As in the narcolepsy cases after the swine flu vaccination, millions of healthy people would be exposed to an unacceptable risk if an emergency approval were to be granted and the possibility of observing the late effects of the vaccination were to follow. Nevertheless, BioNTech/Pfizer apparently submitted an application for emergency approval on December 1, 2020.

CALL FOR HELP: Dr. Wodarg and Dr. Yeadon ask as many EU citizens as possible to co-sign their petition by sending the e-mail prepared here to the EMA.

If God thought we needed a mask on our faces, we would have been born with one. This is a big mask hoax to spread fear and create demand for their vax.

### **Karen gets PUNKED BY THE COPS!!!**

Today, I was at a convenient store getting my morning coffee, and a dude next to me was just topping his off. He was not wearing his 'mandatory' face diaper. So, KAREN ... comes over and starts screaming at him. Fat fucking KAREN with her baby-daddy fuck trophies in tow (of course). Calling him murderer, all kinds of other stupid shit ... of course. So, then a Cop walks in (no shit - great timing), hears her mouth and strolls over to see what was going on.

Coffee guy was just standing there saying nothing, just looking at her like "bitch, when the shit kicks off, you get the first freedom seed". So she starts telling the cop to arrest the dude ... he is putting her life, and her kids lives at risk .. blah, blah, blah. The dude tells the cop, "look man, I've just been standing here ... she is the one being disorderly". Cop turns to her and says "There is no 'Mask law', but there is a law about being disorderly, and if anyone here is going to go to jail today for being disorderly it is going to be you. I just need for Child Services to get here to take your kids then you are going to spend a few hours in the city holding cell". Karen shut the fuck up quick and stormed out.

Today is going to be a GREAT DAY!

ONLY LEGISLATURES CAN MAKE LAWS ... NOT GOVERNORS, MAYORS, SHERRIFS, AND FUCKING ABSOLUTELY NOT SHIT BAG HEALTH DEPARTMENT FAGS.

### **BIG! CodeMonkeyZ : Dominion Users Guide Shows How Easy It Is to Remove a Batch of Votes by Designating Them As "Spoiled"**

<https://twitter.com/CodeMonkeyZ/status/1334306673750548483>

Like the fractional voting function (aka "weighted race") that allows a user to flip votes from one candidate to another, Dominion users can designate a batch as "spoiled" during the adjudication process.

This removes the batch from the vote tabulation counts:

Step 1: Select all

Step 2: Send to Adjudication

Step 3: Spoil the entire batch (presto!)

From the Dominion User's Guide:

<https://twitter.com/SMoran99/status/1334305513409028097/photo/1>

Remember, when a ballot is scanned into a Dominion machine, the vote tabulation is not based on the actual paper ballot, it is based on the "image" of the ballot created by Dominion. In theory, Dominion could program their system to translate a vote for Trump to a vote for Biden (creating an image that differs from the paper ballot). It could also deliberately create a corrupt image, requiring adjudication (manual handling). In the adjudication process, a person could

change a vote from one candidate to another, or in the case above, delete an entire batch via the "spolied" function.

If Congress doesn't play ball with terminating/revising section 230, Trump cuts military industrial complex \$\$\$\$. Pitting the military complex AGAINST social media complex duking it out for control. If they do play ball, Trump cleans out the establishment's power both in corporate media and military by transforming how things work, permanently. Either fight among themselves OR work at making America great. Trump knows.

Social media iindustrial complex depends on the US government section 230 welfare protections, so do their financiers, investors and foreign stakeholders controlling them. It is considered an infiltration weapon/tool to control public perception and destroy the US from within.

Military industrial complex depends on US government to be in perpetual conflict and war to feed the corrupt establishment surrounding the swamp. This machine has tentacles riddled with political pork that Trump has identified and still trimming fat off. Any move Congress make will allow Trump to identify targets. Those two are democrats and didn't bother me as much as the long winded chairman who seemed to understand the fraud existing but could not conceive of any way the legislature could solve it. It was just too hard for the poor understaffed Senate to deal with. One Senator who said he was not a member of the committee did seem to get it and said the Senate should do something this week. I hope the people of Georgia put enough pressure on them to force action. The professor on video conference gave them a clear roadmap if they only would summon the courage to follow it.

The poor ol' public is so lazy, brain-washed by the MSM and pre-occupied that it hasn't seen that the enemy has infiltrated their neighborhood and is now breaking into their home. Trump has shown remarkable restraint and patience as he deals with the DS's sustained Coup attempt.

