

Village of Bayside
9075 N Regent Road
Architectural Review Committee Meeting
July 11, 2022
Village Board Room, 6:00pm

**ARCHITECTURAL REVIEW COMMITTEE
AGENDA**

I. CALL TO ORDER AND ROLL CALL

II. APPROVAL OF MINUTES

- A. Approval of June 20, 2022, meeting minutes.

III. BUSINESS

- A. Presentation of conceptual architectural renderings for "Building C" in northwest quadrant of Brown Deer Road and Port Washington Road, south of West Glencoe Place.**
- B. 8850 N Regent Rd – Ann McGowan** The proposed project is the addition of an 18-foot by 20-foot deck.
- C. 911 E Buttes Pl – Alexandra & Kenneth Swenson** The proposed project is the construction of 190 feet of 4-foot-high white aluminum fence.
- D. 8963 N Tennyson Dr – Ilana Cabrera** The proposed project is the construction of 72 feet of new estate picket fence.
- E. 9280 N Port Washington Rd – Jose Gonzales** The proposed project is a 50% buried swimming pool.
- F. 9029 N Lake Dr – Seth Cullen** The proposed project is the replacement of existing fence with cedar fence of the same style.
- G. 727 W Laramie Ln – Joes Gonzales** The proposed project is an 834 square foot home addition.

IV. ADJOURNMENT

Leah Hofer
Assistant to Village Manager

Upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. Contact Village Hall at 414-206-3915. It is possible that members of and possibly a quorum of members of other Boards, Commissions, or Committees of the Village may be in attendance in the above stated meeting to gather information; no action will be taken by any other Boards, Commissions, or Committees of the Village except by the Board, Commission, or Committee noticed above. Agendas and minutes are available on the Village website (www.baysidewi.gov).

Village of Bayside
9075 N Regent Road
Architectural Review Committee Meeting
June 20, 2022
Village Board Room, 6:00pm

**ARCHITECTURAL REVIEW COMMITTEE
MINUTES**

I. CALL TO ORDER

Acting Chairperson Zitzer called the meeting to order at 6:01pm.

II. ROLL CALL

Chair: Marisa Roberts-Excused
Members: Dan Zitzer
John Krampf – Arrived at 6:03pm
Tony Aiello – Excused
Brittany Jackson – Excused
Kelly Marrazza
Trustee Liaison: Mike Barth
Also Present: Assistant to the Village Manager Leah Hofer
Deputy Clerk/Treasurer Madeline Moltzan

There were 5 people in the audience.

III. APPROVAL OF MINUTES

A. Approval of May 16, 2022 meeting minutes.

Motion by Trustee Barth, seconded by Dan Zitzer, to approve the May 16, 2022 meeting minutes. Motion carried unanimously.

IV. BUSINESS

A. 9096 N Bayside Dr – Abigail Dyke

Abigail Dyke, homeowner, appeared on behalf of the project. There were no neighbors in attendance.

Ms. Dyke described the project as the replacement of a deck on the rear of the home.

Motion by Trustee Barth, seconded by Dan Zitzer, to approve the project as described and presented in the application. Motion carried unanimously.

B. 9370 N Regent Rd – Lisa Barrientos

Norman Barrientos, homeowner, appeared on behalf of the project. There were no neighbors in attendance.

Mr. Barrientos described the project as the construction of a 4-foot-high black aluminum fence.

Motion by Trustee Barth, seconded by Dan Zitzer, to approve the project as described and presented in the application. Motion carried unanimously.

C. 1350 E Bay Point Rd – Ron & Susan Miller

Rory Palubiski, contractor with Fein Design, appeared on behalf of the project. There were no neighbors in attendance.

Mr. Palubiski described the project as the alteration of a window to a door and the addition of a balcony.

Motion by Trustee Barth, seconded by John Krampf, to approve the project as described and presented in the application. Motion carried unanimously.

D. 9227 N Regent Rd – Lisa & Steve Freigang

Dave Freigang, general contractor, appeared on behalf of the project. There were no neighbors in attendance.

Mr. Freigang described the project as a 540 square foot addition for an office, bedroom, and music studio.

Motion by Trustee Barth, seconded by John Krampf, to approve the project as described and presented in the application. Motion carried unanimously.

E. 600 W Laramie Ln – Tom Story

Alan Brotton, homeowner, appeared on behalf of the project. There were no neighbors in attendance.

Mr. Brotton described the project as the addition of a red cedar pergola.

