

BICYCLE & PEDESTRIAN SAFETY

MOTORISTS

- Keep your eyes open for pedestrians.
- Yield to pedestrians attempting to cross the road.
- Yield to cyclists as you would any other vehicle.
- Follow the posted speed limit signs within the Village - all interior streets are 25mph.

CYCLISTS

- Wear reflective and bright colored clothing.
- Cyclists must adhere to the same traffic rules and regulations as a motor vehicle, that means stopping at stop signs and yielding at yield signs.
- Do not ride in packs on interior streets.
- Utilize bike lanes on Lake Drive, Brown Deer Road, and Port Washington Road.

PEDESTRIANS

- Don't assume drivers can see you; always walk on the left side of the road or utilize sidewalks.
- Make eye contact with drivers if possible.
- Wear reflective clothing or lights at night.
- Yield to motorists when crossing the street. Utilize crosswalks if available.

RULES OF THE ROAD

Motorist, cyclists, and pedestrians all need to follow the rules of the road. The Police Department continually enforces area speed limits, pedestrian crosswalks, and bicycle violations. The Police Department hopes this enforcement will raise the awareness of motorists, so they are more mindful of residents who walk, jog, and cycle through the Village.
