

IMPORTANT INFORMATION FROM YOUR WENDELL ENERGY COMMITTEE:

# ELECTRIC RATES ARE GOING DOWN!

## HERE ARE SOME DETAILS:

- The Wendell Community Choice Power Supply Program will continue working with Dynegy as our electricity supplier with a new contract starting in January of 2024.
- The electric supply **rate will change from 22.87 cents/kWh to 14.35 cents/kWh** and is locked in for two years.
- National Grid's rate (Nov 2023-July 2024) will be higher than the Wendell rate at 18.21 cents/kWh.
- Almost 350 Wendell households are already signed up for this program. If you are in the program and take no action, your electric supply will switch to the new rate in January 2024 and be reflected on your February bill.

## HOW CAN WE SAVE ON ELECTRICITY?

### Conserving energy is best!

But, if you haven't already, you can also consider joining the  
Wendell Community Choice Power Supply Program

Wendell Community Choice Program can offer savings this winter compared to National Grid.