- Spygate exposed the entire Obama administration (POTUS, VPOTUS, AG, FBI, DOJ, State, CIA, NSA, ...)
- The failed Russian collusion hoax exposed Adam Schiff and the Democrat Congress.
- Failed impeachment exposed treasonous diplomats (Alexander Vindman, Marie Yovanovitch, Fiona Hill and all Senate Dems)
- COVID-19 hoax, mask mandates and lockdowns have exposed many Dem Governors as hypocrites (Whitmer, Cuomo, Newsom,...)

- COVID-19 has exposed the complicit health "experts" (Anthony Fauci, Deborah Birx), WHO and virus gain-of-function researchers.
- The "CV19 numbers are increasing" hoax has exposed CDC for falsifying death numbers, Big Pharma for producing a bogus CV19 PCR test that is wildly inaccurate and large sections of the hospital and medical community for going along with FALSE death certificates and not speaking out against the CDC and the false "HCQ is no good" narrative.
- The push for mandatory vaccinations has exposed Bill Gates and Big Pharma as eugenicists seeking to de-populate the world.
- The massive election fraud is exposing the state politicians (SoS, Election Commissioners, Reps in the Legislature, Senators), local officials (Mayors, election supervisors, police chiefs, poll workers, USPS) and corrupt judges (Circuit, Appellate judges and SCOTUS)
- 100% corrupt, lying MSM and Big Tech censorship trying to deny people the access to the truth.

How long until we wake up to the fact that they want to control us, exploit us and ultimately kill us? This is our last stand!!

### **Summary & Analysis of what CodeMonkey says is a version of the plan.**

Codemonkey says this is their plan. Here is a summary and critique. It was a difficult read and interesting.

Step One: legitimate the "Blue Shift" (illegal votes)

The idea is to continue counting in order to create ambiguity about who won.

Step Two: Send Two Contrary Results from two sources within each swing state

Next, leverage the ambiguity to prompt two submissions of contradictory electors from each of the close-enough swing states. If the governor is democrat, he/she as governor certifies a set of

electors for Biden based on including the fake votes (the document calls them “canvassing period” or “blue shift” votes). If the legislature is either republican or honest or both, they’ll certify electors who will vote for Trump. (In case the governor is republican and legislature democratic, the strategy is mirrored. The point is to make two contradictory submissions of electoral votes in swing states.) It has become conventional for the governors to process and hand over the electoral votes even though it’s the legislatures that have authority to certify.

Step Three: Pelosi maneuvers shamelessly to be Interim President Next, Pelosi angles to be interim President based on stymied processes. The House says the Biden electoral votes count. Pence says either the Trump votes or neither votes count. Stalemate. A stalemate, it is proposed in the linked cabal strategy type document, would tend to support Pelosi for interim president. In the plan, she would hand the reins to (document speculates it would be Elizabeth Warren but I guess now) Kamala due to Biden’s sudden disagreement disease.

Pelosi would lead the House to simply fail to certify anyone.

The Supreme Court would be unable to counteract that, says the plan. Given enough ambiguity, the Supreme Court would have to certify Pelosi, according to this legal article.

Analysis

The Necessary Conditions are not met

This plan required close races in swing states. They need people to believe Trump’s resistance to their narrative is poor form, not legitimate. He was supposed to claim victory, not point out fraud. This must be why the wagons are circled around “don’t say ‘fraud’.” This must be why eleventy zillion lawsuits have supposedly been dismissed.

The Weakness: Trump is Surprisingly Effective Internationally  
Even though they seem focused on preventing the fraud narrative, that’s not the weakness. They are bolstered and making distracting noise on that point. The crux of their psyop is to make Trump appear erratic and internationally isolated. I have surveyed the haters. This is what they say if you aren’t defensive. Why is the cabal working these two points of misinformation so hard?

The Reset Again

Because this is all about the great reset. The real battle is to underpin and lead the next global financial system. They are not trying to win. The masters don't even want the Democrats to win. The masters have turned on their minions. The masters are trying ONLY to make the US look like a mess — not before the general public useless eaters — but before the global political classes. This is a battle for the perceptions of a smaller group to keep them moving to sign up for the IMF BIS China-run One Bank to Rule Them All (but still One Bank at which every person has an account, all currency digital, based on the baskets). WE know no one is going to want to deal with the banking cabal's next pitch especially if the USA has a fair, healthy alternative already in place. Yes, there will be a correction but the US will bounce back quicker. This is the cabal's only chance to bribe, threaten, hypnotize, blackmail or otherwise sweep everyone up in their great reset by using all their power and psyop potential (not on us but) on the global political class. They trust CNN. The uninvolved liberals are like extras.

