Local Artists

Village Hall is currently displaying the artwork of students at Bayside Middle School. Come check out the work of our talented young artists!

Thank You For Coming!

We want to extend a very sincere thank you to everyone who came to myBlue Night Out last week!

We were thrilled with how many of you attended and hope to see you all back next August for the 4th Annual Event!

Bagged Yard Waste

The August bagged yard waste collection will begin August 17 at 7am.

All yard waste must be placed in paper bags, yard waste carts, or reusable containers.

For more information, visit the [2022 Collection Guide](#).

Grazing Goats Are Finishing Up

The Village has partnered with Grazing Goats Wisconsin, utilizing goats to clear approximately 3.5 acres of stormwater management facilities near the North Shore Fire Department on Brown Deer Road in Bayside.

The goats are located on private property behind a low voltage fence. The goats and fence should not be touched. From time to time, you may see Village Staff or Grazing Goats staff by the goats, however the public should not enter the gated area.

As these goats are working hard over the next few weeks, we kindly ask that motorists do not park vehicles in the North Shore Fire/Rescue parking lot (665 E. Brown Deer Rd.) or on Brown Deer Road to view the goats or trespass into the bio-retention pond area where the goats are grazing.

Traveling Beer Garden at Doctors Park

The Traveling Beer Garden is at Doctors Park through August 14!

Featuring a Sprecher firetruck, converted and outfitted with tap handles for a changing selection of craft beers, hard sodas, and their famous root beer. Enjoy live music Saturday nights, from 5-8 p.m. Each beer you drink supports your Milwaukee County Parks.

Admission is free!

Are You Recycling Right?

Three Basic Rules

- Recycle bottles, cans, paper, and cardboard.
- Keep food and liquid out of your recycling.
- No loose plastic bags and no plastic bagged recyclables.

Knowing these rules and putting them into practice will help you recycle more efficiently and help to ensure everything that makes it into your bin finds a second life.

For more detailed recycling do's and don'ts, visit [Waste Management Recycling 101](#).

Sweet Water Update

Did you know that Bayside uses more than just drains and pipes to move water? We also plant trees, use native plants in our landscaping, and construct bioswales to move rain water away from buildings and infrastructure to locations where the water can be treated by natural processes before returning to rivers and lakes. These types of projects are called green infrastructure, and you can learn more about how they work at the [Respect Our Water website](#).

SUBSTANCE MISUSE

What are opioids? Opioids are substances that work in the nervous system of the body or in specific receptors in the brain to reduce the intensity of pain.

What is fentanyl? Fentanyl is a lab created (synthetic) opioid approved for treating severe pain (typically advanced cancer pain), in the form of transdermal patches or lozenges.

It is 50 to 100 times more potent than morphine.

PREVENT OVERDOSE DEATHS

Despite progress, drug overdose deaths continue to impact our nation.

NEARLY 92,000 IN 2021

- The majority involved a prescription or illicit opioid.
- Taking more than one drug at the same time can increase overdose risk.

www.cdc.gov

Not all overdoses have to end in death.

Everyone has a role to play.

- Learn about the risks of opioids.
- Learn about naloxone, its availability, and how to use it.
- Help people struggling with opioid use disorder find the right care and treatment.

In Milwaukee County, from January 2022 to June 2022:

- 211 confirmed fatal overdoses
- 2270 suspected nonfatal overdoses have been reported

Nationwide, overdose deaths involving fentanyl and fentanyl analogs, rates increased over 56% from 2019 to 2020.
