Introduction

The posts throughout this book pick up where Volume Eleven left off. These posts are a compilation of anonymous and non-anonymous drops by civilians, primarily coming from <https://greatawakening.win>. This text is in nature an ethnographic examination, as it's an analysis of content from specified places, along with personal commentary during a specified time. In Volume Thirteen, the content began on January 18, 2021 and carry on through February 2021.

Q has encouraged everyone to archive offline (i.e., Q posts: 672, 993, 1186). These books are just some examples of such an archive. These predominantly anonymous citizen posts are unedited, stemming from thousands of Americans and those in foreign countries across the world. These posts are only organized by the day of the week and the month in which they were posted. Some posts are news reports, while many posts are personal accounts by

Anonymous

the author/compiler and observations, social-media threads/tweets, videos, memes and Anon investigations of various political topics.

On over 17 occasions, Q has stated; “You are the news now.”

Therefore, the mainstream media is 100% irrelevant. The real investigations and facts are coming from anonymous citizens.

General Michael Flynn himself stated; “We have an army of digital solders... We have what we call; citizen journalists.”

While some may not be familiar with Q, or Q posts, we encourage you to look up “*Storm is Upon Us*” by Joe M on YouTube or Rumble, and watch the videos in chronological order to give yourself a starting point. We also recommend watching the documentary’s titled, *Out of Shadows*, *Plandemic: The Movie*, featuring Judy Mikovits, Ph.D., *UK’s Hidden Shadows*, *Trump Card* by Dinesh D’Souza, *The Plot Against the President*, and finally, *2020 Election Investigative Documentary: Who’s Stealing America?* which was produced by *The Epoch Times*. We also recommend a small book by James Perloff titled; *COVID-19 Red-Pilled and the Agenda to Come*. Then, and more importantly, visit *qanon.pub* or *operationq.pub* and read the Q posts in chronological order, which begin on October 28, 2017.

Explanation of WHY POTUS removed historic artifacts from the WH and moar.

D.C., as a CORPORATION, can NOT rule America when its restored back into a REPUBLIC. (AMERICA is currently a Corporation) The White House will likely NO LONGER be the Presidents house, hence the removal of historic artifacts.

The transition would necessitate the country be run from within the country itself, not a foreign nation state CORP. like D.C. And since D.C. is an ENEMY CORP. NATION within, we BUILT A WALL around it like its a tumor.

So, WHERE will the new 'white house' or Presidential residence be? Will POTUS donate a location? Mar a Lago (Lake to Sea)?

A side note, as a corporation, the USA is considered a 'DEAD BODY' (Corporation root Corpus/Corpse)

So, does the 'Great Awakening' and the Biblical 'Resurrection of the dead' take on new light???

Its gonna be BIBLICAL.

Will the entirety of DC be demolished with THEM trapped inside? DOWN SHE GOES. -Q

I work at a mid sized TV station. We just had a visit from the FCC along with two people with badges. I didn't get close enough to see what agency they were with.

We've been told to prepare for all of our programming to be pre-empted from 8 AM wednesday for up to 72 hours.

They told my boss he can be held criminally liable if he doesn't allow their feed to air.

He was almost in tears saying "I've never seen anything like this after 30 years in this business."

They scared the shit out of him and the district manager.

SCOTUS and Pence acted accordingly to the PLAN.

If SCOTUS or Pence did what we (selfishly) wanted them to do, then...

military would NOT have been the only way

there would have been no CHECKMATE

no CASTLE ROCK

no RED 1..6

no fence around the Capitol (owl in fence, when does a bird sing)

no Great Awakening (Trump would be President-Select for half the country)

So... are SCOTUS and Pence traitors? Maybe... but their inaction are not proof of that. So far, their inaction are perfectly consistent with THE PLAN.

Casual liberals know something is up.

I live and work surrounded by default liberals. WaPo, NYT readers, but not raging leftists. They have all at some point in casual conversation mentioned how we just "need to get through this inauguration without any trouble". They know. The question is how well they will accept it. I pray shocking evidence, truly shocking, is revealed quickly and disseminated without restriction. Without it, I'm left trying to explain like I'm talking to a five year old what's going on.

"The people who you've trusted are actually the bad guys" "That doesn't mean you are also a bad guy" "the military are the good guys"

Anybody have more tips on how to handle this. There's no way anyone will accept going straight to qdrops and decodes.

At this point hunker down and see what happens when SHTF. But at least we know the US military has it under control. My sense is that there is high military activity throughout the nation along with DC. I

Leftist big tech overlords calling for the de-platforming of truth telling broadcast news networks One America News and Newsmax because they have BIGGER AUDIENCES than CNN.

<https://www.whatdoesitmean.com/index3455.htm>

<https://www.rt.com/usa/512819-facebook-exec-deplatform-oann-newsmax/>

Former Facebook executive Alex Stamos likened Republicans in Congress to ISIS supporters and argued that conservative voices such as OANN and Newsmax must be quieted to return Americans to "consensual reality."

"We're going to have to figure out the OANN and Newsmax problem – you know, that these companies have freedom of speech, but I'm not sure we need Verizon, AT&T, Comcast and such to be bringing them into tens of millions of homes," Stamos said on Sunday in a CNN interview, suggesting that the conservative news outlets be banned by cable TV carriers. "This is allowing people to seek out information if they really want to, but not pushing it into their faces, I think, is where we're going to have to go here."

On CNN this morning: "We have to turn down the capability of these Conservative influencers to reach these huge audiences." "There are people on YouTube for example that have a larger audience than daytime CNN" Then calls for @OANN and @Newsmax to be deplatformed. pic.twitter.com/X34oewb1oU

— Benny (@bennyjohnson) January 17, 2021

Stamos, who was chief security officer at Facebook until August 2018, said press freedoms are being abused by "bad actors" that have an economic interest in becoming "more and more radical." As Fox News fell out of favor with devout Trump supporters for some of its post-election coverage – which Stamos called introducing "realism" in its reporting – OANN and Newsmax outflanked Fox "on the right" and allowed viewers to "put themselves into a sealed ecosystem," he argued.

"That becomes a huge challenge of figuring out, how do you bring those people back into the mainstream of fact-based reporting and try to get us all back into the same consensual reality?" Stamos said.

IMMEDIATE RELEASE

Statement by Acting Secretary of Defense Christopher Miller on National Guard Support in Washington, D.C.

JAN. 18, 2021

As is normal for military support to large security events, the Department will vet National Guardsmen who are in Washington, D.C. While we have no intelligence indicating an insider threat, we are leaving no stone unturned in securing the capital. This type of vetting often takes place by law enforcement for significant security events. However, in this case the scope of military participation is unique. The D.C. National Guard is also providing additional training to service members as they arrive in D.C. that if they see or hear something that is not appropriate, they should report it to their chain of command. We appreciate the support of the FBI in assisting with this task and for each of the more than 25,000 Guardsmen who answered their Nation's call and rapidly deployed to the NCR.

Was just speaking to a US Marshal friend...

He explained to me that the military has no authority to make arrests on US soil outside of a military base. The only people who can arrest elected officials are the US Marshals. And they can even arrest the president...

That's why they are swearing in 4000 us marshals from National Guard as we speak.

Checkmate.

These crumbs are not meant to scare anyone but merely inform. Resistance will be dealt with swiftly. The core focus is removing entrenched and fortified bad actors within our federal govt (past and present) as well as others. Simply be diligent - phone numbers will be provided if you witness an uprising or other domestic violence (in addition to 911). Media is in full tailspin.

I am a Registered Nurse and I often work nights. Like most of you I despise the MSM. I never watch it. Most of my patients at the hospital are older patients and they tend to watch a lot of news, so I overhear a lot of what they say. Over the last couple of days, I have never seen fake news to this level. There is so much panic, you can tell that the media is trying to get ahead of the story, yet they have no idea what is about to happen. I keep hearing “insurrection”, “military coup”, “qanons”. This truly is PANIC IN DC

Holy shit did we just learn the Keystone??? Executive Order signed today goes after SESs. "The Senior Executive Service (SES) lead America's workforce. As the keystone of the Civil Service Reform Act of 1978" Trumps about to nuke the bureaucracy that's undermining our Republic. The keystone.

Conspiracy realist or Coincidence theorist?

Here's an interesting one... Conspiracy realist or Coincidence theorist. What's the difference? I'll show you—THIS is a Coincidence theory:

"The Chinese biological laboratory in Wuhan is owned by Glaxosmithkline who (by coincidence) owns Pfizer! (the one who produces the vaccine for the virus that (by coincidence) started in the biological laboratory in Wuhan, which (by coincidence) was funded by Dr. Fauci who is (by coincidence) promoting the vaccine!

GlaxoSmithKline (by coincidence) is managed by Black Rock finances who (by coincidence) manages the finances of the Open Foundation Company (Soros Foundation) which (by coincidence) serves the French AXA!

By coincidence Soros owns the German company Winterthur which (by coincidence) built the Chinese laboratory in Wuhan and was bought by the German Allianz which (by coincidence) has Vanguard as a shareholder which (by coincidence) is a shareholder of Black Rock, which (by coincidence) controls the central banks and manages about one third of the global investment capital.

Black Rock (by coincidence) is also a major shareholder of MICROSOFT, the property of Bill Gates, who (by coincidence) is a shareholder of Pfizer (which—you remember? is selling the miracle vaccine) and (by coincidence) is currently the first sponsor of WHO !!!

So now you understand how a dead bat sold in a wet market in China infected the ENTIRE PLANET!!

The military occupation has already happened.

11.2.2 Standard for Determining When Territory Is Considered Occupied. Territory is considered occupied when it is actually placed under the authority of the hostile forces.⁵⁴

This standard for when the law of belligerent occupation applies is reflected in Article 42 of the Hague IV Regulations and is regarded as customary international law.⁵⁵

11.2.2.1 "Actually Placed" – Effectiveness of Occupation. Military occupation must be actual and effective; that is, the organized resistance must have been overcome, and the Occupying Power must have taken measures to establish its authority.⁵⁶

It is sufficient that the occupying force can, within a reasonable time, send detachments of forces to enforce its authority within the occupied district. Military occupation does not require the presence of military forces in every populated area, although the occupying force must, *inter alia*, control the most important places.⁵⁷ ←

The type of forces used to maintain the authority of the Occupying Power is not material. For example, the occupation might be maintained by permanently based units or mobile forces, either of which would be able to send detachments of forces to enforce the authority of the Occupying Power within the occupied district.⁵⁸ However, air superiority alone would not constitute an effective occupation.

Similarly, as long as the occupation is effective, there is no precise number of forces that are considered necessary to constitute an effective occupation. The number of forces necessary to maintain effective occupation will depend on various considerations, such as the disposition of the inhabitants, the number and density of the population, the nature of the terrain, and similar factors.⁵⁹

An occupation may be effective despite the existence of areas in the enemy State that are temporarily controlled by enemy forces or pockets of resistance. For example, the fact that a defended location (such as a city or town) still controlled by enemy forces exists within an area declared occupied by the Occupying Power does not render the occupation of the remainder of the area invalid, provided that continued resistance in such place or defended zone does not render the occupier unable to exercise control over the remainder of the occupied territory.⁶⁰ Similarly, an occupation may continue to be effective despite intermittent insurgent attacks or temporary seizures of territory by resistance forces.⁶¹

Red Castle, Green Castle.

We are the last ones standing.

We are the last Trump supporters left online, every other place, we are shunned and forced out. We have been censored and silenced. From Reddit, to Twitter, Facebook, and then Parler...we created the _donald because of Reddit censored us. And now, even the _donald, trumps biggest supporters, have given up hope. But we haven't. We still believe that President Trump will do what is right. What so many Americans are praying for. This is in Gods hands...and I have faith in him. We will win.

2Kings 11-17

11 Therefore the heart of the king of Syria was greatly troubled by this thing; and he called his servants and said to them, "Will you not show me which of us is for the king of Israel?"

Anonymous

12 And one of his servants said, "None, my lord, O king; but Elisha, the prophet who is in Israel, tells the king of Israel the words that you speak in your bedroom."

13 So he said, "Go and see where he is, that I may send and get him." And it was told him, saying, "Surely he is in Dothan."

14 Therefore he sent horses and chariots and a great army there, and they came by night and surrounded the city.

15 And when the servant of the man of God arose early and went out, there was an army, surrounding the city with horses and chariots. And his servant said to him, "Alas, my master! What shall we do?"

16 So he answered, "Do not fear, for those who are with us are more than those who are with them."

17 And Elisha prayed, and said, "Lord, I pray, open his eyes that he may see." Then the Lord opened the eyes of the young man, and he saw. And behold, the mountain was full of horses and chariots of fire all around Elisha.

Trump is the commander-in-chief of the military - There is no "transferring power to the military" He LEADS the military. Trump shall remain president while the military does its DUTY. I do not like this giving away power angle - continuity demands that there is always a leader, always a president. Trump will at all times remain and continue to be President until China Joe is gently remanded into comfortable custody and given a cool drink and a set of rubber tits to play with while his trial is scheduled.

Governments from around the world had donated to the Clinton Foundation prior to the 2016 election.

From 2001 to 2005 there was an ongoing investigation into the Clinton Foundation. A Grand Jury had been empaneled.

Governments from around the world had donated to the “Charity”. Yet, from 2001 to 2003 none of those “Donations” to the Clinton Foundation were declared. Hmm, now you would think that an honest investigator would be able to figure this out.

Guess who took over this investigation in 2002? None other than James Comey. Now, that’s interesting, isn’t it?

Guess who was transferred in to the Internal Revenue Service to run the Tax Exemption Branch of the IRS? Lois Lerner... Now, that’s interesting, isn’t it?

Guess who ran the Tax Division inside the Department of Injustice from 2001 to 2005? None other than the Assistant Attorney General of the United States, Rod Rosenstein.

Guess who was the Director of the Federal Bureau of Investigation during this timeframe??? Robert Mueller. What do all four casting characters have in common? They all were briefed and/or were front line investigators into the Clinton Foundation Investigation.

Let’s fast forward to 2009, shall we? James Comey leaves the Justice Department to go and cash-in at Lockheed Martin.

Hillary Clinton is running the State Department, on her own personal email server by the way. The Uranium One “issue” comes to the attention of the Hildabeast. Like all good public servants do, you know looking out for America’s best interest, she decides to support the decision and approve the sale of 20% of US Uranium to” no other than?

However, prior to the sales approval, no other than Arkansas Bill goes to Moscow, gets paid 500K for a one hour speech then meets with Vladimir Putin at his home for a few hours.

Well, not so fast, the FBI had a mole inside the money laundering and bribery scheme. Guess who was the FBI Director during this timeframe? Yep, Robert Mueller. He even delivered a Uranium Sample to Moscow in 2009.

Guess who was handling that case within the Justice Department out of the US Attorney’s Office in Maryland. No other than, Rod Rosenstein.

Anonymous

Guess what happened to the informant? The Department of Justice placed a GAG order on him and threatened to lock him up if he spoke out about it.

How does 20% of the most strategic asset of the United States of America end up in Russian hands when the FBI has an informant, a mole providing inside information to the FBI on the criminal enterprise?

~145 million dollars in “donations” made their way into the Clinton Foundation from entities directly connected to the Uranium One deal.

Guess who was still at the Internal Revenue Service working the Charitable Division? No other than, Lois Lerner.

Ok, that’s all just another series of coincidences, nothing to see here, right? Let’s fast forward to 2015.

Due to a series of tragic events in Benghazi and after the 9 “investigations” the House, Senate and at State Department, Trey Gowdy who was running the 10th investigation as Chairman of the Select Committee on Benghazi discovers that the Hildabeast ran the State Department on a unclassified, unauthorized, outlaw personal email server.

He also discovered that none of those emails had been turned over when she departed her “Public Service” as Secretary of State which was required by law. He also discovered that there was Top Secret information contained within her personally archived email.

I will spare you the State Departments cover up, the nostrums they floated, the delay tactics that were employed and the outright lies that were spewed forth from the necks of the Kerry State Department, we shall leave it with this..... they did everything humanly possible to cover for the Hildabeast.

Now this is amazing, guess who became FBI Director in 2013?

Guess who secured 17 no bid contracts for his employer with the State Department and was rewarded with a six million dollar thank you present when he departed his employer. No other than James Comey.

Now he is the FBI Director in charge of the “Clinton Email Investigation” after of course his FBI Investigates the Lois Lerner “Matter” at the Internal Revenue Service and exonerates her.

Can you guess what happened next? In April 2016, James Comey drafts an exoneration letter of Hillary Rodham Clinton, meanwhile

the DOJ is handing out immunity deals like candy. They didn't even convene a Grand Jury.

Like a lightning bolt of statistical impossibility, like a miracle from God himself, like the true "Gangsta" Homey is, James steps out into the cameras of an awaiting press conference on July the 8th of 2016, and exonerates the Hildabeast from any wrongdoing. Can you see the pattern?

I could go on, Rosenstein becomes Asst. Attorney General, Comey gets fired based upon a letter by Rosenstein, Comey leaks government information to the press, Mueller is assigned to the Russian Investigation sham by Rosenstein to provide cover for decades of malfeasance within the FBI and DOJ and the story continues.

FISA Abuse, political espionage..... pick a crime, any crime, chances are..... this group and a few others did it.

All the same players. All compromised and conflicted. All working fervently to NOT go to jail themselves. All connected in one way or another to the Clinton's.

How many lives have these two destroyed? It cannot be numbered. As of this writing, the Clinton Foundation, in its 20+ years of operation of being the largest International Charity Fraud in the history of mankind, has never been audited by the Internal Revenue Service.

