## I-43 NORTH-SOUTH RECONSTRUCTION NEWS & UPDATES

May 2023

### LOCAL ACCESS DURING PORT WASHINGTON ROAD TRAFFIC SWITCH

The Wisconsin Department of Transportation (WisDOT) is continuing work on the 14 mile, I-43 North-South reconstruction project, between Silver Spring Drive and WIS 60 (Washington Street), in Milwaukee and Ozaukee counties.

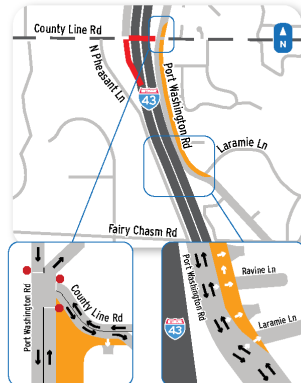

The following work is scheduled to take place as part of the County Line Road/Port Washington Road Interchange Segment.

#### Beginning Monday May 15:

- Traffic on Port Washington Road, between Laramie Lane and County Line Road, is scheduled to shift west on to the newly paved southbound lanes for crews to work on paving the future northbound lanes.

#### Local Access Route:

- Residents along the east side of Port Washington Road will need to access their property through the work zone.

The project team thanks you for your patience and cooperation throughout this project!

## 2023 Assessments

For those property owners where values will change in 2023, change of assessment letters have been mailed. Open book, which is a time for all property owners to meet with the assessor as well as ask questions and discuss their current assessment, is a conference, either face-to-face or over the phone, with the assessor to discuss the value of your property. Open book will be held by phone and virtually May 5 – June 20 by appointment. In addition, an in-person open book will be held on May 23 from 1 to 3 pm at Village Hall. Board of Review, which functions like court and is required to evaluate evidence based on facts, will be held on June 27, beginning at 6 pm at Village Hall. Visit the Village web site for more information.

The Village performs a revaluation of all property annually. This means all property within the Village will be reviewed then assessed to fair market value annually. Your assessed value can increase or decrease each year depending on current market conditions. The fair market value of all property is calculated by reviewing arm's length sales, which are valid sales between a willing seller and a willing buyer on the open market. Assessors may also consider information from other sources to determine your assessment. Full value assessments ensure that your property value mirrors fair market value annually. If the market for similar property decreases, your value will decrease to match what the market value is reflecting.

The Village has an average community assessment value change of 11.16% for 2023. To learn more about your assessment, the process, and more, please [schedule an appointment with the Assessor](#) during the current [open book period](#). The Village web site has a number of informational resources available as well.

# OPEN BOOK

**MAY 5th - JUNE 20th**

The Open Book period will last for 1 month. During this time, if you have questions about your assessment, you may set an appointment to review your new value with the assessor.

Please set your appointment online and an assessor will call you at your appointed time. We are offering phone appointments daily.

## SET YOUR APPOINTMENT ONLINE!

**VISIT:** [accurateassessor.com](http://accurateassessor.com)  
**CLICK:** APPOINTMENTS  
**SET:** A date and time that works for you.

## WHAT'S THE DIFFERENCE?

### Q OPEN BOOK

Open book is a period of time to discuss your new value with an assessor.

The **open book process** starts as soon as you receive your notice and ends before the Board of Review, usually **30 to 45 days**.

You can set an appointment for an open book on our website, [accurateassessor.com](http://accurateassessor.com), by **simply clicking Appointment**.

Your open book meeting with an assessor lasts about 15 minutes.

**You can share recent appraisals**, realtor opinions of value, and recent sales. The assessor will also share their sales analysis and show how we came to your new value.

### Q ROLL VIEWING

Roll viewing is a **2-hour period to view a printed copy of the roll** at Village Hall.

A roll book is a listing of all properties and their assessed values. The roll viewing is the official opening of the roll, a requirement by the Wisconsin Department of Revenue.

**The roll book is accessible 24/7 on our website, [accurateassessor.com](http://accurateassessor.com)** by simply clicking Roll Books.

The roll viewing is **meant for those property owners without access to the internet**. If you want to speak to an assessor about your value, you can set an open book appointment and talk with an assessor at your convenience!

**Open Book  
May 5-June 20**

# What's A Mill Rate?

The Mill Rate is calculated by dividing the total taxes needed by the total assessment value of the community. An increase in assessed value does not equate to an increase in your taxes.

$$\text{MILL RATE} = \frac{\text{Total Taxes Needed}}{\text{Total Assessed Value}}$$

It is a simple mathematical fact, if taxes stay the same and assessed values increase, the mill rate will fall, and your taxes will stay about the same.

To learn more about the revaluation, please visit [accurateassessor.com](http://accurateassessor.com)

## YARD WASTE TIPS

- Place your piles and bags by the road, three (3) feet away from mailboxes and other structures.
- Branches must be less than 6' long and arranged parallel to the road.
- Do not put yard waste in plastic bags, garbage carts, or recycling carts.
- Do not put pet waste in yard waste piles, bags, or containers.
- Do not place yard waste on a property other than your own.
- Combine all materials into one (1) pile per property.
- Piles greater than 10' long x 8' wide x 5' high require a special pick-up. Special pick-ups can be requested online through Access Bayside.
- Contractor generated yard waste is not collected by the Village. Please make sure your contractor takes yard waste with them when done.
- Crews will pass by each home once. If you miss the yard waste collection, you can request a special pick-up for a fee of \$60.
- Yard waste can be dropped off on Recycling Days.

## North Shore Living Correction

The June issue of the North Shore Living magazine that was mailed this past week included an error.

The private publishing company made an error in the Board of Trustees listing. We requested an updated version be sent to us as soon as we we discovered the error.

We are working with the private publishing company to ensure these mistakes do not happen again in the future. Accept our apologies for any confusion this may have caused.

Please view the updated and corrected version below.

### Did You Know?

World Bee Day is officially celebrated May 20, 2023. Pollination is a fundamental process for the survival of our ecosystems. Nearly 90% of the world's wild flowering plant species depend, entirely, or at least in part, on animal pollination, along with more than 75% of the world's food crops and 35% of global agricultural land.