But the cabal masters must make sure no one in the political class isolation bubble starts to believe Trump is effective internationally and a stable, trustworthy guy. That's the point of weakness. Don't use logic except to distract. If you meet someone in the bubble, gently mention your surprise (surprise is enzymes for reversing opinion) that Trump is so deliberate about keeping all his promises and being fair to constituents who didn't support him in 2016. So surprising how effective he is in international circles! How his approval is coveted by the international community! With the Nobel nominations and whatnot! Peace in the Middle East! Who knew?!?! Don't fight. Whatever they respond, you can say "yes yes that's why it's so surprising!!" And circle back to the talking points.

It's amusing that the author poses the question of whom the military would support. The author assumes that the Sargent at Arms of the House might be willing to physically manhandle the Vice POTUS out of the House based on Pelosi's asserting he is no longer welcome. Worse: the author assumes VP Pence would submit to Pelosi's bullying in order to avoid incident. Bring on the incident. Soros poured money into gubernatorial and unremarkable state level races. It is now clear why. For every state that can have either a controlled governor or legislature, Soros and China can get two sets of electoral votes sent to the House and Senate.

### Ideas of What to Watch Out For Next

Check the state legislators and electors for signs of bribes or distress. Check the votes. If the cabal don't mind switching ballots in general, we better check the ballots that come through to the house and senate from the various states' electors. A compromised legislature or governor could literally certify opposite results to what the electors voted and submit those. Why? They think jurisdictional issues will confound sorting it out. They want chaos. I think the electors would simply sue but, yes, in what court?

I think the masters are throwing the minions under the bus. Pelosi thinks she's going to be the first (albeit interim) woman president but her bosses only need chaos, not a win. They are only trying to win the bubbled political class decision makers of the world to sign up for their new financial system. It was supposed to be the only choice but then, you know, patriots happened.

So please gently shrink and pop the bubbles you encounter specifically about SURPRISE! DJT, it turns out, is about stability, follow through, international respect and admiration. Keep a close eye on your local mid level administrators, minor and mid level politicians. Make them feel noticed. Make them know you see them. Don't let down your guard after this nonsense nor in other countries. No great reset. No FedNow. No Chinese payment clearinghouse. And secure elections. And end human trafficking.

### **Election theft is an act of WAR, and now we must defend our nation from traitorous Democrats and their co-conspirators.**

[As evidence of election fraud is laid out in front of the state legislatures, Americans can now see that there was a coordinated, multi-layered attack on the United States. Election theft is not about politics. It's not a petty crime that should be forgiven and forgotten. It's not something anyone should concede to. Election theft is an act of war on the country, and now Americans must defend their nation from corrupt high-level Democrats, their army of left-wing street criminals, and other traitorous operatives who have conspired against the USA and did everything in their power to remove the President so they could install their own puppet dictator to get what they want.

**Retired 3-star General McInerney calls for President Trump to invoke Insurrection Act, suspend Habeas Corpus, declare martial law and initiate MASS ARRESTS under military authority.**

[Brannon House of WVVtv.com has published another bombshell interview with retired 3-star General Thomas McInerney, who is openly calling on President Trump to recognize severity of the cyber war assault on America by invoking the Insurrection Act, suspending Habeas Corpus (as Lincoln did) and initiate mass arrests under military authority.

## The Storm: Volume Ten

The original, full interview is found at this link from WVVtv.com. We have posted a six-minute summary of the video highlights below, via Brighteon.com.

This call by Gen. McInerney, a highly-accomplished military veteran and loyal patriot, appears to be stemming from a realization that much of the existing government has gone rogue and is now colluding with enemies of the nation. State governors have gone rogue, court judges have gone rogue and state election officials have willfully engaged in coordinated, treasonous election rigging in order to achieve the overthrow of the executive leader, President Trump. When government officials go rogue, and courts cannot be trusted, military authority can be invoked by the President, complete with mass arrests of treasonous actors, military tribunals that bypass the civilian court system, and the military seizure of all corporations that are actively working to undermine the United States of America. This would obviously include Big Tech and most of the left-wing media that has been complicit in election rigging and acts of journo-terrorism designed to plunge this nation into despair.](<https://www.distributednews.com/478815.html>)

**Obama, Biden and Schiff committed treason against America through cyber warfare election fraud.**

[The “kraken” is finally being released, and it is revealing that big Democrat names like Joe Biden, Adam Schiff and Barack Obama committed treason against the United States by engaging in cyber warfare against our election process.

