

Dayton Valley Palmer Club

Hole-In-One Insurance Program

To provide "insurance" for a Dayton Valley Palmer Club member making a hole-in-one in tournament play, the following program will apply:

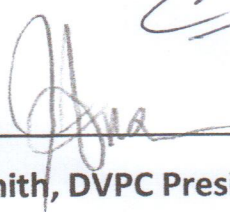

Funding: The account will be funded by a \$5 buy-in of all Palmer Club members that will initially be included as part of each member's annual dues.

Execution: In the event of a hole-in-one, participants in that tournament will receive a free drink, not to exceed \$5, at the bar and shall be used immediately after play.

After the bar bill is paid, the member making the hole-in-one will receive the balance of the money in the hole in one fund.

Refreshing account: Before the next tournament, each Palmer Club member will pay \$5 to replenish the hole-in-one fund.

In the event of more than one hole-in-one on the same day, the participants in the tournament will receive a free drink as stated above, and the balance of the fund will be divided equally between the players making a hole in one.
