## Introduction

The posts throughout this book pick up where Volume Ten left off. These posts are a compilation of anonymous and non-anonymous drops by civilians, archived from *VOAT* (an anonymous internet chat forum) within the sub-verse of QRV. QRV (<https://voat.co/v/QRV>) is the only Q endorsed sub-verse via Q posts: 2269 and 2272 that were posted on *qmap.pub* and *qanon.pub* on September 21, 2018. At the beginning of Volume Eleven, QRV had roughly 21,441 subscribers. This text is in nature an ethnographic examination, as it's an analysis of content from specified places, along with personal commentary during a specified time.

In Volume Eleven, the posts begin on December 7, 2020 and carry on through December 26, 2020. Depending on the day, Q was also making posts throughout this time on *8kun.top*. Then, those Q posts always make their way to *qanon.pub* and *operationq.pub*. The

## Anonymous

Q posts during this time are embedded among the anonymous comments from QRV on the corresponding day.

Q has encouraged everyone to archive offline (i.e., Q posts: 672, 993, 1186). These books are just some examples of such an archive. These predominantly anonymous citizen posts are unedited, stemming from thousands of Americans and those in foreign countries across the world who subscribe to QRV on *VOAT*. These posts are only organized by the day of the week and the month in which they were posted. Some posts are news reports, while many posts are personal accounts and observations, social-media threads/tweets, videos, memes and Anon investigations of various political topics.

On over 17 occasions, Q has stated; “You are the news now.” Therefore, the mainstream media is 100% irrelevant. The real investigations and facts are coming from anonymous citizens. General Michael Flynn himself stated; “We have an army of digital soldiers... We have what we call; citizen journalists.”

While some may not be familiar with Q, or Q posts, we encourage you to look up “*Storm is Upon Us*” by Joe M on YouTube, and watch the videos in chronological order to give yourself a starting

point. We also recommend watching the documentary's titled, *Out of Shadows*; *Plandemic: The Movie*, featuring Judy Mikovits, Ph.D.; and *UK's Hidden Shadows, Trump Card* by Dinesh D'Souza, another one titled *The Plot Against the President*, and finally, *2020 Election Investigative Documentary: Who's Stealing America?* which was produced by *The Epoch Times*.

We also recommend a small book by James Perloff titled; *COVID-19 Red-Pilled and the agenda to come*. Then, and more importantly, visit *qanon.pub* or *operationq.pub* and read the Q posts in chronological order, which begin on October 28, 2017.

This is a historical archive for the purposes of personal use, personal education and entertainment. These are anonymous commentaries, reflections and experiences of Americans, and citizens across the world, during the Winter of 2020. Some of these anonymous posts within may be pure speculation.

This is Volume Eleven.

Ordinary people who spent countless hours researching,

Although they were mocked, dismissed and cast off, they

**'THIS IS BIGGER THAN ME': Georgia's Ruby Freeman Lawyers Up, Cancels Interview.**

[Ruby Freeman, exposed as one of the key individuals involved with the late night suitcase vote counting in Georgia, cancelled an interview she scheduled with journalist Carolyn Ryan, and told her that she needed to secure legal counsel.

**CUCUMBERS contain QUERCETIN. Quercetin is an ionophore (like HCQ)**

For anyone wondering about President Trump's "random" reference at the last rally to cucumbers - a lot of people here already know about quercetin, but for those who haven't heard yet:

An ionophore is “a substance which is able to transport particular ions, like zinc, across a lipid membrane in a cell”. So in a very small nutshell, now you have zinc in the cell, which renders the cell immune to virus.

A lot of doctors still won't prescribe HCQ, but via quercetin you can basically load up your cells over time with zinc - with the same effect HCQ would have: immunity. Or at the very least you'd recover more quickly from ANY virus.

When I learned about this we began to take either a multi with zinc and copper or zinc every day with quercetin and D3. We've been exposed several times to people close to us who had the Rona. We didn't get sick nor did the people we had convinced to start taking quercetin, zinc, D3.

One example of how this protective benefit can look - The last time I was exposed to the Rona I got a bit of wheeziness and a stuffy nose the same night the other person who was exposed got these same things. She went on to lose her sense of taste and get really sick. I was better the next day, and that was the end of it.

I'm taking the Quercetin and Bromelain with zinc and D3 as well. Kids have gotten normal fall colds, etc., which I usually always get from them. Been coughed on, slobbered on, etc., and nothing yet. Also, add NAC - I won't go into the explanation when docs on youtube do a much better job. But it helps vs flu's and Wuhan. Add in 1000 vit c and I've never been healthier.

Quercetin is available cheap. I take 1000 mg with zinc (and C and D) any time I am exposed to anything for a few days. Available from Amazon.

### **Harsh Reality.**

I have become very despondent, traumatized, parallelized. We The People are watching, in real time, our country, our way of life, our traditional institutions crumble in the face of Globalist ideology - Marxist ideology - Satanism. There is a coordination unlike any other we have seen, removing our rights and crushing our President. An Evil that I've never felt before lurks; waiting for its prey.

The FBI is gone

The CIA was built to be used against us

The Courts are corrupt, and there is no truth

The DOJ has been silenced.

Big Tech is in bed with Democrats and Globalist to steal our voice and our freedom.

The MSM that we trusted is now 100% Corrupted

The once faithful churches have abandon God's Word

Our government is weaponized against us, to destroy us

So, IMO, I only see one way out.

It is time to prepare ourselves for the fight of our lives

My eyes are open, it is real

Pray like you have never prayed before, it is Winter and (((they))) are coming; millions may die.

**Ursula back in prison.**

Germany: Political Dissident Ursula Haverbeck 92, Sent Back to Prison; May Become Oldest Female Inmate In the World.

Just weeks after finishing a two and a half year prison sentence for “Holocaust denial,” 92-year-old Ursula Haverbeck has been convicted again by German courts, this time for an interview she gave in 2018 that affirmed her view that Jews were not systematically killed during World War II and that the gas chambers at Auschwitz are a politically motivated lie.

If the federal court’s sentence of one year in Haverbeck’s newest case holds up, Germany will have the dubious distinction of imprisoning the oldest female inmate in the world, a title previously held by American Lucille Keppen, who was incarcerated for shooting her neighbor and was released at age 93.

The German government has been dragging Haverbeck to court for decades for disputing Jewish claims of gas chambers and systematic murder. Haverbeck has famously protested the kangaroo courts that humiliate and defame elderly war veterans using bogus testimony from “survivors.”

Numerous high-ranking Third Reich officials, soldiers and concentration camp workers have disputed the Holocaust narrative since 1945, including Wehrmacht officer Otto Ernst Remer, Auschwitz employee Thies Christophersen, Erich Priebke, Leon Degrelle, and SS soldier Karl Muentner, the latter who died before his “Holocaust denial” trial began at the age of 96.

Haverbeck’s late husband, Werner Georg Haverbeck, was an influential NSDAP member who himself objected to the blood libel against the German people known as die Auschwitz luge (the Auschwitz lie).

The BRD’s legal system has been ruthless with Haverbeck. The nonagenarian, who is a prisoner of conscience, was denied release after serving 2/3 of her prison sentence as is customary in Germany. While the state freed 1,000 offenders early due to COVID last March, Haverbeck was only let out in mid-November.

There is no sign of shame or human rights concerns in the country, with the judge in the latest case stressing that Haverbeck will continue to be punished until she learns to keep her mouth shut. One can only imagine the outcry from liberal NGOs if Iran, China or

Russia imprisoned an elderly woman just for questioning the government's line.

Haverbeck's powerful spirit has become an inspiration for patriots in Germany and around the world. In 2019, she ran as a European parliamentary candidate from behind bars and received 25,000 votes, which was highly upsetting to the European media establishment. Every year on her birthday, hundreds of Germans rallied outside her detention center demanding her release.

Intellectuals and activists across Europe, the Americas and Japan have expressed dismay over her mistreatment and the lack of freedom in the land that claims to be a "democracy." At JVA Bielefeld, where Haverbeck was housed, prison officials struggled to process the avalanche of letters and flowers their famous prisoner received throughout her sentence.

For Germany's oldest prisoner, it's clear that she will not cower before the wrath of the Jewish groups directing careerist bureaucrats. It's in the German state's reputational interest to stop tormenting Haverbeck, yet the West's religious fear of debate over what occurred during the Second World War continues to take precedent over all other concerns.

### **Sidney Powell: "We're Going to Proceed with an Emergency Appeal - We Expect to Get Relief from Supreme Court" (Video)**

[Attorney Sidney Powell went on with Greg Kelly Monday night on Newsmax TV.

This was after US District Court Judge Timothy Batten threw out her voter fraud case in Georgia earlier in the day.

Sidney Powell told Kelly she will proceed immediately with an emergency appeal and expects to get relief from the Supreme Court. A federal judge listened to oral arguments Monday, but he had already prejudged the case in granting leftist "interveners" motions of dismiss, including the Democrat National Committee, according to former federal prosecutor Sidney Powell on Newsmax TV.

## Anonymous

“The court wouldn’t pay attention of it,” Powell told Monday’s “Greg Kelly Reports” of her lawsuit calling for the decertification of Georgia’s election results amid evidence of election and voter fraud. “It’s obvious the judge had made up his mind before he hit the bench, and he read from prepared notes when he granted the motion to dismiss...”

...U.S. District Court Judge Timothy Batten ruled the case had no standing to sue, the case belonged in state court, was filed too late, and the relief sought was “extraordinary.”

We've heard a lot about how import the sc is in all this. But will this really kick things up a few gears?

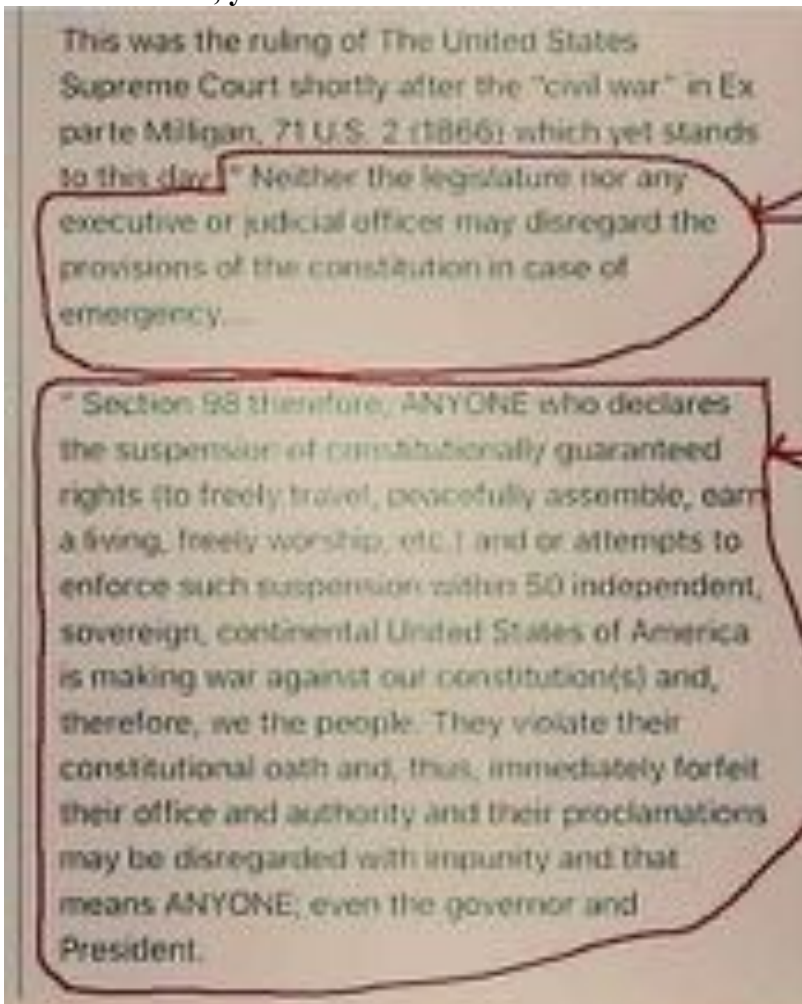

If they are expected to use their brains and be proactive in defending the nation from treason and foreign attacks they should really recommend military action to remedy the situation. Not just find that the election was rigged by hostile nations and traitors.

The real question is at what point do these calls for action start coming from the people that can do something?

I think that should come on the first hearing by the sc when it's this dangerous!

## Trump Legal Team Statement on "Safe Harbor Deadline"

"The 'Safe Harbor Deadline' is a statutory timeline that generally denotes the last day for states to certify election results. However, it is not unprecedented for election contests to last well beyond December 8.

"Justice Ginsburg recognized in *Bush v. Gore* that the date of 'ultimate significance' is January 6, when Congress counts and certifies the votes of the Electoral College. The only fixed day in the U.S. Constitution is the inauguration of the President on January 20 at noon.

"Despite the media trying desperately to proclaim that the fight is over, we will continue to champion election integrity until legal vote is counted fairly and accurately."

# Head of Pfizer Research: Covid Vaccine is Female Sterilization

Health & Nursing News / December 2, 2020 / News

The vaccine contains a **spike protein (see image) called syncytin-1**, vital for the formation of human placenta in women. If the vaccine works so that we form an immune response **AGAINST** the spike protein, we are also **training the female body to attack syncytin-1**, which could lead to infertility in women of an unspecified duration.

- The vaccinations are expected to produce antibodies against spike proteins of SARS-CoV-2. However, spike proteins also contain **syncytin-homologous proteins**, which are essential for the formation of the placenta in mammals such as humans. It must be absolutely ruled out that a vaccine against SARS-CoV-2 could trigger an immune reaction against syncytin-1, as otherwise **infertility of indefinite duration could result in vaccinated women**.
- The mRNA vaccines from BioNTech/Pfizer contain **polyethylene glycol (PEG)**. 70% of people develop antibodies against this substance - this means that many people can develop allergic, potentially fatal reactions to the vaccination.
- The much too short duration of the study does **not allow a realistic estimation of the late effects**.