POTUS delivers his Farwell Address to the Nation. It's taped and he never, not once, mentions Biden or Harris. It's FUCKING ON!

<https://www.whitehouse.gov/briefings-statements/remarks-president-trump-farewell-address-nation/>

The White House

THE PRESIDENT: My fellow Americans: Four years ago, we launched a great national effort to rebuild our country, to renew its spirit, and to restore the allegiance of this government to its citizens. In short, we embarked on a mission to make America great again — for all Americans.

As I conclude my term as the 45th President of the United States, I stand before you truly proud of what we have achieved together. We did what we came here to do — and so much more.

This week, we inaugurate a new administration and pray for its success in keeping America safe and prosperous. We extend our best wishes, and we also want them to have luck — a very important word.

I'd like to begin by thanking just a few of the amazing people who made our remarkable journey possible.

First, let me express my overwhelming gratitude for the love and support of our spectacular First Lady, Melania. Let me also share my deepest appreciation to my daughter Ivanka, my son-in-law Jared, and to Barron, Don, Eric, Tiffany, and Lara. You fill my world with light and with joy.

I also want to thank Vice President Mike Pence, his wonderful wife Karen, and the entire Pence family.

Thank you as well to my Chief of Staff, Mark Meadows; the dedicated members of the White House Staff and the Cabinet; and all the incredible people across our administration who poured out their heart and soul to fight for America.

I also want to take a moment to thank a truly exceptional group of people: the United States Secret Service. My family and I will forever be in your debt. My profound gratitude as well to everyone in the White House Military Office, the teams of Marine One and Air Force One, every member of the Armed Forces, and state and local law enforcement all across our country.

The Storm: Volume Thirteen

Most of all, I want to thank the American people. To serve as your President has been an honor beyond description. Thank you for this extraordinary privilege. And that's what it is — a great privilege and a great honor.

We must never forget that while Americans will always have our disagreements, we are a nation of incredible, decent, faithful, and peace-loving citizens who all want our country to thrive and flourish and be very, very successful and good. We are a truly magnificent nation.

All Americans were horrified by the assault on our Capitol. Political violence is an attack on everything we cherish as Americans. It can never be tolerated.

Now more than ever, we must unify around our shared values and rise above the partisan rancor, and forge our common destiny.

Four years ago, I came to Washington as the only true outsider ever to win the presidency. I had not spent my career as a politician, but as a builder looking at open skylines and imagining infinite possibilities. I ran for President because I knew there were towering new summits for America just waiting to be scaled. I knew the potential for our nation was boundless as long as we put America first.

So I left behind my former life and stepped into a very difficult arena, but an arena nevertheless, with all sorts of potential if properly done. America had given me so much, and I wanted to give something back.

Together with millions of hardworking patriots across this land, we built the greatest political movement in the history of our country. We also built the greatest economy in the history of the world. It was about "America First" because we all wanted to make America great again. We restored the principle that a nation exists to serve its citizens. Our agenda was not about right or left, it wasn't about Republican or Democrat, but about the good of a nation, and that means the whole nation.

With the support and prayers of the American people, we achieved more than anyone thought possible. Nobody thought we could even come close.

We passed the largest package of tax cuts and reforms in American history. We slashed more job-killing regulations than any administration had ever done before. We fixed our broken trade

Anonymous

deals, withdrew from the horrible Trans-Pacific Partnership and the impossible Paris Climate Accord, renegotiated the one-sided South Korea deal, and we replaced NAFTA with the groundbreaking USMCA — that's Mexico and Canada — a deal that's worked out very, very well.

Also, and very importantly, we imposed historic and monumental tariffs on China; made a great new deal with China. But before the ink was even dry, we and the whole world got hit with the China virus. Our trade relationship was rapidly changing, billions and billions of dollars were pouring into the U.S., but the virus forced us to go in a different direction.

The whole world suffered, but America outperformed other countries economically because of our incredible economy and the economy that we built. Without the foundations and footings, it wouldn't have worked out this way. We wouldn't have some of the best numbers we've ever had.

We also unlocked our energy resources and became the world's number-one producer of oil and natural gas by far. Powered by these policies, we built the greatest economy in the history of the world.

We reignited America's job creation and achieved record-low unemployment for African Americans, Hispanic Americans, Asian Americans, women — almost everyone.

Incomes soared, wages boomed, the American Dream was restored, and millions were lifted from poverty in just a few short years. It was a miracle. The stock market set one record after another, with 148 stock market highs during this short period of time, and boosted the retirements and pensions of hardworking citizens all across our nation. 401(k)s are at a level they've never been at before. We've never seen numbers like we've seen, and that's before the pandemic and after the pandemic.

We rebuilt the American manufacturing base, opened up thousands of new factories, and brought back the beautiful phrase: "Made in the USA."

To make life better for working families, we doubled the child tax credit and signed the largest-ever expansion of funding for childcare and development. We joined with the private sector to secure commitments to train more than 16 million American workers for the jobs of tomorrow.

The Storm: Volume Thirteen

When our nation was hit with the terrible pandemic, we produced not one, but two vaccines with record-breaking speed, and more will quickly follow. They said it couldn't be done but we did it. They call it a "medical miracle," and that's what they're calling it right now: a "medical miracle."

Another administration would have taken 3, 4, 5, maybe even up to 10 years to develop a vaccine. We did in nine months.

We grieve for every life lost, and we pledge in their memory to wipe out this horrible pandemic once and for all.

When the virus took its brutal toll on the world's economy, we launched the fastest economic recovery our country has ever seen.

We passed nearly \$4 trillion in economic relief, saved or supported over 50 million jobs, and slashed the unemployment rate in half.

These are numbers that our country has never seen before.

We created choice and transparency in healthcare, stood up to big pharma in so many ways, but especially in our effort to get favored-nations clauses added, which will give us the lowest prescription drug prices anywhere in the world.

We passed VA Choice, VA Accountability, Right to Try, and landmark criminal justice reform.

We confirmed three new justices of the United States Supreme Court. We appointed nearly 300 federal judges to interpret our Constitution as written.

For years, the American people pleaded with Washington to finally secure the nation's borders. I am pleased to say we answered that plea and achieved the most secure border in U.S. history. We have given our brave border agents and heroic ICE officers the tools they need to do their jobs better than they have ever done before, and to enforce our laws and keep America safe.

We proudly leave the next administration with the strongest and most robust border security measures ever put into place. This includes historic agreements with Mexico, Guatemala, Honduras, and El Salvador, along with more than 450 miles of powerful new wall.

We restored American strength at home and American leadership abroad. The world respects us again. Please don't lose that respect.

We reclaimed our sovereignty by standing up for America at the United Nations and withdrawing from the one-sided global deals that never served our interests. And NATO countries are now paying hundreds of billions of dollars more than when I arrived just a few

Anonymous

years ago. It was very unfair. We were paying the cost for the world. Now the world is helping us.

And perhaps most importantly of all, with nearly \$3 trillion, we fully rebuilt the American military — all made in the USA. We launched the first new branch of the United States Armed Forces in 75 years: the Space Force. And last spring, I stood at Kennedy Space Center in Florida and watched as American astronauts returned to space on American rockets for the first time in many, many years.

We revitalized our alliances and rallied the nations of the world to stand up to China like never before.

We obliterated the ISIS caliphate and ended the wretched life of its founder and leader, al Baghdadi. We stood up to the oppressive Iranian regime and killed the world's top terrorist, Iranian butcher Qasem Soleimani.

We recognized Jerusalem as the capital of Israel and recognized Israeli sovereignty over the Golan Heights.

As a result of our bold diplomacy and principled realism, we achieved a series of historic peace deals in the Middle East. Nobody believed it could happen. The Abraham Accords opened the doors to a future of peace and harmony, not violence and bloodshed. It is the dawn of a new Middle East, and we are bringing our soldiers home. I am especially proud to be the first President in decades who has started no new wars.

Above all, we have reasserted the sacred idea that, in America, the government answers to the people. Our guiding light, our North Star, our unwavering conviction has been that we are here to serve the noble everyday citizens of America. Our allegiance is not to the special interests, corporations, or global entities; it's to our children, our citizens, and to our nation itself.

As President, my top priority, my constant concern, has always been the best interests of American workers and American families. I did not seek the easiest course; by far, it was actually the most difficult. I did not seek the path that would get the least criticism. I took on the tough battles, the hardest fights, the most difficult choices because that's what you elected me to do. Your needs were my first and last unyielding focus.

This, I hope, will be our greatest legacy: Together, we put the American people back in charge of our country. We restored self-government. We restored the idea that in America no one is

forgotten, because everyone matters and everyone has a voice. We fought for the principle that every citizen is entitled to equal dignity, equal treatment, and equal rights because we are all made equal by God. Everyone is entitled to be treated with respect, to have their voice heard, and to have their government listen. You are loyal to your country, and my administration was always loyal to you. We worked to build a country in which every citizen could find a great job and support their wonderful families. We fought for the communities where every American could be safe and schools where every child could learn. We promoted a culture where our laws would be upheld, our heroes honored, our history preserved, and law-abiding citizens are never taken for granted. Americans should take tremendous satisfaction in all that we have achieved together. It's incredible.

Now, as I leave the White House, I have been reflecting on the dangers that threaten the priceless inheritance we all share. As the world's most powerful nation, America faces constant threats and challenges from abroad. But the greatest danger we face is a loss of confidence in ourselves, a loss of confidence in our national greatness. A nation is only as strong as its spirit. We are only as dynamic as our pride. We are only as vibrant as the faith that beats in the hearts of our people.

No nation can long thrive that loses faith in its own values, history, and heroes, for these are the very sources of our unity and our vitality.

What has always allowed America to prevail and triumph over the great challenges of the past has been an unyielding and unashamed conviction in the nobility of our country and its unique purpose in history. We must never lose this conviction. We must never forsake our belief in America.

The key to national greatness lies in sustaining and instilling our shared national identity. That means focusing on what we have in common: the heritage that we all share.

At the center of this heritage is also a robust belief in free expression, free speech, and open debate. Only if we forget who we are, and how we got here, could we ever allow political censorship and blacklisting to take place in America. It's not even thinkable. Shutting down free and open debate violates our core values and most enduring traditions.

Anonymous

In America, we don't insist on absolute conformity or enforce rigid orthodoxies and punitive speech codes. We just don't do that. America is not a timid nation of tame souls who need to be sheltered and protected from those with whom we disagree. That's not who we are. It will never be who we are.

For nearly 250 years, in the face of every challenge, Americans have always summoned our unmatched courage, confidence, and fierce independence. These are the miraculous traits that once led millions of everyday citizens to set out across a wild continent and carve out a new life in the great West. It was the same profound love of our God-given freedom that willed our soldiers into battle and our astronauts into space.

As I think back on the past four years, one image rises in my mind above all others. Whenever I traveled all along the motorcade route, there were thousands and thousands of people. They came out with their families so that they could stand as we passed, and proudly wave our great American flag. It never failed to deeply move me. I knew that they did not just come out to show their support of me; they came out to show me their support and love for our country. This is a republic of proud citizens who are united by our common conviction that America is the greatest nation in all of history. We are, and must always be, a land of hope, of light, and of glory to all the world. This is the precious inheritance that we must safeguard at every single turn.

For the past four years, I have worked to do just that. From a great hall of Muslim leaders in Riyadh to a great square of Polish people in Warsaw; from the floor of the Korean Assembly to the podium at the United Nations General Assembly; and from the Forbidden City in Beijing to the shadow of Mount Rushmore, I fought for you, I fought for your family, I fought for our country. Above all, I fought for America and all it stands for — and that is safe, strong, proud, and free.

Now, as I prepare to hand power over to a new administration at noon on Wednesday, I want you to know that the movement we started is only just beginning. There's never been anything like it. The belief that a nation must serve its citizens will not dwindle but instead only grow stronger by the day.

As long as the American people hold in their hearts deep and devoted love of country, then there is nothing that this nation cannot

The Storm: Volume Thirteen

achieve. Our communities will flourish. Our people will be prosperous. Our traditions will be cherished. Our faith will be strong. And our future will be brighter than ever before. I go from this majestic place with a loyal and joyful heart, an optimistic spirit, and a supreme confidence that for our country and for our children, the best is yet to come. Thank you, and farewell. God bless you. God bless the United States of America.

The "election" of Biden was a fraud. The US propaganda media has hidden that truth to many in America. Almost half the country has been deceived. People in other countries around the world know that Biden cheated and that Trump won because they have been exposed to more truth.

Use your common sense. Do you really think Biden got more votes than Obama and Hillary??? He did not campaign. His prior runs for office were dismal failures. He had no crowds at rallies. Look at Trump. His rallies were jam packed. There was a 92 mile caravan of supporters in Arizona. Do you really think he lost Arizona??? No way!

And, I will tell you that the future of this country has never been better.

I think they'll have great success.

They have the foundation to do something really spectacular.

And, again, we put it in a position like it's never been before, despite the worst plague to hit since, I guess you'd say 1917, over a hundred years ago.

And, despite that, the things we have done are just incredible and I couldn't have done it without you.

From all the comments I see, people are now at the precipice of destruction, think about what you know, think about all those who know absolutely nothing, they are hearing mask mandates, forced vaccinations, censorship etc... This is the precipice of destruction. Q gave two watches. The first was on the 19th @4:59, Trump declassified the information, the 2nd watch is the 27 @ 3:06. We all knew this was going to on for days after the 20th. For those who cannot handle this I can understand, taking back the country was never going to be easy, people must understand the true meaning of freedom. Our founding fathers had to fight a war with the most powerful force in the world, most of the people thought it was over before it began, but the war turned in favor of the patriots. Hold The Line is not just a phrase. Patriots have faith, they understand the cost of Freedom. Patriot (A person who loves his country, and zealously supports and defends it and its interests.).

In the beginning of a change the patriot is a scarce man, and brave, and hated and scorned. When his cause succeeds, the timid join him, for then it costs nothing to be a patriot. MT

Like many of you, I am in shock by today, and then I realized why it had to happen and that Q told us it would happen and, why this NEEDED to happen. Q did tell us that a SCARE EVENT would be needed. Well, are you scared yet?

1.) Q posts 4821 and 4822, from Oct. 7th 2020, told us about Biden being sworn in and would the countries he took bribes from then be in control of the government. [Important point I will be coming back to].

2.) Biden had to take a private jet to Washington, D.C. and was not sent a government plan. This was the first time in history this has happened [Again, I will get back to it].

3.) Many of us assumed when Trump and those in his administration were referring to the next administration it meant the military. We

expected him to step down (to remain neutral as Q said) while all this went down. Trump did say that the next administration would take over at noon today

Like many, I thought this was over when Biden was sworn in as he now became the CiC. Boy, was I wrong. Because of the fraud (as pointed out), if the military has the proof of it then they have a duty under military code to remove the false government and restore a new legal civilian government under military code 11.3 which triggered when Biden was sworn in today (Q#26: when 11.3 verifies as 1st marker).

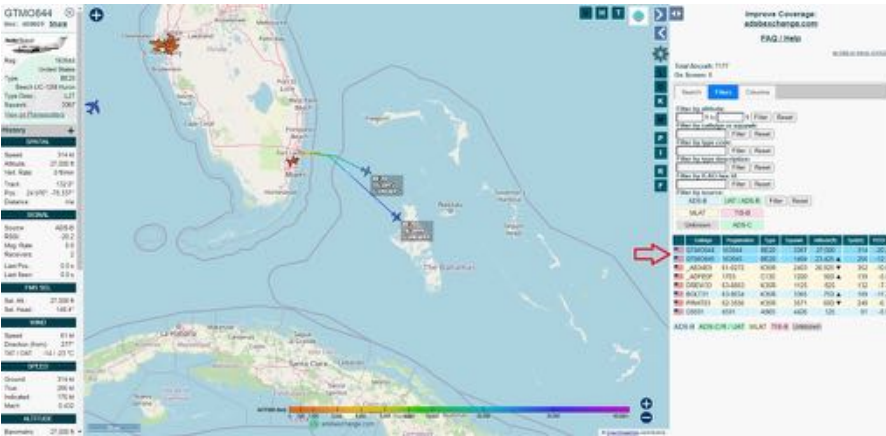

There was a fear in the McCarthy era that the communists could take over our government, so provisions were put in place for the military to protect us should that happen. These provisions allow the military to take control while they remove the belligerent government and restore a legal civilian government (with the military running the elections to do that). Literally, the military was put in place as the last line of defense of the Constitution should an illegal government be installed.

This is why they didn't send a government plane for the President-Elect - because they know he is not a legitimate President and, once he was sworn in, the government became illegitimate (belligerent) and the military is now responsible for restoring legitimate civilian government (otherwise foreign powers will gain control - see #1 above).

Q said the end wouldn't be for everybody. We have been told by Trump, Flynn and other that America would soon get a lesson in the Constitution. Well folks, effective at noon today, when Biden illegally swore in with assistance of foreign nations, he just made the government illegitimate and effectively put the military in control. So, while like many, I thought it was over when Biden was sworn in today, I realized Q told us it NEEDED to happen for the military to assume control without it being a military coup (Q said it all had to be done by the book).

Two GTMO flights outbound. Unusual, to say the least.

