I-43 Northbound Loop Ramps at BDR to Close

Beginning May 11, 2023, I-43 Northbound Loop Ramps at Brown Deer Road will be closed permanently.

The eastbound Brown Deer Road (WIS 100) loop ramp to access I-43 northbound and the I-43 northbound loop exit ramp to access westbound Brown Deer Road are scheduled to permanently close to traffic for interchange reconstruction.

- Temporary pavement, temporary signage, and a temporary traffic signal will

I-43 NORTHBOUND LOOP RAMPS AT BROWN DEER ROAD TO CLOSE

The Wisconsin Department of Transportation (WisDOT) is continuing work for the 14-mile, I-43 North-South reconstruction project, between Silver Spring Drive and WIS 60 (Washington Street), in Milwaukee and Ozaukee counties.

The following work is scheduled to take place as part of the South End Segment.

Beginning Thursday, May 11:

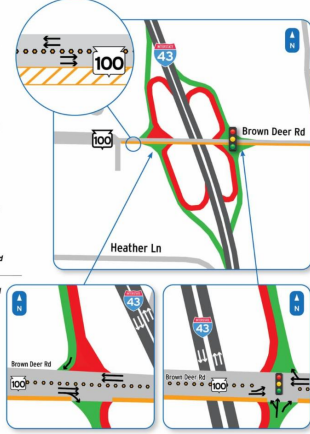

- The eastbound Brown Deer Road (WIS 100) loop ramp to access I-43 northbound and the I-43 northbound loop exit ramp to access westbound Brown Deer Road are scheduled to permanently close to traffic for interchange reconstruction.
- Temporary pavement, temporary signage, and a temporary traffic signal will be installed along Brown Deer Road at the I-43 northbound ramps to allow all turning movements at the existing ramps.
- Left turn movements at the I-43 southbound ramps are scheduled to close long-term.
- Eastbound traffic on Brown Deer Road is scheduled to be shifted north, to the current median, while crews work to widen the bridge. Two lanes of traffic in each direction will be maintained.

Please note that all work is weather dependent and subject to change.

The project team thanks you for your patience and cooperation throughout this project!

National Police and EMS Weeks!

In 1962, President Kennedy proclaimed May 15 as National Peace Officers Memorial Day and the calendar week in which May 15 falls, as National Police Week. Established by a joint resolution of Congress in 1962, National Police Week pays special recognition to those law enforcement officers who have lost their lives in the line of duty for the safety and protection of others.

Thank you to the Bayside Police Department for their service, dedication, and commitment to the Village of Bayside.

2023 Assessments

For those property owners where values will change in 2023, you will receive a change of assessment letter within the next week. Open book, which is a time for all property owners to meet with the assessor as well as ask questions and discuss their current assessment, is a conference, either face-to-face or over the phone, with the assessor to discuss the value of your property. Open book will be held by phone and virtually May 5 – June 20 by appointment. In addition, an in-person open book will be held on May 23 from 1 to 3 pm at Village Hall. Board of Review, which functions like court and is required to evaluate evidence based on facts, will be held on June 27, beginning at 6 pm at Village Hall. Visit the Village web site for more information.

The Village performs a revaluation of all property annually. This means all property within the Village will be reviewed then assessed to fair market value annually. Your assessed value can increase or decrease each year depending on current market conditions. The fair market value of all property is calculated by reviewing arm's length sales, which are valid sales between a willing seller and a willing buyer on the open market. Assessors may also consider information from other sources to determine your assessment. Full value assessments ensure that your property value mirrors fair market value annually. If the market for similar property decreases, your value will decrease to match what the market value is reflecting.

THE STYLE OF YOUR HOME

CAN AFFECT YOUR ASSESSMENT VALUE

Let's compare the two most common styles and explain why some homes are increasing at faster rates than others:

RANCH HOMES
(Modern Single Story)

Single Floor
Relatively Affordable
Larger Buyers Market
More Demand
Easier Maintenance
Low Utility Costs

V.S.

MULTI STORY HOMES
(Modern Multi Story)

Multiple Levels
Relatively Expensive
Smaller Buyers Market
Less Demand
Expensive Maintenance
Higher Utility Costs

Your home's assessed value is determined by its desirability on the open market.

Ranch homes make up a large % of all current home sales.

Ranch style homes are increasing in value at a much higher rate because they are more desirable to young families who want to live on one level. Ranches are reasonably affordable, require less money to maintain and there is a larger buyers market.

If you would like to learn more about the housing market and how the current market affects your assessments, please contact the assessor's office.