Motion by John Krampf, seconded by Trustee Barth, to approve the project as described and presented in the application. Motion carried unanimously.

F. 8445 N Fielding Rd – Yavaz Taneli

Yavaz Taneli, homeowner, appeared on behalf of the project. There were no neighbors in attendance.

Mr. Taneli described the project as the alteration of a window to a door.

Motion by Trustee Barth, seconded by Dan Zitzer, to approve the project as described and presented in the application. Motion carried unanimously.

V. ADJOURNMENT

Motion by Kelly Marrazza, seconded by Trustee Barth to adjourn the meeting at 6:16pm. Motion carried unanimously.

Leah Hofer
Assistant to Village Manager

Project Proposal

Date 6/27/22

Property Address 600 Block of West Glencoe Place

Zoning District APPROVED PUD

Proposed Project Details (type of work, size, materials, location, etc.):

This building is located at the heart of the Bayside Mixed-Use Development, and is perfectly situated to serve as a signature building and community destination. With a central courtyard and amenity deck, the building will have activated outdoor connections to greenspace, which will activate the site for both residents and visitors alike. The design will set the tone for the remaining building on site and therefore will have a highlighted presence representing its significance to the overall development and community. The building design will feature quality materials, a contemporary aesthetic with traditional elements, specifically masonry cladding. The building is to be constructed as 4 stories of wood framed construction above a 2-story concrete podium. 1 story of the concrete podium is fully below grade. The residential units are to be supplemented with amenity spaces such as clubroom, outdoor patios, and three separate tenants on the first floor.

Attention:
Village of Bayside, WI
Architecture Review Committee

PROJECT/SITE OWNER: Ann McGowan	PROJECT SUMMARY: New deck 18 X 20
PROJECT ADDRESS: 8850 N Regent Rd	

I have reviewed the proposed deck, for compliance with the Village's ordinances and have determined the following for consideration

There are no issues with this application.

This review is for ARC only and not for permitting

104-2(a)(2) Architectural Review Committee: *Construction and renovation should be made so that exterior architectural appearance shall be substantially consistent with structures already constructed in the immediate neighborhood, or with the character of the applicable district.*

VILLAGE CODE REVIEW

This review does not constitute a building plan review. The plan review for proper code compliance will be done at time of building permit application.

Supporting documentation or testimony must be provide at the meeting to verify code compliance with the above observations in red.

Attention:
Village of Bayside, WI
Architecture Review Committee

<p>PROJECT/SITE OWNER: Alexandra & Kenneth Swenson PROJECT ADDRESS: 911 E Buttles place</p>	<p>PROJECT SUMMARY: New 4 foot high white aluminum open design fence 190 lineal feet</p>
---	---

I have reviewed the proposed new fence for compliance with the Village's ordinances and have determined the following for consideration

1. Current fence ordinance 104-125 (C) does not allow fences to exceed 50% of the perimeter of the property. The perimeter of the property is approximately 495.5 feet. The applicant states the proposed fence is 190 feet. This is 38.35% of the perimeter of the property. This is compliant with the ordinance.
2. The height of the fence is 4 feet open design, which is compliant with the ordinance.
3. A current survey was provided.
4. Pictures were included for their neighboring fences
5. The board always considers matching fences with neighboring fences.

VILLAGE CODE REVIEW

Supporting documentation or testimony must be provide at the meeting to verify code compliance with the above observations in **red**.

COST OF TRANSACTION \$ _____ DOWN PAYMENTS _____ BALANCE DUE ON COMPLETION \$ _____

Any alterations or deviations from this proposal or unforeseen expense will be charged for additionally, same to be paid for on completion. Any change from original plan to be done at owner's risk and expense, (Undisclosed or hidden items which increase costs such as: rocks, landfill, power lines, drainage tile and pipe, septic systems, septic tank, wells, unless otherwise spec.)

The contractor is not responsible for any material or workmanship altered due to weather or ground conditions.

This contract is subject to weather conditions that delay or halt construction and completion dates may vary because of weather, and delays in getting materials for your job.

Contractor is not responsible for ruts, grass and lawn damage or neighbor's lawn (which joins the owners property) while trying to complete this contract. (Owner to re-do all landscaping.)

Contractor will not be considered as trespassing during construction and after until job is completed and paid in full.

Contractor cannot be responsible or guarantee when using customers material.

Owner is responsible for any needs in writing from neighbors and/or Board of Appeals to obtain permits and/or permission to proceed with job.

