### Statement of Special Inspections (2017 Ohio Building Code Sections 1704, 1705, & 1707)

Application No.:	
Project Name:	
Project Location:	

Pursuant to section 1704.2.3 and 1704.3 Ohio Building Code, this statement of special inspections must be prepared by the registered design professional in responsible charge acting as the owner's agent. This statement **shall** be submitted as a condition for plan approval and should include the following:

- Part I: A complete list of materials and work requiring special inspections and the required frequency of inspections by sections 1704.2.5, 1705.2 through 1705.18 and 1707.1 Ohio Building Code.
- Part II: A list of special inspectors who are qualified and are competent to the particular type of construction or operations by section 1704.2.1 of the Ohio Building Code. These special inspectors shall be employed by the owner or by the registered design professional in responsible charge acting as the owner's agent. Submit proper resumes and/or certificates of the special inspectors.
- \*\* Please mark "X" on all work items requiring special inspection and the required frequency of inspections for this project per requirements in section 1704, 1705 and 1707 OBC.

Pursuant to section 1704.2.4 Ohio Building Code, Special inspectors shall keep records of inspections and tests. The special inspectors shall submit reports of special inspections and tests to the building official, and to the registered design professional in responsible charge. Reports shall indicate that work inspected or tested was or was not completed in conformance to approved construction documents. Discrepancies shall be brought to the immediate attention of the contractor for corrections. If discrepancies are not corrected, the discrepancies shall be brought to the attention of the building official and to the registered design professional in responsible charge prior to the completion of that phase of the work.

This report requires the inspectors to note the date of when the respective work received final inspection and approval, any special conditions or limitations of the approval, and the inspector's name.
