**3. What were the reasons you got into the fire service?** The reason I became a firefighter almost 25 years ago is because I wanted to be the servant that the Lord calls all of us to be. I also wanted to make a difference in my community just like my father has done for the past forty plus years. After running 75 plus calls a year for the last 25 years, I have realized many need help and by serving them in need, I am doing exactly what the Lord has called me to do.

**4. What has been your most memorable moment while being a part of the WVFD?** I have 2. Getting the letter from the State Fire Marshal's Office saying we had dropped our department's insurance rating from a 9E to a 5/9E and being able to be a part of the new building dedication in 2020 with all of the members of the department.

**5. What advice would you give to a younger member of the department that is striving to be the best firefighter they can be?** Knowledge comes with experiences through training and real life situations. Wisdom comes from this knowledge and other mature members. Always continue to learn so you can become a mentor to the younger generation.