Final minute moves:

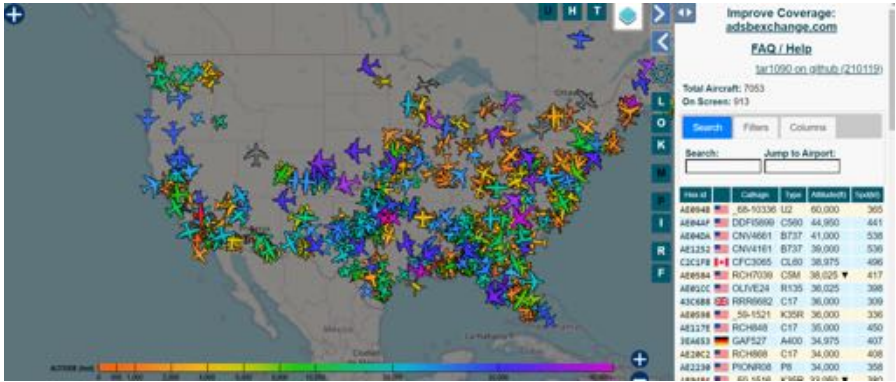

- DECLAS of documents, much related to SpyGate
- Unsealing of documents in the Ghislaine Maxwell case
- 150 pardons coming
- Biden oddly cries his eyes out
- Trump drops a "farewell" video, only references a "new administration" being next, doesn't mention Biden's name once
- Key R's not going to Trump's farewell send off but going to inauguration (even Trump's own VP)
- Gina Haspel steps down from CIA Director
- Chris Miller installs patriot as NSA's top lawyer
- MSM/FBI cronies desperate to "vet" the National Guard troops
- WaPo desperate to discredit Q with "FBI Intelligence briefing" bullshit story
- Biden DNI pick desperate to discredit Q at confirmation hearings

Even if there is a show put on at this inauguration tomorrow, Biden gets sworn in and takes the oath essentially finalizing the mass treason election steal, what in the absolute hell is going to happen in the next 24-72 hours?

FOR IMMEDIATE RELEASE

Statement from Senate President Fann on agreement with Maricopa County Board of Supervisors

"I am pleased to announce that after a hard-fought battle to seek information on behalf of Arizona voters regarding the integrity of the 2020 election, we have reached a favorable agreement with the Maricopa County Board of Supervisors. Not only has the Board agreed to turn over all the relevant information we sought in our subpoenas so that we may perform an audit, but they also acknowledge that the Legislature is a sovereign power of the state and that the county is a political subdivision, and as such, the Legislature has the constitutional and statutory authority to issue subpoenas. Chairman Jack Sellers was instrumental in facilitating this agreement and I appreciate his efforts. I look forward to continuing our work to restore integrity and faith in our election process."

The Storm: Volume Thirteen

WASHINGTON, D.C. (KXAN) — On Monday afternoon, a curious change was made on the U.S. Department of State's website: "Donald J. Trump's term ended on 2021-01-11 19:40:41."

And at the same:

<https://trumpwhitehouse.archives.gov/briefings-statements/president-donald-j-trump-approves-district-columbia-emergency-declaration/>
How can you declare an emergency "resulting from the 59th Presidential Inauguration" when it hasn't happened yet.... Or did it?

Biden is only the president of a DEFUNCT Corporation of the US. He has NO actual authority. I believe that FEMA/Mil are now in charge. Doesn't matter what Biden tries to do if no one carries out his orders bc they know he is a fraudulent president. The mil is sworn to protect the Constitution and they know this was a fraudulent inauguration. They have no allegiance to Beijing Biden. I expected to see action by now. But just because I didn't see doesn't mean I am giving up.

There are MANY VARIABLES we don't see -- bomb threats to the SC this morning, and to state caps recently. Plan has to be flexible to neutralize any and all threats to the public before mil can start arresting people.

No way this is the end. No way DJT would give up or walk away, because in addition to his UNFAILING LOYALTY TO THE PEOPLE, HIS LIFE is literally on the line. This was always a do or die battle.

And why would he issue so many EO's in the last few days if he was REALLY going to let Biden take over? And make so many personnel changes?

This ain't over.

Right now, we need to remain calm and wait and see what happens once the smoke settles.

HOLD THE LINE!

DOES FEMA TAKE OVER AT MIDNIGHT? Here me out...

If military have seen PROOF that Biden was fraudulently elected/is guilty of treason/is a pedophile, they cannot recognize him as the lawful president.

Since Trump, even though he was the rightful winner, was not certified by Congress, they also cannot recognize him as the lawful president.

If the Corporation of the United States has no LAWFUL president by midnight, it automatically dissolves.

COULD THIS HAVE BEEN THE PLAN ALL ALONG?

So FEMA takes over at midnight and operates according to their oath of allegiance to the Constitution. And with the Corp of the US dissolved, we return to our ORIGINAL constitution, prior to the illegal Act of 1871, and reclaim our sovereign status and declare DC to be an enemy occupation.

The military then handles arrests, tribunals, and new elections.

Trump had to step aside so that he would NOT be a party to any of this action. Purely military response to an attempted coup/insurrection.

After all the tribunals are over, we have elections to replace 95% of our govt who took extended vacays at GITMO. Trump, who was the legitimate winner of the pres race (and there is proof that he won BIGLY), is inaugurated on March 4 as the 19th president of the Restored Republic.

Do I have proof? No. It's a military op. We aren't meant to KNOW what's going on. But after reading exhaustive accounts of the Act of 1871 and watching hours of brain melting explanations of how our republic was hijacked by a shadow government who enacted illegal amendments to enslave us to the central banks and the IRS, and listening to several highly illuminating and logical discussions of this

The Storm: Volume Thirteen

subject in multiple Bards FM vids on YT, this makes the most logical sense. To me, anyway.

Check it out or write it off -- your choice.

All I know is Trump did NOT concede, and he would NEVER give up without

a) letting us know; and b) moving to another galaxy

because he knows the DS want his head on a platter. This was always a fight to the death, and we can't forget that.

Until he tells me otherwise, I remain loyal to Trump and I am keeping the faith! I'm ready to see the PAIN COME DOWN like I know it will!!

Lol Biden's inauguration has less than 300k views and 10 times more thumbs down than thumbs up and the WH. Gov took it down.

Most popular president ever? 80 million votes? Big fucking lies.

I guarantee if Trump made a video of himself taking a shit it would crush Biden's ignarguration.

Are you really surprised?

My wife, who does not follow politics, hit me with some massive hope!

I, like many of you, wanted everything to happen on live TV today for the world to see! Man, that would have been amazing!!!...and absolutely retarded.

This scenario would have made us so happy! But let's be real here, the world would have flipped out. If they arrested everyone at the capital, the division would have been so insane and the world would have been against us.

Remember, TRUMP MUST REMAIN NEUTRAL.

So she continues on saying "if this really is some military operation like you say it's....I rant to her a lot.... then wouldn't they make it have to look like Trump has nothing to do with this? Cause the world would never accept it if trump had anything to do with it at all."

She then asked about how long the national guard was there...I let her know the order is until the 24th...and she goes on about how if this is a military op, it would make much more sense for them to do this now...it's the only way people won't freak out and will actually accept it.

I think I actually decoded Pompeos 1384 days tweet. And its not just about Q post 1384.

1384 days from now, it will be 11.4 (2024) not only does to lead to Q post 1384 which is a mindblower, and NOT ONLY is this day after election day in 2024, BUT 11.4 comes after 11.3 from the DoD Manual (Obviously). If you're up to date on info, you'd know that 11.3 is the first marker to look for. let me copy paste what section 11.4 says below This looks very much like it relates to the temporary military occupancy of DC.

11.4 LEGAL POSITION OF THE OCCUPYING POWER Military occupation of enemy territory involves a complicated, trilateral set of legal relations between the Occupying Power, the temporarily ousted sovereign authority, and the inhabitants of occupied territory.⁹² The fact of occupation gives the Occupying Power the right to govern enemy territory temporarily, but does not transfer sovereignty over occupied territory to the Occupying Power.

11.4.1 Right of the Occupying Power to Govern the Enemy Territory Temporarily. The right to govern the territory of the enemy during its military occupation is one of the incidents of war. By the fact of occupation (i.e., the Occupying Power's established power over occupied territory),* the Occupying Power is conferred the authority to exercise some of the rights of sovereignty. The exercise of these sovereign rights also results from the necessity of maintaining law and order, indispensable both to the inhabitants and to the occupying force, and the failure or inability of the legitimate government to exercise its functions, or the undesirability of allowing it to do so.

11.4.2 Limitations on the Power of the Occupying Power Stemming From Its Lack of Sovereignty Over Occupied Territory. Belligerent occupation in a foreign war, being based upon the possession of enemy territory, necessarily implies that the sovereignty of the occupied territory is not vested in the Occupying Power. Occupation is essentially provisional. Because sovereignty is not vested in the Occupying Power, the fact of military occupation does not authorize the Occupying Power to take certain actions. For example, the Occupying Power is not authorized by the fact of belligerent occupation to annex occupied territory or to create a new State. In addition, the Occupying Power may not compel the inhabitants of occupied territory to become its nationals or otherwise to swear allegiance to it. Similarly, in view of the provisional nature of

belligerent occupation, the authority of the Occupying Power under occupation law has been interpreted as being subject to limitations on the ability of the Occupying Power to alter institutions of government permanently or change the constitution of a country.

DC Mayor Muriel Bowser's office announced late Wednesday afternoon that fences along 7th, 9th, and 12th Streets Northwest would be removed within a 36-hour time frame. The office also said some parking garages in the area would soon reopen to public and private use.

Most security will still be in place around the Capitol over the coming days and weeks. The partial drawback in security is partially due to the lengthy process that must be used to take down barriers.

The following information I'm sharing is from a trusted source (written last night) that has also been corroborated by a second trusted source today.

Have faith in God and the Patriots in the Military fighting on our behalf. All will work itself out splendidly. Our Republic is, in fact, being restored to her rightful owners....the people.

All is going according to plan. Did you watch President Trump's farewell speech? Notice the flags behind Trump? Gold fringe flags, the symbol of the corporation. He accepted the loss of the corporate presidency, without saying that he conceded.

His presidency in the republic is still intact. He vacated the White House, allowing Biden/Harris a smooth transition, as promised. They will find out that wanting it will not give them the satisfaction that they expected. The US corporation has been legally shut down, as of 01/19/2021 at 11:59 PM eastern time. The corporation members in the US were not informed of this, as they still need to complete the steal. The subcorporations (states, counties, and cities) are now headless. The steal will be completed tomorrow with the inauguration of Biden/Harris. Harris resigned her former position, which is already a dead position as far as power goes, and both will be assuming P/V/P positions in name only, with zero executive power. He can sign all of the executive orders he wants after inauguration; they are only words on paper without authority. 01/19/2021 was the last day that the corporate positions of President and Vice President carried any executive power, and Trump/Pence are still in those now worthless positions until 12:00PM of 01/20/2021.

Documents for the legal termination of the UNITED STATES of AMERICA, Ltd. were filed in London 18 months ago, with a shutdown date of 01/19/2021 at 11:59 PM. This allowed time for the chapter 13 bankruptcy proceedings to be completed prior to the shutdown deadline. The Republic of The United States of America was the sole beneficiary of the assets of the bankrupted corporation.

What must happen pre 11.11?

11.11 provided as strategic marker.

Refers to the DoD Law of War Manual: 11.11 CRIMINAL LAW IN OCCUPIED TERRITORY

Q 26:

Think about it logically.

The only way is the military. Fully controlled. Save & spread (once 11.3 verifies as 1st marker).

Biggest advanced drop on Pol.

Q 4524:

[D] + China = 11.3

Chinese controlled President = Occupation

DoD Law of War Manual - June 2015, Updated December 2016
(<https://ogc.osd.mil/>):

11.3 END OF OCCUPATION AND DURATION OF GC OBLIGATIONS (p. 769)

Q 34:

On POTUS' order, we have initiated certain fail-safes that shall safeguard the public from the primary fallout which is slated to occur

11.3 upon the arrest announcement of Mr. Podesta (actionable 11.4). Confirmation (to the public) of what is occurring will then be revealed and will not be openly accepted. Public riots are being organized in serious numbers in an effort to prevent the arrest and capture of more senior public officials. On POTUS' order, a state of temporary military control will be actioned and special ops carried out. False leaks have been made to retain several within the confines of the United States to prevent extradition and special operator necessity.

Real POTUS gave the order before 'relinquishing' power (optics). Watch for arrest of Podesta (Durham. Q 4952 ?) ANTIFA already organizing riots in Seattle and Portland.

Q 4587:

C19 narrative kill date: Election Day +1

Prepare for zero-day [massive cyber-power] attacks [attempts] on 11.4.

Attacks begin upon arrest of Podesta. Coming soon... This is why they brought in so many generators to DC.

DoD Law of War Manual - June 2015, Updated December 2016 (<https://ogc.osd.mil/>):

11.4 LEGAL POSITION OF THE OCCUPYING POWER (p. 771)

China may be occupying power, but they don't have sovereignty as evidenced by NG/MIL presence.

Q 4821:

WHAT HAPPENS IF BIDEN BECAME POTUS KNOWING HE [THROUGH HUNTER + 2] TOOK MASSIVE AMOUNTS OF BRIBES TO CHANGE [LOOK THE OTHER WAY] US POLICY TOWARDS CHINA [IN FAVOR OF CHINA]?

WOULD CHINA OWN AND CONTROL THE WHITE HOUSE?

DoD Law of War Manual - June 2015, Updated December 2016 (<https://ogc.osd.mil/>):

11.11 CRIMINAL LAW IN OCCUPIED TERRITORY

Gen Flynn on Twitter(?) on or about Dec 31:

“My brave fellows, you have done all I asked you to do, and more than could be reasonably expected, but your country is at stake, your wives, your houses, and all that you hold dear. You have worn yourselves out with fatigues and hardships, but we know not how to spare you. If you will consent to stay one month longer, you will render that service to the cause of liberty, and to your country, which

you can probably never do under any other circumstances.” – George Washington

Q 1281:

What was completed and released today?

Re: Flynn?

“Done in 30.”

Expand.

Q 970:

Done in 30.

House cleaning.

WH secured.

Final stage.

The entire operation will take 30 days

Q 3537:

Future Marker

ZeroHedge: Biden To Keep Christopher Wray On As FBI Director

Q 35:

POTUS will be well insulated/protected on AF1 and abroad (specific locations classified) while these operations are conducted due to the nature of the entrenchment.

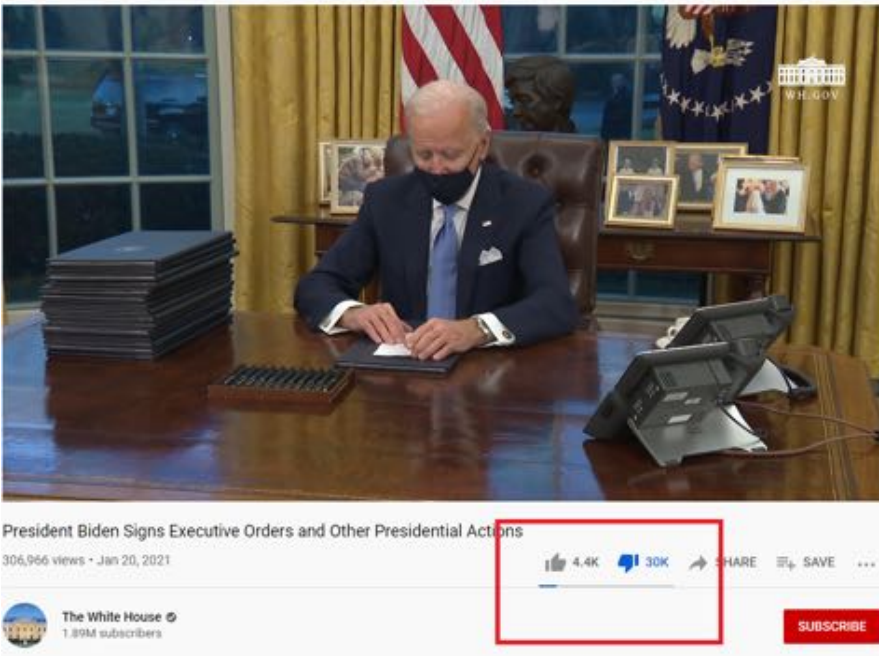

This hasn't happened yet. When the roundups begin, Trump will be protected. He is still the legitimate President, has the real nuclear football, and AF1 is still his. For first time in history, Biden took a private plane to his inauguration - they did NOT send a military plane because he is not the real President.

Q 4950:

Nothing can stop what is coming.

Nothing!

Gen Flynn asked us to give him 30 more days, let's do it.

I know there are some here that are down and others not. Remember Gen Flynn “asked” us on Dec 31 to give him 30 more days. Was on his Clouthub account. This matches Qs “Done in 30, Final stage” posts. We’re talking about a group of people that colluded to unleash a virus and shutdown the entire world and use their media to control the people, is it so outrageous to believe these same people didn’t fake an inauguration? I mean honestly, which one is harder? Q also told us “What makes a good movie, Great actors”. I had always thought that referred to Trump acting like nothing was going on behind the scenes but I think now it refers to this moment here. Anyone still down, give Flynn till end of this month before you give up hope. This is truly irregular warfare and information warfare.

National Guard Plans to Ask Thousands of Troops to Remain in DC Until Mid-March.

HOLY FUCKBALLS - Did Trump literally cure cancer?

Researchers in the laboratory have tested tumors from patients with pancreatic cancer and have discovered that they have certain pathways inside the cells that promote growth and survival of the tumor. Hydroxychloroquine may inactivate these pathways and results in the death of pancreatic cancer cells.