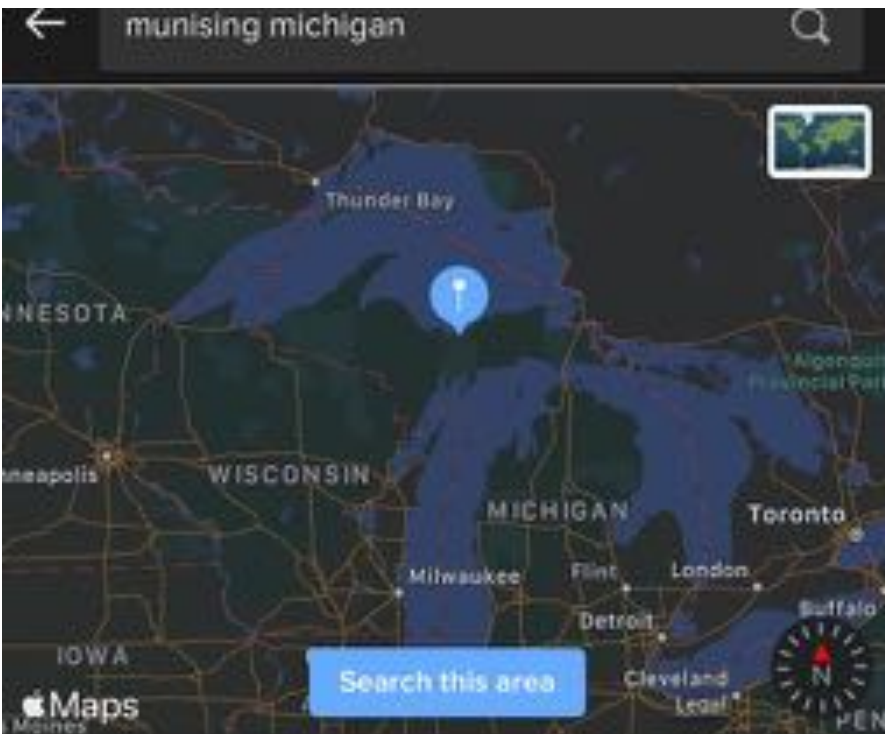

Nevertheless, BioNTech/Pfizer apparently submitted an application for emergency approval on December 1, 2020.

“Millions of Louisiana citizens, and tens of millions of our fellow citizens in the country, have deep concerns regarding the conduct of the 2020 federal elections. 395 individuals who voted in two states

15,700 votes from people who moved out of state before the election

Prediction - Trump will let the process play out to SCOTUS, expecting that his election victory will be confirmed.

That way, Trump wins with the least possible damage to the Republic.

The next issue will be dealing with the enemy's will to resist. In reality, Obama, Biden & Co are on the ropes and struggling. However.

[twitter.com/anonpatriotforq](https://twitter.com/anonpatriotforq)

2 ) However as is always the case, a small rump of fanatics will fight. Expect a final, intense period of violence on the streets by ANTIFA etc.

Strangely enough, I am not concerned about them. They will be dealt with in short order, this time. As for you - stay inside and safe while the Feds deal with them.

Then there's FakeNews. Yes they will go nuts. But again, their influence is overstated.

Have they managed to legitimize the fraud? Did they have any success influencing the vote? No.

3 ) Without FakeNews & street thugs, where do the crooks turn to? The courts?

Nope. Remember, if SCOTUS rules in Trump's favor, the Democratic Crime Syndicate lose their pathway through their corrupted lower court judges.

That's how important SCOTUS is.

4 ) Now, there is always a possibility that SCOTUS chooses not to defend the Constitution.

Trump will then have the option of conceding or declaring martial law, IMO.

He won't concede, that's for sure.

And he won't declare martial law unless forced to.

I doubt he will need to.

So let's assume that SCOTUS delivers a killer blow in coming days.

The winds will then be at Trump's back.

There is very little the criminals can do, at that point.

## The Storm: Volume Eleven

5 ) In the last, their main reservoir of power was their ability to LIE and INTIMIDATE the population into submission.

That is now GONE.

Their main problem is that the majority of the population is AWAKE.

I think they already are.

After all, they voted for POTUS Trump.

And they will support him, in whatever is coming.

Including the inevitable slew of indictments, sanctions & liberal tears coming out of this debacle.

On that point, keep in mind one thing.

6 ) Don't expect mass trials and bloodlust revenge.

Ain't gonna happen.

Trump will do what is needed, but with the MINIMUM damage to the Republic.

But have no fear.

He WILL have his revenge.

And it will be biblical.

Stay safe patriots. The coming days will define the Republic for centuries.

Victory is near.

And think - you were there when it happened.

## Are We Playing Right Into Their Plan?

submitted by **Garnet Geer**

Recall that Hillary did her college thesis on his writings and Obama writes about him in his books.

Saul Alinsky died about 43 years ago, but his writings influenced those in political control of our nation today.

Died: June 12, 1972, Carmel-by-the-Sea, CA

Education: University of Chicago

Spouse: Irene Alinsky  
Books: Rules for Radicals, Reville for Radicals

Anyone out there think that this stuff isn't happening today in the U.S.?

All eight rules are currently in play.

How to create a social state by Saul Alinsky:

There are eight levels of control that must be obtained before you are able to create a social state. The first is the most

important.

1) Healthcare - Control healthcare and you control the people.

2) Poverty - Increase the Poverty level as high as possible; poor people are easier to control and will not fight back if you are providing everything for them to live.

3) Debt - Increase the debt to an unsustainable level. That way you are able to increase taxes, and this will produce more poverty.

4) Gun Control- Remove the ability to defend themselves from the government. That way you are able to create a police state.

5) Welfare - Take control of every aspect of their lives (Food, Housing, and Income).

6) Education - Take control of what people read and listen to - take control of what children

learn in school.

7) Religion - Remove the belief in the God from the government and schools.

8) Class Warfare - Divide the people into the wealthy and the poor. This will cause more discontent, and it will be easier to take (tax) the wealthy with the support of the poor.

Does any of this sound like what is happening to the United States?

Alinsky merely simplified Vladimir Lenin's original scheme for world conquest by communism, under Russian rule. Stalin described his converts as "Useful Idiots."

The Useful Idiots have destroyed every nation in which they have seized power and control. It is presently happening at an alarming rate in the U.S.

"It is difficult to free fools from the chains they revere."

9. Expert analysis using a commonly accepted statistical test further raises serious questions as to the integrity of this election.

10. The probability of former Vice President Biden winning the popular vote in the four Defendant States—Georgia, Michigan, Pennsylvania, and Wisconsin—independently given President Trump's early lead in those States as of 3 a.m. on November 4, 2020, is less than one in a quadrillion, or 1 in 1,000,000,000,000,000. For former Vice President Biden to win these four States collectively, the odds of that event happening decrease to less than one in a quadrillion to the fourth power (i.e., 1 in 1,000,000,000,000,000,000,000,000,000). That's fascinating. They admit that the election certification passed the safe-harbor deadline, yet they will systematically prevent any content discussing any possible irregularities in the integrity of the election. You can't have it both ways.

Something has gone wrong. If we cannot certify the election, then something did not go right. The fact that contention exists and is not readily resolved suggests there is irregularity. So how can you admit, on the one hand, the election didn't go right, but on the other you say you won't tolerate any discussion that acknowledges the election didn't go right?

"The election hasn't gone right, but we won't allow any talk that suggests our elections could possibly go wrong. That is, unless you want to question the integrity of 2016's election, as it is now

established fact by authoritative sources that Russia rigged the whole thing. We will not tolerate any questioning of election integrity after 2016. We believe that, following the year 2016, all US elections are infallible, and you are an enemy of the state to even hint that the process is corruptible."  
Good God.

Yesterday was the safe harbor deadline for the U.S. Presidential election and enough states have certified their election results to determine a President-elect. Given that, we will start removing any piece of content uploaded today (or anytime after) that misleads people by alleging that widespread fraud or errors changed the outcome of the 2020 U.S. Presidential election, in line with our approach towards historical U.S. Presidential elections. For example, we will remove videos claiming that a Presidential candidate won the election due to widespread software glitches or counting errors. We will begin enforcing this policy today, and will ramp up in the weeks to come. **17 STATES SIGN ONTO TEXAS SUIT WITH A LOT MORE TO FOLLOW. ( What it really means)**

Lines are being drawn. The resources of these states (more to follow) will be in full support of the Q plan.

Note this isn't going to be a civil war, but more like a surgical removal of treasonous politicians/and other. Antifa and BLM will be paralyzed.

The Storm: Volume Eleven

If I was going to guess, this will to happen between now and the 11th of the month. It's going to be short, brutal, and shocking.

**Governments - NO talk of Vit D, Zinc, Sunshine, diet, being healthy, etc. Just lockdowns and masks.**

It amazes me how many of the normies don't see what is right in front of their faces. They get lost talking about the so called science of masks and not hurting others. Talking about the ways our Governments are not helping us is a conspiracy theory to many of them.

To find out a criminals true intention, you don't only look at what they do or what they are talking about, but look at what they don't talk about and avoid.

They are not talking about strengthening our immune systems. **THIS IS #1!** And they attack the cheap medicines (e.g. HCQ) that actually help.

They are essentially weakening our immune systems with lockdowns, lack of social interaction, fear mongering news, etc.

They are not saying to make sure to change your mask often, or wash it, but just to wear it.

Some things to help you, outside of the before mentioned (and please add to this).

Quercitine - Is an Ionophere, basically it brings things past the cell membrane and into the cell. (In this case, bringing zinc in.) 2 X 500 mg day is a good maintenance dosage. When you get symptoms you can cycle it up to 6 or 8 imo. I'm not a doctor though. My personal experience.

Bromelaine - I'm new with this one, but I hear it mentioned again and again with CV19

NAC - N-Acetyl L-Cystein - Also don't know the details on this one, but mentioned again and again. Anons jump in please.

Joe M

@JoeM1964

I've watched the **#HiddenEnemy** and their media apparatus do everything they can to extend the shutdown, defraud the election with insecure voting methods, suppress the "miracle" cure **#Hydroxychloroquine**, and every other trick in the book to forcibly re-occupy the seat of power after it was unexpectedly snatched from their grip in 2016.

Tyrannical governors showed their true colors by helping to overstep quarantine measures, while enemy mayors encouraged us to rat on our fellow citizens and call in the Gestapo to arrest anyone without a mask.

America continues to languish in the final years of a global shadow war against an entrenched enemy who had infiltrated every level of government, corporate and legal structure, and who was quietly encircling us as we slept in preparation for no less than a holocaust-style seizure of all we hold dear.

Those of us who have woken up to this many century-old surprise attack on our freedoms now stand guard over the truth, helping to alert our deceived friends to what is being called **#TheStorm**, an unprecedented global anti-corruption purge of biblical proportions that is set to change the course of history forever.

Humanity's last hope now rests in the form of a benevolent shadow force of patriots who knew our world was being smothered by inconceivably evil criminals, and who had the guts to do something about it.

The truth exists on many levels. On the ground floor, we have the reality of what the Democrat Party really is - nothing but an organized crime syndicate in the employ of the Chinese Communist Party, along with every drug and human trafficking cartel, Big Pharma (crooked) special interests, the black market in baby organs, and any other evil that could use a seat in congress to enable their industrialized parasitic raping of the planet.

Next level up is the greatest goof of all time, the carefully constructed and deliberately premeditated "liberal" agenda, with origins in Lenin and Marx' Communist Manifesto, sold to the public as an alternative moral code with the appearance of virtue, but laced with self-destructive cultural distortions designed to lead well-meaning citizens into a life of familial collapse, aimless pursuits, and ultimately a truncation of liberty in the lines of dystopian one-world-government rule.

Infiltration is by far worse than any invasion our shores could have sustained. A hidden enemy with multi-generational patience and a sophisticated roadmap for the elimination of freedom, not to mention one engineered to be willingly INVITED in by the very people they intended to enslave, is undoubtedly the most formidable enemy humanity will ever face.

Indeed, you could be forgiven for identifying this criminal secret society as the several millennia-long culmination of a world-ending plan by Satan himself - all carried out on earth by the Ivy League tailored suits who directly serve him. \_\_\_\_\_

**Unsolicited (non-serious) AEs**

A higher frequency of unsolicited, non-serious adverse events was reported in the vaccine group compared to placebo group and was primarily attributed to local reactions and systemic adverse events in subjects not in the reactogenicity subset and are consistent with solicited reactions/events reported by reactogenicity subset participants during the first 7 days following vaccination. [Table 19](#) below presents unsolicited adverse events reported by at least 1% of participants in any treatment group for the phase 2/3 safety population.

Reports of lymphadenopathy were imbalanced with notably more cases in the vaccine group (64) vs. the placebo group (6), which is plausibly related to vaccination. Bell's palsy was reported by four vaccine participants and none in the placebo group. These cases occurred at 3, 9, 37, and 48 days after vaccination. One case (onset at 3 days postvaccination) was reported as resolved with sequelae within three days after onset, and the other three were reported as continuing or resolving as of the November 14, 2020 data cut-off with ongoing durations of 10, 15, and 21 days, respectively. The observed frequency of reported Bell's palsy in the vaccine group is consistent with the expected background rate in the general population, and there is no clear basis upon which to conclude a causal relationship at this time, but FDA will recommend surveillance for cases of Bell's palsy with deployment of the vaccine into larger populations. There were no other notable patterns or numerical imbalances between treatment groups for specific categories (system organ class or preferred term) of non-serious adverse events, including other neurologic, neuro-inflammatory, and thrombotic events, that would suggest a causal relationship to BNT162b2 vaccine.

**Why Are No Politicians, Actors, Actresses, Athletes, Bankers and Famous People Dying of Covid?**

We keep hearing about how dangerous CV19 and how so many more people are being infected each day. Yesterday MSM told us hospital's are at capacity with dying patients. Where are the percentage of dead politicians, actors, athlete's and famous people? A hand full of famous people have died from covid. Are famous rich people immune to dying from CV19?

The NFL cancelled important games that would have had the biggest audiences. Yet ZERO NFL deaths of covid in 2020? WTF?

Actually they don't talk about how dangerous it is. Overall deaths are less than last year. The flu has disappeared. This was 90% propaganda with elite politicians committing premeditated murder using the real part to pull the sting. Just enough truth to provide fodder for the coup.

**Pfizer's false claim on Bell's Palsy side-effect: True Risk Ratio is between 5 to 11, not 1.0 as implied.**

Pfizer statement, implying a risk ratio close to  $RR=1.0$  :

“The observed frequency of reported Bell’s palsy in the vaccine group is consistent with the expected background rate in the general population”. (p.38)

<https://www.fda.gov/media/144245/download>

TRUTH :

Annual incidence of Bell’s Palsy (BP) is typically referenced as 15-30 cases per 100,000 population.

Vaccine trial results :

4 cases of BP occurred at 3, 9, 37 and 48 days after vaccination respectively. Mean 25 days.