Owner is responsible for obtaining current Plat of Survey (if necessary).

All remaining material of the above work is the property of the Contractor.

Balance of payment is due upon completion. Late payments subject to interest charges at the rate of 1-1/2% per month on unpaid balance. Customer to pay all actual and reasonable attorney fees for contractor's attorney and costs of collections in the event of a contractual dispute that ultimately results in judgement of any amount being taken by contractor against customer. I have read and understand this contract. The price, specifications, and conditions are satisfactory and I hereby accept. You are authorized to do the work as specified.

Attention:
Village of Bayside, WI
Architecture Review Committee

PROJECT/SITE OWNER:	PROJECT SUMMARY:
Ilana Cabrera	New estate picket open design fence 72 lineal feet
PROJECT ADDRESS:	
8963 N Tennyson Dr	

I have reviewed the proposed new fence for compliance with the Village's ordinances and have determined the following for consideration

1. Current fence ordinance 104-125 (C) does not allow fences to exceed 50% of the perimeter of the property. The perimeter of the property is approximately 560.5 feet. The applicant states the proposed fence is 72 feet. This is 12.84% of the perimeter of the property. This is compliant with the ordinance.
2. The height of the fence is 4 feet open design, which is compliant with the ordinance.
3. A current survey was provided.
4. Pictures were included for their neighboring fences
5. The board always considers matching fences with neighboring fences.

VILLAGE CODE REVIEW

Supporting documentation or testimony must be provide at the meeting to verify code compliance with the above observations in red.

Date: June 20, 2022 at 11:31 AM
To: Andy Pederson apederson@baysidewi.gov
Cc: Ilanalee Cabrera ilanalee@mac.com

Andy,

I wanted to reach out to provide my support for a proposed fence installation for the Cabrera residence at the above reference location. I believe the fence matches other neighboring fences and would in no way detract from the character of the neighborhood and community.

Our house is directly across the street, and we are in favor of this project.

Thank you,

Max

DETAILED SURVEY OF 9280 N. PORT WASH

Pool Specifications:

Type: Aboveground oval swimming pool

Brand: Wilbar

Model: Mission

Size: 15' x 30' x 48" 13,000 gal of water .

Color / Style: As shown above. Muted greys and blues (which match color of home)

Filtration system: Missile pump (cartridge style, low noise, high efficiency pump and skimmer)

Heater: Electric

Entry System: Full step entry with locking gate system (more elaborate than shown, white pvc)

Drainage: Only minimal drainage needed, onto property, used as irrigation to lawn via hose release into sprinkler head. Filtration system uses Nature 2 system which minimizes chlorination of water and therefore can be released onto lawn without damage. Will not be drained onto neighbors' property or sewage system.

Electrical requirement: to be trenched and installed in accordance with all current electric codes.

Location of pool in proximity to house, fence and power lines:

- Rear of house, fully enclosed by a proposed 6ft high fence with locked gates
- 30 feet from closest point of house,
- 16feet from nearest location of the one existing overhead power line,
- 15 ft from nearest point of proposed fence
- 25 feet from nearest property line

Misc notes: the finished grade of the pool will match the existing finished yard grade. A cement patio placed at the entrance end of the pool connected to the home's main patio via a patio walkway. Pool will have a border of patio stones and decorative gravel surrounding it's base for decorative purposes.

Installation and grading instructions to be followed are attached.

Section
1

GENERAL INSTRUCTIONS GROUND PREPARATION

OVAL POOLS

B. CONT. PREPARE THE FOUNDATION OF YOUR POOL

3. Make the area flat and level

- a. Remove all the high spots with a shovel, hoe or rake. To make sure your pool is stable, compact the ground well before adding the sand. Be prepared to hire earth moving equipment if you need to level a large area. Remember, your pool must be level across the diameter of the pool.

(Image 8)

- b. Small dips and hollows may be filled in, but the soil must be hard-packed with a tamping tool or a soil compactor machine.

- c. Take material such as rock dust or fine mortar that can conform a solid, permanent base and deposit this material around the rim of the basin. *(Image 9)*

- d. The material used should be spread around the perimeter of the pool to a width of 24" (60cm) and a thickness of 2" (5cm). *(Image 10)*

- e. Recheck the outer perimeter of the oval shape, where the pool wall will be placed. Compact the ground and make sure there are no high or low spots. The bottom edge of the pool wall must rest flat on the ground and have no gaps under it.

