City Manager Mallis stated the following:

- The area in question is for the primary intersection of Northfield Rd. and Solon Rd., and the project will cover road repairs just after the Northfield Rd. bridge and it will extend past the Cee- Ray Motel.
- ODOT does not have plans to do any major resurfacing on Northfield Rd. in the near future
- This particular area is failing considerably, and if the City were to do the repairs it would not last for more than a year to two years
- Mr. Bennetti has done work on many of the streets in the City and the City believes that this will last longer than if they were to do the repairs
- The repairs need to be made because it is becoming a safety hazard for the school busses, garbage trucks, and cars on the road