Gen. Thomas McInerney, one of President Donald Trump’s allies in the fight for a fair and honest election, told Worldview Weekend’s Brannon Howse during an exclusive interview that the election fraud conspiracy runs much deeper than many realize, involving enemies both foreign and domestic.

Contrary to what some are now saying that this is all just politics as usual, McInerney confirmed that traitors who occupy high-level positions both in our government and in foreign governments have been colluding to steal elections for many years.

Obama utilized the scheme to win reelection in 2012, for instance, while the Democrat Party used it during the most recent primaries to prevent Bernie Sanders from beating Joe Biden.

“You know that’s politics, we’ve been cheating,” McInerney says about the common excuse that is given for such “irregularities.” “No, it’s not politics – this is treason.”

According to McInerney, the United States has never seen this magnitude of treason in its history. Consequently, there is no possible scenario in which patriotic Americans should ever accept the claim that Joe Biden “won” the presidency.

“You people that have done this are guilty of treason against the United States, and we are going to demand this president, insist this president not leave office until the American people have had a full disclosure of what’s going on.”](<https://www.distributednews.com/479360.html>)

**Less than 4 weeks after her release, Holocaust denier Ursula Haverbeck, 92, has been sentenced to another year in prison for her refusal to call Auschwitz a "death camp".(files.catbox.moe)**

Germany also locked up a Canadian citizen over Holocaust denial. She was a politician for the Green party of Canada, and violin teacher, not exactly a far right extremist. Months after posting a video on YouTube she visited Germany to attend a hearing. Someone else was being prosecuted for Holocaust denial. While she was there she was arrested and held as a political prisoner for 10 months. Keeping in mind she made the video in Canada. Trudeau never said a word about a Canadian citizen being held in prison for speech violation. Monika Schaefer. Canadians are so fucked in the head though that when she got back her own community shunned her. Like the fact she has been prosecuted in Germany vindicated them or something.

Very telling, that makes no sense what so ever. Why would one persons private denial of Auschwitz being a death be worth making a law against it and then punishing them for it with Prison? The logical conclusion can only be that they do not want people to understand that Auschwitz was not a death camp, certainly the evidence of the "gas Chamber" is completely bogus. Supposedly they just dropped the Zyklon-B through the ceiling, these are frigging Germans mind you, the best engineers in the World at the time, and

If the Germans built a gas chamber it would be the best dang, best built and best controlled gas chamber with clear intelligent engineering from bottom to top! It wouldn't be some crappy cellar with no venting for exhaust gas, no metering pipping for supplying the gas and quick delivery. And it would have an easily cleaned surface, with floor drains because there is going to be all kinds of body fluids and messes to clean up if people are gassed en masse. bullshit

Thanks for the post, it forced me to look all this stuff up, and now I too do not believe AT ALL the Gas Chamber bullshit at Auschwitz

US intelligence: "China has targeted the Biden team"

Hundreds of Chinese researchers linked to military forces found

Beijing has stepped up efforts to influence the next US administration, and Chinese agents are already targeting President-elect Joe Biden's staff, including those closest to his team. This was stated by William Evanina, head of counterintelligence of the National Intelligence, during a discussion at the Aspen Institute. At the same location, John Demers, head of the Justice Department's National Security Division, reported that hundreds of Chinese researchers with ties to their country's military were identified by the FBI last summer. The international media reported it.

William Evanina - BBC and Guardian report - during a virtual discussion in the think tank of the Aspen Institute, explained that Beijing has tried to interfere in the American research of the anti-Covid vaccine and also in the elections. Then he added: "We have also seen a planned and anticipated increase in China's influence campaigns, now redirected to the new Biden administration." The senior official spoke of "malicious foreign influence" directed at "the people who start working in the new administration and those who orbit around it." And "the new administration" should understand the nature of this "influence" as soon as possible, added Evanina. In the same panel John Demers, from the Justice Department, spoke about the FBI investigation that led to the arrest of some Chinese researchers who had hidden their affiliation with the People's Liberation Army. They were "just the tip of the iceberg", considering that after the investigations "over a thousand Chinese researchers have left the country". For Demers "only the Chinese have the resources, skills and will" to carry out political and economic espionage and "other malicious activities".

