

## **REQUIRE A PERMIT**

- The open placement of a refuse or storage receptacle exceeding two and one half cubic yards in size shall require a permit. The refuse or storage receptacle is permitted for sixty (60) days upon the issuance of a permit.
- Payment of a fee, as set by the Village Board, is required.
- The Village Manager, or designee, has the sole discretion to authorize one additional sixty (60) day extension, upon application and payment for an additional open refuse and storage receptacle permit.
- No more than one refuse or storage receptacle permit may be applicable to any single property at any one time.
- The refuse or storage receptacle may not be placed in the street or in the yard.
- No more than two total refuse or storage receptacle permits may be issued in any twelve (12) month period unless such additional permit is approved by the Architectural Review Committee.
- The Architectural Review Committee meeting schedule is available on the [Village website](#). The deadline to submit an application is two weeks prior to the meeting at 10am. If work begins prior to permit issuance, the permit fee shall double.
