Policy for Application for Certificate of Occupancy

❖ Introduction:

Section 111.1 Ohio Building Code states that no building or structure, in whole or in part, shall be used or occupied until the building official has issued an approval in the form of a certificate of occupancy. The certificate of occupancy shall indicate the conditions under which the building shall be used. The building owner shall only use the structure in compliance with the certificate of occupancy and any stated conditions. The structure and all approved building service equipment shall be maintained in accordance with the approval. When a building or structure is entitled thereto, the building official shall issue a certificate of occupancy provided there are no violations of law or orders of the building official pending or as permitted in this section.

Please note that when an application for plan approval for a new building construction, alteration, addition, or change of occupancy is filed, a certificate of use and occupancy will be issued automatically at the completion of all required inspections in accordance with section 108 Ohio Building Code. **The permit applicant does not need to submit this application form. However, if the applicant wishes to occupy a portion of building prior to the completion of the entire proposed and approved scope of work, please follow the procedures for PARTIAL OCCUPANCY below.**

❖ Certificate of Occupancy qualifications:

The certificate of use and occupancy can be obtained for the following occupancy types:

- **EXISTING BUILDING CERTIFICATE OF OCCUPANCY:** According to the Ohio Building Code Section 111.2, the owner of an existing building may request the issuance of a Certificate of Use and Occupancy. Upon written request from the owner, the building official shall issue a certificate of occupancy, **provided there are no violations of law or orders of the building official pending, and it is established after inspection and investigation** that the alleged occupancy of the building or structure has heretofore existed. **Please be aware that an existing building with proposed change of occupancy, alterations, or addition, according to section 3408 of Ohio Building Code is not qualified for this application.**
- **TIME-LIMITED CERTIFICATE OF OCCUPANCY:** According to Ohio Building Code Section 111.1.5, a time-limited Certificate of Occupancy can be issued for a building or structure **changed in part from one occupancy to another for a limited time period.** The building official may stipulate any special conditions under which the building may be occupied for the time limit specified.
- **TEMPORARY STRUCTURES:** Application for temporary construction shall be limited as to time of service, but such temporary construction shall not be permitted for more than 180 days. For rules concerning temporary structures, see Section 111.1.6 of the OBC. This permit may be extended upon request by the applicant with \$100 fee and approval of the building official.
- **PARTIAL OCCUPANCY:** Application for occupancy of **a portion of building** prior to the completion of the entire building construction and/or alteration can be issued provided that the building official determines that the portion requested can be safely occupied in accordance with section 111.1.4 Ohio Building Code. If a time limit for a partial occupancy has been determined by the building official, it may be extended upon request by the applicant with \$100 fee and approval of the building official.
