

Read to WIN

Dear Family Member,

Your child's class is taking part in Laser City's Read to Win program, which encourages kids to read for the chance to win free games of Laser Tag at Laser City.

Every time students complete a reading sheet, they are entered into your class' monthly draw for 1 of 5 pairs of free games of Laser Tag! Each classroom has 50 pairs of games to give away through the school year

How It Works

1. Your teacher will provide your child with reading sheets to fill in. Every time they finish a chapter or book (it will say at the top of the sheet), they will complete a line on the sheet. Download extra reading sheets at readtowin.ca/for-families
2. Your child will ask you to sign off on their reading as they complete each line
3. Once the sheet is full, they'll drop the sheet into the entry box in their classroom. Each sheet will count as one entry.
4. Every month their teacher will draw 5 sheets from the box and award those children with a certificate.
5. Follow the instructions on the back of the certificate to get a Voucher for your 2 free games of Laser Tag emailed to you.
6. Bring the email to Laser City to redeem and play some awesome games of Laser Tag!
