

MISSION TRIP

2019

THE H.E.V.I.S. CENTER

A **MISSION TRIP**
THAT WILL CHANGE YOUR LIFE

A mission trip with our program begins with the kids, centered in the slums of Nairobi Kenya. There you will have many amazing memories, but it is not for the faint of heart. Your heart will overflow with love, empathy, compassion, and sorrow for the people who live out their days in a place you will come to understand and want to help. We will roll up our sleeves and go to work, building desks, walls, planting gardens, outreach to the community and more.

We also will go on safari in the Africa we all have come to see. A place full of beautiful landscapes, tribal traditions, wildlife, art, culture, and amazing people.

A MISSION TRIP
THAT WILL CHANGE YOUR LIFE

A My Neighbor Foundation Project

The Mission Trip is many things but at the end of the day, it is about the families who need hope, opportunity, and a chance for their children to be successful but are unable to for many reasons. Reasons you will come to understand.

JOIN US and see for yourself that with a little support and interest, the lives of students, their families, and even an entire community can be given a chance to see success in their lives.

Sincerely,

Travis West
