PIPE CHECK

MMSD Pipe Check Program

The MMSD Pipe Check Program provides residents a financial incentive to eliminate sources of clear water entering the sanitary sewer system. Excess clear water in the sanitary sewer system increases the risk for basement backups for yourself and your neighbors during rain events.

View the [Pipe Check Brochure](#) to view the approved contractors and the next steps necessary to help reduce basement backups and the available financial incentives.

Assessment Letters and Open Book

Properties which have received a change in property value, should have received a letter from Accurate Assessor indicating so.

Open Book is scheduled for June 14 from 1-3 pm. If you cannot make it at this time, make an appointment using one of the following:

- Set an appointment online [here](#)
- Call Accurate Assessor at 920-749-8098
- Send them an [email](#).

Note, assessed values may increase or decrease each year depending on recent market conditions. Your assessed value doesn't directly correlate to a change in the amount you pay for property taxes. Your assessment is based on the value of all buildings and land on your parcel as of January 1st, each year. Assessors must follow state statutes to set fair and equitable values. Your new value is based on valid sales, from the prior year, that occur in your area.

World Blood Donor Day

World Blood Donor Day takes place on June 14 each year. The Day was created to:

- raise global awareness of the need for safe blood and blood products for transfusion;
- highlight the critical contribution voluntary, unpaid blood donors make to national health systems;
- support national blood transfusion services, blood donor organizations and other nongovernmental organizations in strengthening and expanding their voluntary blood donor programs by reinforcing national and local campaigns.

Find a donation center near you to donate.
