

IC4-SERIES

NEW CONCEPT IN REMOTE STARTER

Ultra's newest line, the IC4 Series features industry leading slim style remote's. These remote's are as solid as they come, easy to use and fit in your pocket unlike any other remote on the market. The IC4 Series also offers the most advanced control system in the industry, yet it is still very easy to install, saving valuable installation time. The IC4 Series is in a league of its own with features like a direct link data port, output overload protection and an intelligent auto Tach / Tachless learning system and Hybrid Vehicle Modes. The IC4 is simply the best overall series of remote starters and alarms available anywhere.