Helpful Hint:

Use the optical level to ensure that the ground is perfectly flat and level.

Important Note:

Your pool must be perfectly level. Take the time you need to be sure your foundation is perfectly level.

Section
1

GENERAL INSTRUCTIONS
GROUND PREPARATION

OVAL POOLS

B. CONT. PREPARE THE FOUNDATION OF YOUR POOL

- f. Mark areas along both straight sides of your oval.
Use pegs and string as a guide for the can of spray
paint to mark straight lines. *(Image 5)*

- g. You now have the space marked out that is needed
for your oval pool. *(Image 6)*

2. Remove the sod

- a. Remove the sod from the area you have just
outlined. *(Image 7)*
- b. Remove all debris (rocks, roots, etc) using a rake.
Then compact the ground to achieve a firm base.

You can use a sod removal machine.

⚠ Important Note:
Your pool must be perfectly level. Take the time you
need to be sure your foundation is perfectly level.

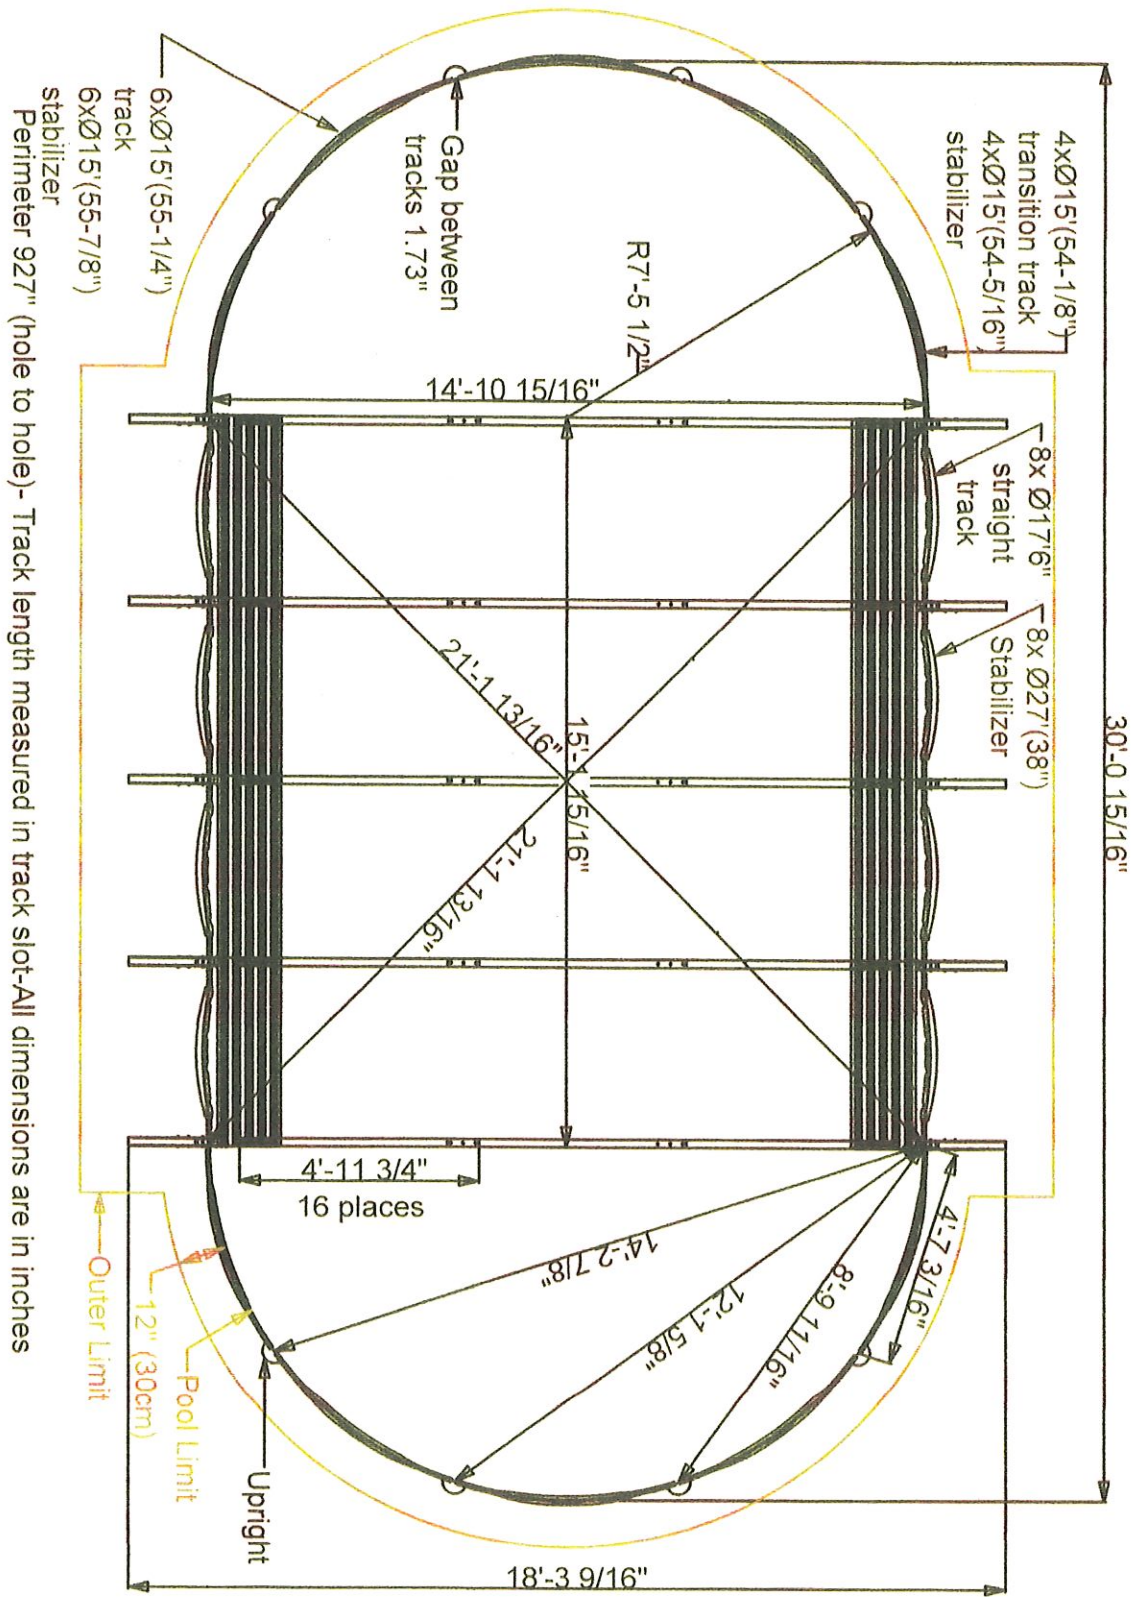

Section

1

GENERAL INSTRUCTIONS
GROUND PREPARATION

OVAL POOLS

OVAL FOOTPRINT - 15 X 30

GENERAL INSTRUCTIONS ASSEMBLING THE POOL FRAME

OVAL POOLS

F . BASIC FLOW OF SYSTEM

1. How the system flow should look like

- a. When assembled your pool should have a basic flow system as in this image, **PLEASE CONTACT YOUR DEALER** for more specific instructions.

Section
5

POOL MAINTENANCE MAINTAINING YOUR POOL

POOL MAINTENANCE

Keep your pool wall and frame clean. Always wash away any deposits of pool chemicals which land on the frame of your pool. Wash periodically with a mild soap solution (no abrasives). At least once a year use a clear non-yellowing household wax on all metal components.

Your pool and liner must be inspected regularly for leaks, corrosion, scratches, and punctures. If any problem is found **IMMEDIATE CORRECTIVE ACTION MUST BE TAKEN**. Small repairs and punctures in your liner may be easily repaired using repair kits available at your local dealer. Scratches on your pool wall & frame must be touched up with anti-rust enamel. Wire brush all rust and add a coat of enamel primer followed by a coat of color matching paint. Pool water is full of various caustic chemicals, which will corrode metal parts. If any corrosion is allowed to continue, failure of the pool structure may occur which could result in excessive property damage as well as bodily harm.

The skimmer & return area and below it are particular areas that must be carefully and regularly inspected. If this area is wet, and remains wet for any length of time, it usually means there is a small leak. Skimmer/skimmer return gaskets must be replaced when they become defective. Water must not be permitted to continually run down the wall, if neglected pool will break. If proper skimmer/skimmer return gasket care is not maintained, your warranty will be void!

 **Important Note:**
Be sure to follow all local and state safety regulations when installing any accessory to your pool. Any decks, and all entries, must be carefully monitored for safety and access to pool. Installing any other manufacturer's deck or slide is strictly forbidden!
