

The b-bond special assessment for Water Connection is annually placed on the tax roll.

The Village offered this program in 2013 and 2015. It was available to different areas during those years. Some properties do not have water connected and pay an additional amount.

The 2024 amount was placed on the 2023 tax bill payable in 2024. The final year for 2015 Special Assessment will be placed on the 2034 tax bill payable in 2035. The final year for the 2013 Special Assessment will be placed on the 2032 tax bill payable in 2033.

At the time of sale of the property, the outstanding amount is a private matter between the buyer and seller. The Village does not require a payoff at the time of sale.

Residents may pay off the bond prior to 2035 to reduce the interest owed. To receive a pay-off amount, please contact Village Hall at 414-206-3915.