December 4, 2020

Dear Team Members,

In anticipation that on December 10, 2020 the Food and Drug Administration (FDA) will grant approval through an Emergency Use Authorization for the first COVID-19 vaccine, we believe it important to provide you with an update as to our tentative vaccination plan.

The Arkansas Department of Health (ADH) has designated Washington Regional Medical Center as one of five hospitals in the state to receive and administer initial doses of the vaccine. The Centers for Disease Control and Prevention (CDC) will determine vaccine recommendations based on input from the Advisory Committee on Immunization Practices (ACIP). The ADH will utilize CDC vaccine recommendations to refine directives concerning the distribution and prioritization of vaccine within Arkansas.

It is fairly evident that health care workers will be among the first groups eligible to receive the vaccine. WRMC will begin administering the vaccine to employees within 24 hours of receiving our allotted vaccine doses. Our plan is to utilize drive-through events staged at the Gregg Street/Appleby Road parking lot. This is similar to how we administered the influenza vaccine in October. You will need to present your badge as a condition to receiving the vaccine.

Pfizer, the manufacturer of the initial vaccine likely to receive FDA approval, has presented data to the FDA indicating the vaccine has a 95% effective rate with no serious side effects in clinical trials involving more than 44,000 participants. Moderna, the manufacturer of the second vaccine likely to receive FDA approval later in December, has presented data to the FDA indicating its vaccine also has a 95% effective rate with no serious side effects in clinical trials involving 30,000 participants. For perspective, the annual flu vaccine has an efficacy rate of around 40% to 60%. The American Hospital Association, American Medical Association and American Nurses Association through an open letter to the American public dated December 1, 2020 have also encouraged all Americans to receive the vaccine to beat back the virus.

Both vaccines require two doses and have differing requirements about the minimum time between doses. Once approved by the FDA, WRMC will have detailed information specific to the vaccine that will be made available to each employee.

We have been advised by ADH to expect the first vaccine doses to be delivered to WRMC within 24 hours of FDA approval. This will result in a very abbreviated notice period before we will begin administering the vaccine. Please check your email regularly for updates.

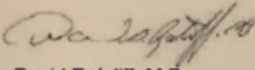

Washington Regional is confident that the FDA is utilizing a rigorous approval process to ensure the COVID-19 vaccine is safe and effective. As health care providers we all know the devastating impact this virus has had on our community and the compelling need to bring the pandemic to heel. For our nation, state and community to put this pandemic behind us it is

## Anonymous

imperative that all members of society be vaccinated. Having been afforded the privilege of being one of only five institutions afforded the right to receive and oversee the administration of the initial doses of the vaccine, it is important that we lead by example.

In this initial phase, we are strongly encouraging each team member to receive the vaccine to protect themselves, their families, our patients, and our community. As an additional incentive, we are announcing that each team member who receives the vaccine will have fulfilled their WRMC Wellness requirement for calendar year 2021 and will not be required to take any other steps in 2021 to receive the \$900.00 savings on their annual employee contribution to the health plan for 2022.

Thank you,

David Ratcliff, M.D.

My turn to pay, different Lady with no mask. Hmm, 4 people inside and not a mask insight. She's a real cute Blonde and was very nice for someone that works for the County. (most tend to be a-holes)

I give her the money and turned to leave, but I turned back to the window and said "Thank You for Not wearing a mask".

**The whole world saw Trump win in a landslide Nov 3rd. Then we saw the cabal stuff the ballot box. We all heard the evidence in state hearings. Yet the MSM says "no evidence of fraud"**

They must think we are as stupid as they are.

We heard direct witnesses (with sworn affidavits), expert testimony, statistical analysis and whistle-blowers tell us about all kinds of fraud including:

Poll watchers denied access, agitators causing poll challengers to be thrown out

Ballot counting is stopped on election night so Dems could figure how many votes they needed to catch up in each state

Ballot spikes that exceed the tabulation machines capacity

Dead people applying for absentee ballots and casting those ballots

More ballots than eligible voters in several Dem counties

Ineligible out-of-state voting

Ballot curing for Dems but not for R's

Ballot harvesting, gift cards for votes

Dominion system vote switching, overriding choices

Biden only ballots (no down ballot choices)

Ballots with missing signatures, same signatures

Batches of ballots run through the counting machines 8 - 10 times

Signatures that don't match ignored

Destroyed Trump ballots found in dumpsters, rivers, everywhere but where they should have been.