“The results from the review lead us to believe that these antimalarial drugs could offer significant clinical benefit for certain cancer patients, especially in combination with standard anti-cancer treatments. This should be confirmed by additional clinical results.” - Ciska

Verbaanderdt <https://www.medicalnewstoday.com/articles/320166#CQ-and-HCQ-as-cancer-therapies>)

Here's the counterpunch. (Possible Hopium)

1. We've all expected mass arrests. But the military said they will not interfere with an election. This is extremely important because PRECEDENT is not good. Pence throwing out EC votes is NOT good. This election must be Certified before any action is to be taken so that when the military does intervene, it is NOT an election intervention.
2. Theory: SCOTUS may be working with Trump to push date after the inauguration. With inauguration done, all the fraud states essentially submitted waivers for not submitting information because they're stupid and incompetent. Assuming SCOTUS is working with Trump, this IS KEY.
3. Fact: (MonkeyWerx) No TFR over Mar A Lago. Trump is NOT in Florida. He's being protected. As Q said, this is a military operation.
4. Theory: Christopher Wray is a sleeper. What's not apparent is which team he is swinging. Proving electoral fraud during Trump's term would look like political execution. Pushing him to be inactive during Trump's term, having Biden keep him, and having him activate while Biden kept him, would be devastating for Biden. Now, it's not a Trump appointee who's overturning Biden, but Biden's own staff disavowing him. There are a few videos of Wray's work against CCP spying and they are VERY convincing as a man of conviction and patriotism. I do not believe him to be Deep State.
5. Theory: Enter Durham, whom, if activated would implicate the entire deep state. All of them have committed treason, conspiracy to overthrow government, sedition and treachery. Since he also took over Huber, the Clinton Foundation will implicate US, Canada and several other countries as well, doing a Deep Clean of US as well as many other countries. We continue to witness corrupt governments stepping down these last two weeks and days. Why?
6. Fact: Now, Eric Swallow-well is involved in spying. There are other congress members involved as well. These information have been well-presented and implicate people like Pelosi and Schiff. Pelosi is already in some sort of trouble (there's a video floating around with her being disrespectfully taken to the side by some sort of law

enforcement). We can assume there are others who are play acting as well. This will take down all the spies and much of the DNC.

7. However, the real enemy is the CCP. Note that we've been on a rotating roster with allied nations placing military assets in South China seas. This is causing the CCP to burn massive amount of cash to sustain their military presence - Cash that they desperately do not have. With seizures of their overseas assets, they're even more dire. With Biden in power, they have to bleed money into the US for congressmen and senate to remove Trump EOs that target them. Chinese food prices have skyrocketed in the last 4 months due to inflation, and they are blaming COVID on foreign imports (USD shortage). Oil price is also rising. China is bleeding cash and soon won't be able to afford a war with US.
8. If all of the above conditions are met, this will be the hardest counter-punch in the history of American politics. The US military can now make arrests (Which is why the National Guard are going to be in DC until end of March), in which they will not be interfering with an election but instead enforcing law and treating these people as enemy combatants.
9. Mass awakening. Destruction of MSM. Destruction of questionable Big Tech.

Trump will be inaugurated in March.

IMO, Pence was part of the plan by taking a neutral stance during the electoral count. PS: mods please stop removing my accounts I am not a damn shill

Questions to ask someone who thinks Biden is the President:

***Why** was Biden denied a military plane to bring him to DC?

***Why** was the typical song for the arrival of POTUS not played for Biden during his inauguration?

***Why** wasn't Biden rendered a 21 gun salute as customary for an incoming President? You know, like trump received the same day, January 20th?

***Why** was Biden's inauguration streamed as "live" in Spain 10 hours before the scheduled time?

***Why** did Biden remove his hand from the fake Bible before his oath was finished?

***Why** did Biden get sworn in after Kamala, which is not constitutional?

***Why** did military turn their back to Biden when he drove by them, rather than face and salute, which is an absolute requirement for service members?

***Why** doesn't Biden seem to have the military launch codes near him? You know, like the ones pictured near Trump in Florida?

***Why** is the pentagon blocking access for members of Biden's administration?

The COVID-19 pandemic has demonstrated that no institution or individual alone can address the economic, environmental, social and technological challenges of our complex, interdependent world. The pandemic itself will not transform the world, but it has accelerated systemic changes that were apparent before its inception. The fault lines that emerged in 2020 now appear as critical crossroads in 2021. The time to rebuild trust and to make crucial choices is fast approaching as the need to reset priorities and the urgency to reform systems grow stronger around the world.

The Davos Agenda will also mark the launch of the World Economic Forum's Great Reset Initiative and begin the preparation of the Special Annual Meeting in the spring. Each day will focus on one of the five domains of the Great Reset Initiative:

1. Trump losing the election
2. Election fraud evidence gathered to show foreign interference
3. Evidence presented to military to show occupation
4. Trump lawfully turning power over to a Provisional Government run by the military
5. Military nullifying illegal election, and running a free, fair and open one.

4D CHESS: Did they send 25k troops so 7,000 being left wouldn't seem like a lot?

We were all in agreeance that 25,000 troops was an insane amount. I had a post last week breaking it down just how many that is.

Now, the news is reporting that 7,000 are staying. A lot of people are saying "oh well damn it must not be happening cause most are going home."

That is EXACTLY what they want EVERYONE to think. There is zero need for 25k troops....other than to make 7,000 look like a tiny, and ACCEPTED number.

7,000 troops a shitload of military. You are still talking about almost a full division. Keep in mind, Afghanistan was invaded with 1,200 troops and only have 4,500 spread throughout the whole country there currently.

7,000 troops by itself would have caused a shitstorm....but 7,000 compared to 25,000 looks dismal and gives the impression that everyone is going home.

Interesting:

The Storm: Volume Thirteen

I think they filmed the inaug at least twice...cancelled rehearsals was a bait n switch to put off protestors and agitators.... military barriers were miles away they had a private secure area.... once they got the footage needed on 17-18-19... they pbly didn't bother on the day.... spliced it up and let it fly....someone fouled up the start point by 12 minutes and it played a bit too early.. rehearsals also explains the super low energy vibe and Clinton nodding off etc..

My take is, simply stated, if Trump got it tossed while he's still POTUS it looks like he's being a dictator and Trump would always be on the defensive going forward. Dems have rallying cry " We was robbed", going forward. All things considered, POTUS was going to get 4 more years of the same bullshit, even if he took office, so what's the sense?

So, let dems take over, then spring the goods on their actions after the fact. Biden, for example, costing 70,000 jobs 1st day in after he cheated to get the job? POTUS being impeached for trying to explain the evidence for the steal? SR getting 187'd because dems were pissed?

POTUS goes away and military removes Biden and explains what happens. Has nothing to do with Trump and everything to do with national security.

No way out for the dems. Normies realized the dems sucked so bad they had to cheat and won't vote for them for the next 100 years.

Better than LBJ's Great Society strategy.

Remember on February 5th, 2020, when President Trump was found not guilty in his impeachment trial, and we all wondered what the Democrats and the media would use to attack him next?

Then the very next day, on February 6th, 2020, Patricia Dowd of San Jose, California, became the first person to die of COVID-19 in the United States?

Wasn't that fucking convenient!

They Fought HCQ So Hard Because it Treats HIV at 1/80th - 1/100th of the Cost of Other Antiretrovirals and Likely Had Few to No Side Effects. Trump Ripped the Clothes Right Off the Pharma Emperor.

HCQ TREATS HIV:

<https://patriots.win/p/FftiVSXS/hcq--hydroxychloroquine-is-effec/>
<https://patriots.win/p/FMEppudE/-how-zinc-ionophores-like-hydrox/>

Mechanism of HIV Reverse Transcriptase Inhibition by Zinc:

*Formation of a Highly Stable Enzyme-(Primer-Template) Complex with Profoundly Diminished Catalytic Activity

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3220506/>

Several physiologically relevant cations including Ca^{2+} , Mn^{2+} , and Zn^{2+} have been shown to inhibit HIV reverse transcriptase (RT), presumably by competitively displacing one or more Mg^{2+} ions bound to RT..... Essentially, the presence of Zn^{2+} promotes the formation of a highly stable slowly progressing RT-(primer-template) complex....In conclusion, Zn^{2+} inhibits HIV-RT synthesis not by directly stopping catalysis, but by forming a highly stable complex that has very slow incorporation kinetics. The RT- Zn^{2+} -(primer-template) complex can be thought of as a “dead-end complex” since it ties up RT- potentially for hours, in a complex that is from a kinetic perspective, minimally productive.

Inhibition of HIV-1 replication by hydroxychloroquine: mechanism of action and comparison with zidovudine

<https://pubmed.ncbi.nlm.nih.gov/9001825/>

We have previously described the inhibition of human immunodeficiency virus serotype 1 (HIV-1) using the antimalarial hydroxychloroquine (HCQ), a weak base that inhibits the posttranslational modification of glycoprotein 120 (gp 120) in T cells and monocytes

Inhibition of human immunodeficiency virus type 1 replication by hydroxychloroquine in T cells and monocytes

<https://pubmed.ncbi.nlm.nih.gov/8427717/>

HCQ inhibited HIV-1 replication (> 75%), as measured by reverse transcriptase activity, in the primary T cells and monocytes as well as the T cell and monocytic cell lines. HCQ itself had no anti-reverse transcriptase activity and was not toxic to the cells at concentrations inhibitory to viral replication. Intracytoplasmic staining with an anti-p24 antibody, 24 h after infection, revealed the presence of intracytoplasmic virus, suggesting that the drug does not block viral entry. The production of steady-state HIV-1 mRNA was not affected by HCQ in that comparable levels of HIV-1 mRNA could be detected by Northern blot analysis and by in situ hybridization in both the HCQ-treated and untreated cells. However, HCQ does appear to affect production of infectious HIV-1 virions because viral isolates from HCQ-treated cells could not infect target CEM cells. These data suggest that HCQ may be useful adjunctive therapy in the treatment of HIV-1 infection.

Hydroxychloroquine treatment of patients with human immunodeficiency virus type 1

<https://pubmed.ncbi.nlm.nih.gov/8565026/>

Hydroxychloroquine (HCQ), an antimalarial agent used to treat patients with autoimmune diseases, has been shown to suppress human immunodeficiency virus type 1 (HIV-1) replication in vitro in T cells and monocytes by inhibiting posttranscriptional modification of the virus. These in vitro observations have been expanded into an in vivo study of HCQ as a potential anti-HIV-1 agent in HIV-1-infected patients. A randomized, double-blind, placebo-controlled clinical trial was conducted in 40 asymptomatic HIV-1-infected patients who had CD4+ counts between 200 and 500 cells/mm³. Patients were randomly assigned to receive either HCQ 800 mg/d or placebo for 8 weeks. Virologic and immunologic parameters,

including HIV-1 ribonucleic acid (RNA) via use of polymerase chain reaction, viral culture, antigen and mitogen responses, and proinflammatory cytokine levels were measured at the beginning and end of the study.....HCQ thus may be useful in the treatment of patients with HIV-1 infection.

Hydroxychloroquine drastically reduces immune activation in HIV-infected, antiretroviral therapy-treated immunologic nonresponders
<https://pubmed.ncbi.nlm.nih.gov/21576701/>
HCQ reduces lipopolysaccharide/TLR-mediated immune activation; this compound could be a useful immunomodulant in HIV-infected patients

Chloroquine and hydroxychloroquine as inhibitors of human immunodeficiency virus (HIV-1) activity
<https://pubmed.ncbi.nlm.nih.gov/15320751/>
Chloroquine and its analog hydroxychloroquine are two inexpensive agents that are widely used for the treatment of malaria and have been shown to achieve some level of anti-HIV activity. The exact mechanism of chloroquine and hydroxychloroquine's anti-HIV activity has not yet been discerned but may be related to effects on HIV's surface envelope glycoprotein 120. If found efficacious, both drugs would offer significant advantages to current therapy including a unique mechanism of action, lack of cross-resistance with other antiretrovirals, and low cost.

The anti-HIV-1 activity of chloroquin
<https://pubmed.ncbi.nlm.nih.gov/11166661/>
Chloroquine (CQ) and its derivative hydroxychloroquine (HCQ) are endowed with a broad anti-HIV-1 activity inhibiting X4, R5, and X4/R5 stains in lymphocytic and monocytic cells. Interestingly, CQ is capable of inhibiting HIV-1 replication at concentrations within the range reported in plasma of individuals chronically treated with doses of the drug which have well-known and limited toxicity. These effects have been confirmed in vivo in two clinical trials. The principal mechanism of HIV-1 inhibition by CQ seems to be an effect on gp120 on a post-transcriptional level. Because CQ and HCQ appear to have a novel site of action (i.e. post-transcriptional

Anonymous

inhibition of gp120), these drugs may be particularly useful in combination with other anti-retroviral agents (e.g. ZDV, ddI and HU)

Comparison of hydroxychloroquine with zidovudine in asymptomatic patients infected with human immunodeficiency virus type 1

<https://pubmed.ncbi.nlm.nih.gov/9385480/>

Hydroxychloroquine (HCQ), an antimalarial agent used to treat patients with autoimmune diseases, has been shown to suppress human immunodeficiency virus type 1 (HIV-1) replication in T cells and monocytes in vitro by inhibiting posttranscriptional modification of the virus. An initial randomized, placebo-controlled clinical trial conducted in 38 asymptomatic HIV-1-infected patients who had CD4+ counts between 200 and 500 cells/mm³ demonstrated that the amount of recoverable virus declined significantly in the HCQ group compared with the placebo group over the 8-week study period...Thus HCQ may be potentially useful in the treatment of patients with HIV-1 infection.

If Kamala took the weekend off, then why did AF2 with full military compliment fly right over our house yesterday at 2pm and land at Donaldson air force base which was converted to civilian 30 years ago? Hmmm

Need plane-fags to help. I have pictures of Air Force Two jet along with two or three following huge planes, several military helicopters, fighter jets, that flew right over our house very low with landing gear down yesterday Saturday right at 2pm eastern. We only have two airports here in the upstate of SC, one is GSP, the other is an old air force base called The Donaldson Center that was converted to civilian like over 30 years ago. They were all landing at Donaldson. We NEVER see military type stuff around here, so this was an extremely unusual event for us, and very very loud and exciting! Can anyone confirm if this showed up on radar and can anyone confirm where our fake vice president was yesterday at 2pm? While we're at it, where was Pence yesterday at 2pm?

ICE plans to deport Bronx man despite Biden's executive order to protect immigrants, lawyers say

By CHELSIA ROSE MARCIUS and CLAYTON GUSE
NEW YORK DAILY NEWS | JAN 24, 2021 AT 6:33 PM

WHEN WILL THE ARRESTS START?

Have you prayed and asked the Lord to bring the evil wrongdoers to justice? I have. I hope you will join me in that prayer. There is power in numbers.

God promises to meet the needs of those who believe in Him and answer their every prayer.

Many people give up on God answering their prayers when the answer does not occur "right away" or "soon enough." Wait on the Lord. He does not lie. He keeps every promise made to those who believe in Him.

God has to deal with several others and events before it is time to answer your prayer. But He will answer it.

I believe God is dealing with people and events all over the world as part of His plan to bring change to America.

God is going to The One to bring about the Great Awakening AND the Great Reset of the World. On His terms. Not the terms of CCP or George Soros. On His schedule. Not yours and not mine.

God created the United States but remember. He also created the world. The world, like the United States, is broken and needs to be fixed. God is going to fix it. On His terms. On His schedule.

God is real. He is going to remind us that fact soon.

You watch it happen.

Wait on the Lord.

According to an anonymously sourced Politico [report](#) on Sunday, a contingency force of 7,000 National Guard troops will stay in DC until Trump's trial begins in February, after which 5,000 will stay put until the trial concludes, likely in the middle of March.

Politico's sources said the deployment was necessary due to *"impeachment security concerns,"* yet the troops say they've been given little information about their mission, which one guardsman said is *"very unusual for any military mission."*

and Constitutionality... but we know how they've always felt about that.

Apparently, not sure how this is even lawful. Inventing whatever rules they want.

Stuff that shows that things aren't over yet:

All the celebrities are still on “lockdown”, or so it seems.

Power outages in DC, strong military presence still

blatant disrespect from the military towards Biden (think 3 cannon salute, crumpled flags presented to pootus and VPee)

Audio cutting in about a plea deal during Biden's speech

Senator walking out with his hands behind his back while his wife is holding his arm (who does that? Dude's cuffed)

More pedo mass arrests

Democrat leaders are NOT celebrating. No parties, no gloating, no joy.

Pelosi security person says “don't speak to them” about the press and Pelosi says “I won't”

IF that's even pelosi, wearing a mask and sunglasses, very odd events.

Our Friends in high places still keep giving us hope and clues (Pompeo, Pompeo's son, the painting shared by Dave, etc)

Yeah the lack of joy is one that sticks out to me. They “won” and they still are obsessed with Trump.

Because they know the election was stolen as there are 80 million people that voted for Trump.

The reality that they are not the majority is sinking in for them. Imagine for over 30 years they have absorbed the idea that this country was lefty heaven and that turns out to not be true?

They are now resorting to extreme tactics to single out Trump supporters hoping to make head way. But they can not because they are the minority.

What you will see is the Battery Salute in Arlington when the Bidens bring the wreath to the Tomb of the Unknown Soldier.

