

BAYSIDE BUZZ

VILLAGE OF BAYSIDE

2023 Fall Fest

Thank you to everyone who came to Fall Fest last Saturday! The Picnic, Beer Garden, Five and Wine, and Movie on the Hill were all well attended!

Thank you again to our sponsors and vendors for making the day such a great success!

We will see you next year on Saturday, September 28 for another year of fun!

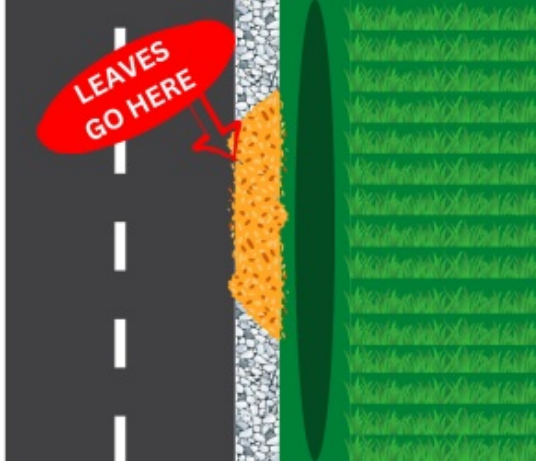

Yard Waste Collection

The next full yard waste collection will begin on Monday, October 2.

- Yard waste must be out before 7am on Monday, October 2 to ensure your items will be picked up.
- Yard waste must be at least 3 feet away from mailboxes and other structures, branches must be less than 5' long, branches must be parallel to the road, and cannot be in plastic bags.
- Yard waste should be placed in bags or yard waste carts if possible.
- If your pile is greater than 10' long x 5' wide x 5' high, you will need a special pick-up which can be requested [here](#).

[2023 Collection Guide](#)

The first loose leaf collection will begin on October 23.

How are loose leaves collected?

- The Village uses a leaf vacuum to collect loose leaves.

What are loose leaves?

- Loose leaves are tree leaves. Branches and large plant leaf bundles are not loose leaves.

How can I dispose of pumpkins?

- Pumpkins can be put in yard waste piles, loose leaf piles, or dropped off at Village Hall in the pumpkin disposal bins from October 30 to November 30.

Why weren't my leaves picked up?

- Piles may not be picked up if there are other items in the leaf pile like branches, as the machine cannot suck up branches. If you bag your leaves, they will only be picked up during yard waste collection weeks. Piles must be in the road shoulder, not in the road or the ditch.

Walk, Bike, and Roll

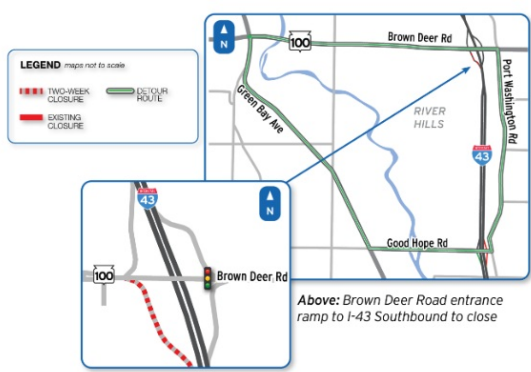

The annual Bayside Walk, Bike, & Roll to School (previously the Ped 'n' Pedal) will take place on Wednesday, October 4th from 7:50am to 8:15am to 3:30pm to 3:50pm. This is a great opportunity for students to learn safe biking, walking, and crosswalk practices as well as increase pedestrian and vehicular traffic safety overall.

The event will be held community-wide and there will be additional support for students at the Brown Deer Road and Pelham Parkway crosswalk.

Brown Deer Road Southbound Entrance Ramp to Close

The Brown Deer Road entrance ramp to I-43 Southbound is scheduled to close for approximately two weeks for paving operations beginning October 2.

Motorists are encouraged to use

Brown Deer Road, Green Bay Avenue, Port Washington and Good Hope roads, and the Good Hope Road entrance ramp to I-43 Southbound to get around this closure.

Village of Bayside Street Sign Auction

Street Sign Auction

Feeling nostalgic? In a recent update, the Village transitioned out the old street signs with new ones. With this comes an exciting opportunity for you to purchase a lasting memory of your street through an upcoming auction. The auction is scheduled from September 8 through October 20, so make sure you mark your calendars and get your bid on. Click the link below to start placing your bids!

Drug Take Back Day

Too often, unused and unwanted medications find their way into the wrong hands. That's dangerous and often tragic. Bringing unused and unwanted medications to a Drug Take Back Day collection site protects you, your family, and your community. In April of 2023, Wisconsin ranked number one throughout the country for the most prescription medications collected during the spring 2023 Drug Take Back. Wisconsin collected 55,472 lbs. of unwanted medications this spring.

The next Drug Take Back Day will be held on October 28, 2023 at the Bayside Police Department Lobby.

Acceptable Items:

- Prescription and over-the-counter medications
- Ointments
- Sprays
- Inhalers
- Creams
- Vials
- Pet medication

Unacceptable Items:

- Needles/sharps
- Items containing bodily fluid or blood
- Personal care products
- Household hazardous waste

Sharps Disposal

Trick-or-Treat

Get your costumes ready! Trick-or-treat will take place in the Village on Sunday, October 29 from 1-4pm.

Green Infrastructure Guide

The Village has created a Green Infrastructure Guide to provide information to residents regarding the design, implementation, and ongoing operations and maintenance of green infrastructure throughout the Village.

View the Green Infrastructure Guide to learn more about incorporating green infrastructure on your property including rain gardens, rain barrels, and much more.