Trump military ballots duplicated for Biden

What is most disappointing, is to see the breadth of people involved in perpetrating and covering up this massive election fraud. It includes poll workers, election commissioners, supervisors, security,

judges, police, state legislators/Senators, SoS, Governors, MSM, Big Tech and all those that troll/shill on behalf of Team Fraud.

Insurrection Act, martial law and military justice is coming. DoD will bring the justice that the state legislators and the judicial system could not. MAGA!

**DOJ and FBI must do nothing, to set the stage/reason for Military Intervention.**

If DOJ and FBI are investigating the crime, it will take a while. Both of them will not be able to make any resolution before Jan 20th.

Perhaps, they will put some low level poll workers to jail. However, the MSMs are going to sing the same song that it will not change the overall outcome. Democrats would just need to delay long enough (through court appeals and MSMs propaganda) so that Pelosi will become the interim President.

By DOJ and FBI doing nothing (despite the mountain of evidence), this sets the stage for the Military to step in under the reason of National Security. The Insurrection Act could also be invoked. DJT wants stability. If he wants an all out war, he could invoke Insurrection Act now and hang all the traitors. This is a stage that he wants the American people, the world, to see the corruption. If DOJ/FBI stepped in, the illusion of justice will cloud the people on the necessity of military intervention.

Well stated, this is exactly right and what is happening now. This is why the shills are out in such force. Their only chance is to force all out war. Although they would lose this war, it would cause mass casualties and would take the white hats off their plan. This is why we must hold the line, keep fighting the information war and keep morale high.

**If it turns out that our elections have been fixed for decades would that negate the cabal legislation passed that they used to control us? In essence "reset" the nation back to its founding? Additionally every supreme court decision should be reconsidered.**

Wiping everything since this seminal case would be a good start; 1906 - Hale v. Henkel: It has been quoted over 1600 times.

The court rules there is a distinction between "private" natural persons and "artificial" persons. "The right of the individuals, are restricted only to the extent that they have been voluntarily surrendered by the citizenship to the agencies of government."

An "Artificial Person", which is essentially what 100% of all legal documents reference includes the following:

Black's Law Dictionary 11th ed: An entity, such as a corporation, created by law and given certain legal rights and duties of a human being; a being, real or imaginary, who for the purpose of legal reasoning is treated more or less as a human being. \*\*An entity is a person for purposes of the Due Process and Equal Protection Clauses but is not a citizen for the purposes of the privileges and

Immunities Clauses in Article IV sec 2 and in the Fourteenth Amendment ---- Also termed conventional person; fictitious person; juristic person; juridical person; legal person; moral person. CF: LEGAL ENTITY

Not a word about a man or a woman...

A man and woman does not exist in the civil/admiralty jurisdiction of the Crown legal society. You must hire a BAR Attorney to RE -- PRESENT you as an "Artificial Person"...

If a family member old enough to make their own choices takes a vaccine against your advice and evidence of potential harm, and is badly injured as a result, are you still obligated to make sacrifices to care for them? At what point does negligence rest entirely on the negligent?

Saying that, I would like to put up a video of a tough soy boy (probably on meth) who was driven by his alfa woman. She stopped the car in front of American patriots and had her tough soy boy roll down his window and cuss out a small older man. The soy boy spit on the patriot. The patriot got angry. The soy boy got out of his car (obviously encouraged by his alpha woman driver) thinking he was going to beat up the older patriot.

That patriot got away and the soy boy, feeling invincible got in another patriot's face. Only thing, this patriot was younger and

strong. The soy boy pushed the patriot. Then the soy boy got the shit kicked out of himself, huge lump on his forehead, a bloody mouth and thrown like a rag doll on the the curb.

He slowly got up and staggered to the car. What happened then. Did the alpha women driver drive away? No! She drove 50 feet and pulled her car over the curb and on the sidewalk and got her bloody and beaten tough soy boy to call 911. The cops came. Well, just watch the video. It should be notable af.

