#### **Communications from Supervisors**

A. Review of Goals & Objectives reviewed and established at 2/1/2024 Board of Supervisors meeting - There was a recap/review of goals discussed at the 2/1/2024 Board of Supervisors meeting. Removed some goals and made additional notes on some of the current goals. (See attached spreadsheets for complete outline)

Supervisor Cox discussed the Recreation maintenance costs and how Lower Windsor Township seems to be putting more money into maintaining facilities that Recreation uses than Hellam Township. Ms. Mann went over the items that Hellam Township pays for and maintains for Recreation. Supervisor Otterbein asked if there were any grants available for maintenance costs. Ms. Mann reported that grants are usually for facilities and not maintenance. There was also discussion of when Recreation first started, they were supposed to be self-sustaining within five years and now the agreement has been extended for another five years with the participating townships and boroughs. Some other ideas were also discussed including sponsorships for teams and ways of funding "scholarship" programs to help pay for kids who want to participate but cannot afford the registration fees.
