

Multidocker CH 74 D

Year: 2013

Working hours: 8.000 hrs

CAT 374D

Weight ca 97 ton

Reach : 23,1 meter* Reach can be
extended to 25 meter

Boom : 15,0 meter

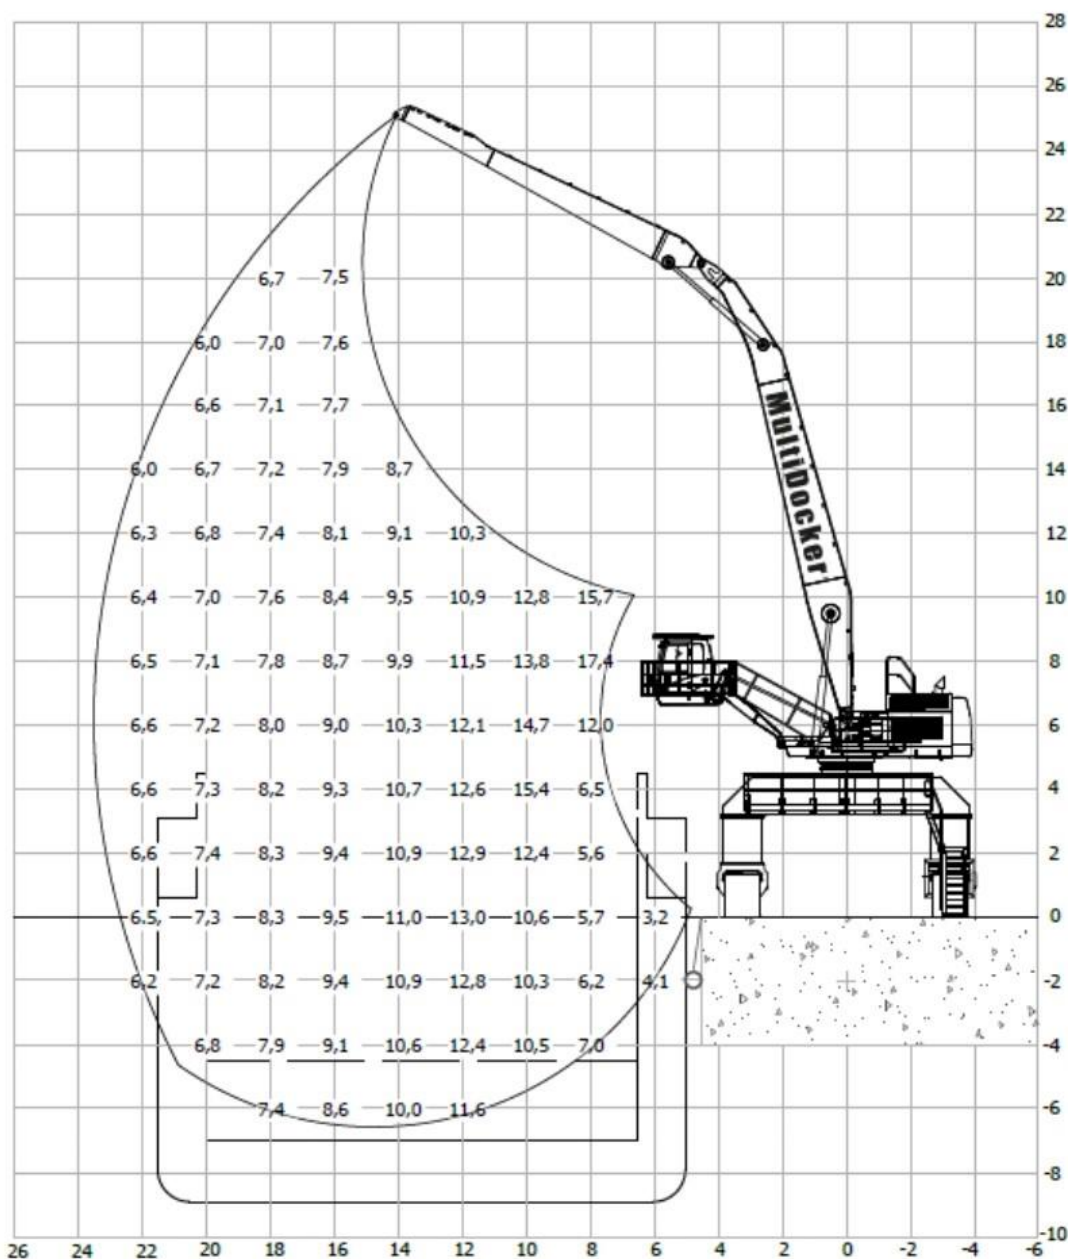

Stick : 10,6 meter

Hydraulic cab raiser MultiLift

Undercarriage raiser MG6000C

GOOD WORKING CONDITIONS

Multidocker CH 74 D

Lifting capacity table, unit tonne = 1.000 kg

The lifting capacities are measured at 360° in the stick end-joint. The above values have been calculated in compliance with SS-EN 13001. They do not exceed 87% of the hydraulic lifting capacity or 75% of the tipping load, with the machine on firm, level ground.