**There is now HARD EVIDENCE of electronic manipulation of the Election. The validity of the ENTIRE Election in the 28 states that used Venezuelan Dominion software, they're fucked.**

<https://twitter.com/robbhurstCPA/status/1335557576587665408>

Ware County, Ga has broken the Dominion algorithm:

Using sequestered Dominion Equipment, Ware County ran an equal number of Trump votes and Biden votes through the Tabulator and the Tabulator reported a 26% lead for Biden.

37 Trump votes used in the equal sample run had been "Switched" from Trump to Biden. In actual algorithmic terms this means that a vote for Trump was counted as 87% of a vote and a vote for Biden was counted as 113% of a vote.

Those conducting the test were so shocked that they ran the same ballots again. The same results appeared.

ONE PIECE OF THE PUZZLE SOLVED. (It is worth noting that this was one County, and on one Tabulator alone.)

## Anonymous

Dominion Tabulators could have been configured with different algorithms in different Counties or States.) The point is there is now hard evidence of electronic manipulation of the Election.

The use of illegal and/or fabricated ballots is an additional issue altogether, but this is sufficient evidence to question the validity of the ENTIRE Election in the 28 states that used Dominion software.

### **Outline of "The Kraken"**

THE ENTIRE CABAL HAS BEEN CAUGHT!!!!!!!!!! AND TRUMP WILL BE RE ELECTED

The Kraken has been released. The Kraken is SOF (Special Op Forces) directed against domestic enemies who committed the election theft of 2020.

This Kraken is needed because the CIA was running a rogue ELECTION THEFT!!!! operation out of our US Consulate office in Frankfurt Germany starting Tuesday, November 3rd, 2020.

This is similar to the dozens of other election theft ops that the CIA has conducted in other countries around the world, very illegal then and now. Americans got a taste of what its like to be fraked by the CIA. Something many countries around the world already know.

The US Army command was ordered by DoD and Trump to go in to Frankfurt and seize the CIA's own servers as evidence of the theft. The US Army did NOT raid ScytI's Frankfurt operation, that story is a ruse.

The US Army seized American servers. We own them. We retrieved our own servers from a rogue CIA Election Theft Operation (similar to Hammer/Scorecard). Now President Trump has the servers.

Trump watched in real time the theft of the midterm 2018 elections particularly in Southern California. He knows that Nancy Pelosi (40 years in office), Diane Feinstein (60 years in office) and Adam Schiff (20 years in office) have never won a fair election in their entire political career. All fraud, all cheating.

Trump knows California is RED Trump territory.

This news will bring down the CIA, FBI, all of the major news organizations Washington Post, New York Times, Wall Street Journal, all of the television media, ABC, CBS, NBC, CNN, FOX, all of the tech titans Facebook, Twitter and especially Google. Foreign governments in Canada (PM Justin Trudeau), in United Kingdom (PM Boris Johnson), in France (President Emmanuel Macron), in Germany (Chancellor Angela Merkel) and even the entire European Parliament will collapse.

Trump has encrypted calls of John Brennan and Chris Wray committing sedition.

Trump has encrypted communications between Speaker of the House Nancy Pelosi and Senator Chuck Schumer committing sedition.

Trump has information proving that dozens of Congress people, Senators and Governors all around America have committed election fraud and sedition.

Trump has all the information and evidence needed to prove that CNN, FOX, Facebook, Twitter have all conspired to steal this election from the American people.

President Trump has all of this information.

How? Trump controls the NSA and the NSA has everything. Trump has everything because the NSA has everything.

**BOMBSHELL INDEED!**

Scytel is yet another company implicated in the Election Fraud of 2020.

Scytel = Psy Tel = Psychological Intel = CIA Front Company (Smart-matic is the software used in Dominion. Dominion Voting Systems is used for elections in Canada, U.K. France, Germany and European Union Parliament)

The word 'Dominion' from Dominion Voting Systems is defined as total control over, no freedom.

Dominion Voting Systems corporate slogan: "Changing the Way People Vote"

Yup, they sure are.

Also note: The corporate logo for Dominion Voting Systems, please go take a look at their logo. It is a red paper ballot going into a box and a blue paper ballot coming out of the box. They are telling you right in front of your face that they are cheating!

CISA recently stated that "There is no evidence that any voting system deleted or lost votes, changed votes, or was in any way compromised. The November 3rd election was the most secure in American history."

What CISA is not telling you is that Dominion Voting Systems and Smart-matic both serve on the board of CISA's Executive Committee of the Election Infrastructure Government Coordinating Council (GCC) and the Election Infrastructure Sector Coordinating Council (SCC). Both Dominion and Smart-matic are "organizing members" of the SCC.