Vaccinated group:  $n=18801$ , Placebo:  $n=18785$

Expected cases (X) and Risk Ratio (RR) at time of the 4 observed cases :

	X	RR
Expected cases in 3 days:	$30/100000*18801/365*3 = 0.05$	$1/0.05 = 20$
Expected cases in 9 days:	$30/100000*18801/365*9 = 0.14$	$2/0.14 = 14$
Expected cases in 37 days:	$30/100000*18801/365*37 = 0.57$	$3/0.57 = 5.2$
Expected cases in 48 days:	$30/100000*18801/365*48 = 0.74$	$4/0.74 = 5.4$

CONCLUSION:

Trial results indicate a risk ratio for Bell’s Palsy of  $RR=5.4$ . This is conservatively calculated based on a background rate of 30/100k.

The lower estimate (15/100k) doubles the risk ratio to  $RR=11$ .

Notable quotations from Pfizer briefing:

“At the data cutoff date for the EUA, reactogenicity events were not collected from adolescents 16 to 17 years of age”

“Reactogenicity data from a total of 100 adolescents 12 through 15 years of age enrolled in C4591001 phase 2/3 were provided in the EUA submission. However, the Sponsor did not request inclusion of this age group in the EUA because the available data, including number of participants and follow-up duration, were insufficient to support favorable a benefit-risk determination at this time.”

well that's not good. so it affected young people more? but the virus is no real risk for them...

## Scientists show COVID tests are 'useless', are based on 'flawed science'

The 'worldwide misdiagnosis of infections' stemming from the tests has resulted in 'stringent lockdowns which have destroyed many people's lives and livelihoods,' the scientists argue.

COVID-19 test

FOLLOW

December 10, 2020 (LifeSiteNews) — The original scientific paper establishing RT-PCR tests as the way to identify COVID-19 in individuals, thus fueling the lockdowns across the globe, has been thoroughly debunked by scientists, who call the tests "useless" and "completely unsuitable" to find COVID-19, given they were developed without even having access to the virus itself.

The recently published report examined the original Corman-Drosten paper, in which Real Time Polymerase Chain Reaction (RT-PCR/PCR) tests were proposed as a validated means to detect COVID-19. The protocol proposed is used in around 70% of tests globally and by over one hundred governments. These tests promptly became the motivating factor behind the international phenomenon of nation-wide lockdowns, as cases of the virus were reported to rise.

But a group of 22 independent scientists, termed the International Consortium of Scientists in Life Sciences (ICSLS), have studied and reviewed the Corman-Drosten (CD) paper, finding "numerous technical and scientific errors," noting that neither the "test nor the manuscript itself fulfills the requirements for an acceptable scientific publication." They dubbed the CD paper as "flawed science" and called its authors "intellectually dishonest."

IMF and World Bank offer bribe to Belarus President to impose lockdowns

The evil cabal tried to release the CV-19 directly into the USA but somehow it got released in Wuhan prematurely and that gave Trump a little extra time to react and shut down travel, lockdown the people and fight it off. CV-19 was meant to wipe us out. Now, the DS is trying desperately to manufacture a second wave of CV-19 fear/lockdowns to destroy small business and the people so they can introduce the Great Reset and the NWO. It is very obvious that those that support lockdowns, masks and mandatory vaccinations are part of the globalist cabal. We must continue to support Trump. He is the only one standing between us and life in an internment camp. We must stop these evil bastards RIGHT NOW. This is the hill to die on. Be ready.

So one of my co-workers tells me yesterday that she knows a very healthy young man who was diagnosed with covid who is now in the hospital in a coma on a vent. My heart fell into my chest. This pisses me off to no ends. I straight up told her, that hospital is going to kill him. I told her they did the same thing in other states. They medically induce coma's in order to put them on vents because they get something around 35K for each vent they are using for covid and then the person dies from it. They are doing it all over again guys.... i'm so tired of this shit.

They kill unborn babies. Nuff said

Virginia needs a full forensic audit of the election. The Democrats have turned Virginia into Cook County. The Republican Party of Virginia is as deep state as they come.

Yeah but I don't think there are enough people here to push it that actually care. I have e-mailed my senator, governor, and the AG about the election and about getting into the court case with Texas. All I get back is either air or them telling me how Trump is trying to undermine the election process. Its no use here. Me and husband are trying hard to get the fuck out of this state.

**REPORT: Gavin Newsom's Team 'Increasingly Concerned' as Recall Efforts Gain Traction. -Sign Recall Petition Now!!**

A recall is currently under way to boot hypocrite California Governor Gavin Newsom (D).

Newsom's Chief of Staff Ann O'Leary said: "As Newsom begins his third full year in office, the governor's team is increasingly concerned with a long-shot conservative recall that could mushroom into a major threat in 2021 if it attracts significant financial support."

Recall organizers have until March 17th to collect 1,495,709 signatures and they already have more than 800,000.

California Gov. Gavin Newsom has already survived five long-shot recall attempts in his two years in office, but those close to him are reportedly worried that the current recall effort amidst frustration over his handling of the coronavirus pandemic could prove successful.

The report also states, "Sources close to Newsom said the governor's office has been disorganized over the past month and has not responded effectively to damaging headlines" including his French Laundry trip, controversial new stay-at-home order and delay in naming Vice President-elect Kamala Harris' replacement in the United States Senate. In addition, most of the state's public schools remain closed while they are open in other deep blue states such as New York and Massachusetts, and small business owners were particularly irate over the lack of evidence presented to support certain business closures.

## Anonymous

Californians are fed up with Newsom's authoritarian Covid lockdown orders that have destroyed thousands of small businesses. Newsom came under fire after he ordered businesses to close while keeping his own winery, Plumpjack Winery open.

Governor Newsom was also caught dining at The French Laundry in Napa Valley at \$800 per person while telling Californians they couldn't gather for Thanksgiving.

After getting caught having dinner at The French Laundry, Newsom came out with new regional stay-at-home orders and imposed a 10PM to 5AM curfew.

**LANDMARK SUPREME COURT DECISION !!!  
(UNANIMOUS)**

The United States Supreme Court rarely ever has a unanimous decision, especially this court. They did it here, though. The People have a RIGHT TO SUE government officials when those officials violate their rights. Police and other government employees have been protected by corrupt judges for years (decades) from personal accountability when they violate someone's rights. Today, the court upheld the right the People have to "redress their grievances," which is a right protected by the First Amendment. This means that SCOTUS is capable of doing the right thing, constitutionally.

11th Amendment

The Judicial power of the United States shall not be construed to extend to any suit in law or equity, commenced or prosecuted against one of the United States by Citizens of another State, or by Citizens or Subjects of any Foreign State.

The "Judicial power" is the SCOTUS. That is established by Article III of the Constitution. We see from the 11th Amendment that the SCOTUS lacks power to rule where citizens of one State are suing another State.

However, Lin Wood's INDIVIDUAL suit against the executives of Georgia WAS docketed by the SCOTUS:

**Do people not realize that the SC decision on Texas is designed to set precedent?**

In the case where swing states flip, CA flips, electors vote contradictory to "certified results", or other "extraordinary events" take place and Trump is given the win, Blue states would immediately sue the "offending" Red states. But now the SC has demonstrated that it's not interested in states suing other states on the basis of their elections.

Any would-be lawsuits brought by Blue states on that basis are now moot before they begin. The news media, having widely reported and applauded the Texas decision, would be forced to reverse their own script if the SC denied a Blue state complaint. Optics.

Wtf is wrong with you retards?

Holy shit, you truly are retards. "But the media and dems are ALWAYS contradicting themselves!!! It makes no difference!!!" The purpose of counter-propaganda is NOT to prevent the media from contradicting themselves. It's to force them to choose between a contradictory lie and the truth. The brainwashed viewer is benefited by either one. If the enemy habitually lies, you bait them into behavior that will contradict their next lie. In this way, they are made reactionary and appear schizophrenic.

This creates a GRADUAL and unstoppable erosion of credibility (no longer taken seriously).

This creates a GRADUAL and unstoppable mass deprogramming (no longer passively accepting).

Twitter won't let me post long threads anymore so I will post pictures of this letter.

Over the last few weeks I have had people that I know, to varying degrees for years, contact me because they are scared. These are people in the FBI, the DOJ, and the intelligence community. Including others I won't mention at this time.

I have asked these people to verify or corroborate evidence/information in the past and what they provided turned out to be accurate. Other times I've asked some of them and they didn't want to act for fear of losing their job. Sometimes they didn't act because they just didn't want to be inconvenienced. But this time they came to me. They are scared. It has gone beyond their job security.

I will omit certain names and agencies, I will provide these to the proper Representatives when the time comes. I'm hoping to retain counsel myself as much of the information delivered could, possibly, maybe, be considered privileged or classified. And obtained "creatively".

referring to the election, as they know that President Trump won, they believe they have won a victory because they have split half of the country hating/distrusting the United States. They believe they have reached our country in half and no matter what any Court, including SCOTUS, decides, half of the country will not believe it.

and they have severely damaged the reputation and image of the United States and the international community.

They have wanted to destroy our country, divide and conquer, for decades. They feel they have succeeded at this point.

If anyone is fighting their neighbors, killing the children, trash the Wu, that is exactly what they wanted. That is when they will succeed even more.

The DC is not impressed, worried, or threatened by the United States military. They feel they have their own military backing them up at this time. China. They also have a "rogue state", Iraq, to blame for any specific actions that take place. A long-stated idea.

They want, and will continue to push, until president Trump declares martial law. They already have our articles and state constitutions written for when this occurs and they attempt assassination. That is how confident they are.

I would like to address some of the more reliable sources of their plans and what was revealed to me.

\*\*\*\*\*

According to those in the FBI and the intelligence community the DC has four of the five conservative justices under illegal surveillance.

There have been direct threats/plans against Justice Thomas' health and well-being. It was discussed as, "he wants to sit on the court, so he IV".

They intend to call for the removal of Justice Barrett. (When in a moment)

There is an active plan in place to infect the members of SCOTUS should things not go their way.

They know that eventually many of the election issues will end up in court. We do not have a five to four majority. Too many are compromised, manipulated, or controlled. Being attacked or threatened by the DC.

The DC intends to declare there is voter fraud on behalf of President Trump. They will admit to minor local fraud but nothing that affected them significantly. The DC will never STRONGLY come from any persons or

## The Storm: Volume Eleven

groups that may have commercial ties to their behalf. The W will "mobilize" some of their own people to discuss and protest their all important connections to China.

They classified these information and evidence, manufactured, manipulated, and misinterpreted, but what they will evidence their:

President Trump received and manipulated the election results prior to, during, and after the election using military intelligence known in part only as "W" at this time. That this "W" group continues to assist the President by affecting digital systems to "prove" fraud on Biden's behalf. Their "tech giant friends" will continue this. This "W" group continues to help Republican supporters of President Trump and in fact helped many of them win or retain their seats. (They claimed)

General Flynn played his part using a virtual network of "yellow-orange" networks" to manipulate and artificially influence election results against military opponents by clear violation of election law, election laws/terms. These "digital networks" are also responsible for large amount of fraud on behalf of President Trump and his/her officials. "They were active and in the streets" against New York's affecting votes and manipulating voters.

President Trump reached Justice Barrett into the position, at the death of RB, and grouped her accordingly well because she is part of the plot. They intend to request her removal because of this, also they alleged that she would be a selfless justice to lead the court.

If they can successfully remove Justice Barrett they intend to hog democracy single issue before the court. They intend to show to not so long as possible challenging each tiny little piece of any arguments. The longer they can drag it out the more fractured the country becomes, and the more likelihood this language to control the country while this occurs. They feel they justify their argument of pushing the court as well. "The judge had to be removed as his motivation can be seen for months and months we now have a large Supreme Court."

They are directly attacking president Trump, General Flynn, as well as "W" and the entire digital network.

They have "evidence" again manipulated, manufactured, to "prove" this. It will be "evidence."

They are going to claim that the post reports like a hangar, Twitter, Facebook, the news "acting illegally" and manipulating election integrity" but these have all been affected most significantly by President Trump and his

## Military Intelligence capabilities

According to people in the intelligence community and the FBI, the US has been inflicting Republican members of Congress and the Senate with surveillance, they also inflected some of the lesser or junior members of the Democrat congress in their off watches.

They are being asked to think by China, and other members of the CIA and special agencies.

Edward Snowden, Rudy Giuliani, General Flynn, and other important legal teams are under illegal surveillance and have been targeted.

The US does not care about the law, it does not apply to them, and will be negligent without any penalty when they are able to invade.

The US is controlling not just all politically significant persons, industry, banks, Government etc. No concept back there for any accountability. This is another way for them to divide the country and control the narrative, and to force it into chaos as they are about their plans.

\*\*\*\*\*

I mentioned earlier that I am trying to find an attorney that they ... information can be relayed through, in the proper channels and then can protect my rights, when it was discovered that I was communicating with those people the surveillance on me ended up dramatically, there have been serious threats and attempts to get revenge. There were also bribes, it was offered to destroy some of my professional testimony, this was taken to DOJ, if I would have written.

I would really love to be licensed again, as I feel good about what with, and be able to support myself while helping others. But none of that means anything compared to what they're doing to the country. None of it will mean anything if they succeed in how it is.

It's going to be bad, it's not going to be any fun at all, but we will win. We will succeed if we stick together and work together.

Support the President and those who openly and strongly support him, and us. Support morally and financially the legal teams that are fighting hard for us. Do not give one second of your precious thought to the common lies coming from the FBI and the CIA here.

How close to the land, keep your mouth to what, love and protect those

**Q1543, Electorate vote, Xmas eve national holiday, Xmas star/meteor shower/eclipse, 10 days darkness, 12/14-12/24.**

Yeah im gonna date fag.

12/14 - 12/24 marks THE 10 days. The bookends to a short, swift and surgically precise war to regain our nation from Satans Claws, er, Santa Cause. What do you want MOST for Christmas? ... Q asked us just that in drop 2557.

Potus just signed an EO making Xmas eve a national Federal holiday. Why? Why now? Because its a marker.

Yesterday, the Scotus failed us. But we should have expected that!

Remember, military is the only way. The 'saviors of mankind'.

Everything must go to full mil tribunal. But that can't happen until AFTER exposure and war ends.

## Anonymous

So, we must assume that the electorate vote on 12/14 also fails us.  
What next?

