

## **Dayton Valley Palmer Club**

### **Hole-In-One Insurance Program**

To provide “insurance” for a Dayton Valley Palmer Club member making a hole-in-one in tournament play, the following program will apply:

**Funding:** The account will be funded by a \$5 buy-in of all Palmer Club members that will initially be included as part of each member’s annual dues.

**Execution:** In the event of a hole-in-one, participants in that tournament will receive a free drink at the bar and shall be used immediately after play.

After the bar bill is paid, the member making the hole-in-one will receive \$150 cash.

**Refreshing account:** Before the next tournament, each Palmer Club member will pay \$5 to replenish the hole-in-one fund.

In the event of more than one hole-in-one on the same day, the participants in the tournament will receive a free drink as stated above, and the \$150 cash payout will be divided equally between the players making a hole in one.
