

2021 Palmer Club Local Rules COVID-19 Safety Precautions

- A) Do not touch or remove the flagsticks. All cups are installed upside down to make it easy to remove your ball from the hole.
- B) If your ball goes into the cup and bounces out, it is NOT considered to be 'holed'. The ball must be below the edge of the cup to be deemed holed.
- C) Rakes have been removed from the bunkers. Preferred lies will be played in all bunkers. You may place your ball within one club length of where your ball lies, and must remain in the bunker. Please use your feet to smooth the sand after you play your shot.
- D) There will only be one official scorecard per group. Each group must designate a scorer. At the end of play the scorer must verify the scores with each player by placing a check mark by each player's total score to show that it was verified with the player. The scorer must then sign the scorecard and turn it in to the Pro Shop immediately following the completion of play.
- E) Prior, during and after the golf tournament please follow all of Dayton Valley's local rules and procedures for COVID-19 to include social distancing.

The results of the tournament will be published in Golf Genius and emailed to all participants following the finalization of the tournament round. All skins and closest to the hole winnings will be placed in envelopes and held in the Pro shop. After receiving the results, you may pick up your envelope during business hours.

Thank you to everyone for following these rules. These above rules will be updated prior to each tournament based upon any changes that may result from the State of Nevada or Tour Specs Golf Management. If you have any questions please contact any Palmer Club Board member.
