Michigan Department of Agricultural website:

or by contacting the Shiawassee County Fair Office.

***Livestock** means those species of animals used for human food and fiber or those species of animals used for service to humans. Livestock includes but is not limited to cattle, sheep, new world camelids (llamas, alpacas, vicunas, and guanacos), goats, bison, captive Cervidae, ratites (cassowaries, kiwis, ostriches, and emus), swine, equine, poultry, aquaculture, and rabbits. INTERNATIONAL ASSOCIATION OF FAIRS & EXPOSITIONS NATIONAL CODE OF SHOW RING ETHICS

Adopted April 2003 by the Shiawassee County Agricultural Society

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in the competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. When applicable, exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relation thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administer drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animals' performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

- 5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- 6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- 7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representative, or show officials before, during, or after the competitive even is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
- 8) No owner, exhibitor, fitter, trainer, or responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- 9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of the Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceeding or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
- 11) The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understand the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulation, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Frank Toma.....Board Member Rep.

The Shiawassee County Fair has the legal authority to require drug testing under the Animal Industry Act 466 of 1988 as amended in Section 40(3): A fair, exhibition, or show authority may require additional testing or vaccination of animals before entry or during the fair, exhibition, or show.

ALL LIVESTOCK TRAILERS LEFT ON THE FAIR GROUNDS MUST BE PARKED IN THE DESIGNATED AREA BELOW THE HILL, SOUTH OF THE LIVESTOCK AREA.

1. All exhibitors are required to read and abide by the Exhibitor Book Rules and Regulations and those posted in the barn.
2. **All ractopamine products (or any products containing ractopamine, commonly known as Paylean) are banned from use at the Shiawassee County Fair for the Swine department. This ban will fall under our current drug testing policy guidelines. Please see Exhibitor Rules and Regulations.**
3. **Exhibitors are responsible for their project hogs being tagged with the NUES premises tags prior to coming to the fair.**
4. All clipped hogs must have a measurable ½ inch of hair over the entire body, including the underline. Ears and tails only may be clipped shorter. *Clipped hogs with less than ½ inch of hair will be subject to disqualification from the market Show and Sale. All hogs will be checked prior to entering the show ring.
 *Hogs going to the packer with less than ½ inch of hair must be hand processed. A significant penalty is imposed on the sale price of these animals, causing an extra expense for the buyer. This is an unfortunate situation that we are attempting to eliminate in order to be as fair as possible to our buyers.
5. Market hogs may be purchased, but must be owned by the exhibitor, in the exhibitor's possession and on feed by May 1st. Projects should start with 2 pigs.
6. Swine exhibitors must provide their own feed troughs.
7. Feed must be kept in wooden, plastic or metal boxes.
8. All market hogs will be weighed individually upon arrival to qualify for show and sale (Final weight). Hogs will be divided into classes for judging by weight. Ear tags deemed not necessary for exhibiting at the Shiawassee County Fair may be removed at weigh-in, but after they have made qualifying weights.
9. Each exhibitor may have ONE entry of one or two market hogs which must be in possession by May 1st of the project year. If two hogs are bought, both hogs will be shown as an individual. Exhibitors can show one gilt and one barrow, or two barrows, or two gilts.
10. Only first place individuals from each class may be sold separately. All other hogs will be sold as a pen of two.
11. Each pig must weigh between a minimum of 220 lbs. and a maximum of 270 lbs. To help prevent the spread of Swine disease, **ALL PIGS THAT UNLOAD AT THE FAIR MUST STAY.** Pigs that weigh under 220 or over 270 will be shipped out Sunday evening to predetermined destinations. Every effort will be made to give two options to exhibitors with under/overweight hogs: 1) to send it to a predetermined processor or 2) to send it to a predetermined open market for sale. Checks in payment for these hogs only will be made out to the exhibitor and sent directly to their home.

PLEASE NOTE: *It is very important that pigs be weighed just before the fair to avoid having underweight pigs come onto the grounds as they will sell at a large discount on the open market.*

12. Youth exhibitors who show an animal in a market class will be eligible to enter Showmanship for that species. All classes must be pre-entered on the fair entry form by the exhibitor, by the deadline; all swine exhibitors are not automatically entered.
13. All Showmanship and Bred and Owned animals must be pre-entered to show.
14. The wash racks will be closed during all swine shows.
15. The Swine barn will be closed to the general public during all swine shows.
16. When hogs are showing, the area around the Clerk's table and the entry into the show ring are to be used **ONLY** by Superintendents and ring attendants. This will allow access to the ring for exhibitors and promote a smoothy run show.

17. Exhibitors will be allowed to feed their pigs only during the break of the individual show. The feeding times will be announced by the Swine Superintendent the day of the show.

18. All sale animals must be maintained through load out, unless otherwise stated by the Fair board or its designee.
19. Market hog winning Grand Champion Barrow, Reserve Grand Champion Barrow, Grand Champion Gilt or Reserve Grand Champion Gilt cannot compete in the Bred and Owned class.

These animals must be registered (i.e., verified) with the club leader prior to entering them in the Fair. If they have not pre-registered and entered in class 370 by the entry deadline, they will not show in this class. Forms are available in the Exhibitor Book.
21. Best Market Hog from Own Herd must be entered and shown in another Market Hog class (305 and/or 315).