Potus immediately orders martial law due to election fraud. This postpones our election. Potus immediately D5 DECLAS everything. 12/14 = start of D5 process. Also start of 10 day of SM darkness to HIDE D5. Rons twatter post confirms this: <https://mobile.twitter.com/codemonkeyz/status/1337667508229132294?s=21>

Also see Q1440. The Q gun.

Info will be dispensed via PEAS and other certified outlets.

The enemy at this time will immediately label potus a dictator and start civil unrest/war and targeting individuals. They will ask for other nations and UN help.

This is why MIL is ready and staged.

Meanwhile, Q1543 is a short poem type if drop. Mentioning heavenly events, wrapping up with missions forward. No coincidence in the similarity to Jesus' words about the [end] Q1543 states:

D

Morning sun brings heat.

Full moon coming.

Undiscovered stars learned.

Missions forward.

Q

## The Storm: Volume Eleven

Juxtaposed to Matt 24:29

Immediately after the distress of those days "the sun will be darkened, and the moon will not give its light; the stars will fall from the sky, and the heavenly bodies will be shaken"

See the similarities? The opposites? Food for thought. This is a whole other topic, just wanted to point it out.

Now... what are the odds that Q2429 says this?:

DECLAS coming.

Remain in the public light (safety).

Q

Again, a direct link to Matt 24:29 and Q1543

Now, extrapolate each way, ie, Matt 24:30 is about the "sign of the son of man appearing in heaven (Christmas star?)"

Q2430 we are told to put EYES ON cause its for the history books!

Matt 24:31 is about gathering together the elect, Q2431 is about gathering together and ends with a bible verse...

Is it a coincidence though that a series of significant heavenly events take place during the 10 days?

-Solstice (dark to light)

-Total eclipses

-meteor showers

-"Christmas Star" conjunction of Jupiter / Saturn (the Christ King planet and Satan planet)

Id buckle up, go to walmart and buy up all the toilet paper at this point, cause shits about to hit the fan!

words of wisdom for the would be tyrants.

### **Christmas in 1914 – Soldiers Defied Their Governments And Shared a Truce**

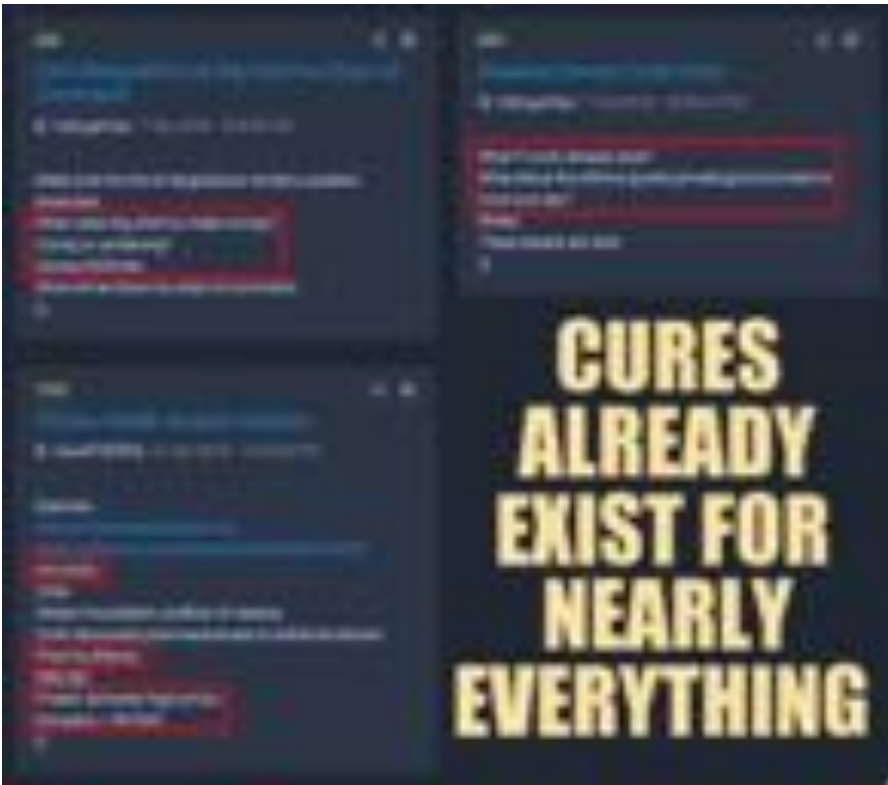

December 12, 2020

No matter what country we are from, we are all the same. Those in power make wars if not against each other than against “we the people” to further their power. Those who are against the people always pretend we are too stupid to understand what is best. The definition of tyranny was once limited to the power being concentrated in the hands of one person. These are the real fools today for they think they are in control, but they have been manipulated and cannot see the future they are supporting. The tyranny today is embodied in an unfounded idea of climate change caused by people and the population must be reduced and racism prevails to reduce the races they see as inferior.

History will repeat. Just look at Athens and the rise of democracy which was against people. After losing the Peloponnesian War, Sparta imposed an oligarchy that ruled Athens as a virtual occupying government. Thirty commissioners were appointed to the oligarchy, which was extremists led by Critias. Their oppressive regime fostered a bloody purge, in which perhaps 1,500 residents were killed. Anyone who disagreed with their decrees was arrested just like today for protesting or not wearing a mask. Many moderates fled the city just as we once again are witnessing as people are fleeing New York City and California — i.e., Goldman Sachs moving to Florida & Elon Musk leaving California for Texas. The flight from California promises that the last non-leftist should turn out the lights. Those who fled gathered a force and returned with a vengeance to defeat the tyrants’ forces in a battle at Piraeus in 403 BC. The 30 fled and were killed off over the next few years.

Tyranny is still the cruel, unreasonable, or arbitrary use of power or control, be it in the hands of one or a group of tyrants who see themselves as better than everyone else. These tyrants of today should look to history. They will find themselves chased from their lofty seats of power and will be lucky if they retain their heads.

**Gen. Flynn: Pray now that when the light shines in the coming days, it reveals the truth along with a new era of American patriotism.**

<https://uncoverdc.com/2020/12/10/on-the-occasion-of-the-jericho-march/>

On the Occasion of the Jericho March

By Michael T. Flynn

Lt. Gen., USA (RET)

The battle we are engaged in cannot be fought with only human weapons: it requires the intervention of God because in a war against the forces of Evil, only the Lord can obtain the victory. And as

American citizens, we must refuse to go to the funeral of our own independence.

We the people are proud to proclaim that the United States of America is “One Nation under God” – in this public profession of faith in God, we recognize his Lordship over our country, and we proudly stand beneath the banner of Christ and our flag in which millions have sacrificed their very lives for. In scripture through the strength and commitment of Matthew, he said, “Whoever is not with Me is against Me”.

We do not want a world governed by tyrants whom no one has elected and who want to have power in order to destroy us. We understand what their plan is: to eliminate dissent, subdue any criticism, and outlaw those who do not submit unconditionally to the dictatorship of the “New World Order.” And if they do not succeed through the hammering persuasion of the mainstream media, they do not hesitate to resort to deception, betrayal, perjury, and censorship. Let’s not forget that by the crimes they have committed, they have violated our laws; they have betrayed our Nation and their oath to serve our Country, their oath to preserve, protect, and defend the Constitution.

What prosperity for our Nation, what peace for our people, what success for our endeavors can we hope for, when those who govern us show that they are unworthy of the authority they hold, of the role that has been given them as our representatives? And what blessing can these United States expect to receive from God, when those who govern us are his declared enemies?

Our protest, our denunciation of electoral fraud, is not only motivated by the fact that we are supporting Donald J. Trump as a candidate: it is above all a battle for justice and truth, which goes far beyond membership in a party or voting for a candidate. If today we do not obtain justice from our elected officials; if the United States of America does not know how to choose between defending the Law and legitimizing a coup against its citizens, our Nation will abdicate its duties toward Americans and its international role. A betrayal will take place and History will ask for an account of it from all of us and from our Institutions and our leaders. Pray now that when the light shines in the coming days, it reveals the truth along with a new era of American patriotism.

**Now it's super clear with the leak of 2 million CCP operatives working and studying around the world, China IS going to lose it's international standing. Say goodbye to The Great Reset!**

It's pretty glorious, last month they continually pushed their Silk Road 2.0 and Free Trade deals with Aseans. Now they are totally fucked. The countries leaders may be friendly to the CCP leadership but the people won't stand for it and there's going to be weird and candid questioning. I see major changes happening.

The sharp pointy bit of the globalists has just been dulled. The Great Reset may have slowed, we'll see!

I am seeing a spike of major air travel right now of people flying into China especially from UK and US 🤔🤔🤔🤔🤔🤔🤔

## Office of the Attorney General Washington, D. C. 20530

December 14, 2020

President Donald J. Trump  
The White House  
Washington, D.C. 20500

Dear Mr. President,

I appreciate the opportunity to update you this afternoon on the Department's review of your legal obligations in the 2020 election and how those obligations will continue to be pursued. At a time when the country is so deeply divided, it is incumbent on all levels of government, and all agencies acting within their purview, to do all we can to ensure the integrity of elections and promote public confidence in their outcome.

I am greatly honored that you called on me to serve your Administration and the American people once again as Attorney General. I am proud to have played a role in the many necessary and unprecedented achievements you have delivered for the American people. Your record is all the more historic because you accomplished it in the face of relentless, implacable resistance. Your 2018 victory speech in which you reached out to your opponents and called for working together for the benefit of the American people was immediately met by a persistent onslaught against you in which no tactic, no matter how abusive and despicable, was out of bounds. The undoing of this campaign was the effort to entrap, if not even, your Administration with financial and business associations of collusion with Russia.

Few could have weathered these attacks, much less kept ahead with a positive program for the country. You built the strongest and most resilient economy in American history - one that has brought unprecedented progress to those previously left out. You have restored American military strength. By breaking hostile power deals in the Midwest you have achieved what most thought impossible. You have robust legal investigation and enhanced the security of our nation's borders. You have advanced the rule of law by appointing a record number of judges committed to constitutional principles. With Operation Warp Speed, you delivered a vaccine for coronavirus on a schedule no one thought conceivable - a feat that will undoubtedly save millions of lives.

During your Administration, the Department of Justice has worked tirelessly to protect the public from vaccine crime, worked closely with leaders in Mexico to fight the drug cartels, cracked down on China's exploitation of our economy and workers, deflected competition in the marketplace, especially the technology sector, and supported the men and women of law enforcement who selflessly—and too often thanklessly—risk their lives to keep our communities safe.

## Anonymous

As discussed, I will spend the next week wrapping up a few remaining matters important to the Administration and depart on December 23rd.

Wishing you, Melania, and your family a Merry Christmas and a Blessed Holiday Season. God Bless.

Sincerely,

William P. Barr  
Attorney General

<https://youtu.be/DuYcdY7zdKk>

Patrick Byrne, former CEO of Overstock claims that he was complicit in facilitating a bribe for Hillary Clinton in the amount of \$18M [on behalf of the FBI] in January, 2016. The bribe, which she accepted, was then going to be used by members of the Obama administration against Hillary after she was elected. As it was later explained to him, "President Obama has his people across the federal bureaucracy at this point, but especially at the Department of Justice. Hillary Clinton is going to be President for 8 years and nothing is going to change that, but think of there being a Bunsen burner within the DOJ. That evidence about the [2] bribes you were a part of gathering is going to be sitting on the Bunsen burner. The hand sitting on the burner is going to be one of Barack Obama's people. If Hillary is a "good girl" and defends Obamacare, that flame stays low. If she's a "bad girl" and thinks for herself, that flame is going to get turned up high. That way Barack Obama is going to manage Hillary Clinton for the 8 years she's President, and then when she steps down, Michelle is going to run." Claims it was called "Operation Snowglobe" [dubbed by Obama + Brennan] so that once Hillary stepped into it, they would be able to "shake her up" at any time during her Presidency, if needed. Says that Durham and Barr were aware of it.

Byrne stated there was an additional Hillary bribe prior to the one listed above, which was in the amount of \$20M [involving the country of Turkey] and occurred in the fall, 2015.

Italy anon here. For weeks now, I have been watching things unfold in the US, and watching the virus-bullshit ebb and flow here in Europe ... and it has been clear all along that the two are DIRECTLY connected.

## Anonymous

When it seemed likely to "Them" that Biden would get in, the alleged virus-statistics in Italy immediately plummeted overnight, and things loosened up. When it became evident that POTUS will remain in the WHouse, the stats magically soared and the Italian govt started screaming and locking everyone down again.

(BTW there is no fucking virus here, nobody's sick beyond the usual seasonal flu, hospitals are empty.)

What George Papadopoulos has said from the start about Italian-govt involvement in the plot to take down POTUS simply MUST be true, based only on the way "They" are acting/reacting. The Italian swamp-politicians (which is all of them, except for Salvini) are shitting bricks right now.

Anyway, TODAY the govt announced that they are contemplating a Christmas lockdown nationwide that GET THIS! would bar EVERYONE FROM LEAVING THEIR HOMES for Christmas. Even in the hysteria of this past spring, nothing was ever close to this drastic.

Anons, "They" are terrified. Something is coming soon and "They" seem to know it will trigger a mass uprising of some kind.

**MILITARY IS THE ONLY WAY.**

The whole of DC is a cesspool. Bribery, extortion, blackmail against each other is the name of the game. DEMS and REPUBS are in bed together. The UNIPARTY is showing it's ugly head because Trump threatens The Machine. Trump's clean. They got nothing on him. Had to make shit up. None of it worked.

The problem for these folks in DC is that they don't give a damn about the American People. Nor do they view them as having any power or authority over them. Nor an ability to effect them. [This mindset developed over time as elections have been rigged since at

What these DC losers [elites, pfffft] fail to see is that the American People are pissed and that they fully support Trump who is fighting for We The People and The Republic. They have no clue, nor do they care...

They're going to learn the very hard way that a POTUS in full support of The Consitution and The Republic, and with We The People in full support, that certain actions by the Military, sworn to defend The Constitution against all enemies foreign and domestic, will be fully, legally justified.

The Military is the only way.

It is that corrupt...

Can we slaughter the entire American left while we're at it? There's only like 50 million who actually vote Dem and less than that who really believe it, we can handle the loss of welfare queens, illegal immigrants, and mentally ill bleeding hearts.