Why are so many Dominion Voting Systems employees deleting their LinkedIn profiles? Over 100 employees have now deleted their profiles from that site. Further, why are so many of these employees based in Serbia?

Why is Dominion Voting Systems co-located with 'Tides' a George Soros organization both of which are headquartered in Toronto, Canada at the same building address of 215 Spadina Ave.?

Donald Trump tweets Nov.16, . 6.06 am

**HOLY ALLIANCE** was an agreement signed at Paris in September, 1815, after the fall of Napoleon. Czar Alexander I of Russia originated the Alliance, and the first two signers were Francis II, Emperor of Austria, and King Frederick William III of Prussia. The agreement was signed by all the rulers in Europe except the Pope, the King of Great Britain, and the Sultan of Turkey.

Supposedly, the purpose of the Alliance was to unite the monarchs of Europe in a holy brotherhood to advance Christian principles. The agreement said that, in accordance with the teachings of Christ, the principles of charity, justice, and peace should be the basis of each ruler's international relations.

The agreement was a declaration of high-sounding purposes, and had no practical effect. The Holy Alliance is often confused with the Quadruple Alliance which was organized in 1815 by Austria, Prussia, Russia, and Great Britain. The purpose of this Alliance was to preserve peace in Europe. But soon the Austrian, Russian, and Prussian rulers became more interested in making Europe safe for autocracy. After Great Britain withdrew from the Alliance, the autocratic rulers were able to suppress the democratic uprisings of 1820 throughout Europe.

**HOLY FAMILY** is the name given in art to pictures of the Virgin Mary, the baby Jesus, and the people with them. One of the earliest of the Holy Family is found in the catacombs or underground chapel of Saint Callixtus in Rome. In the 150's, the Brancaccio artists usually showed the Child on the lap of the Virgin in an attitude of blessing. Later, angels were added to the pictures as attendants. Other figures were added in the late Middle Ages. They included Saint Anna (the mother of the Virgin), Saint Joseph, the infant John the Baptist, Saint Elizabeth, and Saint Catherine. The Holy Family became a favorite subject with the Italian painters of the Renaissance, especially of Raphael and Titian. See also **MADONNA AND CHILD**.

Friends,

Why is Donald Trump fighting to stay in office so furiously after being crucified for four years straight and losing billions in revenue in his investments and companies? Do you think he loves being in office? Would you love to go through what he's gone through? Would you fight to continue to have your life destroyed and your name dragged through the mud here and around the world? Would you be working for free under the conditions he's been working under?

Why do you think he would even TRY to take down the deep state C\_A and other intelligence agencies working to destroy him, his family, you, your families and this country? Why didn't Trump just "play ball" like the other establishment presidents - all allowing China to absorb \$trillions of our fortunes while simultaneously allowing America to fall into destruction?

He's doing this because this was moment planned-for long ago. How do we know?

## Anonymous

1. He warned us in 2018 that China would be printing fake ballots to be delivered to a corrupt election system.
2. The movement of Trump loyalist DoD resources into high positions was FORETOLD in 2018.
3. He is moving people into positions as a newly elected president should - not like an out going president would.
4. The DoD is recalling troops en-masse right now.
5. His legal team has amassed a landslide of evidence and put it all together in what should've taken years - within three weeks.
6. The coordination of the release of Hunter Biden laptop evidence.
7. The re-assignment of conservative Justices to all swing states to adjudicate on voter fraud.
8. The PANIC ensuing at hearings of voter fraud.

9. The ODNI revelations about China and their "super soldiers".

10. The ODNI revelations about China bribing Congressmen to compose legislature to benefit them.

11. The State Department has a list of Governors "friendly" with China.

12. Trump's unwavering stance on blaming China for the virus - even when pressed by the media to change his tone.

13. The DoD is refusing to brief Biden's spy intelligence transition team (this is the biggest tell by far. They will NOT provide intelligence to an enemy combatant).

14. The executive orders he signed in 2017 and 2018 are DIRECTLY related to events happening right now.

Trump and his team (larger than we can see) are moving and counter moving. It's confusing because that is by design. It's frustrating because it takes a VERY long time to strategize to take down a global crime syndicate with infinite wealth with the smallest body count possible.

The firing won't start until we can see the whites of their eyes and that's going to be within weeks so get ready.
