What is ALEKS?

Assessment and Learning in Knowledge Spaces is a Web-based, artificially intelligent assessment and learning system. ALEKS uses adaptive questioning to quickly and accurately determine exactly what a student knows and doesn't know in a course. ALEKS then instructs the student on the topics they are most ready to learn. As a student works through a course, ALEKS periodically reassesses the student to ensure that topics learned are also retained. ALEKS courses are very complete in their topic coverage. A student who shows a high level of mastery of an ALEKS course will be successful in the actual course they are taking.

Course Code: KNRAD-VPYRF

Instructions for the student:

Your Class Code is: KNRAD-VPYRF

Your Financial Aid Access Code is: B8EFD-FE2A0-6B63C-D9F43

NOTE: This code gives you temporary access to ALEKS for a two-week period. Once the code expires, you will be locked out of your ALEKS account until you purchase a regular Student Access Code. It is highly recommended that you purchase the Student Access Code **BEFORE** the two weeks expire to prevent interruptions with your ALEKS account.

4. Verify that you are registering for the correct class and click on "Confirm."
5. Continue with the registration process until your account has been set up successfully.
6. On the Apply Access page, enter the 20 character Financial Aid Access Code and click "Continue."
7. Next you will see a page with the date your temporary access expires, click "Continue."
8. You will arrive at the My Classes page.
9. You can extend your access to your new class at any time by selecting "Extend access" from the class tile menu and enter your new access code. You do not need to create a new ALEKS account to continue your class.
