Attention:
Village of Bayside, WI
Architecture Review Committee

PROJECT/SITE OWNER: Joanne Ceman and Troy Fredrick PROJECT ADDRESS: 8601 N Lake Drive	PROJECT SUMMARY: Completion of rear yard fence. 25% open design for existing and new fence.
--	---

FENCE TYPE

Fence is 25% open and therefore not limited in length.

Village code section 14-182 (L): *Fence type. Solid fences may be constructed with a total horizontal linear length not to exceed 15 percent of the total linear feet of the perimeter of the property except as screening along an adjacent railroad, state highway, interstate highway, county highway, or commercial parking lot property. All other permitted fences shall be constructed with at least a 25 percent open design. When proposing a new fence adjacent to a property that already has a fence, the applicant should consider (and the architectural review committee may encourage) matching that fence to achieve a harmonious look. Wood fences shall be unfinished, stained, or oiled and allowed to weather naturally to help them blend into the landscape. Other finishes may be acceptable but are subject to review and approval. The side of the fence facing neighboring properties shall always be a finished and not structural side of the fence. If a fence style contains posts on one side and a more finished side on the other, the more finished side shall face the neighboring property.*

PROPOSED FENCE TYPE AND LENGTH COMPLY

Existing fence.
The proposed
fence will be
exactly the
same.

6ft

Existing Fence