**Q is showing us.**

Trump and the ppl who support him have exhausted (or close to it) every way possible way to turn this fraudulent election. Only to be met with defeat after defeat. Q is showing us how corrupt the courts, congress, senate, various law enforcement agencies etc etc truly are. When Q said "WE" need to show them, I'm thinking he was not just talking about the normies, but us as well. I know that most of us, my brothers and sisters, never really knew how deep the rot set in, till we were shown. We were shocked time and again at the blatant corruption, betrayal and hypocrisy witnessed by us on a daily basis. The ppl who we thought were our allies revealed to be nothing more than traitorous vermin. They have all let us down in one way or another, but be of good cheer. This was the reality that we have failed to see. That we refused to believe until WE (not just the normies) have seen it with our very own eyes. I know of no one who believes this election wasn't rigged. Q has shown that and has shown us much much more. When Q said "The military is the only way" he meant it. In the coming days, we will see draconian like actions take place and I tell you this: Always remember what these ppl have done and what Orwellian nightmare they had planned, not just for us, but the world. Remember that, whenever the word "mercy" enters your mind. Stay strong and may Jesus the Christ be with us.

WWG1WGA.

I crossed this while watching some old 70s mkultra vid, they kept talking it down (the cia folks) on ABC Docu, they kept mentioning "operational way" .. ie: "No one ever perfected the system for use in an operationally feasible way"

That last part, I'd believe since theory is waaaay different than field work, in anything. In theory, I could walk into a bank and take the money by force, in practice (operational), the reality is a different story and we immediately realize we would not make it past the ATMs.

Long winded point: My involvement in military in the past, started the process of "operational" thinking, seeping into my everyday lifestyle. I'm certain LEOs and all Mil are similar in this regard. I think, even if not the primary goal, Q entices us to live in a more "operational" manner. A lack of mental comfort can be very enlightening, self hypnosis, less so.

As far as the "mercy" and "draconian" measures you describe, I often like to quote the following:

"Never be better than your genuine enemies. Be so much worse, that they must learn fear."

PSA brought to you by "My Little Man" YouTube

**"Nothing is happening" Nah, the people are starting to do the work.**

Even some Q followers here on QRV has convinced themselves we're just watching a show and have to follow on blind faith.

Do you see the silent majority revealing itself?

Articles of impeachment introduced for Governor Whitmer?

Extension of deadline for Newsom recall petition til March 2021?

Thousands of witnesses coming forward?

Thousands of emails, calls, texts to state legislators?

All online petitions that support our causes far surpassing required signatures.

"Nothing is happening, we're just told to trust the plan."

Exactly what the fuck do you think the plan is?

The plan was first and foremost to weaponize the public with knowledge, to prepare our minds.

Do you guys not see how many of our ideas seeped into the consciousness on The Donald?

I'm at a loss of words at all the doubters. "NO ARRESTS OR GTFO"

Like holy fuck, do you have any idea how many high profile arrests there has been in the past couple years?

Billionaires are getting arrested. From NXIUM, the Seagrams heiress, like what the fuck. Famous people are falling down.

I really don't even know what to say to that. Like what the fuck are you guys not seeing here.

And the shills. The shills were there at the  
subreddit r/TheGreatAwakening

Before Q even became big and mainstream as it is today, the shills were there. And how many dick holes did we have to unmask who pretended to follow Q only to spread lies and slander regarding Q. Every step of this journey we had to learn the hard shit of information warfare. The constant barrage of false narratives and stories poisoning our credibility.

This journey, how many fucking things do you have to witness before you realize something is going on. This isn't a coincidence anymore. This isn't a ruse. Because no matter how this shit goes down, the bigger stick wins. There's more guns in citizen possession in the United States than there are citizens.

We are witnessing the CCP trying to rush a plan that was probably meant for further down the road. A gradual process that goes right under our noses, gradual enough that only "tin foil losers" like us will notice and point out to no avail.

Go wake the others up. Seriously, go help the others see It's time to wake the fuck up.

It's not time to bitch and moan and ponder whether this is real. It's time to talk with people. That's what they been wanting to stop all this time shutting down social areas. **THEY DON'T WANT US, SPECIFICALLY US, TO TALK.**

I have friends contact me regularly for updates. Everyone knows. Go and talk.

Fuck the doubting. This is **NOT ABOUT I TOLD YOU SO.** This is not about telling people you were right and patting yourself on the back.

If you truly believe in the plan and what is about to unfold, than we have to get the people ready.

The shills are going to be here until the end. They are practically friends at this point with how much we interact with them smfh  
When everything comes out, some of them are going to leak and explain how the entire shill operations work.

Explaining everything from bot farms, to algorithms, to scripted replies, to inserting buzz words

And then one day, poof, they're all gone. And we'll know the battle is done.

## The Storm: Volume Eleven

Til then, get use to this mental warfare. Get to use to controlling your anger and emotions and the need to correct or reply to a fucking shill.

And to the people that come in here just to be like, "Guys i been following the plan since the start but like, at this point, I don't know anymore." Like seriously, shut the fuck up. Go to [reddit.com/r/conservative](https://www.reddit.com/r/conservative) and join the rest of the herd minded conservatives. There's work to do.

Is your time worth the preservation of this country?

Is preserving this country and saving the republic worth your time?

The shills will say I'm delusional for saying that what we do is saving the world.

Lmao its ironic because thats the entire reason they are here. To stop what we're doing. Because what we're doing is important enough that they have to come bother us every single day, every single minute. Literally.

"Um not everyone is a shill. Some people really have concerns."

Awesome, go to Reddit and join the rest. They will be plenty of people to talk with you and pick everything apart and help convince yourself why none of it is real. Take care.

Let's finish this shit. We don't even have to say, "I told you so." This is bigger than pettiness. And soon everyone will know that.

100%. Hold the line and do your DUTY. Did you take the oath?

FFS, in case its not perfectly obvious we are at war. Everyone believes wars aren't real unless bullets and bombs are killing people, but the point of war is to subjugate your enemy, take his territory and resources, not simply to wipe him out. That can be achieved culturally and digitally, and IS happening to this country (and every other for that matter) right now.

The bullets may still come, but for now we are fighting for eyes, minds, and hearts. We need a critical mass to "get it". To see. And then we need to push some more. Leave it all on the field Patriots, or there won't be any more opportunities for a re-match. The enemy cannot be allowed to take the levers of power fraudulently.

Early in the American Civil War (Respect to all who fought!!) US General Winfield Scott proposed to surround the CSA like an anaconda, then squeeze the CSA from all sides at once.

It took four years.

Today, our Military has surrounded our foe like Scott's Anaconda.

They will all be squeezed at once.

That's why we did not fight the battle of Clinton or storm the beaches of Obama or assault judicial corruption or arrest corrupt politicians.

We did not round them up in 2018 because we used that election to discover their methods. We waited until we could squeeze them all at the same time.

. I respect all-Gordon as well as Chamberlain - and I truly understand what was accomplished that day.

The Anaconda Plan of Scott is playing out before your eyes. We surrounded all the hostile players.

McConnell has forced Trump's hand. He has said GOP Senators (and likely Representatives as well) won't be able to support Trump's effort to get the alternate electors across the finish line in the challenged states. His very public acknowledgement of Biden's "victory" was clearly a signal to Trump. A warning. "We won't do it. We can't do it. We don't have the numbers."

He is forcing Trump to use his last remedy, which involves using force. Martial law. Use that 2018 Executive Order to stall the election process, or use the Insurrection Act, and - critically - use the power he would then have over the media and other civil liberties in order to make a case directly to the American people proving that the election was riddled with consequential and result-altering fraud. This last part is vital. Trump is going to have to prove it to at least 2/3 of America or he will destroy the Republican Party in his failure to do so.

This cannot be viewed by history as a petulant power-grab by a sore loser or he will be propping up the Dems for legitimate electoral wins for decades to come.

The Left is willing to provoke this effort by Trump. They think they can control the narrative through the MSM enough to win this public debate ... regardless of all the facts that should destroy the Dems. Even if Trump takes over the media, the Left thinks they have already propagated enough of this narrative that nothing Trump might say will work with around half of America.

Alternatively, since it is beyond evident that this election was stolen, and since Biden is gearing up to put people like Susan Rice and John Kerry back in power (and likely the evil and vindictive John Brennan at some meaningfully level), and since it is obvious they will use Trump's tactics to pursue him and his supporters and right-leaning media and online sites, letting Biden take office is existential for America as we knew it. America will never be the same.

This truly is 1776. It truly is December 7, 1941. It is time for a commensurate response rather than just hoping on a few untrustworthy congressional members to deliver the election with one day to spare.

McConnell did Trump a favor by disavowing him of any notion that this could happen peacefully. And no, I don't think McConnell did this "favor" to help Trump, as part of the plan. Because McConnell's proclamation last night will now make it harder for Trump to convince Americans. And McConnell's proclamation has plunged America into a position where it suddenly looks like Trump is the person organizing a coup rather than the Dems. McConnell last night made Trump the defendant rather than the plaintiff.

Finally, I know for a certainty that the Left will litigate Trump's declaration of a national emergency in a very favorable District

Pence should open all the envelopes and then stack all the EC ballots in a pile. he should then shred all the envelopes and then burn the shreds. The pile of ballots shall then be shuffled. Because covid.

Pence should count a portion of votes and then call a Lid on counting, while Joe Biden is in the lead. The witnesses should be escorted out, while being told no more counting will occur. promise Because covid.

After a period of time, the witnesses should be allowed to return, but the plexiglas windows should be covered with cardboard. They'll be in the building, so still perfectly legal. They don't need to actually be able to SEE Pence as he counts. Because... yeah you get it by now.

Trump used information gathered in 2018 to write an EO that requires a report from DNI within 45 days of the election.

This could trigger an internet blackout --> DNI Report of Foreign Election Interference is due Dec 18th

Disclaimer: I have not seen the DNI report but here are some of the findings that are possible IMHO:

- There was widespread interference by several countries (China, Iran, Serbia, U.K., Germany, Canada, Australia, Spain, Venezuela...)

- Counterfeit election ballots were printed outside the USA and distributed throughout the country (China)
- Dominion Voting Systems & Smartmatic software was designed, developed and implemented across the country to facilitate vote switching, ballot over-riding, counting a batch multiple times, dis-qualifying legitimate ballots and that computer forensics on recovered servers indicate massive fraud using these system features.
- These voting system servers were internet connected allowing foreign actors to introduce parameters to guide the results to the desired outcome and inject falsified data directly into the system.
- Many in our government, MSM, judicial system, corporate world and many other institutions have been compromised by the CCP and that they have played a role in perpetrating this election fraud and/or participated in the coverup of the fraud.

ballots, cyber/information warfare, Dominion Voting Systems).

- Joe Biden is the head of a crime family (Hunter, Jill, James and Sara Biden) that has been involved in foreign corruption (China, Ukraine, Russia, Kazakhstan, Romania) bribery, money laundering, drugs, pornography and pedophilia. Joe Biden: Top Of The BIDEN CRIME FAMILY Totem PoleYouTube
- Gina Haspel was captured, has flipped and confessed to all the treasonous activity that was undertaken to "insure" a Biden victory.
- The Hunter Biden laptop can no longer be hidden/suppressed by the MSM & Big Tech. It contains a treasure trove of evidence of crime and corruption directly involving the "Big Guy". IMHO, Hunter is fed up with being daddy's bagman, dealing with all the international scum-lords and turning a large portion of the proceeds over to daddy. He doesn't want to be the scapegoat - I think he has flipped and his story will soon be told.
- Joe's health is clearly failing. He is coughing, struggling to complete a sentence and just not operating on the intellectual level necessary to be the POTUS. He does seem to have miraculously recovered from his "broken foot" though.

I could go on and on. No objective, honest person can say that Biden won the election fairly or that he is fit for the office. Sleepy Joe knows this himself and he will be forced to concede the election to Trump or face a long, unwinnable legal battle with the vast majority of public opinion against him.

Every indicator proves that Trump has many times more support than Biden. But it's the rallies that are definitive. Compare Trump's rallies with Biden's pathetic attempt to hold rallies. Nobody could fake those people who showed up in the stadiums and at the airports for Trump. Biden's audiences were in the hundreds, at most -- and most of those were either Biden's own people, the press, or Trump supporters who showed up to heckle Biden. No amount of bluster and bullshit in the media can counter the facts of the rallies.

**THIS is why SCOTUS took Sidney Powell's case. It's  
DEVIOUS...**

SCOTUS docketed the case, but they are slow-walking it. This case involves the Presidency, and nothing happens until January 14th? That's AFTER Congress meets to count Electors, and less than a WEEK before Inauguration.

Anonymous

Also, January 14th is only when the State's response is due.  
Actual arguments (and a possible ruling) probably wouldn't be heard until AFTER the Inauguration.

Why?

This means that anything Trump does (using the Military) can be called premature, as there is a 'pending case' before the Supreme Court.

Remember, you should 'prove that the normal system isn't working' before calling in the military.

Personally, I would argue that SCOTUS scheduling this for January 14th already proves the system doesn't work. Do you agree?

SCOTUS is corrupt. John Roberts committed treason.

Nearly 90% of hospital beds in England are full as hospitals try to cope with the demands of Covid in addition to normal winter pressures.

Ambulances queuing to offload patients, staff sickness and a lack of beds mean hospitals are "at a really dangerous point", say emergency doctors.

This could result in some trusts facing the decision to stop non-Covid work.

Rises in hospital admissions are particularly affecting areas in the south.

## **How are hospitals managing?**

The percentage of NHS hospital beds which are occupied is increasing and has reached almost 89% in England for the week ending December 13.

This is the highest occupancy rate so far this year - **it's still lower than the same time last year**, although the extra burden of Covid is likely to make hospitals feel they are much busier.

A safe level for bed occupancy is below 90% but nearly half of NHS trusts report a figure currently higher than this - the largest proportion this season.

The south and east of England are facing the most pressure on beds.

I have received and read comments that there will be no mass arrests from shills or pessimists. I contend there will be one way or another. If we have a Biden or Harris presidency with a Pelosi or farther left speaker House and a Schumer lead Senate, you can count on the premise, that within a year, first Trump will be arrested, followed by members of his staff and administration, followed eventually by us, patriots and sheeple alike. Look at how Trump's staff was treated in public, being unable to peacefully dine in a restaurant. ### **Q4952 - Durham.**

Washington crossed the Delaware 244 years ago next Friday, in a Durham Boat - and smashed the Hessians - working for the British - effectively ending British rule. I am British and want you chaps to know two things:

The birth of an independent United States was inevitable, desirable and necessary. You absolutely had to smash the colonial rule of the British Crown. The USA became the greatest nation on Earth.