The Presidential Salute is 4 guns and 21 shots in rapid succession. Biden got 3 guns and a 10 second pause between firings. This is the Salute reserved for funerals and

President Trump disavows Patriot Party within three days. Still hasn't disavowed Q after three years. Hmm...

Image# 202101259413340667

MISCELLANEOUS TEXT (FEC Form 99)

PAGE 1 / 1

NAME OF COMMITTEE (In Full)
DONALD J. TRUMP FOR PRESIDENT, INC.

FEC IDENTIFICATION NUMBER
C00580100

Mailing Address 725 FIFTH AVENUE

City	State	ZIP Code
NEW YORK	NY	10022

Donald J. Trump for President, Inc. ('DJTFP') is filing this miscellaneous report under 11 C.F.R. 102.13 and 100.3(a)(3) to disavow the activities of a committee named Patriot Party (FEC ID No. C00767095), whose listed Treasurer is Michael Joseph Gaul, 4004 Rosedale Place, Grovetown, GA 30813.

On January 22, 2021, Patriot Party filed a Form 1 (Statement of Organization) listing DJTFP as a participant in purported joint fundraising activities under 11 C.F.R. 102.17. DJTFP did not authorize the filing of this Form 1, has not entered into any joint fundraising agreement to fundraise through Patriot Party, and has no knowledge of Patriot Party's activities whatsoever. To be clear: DJTFP has no affiliation with Patriot Party, which is not authorized by Mr. Trump or DJTFP.

DJTFP is placing this disavowal notice on the public record out of concern for confusion among the public, which may be misled to believe that Patriot Party's activities have been authorized by Mr. Trump or DJTFP -- or that contributions to this unauthorized committee are being made to DJTFP -- when that is not true.

The \$1.3b Dominion v. Guiliani law suit is where voter fraud evidence HAS to be presented.

Dominion sues Guiliani for defamation.

Any intentional false communication, either written or spoken, that harms a person's reputation; decreases the respect, regard, or confidence in which a person is held; or induces disparaging, hostile, or disagreeable opinions or feelings against a person.

They will have to prove that somehow and Guiliani will be able to defend himself. How would he do that?

By presenting and hopefully proving the validity of his claims, i.e. proving that his communication wasn't false, i.e. that voter fraud indeed has occurred.

Just a hunch, but makes a lot more sense than presenting the evidence at the Trump impeachment.

I'm broken.. Business is on it's last legs from lockdowns. Wife is losing her nursing job for refusing lockdowns.

I've been in business for 12 years. Indefinite lockdowns, mask mandates, restricted occupancy. I've tried to resist it. The city came to revoke my business license. I have to go to court, with an injunction against doing business. Wife is being asked to leave her nursing job for refusing the vaccine from the big hospital in our area. 4 Kids. Prayers needed.

Trump Hotel in D.C, prices almost triple for dates 3/4th of March, Can review on booking.com(www.booking.com)

One sign that Trump knew in advance the election wasn't going to be legally overturned.

Some time shortly after the media declared Biden the winner, Trump was asked whether he was going to Biden's inauguration. He gave an interesting response: "I know the correct answer, but I can't tell you yet." Think about this in light of what we know now. The correct answer, of course, was that he wasn't going to go. But Trump had to play a game of trying to overturn the election the "legal and constitutional way" - with legislatures, courts, Pence, etc. So if he said then "I won't go", that would have revealed that he knew none of that was going to work. Because, otherwise, why would he not go to his own inauguration? Of course, once the election was officially certified for Biden, he immediately tweeted that he wasn't going to go. So it appears that Trump knew very well the extent of the corruption and that the "legal and constitutional way" wasn't going to

work - meaning that the military was the only way. Everything that's happening is part of the plan, including the election steal and Biden's inauguration.

I had next to no knowledge on how Hedge funds and shorting stocks worked... one of the best red pills I've ever swallowed.

I have spent a few hours doing research the past couple days on shorting stocks, short squeezes, market floats.. this has been a rude awakening to some of the highest levels of corruption in our world, and i believe this was all part of the plan. GameStop was just the primer, the game is being taught to the average joe.

These hedge funds and billionaires are about to be wiped clean by millions of retail investors. Nothing can stop what is coming, literally.

The great awakening is getting ridiculously exciting the more we inch forward. It truly feels like the power is being brought back to we the people.

Hold the fucking line boys. The fake news media, the massive bail out coming, the knowledge of naked shorting of these dying companies to kill jobs of Americans .. while lining their filthy pockets is all part of the awakening. The corruption is being revealed on much more. This was not just another 4 year election!!! The best is yet to come.

THE DEEP FAKE PRESIDENCY - Megathread

I'm not sure what else to call it at this point other than a deep fake presidency.

The longer they attempt to maintain this charade (for whatever reason), the more the evidence of fuckery will start piling up.

Let's start making a list of anomalies, discrepancies, and outright fabrications that we've found so far.

- double inauguration fuckery
- What color are Jill Biden's shoes?

Anonymous

- Shoegate: Did Jill change her shoes TWICE?
- is there a parking lot behind the oval office?
- After speaking to the guard, law enforcement, and many citizens here in dc (over 50 of them) NO ONE heard any singing yesterday or SAW the inauguration.
- Lawyer: "Don't say another word." Pelosi: "I won't."
- This alleged clip of Hunter Biden discussing his "plea sentence" was removed from the official WH youtube channel
- 3 national guard soldiers killed in helicopter crash near location tattooed on back of Hunter Biden
- Comparison Oval office from Independence Day with Bidens "Redecorated oval office"
- biden signing a blank paper?
- Is Biden sitting in a film studio?
- Kamala Harris will live at Blair House while official VP residence is repaired
- Biden removes the "diet coke" button
- The "diet coke" button is back!
- tweet of movie set from German Foreign Office (read the comments)
- One Oval Office is available from Castle Rock Pictures, which built an extensive White House set - East Wing and West Wing - on the Culver lot in Los Angeles for the 1995 film "The American President."
- Can someone please open the door? The Bidens waited for an awkward moment in front of a closed door when they arrived at their new residence, a protocol breach
- Joe Biden Flies on Charter Jet Not Government Plane for Inauguration Trip to Washington, DC
- National Guard has "no idea" why they're still in DC after inauguration and are pretty pissed about going back to the Capitol after thousands of them had to move into a parking garage last night w/one bathroom. "A sick joke."
- Biden removed flags from the Army, Navy, Marine Corps, Air Force, and Coast Guard from the Oval Office.
- No 21 gun salute for Biden

- Military used salute for "visiting foreign dignitaries"?
- Troop leader seems to throw challenge to Biden during parade? Multiple hats seen on the ground.
- There is no temporary flight restriction (TFR) over Mar-A-Lago. All former Presidents including Carter, Obama, and Bush have TFRs over their residences.
- Joe Biden signature comparison
- Jill signing for him?
- Kids exiting the WH on inauguration night?
- Massive group of people at 2am going into the capital secured area on inauguration night?
- emergency vehicles on inauguration night
- Pentagon BLOCKING members of the Biden admin from gaining access to critical information about current and upcoming special operations

**GameStop....want the truth as to why info is being suppressed?
It's not to protect the billionaires from losing money.**

It's because a group of 🐜's figured out that working together they have far more power than the much larger grasshoppers running the world.

They are terrified that the message will spread to the other ant colonies....because when it does, the truth is revealed: The grasshoppers don't have the power...their existence is based on the illusion of power.

They (big tech/Wall Street/government) are simply attempting to quell revolution.

Power back to the people.

DS getting crushed in these ways, right now.

- Anons coordinated to punish Wall Street insiders and that effort can be repeated to drain money and power from these corrupt elites. Huge victory in this war on corruption. Plus they're doing it the anon way, Red-Pilling thousands and

Anonymous

thousands of stock traders who knew nothing about our movement.

- The phony Biden administration is being forced to do the stupidest moves to let the public know how awful they are. Or they're just awful, but their optics are complete shit. A fearful public is watching, comments sections not going well for Biden's Team, who censor, just like Chy-nah.
- Censorship is now rampant and lots of Normies are now getting censored themselves. That's a nice Red Pill. Whatever brings them here to fight along side us with their eyes wide open is alright with me.
- No peace, only panic for the DS. Supply of kids to diddle and Adrenochrome spotty if not entirely cut-off. Fear of punishment. Terror that Trump is still out there, still making moves to bring them all to Justice. (He is out there, he will pounce! The suspense is killing them.)
- Their strategy of censorship is failing because every time they are able to destroy a platform, we regroup awhile later, strong as ever. We can keep moving and keep the pressure on these kid-f**kers.
- Our movement continues to grow via the Streisand Effect, which the DS has yet to understand.
- The DS is going down because years ago, when they started texting and emailing, they didn't know that the stuff they were discussing could not be deleted forever, it could be dug up and presented to the public. That's how they got caught. Q said, "We have everything." All we need is patience, and to follow the story, spread the info, welcome and help get the noobs up to speed. It looks dark right now because the MSM still has an audience. Don't listen to them, they're lying to save their necks. But these DS tools in the Corrupt Media will see Justice too. Its all coming together. **HOLD THE LINE PATRIOTS!** God wins.

Shocked by those that abuse their power (1/25/21): "Former Veterans Affairs Doctor Sentenced to Prison for Sexual Abuse of Veterans" (www.justice.gov)

<https://www.justice.gov/opa/pr/former-veterans-affairs-doctor-sentenced-prison-sexual-abuse-veterans>

FOR IMMEDIATE RELEASE

Monday, January 25, 2021

Former Veterans Affairs Doctor Sentenced to Prison for Sexual Abuse of Veterans

A former doctor of osteopathic medicine who previously worked at the Veterans Affairs (VA) Medical Center in Beckley, West Virginia, was sentenced today for depriving veterans of their civil rights under color of law by sexually abusing them.

U.S. District Judge Frank W. Volk sentenced Jonathan Yates, 52, of Bluefield, Virginia, to 300 months in prison and three years of supervised release, announced Deputy Assistant Attorney General Gregory B. Friel of the Justice Department's Civil Rights Division, U.S. Attorney Michael B. Stuart of the Southern District of West Virginia, Special Agent in Charge Michael A. Christman of the Pittsburgh Division of the FBI, and VA Inspector General Michael J. Missal.

Yates previously pleaded guilty on Sept. 17, 2020, to three felony counts of deprivation of rights under color of law. According to the plea documents, Yates rubbed the genitals of two veterans and digitally penetrated a third veteran's rectum under the guise of legitimate medicine, when in fact he acted without a legitimate medical purpose. This conduct, performed while Yates was acting under color of law in his capacity as a VA physician and a federal employee, deprived the veterans of their constitutional right to bodily integrity and caused them pain. According to the plea documents, the veterans had sought treatment from Yates to manage chronic pain through osteopathic manipulative therapy. Several veterans addressed the court at sentencing, describing the trauma and mental anguish that Yates had caused them. Yates surrendered his medical licenses as a condition of his plea agreement.

How To Legally Decline A Vaccine

STEP 1.)

DO NOT refuse a vaccine. Otherwise you will be considered belligerent. Instead you can politely decline the service by doing the following:

STEP 2.)

Ask the doctor, "**Does the vaccine have MRC-5 in it?**" (THEY ALL DO)
These are aborted fetal cells and other DNA.
If the vaccine contains MRC-5 you have the **RIGHT** to decline.

STEP 3.)

Also ask, "**Is there a possibility of a 'LATROGENIC REACTION?'**"
(an adverse reaction caused by multiple compounds or drugs interacting with each other) from the vaccine (THEY ALL DO).
- When the doctor says, "yes it does," that is your "Get Out Of Vaccine Free Card." **Thank the doctor for their offer and walk away.**

Remember doctors have sworn the Hippocratic Oath (Which is to do no harm) They must honour it.
This is how we can **legally (and respectfully)** decline their offered mandated services and there is absolutely nothing they can do about it. Now you know!

I know at least one of my followers doesn't quite understand what is happening in the stock market right now and that's enough to motivate me to explain because this is somewhat of a turning point in world history. First, you need to understand what a 'short' is in trading. A 'short' is when you borrow a stock from a broker and sell it immediately at its current price. Then you hope the stock's price falls such that you can buy the stock back at a lower price and return the shares you borrowed to your broker, but keeping the difference.

Example: Let's say I want to short XYZ which has a current price of \$10. I borrow 1 share and sell it immediately at \$10. I have \$10 now but I owe my broker the 1 share I borrowed. Then let's say the price of XYZ drops to \$7. I now decide to 'cover' (buy it back) my short position and buy 1 share at \$7 and return the 1 borrowed share to my broker. I made \$10 when I sold and only had to pay \$7 to buy it back lower, so my profit is the \$3 difference.

But now let's say that instead of the XYZ price dropping to \$7, it goes up to \$15. I still need to return the 1 borrowed share to my broker, except now it's going to cost me a lot more to buy it back. If I buy it back at \$15 so I can return the borrowed shares, my losses will be the \$5 difference between selling at \$10 and rebuying at \$15. Since the price can rise indefinitely, my potential losses as a short seller are unlimited. At some point I have to buy it back to return the shares I borrowed. The more the price rises, the bigger my losses.

Now for Gamestop. A few weeks ago a redditor on r/wallstreetbets noticed that a hedgefund had taken a massive amount of short trades against Gamestop. They convinced everyone on the thread to join forces and buy as much Gamestop stock as possible. This made the price rise and the hedge funds short position started to lose billions. Their losses even surpassed the 13.1 billion that the hedge fund was worth. Eventually, the hedge fund had to close their short positions and buy all the gamestop stock back at much, much higher prices, sending the price even higher still. This is called a 'short squeeze'. Now the hedge fund is declaring bankruptcy, and the reddit thread is combing through other hedge funds with massive short exposure so they can short squeeze them into bankruptcy as well. All of wall street is saying that the public joining together in this fashion should be illegal, but really they just lost at their own game to the masses.

Does anyone else find it just too convenient that this major scandal with GameStop happened the morning after Maxwells records were unsealed?

Something seems way too fishy with this whole stock market thing.. literally the biggest moment to reveal the cabals horrific abuse of children through Ghislaine Maxwells unsealed deposition has come and it's been completely buried by this GameStop story.

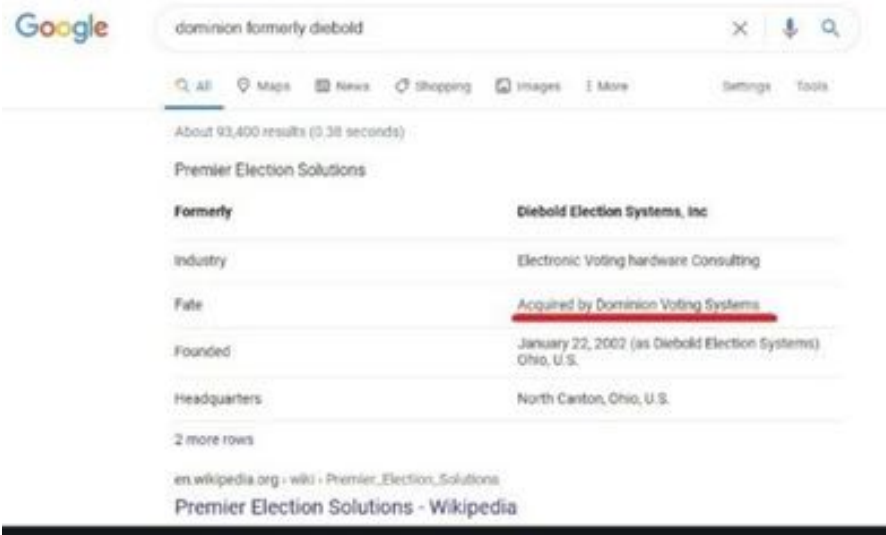

Now I'm not saying that this isn't a huge moment to wake normies up and God help us to do so, but the timing is too convenient.. with all this commotion there is near nothing we can find that won't be drowned out the noise of what's going on in the stock market. I'm sincerely wondering if this whole thing is a way for the real elites to buy time and see who Maxwell named/hinted to that would eventually lead us to the real people that are in power (maybe the people she herself worked for). With that said, maybe this weekend

Facts . President Trump never once said the word "concede." In fact he said he would never concede to an election based on fraud. He says he won the election. There is a FENCE around the US Capital and DC capital police want a permanent Fence around the area. Biden hasn't used AF1 YET.

something happen on the news or tv show doesn't mean it actually happen or that it happen the way you think it did. If you know there was election fraud and voter fraud in the 2020 election then you don't think their are members of the US military intel who know it too?? If you as a citizen can see it then trained professionals can see it and they knew it would happen before the election took place. There is no where in America that Military intel and others can't see or gather information. So do you really believe any of those election polling areas where corruption took place were not caught by someone in the Military or other intel agencies?? President Trump isn't a man who gives up power but he may let others think he gave up power just to get them to do something stupid. So the question becomes who is really President right now?? Are you sure it's the guy you saw on TV get "sworn in" ?? or is it a man who is in Florida right now playing golf?? Who just told a gentleman on the golf course this week "We haven't finished yet?". Just somethings to think about.

This is for you, Dad

Gain

I remember when the housing collapse sent a torpedo through my family. My father's concrete company collapsed almost overnight. My father lost his home. My uncle lost his home. I remember my brother helping my father count pocket change on our kitchen table. That was all the money he had left in the world. While this was happening in my home, I saw hedge funders literally drinking champagne as they looked down on the Occupy Wall Street protestors. I will never forget that.

My Father never recovered from that blow. He fell deeper and deeper into alcoholism and exists now as a shell of his former self, waiting for death.

