Project Updates

East Side Sanitary Sewer Project

The East Side Sanitary Sewer project being completed in the Lake Drive and Fairy Chasm Road area is in its final stages. Asphalt is being completed TODAY, August 24.

The contractor will be laying one layer of asphalt that will be ramped to manholes and driveways. Due to the depth of the project, the second layer of asphalt will not be laid until spring to ensure everything settles appropriately.

Once the first layer of asphalt has been completed, the road will be reopened until the spring when the second layer is completed.