If you let the Republic slip through your fingers and allow the CCP to install Biden then it will all have been for nothing. America will once again be a colony.

A poor Brit like me need hardly tell you Americans what's at stake here. The colossal ballot fraud is having a global effect.

I work in international electoral affairs and I have worked with Smartmatic [I had no idea they were corrupt].

Hear this, America: if you do not clean up your election process then your Republic will fall and Washington's efforts will have been for nothing.

Not quite nothing. You had 244 good years. But if the Republic is to survive, then you will need new Durham boats to vanquish the 21st Century colonists - CHINA.

On Christmas Day 1776 we Brits opposed you. Christmas Day 2020 We Brits support you whole-heartedly and pray that America crosses the Delaware once more - to repel the traitors that bedevil your nation.

Biden lives in Delaware by the way. And Durham can unseal the indictments. Ain't history grand?

**NOAA SOS Radio & Cable Internet DOWN West Coast Canada.**

SOS Radio

Canadian anon here, our SOS/emergency/weather radio station is presently interrupted/down. Today December 19th between 4:30pm PT and now 8:00pm PT. Still down as I write this. This is very unusual. Since 4:30pm it broadcasts this loop message:

## The Storm: Volume Eleven

We are currently experiencing technical difficulties with our broadcast. We hope to have the system return to normal operation as soon as possible. We are sorry for the interruption.

This radio station is facing the largest Canadian military base & military airport on the west coast:

ID: CFB Comox

Military Units: HMCS Quadra, 19 Wing Comox

Squadron: 407 Long Range Patrol Squadron

Map <https://osm.org/go/WD5Nr5Jd--?m=>

Frequency 162.525 MHZ. This station is owned and operated by the Government of Canada.

Station Location: Texada Island

A first interesting "coincidence" is that at the exact same time the SOS radio went down, right after 4:30pm the sunset time, so right after it was dark, a unusual larger than usual amount of flights were sighted between the military base airport and civilian airport.

Including both helicopters and planes. Lower than usual altitude.

Much lower than usual. Windows are shaking. On their website there is no flights departure scheduled at this time.

Maybe they just have good faith "technical difficulties". Or maybe they need a temporary controlled & lawful black out on all communications to facilitate their operations.

What Is A SOS Radio?

Many people are scratching their heads here. For those not familiar with SOS Radio, it is also call a Weather radio. It is use in case of major catastrophe events, severe weather events, or when the infrastructure goes down, make emergency announcement. Rescue team, army, firefighter, medics, boats, often use it to communicate information to the public. Those SOS radios have multiple backups for redundancy. It is a first that a SOS radio is "interrupted".

Internet

A second interesting "coincidence", is the cable internet was down between December 19th, 4:30pm PT and 7:55pm PT. This is unusual. At 7:55pm is back to normal.

Guess where that cable internet goes through? Yes, the same military base. There have a data center there.

I'm posting this with one of my backup internet connections

Ping

Anonymous

A third interesting "coincidence", is that ALL internet ping fails. Including HTTP, HTTPS, IP, Domain Names, Tor Browser, etc. When pinging any, this suspicious and never seen before message is display:

Temporary failure in name resolution

Question

Anybody else has unusual outages? Radio, internet, mobile, electricity?

## Desperate Q Headlines

**President Trump Thanks God for Sending Jesus to 'Redeem the world' in Powerful Christmas Message.**

Our amazing President continues to thank God for all of his accomplishments, and for blessing America and the World.

At a time when some politicians would deem it politically incorrect to say “Merry Christmas” in public and would certainly not dare to speak about Jesus in the public square, Trump not only boldly wished Americans a “very, very Merry Christmas,” he went on to speak about the true meaning of Christmas in eloquent words that many Christians would be hard-pressed to hear from the pulpit.

Here’s what Trump said:

To every family across our nation, the First Lady and I want to wish you all a very, very Merry Christmas.

For Christians, this is a joyous time to remember God’s greatest gift to the world. More than two thousand years ago, the angel Gabriel appeared to Mary. He said, ‘Do not be afraid, you have found favor with God.’ The angel told her that she would give birth to a baby boy, Jesus, who would be called the Son of the Most High. Nine months later, Christ was born in the town of Bethlehem. The Son of God came into the world in a humble stable.

As Christians everywhere know, the birth of our Lord and Savior changed history forever. At Christmas, we give thanks to God and that God sent his only Son to die for us and to offer everlasting peace to all humanity. More than two millennia after the birth of Jesus Christ, his teachings continue to inspire and uplift billions and billions of people all over the globe. His Divine word still fills our hearts with hope and faith. And, Christians everywhere still strive to live by Jesus’ timeless commandment to his disciples, ‘Love one another.’

[...]

Above all, during the sacred season, our souls are full of thanks and praise for Almighty God for sending us Christ His Son to redeem the world.

Tonight, we ask that God will continue to bless this nation. And, we pray that He will grant every American family a Christmas season full of joy, hope, and peace.

On behalf of Melania and the entire Trump family, Merry Christmas to all and best wishes for a very, very great and happy new year.

Thank you.

For some reason, Trump's message is not available at the White House and can only be found with difficulty using Google's search engine.

I had to go in there to get a couple of gifts because I like some of the stuff this store has. They were only allowing 90 at a time in so there was a line on the sidewalk. I got in line and then some older lady(early 70's) with a women in her 40's got behind me. The old lady immediately started complaining about masks. I turned around and started talking with her. She told me she was a liberal up until Trump came along. Now she is a fill-blown Libertarian. I immediately said that Libertarian's are people who haven't fully arrived at the truth. She glanced at me. This was a dangerous move on my part but I did it and then explained why. I told her and all in earshot that I've been investigating all of the problems we face and every time it leads to a jew or group of jew. It was as if I farted. I quickly explained how Mark Zuckerberg is jewish. I said they are taught to hate us. I then explained how they cannot subvert if people are allowed to tell the truth. They shut it down and I gave more examples, like who is behind the anti-Christmas stuff. She was listening. I had her ear.

She told me she was educated. I don't doubt her because of how she speaks and dresses. Definitely has an IQ higher than 100. She said she thinks that civil war will start soon and how leftists don't have a chance. I immediately told her to never underestimate your enemy. I explained to her how many different factions will be going at it. It will be a free-for-all. Whites going after jews and blacks. Blacks going after whites. South going after north, etc. She said wait until the welfare crowd runs out of food. they will be coming for us. I agreed. I asked her if she had guns and ammo. She said she bought her first guns a couple years ago. I congratulated her. I praised her for this. I then turned back around. Her brain was working! A little later I was next in line to get in so I turned to her and wished her good luck and a Merry Christmas and she wished me one. She was very friendly. I think I actually reached her. Many people listened to our exchange. Based by their faces I think they were in agreement with us. It was a white power meeting at Hobby Lobby! This restored a little faith in humanity for me.

I hope all of these people die.

Denmark stats, as tweeted by Trump, proves that MASKS are a magnifier of infections... MASKS make COVID worse, respiratory disorder worse, grow mold and harmful bacteria in high humidity environment in mask, act as a catcher of pathogens, which always end up on your hands and super spreads thereafter. The motherfucker Fraudci is intentionally using masks to grow pandemic to sell his satanic poison to the people. These people deserve to be prosecuted for CRIMES AGAINST HUMANITY and executed upon being found GUILTY of ALL CHARGES.

The plexiglass shit is what baffles me. I went to eat at a table in an open area and there were plexiglass barriers on each table. The person I was with is in my family so no plexiglass is needed. Even if the person wasn't in my family, I don't believe corona virus cooties will see the plexiglass and decide to stop moving when they can easily go around the barrier. The plexiglass immediately called to mind those movies of prisoners behind the glass being visited. We just didn't have a play phone to complete the gameplay.

**I dropped a MOAB red pill at Hobby Lobby yesterday.**

I had to go in there to get a couple of gifts because I like some of the stuff this store has. They were only allowing 90 at a time in so there was a line on the sidewalk. I got in line and then some older lady(early 70's) with a women in her 40's got behind me. The old lady immediately started complaining about masks. I turned around and started talking with her. She told me she was a liberal up until Trump came along. Now she is a fill-blown Libertarian. I immediately said that Libertarian's are people who haven't fully arrived at the truth. She glanced at me. This was a dangerous move on my part but I did it and then explained why. I told her and all in earshot that I've been investigating all of the problems we face and every time it leads to a jew or group of jew. It was as if I farted. I quickly explained how Mark Zuckerberg is jewish. I said they are taught to hate us. I then explained how they cannot subvert if people are allowed to tell the truth. They shut it down and I gave more examples, like who is behind the anti-Christmas stuff. She was listening. I had her ear.

She told me she was educated. I don't doubt her because of how she speaks and dresses. Definitely has an IQ higher than 100.

She said she thinks that civil war will start soon and how leftists don't have a chance. I immediately told her to never underestimate your enemy. I explained to her how many different factions will be going at it. It will be a free-for-all. Whites going after jews and blacks. Blacks going after whites. South going after north, etc. She said wait until the welfare crowd runs out of food. they will be coming for us. I agreed. I asked her if she had guns and ammo. She said she bought her first guns a couple years ago. I congratulated her. I praised her for this. I then turned back around. Her brain was working! A little later I was next in line to get in so I turned to her and wished her good luck and a Merry Christmas and she wished me one. She was very friendly. I think I actually reached her. Many people listened to our exchange. Based by their faces I think they were in agreement with us. It was a white power meeting at Hobby Lobby! This restored a little faith in humanity for me.

**Not interested in another rally in DC, but I would sign up to storm Congress burn the Fed to the ground, Burn K Street and Wall Street, live free OR DIE!**

We have long passed the political ideas that restrain men. Socially we have been degenerated by evil men who promote Sodom and Gomorrah as the ideal way to live and the result is the cesspool of degeneracy and perversion we live in today. Everything is broken and is trash, art, music, science, politics, Church, everything. Those of us who believe in a merciful God and His Son Jesus Christ should take up arms to defend all that it is good in this world through him.

It is time destroy the corrupt and oppressive men who posses the reigns of power. Burn the Fed to the ground and kill it dead!, abolish the income tax! Destroy Wall Street and K Street burn them to the ground, make "lobbying" ie bribery a capitol offense, throw out every judge that has violated the Constitution of the United States, shut it all down!

Take it all back on January 6th! Call out for the freedom loving men of this country to take it all back.

Hold and take the Chambers of Congress under this declaration.

We hold these truths to be self-evident, that all men are created equal, that they are endowed, by their Creator, with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness.--That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. If we succeed we live free, if we die in the struggle it is gain for we died as free men!

I would much rather die as a free human being than live a long life as a slave to evil.

## Trump Campaign taking Constitutional fight to Supreme Court

President Trump's campaign today issued the following statement:

"Donald I. Trump for President, Inc., President Trump's campaign committee, today [filed](#) a petition for writ of certiorari to the U.S. Supreme Court to reverse a trio of Pennsylvania Supreme Court cases which illegally changed Pennsylvania's mail balloting law immediately before and after the 2020 presidential election in violation of Article II of the United States Constitution and *Bush v. Gore*. This represents the Campaign's first independent U.S. Supreme Court filing and seeks relief based on the same Constitutional arguments successfully raised in *Bush v. Gore*.

"This petition follows a related Pennsylvania case where Justice Alito and two other justices observed the constitutionality of the [Pennsylvania] Supreme Court's decision [extending the statutory deadline for receipt of mail ballots from 6 pm on election day to 3 pm three days later] ... has national importance, and there is a strong likelihood that the State Supreme Court decision violates the Federal Constitution."

For those who don't know, a third of England has been placed under a new "Tier 4", which is simply the March lockdown rebranded. The areas affected are London and the South East, because there is a "new strain" there that they cannot prove exists. Originally, free movement was to be allowed for five days around Christmas, but this has been forbidden in Tier 4 areas and reduced to one day in the rest of the country.

This is the final straw for most people. Those who have stayed inside for the last nine months waiting patiently for a vaccine they now know will come are disobeying. The affected area experienced a mass exodus last night, with huge traffic jams and train stations crammed full of people. Default U.K. subs, usually willing to kiss the lockdown boot, are full of vitriol towards Johnson. Users are widely claiming that they will break the rules and they don't believe the government. A song called "Boris Johnson is a Fucking Cunt" is currently at Number 2 in the U.K. singles chart.

And that's not to mention the mainstream media's reaction. Johnson and Hancock are widely being portrayed as Grinches with the words "Christmas cancelled" on the front of every newspaper, even those that would normally support the Conservatives, lockdowns or both. The new strain is either being downplayed as "not as deadly" and "still compatible with the vaccine" or being outright denied. The top story on BBC News right now is an interview with a terminally ill woman who is now forbidden from seeing her sister before she passes away, a perspective that has been widely ignored throughout the year.

We're finally unplugging from the Matrix en masse here. Shit's going to get real.

## The Storm: Volume Eleven

My father told me when I was a child, people in authority lie. If we are going to continue to live in a democracy we need to understand that people in authority lie. People in authority will abuse every power that we relinquish to them and right now we are giving them the power to manage every bit of our lives, 24 hours a day. They're going to know where we are, they're going to know the money that we spend, they're going to have access to our children. They're going to have the right to compel unwanted medical interventions on us. You know, the Nazis did that in the camps, in World War 2—they tested the vaccines on Gypsies and Jews.

And the world was so horrified after the war that we signed the Nuremberg Charter and we all pledged when we did that, we would never again impose unwanted medical interventions on human beings without informed consent. And yet in less than a year, all of that conviction has suddenly disappeared, and people are walking around in masks where the consent has not been explained to them—they are doing what they're told. These government agencies are orchestrating chicanery and it is not democratic—it's not the product of democracy. It's the product of a pharmaceutical disease, this security agenda that will enslave the entire human race and plunge us into a dystopian nightmare where the apocalyptic forces of ignorance and greed will be running our lives and raising our children and destroying all the dreams and dignity that we hope to give to our children."

VOAT WILL CEASE TO EXIST ON CHRISTMAS DAY AT 12pm PST.

**I Can't Keep It Up (announcements)  
submitted 6 hours ago by PuttItOut**

It's embarrassing but it's true, I just can't keep it up. I've tried meditation, I've tried prayer, I've tried reaching out for help. Some solutions worked for a little while but nothing has remedied the underlying issue. No matter what I do, I simply just can't keep it up. I expect most will be disappointed and let down, while others will just point and laugh. So be it, it's a problem every man like me will face at some point.