This is all the money I have and I'd rather lose it all than give them what they need to destroy me. Taking money from me won't hurt me, because i don't value it at all. I'll burn it all down just to spite them.

This is for you, Dad.

NEW - The use of Mar-a-Lago as Trump's permanent home is under legal review by the town of Palm Beach.

When Trump turned the private residence into a social club, he had agreed with the town to limit his stays at Mar-a-Lago - Trump could not spend more than seven consecutive days at Mar-a-Lago, or no more than three weeks total a year.

The most powerful military in history is leading a covert world war against a satanic super cult that eats babies. Trump built a Space Force, guided by quantum AI, to dominate the planet and protect the 2nd Internet, so the confessions of atrocities can annihilate a global communist infiltration.

The CDC also is supposedly "investigating" 16 deaths in Florida that occurred shortly after the individuals received their vaccination. Those individuals range in age from 56 to 94, and 13 died within two days of receiving a vaccine. (www.sun-sentinel.com)

Judge releases Dominion audit report: System designed to create systemic fraud.

A Michigan judge has released the bombshell report on the audit of Dominion Voting Systems, revealing that the machines and their software were "designed" to "create systemic fraud."

The report covers the forensic audit of Dominion's machines in Michigan's Antrim County — which received national attention after it was discovered that 6,000 votes for President Donald Trump were "flipped" to Democrat Joe Biden due to an "error."

13th Circuit Court Judge Kevin Elsenheimer ordered the report's protective order to be lifted on Monday night, allowing the details of the audit to be unsealed and released to the public.

The data firm that conducted the forensic audit of Dominion Voting Systems determined that the machines and software in Michigan showed that they were designed to create fraud and influence election results, the report reveals.

"We conclude that the Dominion Voting System is intentionally and purposefully designed with inherent errors to create systemic fraud and influence election results," Russell Ramsland Jr., co-founder of Allied Security Operations Group, said in a preliminary report.

Sure would be interesting to know the relationships between members of the Executive Committee of the State Bar of Georgia and Governor Brian Kemp, Lt. Governor Geoff Duncan, Sec. of State Brad Raffensperger, Attorney General Chris Carr, former Sec. of State Cathy Cox (now Dean for the Moment of Mercer Law School) and former Sec. of State Lewis Massey? Maybe even expand the inquiry to former GA Senators Kelly Loeffler & David Perdue?

After 3 decades of loving them and sacrificing to make their lives better, my 4 children do not speak to me. They do not like my politics or share my faith. I did not hear from them on Father's Day, Thanksgiving, or Christmas.

I was hurt beyond words.

They have joined the mob that attacks me.

I still love them. I am always ready to forgive them. They are my children.

I have not seen my grandson who is named after me in a year when I saw him on his first birthday. He turned 2 a few days ago. I am not sure if I will ever have the joy of seeing him or holding him again. But his image at age one is emblazoned in my mind.

If I never see him again, I know that as he grows older and after my time on Earth is over, he will want to know who I am, what I stood for, what was important to me, what hills I was willing to die on. I want him to be proud of his grandfather.

He will know my message even if he does not know the messenger.

Thanks for letting me share these personal feelings with you. I share them to make a point - we are all imperfect messengers, but at the end of the day, our message is all that matters.

God bless you. Enjoy your day. - Lin 🙏❤️🇺🇸

I know you guys can feel it too. There's a holding pattern in America.

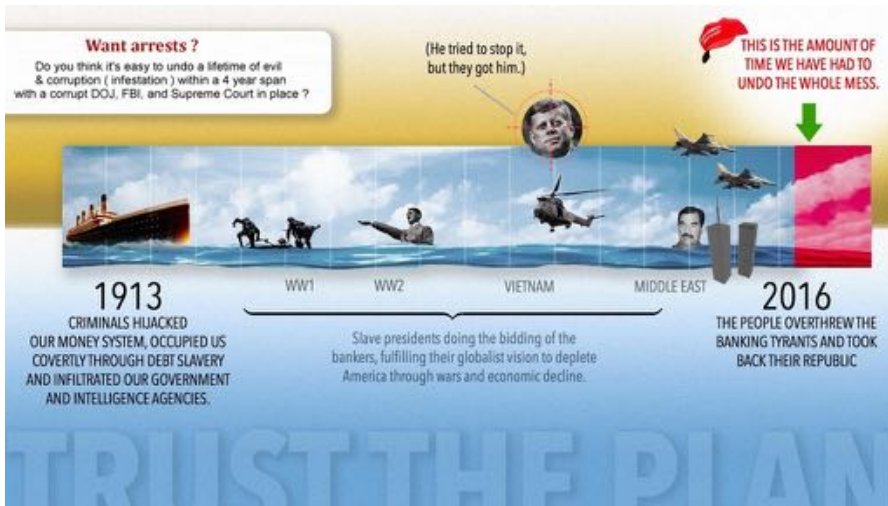

It's kind of surreal. We are all waiting for THAT THING to happen. The globalist puppets of a dissolved corporation are going through motions of acting. The only thing carrying them to seem to have legitimacy is the media they control. We're all waiting. Being calm. Waiting. Proud of you guys. Holding that line. We all know they have lost.

Relevant Fact: President Trump's role model, Andrew Jackson, went to war against corrupt "Big Money" and won. Given his public admiration for the former president and what is happening now with Wall Street, I believe that this falls under the category "there are no coincidences." (media.greatawakening.win)

Conflict with the Executive: The Bank War

“Unless the corrupting monster should be shraven with its ill gotten power, my veto will meet it frankly & fearlessly.”

President Andrew Jackson to John Coffee,
February 19, 1832

Congress established the First Bank of the United States in 1791 to serve as a repository for Federal funds. Its charter expired in 1811, but in 1816 Congress created a Second Bank of the United States with a charter set to expire in 1836. By the 1830s the Bank had become a volatile political issue. Some, especially in the trans-Appalachian West, were suspicious of banks because they distrusted the paper money issued by them and because banks controlled credit and loans. To them, the Bank of the United States was the worst of them all: a greedy monopoly dominated by the rich American and foreign interests.

The Bank's most powerful enemy was President Andrew Jackson. In 1832 Senator Henry Clay, Jackson's opponent in the Presidential election of that year, proposed rechartering the Bank early. This bill passed Congress, but Jackson vetoed it, declaring that the Bank was "unauthorized by the Constitution, subversive to the rights of States, and dangerous to the liberties of the people." After his reelection, Jackson announced that the Government would no longer deposit Federal funds with the Bank and would place them in state banks. Supporters of the Bank in the Senate were furious and took the unprecedented step of censuring Jackson. The President held fast, however, and when the Bank's charter expired in 1836, it was never renewed.

Its happening, they are eating their own. BLM activists issue a statement that they received none of the donations to their movement. They finally realize they were being used. The donations went to Democrat presidential candidates, essentially a money laundering scheme.

This is not new news to me but wanted to share it for anyone who was unaware. BLM donations went to ActBlue, a Democrat organization that exploited the 2020 riots for financial gain. Below is a article that shows donors and how the donations were spent. It appears that nearly 100% of the donations went to democrat presidential candidates. First, here is a statement from local BLM chapters conveying their frustration about the lack of transparency

regarding donations. I don't see any mention of a lawsuit but I get the feeling its coming.

Burlington Northern Santa Fe Railroad (BNSF) owns all of the rail lines in the US that connect to western Canada, and they haul 80%+ of the crude from Canada to the Midwest and Texas or charge other Short Line railroads a fee to use their tracks. BNSF charges \$30 per barrel to haul the oil while the Keystone Pipeline would cost \$10 per barrel by the State Department's own estimates. BNSF is owned by Berkshire Hathaway whose chairman is Warren Buffet. In the last 2 election cycles, Buffet gave extensively to democrat causes and candidates. He also bundled and hosted numerous fund raisers for Obama. If anyone believes the Keystone Pipeline isn't being blocked by Obama on Buffet's behalf, I've got a bridge to sell you. Buffet could stand to lose \$2 billion+ a year if the pipeline is constructed. He makes the same amount every year that the pipeline is delayed.

Myanmar's recently arrested 'democratic' leader... color me shocked. (media.greatawakening.win)

I don't need to see any more. 100% support Myanmar Military. The fucking globalists probably installed this puppet in a color revolution and fake election just like Biden.

I am ethnically Asian and have previously lived in Southeast Asia for some time. I will just point out that the real story in Myanmar is far more complex than what is portrayed in Western media. It's definitely more nuanced than "military bad, democratically elected government good". For example, the military junta first came to power in 1962 because the elected government at the time was perceived to be weak and ineffective. Burmese citizens supported that coup because they believed that their country, which had just gained independence not too long ago, would benefit from strong leadership and a new national identity. Even as recently as 2014, polls of Burmese citizens show that 84% of them hold "very favorable" or "favorable" opinions of the military, ranking it ahead of other institutions like the government and media.

Also, I don't know all too much about Aung San Suu Kyi specifically, but her father was a member of the Burmese Communist and Socialist parties. So there's that.

Myanmar's military stages coup, arrests countries president after accusing them of fraud in last years election.

<https://www.dailymail.co.uk/news/article-9208165/Myanmars-leader-Aung-San-Suu-Kyi-detained-amid-reports-military-coup-underway.html>

Myanmar leader Aung San Suu Kyi has been detained amid reports a military coup is underway in the country.

The National League for Democracy, Myanmar's governing party, said that Suu Kyi and other senior figures from the ruling party have been detained in an early morning raid.

The move comes after days of escalating tension between the civilian government and the powerful military that stirred fears of a coup in the aftermath of an election the army says was fraudulent.

Spokesman Myo Nyunt told Reuters by phone that Suu Kyi, President Win Myint and other leaders had been 'taken' in the early hours of the morning.

'I want to tell our people not to respond rashly and I want them to act according to the law,' he said, adding he also expected to be detained. Click the link to the rest of the article. Sounds a lot like a plan we have all been reading about, no?

Lin Wood just uploaded this "nuke" to his Telegram.

aFor Mr. Lin Wood:
In 2019, Isaac Kappy somehow got all the EPSTEIN ISLAND BLACKMAIL VIDEO FILES for every powerful pedophile on earth who made acquaintance with Epstein. He distributed the encrypted video file, then made some erratic moves. He caught the aggro of too many spy networks and they had him killed before he could release the password for the video files.

However, Isaac Kappy did release the hash signature of the password for the blackmail video files. He posted the password hash as a sort of deadmans insurance here: <http://archive.is/J0sK6>

So essentially: there are people with copies of the Isaac Kappy sourced epstein blackmail video files, but nobody ever had the key to unlock the files... until now.

The password is: "cultstate.com has issued protections on this matter" [inside the quotations]

You can verify that the password matches the hash by going here and entering it on this site, getting the hash output, and comparing it to Kappy's archived deadman switch tweet I posted previously <https://emn178.github.io/online-tools/sha512.html>

Since posting the actual password is ULTIMATE POWER, it is best if you dangle the prospect of releasing a password in front of them instead of releasing it. This password is absolutely the strongest blackmail in the world and anybody with his password will need 24/7 security, especially if planning to proceed with this information. It might be a good idea to run this information by General Flynn because this is NUCLEAR LEVEL BLACKMAIL. Use with caution. With great power comes great responsibility.

PLEASE DONT MENTION ME AS THE SOURCE OF THIS INFORMATION; I cant afford 24/7 security.

The first goal is to get Roberts to resign or recuse, and Pence to make the right choice on Jan 6. If you can make some kind of veiled threats to these people while dangling the password to the epstein blackmail videos (without ever releasing the password), then you can make the ENTIRE deep state do your bidding. Be careful though, because this type of thing will invite state actors to attack: i.e. cia, mi6, ccp, etc

As soon as you release the password, you lose all leverage, so dont actually release the password unless absolutely necessary.

Good luck. God bless. Sending prayers for you and your team.

Statement by White House Spokesperson Jen Psaki on Burma

JANUARY 31, 2021 • STATEMENTS AND RELEASES

The United States is alarmed by reports that the Burmese military has taken steps to undermine the country's democratic transition, including the arrest of State Counselor Aung San Suu Kyi and other civilian officials in Burma. President Biden has been briefed by National Security Advisor Jake Sullivan. We continue to affirm our strong support for Burma's democratic institutions and, in coordination with our regional partners, urge the military and all other parties to adhere to democratic norms and the rule of law, and to release those detained today. The United States opposes any attempt to alter the outcome of recent elections or impede Myanmar's democratic transition, and will take action against those responsible if these steps are not reversed. We are monitoring the situation closely and stand with the people of Burma, who have already endured so much in their quest for democracy and peace.

I call on Burma's military to immediately release the civilian political leaders of the country and turn back from this abyss. We need to support the people of Burma in their journey toward democracy and impose costs on those who stand in their way. My full statement:

WASHINGTON, D.C. – U.S. Senate Republican Leader Mitch McConnell (R-KY) issued the following statement today regarding Burma and Suu Kyi's detainment:

"Reports that Burma's military has rounded up civilian leaders including Aung San Suu-Kyi and key civil society figures are horrifying, completely unacceptable, and obviously a saddening step backwards for Burma's slow and unsteady democratic transition.

"In 2015, Burma's democratic elections brought Aung San Suu Kyi's pro-democracy party to office — but not truly to power. The military has continued to maintain its corrupt, corrosive hold on the economy, thwart constitutional and political reform, and perpetuate terrible conflicts with ethnic minorities that remain an obstacle to peace and democracy.

"Burma's people were again allowed to vote last year and they did so enthusiastically. The military must respect the democratic process. It must respect the Burmese people's aspirations to rule themselves rather than be ruled by brute force. And Aung San Suu Kyi and the National League for Democracy should work to bring all of Burma together to move forward in an inclusive and democratic manner.

"I call on Burma's military to immediately release the civilian political leaders of the country and turn back from this abyss. The Biden Administration must take a strong stand and our partners and all democracies around the world should follow suit in condemning this authoritarian assault on democracy. We need to support the people of Burma in their journey toward democracy and impose costs on those who stand in their way."

Can we, at the very minimum, first establish that the meme "nothing ever happens" has been entirely obliterated? In the last month, American citizens took the US Capitol, DC was locked down with tens of thousands of troops and now the most powerful people in the world cower behind a fence while trying to pass the most authoritarian shit ever, and now they're demanding that ordinary people be barred from participating in securities trading. I don't really give a fuck whether you were/are a Q-tard or not, but it's clear that each week or two that passes since 2021 began brings with it a new outrage that exposes ((their)) control to the normies on levels that cannot be covered up by MSM spin, and also reveals how much they fear those they rule.

Who the fuck thought 2021 was going to put 2020 to shame before the first month was even over?

An E-8 is currently watching over Trump off the coast. 'This is an airborne battle management, command and control, intelligence, surveillance and reconnaissance platform... to provide commanders with surveillance to support attack operations.' Serious hardware for a ' former President.'

From what I can find it appears that Myanmar was using smartmatic voting machines. Smartmatic is used in 25 countries. I wonder how many other countries just had elections?

What do you think would happen if a few other countries also had military take overs because of massive voting fraud using Smartmatic? How would that play out if things like that happened before the impeachment trial in the Senate?

Trip down memory lane. The new people may not know some of the things the digital warriors uncovered about the secret lives of our politicians over the years. Focus today is on Adam Schiff. These people are sick.

Adam Schiff is Member of the U.S. House of Representatives from California and is a Ranking Member of the House Intelligence Committee. Adam has been one of the most vocal anti-Trump people in Washington. Like we always say, the loudest have the most to hide.

Adam has lots of friends. One of his friends is Ed Buck. Edward Bernard Peter Buck is an American businessman, LGBTQ political activist, and Democratic political fundraiser. He has raised lots of

money for Adam and other democrat candidates. Here is a picture of Adam and his friend Ed. <https://repubpost.com/2019/11/14/another-sexual-predator-linked-to-adam-schiff-arrested/>

The story behind Ed Buck is he liked to give crystal meth to black male prostitutes and 2 of them died in his apartment. Here is a article about it, Ed is pictured with the 2 men that died in his apartment. <https://filmdaily.co/obsessions/true-crime/ed-buck/>

Here is a pic of ED after he was arrested. <https://cdn2.lamag.com/wp-content/uploads/sites/6/2019/11/ed-1068x687.jpg>

Adam had another friend, his name was Dr. Bruce Hensel. Here is a video of Adam introducing him as his friend at a event. Dr. Bruce Hensel would later be charged with sexual abuse against a 9 year old girl. <https://www.washingtonexaminer.com/news/my-friend-adam-schiff-praised-tv-doctor-arrested-on-sex-charges-over-9-year-old-girl>

Then there is a story from the Standard Hotel. Actually it was at Chateau Marmont, they featured hillside bungalows, just up the street from the Standard Hotel, and owned by the Standard Hotel. The story is Adam Schiff showed up to a bungalow one night dressed in drag. He was provided with a young black boy who was drugged. Adam had his way with him and the boy died on the scene. Rumor is the room was wired and there is a video floating around. It is said Pelosi has a copy.

Here is a article that talks about this. <http://stateofthenation.co/?p=1627> You might say this sounds like a conspiracy theory but there is a Q drop that talks about this incident. <https://qalerts.app/?n=657>

I can't say that Adam has a attraction to young black boys but here is a picture that could indicate so. <https://duckduckgo.com/?q=adam+schiff+with+black+boy&iar=images&iax=images&ia=images&iai=https%3A%2F%2Fcdn.qmap.pub%2Fimages%2F748025b377f81423231d0e0f22d1a4691d1873a880a84ea3e953e7906878c364.jpg>

There were witnesses to the event and one of the witnesses was Anthony Bourdain. He was on the travel channel and had a show where he traveled the world and sampled different cuisines. He was recently engaged to Asia Argento. Then he committed suicide. They say he hung himself in Strasbourg Germany while filming a new episode. Im guessing he hung himself with a red scarf from a door

Anonymous

knob and if you don't know the story behind the (red scarf/door knob) , I suggest you research it.

