Version number 1

Revision: 22.11.2022

Trade name: UltraSeal XTTM HydroTM

P103 Read carefully and follow all instructions.

P261 Avoid breathing dust/fume/gas/mist/vapours/spray.

P280 Wear protective gloves.

P362+P364 Take off contaminated clothing and wash it before reuse.

P333+P313 If skin irritation or rash occurs: Get medical advice/attention.

P321 Specific treatment (see on this label).

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

3 Composition/information on ingredients

• Mixtures

• **Description:** Mixture of substances listed below with nonhazardous additions.

· Dangerous compone	ents:	
CAS: 109-16-0	Triethylene Glycol Dimethacrylate	>10-<30%
EINECS: 203-652-6	♦ Skin Sens. 1, H317	
CAS: 72869-86-4	Diurethane Dimethacrylate	>5-<20%
EINECS: 276-957-5	♦ Skin Sens. 1, H317	
	Trade Secret	>1-<10%
	🤣 Skin Corr. 1A, H314; Eye Dam. 1, H318	
CAS: 13463-67-7	Titanium Dioxide	>1-<10%
EINECS: 236-675-5	🗞 Carc. 2, H351	
CAS: 79-41-4	Methacrylic Acid	<i>≤</i> 1%
EINECS: 201-204-4	♦ Acute Tox. 3, H331; ♦ Skin Corr. 1A, H314; Eye Dam. 1, H318; ♦ Acute Tox. 4, H302; Acute Tox. 4, H312	
	Specific concentration limit: STOT SE 3; H335: $C \ge 1 \%$	
CAS: 162881-26-7	Organophosphine Oxide	<1%
ELINCS: 423-340-5	🚸 Skin Sens. 1A, H317; Aquatic Chronic 4, H413	1
· Additional informat	ion: For the wording of the listed hazard phrases refer to section 16.	

4 First aid measures

· Description of first aid measures

- General information: Immediately remove any clothing soiled by the product.
- After inhalation:

Seek medical treatment in case of complaints.

Supply fresh air and to be sure call for a doctor.

In case of unconsciousness place patient stably in side position for transportation.

• After skin contact: Immediately wash with water and soap and rinse thoroughly.

• After eye contact: Rinse opened eye for several minutes under running water.

• After swallowing: If symptoms persist consult doctor.

· Most important symptoms and effects, both acute and delayed No further relevant information available.

· Indication of any immediate medical attention and special treatment needed

No further relevant information available.

5 Firefighting measures

· Extinguishing media

• Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.

· Special hazards arising from the substance or mixture No further relevant information available.

(Contd. on page 3)

(Contd. of page 1)

Printing date 22.11.2022

• Advice for firefighters:

· Protective equipment: No special measures required.

6 Accidental release measures

· Personal precautions, protective equipment and emergency procedures Not required.

 \cdot **Environmental precautions:** Do not allow to enter sewers/ surface or ground water.

 \cdot Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13.

Ensure adequate ventilation.

· Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage

• *Precautions for safe handling:* Ensure good ventilation/exhaustion at the workplace. Prevent formation of aerosols.

· Information about fire - and explosion protection: No special measures required.

· Conditions for safe storage, including any incompatibilities

· Storage:

• **Requirements to be met by storerooms and receptacles:** No special requirements.

· Information about storage in one common storage facility: Not required.

• Further information about storage conditions: See product labelling.

• Specific end use(s) Professional Dental Pit and Fissure Sealant

8 Exposure controls/personal protection

· Ingredients with limit values that require monitoring at the workplace:

13463-67-7 Titanium Dioxide

WEL Long-term value: 10* 4** mg/m³

*total inhalable **respirable

79-41-4 Methacrylic Acid

WEL Short-term value: 143 mg/m³, 40 ppm Long-term value: 72 mg/m³, 20 ppm

• Additional information: The lists valid during the making were used as basis.

· Exposure controls

• Appropriate engineering controls No further data; see item 7.

· Individual protection measures, such as personal protective equipment

• General protective and hygienic measures:

Immediately remove all soiled and contaminated clothing.

Wash hands before breaks and at the end of work.

• Respiratory protection:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use self-contained respiratory protective device.

Trade name: UltraSeal XTTM HydroTM

· Hand protection

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation \cdot *Material of gloves*

The selection of suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

· Penetration time of glove material

The exact breakthrough time has to be found out by the manufacturer of the protective gloves and has to be observed.

· Eye/face protection Goggles recommended during refilling

· Body protection: Protective work clothing

9 Physical and chemical properties

· Information on basic physical and chemical properties **General Information** · Physical state Fluid · Colour: According to product specification · Odour: Acrvlic · Odour threshold: Not determined. • Melting point/freezing point: Undetermined. · Boiling point or initial boiling point and boiling range Undetermined. · Flammabilitv Not applicable. · Lower and upper explosion limit · Lower: Not determined. · Upper: Not determined. *Not applicable.* · Flash point: · Decomposition temperature: Not determined. · pH *Not applicable (non-aqueous)* · Viscosity: · Kinematic viscosity Not determined. · Dynamic: Not determined. · Solubility · water: Not miscible or difficult to mix. · Partition coefficient n-octanol/water (log value) Not determined. · Vapour pressure: Not determined. · Density and/or relative density · Density at 20 °C: 1.67 g/cm3 · Relative density Not determined. · Vapour density Not determined. • Other information · Appearance: Form: Liquid (Contd. on page 5)

10 Stability and reactivity

· Reactivity No further relevant information available.

· Chemical stability

• Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

- · Possibility of hazardous reactions: No dangerous reactions known.
- · Conditions to avoid: No further relevant information available.

· Incompatible materials: No further relevant information available.

· Hazardous decomposition products: No dangerous decomposition products known.

11 Toxicological information

· Information on hazard classes as defined in Regulation (EC) No 1272/2008

· Acute toxicity

· LD/LC50 values relevant for classification:

ATE (Acute Toxicity Estimates)

Inhalative LC50/4 h 711 mg/l (rat)

109-16-0 Triethylene Glycol Dimethacrylate

	LD50	>5,000 mg/kg (rat)
	LC50 Fish	16.4 mg/l (Fish) (Toxicity to fish)
Dermal		>2,000 mg/kg (mouse)

- *Persistence and degradability* No further relevant information available.
- · Bioaccumulative potential No further relevant information available.
- *Mobility in soil* No further relevant information available.
- · Results of PBT and vPvB assessment
- *PBT:* Not applicable.
- **vPvB:** Not applicable.
- Endocrine disrupting properties The product does not contain substances with endocrine disrupting properties.
- Other adverse effects
- \cdot Additional ecological information:
- · General notes:
- Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

13 Disposal considerations

· Waste treatment methods

· Recommendation

Dispose of contents/container in accordance with international, federal, state, and local regulations.

- · Uncleaned packaging:
- Recommendation: Disposal must be made according to official regulations.

Transport information	
UN number or ID number ADR, ADN, IMDG, IATA	not regulated
UN proper shipping name ADR, ADN, IMDG, IATA	not regulated
Transport hazard class(es)	
ADR, ADN, IMDG, IATA Class	not regulated
Packing group ADR, IMDG, IATA	not regulated
Environmental hazards:	Not applicable.
Special precautions for user	Not Applicable
Maritime transport in bulk according instruments	to IMO Not applicable.
UN "Model Regulation":	not regulated

15 Regulatory information

· Safety, health and environmental regulations/legislation specific for the substance or mixture

· Directive 2012/18/EU

• Named dangerous substances - ANNEX I None of the ingredients is listed.