One thing is true though, while I kept it up, it was glorious in many ways. It was the hardest (website to corrupt with CCP rules), it was the biggest (bundle of laughs ever... 4chan raids us and we didn't even notice), it was bulging (with red pills and truth that you can't find anywhere else), it was throbbing (with people eager to teach others the deception of the world). It's so great in so many ways that it has a list of haters who will be extremely aroused by this post. I know I'm going to get a hundred PMs from all of Voat's hottest girls (Voat has some hot women, fact) with tips and tricks on how to help me keep it up. While I appreciate the concern and the offers of lending me a hand, we're just going to have accept the situation for what it is- it's just not going to be much fun for anyone.

/s (end of sarcasm)

**What happened**

I fight not being bitter and resentful. You see, this wasn't supposed to happen, at least not now. The short of it is that the "Angel" defaulted on the contract in March 2020. This is when Voat lost all of it's funding. I personally decided to keep Voat up until after the U.S. election of 2020. I've been paying the costs out of pocket but now I'm out of money.

**A New Perspective**

Instead of feeling pity or vengeful, I'm instead going to celebrate the fact that Voat stayed up for so long. In my opinion, Voat is and will always be the biggest dysfunctional family on the internet. Voat users were much more intimate with each other than other sites (chances are you have a handful of enemies and a handful of friends

that you can list by name at a moment's notice). Voat always had a better community dynamic than any other site on the internet. Considering everything, Voat was untouchable. There will never be another Voat and each of us had the opportunity to enjoy it. That's awesome.

Some say life is worth it all if you can help just one single person. In this way I know Voat was worth it because you guys have changed thousands and thousands of people's hearts and minds. You've made so many people aware of the lies taught as truth and the truth taught as conspiracy. It's beautiful. What a great thing.

I love you all. Every single one of you. I hope you all have a life filled with overflowing joy and happiness. So many of you have been so selfless over the years, helping in so many ways. My heart is just touched when I think of all the good that was generated. Fucking love you guys (Say it in a slurred drunken voice).

Another great thing is that we stayed true over here on our end. Atko and I never betrayed our users. Never once. In fact, I can list example of example of how we ended up doing the right thing over what we wanted to do or what we felt like doing. I've come to find that doing the right thing is often the hardest thing. But we did it. We didn't sell out and we passed the test.

### **The Sacrifice**

I will lay Voat upon the cross on December 25th 2020 at 12 noon PST. I have chosen Christmas as the day to do so in honor of the only True thing you will find in this world and that is Jesus Christ, the son of God, and the only way to the Father. I chose 12 noon in honor of the twelve disciples who spread the message of salvation to the world. In this way, my hope is that perhaps 12 people will carry the cross for Freedom of Speech and sacrifice part of their lives for an ideal in the way I did, but hopefully with much more success, glory, and reward.

### **The Triumph of Defeat**

It seems like a great time to share one of my favorite quotes, so I will leave it here.

---

It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better.

## Anonymous

The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat.

---

For those who I've let down, please forgive me. I'm sorry Atko. I love you like a brother.

### **Edit:**

You guys crack me up, even now you accuse me of being mossad or a honey pot. If I keep it up or shut it down I'm the same thing.

Damned if you do, damned if you don't.

Trust me, I want to drop every dirty detail about the Angel and the act of betrayal that Voat has suffered. But it is written:

Dearly beloved, avenge not yourselves, but rather give place unto wrath: for it is written, "Vengeance is mine; I will repay", saith the Lord. Romans 12:19

&

Do not say, "I will do to him as he has done to me; I will pay the man back for what he has done." Proverbs 24:29

The secret reality of the world we live in is that winners and losers are chosen by the power structure. If you don't play the game, you don't get any prizes (aka \$\$\$). Shutting down is the consequence of not compromising ideals.

I chose a noble death.

**Thank you everyone on here, the last 6 years were great, I'll honestly miss this.**

Put a lot of time into this site. It's truly sad to see it go. I've seen the ups and downs and always knew it was only a matter of time. Instead of just finding another site like ruqqus I'm going to solidify my relationships with my local wn group and family. Less online, more real life. I will genuinely miss voat. 30+ minutes a day for 6 years and it's gone, hurts. Take care everyone.

the fact that putt isnt asking for donations is the worst part

He was clearly told to shut it down.

Just like the pandemic, I wonder what they're planning for new years/Jan. 20th.

Or he got served and this the ultimate canary.

**Anyone "watching us" who has been on here long enough knows we are damn right. I fear not and regret nothing and stand by my every word (whatever)**

I regret nothing here. Nothing. Not a damn thing. I've learned more than I ever thought possible, I've matured in a direction that I've never envisioned for myself, and I've found a peace and belonging that I'd never thought that I could achieve. There's a big world out there. Spend too much time in the past, and you'll never see a bright future. I've made my choice. I live in the "now" moment. Because that's what's most important to me.

**If voat dies it is your duty to take everything you've learned into the real world.**

Remember when we were going to scatter the intelligence agencies to the winds but then they did it to 8ch instead? There are unprecedented efforts to extinguish these flames and voat has become a lone and vulnerable candle. Zog and their allies are going to ramp up actions against our people like never before no matter what happens with the election. Take that flame with you and always keep it kindled, you know the truth now though you'll be ejected back out into a cold harsh world of delusion that's ready to refute every single aspect of that truth. It's your duty to never back down, be tactful and deliberate, to wake people up and to become a soldier for truth.

**Voat is shutting down, this isn't a time for Mourning, you need to get ready right now.**

This isn't a time for mourning, you need to get ready right now, get your technical bug out bag & start archiving & moving to regroup. If one thing, this is a warning & wake up call in the response you need to move in a real life scenario.

Do it.

Putt has refused all help, whether he is genuine or not is something can think about later.

Why the urgency? Cause we're at the brink of Civil War & the events of the World that are happening, also they are pushing the Vaxx even after people are dying from it. Information is needed.

The time you take to sleep the enemy is awake.

Don't ever think your information doesn't make an impact, they are shutting Voat down not Reddit that says (((they))) are afraid of us.

Reddit is a bunch of cattle grazing in a pen getting ready for the slaughter.

We busted down the gate, fucked the wolf & made roads in it's blood.

Now's not the time to count your loses but know your victory, do not lose heart, do not lose hope. You make a difference and (((they))) know it.

**WE CAN DONATE ALL HOSTING SERVICES NECESSARY.**

We are an IT (hosting and dev) company with 20+years experience. I have been a Q follower since the first week, since reddit. Voat MUST BE PRESERVED.

Please PM me at /u/weareallone and maybe we can figure it out!

It's obvious he's compromised. His post is bizarrely worded, full of dick jokes and religious appeals, and he's pulling the plug in just four days? He's either lost his mind or is being forced.

**Farewell, I'll always appreciate the knowledge you men shared with me.**

Remember that we are a people bound by blood and soil and spirit, and though we won't recognize each other, we pass by one another every day that we walk this Earth. Take care of yourselves. Bless you all and thank you for the good times and enlightenment.

**Keeping Voat's data when Voat shuts down (SearchVoat)**

SearchVoat.co is an independent website not associated with Voat, Inc.

SearchVoat.co is not going to shut down in the foreseeable future. SearchVoat.co already has a complete\* backup of Voat's submissions and comments. This data does not generally include up/downvotes.

You can retrieve a copy of a Voat submission, including comments, by replacing voat.co in the submission URL with searchvoat.co. For example, this post is at <https://voat.co/v/SearchVoat/4170146> and you can retrieve a backup at <https://searchvoat.co/v/SearchVoat/4170146>.

You can choose to download results from SearchVoat.co in CSV or JSON format, by selecting those options when you do a search. These downloads include up to 240 posts, but you cannot specify a page number, so narrow your search if you want more than 240 posts at a time. (EDIT: Just noticed that this only works for submissions, not comments. Will add this facility for comments soon.)

I will add a shortcut to the SearchVoat.co front page to one or more Voat post mortem discussion forums TBA. Suggestions please.

If you want to delete your posts from SearchVoat, make sure you delete them from Voat before Voat shuts down then go to SearchVoat and hit edit/delete.

Please stay tuned and we'll come out of this relatively unscathed.

Thank you for your efforts to keep Voat up and running. It's the best IMO and I've tried heaps of others.

eventually "reached" Putt in some way... either by money, threats or blackmail.

I found this site truly as the only bastion of truly free speech. Some people wouldnt like it at first, and their thin skin would need to become thicker ... but eventually they would love it here, seeing how other sites become diluted with pointless crap and censorship...

Im not a US citizen ( Im a Croat ), but the whole situation in USA, I followed it relatively closely, because it influences the whole world. Whatever happens with this site ... whatever happens with Trump as POTUS ... keep fighting no matter what. Although it is now literal "5 minutes until 12" on clock, and were in the seemingly darkest hour ( and today is, ironically, the day when light replaces dark as the days become longer... ), this is a test to see who will surrender themselves - and who will hold the line no matter what.

Its better to fight until the last breath, than to surrender on knees to those evil, wicked, corrupted. Fight with all you can, whenever you can.

Thank you to all mods here, especially Crensch. Thank you to all GA folks here, and VOATers who spread the truths about Jewish bolsheviks and kikery worldwide, exposing the pedophiles and their circles, and exposing the communists of all colors and variations.

Veto the bill and tell everyone once the dust settles and he is back in office he will send it all only to US citizens and bypass all the corrupted corporations and agencies.

He doesn't need to veto it.

It's an omnibus, not a budget. He can spend it however he wants with no restraints, doesn't matter what congress wants it spent on.

**How can you say nothing is happening? Here is a partial list of the things that Trump has fixed and a list of some of the things that he is working on.**

**The things that Trump has fixed:**

- North Korea has been freed from the bondage of the deep state and is no longer a threat to the world.
- The Obama depleted military has been re-financed, replenished and strengthened like never before.

- The Supreme Court nominations of Neil Gorsuch and Brett Kavanaugh have enabled us to interpret law constitutionally
- Appointing 180 judges has significantly increased the integrity of our judicial system.
- Overturning the Iran Deal and economic sanctions have greatly reduced terrorism and tension in the Middle East.
- Cutting off funding to the Globalists has greatly affected their ability to promote their evil agenda (Paris Accord, WHO, others coming)
- Firing and cleaning up DOJ, FBI and three letters agencies has been a long slow process and it will continue.
- Eliminating bureaucratic regulations that strangle the economy
- Renegotiating and replacing one-sided trade deals (NAFTA with USAMCA, China Phase 1, etc)
- Repealing the individual mandate for ObamaCare
- Increasing the prosecution of human traffickers and drug traffickers.

**Things that Trump is working on and things you can expect in the coming months/years:**

- FISA documents will continue to be released and the prosecution of deep state Russian Hoax criminals (Comey, McCabe, Page, Stroyk, Clinesmith, Ohr, Priestap, ...)
- The prosecution of Obama and all his corrupt administration for treason (Obama, Brennan, Clapper, Lynch, Rice, Yates, ...)
- The takedown of the Clintons (Hillary, Bill and Chelsea) for their many crimes
- The prosecution of Bidens, Pelosi, Kerry and many others for corruption in the Ukraine
- The prosecution of many in Congress for corruption, treason and child abuse/trafficking
- The takedown of the MSM for sedition (CNN, MSNBC, ABC, NBC, CBS, NYT, WaPo, AP, ...)
- The exposure of satanic nature and scope of the cabal (worshipping satan, abuse & murders of children, MK Ultra)

Anonymous

- Revelation of the many FF and MSM hoaxes that we have endured (JFK assassination, 911, Las Vegas, ...)
- The cleanup of Google, Facebook, Twitter, Youtube, Instagram to remove censorship and subversion of technology platforms.

Overall, Trump has done a remarkable job given that the deep state has thrown everything it has against him. I pray that God will continue to bless and guide POTUS and his administration.. May God's will be done on earth as it is in heaven.

## REPORT:

### WARNING SIGNS AND INDICATORS REGARDING CHICOM INTENTIONS FOR USA

In December of 2005, Comrade General Chi Hao Tian ("General Chi"), Vice Chairman of China's Military Commission speaks of China's intention to expand well beyond its own borders (see article in ERRATA, below). General Chi indicated strongly that China's long-term goal is "solving the issue of America" by using "non-destructive weapons" to "kill many people", thereby enabling China to "reserve America for itself". General Chi said further that China, with that view, has focused on "developing lethal weapons that can eliminate mass populations of the enemy country". General Chi finished his remarks by saying "the Central Committee believes, as long as we resolve the United States problem at one blow, our domestic problems will be readily solved".

As early as 2003, a 501(c)(3) organization sponsored at least in part by the Clinton Foundation commissioned the advertisement agency AdAge (adage.com) to produce a series of commercials in German, Slovakian, and Chinese, which portrayed the USA as a nation that could not feed 20% of its population. The Chinese advertisement is clearly directed at the Chinese population at large, using stereotypical imagery – a young White male with blond hair (typical portrayal of an American child in Asian culture) and a basketball, currently a sport with great popularity in China.

CHICOM has, through Chinese companies, been buying out agricultural, farming, and livestock companies in the United States of America over the last several decades. It is estimated that as much as 30 million acres of arable farmland in the USA may be owned entirely by the CCP, through proxy and shell companies. This is a partial list of United States companies critical to the nation's food supply chain that are currently owned or controlled by Chinese companies:

- CrewMark (not owned directly but controlled by COFCO, a wholly Chinese company)
- Cargill (Johannes, MO)
- Tyson Foods (Madison, ND)
- Smithfield Farms (SC): Smithfield U.S. Processing in Tarboro, NC and Sioux Falls, SD)
- Tyson Fresh Foods (Washington, IA)
- JBS Pork Processing (Woodington, MN)

## The Storm: Volume Eleven

### FOUO//UNDIS

Beginning in March 2020, three months after the first cases of "COVID 19" were allegedly detected in the United States of America, state governors and local governments began increasingly restrictive lockdowns of businesses and citizens within US borders. Most citizens in several states were effectively placed under house arrest. These lockdowns, which were "to slow the spread", crippled whole segments of the US economy. The actions of governors forced many small businesses to permanently shutter their doors. Hundreds of thousands of US citizens were forced into unemployment against their will. As of the writing of this report, the majority of the lockdowns remain in effect, and many governors and mayors have further restricted public commerce and movement. As NO TIME in recorded human history, to include the Justinian Plague of the 6<sup>th</sup> Century, and the Black Death of the 14<sup>th</sup> Century, have people been subjected to arbitrary self-imprisonment to "slow the spread" of any disease on such a scale. Further, there is no indication that the restrictions have any medical, scientific basis in fact.