It is said Anthony wanted to expose what happened that night. He reportedly contacted the LAPD. This may have been a bad move. Most Likely the LADP tipped off Schiff which led to his demise. Anthony's finance Asia Argento also gave a speech at the Cannes Film Festivle where she called out Harvey Weinstein and some sexual predators in the

audience. <https://www.youtube.com/watch?v=2PUCE0i94Lo>

I guess this speech could have also got Anthony killed, sending a message to Asia to keep he mouth shut.

That is all I have for now. Have a good day my frens!!!

Not going to lie... I've had some serious doubts, concerns and bouts of depression during the past 40 months since I found Q. Here are some thoughts I go back to when I need to lift myself back up by my bootstraps. I hope they help you:

- DJT was recruited and groomed for this a LONG time before he rode down the escalator.
- The ONLY reason he would give up his lifestyle and quality time with his family was for the children, our country and the rest of the worldwide swamp.
- Trump is too smart. He would NEVER have entered a game that wasn't already won.
- Most of Q drops weren't meant for anons.
- It takes a LONG time to awaken people from life-long comas.
- Cognitive dissonance is real. It's difficult to help others realize their entire belief system and values were complete bullshit.
- Q would have NEVER dropped a word publicly unless the mission was already over.
- The DS would have NEVER created a LARP (Q), because it woke us up, got us digging, and--most importantly--enabled us to connect, hive and organize should we ever need Plan Z.

I hope you can copy/past and add to this list for your own "pick me ups".

God bless you all! #WWG1WGA

Grievance filed by Ted Kart, Maumee, OH*

Dear Paula:

Per our recent telephone conversation, I am enclosing a thumb drive containing a compilation of some of the compelling evidence of election fraud.

The thumb drive also contains the interview of a very credible whistleblower whose statements provide substantial support for my public comments about former Vice President Mike Pence, John Roberts, the Chief Justice of the United States Supreme Court, and Rod Rosenstein, the former Deputy Attorney General.

This evidence must be considered in connection with the complaints filed against me by the out of state, non-client citizens and in connection with reported claims that the State Bar intends to request that I submit to a mental healthcare examination.

I expect that the State Bar of Georgia will thoroughly investigate this evidence and provide it to any and all law enforcement agencies responsible for investigating and prosecuting these types of crimes.

Between now and February 12, I will be providing you and the State Bar with additional evidence which must be considered in resolving the above referenced complaints filed against me by the out of state, non-client citizens.

As always, please feel free to contact me if you have any questions.

Sincerely,

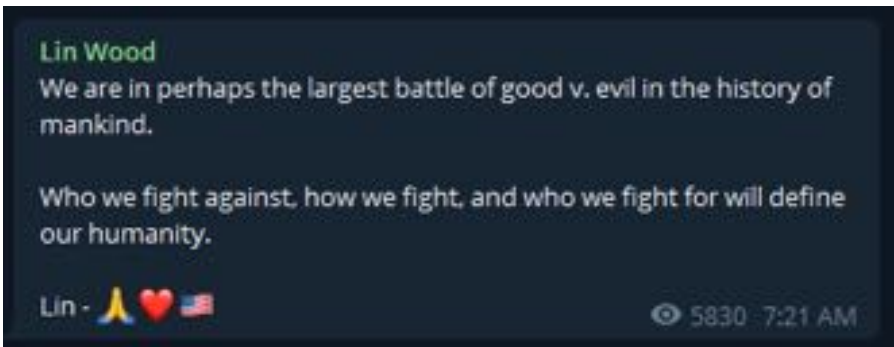

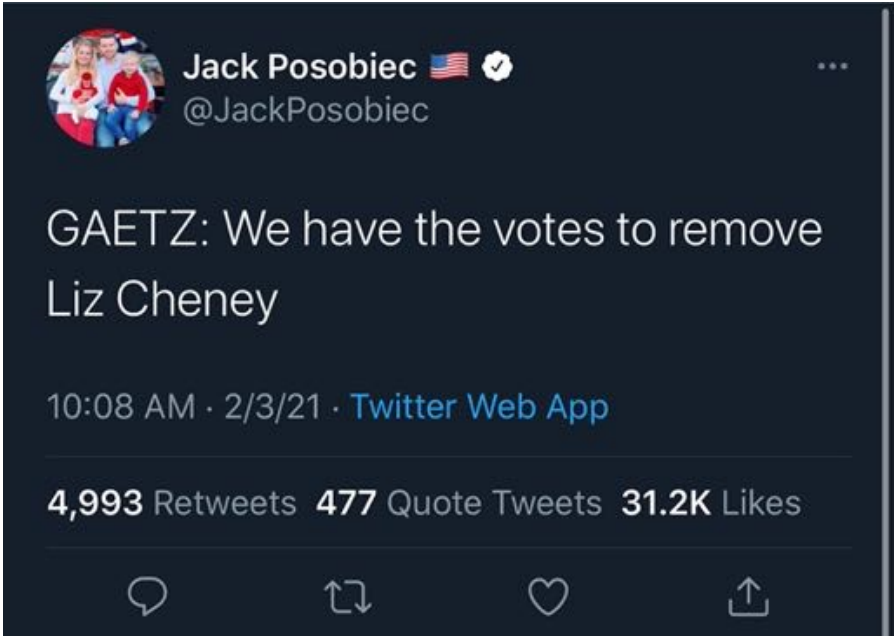

L. Lin Wood

Arrested! Central Bank Rothschilds operative! That storm is growing nearer... (www.youtube.com)

<https://www.youtube.com/watch?v=O6JiUgHudMM>

"Also, maybe now you understand why Russia absolutely will NOT implement a Central Bank.

The history of the Russian Tsars is fascinating. Alexander II actually ended Serfdom before Lennin had a chance to come on the scene - he advocated self-governance amongst local regions through the zemstvo system and was working towards more peaceful, Democratic leaning policies - now understand what this means historically, and research Rothschild's connection to Marx. This pervasive ideology was engineered. The Russians have not always been plagued by communism.

Russia and the US had a really good relationship until the 1850s. Russia's pro-US foreign policy resulted in US ownership of Alaska to keep it out of the hands of the UK. And the US was helping Russia build the Trans Russian railroad. That would've made Russia infinitely more powerful than Europe.

The UK did not like this at all.

Russia & the United States were geographically huge, and progressive ideological forces to be reckoned with.

Sinister plotting ensued.

The US was soon crippled by Civil War and enslaved to the powers of Central Banking - at the same time, leading up to WWI, the Tsars of Russia were systematically assassinated, entire families slaughtered - making way for Lennin."

You provided aid and comfort to enemies of the American people that rioted violently in your state by sharing MFF bail bond links.

And by the way, marrying your brother is ILLEGAL in Minnesota.

My statement on Republican efforts to whitewash Marjorie Taylor Greene's incitement of violence.

[Show this thread](#)

"Let's be clear: this is a desperate smear rooted in racism, misogyny, and Islamophobia. Marjorie Taylor Greene has incited violence against her fellow Members of Congress, repeatedly singling out prominent women of color. She actively encouraged the insurrection on the Capitol that threatened my life and the life of every Member of Congress, and resulted in multiple deaths. She ran a campaign ad holding an assault rifle next to my face. She came to the Capitol demanding that me and Rep. Tlaib swear in on the Christian bible instead of the Quran.

"The House Republican Caucus, instead of holding her accountable, is now fanning the flames. Republicans will do anything to distract from the fact that they have not only allowed but elevated members of their own caucus who encourage violence. It's time to stop whitewashing the actions of the violent conspiracy theorists, who pose a direct and immediate threat to their fellow Members of Congress and our most fundamental democratic processes."

Anyone Else Tired of being crapped on and taken for granted by the Republicans in Congress?

145 to 61. That was the "secret vote" tally in the republican party yesterday against removing Cheney from her leadership position. Frankly, between this vote and the impeachment vote, I am done with the republican party. But unfortunately even Trump believes that another Patriot Party would not be "doable". So, folks, in every state, we need to remove through the primary process every RINO who voted for impeachment and against removing Cheney. They DON'T respect you or me, they take you and me for GRANTED, they crap on you as a voter, they think you WILL FORGET this, McCarthy just wanted to "turn the page" on this issue. We all should remember and NOT lose this fire that we have now. 2022 will be here before we all know it. We need to mobilize somehow, somehow.

Michigan Election Officials are Ordered to Hand Over Records Of Communications with Tech Giants, Dominion Voting Systems

Michigan election officials are being ordered to hand over records of communications they had with tech giants such as Google and Facebook with regards to 2020 elections that were marred with credible fraud allegations.

Antrim County Circuit Judge Kevin A. Elsenheimer is forcing Michigan election officials to produce all communications with Google, Facebook, Amazon and Apple related to the 2020 elections. Elsenheimer has also ordered Secretary of State Jocelyn Benson and her Bureau of Elections to produce communications with Dominion Voting System and Election Source, the companies responsible for computerized voting systems in Antrim County and much of the state.

House Impeachment Counsel

Dear Congressman Raskin:

We are in receipt of your latest public relations stunt. As you certainly know, there is no such thing as a negative inference in this unconstitutional proceeding.

Your letter only confirms what is known to everyone: you cannot prove your allegations against the 45th President of the United States, who is now a private citizen.

The use of our Constitution to bring a purported impeachment proceeding is much too serious to try to play these games.

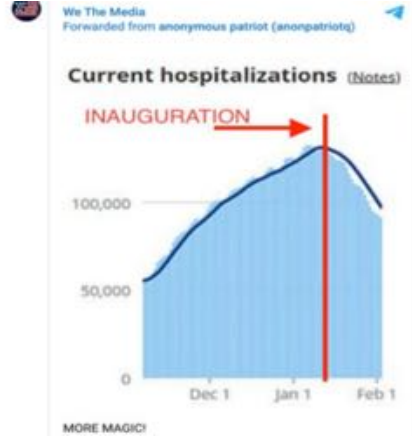

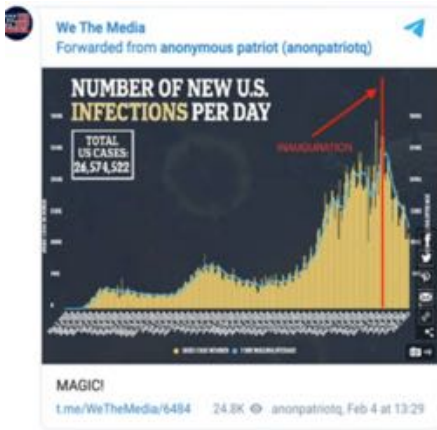

Sincerely,

Ms. Carteris:

I write to you today regarding the so-called Disciplinary Committee hearing aimed at revoking my union membership. Who cares!

While I'm not familiar with your work, I'm very proud of my work on movies such as Home Alone 2, Zoolander and Wall Street: Money Never Sleeps; and television shows including The Fresh Prince of Bel-Air, Saturday Night Live, and of course, one of the most successful shows in television history, The Apprentice - to name just a few!

I've also greatly helped the cable news television business (said to be a dying platform with not much time left until I got involved in politics), and created thousands of jobs at networks such as MSNBC and Fake News CNN, among many others.

Which brings me to your blatant attempt at free media attention to distract from your dismal record as a union. Your organization has done little for its members, and nothing for me - besides collecting dues and promoting dangerous un-American policies and ideas - as evident by your massive unemployment rates and lawsuits from celebrated actors, who even recorded a video asking, "Why isn't the union fighting for me?"

These, however, are policy failures. Your disciplinary failures are even more egregious.

I no longer wish to be associated with your union.

As such, this letter is to inform you of my immediate resignation from SAG-AFTRA. You have done nothing for me.

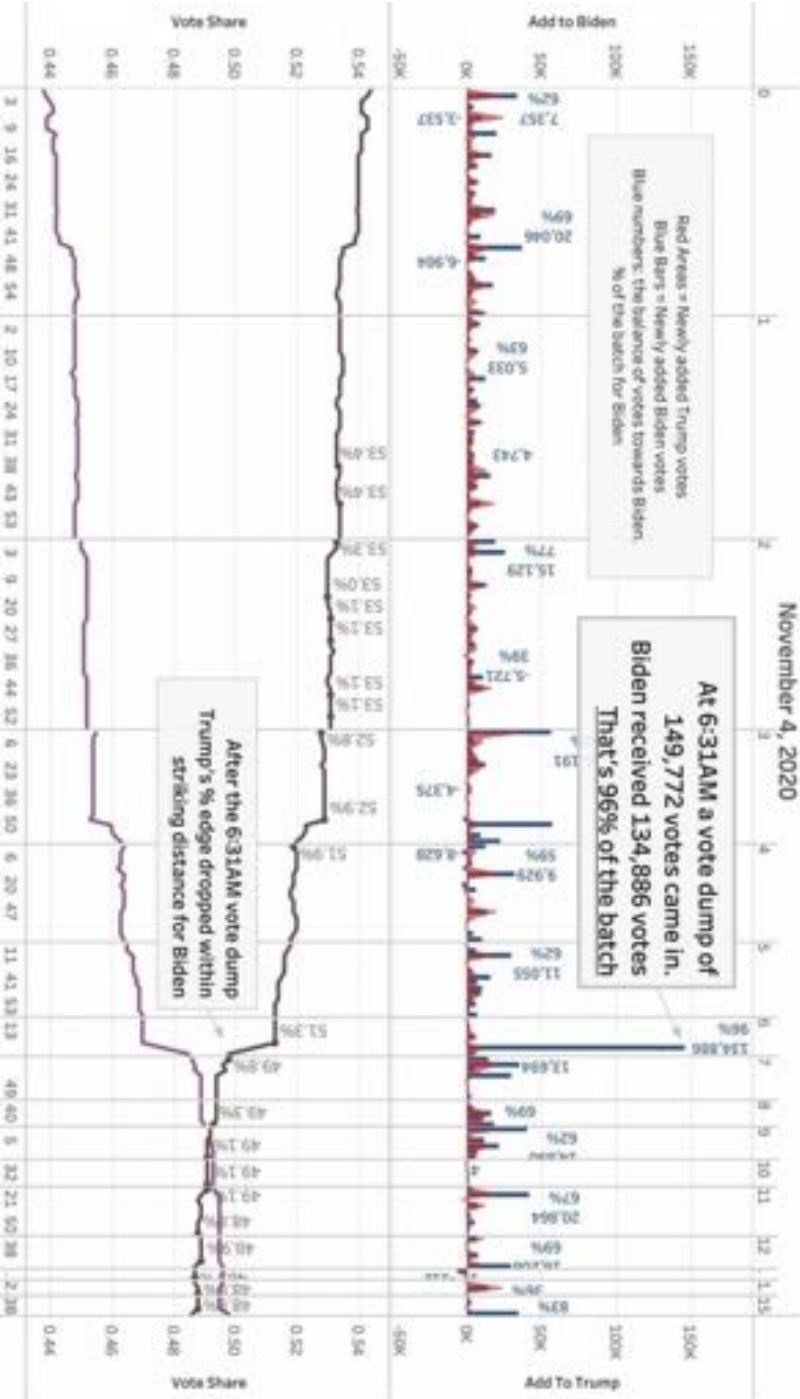

Regards,

A handwritten signature in black ink, appearing to read "Donald Trump". The signature is stylized and somewhat illegible due to the cursive style.

The MSM say that Joe Biden had to use that Boeing 757-200 (C-32) because the airport they were going to land at wasn't big enough for a Boeing 747. This is, to put it bluntly, Fake News.

The plane landed at Delaware's New Castle Air National Guard Base. Home to the 166th Airlift Wing. They have 3 runways with lengths of 4602 ft, 7012 ft, and 7275 ft. A VC-25 can use a runway as short as 5000 ft safely and AF1 has done so routinely during previous admin trips. So, that dog won't hunt.

Some have pointed out that the length of a runway is not the only consideration when it comes to a particular aircraft's runway requirements. I agree. However, I think that the fact that President Barack Obama was aboard AF1 when it landed at the New Castle Air National Guard Base on July 17, 2014 can be used as pretty imperial evidence that AF1 has no problem touching down or taking off from New Castle Air National Guard Base.

Others have wondered, "Was Air Force One simply in for repairs, or being redecorated, so Joe Biden couldn't use it?"

