# Living in Ozaukee County Fox Point-Bayside School District

It's that time of year - tax season. While you are receiving a tax bill form the Village of Bayside, we want you to understand how your tax dollars support the community - Bayside and beyond. You are not simply paying for municipal services and schools in the community, you are helping support services and education throughout the county.

## What's A Mill Rate?

The Mill Rate is calculated by dividing the total taxes needed by the total assessment value of the community. An increase in assessed value does not equate to an increase in your taxes.

To learn more about the revaluation, please visit [www.baysidewi.gov/departments/assessor](http://www.baysidewi.gov/departments/assessor)

$$\text{MILL RATE} = \frac{\text{Total Taxes Needed}}{\text{Total Assessed Value}}$$

It is a simple mathematical fact, if taxes stay the same and assessed values increase, the mill rate will fall, and your taxes will stay about the same.