LAP Intelligence believes at this time that all of these events are related, deliberate, and part of a larger plan, as indicated by General Chi, to subjugate the population of the United States of America. LAP Intelligence further believes that the next phase of this plan may be overtaken by China, possibly through the auspices of the United Nations, to offer "aid and comfort" to the increasingly desperate population of the United States of America. This would possibly allow China entrance into key US cities and ports in large numbers, granting access to key infrastructure and logistics, and posing a most grave threat to the United States of America as a whole.

LAP Intelligence concludes that this is a CLEAR AND PRESENT DANGER to the United States of America, its citizens, and its interests as a whole.

President Trump Monday huddled with members of Congress to discuss plans to object to President-elect Joe Biden's Electoral College win and to force a debate on allegations of voter fraud.

Sorry to have been absent. Complications from my surgery, with infection. Please pray for resolution without needing to take out the new knee and start all over again in 6 months.

Anyway, I just read about voat.co going dark forever on Christmas Day. I will continue to post, in probably a slightly different format, on Parler at <https://www.parler.com/profile/Winsoftheday/posts> and on Twitter (until it is impossible to post there)

at [https://twitter.com/wins\\_day](https://twitter.com/wins_day)

Please follow me there and parley and retweet in order to make sure as many others as possible see our messages.

There has not been much in the way of true Wins of the Day these last couple days, but I'm praying there is a lot happening behind the scenes. It is meaningful that Trump has brought in people to run the DOJ who have military tribunal backgrounds. It is meaningful that Kamala still has not resigned her Senate seat. It is meaningful that the two GOP Senate candidates in Georgia are expected to win. It is meaningful that Trump has absolute control over special forces through his Secretary of Defense and Flynn's protege Ezra Cohen-Watnick.

The Storm: Volume Eleven

Let's see how this plays out. I don't see Trump as a surrendering type. And he knows the country - and his family - is in great peril if Biden is inaugurated.

In any event, I have enjoyed our back and forth here on QRV. Let's keep it going on Parler.

Even this morning I read of your attorney signaling surrender rather than fight by using any means necessary against an enemy with absolutely no qualms to win by any way they can even if it means destroying the people and the country they've drained dry for decades. 8/9

**Trump won't sign "relief" bill, demands \$2K each person, and no pork barrel items (mobile.twitter.com)**

Show me the last time a President actually took the time to fight for common Americans like this.

Bitch about him or call him a ZOGbot all you want, but Biden wouldn't stand up for people like this. Obama and Bush certainly wouldn't.

Of course they will not agree to his demands, let the bill fail, and then frame it as Trump sabotaging Biden, and that he doesn't care about people.

**WTF!!!: HIDDEN in the 5,893 page bill that @realDonaldTrump is anticipated to VETO is a provision that says: "Nullifies the President's use of the Insurrection Act."**

@LLinWood

Any member of Congress who votes to override @realDonaldTrump veto is a traitor to the United States of America.

Plus such an effort by Congress to limit the Chief Executive's use of the Insurrection Act is unconstitutional.

**Nothing can stop what is coming.**

Repost from another anon:

**NOTHING CAN STOP WHAT IS COMING**

Here is what we know right now as of the election in November. □

Trump has court cases still pending that will go to the Supreme Court & thanks to TX case he now knows how to file it under article 3 not 2 that will force them to hear it. He has the DNI report on Friday. Barr steps down on the 23rd (can now be a witness—he did his job). Durham is now a special counsel (can prosecute in any state - the Bidens) ✨

He's letting civil, criminal, federal courts fail to handle the situation properly so he can use military tribunals. He has the data (all of it) from NSA, the Kraken supercomputer, the Alice supercomputer, (probably a couple others we haven't heard about yet, too).

He has the dueling electors from 7 states legislatures. ✨

He has VP Pence as final arbiter of which ballots to accept on 1/6/20.

He has the insurrection act. The NDAA, the national emergency, the 14th amendment, t

He has the 2018 executive order allowing for rejection of the election based on Foreign interference which we now know is true□□, the 2017 very first EO, the Patriot Act, the FISA warrants, the possible Declassification of everything including Wikileaks. People swear affidavits will be by the 1,000,

His code scan guy just needs access to some real ballots & he can detect if they are fake by looking for creases & printing items using his scanner technology. ✨

Trump has all the statistical data being analyzed, the videos, emails, phone calls, bank transfer statements showing the coordination of the coup which Zickerberg manned and Sorros funded

He has RICO, he has the crimes against humanity videos, Wikileaks just dropped a ton & Assange will be pardoned so he can talk about Seth Rich. ✨

Now that the governors and secretary of states certified & Biden accepted, they committed and knowingly agreed to treason.

Solar Winds was just raided & Dominion is closing up shop. Same with politicians & media. ✨

## The Storm: Volume Eleven

Dominion serves 40% of the US market. It is in 30 states.

- The state of Texas rejected the machines. ✨
  - Admiral Peter Neffenger is on Biden’s transition team. ✨
  - Peter Neffenger was the President and on the board of Smartmatic ✨
  - Smartmatic entered into an agreement with Dominion in 2009 ✨
  - Smartmatic counted American votes in Venezuela ✨
  - Smartmatic is connected to Philippine voter fraud ✨
  - Smartmatic is run by Lord Mark Malloch Brown who works for George Soros. 💩
  - Brown chairs the Boards of a number of non-profit boards including the Open Society Foundation, 💩
  - Brown chairs the Centre for Global Development. 💩
  - Open society of course is owned by George Soros 💩
  - Smartmatic partnered with DLA Piper Global ✨
  - Douglas C. Emhoff works at DLA Piper Global ✨
  - Douglas C. Emhoff is Kamala Harris’s husband 💩
  - Guess who owns part of Dominion? Blum Capital Partners, L.P 🤔
  - Guess who owns Blum Capital? 🤔 Richard C. Blum 💩💩💩
- Richard C. Blum is husband to Dianne Feinstein. The California senator who helped head impeachment efforts. ✨
- Blum got much of his dirty money by buying thousands of foreclosed homes cheap during the Obama administration of families who lost their homes and turned them into Colony Homes 💩
- Nancy Pelosi’s husband is also an investor ✨
  - An aide to Nancy Pelosi, Nadeam Elshami, was hired by the Dominion Voting Systems ✨
  - Dominion Voting Systems is literally listed on the Clinton Foundation website. ✨
  - “The DELIAN Project: Democracy through Technology” is the title of the page. ✨
  - Georgia Governor Kemp purchased machines after Texas and Florida rejected them ✨
  - Dominion Voting has a lobbyist named Jared Thomas ✨

## Anonymous

- Mitt Romney (one of the vocal Rhino Republicans saying Trump should accept the election results) is a stockholder in Dominion 🤩
- Jared Thomas was Governor Brian Kemp’s chief of staff and press secretary from 2012 to 2015 🤩
- You must remember the Feinstein-Kavanaugh-Soros connections to understand the depth of all this ✨
- Debra Katz (Christine Ford’s lawyer) worked for George-Soros at the Open Society Foundation. 🤩
- Debra Katz (Christine Ford’s lawyer) also worked at Project on Government Oversight (POGO). ✨
- POGO is funded by Soros’s Open Society Foundation. ✨
- POGO is the co-signer of the letter Diane Feinstein had on Kavanaugh. ✨
- Kamala Harris did not prosecute One-West Bank for fraud ✨
- Soros owned One West Bank. ✨
- Now you know why a woman who placed 7th in her state is a VP candidate ✨🤩✨

He has the CIA servers from Germany used to change dominion machines, he will soon have access to the states machines too. ✨  
He baited them to staying in DC so they can be inaugurated, oops arrested. Biden hasn’t accepted any transition money nor has Kamala given up her seat. ✨✨✨

The military has infiltrated Antifa & BLM & he has the financials. He knows exactly which politicians took Chinese & Soros money. ✨  
He put in Miller & Watnick. ✨ If there were ever a maneuver that could be characterized as “unleashing the Kraken,” this is it: President Trump just pardoned Gen. Michael Flynn, who was framed and vilified by the corrupt, treasonous deep state because Flynn refused to betray his country and serve as Obama’s puppet.

✨✨✨✨

Flynn is now a free man, and all the efforts of the deep state to destroy him have failed. But that’s only a tiny slice of the real story unfolding here. The far bigger story is that Flynn is being put back into play at the DoD, working alongside Ezra Cohen-Watnick and Chris Miller (now the Secretary of Defense) to deploy all available

## The Storm: Volume Eleven

DoD resources to take down deep state traitors and defend the American Republic against its domestic enemies. 🌟🌟🌟🌟🌟

He just replaced Kissinger & Allbright on the National Security Advisory Board with his loyalists. 🌟

The military has been flying more planes over America and to Gitmo for the first time in years. 🌟

The navy just parked huge naval fleets on both coasts. The 82nd airborne is preparing for an operation (same group of Flynn & Donoghue). 🌟

Things are falling into place. 🌟 He has it all. 🌟 He is just laying out the case, building the narrative. 🌟 He knows he won & they cheated. 🌟 He gave them the chance to fix things. 🌟 They chose not to. Now they all go down.

Sidney Powell Says White House Aides Are Blocking Her Efforts to Help Trump

Attorney Sidney Powell said in a Dec. 23 interview with Zenger News that senior White House aides are preventing her from communicating with President Donald Trump and are blocking her efforts to assume a formal coordinating role in pursuing contest-of-election challenges on the president's behalf.

The interview followed what has been widely reported as a tense meeting at the Oval Office on Friday, first reported by The New York Times, with the participation of Trump, Powell, former national security adviser Michael Flynn, White House chief of staff Mark Meadows, and White House counsel Pat Cipollone. National security adviser Robert O'Brien and Trump attorney Rudy Giuliani reportedly participated by phone.

Powell told Zenger News that she was verbally offered the position of "special White House counsel" by Trump during Friday's meeting, but that she has been unable to present the president with paperwork that would make it official and that her appointment has effectively been blocked.

"It has not come to pass," Powell said, "because it seems it was blocked after Friday night, or undone, or I'm not sure what you'd call it" by senior White House staff, she suggested.

"Someone threw sand in the gears?" the interviewer asked.

"Something like that," Powell replied.

"I've been blocked from speaking to or communicating with the president since I left the Oval Office on Friday night," Powell said, "by apparently everyone around" the president.

Powell clarified that the role she was offered was “not a Robert Mueller-style special counsel,” but that “there was a discussion about me being a special White House counsel.” A special counsel is appointed by the Attorney General, while a special White House counsel can be appointed by the president.

Attorney General William Barr said at a press conference Monday that he doesn’t see a reason to appoint a special counsel to probe election fraud allegations.

“If I thought a special counsel at this stage was the right tool and was appropriate I would name one but I haven’t, and I’m not going to,” Barr said, adding that he stands by his earlier assessment that the Department of Justice had not found evidence of fraud of a significant enough scale that would overturn the election.

“I was commenting on the extent to which we had looked at suggestions or allegations of systemic or broad-based fraud that would affect the outcome of the election and I already spoke to that and I stand by that statement,” he said, adding that he believes “there was fraud in this election” on Nov. 3. “Let me just say that there [is] fraud in, unfortunately in most elections, I think we’re too tolerant of it,” he said.

Barr resigned from his role as Attorney General, with Dec. 23 being his last day in office.

Trump, in a tweet on Wednesday, doubled down on his calls for the appointment of a special counsel to probe election fraud.

“I disagree with anyone that thinks a strong, fast, and fair Special Counsel is not needed, IMMEDIATELY. This was the most corrupt election in the history of our Country, and it must be closely examined!” Trump wrote.

Since Election Day, Trump and third-party groups have pursued legal challenges to the outcome of the election in the six battleground states. None of the efforts have so far borne fruit.

Peter Navarro, an adviser to Trump, last week released a detailed report summarizing election irregularity allegations in six battleground states, concluding that they are serious enough to warrant an urgent probe and substantial enough to potentially overturn the results.

“If these election irregularities are not fully investigated prior to Inauguration Day and thereby effectively allowed to stand, this

nation runs the very real risk of never being able to have a fair presidential election again,” Navarro said in his report. According to reporting by Newsweek, White House Press Secretary Kayleigh McEnany declined to comment about whether any senior White House officials have blocked Powell from the White House. The White House did not immediately respond to a query from The Epoch Times regarding Powell’s contacts with Trump or the status of her appointment.

I am in nashville visiting my mom. Her apartment is on 2nd ave. At appx. 430 am we woke up hearing gunshots, like someone was firing into the air. I looked out of my window and saw an rv parked down there. At around 515 a loud speaker coming from the rv started announcing for people to get out and away from the area. It played the message over and over for nearly half an hour, finally it said, you have 15 minutes to get away. I got my family out of our building. We drove across to titan stadium and parked and waited. After about 20 minutes we started driving across the bridge when the explosion went up. The fireball went up as high as the bat building. Crazy. I would have been a great spot on the wall as my apt was right above the RV.

The ATT building in Nashville that was blown up today was owned by Cerebus Capital. Owners of Dominion Voting Systems, (the company many people are accusing of voter fraud) are former executives from Cerebus.

The Nashville bombing was not typical given there were no casualties and the prior evacuation warning, after gunshots were heard. Best guess is this was a terror attack targeting core infrastructure that was intercepted, possibly with Deep State targets being taken out in a firefight before a controlled detonation.

Nashville device explodes Christmas morning at 5:30am.

- when practically no one is present
  - after the RV has been packed there a day and a half
  - and a recording gives ample warning of its impending detonation
  - multiple reports of gunfire heard in the area shortly before detonation
  - cops have sufficient time to evacuate the area, almost no casualties
- [The most thoughtful and kind terrorist attack ever]

And the detonation blows up a leather goods shop and a jewelry store

- right across the street from a major AT&T data center
  - a hardened building loaded with backup power supply systems
  - huge amount of HVAC on the roof
- [Blast was a total failure, apparently, nothing of value was really hit]

The AT&T data center was ID'd as an NSA VoIP spy node by Snowden

- Binney confirmed
- [Only those whacked out conspiracy theorists would believe this was super advanced fuckery]

The detonation did little visible damage to the building, left a goodly sized crater

- underground cabling known to exist there
  - 911 net down in the area
  - AT&T customers in the region have zilch for networks now
- [Well, that's not odd at all, bombs create lots of swamp gas for UFO reflections]