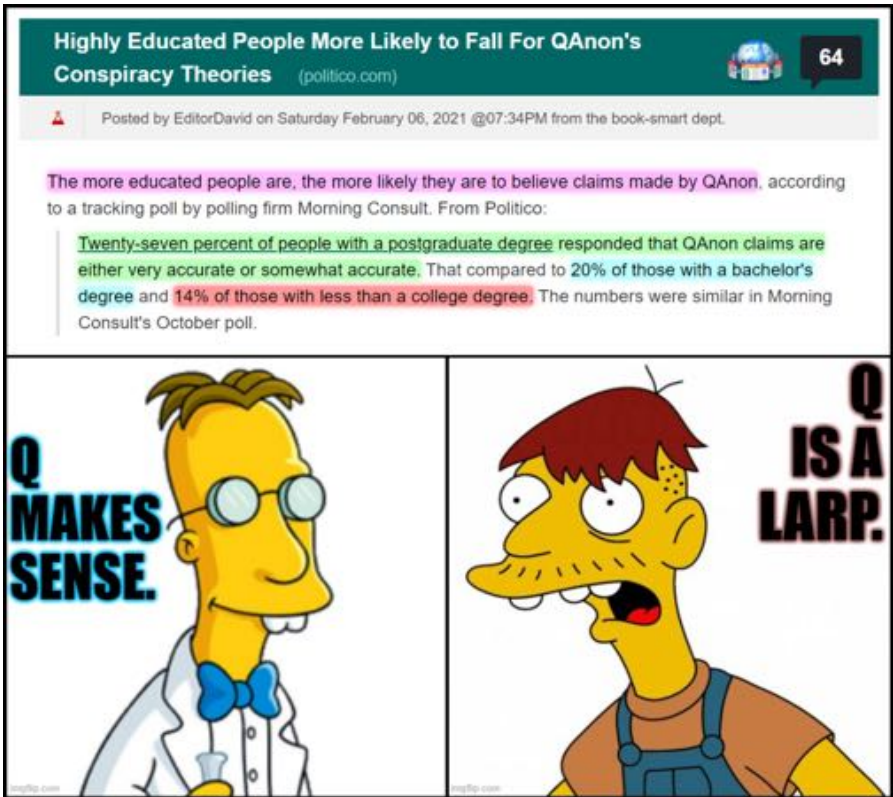

That would work except there are two VC-25a Air Force Ones; says so right on the Whitehouse website. Also, the Air Force rules dictate that one of these aircraft is fully operational (flight ready) at all times. In addition, there are other aircraft available to the President of the US, not the least of which is Marine One which is certainly capable of reaching that NG base.

What I don't understand about Lin wood, General flynn and others is when they say "People STAND UP BE HEARD". We've been doing that and our reps in congress gave us the middle finger on Jan 6 . "Get involved in politics at the local level" Umm VOTING MACHINES SWITCHING VOTES and ELECTION FRAUD??

I don't understand why they continue to tell people this when they just witnessed the something we did. I saw an election stolen and people who stood up to the election fraud were threatened with violence ... Yet they tell all Trump supporters to be 100% peaceful and respectful. I don't understand what these people want from us because those on the other side aren't going to lose without a physical battle which is why the Q team saying the Military is the only way and most of us trust the military. We are told to be peaceful which I

agree with this so we stay peaceful. We are told to stand up and be heard, Millions of us have been calling our local reps for 4 months now but congress on Jan 6th showed us how they felt about our protests. As for getting into politics. As long as the corrupt voting machines are in place, I don't know how that is even an option.

The Storm: Volume Thirteen

And the final, most effective hack? It involves a pair of pantyhose. When the researchers covered the surgical mask with a 10-inch section of nylon hosiery, filtration efficiency surged to an impressive 80%.

It may look silly, but it's effective — and fairly comfortable. If you want to try this trick, cut a ring of material from the thigh area on a pair of pantyhose — about 8 to 10 inches long, top to bottom. (Pro tip: Use queen-size hosiery for a more comfortable fit.)

Then pull the ring over your head and on top of your mask to create a tight fit to the face. Tights should also work well, says Loretta Fernandez, an assistant professor of civil and environmental engineering at Northeastern University who conducted prior research on the power of pantyhose.

Reminds me of the John B Wells interview with the dudes that did a photo breakdown of the Boston Bombing.

The Storm: Volume Thirteen

Anyone who watches that with a skeptical eye knows the whole thing was fake.

My favorite part was watching the middle age lady waddle up to the scene with a giant bag 10 minute AFTER the supposed bomb went off and laid down on the ground. Shredded pants with zero damage underneath the clothing and these people are Up walking around. Even the iconic photo of the blond girl in the middle of all the damage has chunks torn out of her shirt and no blood underneath. They made the leg look gory but forgot about the arm. This is also what gives me pause about “Johnheretohelp” who claims to know the guy that made the bomb.

One thing that I also notice is that even though several shots were apparently shot towards her before she started climbing through the window, there is no shattered wood or bullet holes in the wall with accompanying drywall damage since he was missing her before he actually "hit" her. I thought, well maybe I misunderstood and there was only the one shot - the one that supposedly hit her, but people were yelling that shots were being fired and calling for "active shooter" before she was hit. Which brings to mind... she was supposedly a vet and if shots were being fired, why would she be moving ahead to climb through the window instead of taking cover as she was trained to do?

Flynn "I think I will still call him President, congress must think he's still President since you can't impeach a private citizen".
When Flynn received a full pardon then there is a good chance that he got his Security clearance back which means FLYNN CANNOT DISCLOSE ANY CLASSIFIED MILITARY OPS !
So NO.,..... General flynn can't tell you there is a "PLAN" and no flynn can't tell you the reason why the US MILITARY IS IN DC.

The Storm: Volume Thirteen

More than likely the real reason behind the Military in DC is classified. From what I've heard, if you get a security clearance you cannot disclose anything unless you get permission to do so. You can't drop hints or clues. So asking General Flynn if there is a "plan" is almost as stupid as asking a Navy Seal team what's their next mission. I think the Interviewer on RSBN did the community a disservice by asking that question.

Israel to Brief Hundreds of Defense Officials, Fearing They May Be Arrested After ICC Ruling
Israel had prepared a confidential list of past and present officials who might be wanted by the international court, in the wake of decision on possible war crimes. Officials say several member states have agreed to warn Israel of any plan to arrest Israelis.
The prime minister has previously denied all the allegations, saying they are part of a politically motivated "witch-hunt" to oust him from office.

In the 24 year interval between Wag the Dog and the present, one can only imagine the almost hard-to-believe technological and computer advances which are now available for use in creating an artificial reality on screen as well as in photographs.

Makes it hard to discern real from fake or as I prefer to describe it, truth from lie.

Body doubles are easy. Deep fake videos are so real, I bet one could create a fake acceptance speech after winning a political party's nomination. And the list of potentially fake events goes on and on . . .

Many Patriots are uninformed about "deep fakes." Given the extraordinary times in which we live, being informed with facts and truth has never been more important.

Thank you for making it cool to be an American again. Thank you for showing us that we don’t need to be under China’s thumb anymore economically, or any other way. Thank you for one of the strongest economies we’ve ever experienced in my lifetime.

Thank you for all you have done for the minority communities, and the outstanding decrease in the unemployment rate you had. Thank you for making it feel good to love our country and to be a proud patriot again.”

“Thank you for supporting our Nation’s flag and the men and women who fought for the freedom that stands behind that flag. Thank you for supporting our nation’s law enforcement organizations, and understanding how difficult their job really is.

Thank you for quelling the flood of illegal immigration, and bringing to justice the thousands of criminals that flood brought us. Thank you for giving corporations a reason to come back to America to make our own products and put Americans back to work.

Thank you for your Tax relief, and thank you for our energy independence. Most of all though...

THANK YOU for taking a damn rotten job that you never had to take!! Thank you for caring enough for this country to want to try and make a difference.

Thank you for showing America how little Career Politicians actually work for their constituents; for showing us how much those politicians despise you for showing America how easy it is to build a great nation, rather than rape her to line their own pockets and stock portfolios.

Take heart, when I refer to POTUS, I mean Donald J. Trump. When I refer to Fake POTUS (FP), I mean Sleepy Joe. POTUS and DoD are in control because...

Look at all the fakery by FP and the MSM:

There is no evidence of election fraud

POTUS incited the riot at the Capitol Building on January 6th

Fake Inauguration

Fake Oval Office scenes from Castle Rock

Fake pandemic suddenly starts to clear up after FP implements his "Covid strategy". Really they just re-calibrated the PCR test which had previously been declaring 94% false positives.

National Guard still deployed in DC and other major cities

Security fences not coming down

National Guard and Army do not salute or recognize the FP

FP and his people cannot enter the Pentagon

Many major CEOs have recently announced that they are stepping down. They know POTUS is in charge and that major arrests are imminent:

Jeff Bezos, Amazon

Jeff Zucker, CNN

Bob Iger, Disney

Ginni Rometty, IBM

Les Wexner, L Brands

No foreign leader wants to meet with the FP. They know he is illegitimate and that his time "in office" will be short lived.

The arrests and prosecutions of human trafficking and child porn is continuing across the country and around the world.

Take heart. God is in full control. Continue to pray.

First, Georgia Secretary of State Brad Raffensperger threatens to investigate me under a false claim that I was not a resident of Georgia in November of 2020.

Now Brad tells Reuters he has opened an investigation of President Donald Trump because of the President's legitimate attempt to reverse the state's fraudulent 2020 election results.

Okay. Every investigation should be a two-way street. It is time to have federal authorities conduct a thorough investigation of Brad and his son, Kyle Raffensperger, and their connections to Tendon Systems LLC, Post Tension Services Inc., Belladrum Equipment Leasing, Inc., and Colony Bank.

Remember the last "insurrection" that was in 2018 when hundreds of Democrat protestors stormed the Capital, interrupted the Kavanaugh hearings, were yelling, screaming and threatening lawmakers in the halls of Congress. Cornering our congressmen and women in elevators, even in their offices. Remember Nancy Pelosi defended the protestors because it was "the people's house".? Chuck Schumer took a similar stance. Many legislators and their staff were frightened and intimidated by the mob, fearing bodily injury or worse. I don't remember a media outrage or meltdown, do you? How many were arrested and charged?

UPDATE on getting kicked out of a grocery store for not wearing a mask.

I posted a few days ago about an incident where I was asked to leave a grocery store for not wearing a mask. Post here.

The TL;DR version is this:

I go into a grocery store, shop for a 20 minutes. Every single employee at that point had been super nice and said absolutely nothing mask-related. In an empty aisle, the "store manager" walks up to me and asks if I'm aware that I have to wear a facial covering while in the store. I tell her I have a medical exemption. She says, "I don't care, it doesn't matter. The CDC says you still have to wear one." I knew she was completely wrong and arguing was of no use. So before I left, I made sure to ask her if this store's corporate policy was to NOT honor medical exemptions. She said, "Yeah". I asked her name and calmly left. I came home and felt pretty awful about the incident. Did not expect to ever have it affect me in such a way. I wrote corporate an email as a last resort but expected nothing to come of it.

Anyway, I have an update. I don't why I'm so surprised because I knew I was right, but it turns out this grocery DOES, in fact, honor medical exemptions. I wrote them back again because I wanted them to clarify some things and I wanted to make absolute sure I wouldn't be hassled again. They again replied and told me their management teams would be informed so "everyone is on the same page" and that I was good to go.

I know this is probably not a big deal to most of you but I hate confrontation and do everything I can to avoid it. All of the mandates and restrictions have affected me in ways I never thought possible. I pretty much hate going anywhere now due to the anxiety of whether I'm going to get humiliated and kicked out of a store over their stupid masks.

This one feels good, man. Feels like the little guy finally won one lol. Still have never worn a mask and never will. God bless America.

Look at the wording in Trump's "Impeachment".

Trump's lawyer's SPECIFICALLY call Biden the FORMER VICE PRESIDENT. Not current President, not even former President elect. They give absolutely no credence that Pedo Joe every won anything. 🤔🤔🤔 So we shut down our entire economy when 400,000 people died from Covid. But in 2019 one 400,000 children went missing and disappeared, we didn't even hear about it on any news channels. Something is not right with that. Big time 🤔🤔🤔

The image shows two side-by-side screenshots. The left screenshot is from the CDC's COVID-19 Data Tracker, displaying statistics for the United States: 26,939,515 total cases, 21,833 deaths in the last 7 days, and 463,659 total deaths. A red circle highlights the 'TOTAL DEATHS' figure. Below the statistics is a map of the United States color-coded by death toll. The right screenshot is from the FBI's 2019 NCIC Missing Person and Unidentified Person Statistics. It features a table titled '2019 MISSING PERSON ENTRY BY CATEGORY - AGE/SEX/RACE' with sub-sections for 'Juvenile Under 18', 'Juvenile Under 21', and 'All Ages'. A red circle highlights a row in the 'All Ages' section, with an arrow pointing to it from below.

I am Chinese-Canadian. I escaped Communism. I am willing to take a bullet for Trump.

I cannot express how much this community has helped me during this dark time. Without you, these last few months would have been nothing short of suicidal.

To watch America, Canada, UK and the last of the free West fall to the influences of Chinese communism is extremely distressing. We left that country because we didn't want anything to do with it. To witness this again is unfathomable.

The Storm: Volume Thirteen

But we have a chance now. Even if it means nuclear annihilation of millions. If we can save humanity, we're willing to pay the price. Dear President Trump. If you need us, we will be there for you. If it means we have to die to save the American way of life, we are ready.
Thank you to this community. Thank you to Q.
Thank you, President Trump.

Trump and Republicans have won the majority of the 81 election lawsuits -- fake news and fake congress lying again NCSWIC.

There have been 81 lawsuits filed that are related to the 2020 election, and more being filed all the time.

There have been thousands of witnesses, swearing under oath, that they personally witnessed election fraud.

About half the cases are either pending or were dismissed due to judge making an arbitrary claim without any evidence presented.

Of the cases (47) where evidence has been presented, Trump and/or Republican plaintiff has won the majority.

Big cases still pending in key states, and evidence is scheduled to be presented.

Here we go, the House managers are opening Pandora's Box wide open, claiming that Trump spent months trying to stop the steal. Now Trump's team can talk about the steal all they want. WINS OF THE DAY.

Madeleine Dean is not only opening the door, but she is making it a huge part of the Dems' case against Trump. How dare he question the election?

Easy pickings for Trump's team to play tape after tape of Dems questioning election results ... not to mention calling Trump's 2016 election illegitimate to this very day.

These people are stupid.

This is purely anecdotal (no sauce!), but this just happened to me...

I'm at my local butcher shop and both brothers that own it are 100% "Q woke". They watch X22, Patriot Street Fighter, etc. They engage me every time I go in to share ideas and theories.

Today, Ray calls me over and says, "I gotta tell you what happened a couple days ago and it's going to blow your mind. A little old lady comes in; never seen her before (and we live in a small town). She's ordering tiny amounts of sides and apologized for no reason, "My husband pass on about a year ago and I just retired."

Ray was surprised that a woman of her obviously advanced age had still been working, so he asked, "What type of work did you retire from?"

"National intelligence," she responded.

Ray said, "May I please ask you a question that might be related to the work you did?"

"Sure."

"Is there a storm coming?"

Ray said her eyes lit up and she said, "It's not just a storm, sir. It's a tidal wave!"

Ray told me that she also said that Xi and Putin both had worked with Trump and that evil will be taken down worldwide.

Small world, eh?

Democrats used an affidavit as evidence but apparently the thousands of voter fraud affidavits don't count 🧠 These people are stupid!

Which opens the door to the defense using affidavits.

More importantly they opened the door to presenting evidence of election fraud.

Pedophile den broken up in Thailand

The DSI are the Thai equivalent of the FBI. Interestingly I drive past this place several times a week. Never had any idea it was a massive pedophile den. It is just in a regular suburban housing estate. They advertise in the area. People pay money to have their kid's portraits taken at their professional studio. No pizza symbolism anywhere around. I'm a little bit stunned to be honest. Glad I never sent my kids there for pictures.

Just goes to show this stuff can happen anywhere.

Seen a lot of stuff about the stuff that happened on that day and the follow-up. Mostly people on here laughing about how fucking retarded the Dems are for comparing it to 9/11 but that's exactly the point.

We've all been sitting here mocking them for comparing it to September 11th terror attacks and calling it a hysterical overreaction but they know exactly what they're doing here. It's all setting the stage for what's about to come.

What was the biggest consequence of 9/11? Bigger than the deaths, the fear and the foreign interventions? The Patriot Act.

They're going to ass fuck you yanks with legislation and they've managed to convince the unthinking masses that it's essential, just like they did after 9/11.

Got the cops called on me today for refusing to wear a mask at the local hardware store.

Went to the local Michigan based hardware store today and upon entering I was told to put on a mask. I said no. She offered me one I refused. manager told me I can't go in with outva mask I said I'm going in anyways. Register punk behind plexiglass said he won't cash me out. Told the liberal boy I'm not leaving without my elmer's glue. So he turned off his light for the register. I said I'll wait right here with the light on or off makes no difference to me. Long story short 3 cop cars and 3 cops came in and told me I have to follow the store policy. Said I can't wear a mask. He said I don't want to argue. Me neither I said just want to purchase my elmers glue. After lots of going back and forth He asked me where were the items I wanted to purchase? Told him the register boy confiscated them. Cop went to counter and asked where they were. Register boy told him he put them back on the shelf. Cop asked him to go get them 🤔🤔 Cop asked for my money so I could wait at the door so I don't infect the entire store that had one other customer. He brought it to me and I asked if I could also get a bag. Cops were a bunch of assholes, so was the management and the libtards working behind the counter who would take off their mask to make a face at me. Copper told me

I'm not allowed back. Probably will go back anyway in the future. Tell you what!! I left with my elmer's glue!! Fuck all of them!! Ps I'm just a mom shopping with her son for some glue for homeschool project. If I can do it anyone can. Stand tall!!

I fully expect some serious fuckery tomorrow with the impeachment broadcasts...

I wouldn't put it past them to completely censor the defense at this point. That could be a huge redpill if enough normies are exposed to whatever shenanigans they try.

I've been thinking the same....they did it on the 6th, why not now.

Exactly, has to be more than a bomb scare or a bomb hoax that they take 2 days to clear.
