

Graph the following function (graph should contain 5 points)

Example in Vertex Form

A =

H =

K =

Minimum or a Maximum?

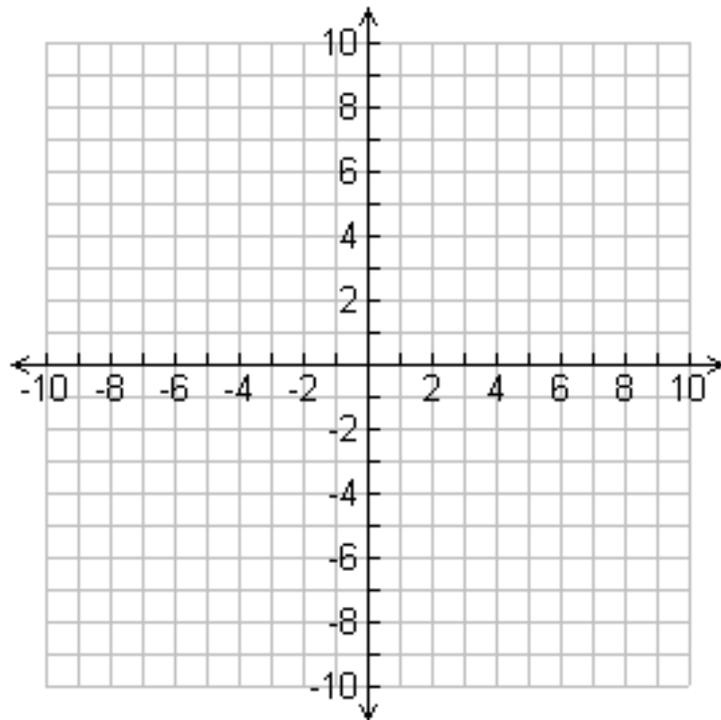

Value of the minimum or maximum?

Axis of symmetry:

Vertex:

What is the domain?

What is the range?

Graph the following function (graph should contain 5 points)

Example in Standard Form

A =

B =

C =

Y intercept =

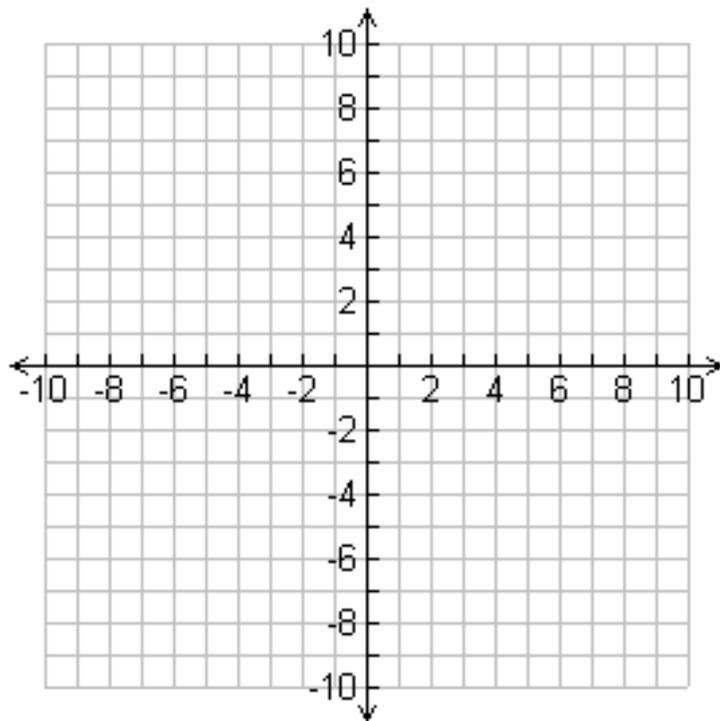

Minimum or a Maximum?

Value of the minimum or maximum?

Axis of symmetry:

Vertex:

What is the domain?

What is the range?
