Golfing is prohibited at Ellsworth Park.

No Golfing

Ellsworth Park is surrounded by homes on three sides which means it is not the place to practice your golf game.

The Village has received concerns of golfers in the park who have hit their homes and windows with golf balls.

Please be courteous of your fellow residents and remember that golfing is prohibited at Ellsworth Park.

2023 Assessments

The Village of Bayside performs a revaluation of all property annually. This means all property within the Village will be reviewed then assessed to fair market value annually. Your assessed value can increase or decrease each year depending on current market conditions. The fair market value of all property is calculated by reviewing arm's length sales, which are valid sales between a willing seller and a willing buyer on the open market. Assessors may also consider information from other sources to determine your assessment. Full value assessments ensure that your property value mirrors fair market

value annually. If the market for similar property decreases, your value will decrease to match what the market value is reflecting.

For those property owners where values will change in 2023, you will receive a change of assessment letter in early May. Open book, which is a time for all property owners to meet with the assessor as well as ask questions and discuss their current assessment, is a conference, either face-to-face or over the phone, with the assessor to discuss the value of your property. Open book will be held by phone and virtually May 5 – June 20 by appointment. In addition, an in-person open book will be held on May 23 from 1 to 3 pm at Village Hall. Board of Review, which functions like court and is required to evaluate evidence based on facts, will be held on June 27, beginning at 6 pm at Village Hall. Visit the Village web site for more information.
